Forward-Looking Statements

This Form 8-K, including the exhibit hereto, contains certain forward-looking statements regarding Intel's proposed acquisition of Infineon's Wireless Solutions (WLS) business. Actual events or results may differ materially from those contained in these forward-looking statements. Among the important factors that could cause future events or results to vary from those addressed in the forward-looking statements include without limitation, risks and uncertainties arising from the possibility that the closing of the transaction may be delayed or may not occur; changes in consumer demand; Intel's ability to successfully integrate WLS as a standalone business; the realization of the projected benefits of the proposed transaction; the retention of suppliers, customers and key employees; general economic conditions in the regions and industries in which Intel and WLS operate; the intensely competitive industries in which Intel and WLS operate; and litigation or regulatory matters involving antitrust and other issues that could affect the closing of the transaction.

In addition, please refer to the documents that Intel files with the SEC on Forms 10-K, 10-Q and 8-K. The filings by Intel identify and address other important factors that could cause events and results to differ materially from those contained in the forward-looking statements set forth in this Form 8-K. Intel is under no duty to update any of the forward-looking statements after the date of this Form 8-K to conform to actual results.
