Dear Fellow Molson Coors Brewing Company Stockholders,

You are invited to attend our 2015 Annual Meeting of Stockholders (Annual Meeting), which will be held on Wednesday, June 3, 2015, at 11:00 a.m. Eastern Daylight Time at the Molson Coors Montréal Brewery located at 1670 Notre Dame Street East, Montréal, Québec, Canada H2L 2R4. Molson Coors Brewing Company (Molson Coors, the Company, we, us or our) alternates its annual meetings between its two principal executive offices in Montréal, Québec, and Denver, Colorado. This year, we are pleased to return to Montréal, the home of the original Molson brewery.

At the Annual Meeting, we will ask our stockholders to elect our Board of Directors (the Board), provide their advisory approval of our executive compensation, approve the amendment and restatement of the Molson Coors Brewing Company Incentive Compensation Plan (the Plan) and ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015. We will also review the Company's progress during the past year and discuss any new business matters properly brought before the meeting. The attached 2015 Notice of Annual Meeting and Proxy Statement explains our voting procedures, describes the business we will conduct at the Annual Meeting and provides information about the Company that you should consider when you vote your shares.

Company Performance¹

Overall, 2014 was a good year for Molson Coors. We grew net sales in constant currency and gross margin, as well as underlying EBITDA (i.e., earnings before interest, taxes, depreciation and amortization), free cash flow, after-tax income and earnings per share. Weak consumer demand continued across our largest markets, but we made good progress in building a stronger brand portfolio, delivering value-added innovation, strengthening our core brand positions and increasing our share in above premium. We also continued to improve sales execution and revenue management capabilities, increase the efficiency of our operations, implement common systems, and focus on Profit After Capital Charge (PACC) as the key driver for our cash and capital allocation strategy.

In performance headlines for the year:

• We had net sales of \$4.15 billion, down 1.4% from a year ago on a reported basis. Net sales per hectoliter were \$136.19, down 1.2%;

• Worldwide beer volume was 59 million hectoliters, down 1.3% from the previous year;

• Our United States Generally Accepted Accounting Principles (U.S. GAAP) net income from continuing operations was \$513.5 million, or \$2.76 per diluted share;

2015 Proxy Statement

Table of Contents

- We delivered \$1.47 billion of underlying EBITDA (a 0.1% increase) and \$768.5 million of underlying after-tax income, or \$4.13 per diluted share, a 5.7% increase;

• Excluding foreign currency movements and the termination of the Modelo brands joint venture in Canada, all of our businesses achieved improved underlying profit performance in 2014 versus the year before;

• We drove working capital performance globally and achieved \$957 million of underlying free cash flow, which exceeded its original 2014 free cash flow goal by more than \$250 million;

• We expanded our PACC model deeper into the organization, including adding this measure to the long-term portion of the Plan;

• We over-delivered against our cost savings targets and reduced our net debt by nearly \$800 million;

• We grew global above-premium volume, net pricing and sales mix, and maintained market share in Europe despite a poor economy and challenging floods in some of our highest-share markets;

Volume challenges included Coors Light performance in the United States and Canada, but Coors Light worldwide volume grew nearly 2% on the strength of its performance in our Europe and International segments. We also cycled the termination of the Modelo brands joint venture in Canada;

Despite these challenges, our overall profit and cash performance helped to drive a positive total shareholder return (TAP stock price, plus dividends) of 35.7% in 2014, which is more than two-and-a-half times the total return for the S&P 500 Index of large-cap stocks last year; and

Based on this performance and our commitment to returning cash to our stockholders, we also announced in February 2015, that the Board approved a new four-year term stock repurchase program of up to \$1 billion and an 11% increase in our quarterly dividend. With this change, we have increased our quarterly dividend 156% since 2007. We are pleased that we are in a strong position to increase cash returns to stockholders, while preserving financial flexibility to explore growth opportunities and meet its pension obligations in the future.

Regional highlights for 2014 are as follows:

In the United States, underlying pretax earnings increased nearly 3%, driven by positive pricing, sales mix and cost savings. We grew revenue per hectoliter and increased our percent of sales in above premium, while working to restore growth to Coors Light and Miller Lite. Miller Lite returned to growth in the fourth quarter with a total brand overhaul and redesign focusing on the brand's authenticity and heritage and Coors Banquet grew volume for the eighth consecutive year. We also continued to grow in the above premium segment with higher-margin offerings, notably Redd's, Blue Moon Belgian White and Leinenkugel's Summer Shandy. Brand innovations designed to drive margin improvement included Miller Fortune, Smith & Forge Hard Cider, Redd's Wicked Apple and Coors Light Summer Brew.

In Canada, underlying earnings declined 7.1% due to unfavorable foreign currency movements and the impact of terminating our Modelo brands joint venture early in the year, which had a combined negative profit impact of approximately \$35 million. Canada sales to retail (STRs) declined 4.7%, with more than half of this decline due to the loss of the Modelo brands. Molson Canadian gained share in its segment, and the combined Coors Banquet and Coors Light brand family grew Canada market share versus 2013. In above premium, Coors Banquet delivered strong volume and share growth in 2014, as did our Creemore Springs craft brand. We also expanded Molson Canadian Cider and extended its strategic partnership for the marketing and distribution of the Heineken and Strongbow brands to add Dos Equis, Tecate, Sol, Moretti and Desperados brands. Margin-enhancing innovations included introducing Mad Jack Apple Lager, as well as new craft flavor extensions for Canada's consumers. During the year, our

Table of Contents

team in Canada drove positive pricing and sales mix, achieved significant cost savings and strongly invested in improving the efficiency of our brewery network.

Our Europe business delivered higher net sales and gross margins, along with double-digit underlying pretax earnings growth. This business faced a weak economy all year and severe flooding in some of our highest-share markets in early summer compounded the challenges. Nonetheless, we maintained market share across the region on the strength of our core brands, above premium portfolio and innovation. Our craft and above-premium brands performed well, with Coors Light, Doom Bar, Cobra and Staropramen outside the Czech Republic leading growth. Innovations during the year included Carling British Cider, new craft beer launches and cold-activated packaging in multiple markets.

Our International business delivered double-digit growth in volume, net sales and gross profit in 2014 despite the continuing challenges in Ukraine and Russia. Coors Light volume in Latin America continued to grow at a strong double-digit rate and the Company recently launched Coors Light in Chile and Coors 1873 in select Latin American markets. In India, we grew volume at a double-digit rate and increased market share. As a result of strong top-line growth and cost control, we reduced the underlying International loss by 17.9% versus 2013.

Good corporate citizenship is another key priority at Molson Coors. As brewers, we have a unique responsibility because we make a product that should be enjoyed by legal-drinking-age adults. We have a long tradition of actively engaging in our communities and continuously improving our operational performance. We also foster an environment where people are proud to work. The Board is committed to seeing that we continue to live up to these responsibilities (Our Beer Print). Our Beer Print recognizes and promotes our positive impact on our communities, people and the environment. From 2008-2014, we reduced costs related to waste fees and taxes, lowered energy and water usage, and increased sales of materials that would otherwise have been discarded. This not only contributed substantially to cost savings, but it is also the kind of effort that resulted in us being recognized by the Dow Jones Sustainability Index for the past four years, including two years as the Global Beverage Sector Leader (among much larger brewers and other beverage companies).

At the end of 2014, Peter Swinburn retired as our Chief Executive Officer after 40 successful years in the business and six years as our Chief Executive Officer. As a result of Peter's influence, we are a stronger, more global and more dynamic company today. We wish him all the best in his well-deserved retirement. His successor, Mark Hunter, is a true leader who brings deep knowledge of all aspects of our business as a 20-year veteran of the industry and Molson Coors. Mark is the right person to lead our Company forward and to continue our strong momentum.

In 2015, we will continue to drive our strategy of building a stronger brand portfolio that is delivering value-added innovation, strengthening core brand positions and increasing share in above premium, craft and cider. We will do this while ensuring that we have a fit-for-purpose cost base and a deeply embedded, PACC-led capital allocation approach. Through 2015 and beyond, the management team will be leading for a relentless focus on delighting our consumers and our customers to ensure that Molson Coors Brewing Company is the First Choice brewer in the geographies and segments where we choose to operate.

1 The Company calculates non-GAAP underlying after-tax income, underlying EBITDA, and underlying free cash flow by excluding special and other non-core items from the nearest U.S. GAAP performance measure which is net income from continuing operations attributable to the Company for both underlying after-tax income and underlying EBITDA and net cash provided by operating activities for underlying free cash flow. Constant Currency is a non-GAAP financial measure which restates 2014 results using 2013 average foreign exchange rates to enhance the visibility of the underlying business trends by excluding the impact of foreign currency fluctuations. Our management uses underlying after-tax income, underlying after-tax income per diluted share, underlying EBITDA, constant currency and underlying free cash flow as measures of operating performance to assist in comparing performance from period-to-period on a consistent basis; as a measure for planning and forecasting overall expectations and for

evaluating actual results against such expectations; in communications with the Board, stockholders, analysts and investors concerning our financial performance; as useful comparisons to the performance of our competitors; and as metrics of certain management incentive compensation calculations. We have provided reconciliations of all non-GAAP measures to their nearest U.S. GAAP measure and have consistently applied the adjustments within our reconciliations in arriving at each non-GAAP measure in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014 (see page 33 of the Form 10-K for a reconciliation of underlying after-tax income to its nearest U.S. GAAP measure; page 35 of the Form 10-K for a reconciliation of underlying EBITDA to its nearest U.S. GAAP measure; and page 50 of the Form 10-K for a reconciliation of Underlying Free Cash Flow to its nearest U.S. GAAP measure (Net Cash Provided by Operating Activities)).

Proposal No. 2 — Advisory Vote to Approve Named Executive Officer Compensation (The Advisory Say On Pay Vote) - Page 43

Our strategic objective is to delight the world's beer drinkers, achieved by being the first choice for consumers and customers. Our strategy drives our compensation and the choices we make as a business. Our majority-independent Board and entirely independent Compensation and Human Resources Committee (the Compensation Committee) work harmoniously to advance this strategy. From a compensation vantage, this means designing programs that motivate our management team to deliver total shareholder return (TSR) and implement our strategy in both the short and long term.

Our executive compensation program is designed to reward the executive team for performance. In 2014, as in prior years, our programs continue to be characterized by:

- | | |
|---|---|
| Strong link between compensation and performance | Diverse performance metrics |
| Executive compensation tally sheets | Diverse short- and long-term incentive vehicles |
| Clawback provisions (including enhancements adopted in 2015) | No stock option re-pricing without stockholder approval |
| Use of peer group and comparable industry data | Few perquisites |
| Executive and director stock ownership guidelines | Adopted anti-pledging policy in 2014 |
| No excise tax gross-ups for future executives | Robust anti-hedging and short sale policy |
| No excessive risk taking in our executive compensation programs | No tax gross-ups on any perquisites ¹ |

In connection with his promotion to President and Chief Executive Officer (CEO), Mr. Hunter forfeited his right to receive an excise tax gross-up under the Company's Change in Control Program

At our Annual Meeting, we are seeking approval of the amended and restated Molson Coors Brewing Company Incentive Compensation Plan which will include the removal of our share recycling provision and the addition of non-employee director award limits

Segregation of duties between the independent Compensation Committee, the Board, the compensation consultant and management

Mr. Glendinning received a gross-up payment in 2014 related to executive long-term disability coverage. This benefit is provided to all other Canadian leadership team members. Beginning in 2015, we removed Mr. Glendinning¹ from eligibility for this payment as we did in 2012 for executive officer participants in a similar arrangement for the United States (U.S.) long-term disability plan.

The Board recommends a vote FOR the advisory vote to approve the compensation of the Company's named executive officers (NEOs), and executed proxies that are returned will be so voted unless otherwise instructed.

Proposal No. 3 — Approval of the Amendment and Restatement of the Molson Coors Brewing Company Incentive Compensation Plan - Page 88

The Board and management believe that the effective use of incentive compensation, including equity awards, has been and will continue to be integral to the Company's success. We believe that equity and other awards incentivize employees and directors to maximize our growth, profitability and overall success. We are asking stockholders to approve the amendment and restatement of the Molson Coors Brewing Company Incentive Compensation Plan (as amended and restated, the Plan) to:

• provide flexibility to grant awards under the Plan that are intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986 (the Code); and

• extend the term of the Plan for ten years.

The Plan also includes amendments to incorporate certain sound corporate governance practices, including an enhanced clawback provision, eliminating share recycling and placing a cap on the number of shares that can be issued to non-executive directors.

We are not asking for authorization of any additional shares for issuance under the Plan.

The Board recommends a vote FOR Approval of the Amendment and Restatement of the Molson Coors Brewing Company Incentive Compensation Plan, and executed proxies that are returned will be so voted unless otherwise instructed.

5. What is the difference between holding shares as a stockholder of record and as a beneficial stockholder?

Stockholders of record. If your shares are registered directly in your name through either Computershare Trust Company, N.A. (Computershare), for the Class A common stock or the Class B common stock, or CST Trust Company (CST), for the Class A exchangeable shares and the Class B exchangeable shares, you are considered a stockholder of record with respect to those shares.

Beneficial owners. If your shares are held in a brokerage account or bank, you are considered a "beneficial owner" of those shares.

6. What different methods can I use to vote?

Written Proxy/Voting Instruction Form. All stockholders of record can vote by written proxy/voting instruction card. If you are a beneficial owner, you will receive a written proxy/voting instruction card from your bank, broker or other nominee (Broker).

By Telephone or via the Internet. All stockholders of record may also submit a proxy/voting instruction card by touch-tone telephone from the U.S., Puerto Rico and Canada, using the toll-free telephone number on the proxy card, or via the Internet, using the procedures and instructions described on the proxy card. Beneficial owners may submit a proxy/voting instruction card by telephone or via the Internet if their Broker makes those methods available, in which case the Broker will enclose the instructions with the proxy materials. The telephone and Internet proxy/voting instruction procedures are designed to authenticate stockholders' identities, to allow stockholders to submit a proxy/voting instruction card for their shares and to confirm that their instructions have been recorded properly.

In Person. All stockholders of record of Class A common stock and Class B common stock may vote in person at the Annual Meeting. Beneficial owners of Class A common stock and Class B common stock may vote in person at the Annual Meeting if they have a legal proxy, as described in the response to Question 8.

Additional Steps Required for Stockholders of Exchangeable Shares. All stockholders of record of Class A exchangeable shares and/or Class B exchangeable shares may exercise voting rights in person at the Annual Meeting by obtaining a proxy from CST, the trustee which holds the Special Class A voting stock and the Special Class B voting stock, to exercise such voting rights personally at the Annual Meeting. If you are a beneficial owner of Class A exchangeable shares and/or Class B exchangeable shares, you must instruct your Broker to obtain such proxy from the trustee in order to be able to exercise voting rights in person at the meeting.

7. What can I do if I change my mind after I submit a proxy/voting instruction card for my shares?

Holders of Class A or Class B common stock may revoke their proxy at any time prior to the completion of voting at the Annual Meeting by:

giving written notice to the Corporate Secretary of the Company at one of its' Principal Executive Offices;
delivering a later-dated proxy (or later-dated instructions to your Broker, if you are a beneficial owner or later-dated instructions to Broadridge Financial Services (Broadridge) if you hold shares in the MillerCoors retirement account);
or

voting in person at the Annual Meeting (unless you are a beneficial owner without a legal proxy, as described in the response to Question 8).

Table of Contents

Holders of Class A or Class B exchangeable shares may revoke their voting instructions by delivering subsequent voting instructions via the Internet, by telephone or by mail no later than 11:59 p.m. EDT on May 29, 2015.

8. How can I vote at the Annual Meeting if I am a beneficial owner of Class A common stock or Class B common stock?

You should ask your Broker to furnish you with a legal proxy. You will need to bring the legal proxy with you to the Annual Meeting and hand it in with a signed ballot that will be provided to you at the Annual Meeting. You will not be able to vote your shares at the Annual Meeting without a legal proxy. Please note that if you request a legal proxy, any previously executed proxy will be revoked and your vote will not be counted unless you appear at the Annual Meeting and vote in person or legally appoint another proxy to vote on your behalf. If you do not receive the legal proxy in time, you can follow the procedures described in the response to Question 14 to gain admission to the Annual Meeting. However, you will not be able to vote your shares at the Annual Meeting.

9. I hold shares in my MillerCoors retirement plan, how do I vote?

We have been advised by MillerCoors LLC (MillerCoors), the Company's joint venture with SABMiller plc, that according to the trust agreement concerning the MillerCoors Savings and Investment Plan (the MillerCoors Plan), employees holding Molson Coors shares in their retirement plans are entitled to receive proxy materials and vote at the Annual Meeting. If you participate in the MillerCoors Plan, you may give voting instructions for the number of shares of common stock equivalent to the interest in Molson Coors common stock credited to your account as of the Record Date. You may provide voting instructions to Fidelity Management Trust Company, as trustee, through its agent, Broadridge, by completing and returning the proxy card accompanying your proxy materials. The trustee will vote your shares in accordance with your duly executed instructions that must be received no later than 5:00 p.m. EDT on May 29, 2015.

If you do not send instructions to Broadridge, then the trustee will vote shares credited to your account in the same proportion on each issue as it votes those shares credited to the accounts of other employees holding Molson Coors shares in the MillerCoors Plan for which it has received voting instructions. You may revoke previously given voting instructions prior to 5:00 p.m. EDT on May 29, 2015, by submitting to Broadridge a properly completed and signed proxy card bearing a later date.

10. What if I am a stockholder of record and do not specify a choice for a matter when returning a proxy?

Stockholders of record should specify their choice for each matter on the enclosed proxy card. If no specific instructions are given, proxies which are signed and returned will be voted:

• FOR the election of all director nominees as set forth in this Proxy Statement;

• FOR the advisory proposal to approve the advisory say on pay vote;

• FOR the amendment and restatement of the Molson Coors Brewing Company Incentive Compensation Plan with respect to the Class A holder proxy cards; and

• FOR the proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm with respect to Class A holder proxy cards.

If other matters properly come before the meeting, the proxy holders will have the authority to vote on those matters for you at their discretion.

11. What if I am a beneficial owner and do not give voting instructions to my Broker?

If you are a beneficial owner and your shares are held in "street name," you must provide voting instructions to your Broker by the deadline provided in the materials you receive from your Broker. If you do not provide voting instructions to your Broker, whether your shares can be voted by such person depends on the type of item being considered for election. Your Broker is bound by the rules of the New York Stock Exchange (NYSE) regarding whether or not it can exercise discretionary voting power for any particular proposal.

Non-Discretionary Items. The election of directors, the advisory say on pay vote and the approval of the amendment and restatement of the Plan are non-discretionary items and may not be voted on by Brokers who have not received specific voting instructions from beneficial owners of Class A common stock and Class B common stock, as applicable.

Discretionary Items. The ratification of the appointment of PwC is a discretionary item. Generally, Brokers that do not receive voting instructions from beneficial owners of Class A common stock may vote on this proposal in their discretion.

Beneficial Holders of Exchangeable Shares. If you are a registered owner of exchangeable shares and do not provide CST with voting instructions no later than 11:59 p.m. EST on May 29, 2015, or if you are a beneficial owner of the exchangeable shares and do not provide CST with voting instructions through your broker, your exchangeable shares will not be voted on any matter.

The table below sets forth each proposal on the ballot, whether a Broker can exercise discretion and vote your shares absent your instructions.

Proposal	Can Brokers Vote Absent Instructions?	
	Class A and Class B common stock	Class A and Class B exchangeable shares
Proposal 1: Election of Directors	No	No
Proposal 2: Advisory Say on Pay Vote	No	No
Proposal 3: Approval of the Amendment and Restatement of the Molson Coors Brewing Company Incentive Compensation Plan	No	No
Proposal 4: Ratification of Independent Registered Public Accounting Firm	Yes (Class A only)	No

12. How are abstentions and Broker non-votes counted?

Abstentions and Broker non-votes are included in determining whether a quorum is present, but will not be included in votes cast, so they will not affect the outcome of the vote on the election of directors, the advisory say on pay vote, the approval of the amendment and restatement of the Plan or the ratification of the appointment of PwC as our Independent registered public accounting firm.

13. Can I access the Notice of Annual Meeting, Proxy Statement and Annual Report on Form 10-K on the Internet?

The Notice of Annual Meeting, Proxy Statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2014 (Annual Report or Form 10-K) are available at www.proxyvote.com. Instead of receiving future copies of these documents by mail, stockholders of record and most beneficial owners can elect to receive an e-mail that will provide electronic links to these documents. Opting to receive your

proxy materials online will save us the cost of producing and mailing documents to your home or business, and also will give you an electronic link to the proxy voting site.

Stockholders of Record. If you submit proxy/voting instructions via the Internet (www.proxyvote.com), simply follow the prompts for enrolling in the electronic proxy delivery service.

Beneficial Owners. If you hold your shares in a bank or brokerage account, you also may have the opportunity to receive copies of these documents electronically. Please check the information provided in the proxy materials mailed to you by your Broker regarding the availability of this service.

14. How do I attend the Annual Meeting and what do I need to bring?

Important: If you are planning to attend the Annual Meeting, you must follow these instructions to gain admission. Attendance at the Annual Meeting is limited to stockholders of record as of the Record Date or their authorized named representatives.

As a stockholder of record. You will be asked to present photo identification, such as a driver's license, in order for Molson Coors to verify your ownership of shares. If you vote prior to the Annual Meeting, you should indicate your planned attendance at the Annual Meeting when you submit your proxy/voting instruction card.

As a beneficial owner. Please bring the notice or voting instruction form you received from your Broker, as well as photo identification, for admission to the Annual Meeting. You also may bring your brokerage statement reflecting your ownership as of the Record Date. Please note that upon admittance to the Annual Meeting, you will not be able to vote your shares at the Annual Meeting without a legal proxy, as described in the response to Question 8.

Important Note: Cameras, sound or video recording equipment or other similar equipment, electronic devices, large bags, briefcases or packages will not be allowed in the meeting. We realize that many cellular phones have built-in digital cameras and sound recorders, and while you may bring these phones into the meeting, you may not use the camera or recording function at any time.

15. How are proxies solicited and what is the cost?

The Company has engaged Georgeson Inc. to assist with the solicitation of proxies for a fee of \$7,500, plus expenses. The Company will bear all expenses incurred in connection with the solicitation of proxies. The Company will reimburse Brokers, fiduciaries and custodians for their costs in forwarding proxy materials to the beneficial owners of record of common stock and/or exchangeable shares. The Company's directors, officers and employees also may solicit proxies by mail, telephone and personal contact, however they will not receive any compensation for these activities.

16. Will there be an audio-cast of the Annual Meeting?

You can listen to a live audio-cast of the Annual Meeting by visiting our website at www.molsoncoors.com (the Company's Website), click on "Investors," click on "Past Events and Presentations" and click on the link to the audio-cast. An archived copy of the audio-cast will be available until July 31, 2015. We have included the Company's Website address for reference only. The information contained on our website is not incorporated by reference into this Proxy Statement.

17. What if I only received one copy of the proxy materials, even though multiple stockholders reside at my address?

The SEC allows us to deliver a single Notice of Internet Availability of Proxy Materials and a single set of proxy materials to an address shared by two or more of our stockholders. This delivery method, referred to as "householding," can result in significant cost savings for the Company. As a result, stockholders who share the same address and hold some or all of their shares of common stock through a Broker may receive only one copy of the Notice of Internet Availability of Proxy Materials, or upon request, the proxy materials, as the case may be, unless we have received contrary instructions from one or more of the stockholders at that address. Certain Brokers have procedures in place to discontinue duplicate mailings to stockholders sharing an address. Beneficial owners that desire to eliminate duplicate mailings, or request to receive multiple copies if a single copy is being received, should contact their Broker for more information, and stockholders of record should submit their request by contacting Broadridge, Householding Department, 51 Mercedes Way, Englewood, NY 11717 or call them at 800-542-1061.

Upon written or oral request at the address or telephone number above, a separate copy of the proxy materials will be promptly delivered to any beneficial holder at a shared address to which a single copy of the proxy materials was delivered. However, please note that any stockholder who wishes to receive a paper or email copy of the proxy materials for purposes of voting at this year's Annual Meeting should follow the instructions included in the Notice of Internet Availability that was sent to the stockholder.

Common Stock and Exchangeable Shares

18. What is the difference between the Class A common stock and Class B common stock?

Generally. Under the terms of the Company's Restated Certificate of Incorporation (as amended, the Restated Certificate of Incorporation), the Class A common stock and the Class B common stock are identical in all respects except with respect to the voting rights of these shares and as otherwise provided in the Restated Certificate of Incorporation. The Class A common stock and Class B common stock are traded on the NYSE under the symbols TAP.A and TAP, respectively.

Class B Holder Voting Rights. The holders of the Class B common stock and the Special Class B voting stock (as instructed by the holders of the Class B exchangeable shares)(collectively the Class B Holders) may vote with respect to the following: (i) any matter required by the DGCL; (ii) for the election of up to three Class B directors; and (iii) as provided in the Restated Certificate of Incorporation, including on a non-binding advisory basis on say on pay and on those items described below. In all other cases, the right to vote is vested exclusively with the holders of the Class A common stock and the Special Class A voting stock (as instructed by the holders of Class A exchangeable shares)(collectively the Class A Holders).

Under the Restated Certificate of Incorporation, the Class A Holders and Class B Holders shall have the right to vote, as separate classes and not jointly, on:

- any merger that requires stockholder approval under the DGCL;
- any sale of all or substantially all of the Company's assets, other than to a related party;
- any proposal to dissolve the Company or any proposal to revoke the dissolution of the Company; or
- any amendment to the Restated Certificate of Incorporation that requires stockholder approval under the Restated Certificate of Incorporation or the DGCL and that would:
 - increase or decrease the aggregate number of the authorized shares of Class B common stock;
 - change the rights of any shares of Class B common stock;

Table of Contents

change the shares of all or part of Class B common stock into a different number of shares of the same class;
increase the rights of any other class that is equal or superior to Class B common stock with respect to distribution or dissolution rights (a co-equal class);
create any new co-equal class;
other than pursuant to the Restated Certificate of Incorporation, exchange or reclassify any shares of Class B common stock into shares of another class, or exchange, reclassify or create the right of exchange of any shares of another class into shares of Class B common stock; or
limit or deny existing preemptive rights of, or cancel or otherwise affect rights to distributions or dividends that have accumulated but have not yet been declared on, any shares of Class B common stock.

Annual Advisory Say on Pay Vote. In addition, the Class A Holders and Class B Holders, voting together as a single class, are entitled to vote to approve on a non-binding, advisory basis the compensation of the Company's NEOs.

Director Elections.

The Class A Holders, voting together as a single class, are entitled to elect 12 of the 15 directors, although there are two vacancies, one of which the Nominating Committee of the Board (the Nominating Committee) is in the process of identifying a candidate to fill and the other the Board does not currently plan to fill; and

• The Class B Holders, voting together as a single class, are entitled to elect three of the 15 directors.

19. What are the Class A exchangeable shares and Class B exchangeable shares? How do they vote? How are they different from the Class A common stock and Class B common stock?

The Class A exchangeable shares and Class B exchangeable shares are shares of the share capital in Exchangeco and they are publicly traded on the Toronto Stock Exchange (TSX) under the symbols TPX.A and TPX.B, respectively. These shares are intended to provide substantially the same economic and voting rights as the corresponding class of Molson Coors common stock in which they may be exchanged.

In addition to the registered Class A common stock and the Class B common stock, Molson Coors also has issued and outstanding, one share each of a Special Class A voting stock and Special Class B voting stock. The Special Class A voting stock and the Special Class B voting stock in the Company provide the mechanism for holders of Class A exchangeable shares and Class B exchangeable shares to provide instructions to vote with the holders of the Class A common stock and the Class B common stock, respectively. The holder of the Special Class A voting stock and Special Class B voting stock are entitled to one vote for each outstanding Class A exchangeable share and Class B exchangeable share, respectively, excluding shares held by Molson Coors or its subsidiaries, and generally vote together with the Class A common stock and Class B common stock, respectively, on all matters on which the Class A common stock and Class B common stock are entitled to vote.

The Special Class A voting stock and Special Class B voting stock are subject to a voting trust arrangement. The trustee which holds the Special Class A voting stock and the Special Class B voting stock is required to cast a number of votes equal to the number of then-outstanding Class A exchangeable shares and Class B exchangeable shares, respectively, but will only cast a number of votes equal to the number of Class A exchangeable shares and Class B exchangeable shares as to which it has received voting instructions from the owners of record of those Class A exchangeable shares and Class B exchangeable shares, other than Molson Coors or its subsidiaries, respectively, on the Record Date, and will cast the votes in accordance with such instructions so received.

Table of Contents

20. I am a holder of exchangeable shares, will I receive additional materials?

The exchangeable shares are non-voting with respect to Exchangeco, except as required by the provisions attached to the exchangeable shares or by applicable law. Therefore, this Proxy Statement and the proxy solicitation materials relate solely to Molson Coors. There will not be a separate annual meeting of Exchangeco. You will not receive a notice of an annual meeting of the stockholders of Exchangeco, nor will you receive an information circular or proxy for an annual meeting of the stockholders of Exchangeco.

Because the value of the exchangeable shares, determined through dividend and dissolution entitlements and capital appreciation, is determined by reference to the consolidated financial performance and condition of Molson Coors rather than Exchangeco, information regarding Exchangeco (other than as included in our public disclosure and consolidated financial statements) is not relevant to holders of exchangeable shares.

Holders of exchangeable shares effectively have a participating interest in Molson Coors and not a participating interest in Exchangeco. It is, therefore, the information relating to the Company that is directly relevant to the holders of exchangeable shares voting in connection with the matters to be transacted at the Annual Meeting.

21. I hold exchangeable shares, how do I vote? Can I vote in person at the Annual Meeting?

Holders of exchangeable shares, other than Molson Coors or its subsidiaries, are entitled to vote at the annual meetings of holders of the corresponding classes of Molson Coors common stock through a voting trust arrangement. If you hold Class A exchangeable shares and/or Class B exchangeable shares as of the Record Date, you may provide voting instructions to CST, as trustee, although your voting instructions must be received no later than 11:59 p.m. EDT on May 29, 2015. If you do not send instructions by this deadline, the trustee will not be able to vote your Class A exchangeable shares and/or Class B exchangeable shares. You may revoke previously given voting instructions by delivering subsequent voting instructions by mail, via the Internet or by telephone, but under no circumstance, later than 11:59 p.m. EDT on May 29, 2015.

All stockholders of record of Class A exchangeable shares and/or Class B exchangeable shares may exercise their voting rights in person at the Annual Meeting by obtaining a proxy from CST, the trustee which holds the Special Class A voting stock and the Special Class B voting stock, to exercise such voting rights personally at the Annual Meeting. If you are a beneficial owner of Class A exchangeable shares and/or Class B exchangeable shares, you must instruct your Broker to obtain such proxy from the trustee in order to be able to exercise your rights in person at the meeting.

Board Communications, Stockholder Proposals and Company Documents

22. How do I communicate with the Board?

Stockholders and other interested parties may communicate directly with the Chairman of the Board (Chairman), Chairman of the Audit Committee (Audit Chairman), any individual director or the non-employee directors as a group by writing to those individuals or the group at the following address: Molson Coors Brewing Company, c/o Corporate Secretary, 1225 17th Street, Suite 3200, Denver, Colorado 80202. At the direction of the Board, all mail received may be opened and screened for security purposes. All mail, other than trivial, obscene, unduly hostile, threatening, illegal or similarly unsuitable items, will be forwarded to the addressee as follows: mail addressed to a particular Director will be forwarded or delivered to that Director. Mail addressed to "Outside Directors" or "Non-Employee

Directors” will be forwarded or delivered to the Chairman of the Compensation Committee. Mail addressed to the “Board of Directors” will be forwarded or delivered to the Chairman.

23. How do I submit a proposal for action at the 2016 Annual Meeting of Stockholders?

To be eligible for inclusion in Molson Coors' Proxy Statement for the 2016 Annual Meeting of Stockholders pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the Exchange Act), stockholder proposals must be received by Molson Coors at one of its' Principal Executive Offices by December 19, 2015, unless the date of the 2016 Annual Meeting of Stockholders is more than 30 days before or after June 3, 2016 in which case the proposal must be received in a reasonable time before we begin to print and send our proxy materials. Under Rule 14a-8 of the Exchange Act, a stockholder submitting a proposal to be included in the Company's Proxy Statement is required to be a record or beneficial owner of at least 1% or \$2,000 in market value of the Company's securities and must have held such securities continuously for at least one year prior to the date of submission of the proposal, and he or she must continue to own such securities through the date on which the meeting is held.

For proposals not intended to be included in the Proxy Statement or nominations of persons to stand for election to the Board, the Bylaws require that such stockholder must be entitled to vote at the Annual Meeting and must have given timely notice of the stockholder proposal or director nomination in writing to the Corporate Secretary of the Company, and such business must be a proper matter for action by holders of the class of stock held by such stockholder. Failure to deliver a proposal or director nomination in accordance with the procedures discussed below and in the Bylaws may result in the proposal or director nomination not being deemed timely received. To be timely, notice of a director nomination or any other business for consideration at the stockholders' meeting must be received by our Corporate Secretary at one of its' Principal Executive Offices, no less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting. To be timely for the 2016 Annual Meeting of Stockholders, a stockholder's notice shall have been delivered to the Corporate Secretary at one of its' Principal Executive Offices no earlier than February 4, 2016, and no later than March 5, 2016, and must include the information required by Section 1.9.2 of the Company's Bylaws.

PROPOSAL NO. 1 — ELECTION OF DIRECTORS

The Company's Bylaws provide for the annual election of directors. The Board has currently set the number of directors at 15, consisting of 12 Class A directors and three Class B directors. However, for purposes of this Annual Meeting, 13 directors are being nominated for election at the Annual Meeting, each to serve until the next annual meeting of stockholders and until his or her successor shall have been elected and qualified. The 13 nominees consist of:

ten directors to be elected by the Class A Holders; and

three directors to be elected by the Class B Holders.

The Nominating Committee is in the process of identifying a candidate to fill the current Class A vacancy created by Dr. Francesco Bellini's decision not to stand for re-election on February 27, 2014, and the Board does not currently plan to fill the remaining Class A vacancy.

On February 18, 2015, the A-C Nominating Subcommittee nominated Peter J. Coors, Peter H. Coors' son and Christien Coors Ficeli's brother, to stand for election as a Class A director in lieu of Christien Coors Ficeli. The Coors family by practice exposes different members of the "next generation" of family leaders to board membership. This accounts for the nomination of Peter J. Coors to stand for election as a Class A director by the A-C Nominating Subcommittee.

For more information on the nomination of our Class A directors and Class B directors, please refer to "Nomination of Directors" section beginning on page 27.

At the Annual Meeting, votes may not be cast for a greater number of director nominees than the 13 nominees named in this Proxy Statement.

The following summaries set forth certain biographical information regarding each director, including a summary description of each individual's particular knowledge, qualifications or areas of expertise considered for nomination to the Company's Board.

Each of the directors has consented to serve if elected. If any of them becomes unavailable to serve as a director, a substitute nominee may be designated in accordance with the Company's Restated Certificate of Incorporation and its Bylaws. In that case, the persons named as proxies will vote for the substitute nominees designated in accordance with the Company's Restated Certificate of Incorporation and its Bylaws.

Board Size

The Board has currently set the number of directors at 15, consisting of 12 Class A directors and three Class B directors. However, for purposes of this Annual Meeting, only 13 directors are being nominated for election. There will be two Class A director vacancies. The Nominating Committee is in the process of identifying a candidate to fill one vacancy, but the Board does not currently plan to fill the other vacancy.

Our Restated Certificate of Incorporation and Bylaws provide that the Board may change the size of the Board by a resolution of at least two-thirds of the authorized number of directors (including vacancies), provided that any decrease in the number of directors to less than 15 must be approved by the holders of the Class A common stock and Special Class A voting stock, voting together as a class.

Board's Role in Risk Oversight

The Board is responsible for overseeing the implementation of appropriate systems to manage the principal risks of the Company's business, and shares oversight and monitoring of the Company's enterprise risk management program with the Audit Committee. The Audit Committee reviews on an annual basis the risks, actions and progress and the Board annually reviews the risk program. The Audit Committee also oversees management of the Company's major financial risks and its procedures for monitoring and controlling these risks. The Audit Committee regularly reports on risk assessment to the Board.

The Compensation Committee oversees risks relating to our compensation policies and practices, and regularly assesses our performance criteria and targets established under executive compensation programs to ensure they do not provide an incentive for executives to take excessive or unnecessary risks. The Compensation Committee reports to the Board when appropriate. The Compensation Committee believes that the Company has no compensation policies or programs that give rise to risks reasonably likely to have a material adverse effect on the Company. In addition to committee reports, the Board receives regular reports from the Company's management on the Company's most material risks and the degree of its exposure to those risks, as well as regular presentations on those risks at Board meetings.

The Board believes its leadership structure is appropriate because it effectively allocates authority, responsibility and oversight between management and the non-management directors, including with respect to risk oversight.

Nomination of Directors

As a "controlled company" under the listing standards of the NYSE, we are not required to have a nominating committee comprised solely of independent directors. Nominees for election to the Board will be selected by the Board, the Nominating Committee or a nominating subcommittee (a Nominating Subcommittee) as follows:

Nominating Body	Director Nominees
Class A-C Nominating Subcommittee: Peter H. Coors Christien Coors Ficeli*	<ul style="list-style-type: none"> • Five director nominees to be elected by holders of Class A common stock and Special Class A voting stock, voting together as a class (Coors Directors) • A majority must be independent
Class A-M Nominating Subcommittee: Andrew T. Molson Geoffrey E. Molson	<ul style="list-style-type: none"> • Five director nominees (one currently vacant) to be elected by holders of Class A common stock and Special Class A voting stock voting together as a class (Molson Directors) • A majority must be independent
Nominating Committee: Peter H. Coors Christien Coors Ficeli* Andrew T. Molson Geoffrey E. Molson H. Sanford Riley	<ul style="list-style-type: none"> • Two director nominees to be elected by holders of Class A common stock and Special Class A voting stock, voting together as a class • Must include the CEO (currently Mark R. Hunter) and one member of management approved by at least two-thirds of authorized number of directors (currently vacant)
Molson Coors Board:	<ul style="list-style-type: none"> • Three director nominees to be elected by holders of Class B common stock and Special Class B voting stock, voting together as a class • All nominees must be independent • Nominations must be approved by at least two-thirds of the authorized number of directors (including vacancies)

* At its meeting held on February 18, 2015, the A-C Nominating Subcommittee nominated Peter J. Coors, Peter H. Coors' son and Christien Coors Ficeli's brother, to stand for election as a Coors Director. If elected, Peter J. Coors would replace Christien Coors Ficeli on the Class A-C Nominating Subcommittee and the Nominating Committee.

Board Vacancies

Coors Directors and Molson Directors

The Class A-C Nominating Subcommittee fills vacancies caused by the removal, resignation, retirement or death of a Coors Director and fills newly created seats designated to be filled by Coors Directors.

The Class A-M Nominating Subcommittee fills vacancies caused by the removal, resignation, retirement or death of a Molson Director and fills newly created seats designated to be filled by Molson Directors.

The Class A-C Nominating Subcommittee and the Class A-M Nominating Subcommittee each cease to have the power to make nominations and fill vacancies if the Coors Trust and certain Coors family stockholders, in the case of the Class A-C Nominating Subcommittee, or Pentland and certain Molson family stockholders, in the case of the Class A-M Nominating Subcommittees, fall below certain ownership thresholds specified in the Company's Restated Certificate of Incorporation. The required thresholds are all currently satisfied.

The Class A-M Nominating Subcommittee has nominated only four candidates to stand for election by holders of the Class A common stock and Special Class A voting stock. The Class A-M Nominating Subcommittee is currently in the process of identifying a candidate to fill this vacancy.

Table of Contents

Other Class A Directors

The Nominating Committee fills vacancies caused by the removal, resignation, retirement or death of a Class A director who is not a Coors Director or Molson Director. Any person elected by the Nominating Committee must meet the requirements outlined in the Qualifications of Director Nominees section below.

Class B Directors

The Board fills vacancies caused by the removal, resignation, retirement or death of any of the Class B directors. Any person elected by the Board must meet the requirements outlined below.

Qualifications of Director Nominees

The Board, Nominating Committee or a Nominating Subcommittee, as applicable, assesses any director nominees by taking into account a variety of factors including, but not limited to, the individual's:

- diversity of opinion, personal and professional background and experience;
- personal qualities and characteristics, accomplishments and reputation in the business community;
- current knowledge and contacts in the communities in which the Company does business and in the Company's industry or other industries relevant to the Company's business;
- ability and willingness to commit adequate time to the Board and committee matters;
- skills, personality and their compatibility with other directors and potential directors in building a Board that is effective, collegial and responsive to the needs of the Company; and
- skills and experience that corresponds with the perceived needs of the Company, the Board and its respective committees at the time.

The Nominating Committee, each Nominating Subcommittee and Board are committed to ensuring that the Board is composed of individuals with a wide range of backgrounds, opinions and experiences. The A-M Nominating Subcommittee is currently in the process of identifying a candidate to fill the current Class A vacancy created by Dr. Francesco Bellini's decision not to stand for re-election on February 27, 2014. While the Company has no formal policy on diversity (other than as outlined in the Corporate Governance Guidelines), the Subcommittee is considering a range of types of diversity, including race, gender, ethnicity, culture, nationality and geography, as part of its review and selection process for filling the Class A vacancy.

The Nominating Committee or a Nominating Subcommittee, as applicable, ultimately recommends nominees that it believes will enhance the Board's ability to effectively manage and direct the affairs and business of the Company. Potential director nominees may come to the attention of the Company through management, current Board members or stockholders. From time to time, the Board uses third party search firms to identify and/or evaluate potential nominees.

Candidates Recommended by Stockholders

We will consider and evaluate a director candidate recommended by a stockholder in the same manner as candidates from other sources. Stockholders wishing to recommend a director candidate to serve on the Board as a director may do so by providing advance written notice to the Company following the procedures set forth under "How do I submit a proposal for action at the 2016 Annual Meeting of Stockholders?" on page 15. Any such recommendation must be accompanied by the information specified in Section 1.9.2 of our Bylaws.

Table of Contents

Director Independence

Although, as a "controlled company," we are not required to have a majority of independent directors under NYSE listing standards, our Restated Certificate of Incorporation contains provisions intended to ensure that at all times a majority of the directors will be independent.

Our Restated Certificate of Incorporation defines an independent director as any director who is independent of management and is free from any interest and any business or other relationship (other than interests or relationships arising from ownership of shares of Molson Coors stock) which could, or could reasonably be perceived to, materially interfere with the director's ability to act with a view to the best interests of the Company. Additionally, the Company has adopted Director Independence Standards which are set forth on Appendix A (the Director Independence Standards).

At its meeting held on February 18, 2015, the Board affirmatively determined that each of the following directors is independent under the listing standards of the NYSE and the Company's Director Independence Standards:

Independent Directors

Roger G. Eaton	Franklin W. Hobbs	Douglas D. Tough
Brian D. Goldner	Iain J.G. Napier	Louis Vachon
Charles M. Herington	H. Sanford Riley	

The Board previously determined that Dr. Francesco Bellini was independent under the listing standards of the NYSE and the Company's Director Independence Standards. Dr. Bellini did not stand for re-election to the Board at the 2014 Annual Meeting of Stockholders.

None of the directors who were determined to be independent had any relationships that were outside the categorical standards listed in the Director Independence Standards.

Board Self-Assessments

The Board and committees conduct annual self-assessments to evaluate the qualifications, experience, skills and balance of the Board and each committee and to ensure that the Board and each committee is working effectively. In addition, management, through the CEO, provides feedback to the Board on how the Board operates and suggested areas of improvement. These self-assessments are used by the Nominating Committee in evaluating Board and committee composition and in filling any director vacancies.

Executive Sessions of Non-Employee and Independent Directors

The Board generally holds executive sessions of its non-employee directors at each regularly scheduled meeting. In addition, the independent directors meet in executive sessions at each regularly scheduled Board meeting.

Hedging, Pledging and Short Sale Policies

Under our Insider Trading Policy, directors, executive officers, including our NEOs and other employees, are prohibited from purchasing any financial instrument that is designed to hedge or offset any decrease in the market value of the individual's securities holdings in the Company.

In addition, in 2014 the Company updated its Insider Trading Policy to provide that directors, executive officers, including our NEOs, and other employees, are prohibited from purchasing securities on margin, borrowing against any account in which securities of the Company are held, or pledging securities as collateral for a loan, except they may pledge Company securities as collateral for a loan (not including margin debt) with the prior approval of the Chief People and Legal Officer or Deputy General Counsel and the CFO.

These identified individuals are also prohibited from engaging in short sales related to the Company's common stock.

Clawback Policy

The Company recently adopted an enhanced clawback policy that applies to compensation paid in and after fiscal year 2015. Under the policy, the Company will use reasonable efforts to recoup from its current and former executive officers and other employees designated by the Compensation Committee any excess incentive based compensation awarded as a result of an accounting restatement due to material noncompliance with financial reporting requirements under the U.S. federal securities laws regardless of whether such officers were at fault in the circumstances leading to the restatement.

The Compensation Committee will also modify this recovery policy based on the requirements to be issued by the NYSE pursuant to the mandate of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 once the NYSE rules are finalized.

Stockholder Engagement

As the Board is elected by the stockholders to oversee their interests in the long-term success of the Company, we believe that it is essential to actively engage with our stockholders. The Company regularly engages with our stockholders during the year to get their feedback about our governance policies, compensation practices and other matters of importance.

In addition, we have provided several avenues that allow for stockholders to engage with the Board including: the annual election of directors, the ability to attend the Annual Meeting, the annual advisory vote to approve executive compensation, known as say on pay, the ability to submit stockholder proposals and the ability to directly communicate with the Board.

Directors' Attendance

The Board held five meetings during 2014. All incumbent directors attended 75% or more of the aggregate meetings of the Board and the committees on which they served during 2014. The directors are encouraged to attend the Annual Meeting. All directors standing for election at the 2014 Annual Meeting of Stockholders attended such annual meeting.

Board Committees

The Board currently has four separately designated standing committees: the Audit Committee, the Compensation Committee, the Finance Committee and the Nominating Committee (collectively, the Board Committees). In addition to the four standing Board Committees, the Board may from time to time establish additional committees. Each committee has a written charter that is available on the Company's Website.

The following table describes the current members of each of our Board Committees. Other than the Nominating Committee, each member is considered an independent director pursuant to the Company's Director Independence Standards and the Company's Restated Certificate of Incorporation. For a further discussion regarding director independence, see "Director Independence" section beginning on page 29.

The Audit Committee will also review and discuss with management, the internal auditors and the independent registered public accounting firm, the Company's policies and procedures with respect to risk assessment and risk management. The Audit Committee will review and discuss the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures. For more information on the Audit Committee's role in risk oversight see the discussion under "Board's Role in Risk Oversight" section beginning on page 26.

The Audit Committee Report is included on page 105.

Under the terms of its charter, the Compensation Committee has the overall responsibility for evaluating and approving compensation plans, policies and programs of the Company primarily applicable to executive officers of the Company. The entire Board approves the CEO and Mr. Coors' compensation. The Compensation Committee also makes all decisions regarding the implementation and administration of the Company's incentive compensation, equity compensation and other benefit plans and programs, including certain aspects of the Company's retirement plans.

The details of the processes and procedures used for determining compensation of the Company's executive officers are set forth in the Compensation Discussion and Analysis (CD&A) section beginning on page 44.

The Compensation Committee Report is included on page 69.

Third Party Resources: Under the terms of its charter and consistent with applicable law and the listing rules of the NYSE, the Compensation Committee has the sole authority to select, retain, terminate and approve the fees of compensation consultants, outside counsel and other advisers necessary and appropriate to assist or advise it in carrying out its duties and obligations. The Compensation Committee

is also responsible for the appointment, compensation and oversight of the work of any such adviser it retains. Under the terms of its charter and consistent with applicable law and the listing rules of the NYSE, the Compensation Committee may select an adviser only after taking into consideration all factors relevant to that person's independence from management, including the following:

- the provision of other services to the Company by the person that employs the adviser;
- the amount of fees received from the Company by the person that employs the adviser, as a percentage of the total revenue of the person that employs the adviser;
- the policies and procedures of the person that employs the adviser that are designed to prevent conflicts of interest;
- any business or personal relationship of the adviser with a member of the Compensation Committee;
- any stock of the Company owned by the adviser; and
- any business or personal relationship of the adviser or the person employing the adviser with any executive officer.

After considering the above independence factors, the Compensation Committee retained as its compensation consultant, Pay Governance LLC (Pay Governance or the Compensation Consultant) to provide independent advice and assist in the development and evaluation of the Company's executive and director compensation policies. The Compensation Committee does not believe that there are any conflicts of interest with Pay Governance.

DIRECTOR COMPENSATION

General

We use a combination of cash and stock-based incentive compensation to ensure desired stability of the Board and to secure the Company's ongoing ability to attract high caliber individuals to serve on the Board. The Compensation Committee, with assistance from Pay Governance, reviews and makes recommendations to the Board annually with respect to the form and amount of director compensation. In setting director compensation, the Compensation Committee considers the significant amount of time that directors expend in fulfilling their duties to the Company, the skill level required of its Board members, as well as the compensation of directors at our peer companies.

2014 Compensation

For 2014, directors received an annual cash retainer of \$100,000 and an annual equity grant of \$125,000 in the form of restricted stock units (RSUs). Given their significant roles and duties as Chairman and Vice Chairman of the Board, Messrs. Peter H. Coors and Andrew T. Molson are each entitled to an additional annual cash retainer of \$75,000. Additionally, the Chairmen of the Audit Committee, Compensation Committee and Finance Committee received additional cash retainers as follows: (i) Audit - \$15,000; (ii) Compensation - \$15,000; and (iii) Finance - \$10,000. All directors are reimbursed for any expenses incurred while attending the Board or any Board Committee meetings and in connection with any other Company business. Board members also receive tax reporting and filing assistance given the complexities created by having Board meetings across multiple countries and tax jurisdictions.

As a former employee member of the Board, Mr. Swinburn received no additional compensation for his services as a board member. All compensation provided by the Company to Mr. Swinburn is reported in the Summary Compensation Table beginning on page 70.

Under the Company's director stock plan (the Directors' Stock Plan), directors may elect to receive 50% or 100% of their annual cash retainer in the form of either: (i) shares of Class B common stock; or (ii) deferred stock units (DSUs), with the balance, in each case, being paid in cash. DSUs represent the right to receive shares of the Class B common stock when the director's service on the Board terminates. Directors receive dividend equivalents on their DSUs.

Director Stockholding Requirements

In order to further align the interests of directors with the long-term interests of our stockholders, the Board has determined that, by the end of his or her fifth year as a director, each director should own stock or stock equivalents with a value equal to five times his or her annual cash retainer. All of our directors currently meet or are on track to meet this requirement. Shares owned directly by the director as well as the value of DSUs and the projected after-tax value of RSUs are included in calculating ownership levels. Shares underlying stock options do not count toward the ownership guidelines (currently no Non-Employee Board members have outstanding stock options).

RELATED PERSON TRANSACTIONS

Approval of Related Person Transactions

The Board has adopted a formal written policy for the review, approval and ratification of "related person" transactions. Under the policy, the Audit Chairman or the Audit Committee is required to approve all related person transactions, unless the transaction is subject to Board approval under the Company's Bylaws because it involves transactions between the Company and affiliates or members of the Molson or Coors families.

Under the policy, the Company's directors, executive officers and beneficial owners of more than 5% of the Company's Class A common stock, Class B common stock, Class A exchangeable shares, Class B exchangeable shares or other voting securities (collectively, 5% beneficial owners) are expected to disclose the material facts of any transaction that could be potentially considered a "related person" transaction to the Company.

The Audit Chairman is authorized to approve or ratify: (a) any related person transaction that involves an aggregate amount of less than \$1 million and does not involve any members of the Molson or Coors families; and (b) any related person transaction not subject to Item (a) only when, in the judgment of both the Audit Chairman and the Chief Legal Officer, it would not be practicable to wait for the next Audit Committee meeting to approve or ratify the transaction. The Audit Committee will review and determine whether to approve or ratify any related person transaction submitted by the Chief Legal Officer and Audit Chairman.

In determining whether to approve or ratify a transaction subject to the policy, the Audit Chairman or the Audit Committee, as the case may be, will review the relevant facts regarding the transaction including: (a) the extent of the related person's interest in the transaction; (b) whether the transaction is on terms no less favorable than terms generally available to or from an unaffiliated third-party under the same or similar circumstances; and (c) whether the related person transaction is consistent with the best interests of the Company and its stockholders.

Each of the transactions and relationships set forth below were ratified and approved in the manner and to the extent required by the Company's related party transaction approval requirements described above.

Certain Related Person Transactions

Eric H. Molson, the father of Andrew T. Molson and Geoffrey E. Molson, serves as a Director Emeritus. In connection with his role, he has the ability to recommend up to \$325,000 per year in charitable contributions.

The Company has contractual relationships with the Montréal Canadiens Hockey Club, a professional hockey team. Andrew T. Molson, the Vice Chairman of the Board, and Geoffrey E. Molson, a member of the Board, are affiliated with the general partner and one of the limited partners of CH Group Limited Partnership, the owner of the Canadiens. In 2014, the Company made payments totaling approximately CAD \$2.8 million to the Canadiens in marketing, advertising, promotional endeavors and sponsorship rights in the ordinary course of business and the Canadiens made payments totaling approximately CAD \$3.6 million to the Company according to the terms of our agreements and purchased our products in the ordinary course of business. The business relationship has been in place for many years, is fair and reasonable, and is comparable to market conditions for similar business relationships.

Peter H. Coors, the Chairman and the Chairman of the Board of Directors of MillerCoors, is deemed a related party by virtue of being a Coors family member. He receives compensation for his duties as a director, Chairman and an executive of the Company. In 2014, Mr. Coors received a salary of \$850,000 and an annual incentive bonus of \$912,900 for his services to the Company. Mr. Coors' compensation for his services as a director and Chairman, is outlined under the Director Compensation section starting on page 35.

From time to time, we employ members of the Coors and Molson families which together own a controlling interest in the Class A shares of the Company. Hiring and placement decisions are made based upon merit and compensation packages that are offered are commensurate with policies in place for all employees of Molson Coors. Melissa Coors Osborn (daughter of Peter H. Coors and sister of Peter J. Coors and Christien Coors Ficeli) and David S. Coors (son of Peter H. Coors and brother of Peter J. Coors and Christien Coors Ficeli) are employed by the Company in non-executive positions. In 2014, Melissa Coors Osborn and David S. PROPOSAL NO. 2 — ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION (THE ADVISORY SAY ON PAY VOTE)

In accordance with Section 14A of the Exchange Act, the Company seeks a non-binding advisory vote from the Class A Holders and the Class B Holders, voting together as a single class, to approve the compensation of its NEOs as described in the CD&A section beginning on page 44 and the Executive Compensation section beginning on page 70. This proposal is also referred to as the say on pay vote. We have committed to holding a say on pay vote at each year's annual meeting, until at least the 2017 Annual Meeting of Stockholders.

In deciding how to vote on this proposal, we encourage you to read the "Compensation Discussion and Analysis" and "Executive Compensation" sections of this Proxy Statement. As described in more detail in those sections, the Company believes its compensation programs emphasize performance and accountability while maintaining alignment with stockholder interests.

The Board recommends that the stockholders vote FOR the following resolution:

"RESOLVED, that the stockholders approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in this Proxy Statement, including the Compensation Discussion and Analysis, the executive compensation tables and the related narrative discussion."

Because your vote is advisory, it will not be binding upon the Board. However, the Board values our stockholders' opinion and the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

The Board recommends a vote FOR the advisory vote to approve the compensation of the Company's named executive officers, and executed proxies that are returned will be so voted unless otherwise instructed.

Executive Summary

Connecting Compensation to Strategy

Our strategy drives our compensation philosophy and the choices we make as a business. Our purpose is to delight the world's beer drinkers and our ambition is to be first choice for consumers and customers. Our majority-independent Board and entirely independent Compensation Committee are working harmoniously to advance this strategy. From a compensation vantage, this means designing programs that motivate the Company's management team to deliver total shareholder return and implement our strategy in both the short and long term. This is what we plan to do.

Connecting Compensation to Performance

The beer industry is facing significant challenges. The economy has been weak in key markets, consumers are shifting away from beer to the wine and spirits sector and those that are choosing to drink beer are continuously looking to vary their choices. This makes it difficult to maintain top-line growth momentum. However, despite these continuing top-line challenges, as well as foreign currency headwinds, we delivered strong underlying bottom-line results and excellent cash generation. We also maintained sharp focus on the use of our Profit After Capital Charge (PACC) metric, increasingly using this metric as a lens through which management weighs and ultimately makes decisions to build value throughout the business. In this way we continued to position ourselves for ongoing earnings growth while delivering significant stockholder return.

Table of Contents

Here are some 2014 highlights:

Objectives and Results

Focused on higher return on our invested capital, managed our working capital and a greater stockholder return

Achieved 2014 TSR of 35.7%;

Achieved highest 2014 TSR of all major beer industry competitors;

Continued our rollout throughout the company of our PACC metric to guide key business decisions and also introduced as a long-term incentive metric in 2014. The first payout under the PACC metric will occur in 2016. PACC and its inclusion in long-term incentive metrics infuse additional discipline and resource management into our key decisions;

Reduced the Company's net debt (total debt minus cash) by nearly \$800 million;

Delivered more than \$70 million of cost savings excluding MillerCoors; \$130 million including our share of MillerCoors; and

Achieved strong underlying free cash flow of \$956.7 million (and added underlying free cash flow as a short-term incentive metric in 2014).

Continued to focus on and invest in our core brands

Placed significant emphasis on revamping our sales and marketing approach through our Commercial Excellence program which we believe will provide a significant marketplace advantage for our brands;

Grew our global above-premium volume, net pricing and sales mix, and maintained market share in Europe despite a poor economy and challenging floods in some of our highest-share markets;

Carling experienced a slight decline in volume;

Volume challenges included Coors Light performance in the U.S. and Canada, however, Coors Light worldwide volume grew nearly 2% on the strength of its performance in Molson Coors Europe and MCI. The Company also cycled the termination of the Modelo brands joint venture in Canada;

Molson Canadian gained share in its segment, and the combined Coors Banquet and Coors Light brand family grew Canada market share versus 2013;

Staropramen volume declined overall, primarily due to challenges in the Czech Republic, Staropramen's primary market, as well as declines in the international markets of Russia and Ukraine. Above premium

Staropramen (outside the Czech Republic) grew volume and share in the region and achieved strong growth in certain international markets; and

Grew volume in above-premium segment.

Above premium and innovation

Continued to introduce new products and variations on existing brands. Above premium brand innovations designed to drive margin improvement included Miller Fortune, Smith & Forge Hard Cider and Redd's Wicked Apple in the U.S.; Mad Jack Apple Lager and new craft flavor extensions in Canada; and Carling British Cider in Europe;

Continued investments into our breweries and supply chain processes;

Returned Miller Lite to growth in the U.S. in the fourth quarter primarily through packaging innovations; and

Experienced strong growth in our U.S. craft beer segment, accounting for 29% of the sector's growth.

Grew our Molson Coors International business

Made significant progress towards long-term profitability goals (reduced our underlying loss by nearly 18% versus 2013 and are on track to reach our goal of profitability by 2016); and

Increased sales volume, including royalty volumes, by 19.8% in 2014 compared to 2013.

¹ A reconciliation of non-GAAP results to the nearest U.S. GAAP measure can be found in our Form 10-K on pages 33-35, and 51. Underlying pre-tax income is shown at a segment level on pages 38-48 of our Form 10-K. Indicates metrics used in our executive compensation program. The performance metrics for our 2014 short-term incentive plan were adjusted net sales revenue (also referred to as revenue), adjusted underlying pre-tax income and adjusted underlying free cash flow (also referred to as free cash flow). Each of these metrics is further described in the Components of Executive Compensation - Short-Term Incentives in 2014 section beginning on page 56. TSR

² was used as a metric for our 2014-2016 and 2013-2015 long-term incentive awards. Additionally, PACC was also used for the 2014-2016 long-term incentive awards and Considered EPS was also used for the 2013-2015 long-term incentive awards; the first payout under the PACC metric will occur in 2016. Each of these metrics is further described under Components of Executive Compensation - Long-Term Incentives in 2014 on page 57. For incentive purposes, results are inclusive of our share of MillerCoors performance. Note that our 42% ownership in the MillerCoors joint venture is accounted for under the equity method and therefore reflected in our income results, however, it is not reflected in our revenue results. Our executives are significant contributors to the operations of the MillerCoors joint venture as described in the Executive Compensation Philosophy and Positioning - Market Competitive section beginning on page 54. For this reason, we take the management and economic reality of MillerCoors into account when considering executive compensation and how we should be benchmarked to other companies.

A historical look at our CEO's total direct compensation (TDC) relative to the performance of our incentive plan metrics, including 2014 results, shows that pay and performance are directionally aligned over time. TDC refers to annual base salary, target short-term incentive plus the target long-term incentive award.

CEO Pay Versus Adjusted Underlying Performance: A Strong Correlation

1 Note that a significant portion of the growth in Net Sales Revenue from 2012 to 2013 was due to the acquisition of StarBev Holdings S.a.r.l. from Starbev L.P. on June 15, 2012.

2014 was the first year that free cash flow was introduced into our short-term incentive plan.

Values shown in the chart above are reflective of final incentive plan results, and are adjusted for the inclusion of MillerCoors (revenue), currency exchange rate fluctuation and some unplanned items. The definitions of adjusted underlying Pre-Tax Income, adjusted Net Sales Revenue and adjusted underlying Free Cash Flow as shown in this chart can be found in the Components of Executive Compensation - Short-Term Incentives in 2014 section beginning on page 56. The definition of Underlying Considered EPS also can be found in that section under the heading Long-Term Incentives: Performance Equity (PSUs and PUs). TSR is calculated as the change in share price at the end of each respective fiscal year, adjusted for dividend payments during the year, divided by the starting share price at the beginning of the year.

Comparing our CEO's realizable pay for fiscal years 2011 through 2013 (the most recent years available for our peer group) relative to our Company's peer group performance also shows alignment relative to our TSR during those same years (see the following tables).

Realizable pay includes base salary, non-equity incentive plan payments, intrinsic value of stock options valued at fiscal year-end 2013, RSUs valued at the share price at fiscal year-end 2013, actual values for completed cycles of three-year long-term incentive awards and projected payouts as of fiscal year-end 2013.

Impact of Performance on Executive Pay Programs

Our executive compensation program is designed to reward the executive team for performance. In 2014, as in prior years, our programs continue to be characterized by:

- | | |
|---|---|
| Strong link between compensation and performance | Diverse performance metrics |
| Executive compensation tally sheets | Diverse short- and long-term incentive vehicles |
| Clawback provisions (including enhancements adopted in 2015) | No stock option re-pricing without stockholder approval |
| Use of peer group and comparable industry data | Few perquisites |
| Executive and director stock ownership guidelines | Adopted anti-pledging policy in 2014 |
| No excise tax gross-ups for future executives | Robust anti-hedging and short sale policy |
| No excessive risk taking in our executive compensation programs | No tax gross-ups on any perquisites ¹ |

In connection with his promotion to President and CEO, Mr. Hunter forfeited his right to receive an excise tax gross-up under the Company's Change in Control Program

At our Annual Meeting, we will be seeking approval of the amended and restated Plan which will include the removal of our share recycling provision and the addition of non-employee director award limits

Segregation of duties between the independent Compensation Committee, the Board, the Compensation Consultant and management

Mr. Glendinning received a gross-up payment in 2014 related to executive long-term disability coverage. This benefit is provided to all other Canadian leadership team members. Beginning in 2015, we removed Mr. Glendinning from eligibility for this payment as we did in 2012 for executive officer participants in a similar arrangement for the U.S. long-term disability plan. Additional details can be found in the Additional All Other Compensation table on page 73.

Overall, 2014 business results were above the expectations we set for the Company, and also above 2013 results. Thus, our executive compensation for 2014 was above target levels, and above 2013 levels. In addition, stockholder return was up significantly again in 2014, as in 2013, both in absolute performance and relative to our key industry competitors.

Table of Contents

Below is a summary of the key components of our CEO's compensation and how it was impacted by Company performance.

CEO Pay Actions Based on 2014 Adjusted Performance

Component of Pay	Performance Period Results	Resulting Compensation
Base Salary	2014 was a challenging year, yet we exceeded our pre-tax income target while missing our revenue target	2.3% salary increase for 2014 (following 0% salary increase for 2012 and 2013). Mr. Swinburn retired at the end of 2014.
Short-Term Incentive	Overall results multiplier above target (pre-tax income was significantly above target, net sales revenue was slightly below target and free cash flow significantly exceeded target)	Payout was 159% of 2014 target
Long-Term Incentive	35.7% stockholder return in 2014 (including a 15.6% increase in our annual dividend yield) Despite strong stockholder return, Considered EPS results multiplier was significantly below target for 2012-2014 performance period	Stock options vesting in 2014 and 2015 have an average unexercised value approximately three times higher than their target grant date fair value RSUs that vested in 2014 have delivered a 77% premium over their target grant date value Performance Units (PUs) for the performance period ended 2014 delivered only 19% of their value (reflective of Considered EPS results below targeted values)

Note all references to target amounts are on an adjusted underlying basis.

Key Governance Enhancements to Our Executive Compensation Program

Action	Objective
Enhanced executive clawback policy	Expanded and restated our incentive clawback policy which now applies to all short and long-term incentives for our current and former executive officers. The policy would allow the Company to recoup all or a portion of incentive payments that were a result of a restatement due to material non-compliance with financial reporting requirements under the securities laws, regardless of the officer was at fault in the circumstances leading to the restatement.
Modified the design of the short-term incentive plan	Added adjusted underlying free cash flow as a third metric to emphasize the importance of cash generation in growing stockholder value and positioning the Company for future investments to drive value.
Modified the design of the performance based long-term incentive awards	Increased the weighting of relative TSR to more closely align the largest component of our NEOs target long-term incentives to TSR. Replaced Considered EPS metric with PACC to better align with our business objectives and long-range strategic plan.
Expanded say on pay vote to Class B stockholders beginning in 2014	All stockholders are now entitled to vote on say on pay. The 2014 say on pay vote received approximately 98% approval from stockholders.
Eliminated the share recycling provision from the long-term incentive plan	Shares of common stock awarded and forfeited under the Plan, if approved, will no longer return to the pool of shares for future grants when an employee forfeits a portion of the award.
Engaged investors in active discussion	Continued to reach out to our largest institutional stockholders to discuss, among other matters, the Company's performance and our executive compensation programs in the context of that performance.
	Actively engaged proxy advisory firms to discuss our executive compensation programs and how they are aligned to our TSR.

CEO Succession

In July 2014, we announced that Mr. Swinburn would retire as our President and CEO at the end of 2014. At the same time we named Mark Hunter, then President and Chief Executive Officer of Molson Coors Europe, as his successor effective at the beginning of 2015. We take great pride in employing a highly successful talent management program which allowed us to appoint a successor for Mr. Swinburn from

Table of Contents

within the Company. We believe this transition has been very effective for the Company, our employees and, in turn, our stockholders.

Upon his appointment to the role of President and CEO on January 1, 2015, Mr. Hunter's compensation package was revised as described below. Our Board, after recommendation from our Compensation Committee, finalized this compensation package based on a recommendation from our Compensation Consultant (which included a review of the pay practices among the Company's selected peer group), the Board's assessment of Mr. Hunter's performance to date and in recognition of the large increase in responsibility from Mr. Hunter's previous position as President and Chief Executive Officer of Molson Coors Europe. In addition, Mr. Hunter will receive the usual relocation assistance typically provided for our employees who relocate internationally.

Mr. Hunter's 2015 Compensation Package

Pay Component	2015	Comment
Base Pay (\$)	1,000,000	Effective January 1, 2015
Target Short-Term Incentive (%)	135	Percentage of 2015 base pay
Target Short-Term Incentive (\$)	1,350,000	
Target Long-Term Incentive (\$)	3,500,000	Aggregate dollar value of 2015 stock option and RSU awards plus 2015-2017 Performance Stock Units (PSUs) at target
Total Target Direct Compensation (\$)	5,850,000	

At the time Mr. Hunter was selected as Mr. Swinburn's successor, the Compensation Committee and the Board reviewed the compensation of the remaining business unit presidents in the context of the Board's desire to continue to maintain a strong pipeline of senior executive talent as part of its succession planning efforts. This review included conversations with our Compensation Consultant and with Messrs. Swinburn and Hunter. Based on this review, the Compensation Committee recommended and the Board approved the following long-term incentive awards. These awards are meant to provide further retention to our top business unit leaders.

Mr. Glendinning received a one-time grant of \$2,044,280 in RSUs which vest 50% on July 24, 2016 and 50% on July 24, 2018. Effectively, this award represents approximately a 50% increase in Mr. Glendinning's current annual long-term incentive program (LTIP) target over the four year vest period of this grant (assuming Mr. Glendinning's target does not change and he continues to receive the annual target award over the next four years). It also represents approximately a 25% increase in Mr. Glendinning's overall compensation during this four year period.

Mr. Anand received a one-time grant of \$511,700 in RSUs which vest on July 24, 2016. Effectively, this award represents approximately a 25% increase in Mr. Anand's current annual LTIP target over the two year vest period of this grant (assuming Mr. Anand's target does not change and he continues to receive the annual target award over the next two years). It also represents approximately a 13% increase in Mr. Anand's overall compensation during this two year period.

While we believe current annual LTIP target awards are significant portions of our executive pay program (as noted below under the section Components of Executive Compensation), these additional awards represent an overall incremental compensation expense but are expected to further ensure the continuity and growth of our business and stockholder return. When making its decision, the Board viewed the appropriate award level in the context of the executives' overall compensation and recognized the need to make these incremental awards significant and meaningful to the executives. As such, generally speaking these awards will be considered, but not necessarily impact, the level of future annual LTIP awards.

Executive Compensation Philosophy and Positioning

Our executive compensation program establishes compensation principles that enable us to attract and retain the leaders necessary to make the Company successful. The Compensation Committee reviews these principles regularly to ensure that they support our global growth and other strategic objectives. Incentive plan metrics are reviewed against Board approved business and financial plans. Our objective is for our executive compensation programs to be consistent with competitive practice in an ever-changing marketplace. In setting those compensation levels, we use the following principles:

• Pay for Performance Compensation Mix;
• Market Competitive; and
• Opportunity.

Pay for Performance Compensation Mix

We pay for performance. Within our global total rewards strategy, the percentage of at-risk performance-based pay increases with the level of responsibility and contribution to the Company. Consistent with our pay philosophy and in line with the compensation structure at our peer companies, our NEOs' annual TDC at target levels is structured so that 85% of the CEO's compensation and 72% of the other NEOs' compensation is annual and long-term incentive compensation that is variable with performance, including stock price performance. For 2014, annual and long-term incentive awards were based on key financial measures (adjusted underlying pre-tax income, adjusted net sales revenue, adjusted underlying free cash flow, PACC and relative TSR) and on the value of the Class B common stock. Combined, these help us drive and reward the performance of the Company, our business units and our people. This mix of fixed and variable, annual and long-term incentive compensation motivates both short-term performance toward designated financial objectives and longer-term strategic performance and driving value to our stockholders. When the drivers of stockholder value do not increase, our incentive programs are designed in a way that results in lower executive compensation.

Based on the target levels of pay by component stated above, the following is the mix of executive compensation which illustrates the Company's emphasis on at-risk and performance based pay.

Market Competitive

We have one global process for setting base salaries, annual incentive opportunities and long-term incentive grant values for our NEOs and other top executives, but we generally set benefits and perquisites on the basis of home country practice and law.

In considering our Company's size for purposes of peer comparisons, we include our pro-rata share of revenue from the MillerCoors joint venture. MillerCoors is a joint venture in which we combined our U.S.

Table of Contents

business, Coors Brewing Company, with Miller Brewing Company in 2008. MillerCoors is a hands-on business for us, even though we are required to report MillerCoors' income under U.S. GAAP as an equity investment. The Company's executive leadership team shapes and closely oversees the strategy and operations of MillerCoors. Key examples of this include: five Molson Coors executives serve on the MillerCoors Board of Directors (out of a total of ten seats); a single brand and innovation council advances the global brand identity of key joint venture brands such as Coors Light; we share talent across the organizations; and Peter H. Coors, the Chairman, also serves as Chairman of the Board of MillerCoors.

Each year, the Compensation Committee reviews the competitiveness of our compensation program. For 2014, the Compensation Committee used a peer group of 14 companies and survey data from other consumer products industry companies to assess the competitive levels for each of the elements of TDC (base salary, annual incentive and long-term incentives) and, when appropriate, perquisites and executive benefits.

The Compensation Committee, in consultation with the Compensation Consultant, designed the 2014 peer group so that our annual revenue, including our proportionate share of the MillerCoors joint venture revenue, would fall near the median of the peer group's annual revenue. The Compensation Committee also selected the peer group based on consideration of the following similarities:

Our peer group consisted of the companies listed below:

Molson Coors Peer Group for 2014

Anheuser-Busch InBev SA/NV

Beam Suntory Inc.

Brown-Forman Corporation

Campbell Soup Company

ConAgra Foods, Inc.

Constellation Brands Inc.

Dean Foods Company

Dr. Pepper Snapple Group, Inc.

General Mills, Inc.

Heineken NV

The Hershey Company

Kellogg Company

The J. M. Smucker Company

SABMiller plc

We removed H.J. Heinz Company and Ralcorp Holdings Inc. from our 2014 peer group because they ceased being publicly traded companies.

Opportunity

The table below describes the purpose of each element of our pay program and what peer group data point is included when the Compensation Committee reviews our compensation programs. While the "Peer Group Data Point" below illustrates the pay level we consider from our peer group when compensation decisions are made, it is one component in our decision making around executive compensation. Additionally, we consider executive experience and performance, business and industry challenges, and macro-economic factors.

Further, we facilitate cross-border mobility within our workforce through our compensation programs. As previously mentioned, we also maintain robust talent management programs which allow for succession both vertically, laterally and internationally across our business.

Element of Compensation	Purpose	Peer Group Data Point
Base Salary-Fixed Pay	Fixed dollar amount which provides a competitive level of fixed compensation	Median of peer group
Annual Incentive Awards -Pay for Performance	Provide annual variable pay opportunities to reward achievement of short-term Company goals which drive long-term value creation	Generally, between 25th percentile and median of peer group Positioning of actual payouts are determined by performance
Long-Term Incentive Awards - Pay for Performance	Provide long-term variable pay opportunities to reward achievement of long-term Company goals	Generally, median of peer group Positioning of actual payouts determined by performance
Total Direct Compensation Components of Executive Compensation	The Committee does not establish an overall direct compensation philosophy, individual components of pay are established separately	

Following is a summary of the key elements of our executive compensation program:

Base Salary

A fixed dollar amount which provides a level of fixed compensation competitive with our peers and recognizes individual performance and level of experience.

Short-Term Incentives in 2014

Our annual incentive program is the Molson Coors Incentive Plan (MCIP). The MCIP provides variable pay opportunity for short-term performance, consistent with peer companies' practices and rewards for achievement of short-term objectives that can have a long-term impact on performance.

The MCIP rewards executives, including the NEOs, for performance against annual Company, business unit and personal goals which measure performance against job requirements. However, it is important to note that the opportunity for payment against personal goals is fully funded by the results of the Company. The Compensation Committee maintains control over the MCIP award payout, gauging reasonableness based on performance and Company financial gain.

Table of Contents

Each year the Compensation Committee establishes a maximum MCIP award for each NEO based on reportable financial metrics. The Compensation Committee then has discretion to adjust those maximum award levels downwards (but not upwards) for unforeseen economic or business issues impacting any one or all of the business units. The downward adjustments are determined by the results of the MCIP metrics and executive's individual performance against specific goals.

The Company-wide objectives for the 2014 MCIP were based on underlying pre-tax income (60%), adjusted net sales revenue (20%) and underlying free cash flow (20%). We added underlying free cash flow as a third metric in 2014 to emphasize the importance of cash generation in growing stockholder value and positioning the Company for future investments to drive value. Underlying pre-tax income is defined as pre-tax income (loss) from continuing operations adjusted for certain items as discussed below. Adjusted net sales revenue is measured as our total revenue from sales after excise taxes adjusted for our percentage ownership of MillerCoors. Underlying free cash flow is defined as cash provided by operating activities, minus capital expenditures and our net investing cash flows from the MillerCoors joint venture adjusted for certain items as discussed below. For the NEOs, the pre-tax income, net sales revenue and free cash flow achievements were measured against a performance scale which included threshold, target and maximum performance levels for the year. Similar targets were used for other executive officers and all are based on their primary geographical responsibilities. The adjustments to arrive at these underlying metrics are determined in accordance with the Company's written policies regarding such matters. These underlying metrics are further adjusted at the discretion of, and subject to approval by, the Compensation Committee in accordance with the Plan.

Award payouts can range from 0% to 200% of the target award, based on level of achievement.

Results of the 2014 MCIP can be found in the 2014 Executive Pay Program Outcomes section beginning on page 61.

For 2014, the MCIP target bonus level was 140% for Mr. Swinburn and 75% for each of the other NEOs.

Long-Term Incentives in 2014

We generally grant executives three types of long-term incentive awards as part of LTIP: PSUs, stock options, and RSUs. Prior to 2013 we granted PUs instead of PSUs. Each NEO is awarded an aggregate LTIP value which is allocated among the three types of awards. For 2014, we continued with our 2013 mix of awards to provide the appropriate balance of performance and retention based compensation to support the Company's long-term strategy (see table below). The mix of awards is designed to tie executive compensation to shareholder return, balance performance focus with retention value and mitigate the risk of over-focus on a single metric.

YEAR OVER YEAR LONG-TERM INCENTIVE ALLOCATION

Vehicle	2013 (%)	2014 (%)	Percent of CEO Target Pay (%)	2014 Alignment to Stockholders
PSUs	50	50	32	PACC/Relative TSR/Stock Price
Stock Options	20	20	13	Stock Price
RSUs	30	30	19	Stock Price

The key components of our LTIP and the 2014 awards are summarized below:

Table of Contents

Performance Equity (PSUs and PUs)

PSUs reward executives, including the NEOs, for Company achievement against pre-determined performance measures over a three-year performance period.

PSUs are granted annually, which keeps focus on the applicable performance metric(s). Annual grants (as opposed to end-to-end three-year grants) also provide less opportunity for the performance metrics to become misaligned with the strategic direction and objectives of the Company.

The performance metric for the PSUs is PACC, as modified by the Company's TSR percentile relative to the S&P 500 Index (relative TSR). We moved from Considered Earnings Per Share (Considered EPS) to PACC in 2014 to closely align compensation with our business objectives and long-range plan. PACC is defined as operating profits (tax-affected underlying earnings before interest and taxes (EBIT) plus (+) depreciation and amortization (DA)) minus (-) our capital charge, which is our gross operating assets times (x) our market required rate of return, as determined by our Board at the onset of the performance period. TSR is defined as the Company's total shareholder return, calculated based on stock price appreciation plus dividends during the performance period, divided by starting opening period stock price. This indirectly aligns one of the largest components of our executive pay program to our stockholder return (approximately 32% for the CEO and 25% for the other NEOs).

In order to achieve a 200% maximum payout for the 2014-2016 awards, the Company must exceed its PACC target by 20% and achieve a relative TSR ranking of at least 75th percentile. To achieve a minimum payout (56% of the target award), the Company must achieve at least 80% of its PACC target and any level of relative TSR achievement. Any result below 80% of the PACC target results in no payout of the PSUs. We believe the target level of the PACC metric is challenging but achievable with good performance, whereas the maximum performance levels represent significant stretch goals.

The number of PSUs awarded to any given NEO is determined at the date of grant by dividing the target value of the total award by the closing price of the Class B common stock on that date, and rounded up to the next whole share. The final award amount, upon vesting, is then adjusted upwards or downwards based on final performance relative to the appropriate metrics, subject to threshold and maximum limits (including maximum amounts approved by the Compensation Committee for each NEO in connection with the grant of PSUs). PSUs achieve no value if threshold performance is not met. At maximum, PSUs achieve 200% of the target value.

For purposes of PUs awarded prior to 2013, each NEO was granted a stated target dollar amount. This dollar amount was divided by the Company's target value per unit on the grant date to determine the total number of units. The target per unit is the three-year cumulative Considered EPS targeted to be achieved by the Company over the period, subject to threshold and maximum limits. Below the threshold, the units achieve no value. At maximum, the PUs achieve 200% of the target value.

Earned PSUs and PUs can be settled in cash or shares of Class B common stock, or partly in cash and partly in shares, at the discretion of the Company. Historically, performance awards have been settled in all shares.

The performance metric for PUs awarded in 2012 is Considered EPS which is defined as underlying earnings per share adjusted to reflect a normalized Company income tax rate. The normalized Company tax rate is calculated using a rolling three-year average Company effective tax rate of the prior three years. Considered EPS provides a metric in addition to pre-tax income and revenue, which were the two metrics in the 2012 short-term incentive plan, and therefore promotes not only a growth in earnings but also value creation for our stockholders.

Table of Contents

The performance metrics for PSUs awarded in 2013 are Considered EPS modified by relative TSR, both as defined above in this section.

PSUs were granted to the NEOs in 2013 and 2014 for the three-year performance period ending upon the completion of the Company's 2016 fiscal year. The number of PSUs granted to each NEO in 2014 at threshold, target, and maximum is detailed in the Grants of Plan Based Awards for 2014 table beginning on page 75.

PSUs vest pro-rata in the event of retirement (other than for Mr. Swinburn), death or disability and are paid out following the performance period, based on actual results. PSUs vest and are paid at 120% of target upon a change in control. For any other termination of employment before the end of the performance period, PSUs are forfeited. Beginning with his 2013 awards, Mr. Swinburn's PSU awards will continue to vest following his retirement at the end of 2014 and will be paid out following the performance period, based on actual results, provided Mr. Swinburn adheres to the terms and conditions of his retirement as agreed upon with the Board.

- Dividend equivalents are not paid on PSUs.

Stock Options

For 2014, the MCIP target bonus level was 140% for Mr. Swinburn and 75% for each of the other NEOs.

The ten-year term of our stock options provides an effective retention tool over the longer term because they retain potential value for executives even in the face of a prolonged downturn in the equity markets. This provides performance-based balance to PSU and PU grants which may lose all value if the Company misses the threshold performance criteria for the awards.

Stock options align the interests of our executives with those of stockholders because stock options have no value unless there is an increase in the value of our shares from the grant date to some point in time after the vesting date.

- The number of stock options is determined at the date of grant by dividing the target value of the award by the Black-Scholes value of the award on that date.

The number of options and the exercise prices are set forth in the Outstanding Equity Awards at Fiscal Year-End table beginning on page 77.

Table of Contents

Upon retirement, unvested stock options vest. In the event of termination for any other reason, unvested options are forfeited. In the event of a change in control, all unvested stock options vest, except to the extent that a replacement award is provided.

The Company does not permit re-pricing of stock options without stockholder approval.

Restricted Stock Units (RSUs)

RSUs vest 100% on the third anniversary of the date of grant, subject to continuing employment and are settled in Class B common shares at that time.

Providing part of the annual LTIP award in the form of RSUs significantly strengthens the retention value of our LTIP by providing a full value component to balance stock options, PSUs and PUs.

The number of RSUs is determined at the date of grant by dividing the target value of the award by the closing price of the Class B common stock on that date.

Vested RSUs are settled in shares of Class B common stock.

Dividend equivalents are not paid on the RSUs.

The number of RSUs granted to each NEO in 2014 is detailed in the Grants of Plan Based Awards for 2014 table beginning on page 75.

A pro-rata portion of the outstanding unvested RSUs will vest in the event of termination due to retirement (other than for Mr. Swinburn), death or disability. In the event of a change in control, all unvested RSUs will vest, except to the extent that a replacement award is provided. For any other termination of employment before the end of the vesting period, RSUs are forfeited.

Beginning with his 2013 awards, Mr. Swinburn's RSU awards will continue to vest following his retirement at the end of 2014 and will be paid out following the vesting period provided Mr. Swinburn adheres to the terms and conditions of his retirement as agreed upon with the Board.

Mr. Swinburn's salary adjustment was approved by the Board after being recommended by the Compensation Committee. This was based on considerations including strong shareholder return for 2013, improvements in business operations and then-current competitive positioning versus the peer group.

Annual Incentive Results

For 2014, the target levels of achievement at the corporate and business group levels were set as follows. Underlying results are adjusted for unplanned items and in order to remove the impact the change in exchange rates has on the calculations over the course of the year.

The following table summarizes the calculation of final 2014 MCIP awards after review by the Compensation Committee (and the independent members of the Board in the case of Mr. Swinburn). The Company's performance against the pre-determined measures is set forth in the table above. The multiplier shown is aligned with corporate, business unit and personal performance goals and represents achievement against objectives. This multiplier was subject to discretionary adjustment (up or down, within the maximum allowable payment amounts as determined under the MCIP) by the Compensation Committee (or the independent members of the Board, in the case of Mr. Swinburn) based on individual performance. The Grants of Plan Based Awards for 2014 table on page 75 provides information on threshold, target and maximum MCIP awards.

Perquisites

In addition to the executive compensation program elements described above, the Company provides certain perquisites to our executives, including the NEOs, which the Company believes are appropriate and competitive. These perquisites are described below and in the narrative following the Summary Compensation Table section beginning on page 70.

International Assignments

Our Molson Coors Relocation, Senior Mobile Workers and International Assignment Policies (collectively referred to as the Global Mobile Workers Policy) were established to allow the Company to move talent around the world in a consistent and efficient manner. The Global Mobile Workers Policy allows for short-term employee accommodations, necessary transportation, cost-of-living adjustments (as appropriate), tax return preparation services and in certain situations, tax equalization associated with an international assignment. Any compensation received by NEOs while a participant in these programs is included in the Summary Compensation Table beginning on page 70.

Retirement and Other Post-Termination Benefits

Retirement

Executive officers participate in the same retirement, 401(k) and pension plans as do other salaried employees in their home country. In addition to the Company's 401(k) plan in the U.S., the Company provides the Supplemental Savings and Investment Plan (the Supplemental Thrift Plan) to highly-compensated U.S. employees to address the Internal Revenue Service (IRS) income and benefit limits placed on retirement plans. Similarly, in addition to the standard retirement plans provided in the U.K. and Canada, the Company provides an Employer Financed Retirement Benefit Scheme (EFRBS) to highly-compensated U.K. employees to address Her Majesty's Revenue & Customs (HMRC) income and benefit limits, and provides a Defined Contribution Supplemental Executive Retirement Plan (DC SERP) to Mr. Glendinning in Canada to address Canada Revenue Agency income and benefit limits. These supplemental plans are further discussed below under Deferred Compensation.

As of April 1, 2009, the Company froze benefit accruals under the qualified defined benefit pension plan in place for employees in the Molson Coors UK business unit. Messrs. Swinburn and Hunter have benefits in that plan and were impacted by these changes.

Details regarding the operation of the Company's retirement and pension plans are provided in the narrative following the Pension Benefits Table beginning on page 81.

Table of Contents

Deferred Compensation

For highly compensated U.S. employees, including the NEOs, the Company has established the Supplemental Thrift Plan. This plan is substantially similar in structure and operation to the Company's qualified 401(k) plan, and is meant to keep employees whole on Company contributions, which would otherwise be made to the Company's 401(k) plan, were it not for certain IRS limits.

For Mr. Hunter, the Company has established an unfunded individual EFRBS. This allows certain tax benefits to be realized during the accumulation of his retirement benefits given that he has reached the general limits on tax deductible pension accumulation in the U.K.

For Mr. Glendinning, the Company has established an unfunded DC SERP. This allows the accumulation of additional retirement benefits given he annually reaches the general limits on contributions to standard retirement benefits in Canada.

The Company believes these benefits to be competitive to similarly situated executives and market practices.

Details regarding the operation of the Company's deferred compensation plans are contained in the Non-Qualified Deferred Compensation section beginning on page 82.

Change in Control and Severance

Through the combination of the Change in Control Program (CIC Program) and the Company's Severance Pay Plan (Severance Pay Plan), the Company provides protection to executives in situations involving termination "not for cause" following a change in control. The NEOs participate in the CIC Program and the Severance Pay Plan.

As a condition of participating in the CIC Program, eligible employees are required to enter into confidentiality and non-compete agreements in favor of the Company. The non-compete provisions of the CIC Program protect the Company whether or not a change in control occurs.

Under the CIC Program, a participant is entitled to certain "double-trigger" benefits following a change in control, that is, if the participant is terminated by the Company other than for cause, death or disability or if the participant resigns for good reason (amounting essentially to constructive discharge) on or within a certain period of time (for NEOs, two years) after a change in control of the Company. Benefits are also payable if a qualifying termination occurs up to six months prior to the change in control at the request of a third party involved in or contemplating a change in control of the Company.

The Compensation Committee last provided a change in control agreement that included an excise tax gross up in 2009, and no new participants have been or will be gross-up eligible. Mr. Hattersley was added to this plan in 2012, excluding a tax gross-up provision, because he came from MillerCoors, where he had a comparable change in control agreement. The CIC Program has since been closed to new participants. The Company will no longer provide the excise tax gross-up benefit to Mr. Hunter following his appointment as President and CEO to the Company.

Additional information about the Company's CIC Program and Severance Pay Plan is provided in the Potential Payments upon Termination or Change in Control section beginning on page 83.

Oversight of Executive Compensation Programs

To ensure consistent application of our philosophy described above, we draw on the perspectives of different groups in setting objectives, reviewing performance and determining rewards for our executive officers, including our NEOs. The following table outlines their roles and responsibilities.

Table of Contents

Roles and Responsibilities

The Board
(Majority Independent)

Sets annual operating plan and long-range (three year plan), including pre-tax income, net sales revenue (NSR), free cash flow, and PACC targets. These metrics lay the foundation for our compensation programs and frame the Board's oversight of the CEO; Reviews the CEO's performance which begins with the CEO submitting a self-evaluation of his performance measured against these metrics and the manner in which he motivated the team to achieve them; and
With the CEO excused from the room, the Board in February considers and discusses the recommendations of the Compensation Committee with respect to his prior-year performance, prior-year annual incentive, current-year base pay, annual incentive target and long-term incentive target.

Independent
Compensation
Committee

Sets compensation for the NEOs other than the CEO;
Reviews data, business objectives and goals as established in coordination with the Board, and assesses achievement and recommends compensation for the CEO for approval by the Board;
Considers compensation competitiveness based on a review of peer groups and, where applicable, comparable industry compensation;
Following the Board establishment of business goals and objectives, sets performance measures for purposes of Section 162(m) of the Code; and
Certifies levels of attainment of the Company and business unit performance and reviews the NEOs' performances based on the evaluation presented by the CEO.

Compensation Consultant

Reports directly to the Compensation Committee;
Assists in developing recommendations for compensation for executive officers including the NEOs; and
Based on input and guidance from the Compensation Committee, the CEO and the Chief People and Legal Officer, develops and provides information and recommendations for use by the Compensation Committee in reviewing and adjusting the Company's global compensation program, including:
peer group and industry data;
assessments of pay competitiveness for executive officers;
incentive plan design and implementation; and
methodologies for implementation of compensation elements and relative pay and performance alignment.

Additional Information Regarding Executive Pay Programs

Governance of Equity Grant Process

The Compensation Committee generally evaluates and approves annual equity grants at or about the same time as it determines and approves the Company's annual salary adjustments and annual incentive payouts. This typically occurs at its regularly scheduled meeting in the first quarter of the year.

Individual recognition equity awards may be granted at other times during the year related to special circumstances (acquisitions, establishment of joint ventures, promotions, extraordinary performance, retention, etc.). Awards of stock options, RSUs or other equity incentives to new executive officers also typically occur at the time the individual joins the organization or first becomes an officer. Equity awards made to NEOs during 2014 are further described under the header Long-Term Incentive Results in the 2014 Executive Pay Program Outcomes section beginning on page 61 and in the CEO Succession section beginning on page 52. These awards are also reflected in the relevant compensation tables beginning on page 70.

Employment Agreements and Letters

The Company has entered into employment agreements with Messrs. Swinburn and Hunter. The material terms of these agreements are described beginning on page 86. Messrs. Hattersley, Glendinning, and Anand have employment letters which outline the compensation components of their roles. These agreements do not provide a guarantee of continued employment, but rather clarify the workplace transition that will occur should employment of the executive end in a "not for cause" situation, other than for Mr. Hattersley. Mr. Swinburn retired at the end of 2014 and Mr. Hunter entered into a new employment agreement upon his appointment as President and CEO, the material terms are described beginning on page 87.

Stock Ownership Guidelines

We have stock ownership guidelines for our senior officers, including the NEOs, because we feel that it is important for the leadership team to have a meaningful stake in the Company to further align management's interests with those of our stockholders. Under the guidelines, senior officers must accumulate shares and share equivalents having a market value equal to a prescribed multiple of annual salary. All of our NEOs currently satisfy the applicable stock ownership guidelines which are set forth below.

Position	Ownership Requirement:	Additional Details
	Multiple of Annual Salary	
CEO	5 x	Each NEO has five years from commencing NEO status to reach the required ownership level.
Other NEOs	3 x	
Other Senior Executives	3 x	Shares owned outright, the value of shares in deferred compensation plans and the projected value of unvested RSUs and PSUs count toward the ownership requirement while vested and unvested stock options are excluded. PSU projections take into account stock price changes but assume metric performance at target.

Table of Contents

Recovery of Awards

In 2015, we enhanced our clawback policy which allows for the recovery of incentive compensation from current and former executive officers and certain other employees, if designated by the Compensation Committee, in the event the Company is required to prepare an accounting restatement due to noncompliance with required financial reporting requirements under the securities laws, regardless of whether the officer was at fault in the circumstances leading to the restatement. This enhancement applies to incentives related to 2015 performance and beyond and will apply to current and former executive officers and certain other employees designated by the Compensation Committee. The Compensation Committee will also modify this recovery policy based on the requirements to be issued by the NYSE pursuant to the mandate of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 once the NYSE rules are finalized.

Compliance with Section 162(m) of the Code

Section 162(m) of the Code generally limits the tax deductibility of compensation paid by a public company to its CEO and the three other most highly compensated executive officers (excluding the chief financial officer) who are in office at the end of the fiscal year to \$1 million per officer in the year the compensation becomes taxable to the executive. There is an exception to the \$1 million limit on deductibility for compensation that qualifies as "performance-based" or satisfies another exception. While the Compensation Committee seeks to preserve tax deductibility in developing and implementing our executive compensation program, the Compensation Committee believes it should retain flexibility in awarding compensation to our NEOs and thus has not adopted a policy that all compensation must be deductible for federal income tax purposes. The Compensation Committee intends that annual incentive awards, stock options and PSUs granted to our NEOs in 2014 qualify and be fully deductible by the Company under Section 162(m) of the Code. However, because of the fact-based nature of the "performance-based compensation" exception under Section 162(m) of the Code and the limited availability of binding guidance thereunder, it cannot be guaranteed that annual incentive awards, stock options, PUs and PSUs awarded or granted to our NEOs for 2014 will qualify for exemption under Section 162(m) of the Code, thereby preventing us from taking a deduction.

The Compensation Committee also considers the effect of accounting treatment in determining appropriate forms of compensation.

Independence of the Compensation Consultant to the Compensation Committee

During 2015, the Compensation Committee utilized Pay Governance, an independent executive compensation firm which does no other business with the Company (except to act as its Compensation Consultant), to advise the Compensation Committee and Board on the design and potential changes to the Company's executive and director compensation policies.

The Compensation Committee reviewed the Company's relationship with Pay Governance to ensure the independent judgment of the Compensation Consultant and does not believe that there are any conflicts of interest. This review is conducted to ensure the Compensation Consultant renders candid and direct advice independent of management's influence.

Response to Advisory Say on Pay Vote

The Compensation Committee has also taken into consideration the results of the 2014 stockholder advisory vote to approve executive compensation. The result of the vote was that stockholders approved (receiving approximately 98% of votes cast in favor) management's recommendations to approve, on an advisory basis, the compensation of our NEOs presented in the 2014 proxy statement. Given the strong

stockholder support of the Company's executive compensation programs, the Compensation Committee has followed a similar approach to compensation in 2015. The Compensation Committee will continue to consider the result of say on pay votes when making future compensation decisions for the NEOs.

COMPENSATION COMMITTEE REPORT

The Compensation Committee, comprised of independent directors, reviewed and discussed the above CD&A with the Company's management. The Compensation Committee believes that the Company has no compensation policies and programs that give rise to risks reasonably likely to have a material adverse effect on the Company. Based on the review and discussion, the Compensation Committee recommended to the Board that the CD&A be included in this Proxy Statement.

Table of Contents

Stock Awards (Column (e))

The amount in the Stock Awards column is the aggregate grant date fair value of stock awards granted to each NEO, calculated in accordance with the provisions of the Financial Accounting Standards Board Accounting Standards Codification 718, Compensation-Stock Compensation (FASB Topic 718). The stock awards granted to the NEOs consisted of PUs, PSUs and RSUs and are described in the CD&A section beginning on page 44.

The assumptions used to calculate these amounts are incorporated by reference to Note 14 "Share-Based Payments" to the Company's consolidated financial statements in the Annual Report for the fiscal year ended December 31, 2014. The PUs, PSUs, and RSUs were granted under the Molson Coors Brewing Company Incentive Compensation Plan (Incentive Plan), the material provisions of which are described in the Short-Term Incentives in 2014 section beginning on page 56. In calculating the number of PSUs and RSUs, the Compensation Committee uses the closing date share price on the award date. In calculating the number of shares to be paid for vested PUs, the Compensation Committee uses the closing date share price on the vest date. However, the expense for the awards illustrated in the table are based on FASB Topic 718 as described above. The grant date fair value of the PSUs was calculated based on the achievement of target performance. For 2014, the total aggregate grant date fair value of all stock awards assuming the highest level of payout for PSUs would be as follows: \$5,782,637 for Mr. Swinburn, \$1,413,591 for Mr. Hattersley, \$3,200,832 for Mr. Glendinning, \$1,796,226 for Mr. Anand and \$1,285,156 for Mr. Hunter.

The Company cautions that the amounts reported for these awards may not reflect the amounts that the NEOs will actually realize from the awards. Whether, and to what extent, a NEO realizes value is dependent on a number of factors including, the Company's performance, stock price and the NEOs continued employment.

Option Awards (Column (f))

The amount in the Option Awards column is the grant date fair value of stock option awards granted to each NEO, calculated in accordance with FASB Topic 718. The stock options awards granted to the NEOs are described in the CD&A.

The assumptions used to calculate these amounts are incorporated by reference to Note 14 "Share-Based Payments" to the Company's consolidated financial statements in the Annual Report for the year ended December 31, 2014. The stock options were granted under the Incentive Plan.

Non-Equity Incentive Plan Compensation (Column (g))

The amounts reported in the Non-Equity Incentive Plan Compensation column represent amounts earned by the NEOs under the MCIP as explained in the CD&A in the section beginning on page 44.

Change in Pension Value and Non-Qualified Deferred Compensation Earnings (Column (h))

The amounts shown in the Change in Pension Value and Non-Qualified Deferred Compensation Earnings column include changes in pension values under the tax qualified pension plan for Molson Coors UK, the EFRBS, DC SERP and the Supplemental Thrift Plan.

Table of Contents

The amounts contributed to the Thrift Plan and the Supplemental Thrift Plan (collectively, the Thrift Plans) are calculated on the same basis for all participants in the relevant plan. The provisions of the Supplemental Thrift Plan, EFRBS and the DC SERP are described in the Non-Qualified Deferred Compensation section beginning on page 82.

Under the 2014 design, no payments can be made under the Incentive Plan unless a minimum level of performance is achieved, and no payments can exceed 200% of the target amount.

Long-Term Incentives

Stock Options

The Company has outstanding options under the Incentive Plan. The Incentive Plan provides that the exercise price must be at least equal to 100% of the fair market value of the underlying shares on the date of grant.

Under the Incentive Plan, vesting accelerates in connection with a change in control and for retirement eligible employees who terminate. In all other cases, unvested stock options are forfeited.

Table of Contents

Restricted Stock Units (RSUs)

The Company has outstanding RSUs under the Incentive Plan. The Company may impose such conditions or restrictions on any shares of RSUs granted pursuant to the Incentive Plan as it may deem advisable including, without limitation, restrictions based upon the achievement of specific performance goals, time based restrictions on vesting following the attainment of the performance goals, time based restrictions, or restrictions under applicable laws or under the requirements of any stock exchange or market upon which such shares are listed or traded, or holding requirements or sale restrictions placed on the shares by the Company upon vesting of such RSUs.

A participant has no voting rights with respect to any RSUs granted. The Company may provide for dividend equivalents to be credited with respect to any RSUs granted, but has not done so.

In the event of death or disability, or for retirement eligible employees who terminate, RSU vesting is accelerated on a pro-rata basis. In the event of a change in control, all RSUs vest.

Performance Share Units (PSUs)

The Company has outstanding PSUs under the Incentive Plan. In connection with the grant of PSUs, the Compensation Committee will set performance goals in its discretion which, depending on the extent to which such goals are met, will determine the amount paid to the participant.

The Compensation Committee, in its sole discretion, may pay earned PSUs in the form of cash or in shares (or in a combination thereof) equal to the value of the earned PSUs at the close of the performance period. Any shares may be granted subject to restrictions deemed appropriate by the Compensation Committee.

(b) This column includes Stock Only Stock Appreciation Rights (SOSARs) and stock options that have vested and have not been exercised. SOSARs and stock options generally vest in equal annual installments over a three year period, subject to acceleration of vesting in the event of a change in control or certain termination events. We have not granted SOSARs to NEOs since 2008.

(c) This column includes stock options that have not vested.

(d)

This column does not appear in the table above as it is reserved for performance based stock options which the Company does not award.

(e) This column indicates the stock option and SOSARs strike price.

(f) This column indicates the expiration date for stock options and SOSARs which is ten years from the date of grant.

(g) This column includes unvested RSUs, which generally vest on the third anniversary of the date of grant, based on continuing employment, subject to acceleration in the event of a change in control or certain termination events.

(h) Market value of RSUs that have not vested is calculated by multiplying the number of unvested RSUs by the closing market price of \$74.52 for Class B common stock on December 31, 2014.

This column represents unvested PUs and PSUs which vest at the conclusion of the performance period upon

(i) Compensation Committee approval, subject to acceleration in the event of a change in control. Typically, the performance period is three years beginning with the fiscal year in which the award was granted.

The value of PUs is calculated based on target values as of the date of grant. For the 2012 PU award, the target payout is \$14.35 per unit. The value of PSUs is calculated by multiplying the number of unvested PSUs by the

(j) closing market price of \$74.52 for Class B common stock on December 31, 2014. The final payout may be more or less depending on final performance. Mr. Anand also received two special PU awards with a target payout of \$10.00 per unit.

Pension Benefits

The following table sets forth the present value of accumulated benefits payable to each of the NEOs under the tax-qualified and non-qualified retirement plans including their years of service, if applicable. Such amounts are determined using assumptions stated in Note 16 "Employee Retirement Plans and Postretirement Benefits" to the Company's Form 10-K.

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefits (\$)	Payments During Last Fiscal Year (\$)

U.S. Pension

The Company froze its U.S. qualified defined benefit pension plan in 2008 and the assets and liabilities of the plan were transferred to MillerCoors. During 2009, the Company converted its supplemental executive retirement plan (SERP) and excess benefit plan into the Supplemental Thrift Plan. The Supplemental Thrift Plan is described in the following section, Nonqualified Deferred Compensation.

U.K. Pension

Effective April 1, 2009, the Company froze its U.K. defined benefit plan for all employees. For Mr. Swinburn, the rate of accrual was 1/30th per year of service based on plan provisions in place at the time he joined the plan. Final pensionable pay is defined as a one-year average of basic pay. The benefit is earned on a "straight line approach" and capped at a maximum of 20 years of service. Normal retirement age for executive participants is age 60. However, Mr. Swinburn chose to draw his benefits from age 55 without reduction for early payment under an enhanced early retirement facility. For Messrs. Glendinning and Hunter, the same general provisions apply with a rate of accrual of 1/45th per year of service. Messrs. Glendinning and Hunter ceased accruing additional benefits once the plan was frozen.

The qualified balances for Messrs. Swinburn, Glendinning and Hunter are displayed in the table above. The present value of accumulated benefits for the U.K. qualified pension plan is shown (through December 31, 2014) using an assumed retirement age of 60 (age 55 for Mr. Swinburn), a discount rate of 3.60%, a price inflation rate of 3.05%, and pension increases which are assumed to be 2.95% for pre-April 2006 contributions and 2.35% for post-April 2006 contributions. The average annual exchange rate for 2014 of 1.56 USD to the GBP was used to complete the currency conversion and the value as of December 31, 2014 was £6,942,770.

Non-Qualified Deferred Compensation

The following table sets forth information for each of the NEOs regarding aggregate executive and Company contributions and aggregate earnings (on the entire account balance) accrued during 2014, as well as year-end account balances under the deferred compensation plans.

Mark Hunter	Individual EFRBS	—	160,292	29,998	—	892,315

(c) Company Contributions to the Thrift Plans, EFRBS and DC SERP are reflected in the Summary Compensation Table in the "All Other Compensation" column(i).

(d) Aggregate Earnings in the Last Fiscal Year are reflected in the Summary Compensation Table in the Change in Pension Value of Non-Qualified Deferred Compensation Earnings.

The Supplemental Thrift Plan for U.S. Participants

The Supplemental Thrift Plan makes employees whole when Section 401(k) of the Code limits the Company contributions that otherwise would be credited to them under the Supplemental Thrift Plan. In 2014, Company contributions could only be made on income allowable up to \$260,000. The Company makes up for amounts that cannot be credited under the Thrift Plan by crediting the employee with the Company contributions in the Supplemental Thrift Plan. Participants are immediately vested in their Supplemental Thrift Plan benefit. Employees are not permitted to make contributions to the Supplemental Thrift Plan and may not withdraw funds until they separate from the Company. Upon separation from the Company, plan balances are paid in a lump sum cash payment.

Additional Deferred Compensation Plans

Mr. Hunter's Individual EFRBS is a defined contribution individual Employer Financed Retirement Benefit Scheme. The individual EFRBS makes Mr. Hunter whole given the GBP 1,250,000 limit on pension account balances under U.K. tax law. The Company makes up for amounts that cannot be credited in a tax favorable way under the Company's tax approved U.K. Pension Plan through notional contributions to the individual EFRBS. Mr. Hunter may not make contributions to the plan, he is fully vested in this plan and will receive benefits in the form of a lump sum payment upon his retirement from the Company, as defined under his individual EFRBS agreement. The EFRBS is an unfunded arrangement whereby earnings mirror those of the Company's tax approved U.K. pension arrangement. Mr. Hunter is free to direct the notional investment of his notional fund in line with the options available under the Company's tax approved U.K. pension arrangement. The benefit, when paid, will be subject to U.K. Income Tax and may be subject to U.K. National Insurance Contributions.

Table of Contents

Mr. Glendinning's DC SERP and unregistered defined contribution plan (collectively, the retirement plans) compliment his registered defined contribution retirement plan which is provided to all Molson Coors Canada salaried employees. Notional allocations are made each month to an individual account maintained by the Company. Mr. Glendinning may not make contributions to the plan, he is fully vested in this plan and will receive benefits in the form of a lump sum payment within 60 days of his separation from the Company, other than separation for cause. The notional allocation is reduced by any contributions the Company makes to the retirement plans. The DC SERP is an unfunded arrangement whereby earnings mirror those of Mr. Glendinning's retirement plans. Of the amounts in column (f) of the Nonqualified Deferred Compensation table, the following amounts were also included in the Total column of the Summary Compensation Table for 2014, 2013 and 2012:

2 Mr. Glendinning was not an NEO in 2013 and therefore values are not provided.

3 Mr. Anand was not an NEO in 2013 or 2012 and therefore values were not provided.

Potential Payments Upon Termination or Change in Control

The following table reflects the incremental amount of compensation payable to each of the NEOs in the event of various termination scenarios or a change in control of the Company. The amounts shown assume that such termination was effective as of December 31, 2014, and the value of the Class B common stock was the December 31, 2014, closing market price of \$74.52. The amounts do not include benefits earned or vested on or before December 31, 2014, or benefits provided under insurance or regular programs generally available to salaried employees.

Mr. Anand is retirement eligible for purposes of the Incentive Plan and entitled to accelerated vesting of all of his stock options and a pro-rata portion of his PSUs, PUs, and RSUs. Upon retirement, the vesting of Mr. Swinburn's stock options were accelerated. In addition, Mr. Swinburn's PSUs, PUs, and RSUs granted prior to 2013 vested pro-rata upon his retirement. Mr. Swinburn's PSU and RSU awards granted from and after 2013 were subject to their normal vesting provisions upon retirement, as described on pages 59 and 60, and thus the full value of the awards are assumed in this table. The amounts in the table reflect the: (i) intrinsic value of the acceleration of vesting of stock options (the difference between the exercise price and \$74.52, the closing price of the Class B common stock on December 31, 2014); and (ii) the value of the applicable vesting PSUs, PUs, and RSUs are calculated using the closing price of the Class B common stock on December 31, 2014 (\$74.52). PSUs and PUs are still subject to the Company meeting the applicable performance requirements. The table assumes performance at target.

Messrs. Hattersley, Glendinning and Hunter are not retirement eligible and would receive no additional payments. Mr. Swinburn retired as the Company's President and CEO effective December 31, 2014, and received the benefits as noted above.

¹ Mr. Swinburn announced his retirement in July 2014 and therefore at December 31, 2014 was not eligible for the additional change in control severance payments and benefit and perquisites.

The amounts in the table above, under Severance Payments and Benefits and Perquisites, reflect the payments under the CIC Program. The amounts in the table reflect the: (i) intrinsic value of the acceleration of vesting of stock options (the difference between the exercise price and \$74.52, the closing price of the Class B common stock on December 31, 2014); and (ii) the value of PSUs and RSUs using the closing price of the Class B common stock on December 31, 2014 (\$74.52). The value of the PSUs and PUs are calculated assuming performance at 120% of target. Mr. Hattersley would not be eligible for an excise tax gross-up as the Company has ceased providing this benefit to new executives. The Company will no longer provide the excise tax gross-up benefit to Mr. Hunter following his appointment as President and CEO to the Company.

Table of Contents

Change in Control Program

The CIC Program provides benefits to participants in the event that their employment is terminated within a specified period following a change in control of the Company. In the event of termination due to a change in control the benefits for participants under the CIC Program are:

• A lump sum payment of the sum of salary and target annual bonus times the applicable multiplier (3x for the NEOs);
• A pro rata annual bonus at target covering the performance year in which the employee is terminated due to a change in control;

• For executives participating in a U.S. health plan, the ability to continue health coverage under the Consolidated Omnibus Budget Reconciliation Act (COBRA), for a period of 18 months, at the same cost sharing level as active employees. For non-U.S. executives, continued Company provided health coverage for a period of 12 months;

• Up to 12 months of outplacement services;

• Accelerated vesting of stock options, restricted stock, RSUs, and other stock based awards, including PSUs and PUs at 120% of target, with stock options remaining exercisable until the earlier of one year after termination of employment or the expiration of the term of the stock option; and

• For Mr. Anand, in the event that the payment under the CIC Program results in an imposition of an excise tax under Section 4999 of the Code, the Company has agreed to reimburse the executive for the cost of the additional tax, plus any necessary tax gross-up. Mr. Hattersley is not eligible for this provision as the Company no longer provides for it for new entrants to the CIC Program. Messrs. Glendinning and Hunter were not subject to IRS regulations as their primary residences are in the Canada and U.K., respectively, in 2014. The Company will no longer provide this benefit to Mr. Hunter following his appointment as President and CEO to the Company.

Under the CIC Program, "cause" will arise in the event of conviction of certain crimes, commission of certain illegal acts or breaches of the code of conduct or willful failure to perform duties. "Good reason" for a participant will arise following a change in control if the Company fails to pay the participant as promised, materially reduces or modifies the participant's position, responsibilities or authority or requires relocation outside a 50 mile radius of the participant's location of employment. For purposes of the CIC Program, a change in control will occur if: (i) an individual or group acquires voting stock of the Company sufficient to have more voting power than the Voting Trust established under the Class A Common Stock Voting Trust Agreement; (ii) Molson/Coors family nominees cease to constitute at least 50% of a majority of the Board elected by the voting securities held by the Class A Common Stock Voting Trust; or (iii) a merger or other business combination occurs, unless following such merger or combination: (a) the Class A Common Stock Voting Trust continues to hold voting securities entitled to elect a majority of the Board; and (b) at least 50% of a majority of the Board are Molson/Coors family nominees. The CIC Program supersedes change in control provisions in individual employment agreements. As a condition of accepting participation in the CIC Program, eligible employees are required to enter into confidentiality and non-compete agreements in favor of the Company. The non-compete provisions of the CIC Program protect the Company whether or not a change in control occurs.

Mr. Swinburn is no longer eligible for benefits under the CIC Program due to his retirement at December 31, 2014.

PROPOSAL NO. 3 — APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE MOLSON COORS BREWING COMPANY INCENTIVE COMPENSATION PLAN

Our Board recommends that you vote FOR this proposal to approve the amendment and restatement of the Plan. We are asking stockholders to approve the amendment and restatement of the Plan to:

- provide flexibility to grant awards under the Plan that are intended to qualify as performance-based compensation under Section 162(m) of the Code; and
- extend the term of the Plan for ten years.

We also amended the Plan to incorporate certain sound corporate governance practices, including an enhanced clawback provision, eliminating share recycling and placing a cap on the number of shares that can be issued to non-executive directors.

Reasons for Seeking Approval of the Amended and Restated Molson Coors Brewing Company Incentive Compensation Plan

The Plan currently authorizes up to 20,000,000 shares of Class B common stock, plus the number of shares of Class B common stock that remain available for issuance under the Company's expired Adolph Coors Company Equity Incentive Plan, to be issued to employees (including employees of our affiliates), directors and certain third-party service providers participating in the Plan. As of April 10, 2015, there were 6,799,846 shares of the Company's Class B common stock remaining available for grant under the Plan.

We are not asking for the authorization of any additional shares for issuance under the Plan.

Extension of Term of the Plan

The Plan by its terms would have expired on February 9, 2015. Effective January 26, 2015, our Board approved an extension of the term of the Plan for an additional 10 years, and on February 19, 2015, the Board approved an amendment and restatement of the Plan, each subject to stockholder approval at the Annual Meeting. In the expectation that the Plan as amended and restated would be presented for approval at the Annual Meeting, and to maintain the Company's annual grant schedule, the Board and the Compensation Committee (the Plan Committee) granted awards effective March 9, 2015, (the March Grants) that will be cancelled if stockholders do not approve the Plan at the Annual Meeting. These awards are described under Plan Benefits beginning on page 100.

The Board believes that the Company's ability to attract, retain and motivate quality employees and directors is vital to the Company's success. The Board also believes that the interests of the Company and its stockholders will be advanced if the Company can continue to offer such employees, directors and, in certain circumstances, third-party service providers the opportunity to acquire or increase their proprietary interests in the Company by receiving awards under the Plan.

Section 162(m) Reapproval

Section 162(m) of the Code places a limit of \$1,000,000 on the amount we may deduct in any one year for compensation paid to our “covered employees.” A covered employee generally includes our CEO and each of our other three most highly-compensated executive officers (other than our CFO). However, if certain conditions are met, compensation that qualifies as “performance-based” is excluded for purposes of calculating the amount of compensation subject to the \$1,000,000 limit. In general, one of the requirements that must be satisfied for an award to qualify as performance-based compensation under Section 162(m) is that stockholders must reapprove, every five years, the material terms of the plan, including the material terms of the performance goals, under which the compensation will be paid. Accordingly, our stockholders are being asked to approve this Proposal 3 to ensure that the Plan Committee has the flexibility to grant awards under the Plan that are intended to qualify as performance-based compensation under Section 162(m) of the Code. The material terms of the performance goals, as proposed to be amended to include an additional performance measure and revisions to permissible adjustments, are described below under Summary of the Plan.

If our stockholders do not approve the Plan, all March Grants will be cancelled, no new awards will be granted to covered employees under the Plan, and the Plan Committee will make a determination in its business judgment as to the appropriate compensation for such employees taking into account considerations important to the Company’s success and the benefits and costs to the Company, including the additional costs arising from the Company’s inability to deduct all or a portion of the compensation paid to covered employees.

Key Features of the Plan

The Plan includes several features that are consistent with the interests of our stockholders and sound corporate governance practices, including the following:

- No discounted stock options or Stock Appreciation Rights (SARs): Stock options and SARs may not be granted with an exercise or grant price lower than the fair market value of the underlying shares on the date of grant;
- No repricing of stock options or SARs without stockholder approval: The Plan prohibits the direct or indirect repricing of stock options or SARs without prior stockholder approval;
- No liberal share counting or “recycling” of shares: Shares withheld by or delivered to the Company to satisfy the exercise or grant price of stock options and SARs or tax withholding obligations upon exercise or vesting of awards will not be available for future grants;
- No liberal change-in-control definition: Change-in-control benefits are triggered only by the occurrence, rather than by stockholder approval, of a merger or other change-in control event;
- Double-trigger change-in-control vesting: If stock options or RSUs are replaced by a successor company in connection with a change in control, such awards will not automatically vest and pay out solely as a result of the change in control;
- Limit on Non-Employee Director awards: The Plan establishes a maximum number of shares that may be granted to a Non-Employee Director in any plan year (as described below);
- No dividends on unearned performance-based awards: Dividends or dividend equivalents may not be paid on unearned performance-based awards;
- Awards subject to clawback policy: Awards granted under the Plan are subject to the Company’s clawback policy;
- No transferability: Awards generally may not be transferred for value prior to their vesting or exercise;
- No automatic share replenishment or “evergreen” provision: There is no evergreen provision pursuant to which the shares authorized for issuance under the Plan can be automatically replenished; and

Moderate burn rate: Our three-year average burn rate (adjusting for full-share awards) of approximately 1.0% is lower than the industry guidance established by certain major proxy advisory firms.¹

¹ We calculated our burn rate by: (i) applying a factor of three to each full value award and a factor of one to options granted during each calendar year and (ii) dividing the resulting number by the weighted average number of shares of our common stock outstanding for each respective year.

Summary of the Plan

The complete text of the Plan is attached to this Proxy Statement as Appendix B. The following description of the Plan is a summary of certain provisions of the Plan as proposed to be amended (including the material terms of the performance goals for purposes of Section 162(m) of the Code), and is qualified in its entirety by reference to Appendix B.

Purpose and Eligibility

The purpose of the Plan is to provide a means whereby employees, directors and third-party service providers of the Company, develop a sense of proprietorship and personal involvement in the development and financial success of the Company, and to encourage them to devote their best efforts to the business of the Company. A further purpose of the Plan is to provide a means through which the Company may attract able individuals to become employees or serve as directors or third-party service providers of the Company and to provide a means for such individuals to acquire and maintain stock ownership, thereby strengthening their concern for the welfare of the Company. As of April 10, 2015, the number of persons eligible to receive awards under the Plan was approximately 509. As of that date, approximately 478 persons held outstanding awards under the Plan.

Shares Available for Issuance

Subject to adjustment as provided in the Plan, a maximum of 20,000,000 shares of Class B common stock, plus the number of shares of Class B common stock that remain available for issuance under the Company's prior Adolph Coors Company Equity Incentive Plan, which has expired, may be issued under the Plan. To satisfy awards under the Plan, the Company may use authorized, but unissued shares of Class B common stock or shares of Class B common stock held in treasury. The closing price of the Class B common stock as reported on the NYSE on April 10, 2015 was \$76.63.

Share Usage

Shares covered by an award under the Plan are counted as used to the extent such shares are actually delivered. Shares subject to awards under the Plan or under the Company's prior plans that lapse are forfeited or canceled or are settled without the issuance of stock will be available for awards under the Plan. Shares actually issued under the Plan in a stock option exercise, shares not issued or delivered as the result of the net settlement of an outstanding SAR or stock option and shares used to pay the exercise price or withholding taxes related to an outstanding award will not be again made available for issuance.

Limits on Awards for Purposes of Section 162(m) of the Code

If the Plan Committee determines that an award to a covered employee (as defined under Section 162(m) of the Code) is intended to qualify as performance-based compensation, the following limits, subject to adjustment as provided in the Plan, will apply to grants of such awards:

Table of Contents

• Stock Options: the maximum aggregate number of shares subject to stock options granted in any one plan year to any one participant is 500,000 shares;

• SARs: the maximum number of shares subject to stock appreciation rights granted in any one plan year to any one participant is 500,000 shares;

• Restricted Stock or RSUs: the maximum aggregate grant with respect to awards of restricted stock or RSUs in any one plan year to any one participant is 250,000 shares;

• PUs or Performance Share Units: the maximum aggregate award of PUs or performance share units that any one participant may receive in any one plan year is 250,000 shares if such award is payable in shares, or equal to the value of 250,000 shares if such award is payable in cash or property other than shares with such amount determined as of the earlier of the vesting date or the payout date;

• Cash-Based Awards: the maximum aggregate amount awarded or credited with respect to cash-based awards in any one plan year to any one participant is \$5,000,000;

• Covered Employee Annual Incentive Award: the maximum aggregate amount awarded or credited in any one plan year with respect to a covered employee annual incentive award is the lesser of five times such employee's annual base salary as in effect on March 1 of such plan year or \$5,000,000; and

• Other Stock-Based Awards: the maximum aggregate grant with respect to other stock-based awards pursuant to Section 10.2 of the Plan in any one plan year to any one participant is 250,000 shares.

For purposes of the above limits, the term "plan year" is the Company's fiscal year unless the Plan Committee designates a calendar year for a particular award.

Limit on Awards to Non-Employee Directors

Subject to adjustment as provided in the Plan, the aggregate number of shares subject to all awards granted in any one plan year (as defined above) to any one Non-Employee Director, excluding awards made pursuant to deferred compensation arrangements in lieu of all or a portion of cash retainers may not be for more than an aggregate of 25,000 shares.

Adjustments

In the event of any corporate event or transactions (including, but not limited to, a change in the shares of the Company or the capitalization of the Company), such as a merger, consolidation, reorganization, recapitalization, separation, stock dividend, stock split, reverse stock split, split up, spin-off or other distribution of stock or property of the Company, combination of shares, exchange of shares, dividend in kind, or other like change-in-capital structure or distribution (other than normal cash dividends) to stockholders of the Company or any similar corporate event or transaction, the Plan Committee, in its sole discretion, in order to prevent dilution or enlargement of a participant's rights under the Plan, shall substitute or adjust, as applicable, the number and kind of shares that may be issued under the Plan or under particular forms of awards, the number and kinds of shares subject to outstanding awards, the option price or grant price applicable to outstanding awards, the annual award limits and other valuable determinations applicable to outstanding awards.

Administration

Under the terms of the Plan, the Plan Committee has full and exclusive discretionary power to:

• interpret the terms and the intent of the Plan and any award agreement, other agreement or document ancillary to, or in connection with, the Plan;

• determine eligibility for awards; and

Table of Contents

adopt such rules, regulations, forms, instruments and guidelines for administering the Plan as the Plan Committee may deem necessary or proper.

The Plan Committee's authority includes selecting award recipients, establishing all award terms and conditions, including the terms and conditions set forth in award agreements, granting awards as an alternative to, or as the form of payment for, grants or rights earned or due under compensation plans, or arrangements of the Company and, subject to terms of the Plan, adopting modifications and amendments to the Plan or any award agreement, including any that are necessary to comply with the laws of the jurisdictions in which the Company and/or its affiliates operate.

The Plan Committee may delegate to one or more of its members, or to one or more officers of the Company or its affiliates, or to one or more agents or advisors such administrative duties or powers as it may deem advisable. The Plan Committee, or any individuals to whom it has delegated duties or powers, may employ one or more individuals to render advice with respect to any responsibility the Plan Committee or such individuals may have under the Plan. The Plan Committee may authorize one or more officers of the Company to designate employees to be recipients of awards and determine the size of any such awards, subject to a limitation established by the Plan Committee. However, the Plan Committee may not delegate such responsibilities to any such officer for awards granted to an employee that is an individual who is, on the relevant date, an officer or director of the Company or otherwise determined by the Board to be an "insider" as that term is defined in the Plan.

Stock Options

Stock options to purchase shares of the Company's Class B common stock may be granted to participants in such number, and upon such terms, and at any time, from time to time, as the Plan Committee determines in its sole discretion. Stock options intended to meet the requirements of Section 422 of the Code, which are referred to as incentive stock options, may be granted only to eligible employees of the Company or of any parent or subsidiary corporation (as permitted by Section 422 of the Code).

The exercise price for each stock option is determined by the Plan Committee, provided that the exercise price must be:

- based on 100% of the fair market value of the shares on the grant date;
- set at a premium to the fair market value of the underlying shares on the grant date; or
- indexed to the fair market value of the underlying shares on the grant date; except that the exercise price on the grant date must be at least equal to 100% of the fair market value of the underlying shares on the grant date.

The term of stock options generally cannot exceed ten years. However, with respect to stock options granted to participants outside the U.S., the Plan Committee has the authority to grant stock options that have a term greater than ten years. Stock options are exercisable at such times and subject to such restrictions and conditions as the Plan Committee approves.

Stock Appreciation Rights

Under the Plan, SARs may be granted to participants at any time as determined by the Plan Committee. The Plan Committee may grant freestanding SARs, tandem SARs, or any combination of these forms of SARs. Subject to the terms and conditions of the Plan, the Plan Committee has complete discretion in determining the number of SARs granted to each participant and in determining the terms and conditions pertaining to such SARs. The grant price for each grant of a freestanding SAR is determined by the Plan Committee, provided that the grant price shall be:

- based on 100% of the fair market value of the underlying shares on the date of grant;
- set at a premium to the fair market value of the underlying shares on the date of grant; or

Table of Contents

indexed to the fair market value of the shares on the date of grant, provided that the grant price must be at least equal to 100% of the fair market value of the underlying shares on the date of grant.

The grant price of tandem SARs will be equal to the exercise price of the related option. The term of an SAR is determined by the Plan Committee, in its sole discretion, but generally, the term of an SAR shall not exceed ten years. SARs are exercisable at such times and subject to such restrictions and conditions as the Plan Committee approves.

Restricted Stock and Restricted Stock Units

Subject to the terms and provisions of the Plan, the Plan Committee at any time may grant awards as restricted stock and/or RSUs.

The Plan Committee may impose such conditions or restrictions on any shares of restricted stock or RSUs granted pursuant to the Plan as it may deem advisable including, without limitation, a requirement that participants pay a stipulated purchase price for each share of restricted stock or each RSU, restrictions based upon the achievement of specific performance goals, time-based restrictions on vesting following the attainment of the performance goals, time-based restrictions, or restrictions under applicable laws or under the requirements of any stock exchange or market upon which such shares are listed or traded, or holding requirements or sale restrictions placed on the shares by the Company upon vesting of such restricted stock or RSUs.

Unless otherwise determined by the Plan Committee, to the extent permitted or required by law, participants holding shares of restricted stock granted under the Plan may be granted the right to exercise full voting rights with respect to those shares during the restriction period. A participant has no voting rights with respect to any RSUs granted.

Participants are not be entitled to dividend equivalents on RSUs granted unless designated by the Plan Committee.

Performance Units/Performance Share Units

Subject to the terms and provisions of the Plan, the Plan Committee may grant performance units (PUs) or performance share units (PSUs) to participants in such amounts and upon such terms as the Plan Committee determines. Each PU will have an initial value that is established by the Plan Committee at the time of grant and each PSU will have an initial value equal to the fair market value of the underlying common stock on the grant date. In connection with the grant of PUs or PSUs, the Plan Committee will set performance goals in its discretion which, depending on the extent to which such goals are met, will determine the value or number of PUs or PSUs paid to the participant.

The form and timing of payment of earned PUs and PSUs will be determined by the Plan Committee. The Plan Committee, in its sole discretion, may pay earned PUs and PSUs in the form of cash or in shares (or in a combination thereof) equal to the value of the earned PUs or PSUs, as applicable, at the close of the performance period. Any shares may be granted subject to restrictions deemed appropriate by the Plan Committee.

Cash-Based Awards and Other Stock-Based Awards

Subject to the terms and provisions of the Plan, the Plan Committee may grant cash-based awards to participants in such amounts and upon such terms as the Plan Committee determines, including the achievement of specific performance goals. The Plan Committee may also grant other types of equity-based or equity-related awards not otherwise described by the terms of the Plan (including the grant or offer for sale of unrestricted shares of Class B common stock) in amounts and subject to such terms and conditions, as the Plan Committee may determine. Such awards may involve the transfer of actual shares to participants or payment in cash or otherwise of amounts based on the value of shares, and may

Table of Contents

include, without limitation, awards designed to comply with, or take advantage of, the applicable local laws of jurisdictions other than the U.S.

Each cash-based award will specify a payment amount or payment range as determined by the Plan Committee. Each stock-based award will be expressed in terms of shares or units based on shares, as determined by the Plan Committee. The Plan Committee may establish performance goals with respect to such awards in its discretion. If the Plan Committee exercises its discretion to establish performance goals, the number or value of cash-based awards or other stock-based awards that will be paid out to the participant will depend on the extent to which the performance goals are met. Payment, if any, with respect to a cash-based award or stock-based award will be made, in cash or shares, in accordance with the terms the Plan Committee determines.

Performance Measures

Subject to the terms of the Plan, the performance goals upon which the payment or vesting of an award that is intended to satisfy the requirements of Section 162(m) of the Code for certain performance-based compensation paid to covered employees, referred to as performance-based compensation, will be limited to the following performance measures:

- Net earnings or net income (before or after taxes);
- Earnings per share;
- Net sales or revenue growth;
- Net operating profit;
- Return measures (including, but not limited to, return on assets, capital, invested capital, equity, revenue or sales);
- Cash flow (including, but not limited to, operating cash flow, free cash flow and cash flow return on equity);
- Earnings before or after taxes, interest, depreciation and/or amortization;
- Gross or operating margins;
- Productivity ratios;
- Share price (including, but not limited to, growth measures and total stockholder return);
- Expense targets;
- Margins;
- Operating efficiency;
- Market share;
- Profit After Capital Charge (PACC);
- Customer satisfaction; and
- Balance sheet and statement of cash flow measures (including, but not limited to, working capital amounts and levels of short and long-term debt).

Any performance measure may be used to measure the performance of the Company and/or its affiliates as a whole or any business unit of the Company and/or its affiliates or any combination thereof, for one performance period or averaged over time, as the Plan Committee may deem appropriate, or any of the above performance measures as compared to the performance of a group of comparative companies, or published or special index that the Plan Committee, in its sole discretion, deems appropriate, and may, but need not be, based on a change or an increase or positive result. The Plan Committee also has the authority to provide for accelerated vesting of any award based on the achievements of performance goals pursuant to the performance measures specified above or such other factors as the Plan Committee determines.

The Plan Committee may provide in any such award that any evaluation of performance may include or exclude any of the following items:

Table of Contents

• Litigation or claim judgments or settlements;
• The effects of changes in tax laws, accounting principles or other laws or provisions affecting reported results;
• Foreign exchange gains and losses;
• Special items; and
• Non-core items.

Non-core items may include: (a) acquisition and integration related costs; (b) unrealized mark-to-market gains and losses; (c) gains and losses on sales of non-operating assets; (d) other non-core items; or (e) certain material discrete tax benefits, all of which must be identified as non-GAAP adjustments in the Management's Discussion and Analysis section of the Company's Annual Report and deemed significant by management.

Special items may include: (a) infrequent or unusual items per U.S. GAAP; (b) impairment or asset abandonment losses; (c) restructuring charges and other atypical employee-related costs; or (d) fees on termination of significant operating agreements and gains (losses) on disposal of investments, all of which must be identified in the audited financial statements, including footnotes, of the Company's Annual Report and deemed significant by management.

The determination of whether an item constitutes a non-core item or a special item will be made in accordance with the Company's written policies regarding such items that are in effect as of the date the Plan Committee approves an award consistently applied.

The Plan Committee may also provide in any such award that the Company's effective income tax rate taken into account for purposes of a performance measure be based on a rolling average over more than one taxing period, or that foreign exchange gains and losses will be measured based on a predetermined foreign exchange rate established when the award is granted. To the extent such inclusions or exclusions affect awards to covered employees, they will be prescribed in a form that is intended to meet the requirements of Section 162(m) of the Code.

Awards that are intended to qualify as performance-based compensation may not be adjusted upward. The Plan Committee retains the discretion to adjust such awards downwards, either on a formula or discretionary basis or any combination, as the Plan Committee determines.

In the event that applicable tax and/or securities laws change to permit the Plan Committee discretion to alter the performance measures without obtaining stockholder approval of such changes, the Plan Committee has sole discretion to make such changes without obtaining stockholder approval. In addition, in the event that the Plan Committee determines that it is advisable to grant performance-based awards that are not intended to qualify as performance-based compensation, the Plan Committee may make such grants without satisfying the requirements of Section 162(m) of the Code and base vesting on performance measures other than those set forth above.

Covered Employee Annual Incentive Awards

The Plan Committee may designate covered employees who are eligible to receive a monetary payment in any plan year based on a percentage of an incentive pool determined by reference to one or more performance measures described above. The Plan Committee shall allocate an incentive pool percentage to each designated covered employee for each plan year, provided the sum of the incentive pool percentages for all covered employees cannot exceed 100% of the total pool. As soon as possible after the determination of the incentive pool for a plan year, the Plan Committee will calculate each covered employee's allocated portion of the incentive pool based upon the percentage established at the beginning of the plan year. Each covered employee's incentive award is determined by the Plan Committee based on the covered employee's allocated portion of the incentive pool subject to adjustment

Table of Contents

in the sole discretion of the Plan Committee. In no event may the portion of the incentive pool allocated to a covered employee be increased in any way, including as a result of the reduction of any other covered employee's allocated portion. The Plan Committee retains the discretion to adjust such awards downward.

Change in Control

Unless the Plan Committee determines otherwise in the instrument evidencing the award or in a written employment, service or other agreement between the participant and the Company, upon a change in control, all then outstanding stock options and SARs will become fully vested and exercisable, and all other then-outstanding awards that are service vesting awards will vest in full and be free of restrictions, except to the extent that another award meeting the requirements as a replacement award described below is provided to the participant to replace such award. The treatment of any other awards is as determined by the Plan Committee and reflected in the applicable award agreement.

An award meets the requirements as a replacement award if:

- it has a value at least equal to the value of the replaced award;
- it relates to publicly traded equity securities of the Company or its successor in the change in control transaction or another entity that is affiliated with the Company or its successor following the change in control; and
- its other terms and conditions are not less favorable to the participant than the terms and conditions of the replaced award (including the provisions that would apply in the event of a subsequent change in control).

The replacement award may take the form of a continuation of the replaced award if the requirements set forth above are satisfied. The determination of whether the conditions of a replacement award are satisfied is made by the Plan Committee, as constituted immediately before the change in control, in its sole discretion.

Unless otherwise specified in the award agreement, upon a termination of employment or termination of directorship of a participant occurring in connection with or during the period of two years after a change in control, other than for "cause", all replacement awards held by the participant will become fully vested and, if applicable, exercisable and free of restrictions. All stock options and SARs held by the participant immediately before the termination of employment or termination of directorship that the participant held as of the date of the change in control or that constitute replacement awards will remain exercisable for not less than one year following such termination or until the expiration of the stated terms of such stock option or SAR, if shorter, unless otherwise specified in the applicable award agreement.

For purposes of the Plan, unless otherwise defined in the instrument evidencing an award or written employment, service or other agreement between the participant and the Company or an affiliate, "change in control" means the occurrence of any of the following events:

The acquisition or holding by any person of beneficial ownership of combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of a majority of the Board, referred to as outstanding Company voting securities, in excess of the outstanding Company voting securities held by the Voting Trust Agreement, as such agreement is more particularly described in the Beneficial Ownership Table beginning on page 106; except, that any such acquisition or holding by any of the following entities will not by itself constitute a change in control: (a) a person who on the effective date is the beneficial owner of 20% or more of the outstanding Company voting securities; (b) the Company or any of its subsidiaries; or (c) any employee benefit plan (or related trust) sponsored or maintained by the Company or any of its subsidiaries;

Table of Contents

Individuals who constitute the Board as of the effective date of the Plan, referred to as the incumbent board, cease for any reason to constitute at least a majority of the Board, except that any individual becoming a director subsequent to the effective date whose election, or nomination for election by the Company's stockholders, was approved by the Nominating Committee and/or the subcommittees of such Nominating Committee in accordance with the Company's Restated Certificate of Incorporation and the Bylaws will be considered as though such individual were a member of the incumbent board, but excluding for this purpose, any such individual whose initial assumption of office is in connection with an actual or threatened election contest relating to the election or removal of the directors of the Company or other actual or threatened solicitation of proxies of consents by or on behalf of a person other than the Board;

Consummation of a reorganization, merger or consolidation to which the Company is a party or a sale or other disposition of all or substantially all of the assets of the Company, referred to as a business combination, in each case unless, following such business combination: (a) the voting trust continues to hold, directly or indirectly, more than 50% of the outstanding Company voting securities Company or a corporation which as a result of such transaction owns the Company or all, or substantially all, of the Company's assets either directly or indirectly through one or more direct or indirect subsidiaries, the Company or such other entity resulting from the business combination is referred to as the successor entity; and (b) at least a majority of the members of the board of directors of the successor entity were members of the incumbent board at the time of the execution of the initial agreement or of the action of the board providing for such business combination; or
Complete liquidation or dissolution of the Company.

For purposes of a change in control "voting trust" means the voting trust established under the Class A common stock Molson Coors Brewing Company Voting Trust Agreement.

Transferability of Awards

Except as otherwise provided in the Plan or a particular award agreement, a participant's awards may not be sold, transferred, pledged, assigned or otherwise alienated or hypothecated other than by will or the laws of descent and distribution. During the participant's lifetime, only the participant may exercise any rights under an award. Stock options and SARs generally may not be transferred unless the transfer is approved by the Plan Committee and is for no consideration.

Clawback

The Company recently adopted an enhanced clawback policy that will apply to awards under the Plan. Under the enhanced policy, the Company will use reasonable efforts to recoup from its current and former executive officers and other employees designated by the Compensation Committee any excess incentive based compensation awarded as a result of an accounting restatement due to material noncompliance with financial reporting requirements under the U.S. federal securities laws regardless of whether such officers were at fault in the circumstances leading to the restatement.

The Compensation Committee will also modify this recovery policy based on the requirements to be issued by the NYSE pursuant to the mandate of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 once the requirements of the NYSE rules are finalized.

Duration of the Plan

Unless sooner terminated in accordance with its terms, the Plan will terminate on February 19, 2025. After the plan is terminated, no awards may be granted under the Plan, but awards previously granted will remain outstanding in accordance with their applicable terms and conditions and the Plan's terms and conditions.

Table of Contents

Amendment, Modification, Suspension and Termination

Subject to the terms of the Plan, the Plan Committee may, at any time and from time to time, amend, modify, suspend or terminate the Plan and any award agreement in whole or in part, except that no amendment of the Plan may be made without stockholder approval if stockholder approval is required by law, regulation or stock exchange rule; including, but not limited to, the Exchange Act, the Code and, if applicable, the NYSE Listed Company Manual.

No Repricing Without Stockholder Approval

Without the prior approval of the Company's stockholders and except as provided under the Plan, stock options or SARs granted under the Plan will not be repriced, replaced or regranted through cancellation, or cash out, or by lowering the exercise price of a previously granted option or the grant price of a previously granted SAR.

The Plan Committee may make adjustments in the terms and conditions of, and the criteria included in, awards in recognition of unusual or nonrecurring events affecting the Company or the financial statements of the Company or of changes in applicable laws, regulations or accounting principles whenever the Plan Committee determines that such adjustments are appropriate in order to prevent unintended dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan. With respect to a stock option or SAR, any such substitutions or adjustments may not be made if it would cause such stock option or SAR to be treated as deferred compensation subject to taxes and penalties under Section 409A of the Code.

Description of Certain Federal Income Tax Consequences Under the Plan

The following is a general summary of certain U.S. federal income tax consequences of awards under the Plan to the Company and to participants in the Plan who are citizens or residents of the U.S. for federal tax purposes. The summary is based on the Code, applicable Treasury Regulations and administrative and judicial interpretations thereof, each as in effect on the date of this Proxy Statement and is, therefore, subject to future changes in the law, possibly with retroactive effect. The summary is general in nature and does not purport to be legal or tax advice. Furthermore, the summary is not intended to be exhaustive and does not address all matters which may be relevant to a particular participant based on his or her specific circumstances. The summary expressly does not discuss the tax laws of any state, municipality or non-U.S. taxing jurisdiction, or any gift, estate, excise (including the golden parachute excise taxes under Section 4999 of the Code) or other tax laws. Because individual circumstances may vary, participants are encouraged to consult their own tax advisors concerning the tax implications of awards granted under the Plan.

Stock Options

Nonqualified Stock Options

A participant generally will not recognize taxable income upon the grant or vesting of a nonqualified stock option with an exercise price at least equal to the fair market value of our Class B common stock on the date of grant and no additional deferral feature. Upon the exercise of a nonqualified stock option, a participant generally will recognize compensation taxable as ordinary income in an amount equal to the difference between the fair market value of the shares underlying the option on the date of exercise and the exercise price. Any gain or loss recognized upon any later disposition of the share generally will be a long-term or short-term capital gain or loss.

Table of Contents

Incentive Stock Options

A participant generally will not recognize taxable income upon the grant of an incentive stock option. If a participant exercises an incentive stock option during employment as an employee or within three months after his or her employment ends (12 months in the case of permanent and total disability), the participant will not recognize taxable income at the time of exercise for regular U.S. federal income tax purposes (although the participant generally will have taxable income for alternative minimum tax purposes at that time as if the stock option were a nonqualified stock option). If a participant sells or otherwise disposes of the shares acquired upon exercise of an incentive stock option after the later of: (a) one year from the date the participant exercised the stock option; and (b) two years from the grant date of the stock option, the participant generally will recognize long-term capital gain or loss equal to the difference between the amount the participant received in the disposition and the stock option exercise price. If a participant sells or otherwise disposes of shares acquired upon exercise of an incentive stock option before these holding period requirements are satisfied, the disposition will constitute a “disqualifying disposition,” and the participant generally will recognize ordinary income in the year of disposition equal to the excess of the fair market value of the shares on the date of exercise over the stock option exercise price (or, if less, the excess of the amount realized on the disposition of the shares over the stock option exercise price). The balance of the participant’s gain on a disqualifying disposition, if any, will be taxed as short-term or long-term capital gain, as the case may be.

With respect to both nonqualified stock options and incentive stock options, special rules apply if a participant uses shares of our common stock already held by the participant to pay the exercise price or if the shares received upon exercise of the stock option are subject to a substantial risk of forfeiture by the participant.

Stock Appreciation Rights

A participant generally will not recognize taxable income upon the grant or vesting of a SAR with a grant price at least equal to the fair market value of Class B common stock on the date of grant and no additional deferral feature. Upon the exercise of a SAR, a participant generally will recognize compensation taxable as ordinary income in an amount equal to the difference between the fair market value of the shares of Class B common stock underlying the SAR on the date of exercise and the grant price of the SAR. When a participant sells any shares acquired upon exercise, the participant generally will have short-term or long-term capital gain or loss, as the case may be, equal to the difference between the amount the participant received from the sale and the tax basis of the shares sold. The tax basis of the shares generally will be equal to the greater of the fair market value of the shares on the exercise date or the total grant price.

Restricted Stock Awards

Unless a participant makes the election described below, a grant of restricted shares of Class B common stock will not result in taxable income to the participant in the year of grant. The value of such restricted stock (less the amount, if any, paid by the participant with respect to the shares) will be taxable to a participant as compensation taxable as ordinary income in the year in which the restrictions lapse. Alternatively, a participant may elect to treat as compensation taxable as ordinary income in the year of grant the fair market value of the restricted stock on the date of grant (less the amount, if any, paid by the participant with respect to the shares), provided the participant makes the election within 30 days after the date of such grant and certain other technical requirements are satisfied. If such an election were made, the participant would not be allowed to deduct at a later date the amount included as taxable income if the participant should forfeit the shares of restricted stock. If the election described above is not made, then prior to the lapse of restrictions, dividends paid on the shares subject to such restrictions will be taxable to the participant as additional compensation in the year received.

Table of Contents

The tax treatment of a subsequent disposition of restricted stock will depend upon whether the participant has made the election described above. If the participant makes a timely and proper election, when the participant sells the restricted shares, the participant will have short-term or long-term capital gain or loss, as the case may be, equal to the difference between the amount the participant received from the sale and the tax basis of the shares sold. If no election is made, any disposition after the restrictions lapse generally will result in short-term or long-term capital gain or loss, as the case may be, equal to the difference between the amount the participant received from the sale and the tax basis of the shares sold. The tax basis of the shares generally will be equal to the amount, if any, paid by the participant with respect to the shares, plus the amount of taxable ordinary income recognized by the participant either at the time the restrictions lapsed or at the time of the election, as the case may be.

Restricted Stock Units

A participant generally will not recognize income at the time a RSU is granted. When any part of a RSU is issued or paid, the participant generally will recognize compensation taxable as ordinary income at the time of such issuance or payment in an amount equal to the cash and then fair market value of any shares the participant receives.

Performance Share Units, Performance Units and Other Awards

A participant generally will not recognize income upon the grant of PSUs or PUs. Upon the distribution of cash or shares to the participant pursuant to the terms of the PSUs or PUs, the participant generally will recognize compensation taxable as ordinary income equal to the excess of the amount of cash and the fair market value of any shares transferred to the participant over any amount paid by the participant with respect to the PSUs or PUs. The U.S. federal income tax consequences of other awards under the plan will depend upon the specific terms of each award.

Tax Consequences to the Company

In the foregoing cases, the Company (or unconsolidated subsidiary or affiliate employing the participant) generally will be entitled to a deduction at the same time and in the same amount as a participant recognizes compensation income, subject to certain limitations imposed under the Code.

Section 409A

We intend that awards granted under the Plan comply with, or otherwise be exempt from, Section 409A of the Code.

Tax Withholding

The Company is authorized to deduct or withhold from any award granted or payment due under the Plan, or require a participant to remit to the Company, the amount of any withholding taxes due in respect of the award or payment.

Share withholding for taxes is permitted.

Plan Benefits

All awards under the Plan are made at the discretion of the Plan Committee. Therefore, the benefits and amounts that will be received or allocated under the Plan, other than the March Grants, are not determinable at this time. Pre-Approval Policy Regarding Independent Registered Public Accounting Firm Services

The Audit Committee pre-approves all audit, non-audit and internal control-related services provided by PwC prior to the engagement of PwC with respect to such services. The Audit Chairman has been delegated authority by the Audit Committee to pre-approve interim services by PwC other than the annual audit. The Audit Chairman must report all such pre-approvals to the entire Audit Committee at the next committee meeting. In 2014 and 2013, the Audit Committee (or the Audit Chairman pursuant to the authority delegated) pre-approved all of the services performed by PwC.

If the stockholders do not ratify the appointment of PwC, the Audit Committee will reconsider the appointment.

The Board recommends a vote FOR the proposal ratifying the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for fiscal year ending December 31, 2015, and executed proxies that are returned will be so voted unless otherwise instructed.

Table of Contents**AUDIT COMMITTEE REPORT**

The role of the Audit Committee is to prepare this report and to represent and assist the Board in its oversight of: (1) the integrity of Molson Coors' financial reporting process and the Company's financial statements; (2) the Company's compliance with legal and regulatory requirements, and its ethics and compliance program, including the Code of Business Conduct; (3) the Company's systems of internal control over financial reporting and disclosure controls and procedures; (4) the Company's internal audit function; and (5) the qualifications, engagement, compensation and performance of the independent registered public accounting firm, their conduct of the annual audit and their engagement for any lawful purpose. The Audit Committee operates pursuant to a written charter which it annually reviews. The Audit Committee also oversees the Company's policies and procedures with respect to risk assessment and risk management. As set forth in the Audit Committee's charter, management of Molson Coors is responsible for the preparation, presentation and integrity of Molson Coors' financial statements and the effectiveness of internal control over financial reporting. Management is responsible for maintaining Molson Coors' accounting and financial reporting principles and internal controls and procedures reasonably designed to assure compliance with accounting standards and applicable laws and regulations. Molson Coors has a full-time Internal Audit Department that reports regularly to the Audit Committee. The Internal Audit Department is responsible for objectively reviewing and evaluating the adequacy, effectiveness and quality of Molson Coors' internal controls relating, for example, to the reliability and integrity of Molson Coors' financial information and the safeguarding of assets. PwC, the Company's independent registered public accounting firm, is responsible for auditing Molson Coors' financial statements and expressing an opinion as to their conformity with accounting principles generally accepted in the U.S. In the performance of its oversight function, the Audit Committee has reviewed and discussed the audited financial statements with management and PwC. The Audit Committee has also discussed with PwC the matters required to be discussed under the rules adopted by the Public Company Accounting Oversight Board (PCAOB). Finally, the Audit Committee has received the written disclosures and the letter from PwC required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee on independence. The Audit Committee has also discussed with PwC its independence. The Audit Committee has ultimate authority and responsibility to select, evaluate, and, when appropriate, replace the Company's independent registered public accounting firm. The non-audit services performed by PwC were pre-approved by the Audit Committee and were also considered in the discussions of independence.

Audit Committee members are not employees of Molson Coors and do not perform the functions of auditors or accountants. As such, it is not the duty or responsibility of the Audit Committee or its members to conduct "field work" or other types of auditing or accounting reviews or procedures or to set auditor independence standards. Members of the Audit Committee rely on the information provided to them by management and PwC. Accordingly, the Audit Committee's considerations and discussions referred to above do not assure that the audit of Molson Coors' financial statements has been carried out in accordance with standards of the PCAOB that the financial statements are presented in accordance with accounting principles generally accepted in the U.S. or that PwC is in fact "independent."

Based upon the reports and discussions described in this report, and subject to the limitations on the roles and responsibilities of the Audit Committee referred to above and in its charter, the Audit Committee recommended to the Board that the audited financial statements be included in the Annual Report for the fiscal year ended December 31, 2014, as filed with the SEC on February 12, 2015. The Audit Committee also appointed PwC as the independent registered public accounting firm for Molson Coors for the fiscal year ending December 31, 2015, subject to ratification by the Company's stockholders.

APPENDIX A

DIRECTOR INDEPENDENCE STANDARDS

A director is independent if the Board has made an affirmative determination that such director has no material relationship with the Company that would impair his or her independent judgment (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company). In the process of making such determinations, the Board will consider the nature, extent and materiality of the director's relationships with the Company and the Board will apply the following guidelines that are consistent with the independent requirements as defined under the NYSE Listing Standards. A director will be deemed not to be independent by the Board if the Board finds that:

- a. a director is, or has been within the last three years, an employee of the Company, or an immediate family member is, or has been within the last three years, an executive officer, of the Company;
- b. a director has received or has an immediate family member who has received, during any 12-month period within the last three years, more than \$100,000 in direct compensation from the Company, other than director fees and pension or other forms of deferred compensation for prior service;

The Committee, in its sole discretion, may also make appropriate adjustments in the terms of any Awards under the Plan to reflect or related to such changes or distributions and to modify any other terms of outstanding Awards, including modifications of performance goals and changes in the length of Performance Periods. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on Participants under the Plan. Subject to the provisions of Article 19, without affecting the number of Shares reserved or available hereunder, the Committee may authorize the issuance or assumption of benefits under the Plan in connection with any merger, consolidation, acquisition of property or stock, or reorganization upon such terms and conditions as it may deem appropriate, subject to compliance with the ISO rules under Section 422 of the Code, where applicable.

With respect to Options and SARs, any such substitutions or adjustments shall not be made if it would cause such Option or SAR to be treated as deferred compensation subject to taxes and penalties under Section 409A of the Code. In addition, with respect to Options, any such substitutions or adjustments under this Section 4.4 shall be based on the intrinsic value of such Option as determined by the Committee, in its discretion, as of the date of such substitution or adjustment. Each Option granted to a Participant shall expire at such time as the Committee shall determine at the time of grant; provided, however, no Option shall be exercisable later than the tenth (10th) anniversary date of its grant. Notwithstanding the foregoing, for Options granted to Participants outside the United States, the Committee has the authority to grant Options that have a term greater than ten (10) years.

6.5 Exercise of Options. Options granted under this Article 6 shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall in each instance approve, which terms and restrictions need not be the same for each grant or for each Participant.

6.6 Payment. Options granted under this Article 6 shall be exercised by the delivery of a notice of exercise to the Company or an agent designated by the Company in a form specified or accepted by the Committee, or by complying with any alternative procedures which may be authorized by the Committee, setting forth the number of Shares with respect to which the Option is to be exercised, accompanied by full payment for the Shares.

A condition of the issuance of the Shares as to which an Option shall be exercised shall be the payment of the Option Price. The Option Price of any Option shall be payable to the Company in full either: (a) in cash or its equivalent; (b) by tendering (either by actual delivery or attestation) previously acquired Shares having an aggregate Fair Market Value at the time of exercise equal to the Option Price prior to their tender to satisfy the Option Price if acquired under the Plan or any other compensation plan mentioned by the Company, or have been purchased on the open market); (c) by a combination of (a) and (b); or (d) any other method approved or accepted by the Committee in its sole discretion, including, without limitation, if the Committee so determines, a cashless (broker-assisted) exercise. Subject to any governing rules or regulations, as soon as practicable after receipt of written notification of exercise and full payment (including satisfaction of any applicable tax withholding),

the Company shall deliver to the Participant evidence of book entry Shares, or upon the Participant's request, Share certificates in an appropriate amount based upon the number of Shares purchased under the Option(s). Unless otherwise determined by the Committee, all payments under all of the methods indicated above shall be paid in United States dollars.

6.7 Restrictions on Share Transferability. The Committee may impose such restrictions on any Shares acquired pursuant to the exercise of an Option granted under this Article 6 as it may deem advisable, including, without limitation, minimum holding period requirements, restrictions under applicable federal securities laws, under the requirements of any stock exchange or market upon which such Shares are then listed and/or traded, or under any blue sky or state securities laws applicable to such Shares.

6.8 Termination of Employment. Each Participant's Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the Option following termination of the Participant's employment or provision of services to the Company and/or its Affiliates. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Options issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination.

6.9 Transferability of Options.

(a) Incentive Stock Options. No ISO granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, all ISOs granted to a Participant under this Article 6 shall be exercisable during his lifetime only by such Participant.

(b) Nonqualified Stock Options. Except as otherwise provided in a Participant's Award Agreement or otherwise determined at any time by the Committee, no NQSO granted under this Article 6 may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated for value other than by will or by the laws of descent and distribution; provided, that the Board or Committee may permit further transferability, on a general or a specific basis, and may impose conditions and limitations on any permitted transferability. Further, except as otherwise provided in a Participant's Award Agreement or otherwise determined at any time by the Committee, or unless the Board or Committee decides to permit further transferability, all NQSOs granted to a Participant under this Article 6 shall be exercisable during his lifetime only by such Participant. With respect to those NQSOs, if any, that are permitted to be transferred to another individual, references in the Plan to exercise or payment of the Option Price by the Participant shall be deemed to include, as determined by the Committee, the Participant's permitted transferee.

6.10 Notification of Disqualifying Disposition. If any Participant shall make any disposition of Shares issued pursuant to the exercise of an ISO under the circumstances described in Section 421(b) of the Code (relating to certain disqualifying dispositions), such Participant shall notify the Company of such disposition within ten (10) days thereof.

6.11 Substituting SARs. Only in the event the Company is not accounting for equity compensation under ASC 718, the Committee shall have the ability to substitute, without receiving Participant permission, SARs paid only in Shares (or SARs paid in Shares or cash at the Committee's discretion) for outstanding Options; provided, the terms of the substituted SARs are the same as the terms for the Options and the aggregate difference between the Fair Market Value of the underlying Shares and the Grant Price of the SARs is equivalent to the aggregate difference between the Fair Market Value of the underlying Shares and the Option Price of the Options. If, in the opinion of the Company's auditors, this provision creates adverse accounting consequences for the Company, it shall be considered null and void.

Article 7. Stock Appreciation Rights

7.1 Grant of SARs. Subject to the terms and conditions of the Plan, SARs may be granted to Participants at any time and from time to time as shall be determined by the Committee. The Committee may grant Freestanding SARs, Tandem SARs, or any combination of these forms of SARs.

Subject to the terms and conditions of the Plan, the Committee shall have complete discretion in determining the number of SARs granted to each Participant and, consistent with the provisions of the Plan, in determining the terms and conditions pertaining to such SARs.

The Grant Price for each grant of a Freestanding SAR shall be determined by the Committee and shall be specified in the Award Agreement. The Grant Price shall be: (a) based on one hundred percent (100%) of the FMV of the Shares on the date of grant, (b) set at a premium to the FMV of the Shares on the date of grant, or (c) indexed to the FMV of the Shares on the date of grant, with the index determined by the Committee, in its discretion; provided, however, the Grant Price on the date of grant must be at least equal to one hundred percent (100%) of the FMV of the Shares on the date of grant. The Grant Price of Tandem SARs shall be equal to the Option Price of the related Option.

7.2 SAR Agreement. Each SAR Award shall be evidenced by an Award Agreement that shall specify the Grant Price, the term of the SAR, and such other provisions as the Committee shall determine.

7.3 Term of SAR. The term of an SAR granted under the Plan shall be determined by the Committee, in its sole discretion, and except as determined otherwise by the Committee and specified in the SAR Award Agreement, no SAR shall be exercisable later than the tenth (10th) anniversary date of its grant. Notwithstanding the foregoing, for SARs granted to Participants outside the United States, the Committee has the authority to grant SARs that have a term greater than ten (10) years.

7.4 Exercise of Freestanding SARs. Freestanding SARs may be exercised upon whatever terms and conditions the Committee, in its sole discretion, imposes.

7.5 Exercise of Tandem SARs. Tandem SARs may be exercised for all or part of the Shares subject to the related Option upon the surrender of the right to exercise the equivalent portion of the related Option. A Tandem SAR may be exercised only with respect to the Shares for which its related Option is then exercisable.

Notwithstanding any other provision of the Plan to the contrary, with respect to a Tandem SAR granted in connection with an ISO: (a) the Tandem SAR will expire no later than the expiration of the underlying ISO; (b) the value of the payout with respect to the Tandem SAR may be for no more than one hundred percent (100%) of the excess of the Fair Market Value of the Shares subject to the underlying ISO at the time the Tandem SAR is exercised over the Option Price of the underlying ISO; and (c) the Tandem SAR may be exercised only when the Fair Market Value of the Shares subject to the ISO exceeds the Option Price of the ISO.

7.6 Payment of SAR Amount. Upon the exercise of an SAR, a Participant shall be entitled to receive payment from the Company in an amount determined by multiplying:

- (a) The excess of the Fair Market Value of a Share on the date of exercise over the Grant Price; by
- (b) The number of Shares with respect to which the SAR is exercised.

Table of Contents

At the discretion of the Committee, the payment upon SAR exercise may be in cash, Shares, or any combination thereof, or in any other manner approved by the Committee in its sole discretion. The Committee's determination regarding the form of SAR payout shall be set forth in the Award Agreement pertaining to the grant of the SAR.

7.7 Termination of Employment. Each Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the SAR following termination of the Participant's employment with or provision of services to the Company and/or its Affiliates. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with Participants, need not be uniform among all SARs issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination.

7.8 Nontransferability of SARs. Except as otherwise provided in a Participant's Award Agreement or otherwise determined at any time by the Committee, no SAR granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated for value, other than by will or by the laws of descent and distribution. Further, except as otherwise provided in a Participant's Award Agreement or otherwise determined at any time by the Committee, all SARs granted to a Participant under the Plan shall be exercisable during his lifetime only by such Participant. With respect to those SARs, if any, that are permitted to be transferred to another individual, references in the Plan to exercise of the SAR by the Participant or payment of any amount to the Participant shall be deemed to include, as determined by the Committee, the Participant's permitted transferee.

7.9 Other Restrictions. The Committee shall impose such other conditions and/or restrictions on any Shares received upon exercise of a SAR granted pursuant to the Plan as it may deem advisable or desirable. These restrictions may include, but shall not be limited to, a requirement that the Participant hold the Shares received upon exercise of a SAR for a specified period of time.

Article 8. Restricted Stock and Restricted Stock Units

8.1 Grant of Restricted Stock or Restricted Stock Units. Subject to the terms and provisions of the Plan, the Committee, at any time and from time to time, may grant Shares of Restricted Stock and/or Restricted Stock Units to Participants in such amounts as the Committee shall determine. Restricted Stock Units shall be similar to Restricted Stock except that no Shares are actually awarded to the Participant on the date of grant.

8.2 Restricted Stock or Restricted Stock Unit Agreement. Each Restricted Stock and/or Restricted Stock Unit grant shall be evidenced by an Award Agreement that shall specify the Period(s) of Restriction, the number of Shares of Restricted Stock or the number of Restricted Stock Units granted, and such other provisions as the Committee shall determine.

8.3 Transferability. Except as provided in the Plan or an Award Agreement, the Shares of Restricted Stock and/or Restricted Stock Units granted herein may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated for value until the end of the applicable Period of Restriction established by the Committee and specified in the Award Agreement (and in the case of Restricted Stock Units until the date of delivery or other payment), or upon earlier satisfaction of any other conditions, as specified by the Committee, in its sole discretion, and set forth in the Award Agreement or otherwise at any time by the Committee. All rights with respect to the Restricted Stock and/or Restricted Stock Units granted to a Participant under the Plan shall be available during his lifetime only to such Participant, except as otherwise provided in an Award Agreement or at any time by the Committee.

8.4 Other Restrictions. The Committee shall impose such other conditions and/or restrictions on any Shares of Restricted Stock or Restricted Stock Units granted pursuant to the Plan as it may deem advisable including, without limitation, a requirement that Participants pay a stipulated

purchase price for each Share of Restricted Stock or each Restricted Stock Unit, restrictions based upon the achievement of specific performance goals, time-based restrictions on vesting following the attainment of the performance goals, time-based restrictions, and/or restrictions under applicable laws or under the requirements of any stock exchange or market upon which such Shares are listed or traded, or holding requirements or sale restrictions placed on the Shares by the Company upon vesting of such Restricted Stock or Restricted Stock Units.

To the extent deemed appropriate by the Committee, the Company may retain the certificates representing Shares of Restricted Stock in the Company's possession until such time as all conditions and/or restrictions applicable to such Shares have been satisfied or lapse.

Except as otherwise provided in this Article 8, Shares of Restricted Stock covered by each Restricted Stock Award shall become freely transferable by the Participant after all conditions and restrictions applicable to such Shares have been satisfied or lapse (including satisfaction of any applicable tax withholding obligations), and except as expressly provided by the Committee in the Award Agreement, Restricted Stock Units shall be paid in Shares.

8.5 Certificate Legend. In addition to any legends placed on certificates pursuant to Section 8.4, each certificate representing Shares of Restricted Stock granted pursuant to the Plan may bear a legend such as the following or as otherwise determined by the Committee in its sole discretion:

The sale or transfer of Shares of stock represented by this certificate, whether voluntary, involuntary, or by operation of law, is subject to certain restrictions on transfer as set forth in the Molson Coors Brewing Company Incentive Compensation Plan, and in the associated Award Agreement. A copy of the Plan and such Award Agreement may be obtained from Molson Coors Brewing Company.

8.6 Voting Rights. Unless otherwise determined by the Committee and set forth in a Participant's Award Agreement, to the extent permitted or required by law, as determined by the Committee, Participants holding Shares of Restricted Stock granted hereunder may be granted the right to exercise full voting rights with respect to those Shares during the Period of Restriction. A Participant shall have no voting rights with respect to any Restricted Stock Units granted hereunder.

8.7 Termination of Employment. Each Award Agreement shall set forth the extent to which the Participant shall have the right to retain Restricted Stock and/or Restricted Stock Units following termination of the Participant's employment with or provision of services to the Company and/or its Affiliates. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Shares of Restricted Stock or Restricted Stock Units issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination.

8.8 Section 83(b) Election. The Committee may provide in an Award Agreement that the Award of Restricted Stock is conditioned upon the Participant making or refraining from making an election with respect to the Award under Section 83(b) of the Code. If a Participant makes an election pursuant to Section 83(b) of the Code concerning a Restricted Stock Award, the Participant shall be required to file promptly a copy of such election with the Company.

Article 9. Performance Units/Performance Shares

9.1 Grant of Performance Units/Performance Shares. Subject to the terms and provisions of the Plan, the Committee, at any time and from time to time, may grant Performance Units and/or Performance Shares to Participants in such amounts and upon such terms as the Committee shall determine.

Table of Contents

9.2 Value of Performance Units/Performance Shares. Each Performance Unit shall have an initial value that is established by the Committee at the time of grant. Each Performance Share shall have an initial value equal to the Fair Market Value of a Share on the date of grant. The Committee shall set performance goals in its discretion which, depending on the extent to which they are met, will determine the value and/or number of Performance Units/Performance Shares that will be paid out to the Participant.

9.3 Earning of Performance Units/Performance Shares. Subject to the terms of the Plan, after the applicable Performance Period has ended, the holder of Performance Units/Performance Shares shall be entitled to receive payout on the value and number of Performance Units/Performance Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance goals have been achieved.

9.4 Form and Timing of Payment of Performance Units/Performance Shares. Payment of earned Performance Units/Performance Shares shall be as determined by the Committee and as evidenced in the Award Agreement. Subject to the terms of the Plan, the Committee, in its sole discretion, may pay earned Performance Units/Performance Shares in the form of cash or in Shares (or in a combination thereof) equal to the value of the earned Performance Units/Performance Shares at the close of the applicable Performance Period, or as soon as practicable after the end of the Performance Period. Any Shares may be granted subject to any restrictions deemed appropriate by the Committee. The determination of the Committee with respect to the form of payout of such Awards shall be set forth in the Award Agreement pertaining to the grant of the Award.

9.5 Termination of Employment. Each Award Agreement shall set forth the extent to which the Participant shall have the right to retain Performance Units and/or Performance Shares following termination of the Participant's employment with or provision of services to the Company and/or its Affiliates. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Awards of Performance Units or Performance Shares issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination.

9.6 Nontransferability. Except as otherwise provided in a Participant's Award Agreement or otherwise determined at any time by the Committee, Performance Units/Performance Shares may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, except as otherwise provided in a Participant's Award Agreement or otherwise determined at any time by the Committee, a Participant's rights under the Plan shall be exercisable during his lifetime only by such Participant.

Article 10. Cash-Based Awards and Other Stock-Based Awards

10.1 Grant of Cash-Based Awards. Subject to the terms and provisions of the Plan, the Committee, at any time and from time to time, may grant Cash-Based Awards to Participants in such amounts and upon such terms, including the achievement of specific performance goals, as the Committee may determine.

10.2 Other Stock-Based Awards. The Committee may grant other types of equity-based or equity-related Awards not otherwise described by the terms of the Plan (including the grant or offer for sale of unrestricted Shares) in such amounts and subject to such terms and conditions, as the Committee shall determine. Such Awards may involve the transfer of actual Shares to Participants, or payment in cash or otherwise of amounts based on the value of Shares and may include, without limitation, Awards designed to comply with or take advantage of the applicable local laws of jurisdictions other than the United States.

Table of Contents

10.3 Value of Cash-Based and Other Stock-Based Awards. Each Cash-Based Award shall specify a payment amount or payment range as determined by the Committee. Each Other Stock-Based Award shall be expressed in terms of Shares or units based on Shares, as determined by the Committee. The Committee may establish performance goals in its discretion. If the Committee exercises its discretion to establish performance goals, the number and/or value of Cash-Based Awards or Other Stock-Based Awards that will be paid out to the Participant will depend on the extent to which the performance goals are met.

10.4 Payment of Cash-Based Awards and Other Stock-Based Awards. Payment, if any, with respect to a Cash-Based Award or an Other Stock-Based Award shall be made in accordance with the terms of the Award, in cash or Shares as the Committee determines.

10.5 Termination of Employment. The Committee shall determine the extent to which the Participant shall have the right to receive Cash-Based Awards or Other Stock-Based Awards following termination of the Participant's employment with or provision of services to the Company and/or its Affiliates. Such provisions shall be determined in the sole discretion of the Committee, such provisions may be included in an Award Agreement entered into with each Participant, but need not be uniform among all Awards of Cash-Based Awards or Other Stock-Based Awards issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination.

10.6 Nontransferability. Except as otherwise determined by the Committee, neither Cash-Based Awards nor Other Stock-Based Awards may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, except as otherwise provided by the Committee, a Participant's rights under the Plan, if exercisable, shall be exercisable during his lifetime only by such Participant. With respect to those Cash-Based Awards or Other Stock-Based Awards, if any, that are permitted to be transferred to another individual, references in the Plan to exercise or payment of such Awards by or to the Participant shall be deemed to include, as determined by the Committee, the Participant's permitted transferee.

Article 11. Performance Measures

11.1 Performance Measures. Unless and until the Committee proposes for stockholder vote and the stockholders approve a change in the general Performance Measures set forth in this Article 11, the performance goals upon which the payment or vesting of an Award to a Covered Employee (other than a Covered Employee Annual Incentive Award awarded or credited pursuant to Article 12) that is intended to qualify as Performance-Based Compensation shall be limited to the following Performance Measures:

- (a) Net earnings or net income (before or after taxes);
- (b) Earnings per share;
- (c) Net sales or revenue growth;
- (d) Net operating profit;
- (e) Return measures (including, but not limited to, return on assets, capital, invested capital, equity, revenue, or sales);
- (f) Cash flow (including, but not limited to, operating cash flow, free cash flow, and cash flow return on equity);
- (g) Earnings before or after taxes, interest, depreciation, and/or amortization;

Table of Contents

- (h) Gross or operating margins;
- (i) Productivity ratios;
- (j) Share price (including, but not limited to, growth measures and total stockholder return);
- (k) Expense targets;
- (l) Margins;
- (m) Operating efficiency;
- (n) Market share;
- (o) Profit after capital charge;
- (p) Customer satisfaction; and
- (q) Balance sheet and statement of cash flow measures (including but not limited to, working capital amounts and levels of short and long-term debt).

Any Performance Measure(s) may be used to measure the performance of the Company and/or its Affiliates as a whole or any business unit of the Company and/or its Affiliates or any combination thereof, for one performance period or averaged over time, as the Committee may deem appropriate, or any of the above Performance Measures as compared to the performance of a group of comparator companies, or published or special index that the Committee, in its sole discretion, deems appropriate, and, may, but need not be, based on a change or an increase or positive result. The Committee also has the authority to provide for accelerated vesting of any Award based on the achievement of performance goals pursuant to the Performance Measures specified in this Article 11 or such other factors as the Committee shall determine.

11.2 Evaluation of Performance. The Committee may provide in any such Award that any evaluation of performance may include or exclude any of the following items: (a) litigation or claim judgments or settlements, (b) the effect of changes in tax laws, accounting principles, or other laws or provisions affecting reported results, (c) foreign exchange gains and losses, (d) Special Items, and (e) Non-Core Items. The Committee may also provide in any such Award (i) that the Company's effective income tax rate taken into account for purposes of a performance measure be based on a rolling average over more than one taxing period, or (ii) that foreign exchange gains and losses will be measured based on a predetermined foreign exchange rate established when the award is granted. To the extent such inclusions or exclusions affect Awards to Covered Employees, they shall be prescribed in a form that meets the requirements of Code Section 162(m) for deductibility.

11.3 Adjustment of Performance-Based Compensation. Awards that are intended to qualify as Performance-Based Compensation may not be adjusted upward. The Committee shall retain the discretion to adjust such Awards downward, either on a formula or discretionary basis or any combination, as the Committee determines.

11.4 Committee Discretion. In the event that applicable tax and/or securities laws change to permit Committee discretion to alter the governing Performance Measures without obtaining stockholder approval of such changes, the Committee shall have sole discretion to make such changes without obtaining stockholder approval. In addition, in the event that the Committee determines that it is advisable to grant performance-based Awards that are not intended to qualify as Performance-Based

Table of Contents

Compensation, the Committee may make such grants without satisfying the requirements of Code Section 162(m) and base vesting on Performance Measures other than those set forth in Section 11.1.

Article 12. Covered Employee Annual Incentive Awards

12.1 Establishment of Annual Incentive Pool. The Committee may designate Covered Employees who are eligible to receive a monetary payment in any Plan Year based on a percentage of an incentive pool determined by reference to one or more Performance Measures set forth in Section 11.1. The Committee shall allocate an incentive pool percentage to each designated Covered Employee for each Plan Year, provided the sum of the incentive pool percentages for all Covered Employees cannot exceed one hundred percent (100%) of the total pool.

12.2 Determination of Covered Employees' Portions. As soon as possible after the determination of the incentive pool for a Plan Year, the Committee shall calculate each Covered Employee's allocated portion of the incentive pool based upon the percentage established at the beginning of the Plan Year. Each Covered Employee's incentive award then shall be determined by the Committee based on the Covered Employee's allocated portion of the incentive pool subject to adjustment in the sole discretion of the Committee. In no event may the portion of the incentive pool allocated to a Covered Employee be increased in any way, including as a result of the reduction of any other Covered Employee's allocated portion. The Committee shall retain the discretion to adjust such Awards downward.

Article 13. Nonemployee Director Awards

All Awards to Nonemployee Directors shall be determined by the Board or Committee. The terms and conditions of any grant to any such Nonemployee Director shall be set forth in an Award Agreement.

Article 14. Dividend Equivalents

Any Participant selected by the Committee may be granted dividend equivalents based on the dividends declared on Shares that are subject to any Award, to be credited as of dividend payment dates, during the period between the date the Award is earned or vested and the date the Award is exercised or expires, as determined by the Committee. Such dividend equivalents shall be converted to cash or additional Shares by such formula and at such time and subject to such limitations as may be determined by the Committee. Notwithstanding the foregoing, the receipt of dividend equivalents on Options or SARs shall not be made contingent on the exercise of any Award, and dividend equivalents credited in connection with an Award that vests based on the achievement of performance goals shall be subject to restrictions and risk of forfeiture to the same extent as the Award with respect to which such dividend equivalents have been credited.

Article 15. Beneficiary Designation

Each Participant under the Plan may, from time to time, name any beneficiary or beneficiaries (who may be named contingently or successively) to whom any benefit under the Plan is to be paid in case of his death before he receives any or all of such benefit. Each such designation shall revoke all prior designations by the same Participant, shall be in a form prescribed by the Committee, and will be effective only when filed by the Participant in writing with the Company during the Participant's lifetime. In the absence of any such designation, benefits remaining unpaid at the Participant's death shall be paid to the Participant's estate.

Table of Contents

Article 16. Deferrals

The Committee may permit or require a Participant to defer such Participant's receipt of the payment of cash or the delivery of Shares that would otherwise be due to such Participant by virtue of the exercise of an Option or SAR, the lapse or waiver of restrictions with respect to Restricted Stock or Restricted Stock Units, or the satisfaction of any requirements or performance goals with respect to Performance Shares, Performance Units, Covered Employee Annual Incentive Awards, Other Stock-Based Awards, or Cash-Based Awards. If any such deferral election is required or permitted, the Committee shall, in its sole discretion, establish rules and procedures for such deferral consistent with the requirements of Article 23.

Article 17. Rights of Participants

17.1 Employment. Nothing in the Plan or an Award Agreement shall interfere with or limit in any way the right of the Company and/or its Affiliates to terminate any Participant's employment or service on the Board or to the Company at any time or for any reason not prohibited by law, nor confer upon any Participant any right to continue his employment or service as a Director or Third-Party Service Provider for any specified period of time.

Neither an Award nor any benefits arising under the Plan shall constitute an employment contract with the Company and/or its Affiliates and, accordingly, subject to Articles 3 and 19, the Plan and the benefits hereunder may be terminated at any time in the sole and exclusive discretion of the Committee without giving rise to any liability on the part of the Company and/or its Affiliates.

17.2 Participation. No individual shall have the right to be selected to receive an Award under the Plan, or, having been so selected, to be selected to receive a future Award.

17.3 Rights as a Stockholder. Except as otherwise provided herein, a Participant shall have none of the rights of a stockholder with respect to Shares covered by any Award until the Participant becomes the record holder of such Shares.

Article 18. Change in Control

18.1 Change in Control of the Company. Notwithstanding any other provision of the Plan to the contrary, the provisions of this Article 18 shall apply in the event of a Change in Control, unless the Committee shall determine otherwise in the instrument evidencing the Award or in a written employment, service or other agreement between the Participant and the Company.

Upon a Change in Control, all then-outstanding Options and Stock Appreciation Rights shall become fully vested and exercisable, and all other then-outstanding Awards that are Service Vesting Awards shall vest in full and be free of restrictions, except to the extent that another Award meeting the requirements of Section 18.2 (a "Replacement Award") is provided to the Participant pursuant to Section 4.4 to replace such Award (the "Replaced Award"). The treatment of any other Awards shall be as determined by the Committee and reflected in the applicable Award Agreement.

18.2 Replacement Awards. An Award shall meet the conditions of this Section 18.2 (and hence qualify as a Replacement Award) if: (a) it has a value at least equal to the value of the Replaced Award; (b) it relates to publicly traded equity securities of the Company or its successor in the Change in Control or another entity that is affiliated with the Company or its successor following the Change in Control; and (c) its other terms and conditions are not less favorable to the Participant than the terms and conditions of the Replaced Award (including the provisions that would apply in the event of a subsequent Change in Control). Without limiting the generality of the foregoing, the Replacement Award may take the form of a continuation of the Replaced Award if the requirements of the preceding sentence are satisfied.

Table of Contents

The determination of whether the conditions of this Section 18.2 are satisfied shall be made by the Committee, as constituted immediately before the Change in Control, in its sole discretion.

18.3 Termination of Employment. Upon a termination of employment or termination of directorship of a Participant occurring in connection with or during the period of two (2) years after such Change in Control, other than for Cause, (i) all Replacement Awards held by the Participant shall become fully vested and (if applicable) exercisable and free of restrictions, and (ii) all Options and Stock Appreciation Rights held by the Participant immediately before the termination of employment or termination of directorship that the Participant held as of the date of the Change in Control or that constitute Replacement Awards shall remain exercisable for not less than one (1) year following such termination or until the expiration of the stated term of such Option or SAR, whichever period is shorter; provided, that if the applicable Award Agreement provides for a longer period of exercisability, that provision shall control. “Termination of employment”, “termination of service”, “termination of directorship”, or words of similar import, as used in the Plan mean, for purposes of any payments under the Plan that are payments of deferred compensation subject to Code Section 409A, the Participant’s “separation from service” as defined in Code Section 409A. For this purpose, a “separation from service” is deemed to occur on the date that the Company, and the Participant reasonably anticipate that the level of bona fide services the Participant would perform for the Company and/or any Affiliates after that date (whether as an employee, director or Third-Party Service Provider) would permanently decrease to a level that, based on the facts and circumstances, would constitute a separation from service; provided that a decrease to a level that is 50% or more of the average level of bona fide services provided over the prior 36 months shall not be a separation from service, and a decrease to a level that is 20% or less of the average level of such bona fide services shall be a separation from service. The Committee retains the right and discretion to specify, and may specify, whether a separation from service occurs for individuals providing services to the Company or an Affiliate immediately prior to an asset purchase transaction in which the Company or an Affiliate is the seller who provide services to a buyer after and in connection with such asset purchase transaction; provided, such specification is made in accordance with the requirements of Treasury Regulation Section 1.409A-1(h)(4).

Article 19. Amendment, Modification, Suspension, and Termination

19.1 Amendment, Modification, Suspension, and Termination. Subject to Section 19.3, the Committee may, at any time and from time to time, alter, amend, modify, suspend, or terminate the Plan and any Award Agreement in whole or in part; provided, however, that, without the prior approval of the Company’s stockholders and except as provided in Sections 4.4 and 6.11, Options or SARs issued under the Plan will not be repriced, replaced, or regranted through cancellation, or cash out, or by lowering the Option Price of a previously granted Option or the Grant Price of a previously granted SAR, and no amendment of the Plan shall be made without stockholder approval if stockholder approval is required by law, regulation, or stock exchange rule; including, but not limited to, the Exchange Act, the Code, and, if applicable, the NYSE Listed Company Manual/the Nasdaq issuer rules.

19.2 Adjustment of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events. The Committee may make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in Section 4.4 hereof) affecting the Company or the financial statements of the Company or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent unintended dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on Participants under the Plan.

With respect to an Option or SAR, any such substitutions or adjustments shall not be made if it would cause such Option or SAR to be treated as deferred compensation subject to taxes and penalties under Section 409A of the Code.

19.3 Awards Previously Granted. Notwithstanding any other provision of the Plan to the contrary, no termination, amendment, suspension, or modification of the Plan or an Award Agreement shall adversely affect in any material way any Award previously granted under the Plan, without the written consent of the Participant holding such Award.

Article 20. Withholding

20.1 Tax Withholding. The Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, the minimum statutory amount to satisfy federal, state, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of the Plan.

20.2 Share Withholding. With respect to withholding required upon the exercise of Options or SARs, upon the lapse of restrictions on Restricted Stock and Restricted Stock Units, or upon the achievement of performance goals related to Performance Shares, or any other taxable event arising as a result of an Award granted hereunder, Participants may elect, subject to the approval of the Committee, to satisfy the withholding requirement, in whole or in part, by having the Company withhold Shares having a Fair Market Value on the date the tax is to be determined equal to the minimum statutory total tax that could be imposed on the transaction. All such elections shall be irrevocable, made in writing, and signed by the Participant, and shall be subject to any restrictions or limitations that the Committee, in its sole discretion, deems appropriate.

Article 21. Successors

All obligations of the Company under the Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Company.

Article 22. General Provisions

22.1 Forfeiture Events.

(a) The Committee may specify in an Award Agreement that the Participant's rights, payments, and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture, or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events may include, but shall not be limited to, termination of employment for Cause, termination of the Participant's provision of services to the Company and/or its Affiliates, violation of material Company and/or Affiliate policies, breach of noncompetition, confidentiality, or other restrictive covenants that may apply to the Participant, or other conduct by the Participant that is detrimental to the business or reputation of the Company and/or its Affiliates.

(b) If the Company is required to prepare an accounting restatement due to the material noncompliance of the Company, as a result of misconduct, with any financial reporting requirement under the securities laws, if the Participant knowingly or grossly negligently engaged in the misconduct, or knowingly or grossly negligently failed to prevent the misconduct, or if the Participant is one of the individuals subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002 (and not otherwise exempted), the Participant shall reimburse the Company the amount of any payment in

settlement of an Award earned or accrued during the twelve- (12-) month period following the first public issuance or filing with the United States Securities and Exchange Commission (whichever just occurred) of the financial document embodying such financial reporting requirement.

(c) All Awards (including Awards that have vested in accordance with the applicable Award Agreement) shall be subject to the Company's recoupment policy for incentive compensation as approved by the Committee, including any subsequent amendment thereto and any such other policy for "claw-back" of incentive or other compensation as may be approved from time to time by the Board or the Committee, including without limitation, any amendments or other policies which the Company may be required to adopt under the Dodd-Frank Wall Street Reform and Consumer Protection Act and implementing rules and regulations thereunder, or as otherwise required by law.

22.2 Legend. The certificates for Shares may include any legend which the Committee deems appropriate to reflect any restrictions on transfer of such Shares.

22.3 Gender and Number. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine, the plural shall include the singular, and the singular shall include the plural.

22.4 Severability. In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

22.5 Requirements of Law. The granting of Awards and the issuance of Shares under the Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

22.6 Delivery of Title. The Company shall have no obligation to issue or deliver evidence of title for Shares issued under the Plan prior to:

(a) Obtaining any approvals from governmental agencies that the Company determines are necessary or advisable; and

(b) Completion of any registration or other qualification of the Shares under any applicable national or foreign law or ruling of any governmental body that the Company determines to be necessary or advisable.

22.7 Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

22.8 Investment Representations. The Committee may require any individual receiving Shares pursuant to an Award under the Plan to represent and warrant in writing that the individual is acquiring the Shares for investment and without any present intention to sell or distribute such Shares.

22.9 Employees Based Outside of the United States. Notwithstanding any provision of the Plan to the contrary, in order to comply with the laws in other countries in which the Company and/or its Affiliates operate or have Employees, Directors, or Third-Party Service Providers, the Committee, in its sole discretion, shall have the power and authority to:

(a) Determine which Affiliates shall be covered by the Plan;

Table of Contents

- (b) Determine which Employees and/or Directors, or Third-Party Service Providers outside the United States are eligible to participate in the Plan;
- (c) Modify the terms and conditions of any Award granted to Employees and/or Directors or Third-Party Service Providers outside the United States to comply with applicable foreign laws;
- (d) Establish subplans and modify exercise procedures and other terms and procedures, to the extent such actions may be necessary or advisable. Any subplans and modifications to Plan terms and procedures established under this Section 22.9 by the Committee shall be attached to the Plan document as appendices; and
- (e) Take any action, before or after an Award is made, that it deems advisable to obtain approval or comply with any necessary local government regulatory exemptions or approvals.

Notwithstanding the above, the Committee may not take any actions hereunder, and no Awards shall be granted, that would violate applicable law.

22.10 **Uncertificated Shares.** To the extent that the Plan provides for issuance of certificates to reflect the transfer of Shares, the transfer of such Shares may be effected on a noncertificated basis, to the extent not prohibited by applicable law or the rules of any stock exchange.

22.11 **Unfunded Plan.** Participants shall have no right, title, or interest whatsoever in or to any investments that the Company and/or its Affiliates may make to aid it in meeting its obligations under the Plan. Nothing contained in the Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any Participant, beneficiary, legal representative, or any other individual. To the extent that any individual acquires a right to receive payments from the Company and/or its Affiliates under the Plan, such right shall be no greater than the right of an unsecured general creditor of the Company and/or its Affiliates. All payments to be made hereunder shall be paid from the general funds of the Company and/or its Affiliates, and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in the Plan.

22.12 **No Fractional Shares.** No fractional Shares shall be issued or delivered pursuant to the Plan or any Award. The Committee shall determine whether cash, Awards, or other property shall be issued or paid in lieu of fractional Shares or whether such fractional Shares or any rights thereto shall be forfeited or otherwise eliminated.

22.13 **Retirement and Welfare Plans.** Neither Awards made under the Plan nor Shares or cash paid pursuant to such Awards, except pursuant to Covered Employee Annual Incentive Awards, may be included as “compensation” for purposes of computing the benefits payable to any Participant under the Company’s, and/or its Affiliates’ retirement plans (both qualified and nonqualified) or welfare benefit plans unless such other plan expressly provides that such compensation shall be taken into account in computing a Participant’s benefit.

22.14 **Nonexclusivity of the Plan.** The adoption of the Plan shall not be construed as creating any limitations on the power of the Board or Committee to adopt such other compensation arrangements as it may deem desirable for any Participant.

22.15 **No Constraint on Corporate Action.** Nothing in the Plan shall be construed to: (i) limit, impair, or otherwise affect the Company’s or its Affiliates’ right or power to make adjustments, reclassifications, reorganizations, or changes of its capital or business structure, or to merge or consolidate, or dissolve, liquidate, sell, or transfer all or any part of its business or assets; or, (ii) limit the

right or power of the Company and/or its Affiliates to take any action which such entity deems to be necessary or appropriate.

22.16 **Governing Law.** The Plan and each Award Agreement shall be governed by the laws of the State of Delaware, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of the Plan to the substantive law of another jurisdiction. Unless otherwise provided in the Award Agreement, recipients of an Award under the Plan are deemed to submit to the exclusive jurisdiction and venue of the federal or state courts of Colorado, to resolve any and all issues that may arise out of or relate to the Plan or any related Award Agreement.

22.17 **Indemnification.** Subject to requirements of Delaware law, each individual who is or shall have been a member of the Board, or a committee appointed by the Board, or an officer of the Company to whom authority was delegated in accordance with Article 3, shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him in connection with or resulting from any claim, action, suit, or proceeding to which he may be a party or in which he may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts paid by him in settlement thereof, with the Company's approval, or paid by him in satisfaction of any judgment in any such action, suit, or proceeding against him, provided he shall give the Company an opportunity, at its own expense, to handle and defend the same before he undertakes to handle and defend it on his own behalf, unless such loss, cost, liability, or expense is a result of his own willful misconduct or except as expressly provided by Delaware law.

The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such individuals may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

Article 23. Compliance with Code Section 409A

23.1 **Awards Subject to Section 409A.** The provisions of this Article 23 shall apply to any Award or portion thereof that is or becomes deferred compensation subject to Code Section 409A (a "409A Award"), notwithstanding any provision to the contrary contained in the Plan or the Award Agreement applicable to such Award. The Plan and Awards granted under the Plan are intended to be exempt from or comply with the requirements of Code Section 409A and the Plan and Awards shall be interpreted accordingly. The preceding provision, however, shall not be construed as a guarantee by the Company of any particular tax effect to any Participant under the Plan. The Company shall not be liable to any Participant for any Award that is determined to result in an additional tax, penalty, or interest under Code Section 409A, nor for reporting in good faith any payment made under the Plan as an amount includible in gross income under Code Section 409A. Nothing in the Plan or any Award shall require the Company to provide any Participant with any gross-up for any tax, interest or penalty incurred by the Participant under Code Section 409A.

23.2 **Deferral and/or Distribution Elections.** Except as otherwise permitted or required by Code Section 409A, the following rules shall apply to any deferral and/or elections as to the form of distribution (each, an "Election") that may be permitted or required by the Committee pursuant to a 409A Award:

- (a) Any Election must be in writing and specify the amount being deferred, and the time and form of distribution as permitted by the Plan.
- (b) Any Election shall become irrevocable as of the deadline specified by the Committee, which shall not be later than December 31 of the year preceding the year in which services relating to the

Award commence; provided, however, that if the Award qualifies as “performance-based compensation” for purposes of Code Section 409A and is based on services performed over a period of at least twelve (12) months, then the deadline may be no later than six (6) months prior to the end of such performance period.

(c) Unless otherwise provided by the Committee, an Election shall continue in effect until a written election to revoke or change such Election is received by the Committee, prior to the last day for making an Election for the subsequent year.

23.3 Subsequent Elections. Except as otherwise permitted or required by Code Section 409A, any 409A Award which permits a subsequent Election to further defer the distribution or change the form of distribution shall comply with the following requirements:

(a) No subsequent Election may take effect until at least twelve (12) months after the date on which the subsequent Election is made;

(b) Each subsequent Election related to a distribution upon separation from service, a specified time, or a change in control as defined in Section 23.4(e) must result in a delay of the distribution for a period of not less than five (5) years from the date such distribution would otherwise have been made; and

(c) No subsequent Election related to a distribution to be made at a specified time or pursuant to a fixed schedule shall be made less than twelve (12) months prior to the date the first scheduled payment would otherwise be made.

23.4 Distributions Pursuant to Deferral Elections. Except as otherwise permitted or required by Code Section 409A, no distribution in settlement of a 409A Award may commence earlier than:

(a) Separation from service (as defined in Section 18.3 of the Plan);

(b) The date the Participant becomes Disabled (as defined below);

(c) The Participant’s death;

(d) A specified time (or pursuant to a fixed schedule) that is either (i) specified by the Committee upon the grant of the Award and set forth in the Award Agreement or (ii) specified by the Participant in an Election complying with the requirements of Section 23.2 and/or 23.3, as applicable; or

(e) A change in control within the meaning of Treasury Regulation Section 1.409A-3(i)(5). For avoidance of doubt, this is not the same as the term defined in Section 2.9.

23.5 Six Month Delay. Notwithstanding anything herein to the contrary, to the extent that distribution of a 409A Award is triggered by a Participant’s separation from service, if the Participant is then a “specified employee” (as defined in Code Section 409A), no distribution may be made before the date which is six (6) months after such Participant’s separation from service, or, if earlier, the date of the Participant’s death.

23.6 Disabled. If a 409A Award provides for distribution upon the Participant’s becoming Disabled, “disabled” shall mean:

Table of Contents

- (a) the Participant is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or can be expected to last for a continuous period of not less than twelve (12) months, or
- (b) the Participant is, by reason of any medically determinable physical or mental impairment which can be expected to result in death or can be expected to last for a continuous period of not less than twelve (12) months, receiving income replacement benefits for a period of not less than three (3) months under an accident and health plan covering employees of the Participant's employer.

Unless the Award Agreement otherwise provides, all distributions payable by reason of a Participant becoming disabled shall be distributed as provided in the Participant's Election. If the Participant has made no Election with respect to distributions upon becoming Disabled, all such distributions shall be paid in a lump sum within 90 days following the date the Participant becomes Disabled.

23.7 Death. Unless the Award Agreement otherwise provides, if a Participant dies before complete distribution of amounts payable upon settlement of a 409A Award, such undistributed amounts, to the extent vested, shall be distributed as provided in the Participants Election. If the Participant has made no Election with respect to distributions upon death, all such distributions shall be paid in a lump sum within 90 days following the date of the Participant's death.

23.8 No Acceleration of Distributions. The Plan does not permit the acceleration of the time or schedule of any distribution under a 409A Award, except as provided by Code Section 409A and/or the Secretary of the U.S. Treasury.
