(b) Pro Forma Condensed Financial Information:

IMMTECH INTERNATIONAL, INC.

### UNAUDITED PRO FORMA CONDENSED FINANCIAL INFORMATION

On February 14, 2002, Immtech International, Inc. (the "Company") filed a Certificate of Designation with the Secretary of State of the State of Delaware designating 320,000 shares of the Company's 5,000,000 authorized shares of preferred stock as Preferred Stock, \$0.01 par value, with a stated value of \$25.00 per share ("Preferred Stock"). Dividends on the Preferred Stock accrue at a rate of 6% on the \$25.00 stated value per share and are payable semi-annually on April 15 and October 15 of each year while the shares are outstanding. The Company has the option to pay the dividend either in cash or in equivalent shares of common stock, as defined. Each share of Preferred Stock shall be convertible by the holder at any time into shares of the Company's common stock at a conversion rate determined by dividing the \$25.00 stated value, plus any accrued and unpaid dividends (the "Liquidation Price"), by a \$4.42 conversion price (the "Conversion Price") subject to antidilution adjustment. The Company may, at any time after February 14, 2003, require that any or all outstanding shares of Preferred Stock be converted into shares of the Company's common stock, provided that the shares of common stock into which the Preferred Stock is convertible is registered pursuant to an effective registration statement, as defined. The number of shares of common stock received by Preferred Stockholders upon conversion of their Preferred Stock by the Company shall be determined by (i) dividing the Liquidation Price by the Conversion Price provided that the closing bid price for the Company's common stock exceeds \$9.00 for 20 consecutive trading days within 180 days prior to notice of conversion, as defined, or if the requirements of (i) are not met, the number of shares of common stock is determined by dividing 110% of the Liquidation Price by the Conversion Price. The Conversion Price is subject to antidilution adjustments, as defined in the Certificate of Designation.

The Company may, upon 30 days' notice, redeem any or all outstanding shares of the Preferred Stock by payment of the Liquidation Price to the holder of such shares, provided that the holder does not convert the Preferred Stock into shares of common stock during the 30 day period. The Preferred Stock has a preference in liquidation equal to \$25.00 per share, plus any accrued and unpaid dividends. Each issued and outstanding share of Preferred Stock shall be entitled to 5.6561 votes with respect to any and all matters presented to the stockholders of the Company for their action or consideration. Except as provided by law or by the provisions establishing any other series of preferred stock, Preferred Stockholders and holders of any other outstanding preferred stock shall vote together with the holders of common stock as a single class.

On February 14, 2002 and February 22, 2002, the Company closed private placement offerings pursuant to Regulation D and Regulation S of the Securities Act of 1933, as amended, which raised approximately \$4,002,500 (before offering costs) through the issuance of 160,100 shares of Preferred Stock and warrants to purchase 400,250 shares of the Company's common stock at an exercise price of \$6.00 per share of common stock. The warrants expire five years from the date of grant. The warrants contain antidilution provisions.

On February 1, 2002, in connection with the aforementioned private placement offerings, the Company entered into a one year consulting agreement with Yorkshire Capital Limited ("Yorkshire") for assistance to be provided by Yorkshire to the Company with respect to financial consulting, planning, structuring, business strategy, public relations and promotions, among other items. As compensation for such services, the Company is required to pay a

retainer fee to Yorkshire of \$10,000 per month for the term of the agreement. The Company also granted Yorkshire warrants to purchase 360,000 shares of the Company's common stock at prices ranging from \$6.00 to \$12.00 per share. Warrants to purchase 100,000 shares at an exercise price of \$6.00 per share vested upon the closing of the initial stage of the private placement offerings. Warrants to purchase 130,000 shares of the Company's common stock at a price of \$9.00 per share shall vest, should the Company's common stock trade at or above the \$9.00 exercise price per share for 20 consecutive trading days prior to January 31, 2003. Warrants to purchase 130,000 shares of the Company's common stock at a price of \$12.00 per share shall vest, should the Company's common stock trade at or above the \$12.00 exercise price per share for 20 consecutive trading days prior to January 31, 2003. The warrants expire on February 14, 2007 and contain antidilution provisions. The Company may, upon 30 days' notice, redeem any vested warrants for \$0.10 per share if the Company's common stock trades at 200% of the exercise price for 20 consecutive trading days. Yorkshire may exercise any vested warrants during such notice period. In addition, in connection with the closing of the initial stage of the private placement offerings, Yorkshire received 60,000 shares of the Company's common stock as consideration for identifying investors and raising funds.

The unaudited pro forma adjustments are described in the accompanying notes and give effect to events that are directly attributable to the issuance of the preferred stock and warrants to purchase common stock and are factually supportable.
