Our proxy materials and annual report are being made available to our shareholders on or about May 4, 2010. Outstanding Securities and Voting Rights

Only holders of record of our common stock at the close of business on April 1, 2010 the record date, will be entitled to notice of, and to vote at, the Annual Meeting. On that date, we had 7,886,816 shares of our common stock issued and outstanding. Each share of common stock is entitled to one vote at the Annual Meeting.

A majority of the outstanding shares of common stock present in person or represented by proxy constitutes a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining whether a quorum exists. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

In tabulating the voting results for any proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the meeting assuming a quorum is obtained. Abstentions will have the same effect as a vote against a proposal.

Proxy Voting

Shares for which proxy cards are properly executed and returned will be voted at the Annual Meeting in accordance with the directions given or, in the absence of directions, will be voted FOR Proposal 1- the election of each of the nine nominees to the Board named herein, FOR Proposal 2 to approve the grants of the Company's restricted common stock previously issued to employees as compensation and FOR Proposal 3 - To approve and ratify the issuance of Non Qualified Director's Stock Options and FOR Proposal 4 - To ratify the appointment of Kramer, Weisman & Associates, as our independent certified public accountants for the year ending December 31, 2010, and FOR Proposal 5 - To transact such other and further business as may properly come before the meeting. If other matters are properly presented, the person named as the proxies in the accompanying proxy card will vote in accordance with their discretion with respect to such matters.

The manner in which your shares may be voted depends on how your shares are held. If you own shares of record meaning that your shares of common stock are represented by certificates in your name so that you appear as a

stockholder on the records of our transfer agent, Registrar & Transfer Company, a proxy card for voting those shares will be included within this Proxy Statement.

You may vote those shares by completing, signing and returning the proxy card in the enclosed envelope.

If you own shares in street name, meaning that your shares of common stock are held by a bank or brokerage firm, you may instead receive a voting instruction form with this Proxy Statement that you may use to instruct your bank or brokerage firm how to vote your shares. As with a proxy card, you may vote your shares by completing, signing and returning the voting instruction form in the envelope provided by your bank or brokerage firm.

All votes will be tabulated by the Inspector of Elections appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. A list of the stockholders entitled to vote at the Annual Meeting will be available at the Company's office, 4041 S.W. 47th Avenue, Fort Lauderdale, FL 33314 for a period of ten (10) days prior to the Annual Meeting for examination by any stockholder.

Attendance and Voting at the Annual Meeting

If you own common stock of record, you may attend the Annual Meeting and vote in person, regardless of whether you have previously voted by proxy card. If you own common stock in street name, you may attend the Annual Meeting but in order to vote your shares at the meeting, you must obtain a legal proxy from the bank or brokerage firm that holds your shares. You should contact your bank or brokerage account representative to learn how to obtain a legal proxy. We encourage you to vote your shares in advance of the Annual Meeting by one of the methods described above, even if you plan on attending the Annual Meeting. If you have already voted prior to the meeting, you may nevertheless change or revoke your vote at the Annual Meeting in the manner described below.

Revocation

If you own common stock of record, you may revoke a previously granted proxy at any time before it is voted by delivering to the Secretary of the Company a written notice of revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person. Any stockholder owning common stock in street name may change or revoke previously granted voting instructions by contacting the bank or brokerage firm holding the shares or by obtaining a legal proxy from such bank or brokerage firm.

There are no arrangements or understandings between any of the Officers or Directors of our Company and the Company or any other persons pursuant to which any Officer or Director was or is to be selected as a Director or Officer.

CORPORATE GOVERNANCE AND RELATED MATTERS

The Board meets during the year to review matters related to our Company and to act on matters requiring Board approvals. All persons who were serving as Directors during 2009 attended at least 75% of the aggregate of the meetings of the Board and committees of which they were members. Our Board of Directors held one (1) meeting during the year ended December 31, 2009, at which all the Directors were present. The Audit Committee met four (4) times during the year. We have a standing Audit Committee and our nominating committee consists of our entire Board of Directors. We do not have a separate compensation committee. The Company encourages, but does not require, its Directors to attend the Company's Annual Meeting of Shareholders. Last year, all Directors attended the Annual Meeting of Shareholders.

Audit Committee

The Audit Committee assists the Board in fulfilling its oversight responsibility relating to our financial statements and financial reporting process, the qualifications, independence and performance of our independent auditors, the performance of our internal audit functions and our compliance with legal and regulatory requirements. The members of the Audit Committee during the year ended December 31, 2009 were Sonia B. Beard, our Chairperson, James M. Kolisch, and John B. Turner. The Board has designated Sonia B. Beard as the audit committee financial expert, as defined by Item 401(h) of Regulation S-K of the Securities Exchange Act of 1934. The shareholders ratified a charter for the Audit Committee at our Annual Meeting of Shareholders held on June 9, 2000. On March 24, 2004, the Board of Directors adopted a Restated Audit Committee Charter.

The Audit Committee met four (4) times since last year's Annual Meeting of Shareholders. We believe that all members of the Audit Committee are independent, as defined in Rule 4200(a)(15) of the NASDAQ listing standards.

Nominating Committee

Our entire Board of Directors serves as our Nominating Committee. Our Nominating Committee is responsible for identifying individuals qualified to become members of the Board of Directors, and nominating persons for election as Directors at the Annual Meeting of Shareholders and the persons to fill any vacancies on the Board. Our Nominating Committee does not have a Nominating Committee Charter. The Board of Directors does not believe that the Company would derive any significant benefit from a separate nominating committee or a Nominating Committee Charter.

Directors are not required to meet any specific or minimum qualifications. The Board attempts to identify persons who have the requisite experience and expertise to be an asset to our Company.

The Board will consider nominees for the Board of Directors recommended by shareholders. Nominations by shareholders must be in writing, must include the full name of the proposed nominee, a brief description of the proposed nominee's business experience for at least the previous five years, and a representation that the nominating shareholder is a beneficial or record owner of our common stock. Any such submission must also be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a Director if elected. Nominations must be delivered to the Board at the following address:

Board of Directors
Ocean Bio-Chem, Inc.
4041 SW 47th Avenue
Fort Lauderdale, Florida 33314-4023

The Board of Directors is required to review the qualifications and backgrounds of all Directors and nominees (without regard to whether a nominee has been recommended by shareholders), as well as the overall composition of the Board of Directors, and recommend a slate of directors to be nominated for election at the Annual Meeting of shareholders, or, in the case of a vacancy on the Board of Directors, to elect a director to fill such vacancy.

Controlled Company Status

NASDAQ marketplace rules require that the Board of Directors of NASDAQ listed companies consist of a majority of directors who are independent within the meaning of the rules. The rules also impose additional independence requirements on members of certain committees of the Board. The Company has determined that, except with respect to the required independence of members of the Audit Committee, it is exempt from the application of these rules as a

controlled company, as defined in the rules. Fifty percent of the voting power of the capital stock of the Company is held by a single group, consisting of Peter G. Dornau and his son, Gregor M. Dornau.

Directors Compensation

During fiscal 2009, our employee Directors did not receive any additional or special compensation for serving as Directors. On April 26, 2010 each independent Director received a grant of options to acquire 5,000

shares of our common stock at an exercise price of \$2.07 per share, the fair market value of the underlying shares on the date of grant. These options are immediately exercisable and expire on April 25, 2020.

Compliance with Section 16(a) of the Securities Exchange Act

Based solely on reviews of Forms 3 and 4 furnished to us by the individuals required to file such reports, it was determined that no reporting person failed to file a timely submission of ownership changes and that all were in compliance with Rule 16(a)3(e) of the Exchange Act during our most recent fiscal year.

Shareholder Communications with the Board of Directors

Any shareholder who wishes to send communications to the Board of Directors should mail them addressed to the intended recipient by name or position in care of: Corporate Secretary, Ocean Bio-Chem, Inc., 4041 S.W. 47th Avenue, Fort Lauderdale, FL 33314. Upon receipt of any such communications, the Corporate Secretary will determine the identity of the intended recipient and whether the communication is an appropriate shareholder communication.

The Corporate Secretary will send all appropriate shareholder communications to the intended recipient. An appropriate shareholder communication is a communication from a person claiming to be a shareholder in the communication the subject of which relates solely to the sender's interest as a shareholder and not to any other personal or business interest.

In the case of communications addressed to the Board of Directors, the Corporate Secretary will send appropriate shareholder communications to the Chairman of the Board. In the case of communications addressed to any particular Directors, the Corporate Secretary will send appropriate shareholder communications to such Director. In the case of communications addressed to a committee of the board, the Corporate Secretary will send appropriate shareholder communications to the Chairman of such committee.

COMPENSATION DISCUSSION AND ANALYSIS

The following Compensation Discussion and Analysis describes our executive compensation philosophy, objectives and policies and the components of compensation for our executive officers who are identified in the Summary Compensation Table on page 8 (the "Named Executive Officers").

Compensation Philosophy and Objectives

Our executive compensation programs are designed and administered to promote the following philosophy and objectives:

Attract and Retain. Compensation should reflect the value of the job in the marketplace. To attract and retain exceptional executives, we must remain competitive with the compensation programs of our peer group, other publicly traded South Florida companies which compete with us for talent.

Motivate and Engage. Compensation should motivate and engage our executive officers to perform at the highest level and in a manner that is consistent with our business goals and objectives.

Reward Performance. Compensation should be dependent on, and reward executives on the basis of, both individual and company performance with an increasing proportion of pay directly linked to company performance as an executive's level of responsibility increases.

Alignment with our Shareholders. Compensation should be structured to align our executives' interests with the interests of our shareholders with the ultimate goal of improving shareholder value.

We believe that the overall structure of our compensation programs should be similar across our management team. Accordingly, while the compensation levels and programs will always reflect differences in job responsibilities and marketplace considerations, the types of compensation programs provided to our Named Executive Officers are fundamentally the same as those provided to our management team.

Setting Executive Compensation

We do not have a standing Compensation Committee of the Board of Directors. Our Company is controlled by one shareholder, our President and CEO, Peter G. Dornau. Mr. Dornau is actively involved in the recurring operations and has relied on setting compensation arrangements in consultation with other key executives of the Company and independent members of the Board of Directors. All decisions reached by this group are disclosed in various filings with the United States Securities and Exchange Commission.

Accordingly, we have reached the decision not to have a standing compensation committee given the size of our Company and Board. In making compensation decisions, the Company compares our executive compensation program as a whole and each principal component of the program against the local job market in South Florida.

Components of 2009 Executive Compensation

For 2009, the principal components of our executive compensation program were:

- base salary;
- annual performance bonus;
- equity-based compensation in the form of stock options and stock awards; and
- benefits and perquisites.

These same components were provided in 2009. The Company does not have a pre-established policy or target for the allocation between cash and non-cash compensation or short-term and long-term compensation. Instead, the Company annually reviews the comparative data and the current facts and circumstances relating to Ocean Bio-Chem, Inc. and its executives to determine an appropriate mix of compensation that furthers our compensation philosophy and objectives.

Base Salary. We use base salary as the guaranteed component of the named Executive Officers' annual cash compensation and believe that it is an important tool in attracting and retaining executives and rewarding individual performance. The Company reviews each named Executive Officer's base salary on an annual basis.

During this review, the Company considers:

- the base salary levels of similarly-situated executives in the local South Florida market;
- each executive's individual performance and contributions to Ocean Bio-Chem; and
- each executive's level of experience and responsibility.

Annual Performance Bonus - The Company provides an opportunity for an annual performance bonus component of our executive compensation program. The bonus is a cash-based performance incentive designed to motivate our named Executive Officers and other key employees and reward them based on achievement of performance goals that we believe align the interests of the executives with the interests of our shareholders and create shareholder value. Because motivating our named Executive Officers and other key employees to contribute to, and rewarding them on the basis of, performance is a fundamental part of our executive compensation philosophy, the annual performance bonus has historically been awarded based on the profit performance of the Company for the previous year.

The Company does consider award of bonuses on a discretionary basis. The Board believes that external factors outside of management's control can reward executives for their efforts.

Second, the Company believes that the Discretionary Awards incentivize the named Executive Officers to remain with us and promote our long-term success.

The Company can elect to pay Discretionary Awards in the form of stock options or restricted stock in an effort to further a broader range of our executive compensation objectives.

In addition, the Company reviews the cash performance bonuses awarded to similarly-situated executive officers in the South Florida market.

Equity-Based Compensation

For many years, the Company has granted our named Executive Officers (and other key employees) annual stock option grants and/or restricted stock awards. The Company believes that because stock options have value only if the price of our Common Shares increases, stock options align the interests of our named Executive Officers with the interests of our shareholders with the ultimate goal of improving shareholder value. The Company further believes that stock options encourage our named Executive Officers to focus on our long-term performance and increase their investment in the Company. The Company has awarded restricted stock to certain key employees as a bonus in lieu of cash.

The Board approves all grants stock options in accordance with our shareholder-approved 2007 and 2008 Stock Incentive Plan as Amended. As a result, all stock options are awarded at the closing price of our Common Shares on the NASDAQ on the date of grant.

The annual stock option grants vest and generally become exercisable over a five-year period in 20% increments as of the date of grant and expire five years from the date of grant. In addition to focusing our named Executive Officers on long-term performance, the Board believes that the five-year vesting term also aids in the retention of our named Executive Officers.

In determining the size of the stock option awards, the Board considers the following:

the long-term incentive opportunity for similarly-situated executive officers, and

individual attributes such as level of responsibility, individual performance, contributions to Ocean Bio-Chem, Inc. and ability to impact our future performance.

On April 27, 2010 we issued 144,500 shares of our common stock bearing a restricted legend to certain officers and other key employees as a component of their compensation. At the date of grant the shares had a market value of \$2.08 per share. Shares were awarded to officers as follows:

Peter G. Dornau, President and CEO	20,000	shares
Jeffrey S. Barocas, Vice President and CFO	17,000	shares
William Dudman, Vice President	20,000	shares
Gregor M. Dornau, Vice President -	20,000	shares
Sales & Marketing		
Total	77,000	shares
Other employees, as a group (13 individuals)	67,500	shares
Total restricted shares awarded	144,500	shares

Benefits and Perquisites

Employee Benefits. Ocean Bio-Chem, Inc provides all of its employees, including our named Executive Officers, with the opportunity to save for retirement through our 401(k) savings plan which is sponsored by two of our subsidiaries, Star brite Distributing, Inc. and Kinpak Inc., respectively. Both plans are non-contributory by us and are entirely funded by employee contributions.

In an effort to maintain a healthy workforce, we provide all employees, including our named Executive Officers, with the opportunity to participate in various health and welfare benefit programs, including medical, dental, life and short-term disability insurance. We share the cost of these benefit programs with our employees. Our Named Executive Officers participate in these programs on the same terms as our other employees.

Prerequisites. We do not provide our named Executive Officers with any prerequisite benefits.

Stock Option Plans

We have four stock options plans: the 1994, 2002, 2007 and 2008 Incentive Stock Option Plans and two Non-Qualified Stock Option Plans, 2002 and 2008. All Plans are administered by the Board of Directors, which selects individuals to be participants and determines the type and number of awards to be granted.

The option price for stock options granted under all Plans is stipulated to be not less than the fair market value of Common Stock on the date of grant and the term of each option is fixed by the Committee. Options become exercisable as determined by the Board of Directors.

REPORT OF THE EXECUTIVE COMPENSATION COMMITTEE ON
EXECUTIVE COMPENSATION

Executive Compensation Policy

The executive management and the Board of Directors (the Committee) is responsible for setting the policies and approving our practices in compensating our executive officers. In carrying out its responsibility in 2009, the Executive Management and the Committee considered the following:

-our financial performance;

-our policies and practices for compensation of employees generally;

-our historical philosophy to reward according to merit, commitment to, and performance of, the Company.

In furtherance of this philosophy, the compensation of our executives generally consists of three components: base salary, annual cash incentives and long-term performance-based incentives.

Base Salaries

The base salary of our executives is designed to be competitive with base salaries paid to executives with similar responsibilities and consistent with the salaries paid in the applicable geographical areas.

Incentive Cash Bonuses

Generally, we award cash bonuses to our management employees and other employees based on their personal performance in the past year and overall performance of our company.

Long Term Compensation Stock Option Grants

We have utilized stock options to motivate and retain executive officers and other key employees for the long-term. We believe that stock options closely align the interests of our executive officers and other key employees with those of our shareholders and provide a major incentive to building stockholder value. Options are typically granted annually, and are subject to vesting provisions to encourage officers and employees to remain employed with the Company.

The number of stock options granted to an executive is determined by the Board of Directors and depends principally upon an individual's level of responsibility within the Company and performance by the individual. Since stock options are granted at the average market price on the date of grant and have value only if the market price of the underlying common stock increases, and since the exercisability of options vests over a five (5) year period after the grant date, the Board of Directors believes stock options provide an appropriate long-term incentive for those receiving grants, as well as enhancing stability in the work force. In addition we, from time to time, award direct grants of our restricted common stock as a bonus.

Relationship between our Compensation Policies and Corporate Performance

We believe that our executive compensation policies correlate with our corporate performance. Our stock options are granted at a price equal to or above the fair market value of our common stock on the date of grant. As such, our officers only benefit from the grant of stock options if our stock price appreciates. Generally, we try to tie bonus payments to our Company's financial performance. However, if an individual has made significant contributions to our Company, we will provide them with a bonus payment for their efforts even if our Company's financial performance has not been strong.

Compensation of Chief Executive Officer

Peter G. Dornau served as our Chief Executive Officer during fiscal 2009. He received a base salary of \$110,102, bonus of \$12,000 and stock awards valued at \$19,400. Mr. Dornau's compensation is determined annually based on the Company's financial and operational performance for the preceding year.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our executive offices and warehouse located in Fort Lauderdale, Florida are held under a lease with an entity owned by our President. The lease covers approximately 12,700 square feet of office and warehouse space. On May 1, 2008, the Company renewed for ten years the existing lease with unchanged conditions. The lease still requires a minimum rental of \$94,800 plus applicable taxes for the first year and provides for a maximum 2% increase on each anniversary of the lease throughout the term. Additionally, the landlord is entitled to reimbursement of all taxes, assessments, and any other expenses that arise from ownership. The landlord reserves the right under the agreement to review the terms of the lease at 3, 6 and 9 year intervals in order to make modifications for market conditions. Total rent charged to operations during the years ended December 31, 2009, and 2008 amounted to approximately \$100,500 each year.

We acquired the rights to the Star brite trademark and related products for the United States and Canada in conjunction with our original public offering during March 1981. Peter G. Dornau, our president is the direct or beneficial owner of three companies that market Star brite products outside the United States and Canada. These companies serve as distributors of our products and the terms of payment are the same as for our other customers. At December 31, 2009 and 2008, we had amounts due from affiliated companies, which are directly or beneficially owned by our president aggregating approximately \$237,000 and \$911,000, respectively. Such amounts result from sales to the affiliates, allocations of management fees incurred by the Company on the affiliates behalf, and funds advanced to or from the Company.

Sales to such affiliates, which act as foreign distributors, were sold at cost of material and labor plus an amount to cover manufacturing overhead costs and profits. In addition, the affiliates are charged for their allocable share of administrative expenses of the Company. The sales and transfers to affiliates aggregated approximately \$1,148,400 and \$1,208,000 during the years ended December 31, 2009 and 2008, respectively; allocable administrative fees aggregated \$325,000 and \$275,000, respectively for such periods. A subsidiary of ours currently uses the services of an entity that is owned by our president to conduct product research and development. Such entity received \$30,000 per year during the years ended December 31, 2009 and 2008 under such relationship.

Mr. Kolisch a Director of the Company sources most of the Company's insurance needs at an arm's length basis.

AUDIT COMMITTEE REPORT

The Audit Committee is responsible for assisting the Board in monitoring (1) the quality and integrity of our financial statements, (2) our compliance with regulatory requirements and (3) the independence and performance of our independent auditors. Among other responsibilities, the Audit Committee reviews, in its oversight capacity, our annual financial statement with both management and the independent auditors and meets periodically with our independent auditors to consider their evaluation of our financial and internal controls. The Audit Committee also recommends to the Board of Directors the selection of the Company's independent certified public accountants. The Audit Committee is composed of three directors and operates under a written charter adopted and approved by the Board of Directors. During 2009, all of the Audit Committee members were non-employee directors and were independent as defined by the NASDAQ listing standards in effect during 2009. The members of the Audit Committee during 2009 were Sonia B. Beard, James M. Kolisch, and John B. Turner. Mrs. Beard served as the Chairperson of the Audit Committee.

In discharging its duties during 2009, the Audit Committee met with and held discussions with management and our independent auditors, Kramer, Weisman & Associates. Management represented to the independent auditors that our audited financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee also discussed with our auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communications with Audit Committees. In addition, our auditors, provided the Audit Committee with the

written disclosures and the letter required by Independence Standards Board Standard No. 1, Independence Discussion with Audit Committees, and the Audit Committee discussed with our auditors their independence.

Based on the above-mentioned review and discussions with management and the independent auditors, the representations of management and the report of the independent auditors to our committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2009.
