ADVANCED BATTERY TECHNOLOGIES, INC.
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

1. CHANGE OF COMPANY NAME

On July 12, 2004, the name of the Company was changed from Buy It Cheap.com to Advanced Battery Technologies, Inc. ("ABAT"), with all the required filings submitted to the United States Securities and Exchange Commission.

2. BASIS OF PRESENTATION

The accompanying unaudited consolidated financial statements of ABAT and its subsidiaries (the "Group") have been prepared in accordance with generally accepted accounting principles in the United States of America for interim consolidated financial information. Accordingly, they do not include all the information and footnotes necessary for comprehensive consolidated financial statements. These statement should be reviewed in conjunction with the condensed consolidated financial statements of the Company, notes thereto, and the

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form 10QSB

Management's Discussion and Analysis set forth in the Company's Current Report on Form 8-K dated May 6, 2004.

(i) In the opinion of the management of ABAT, all adjustments considered necessary for a fair presentation of the financial position and the results of operations and cash flows for the interim periods have been included. Interim results are not necessarily indicative of results for a full year.

(ii) The Company has two subsidiaries, Cashtech Investment Limited ("Cashtech"), a British Virgin Island corporation, and Heilongjiang ZhongQiang Power-Tech Co., Ltd. ("ZQ Power-Tech"). ZQ Power-Tech is a limited liability company established in the People's Republic of China in which Cashtech owns 70% interest.

On March 1, 2004, the previous stockholders holding 70% ownership of ZQ Power-Tech agreed to the transfer of their shares to obtain 100% ownership in Cashtech. Cashtech is the legal parent of ZQ Power-Tech since inception, with the transaction being treated as a reverse merger and recapitalization of ZQ Power-Tech, which is treated as the accounting acquirer.

On May 6, 2004, ABAT completed a share exchange with the stakeholders of Cashtech. This share exchange has been treated as a reverse takeover with Cashtech taken as the accounting acquirer and ABAT as the accounting acquiree.

The purchase method under reverse takeover accounting has been applied for the above two share exchanges. These consolidated financial statements issued under the name of the legal parent, ABAT, are a continuation of the financial statements of ZQ Power-Tech. The comparative figures are those of ZQ Power-Tech. The 30% minority interests in ZQ Power-Tech was reflected in the comparative figures as if the current group structure was already in existence. ZQ Power-Tech had been in the development stages from the date of inception (August 20, 2002) to December 31, 2003 and was considered as a normal operating company starting from January 1, 2004.

-4-

ADVANCED BATTERY TECHNOLOGIES, INC. NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

2. BASIS OF PRESENTATION (CONT'D)

(iii) The Group has accumulated deficit as at September 30, 2004. However, based on the substantial backlog of orders that the Group has accumulated, the management of the Group believes that these orders will generate sufficient revenue and cash flows to enable the Group to continue as a going concern.

3. DESCRIPTION OF BUSINESS

ABAT continues to be engaged in the business of designing, manufacturing and marketing rechargeable polymer lithium-ion batteries through its subsidiary, ZQ Power-Tech.

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form 10QSB

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies followed by the Company are set forth in the section "Summary of significant accounting policies" of the consolidated financial statements of "Cashtech Investment Limited and Subsidiary" included in the Company's Form 8-K submitted to the United States Securities and Exchange Commission on May 21, 2004.

In addition to the above-mentioned accounting policies, the Company adopted the accounting policy of prepaid expenses during the current interim period:

Prepaid expenses

Prepaid expenses represent the aggregate fair value of the Company's common stock issued in return for the consultancy works and services provided by certain consultants and by an employee of the Company. The fair value is determined by reference to the closing price of the Company's common stock as quoted on the Over-the-Counter Bulletin Board (the "OTCBB") at the date of entering into the agreements. The prepaid expenses are amortized on a straight-line basis over the respective terms of the agreements.

5. LOSS PER SHARE

(i) The basic net loss per share is calculated using the net loss and the weighted average number of common shares outstanding during the interim periods.

	Three months ended September 30, 2004 2003		Nine months ended September 30, 2004 2003	
Net loss (USD)	(246,172)	(19,235)	(279,834)	(57,705)
Weighted average common shares outstanding	10,328,321	9,141,130#	9,707,902	9,141,130#
Basic net loss per share (USD)	(0.02)	(0.00)	(0.03)	(0.01)

-5-

ADVANCED BATTERY TECHNOLOGIES, INC. NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

5. LOSS PER SHARE (CONT'D)

The number represents the number of shares issued by ABAT for the share exchange with Cashtech (after taking into account the reverse stock split as disclosed in Note 6(i)).

(ii) The diluted net loss per share is not presented as there is no dilutive effect for all periods.

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form 10QSB

6. COMMON STOCK

	No. of shares	Amount
	-----	-----
Authorized :		
Common stock at USD0.001 par value (Note 6(i))	60,000,000	60,000
Issued and outstanding :		
At July 1, 2004	19,842,582	19,843
Reverse split of outstanding common stock (Note 6(i))	(17,883,543)	(17,884)
Conversion of preferred stock (Note 6(ii))	8,061,130	8,061
Shares issued to an employee (Note 6(iii))	200,000	200
Shares issued to consultants (Note 6(iv))	495,000	495
At September 30, 2004	10,715,169	10,715

Notes :

(i) Pursuant to a resolution adopted by the Company to amend the certificate of incorporation, on July 12, 2004, the Company filed a restated certificate of incorporation with the Secretary of State of Delaware. The restated certificate of incorporation amended the certificate of incorporation and :

(a) The authorized number of shares of capital stock was increased from 20,000,000 common stock and 2,000,000 preferred stock to 60,000,000 common stock and 5,000,000 preferred stock.

(b) There was a reverse split of the outstanding common stock for a 1-for-10 basis, effective on July 12, 2004. The fractional shares resulting from the reverse split were purchased by the Company.

(ii) Subsequent to the reverse stock split on July 12, 2004, the holders of the Company's preferred stock converted their shares into 8,061,130 shares of common stock (Note 7).

(iii) The shares were issued to an employee of the Company for the provision of services for a term of two years commencing on July 11, 2004.

-6-

ADVANCED BATTERY TECHNOLOGIES, INC.
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

6. COMMON STOCK (CONT'D)

(iv) The Company entered into several consulting agreements (the "Agreements") with various consultants. In

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form 10QSB

consideration of the consulting services provided, the Company agreed to issue in aggregate 495,000 shares of the Company's common stock to the consultants. The details of the consulting agreements are as follows :

Services provided	Terms	Common stock issued	Date of issuance
Marketing, sales channeling, market research and promotion	June 29, 2004 to June 28, 2006	220,000	September 14, 2004
Provision of technical market information and technical research and development services	July 23, 2004 to July 22, 2007	100,000	July 30, 2007
Provision of industry and market information in China	September 8, 2004 to September 7, 2005	125,000	September 9, 2004
Coordination and business development services in US	September 8, 2004 to September 7, 2006	50,000	September 14, 2004
		----- 495,00 =====	

7. PREFERRED STOCK	No. of shares	Amount
	-----	-----
Authorized :		
Preferred stock at USD0.001 par value (Note 6(i))	5,000,000 =====	5,000 =====
Issued and outstanding :		
At July 1, 2004	806,113	806
Conversion to common stock (Note 6(ii))	(806,113)	(806)
At September 30, 2004	-	-

Each share of preferred stock was convertible into 10 common stock (after taking into account the reverse stock split as disclosed in Note 6(i)).

8. ADDITIONAL PAID-IN CAPITAL

Included in the additional paid-in capital is an amount of USD2,333,055 which represents the excess of the aggregate fair value of the Company's common stock issued to an employee (Note 6(iii)) and issued under the Agreements (Note 6(iv)), over the par value of the stock issued. The fair value is determined by reference to the closing price of the Company's common stock quoted on the OTCBB at the dates of entering the agreements.

10. WARRANTIES

The Group warrants that all equipment manufactured by it will be free from defects in material and workmanship under normal use for a period of one year from the date of shipment. The Group's experience for costs and expenses in connection with such warranties has been minimal and during the three months and nine months ended September 30, 2004, no amounts have been considered necessary to reserve for warranty costs at this time.

11. EQUITY INCENTIVE PLAN

(i) The Company adopted the 2004 Equity Incentive Plan (the "Plan") on August 24, 2004. The purpose of the Plan is to promote the success and enhance the value of the Company by linking the personal interests of the participants of the Plan (the Participants") to those of the Company's shareholders, and by providing the Participants with an incentive for outstanding performance. The Plan is further intended to attract and retain the services of the Participants upon whose judgment, interest, and special efforts the successful operation of the Group is dependent.

Subject to the terms and provisions of the Plan, the Board of Directors, at any time and from time to time, may grant shares of stock to eligible persons in such amounts and upon such terms and conditions as the Board of Directors shall determine.

The Committee appointed by the Board of Directors to administer the Plan shall have the authority to determine all matters relating to the options to be granted under the Plan including selection of the individuals to be granted awards or stock options, the number of stocks, the date, the termination of the stock options or awards, the stock option term, vesting schedules and all other terms and conditions thereof.

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form 10QSB

ADVANCED BATTERY TECHNOLOGIES, INC. NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

11. EQUITY INCENTIVE PLAN (CONT'D)

(ii) As mentioned in note 6(iv) of the consolidated financial statements, ABAT issued a total of 495,000 shares of common stock to various consultants. 125,000 of the shares were issued under the Plan.

(iii) Other than the transaction as detailed in note 11(ii) of the consolidated financial statements, no options or warrants have been made, exercised or lapsed during the three months and nine months ended September 30, 2004.

-9-

ITEM 2. MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Forward-looking Statements

This Report contains certain forward-looking statements regarding the business and financial prospects of Advanced Battery Technologies, Inc. and its subsidiary, ZQ Power-Tech. These statements represent Management's present intentions and its present belief regarding the company's future. Nevertheless, there are numerous risks and uncertainties that could cause our actual results to differ from the results suggested in this Report. Among the more significant factors are:

1. ZQ Power-Tech has only recently initiated marketing. It is not yet known whether it will be able to sell its products in quantities sufficient to support significant growth and profitable operations.
2. A number of competitors who have capital resources far greater than those of ZQ Power-Tech dominate the market for rechargeable batteries. If one or more of them chose to compete aggressively with ZQ Power-Tech, it might prevent ZQ Power-Tech from effectively expanding its customer base.
3. If the current growth rate of the economy of China were to be significantly reduced or if China were to experience a recession, the market for ZQ Power-Tech's products would be reduced, and the capital available to fund its expansion program might also be reduced.

Because these and other risks may cause the Company's actual results to differ from those anticipated by Management, the reader should not place undue reliance on any forward-looking statements that appear in this Report. Readers should also take note that the Company will not necessarily make any public announcement of changes affecting these forward-looking statements, which should be considered accurate on this date only.

Results of Operations

Advanced Battery Technologies, Inc. is a holding company with one subsidiary. Its subsidiary owns 70% of the equity in Heilongjiang ZhongQiang Power-Tech Co., Ltd., a China limited

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form 10QSB

liability company ("ZQ Power-Tech"), which is engaged in the business of designing, manufacturing and marketing rechargeable polymer lithium-ion ("PLI") batteries.

During the year ended December 31, 2003 ZQ Power-Tech's activities were focused on development of its product line and the build-out of its manufacturing facility. ZQ Power-Tech recorded its first significant revenues in the first quarter of 2004, ending March 31, 2004. All but a trace of the \$476,009 in sales recorded in that quarter were made to two customers. In the second quarter of 2004 ZQ Power-Tech's sales were only slightly greater, as revenue of \$492,666 was recorded. Most of the second quarter sales were made to three customers.

The Company's level of sales fell in the third quarter to \$116,383. The reduction occurred primarily because the Company's operations are focused on fulfilling on major order, which does not call for shipments until the fourth quarter of this year. In addition, deliveries have recently been slow in part because the operations personnel at ZQ Power-Tech were focused on completing additional factory facilities at ZQ Power-Tech's campus in Heilongjiang. These facilities have now been completed, resulting in a substantial increase in the manufacturing capacity of ZQ Power-Tech.

-10-

Currently, ZQ Power-Tech has a backlog of \$21 million. Almost the entire backlog consists of an order placed by Aiyingsi Enterprise Co., Ltd. of Taiwan for standard 3.7 volt PLI battery sets. Deliveries to Aiyingsi are scheduled monthly from October 2004 through August 2005.

ZQ Power-Tech realized a 36% gross margin on its sales in the first nine months of 2004, ranging from 44% in the first quarter to 25% in the third quarter, reflecting a different mix of products sold in each quarter. The gross margin ratio in the future will depend considerably upon which of ZQ Power-Tech's products are dominating sales. So it is premature to predict whether the 36% level achieved to date will be maintained.

The general and administrative expenses recorded in the third quarter substantially exceeded revenue. This was primarily the result of very low revenue. However, general and administrative expense in the third quarter also included a non-cash expense of \$173,265 attributable to the amortization of consulting fees and salaries that were prepaid by the Company issuing common stock to the consultants and employee. At September 30, 2004 there remained \$2,160,485 in prepaid expenses on the Company's balance sheets, which will be amortized as expenses over the next three years. However the expected increase in ZQ Power-Tech's net sales should result in a better ratio of expenses to sales.

The Company's revenue less expenses produced a net loss of \$325,506 for the nine months ended September 30, 2004. However, because Advanced Battery owns only 70% of ZQ Power-Tech, the loss was reduced by \$45,672 on Advanced Battery's statements of operations, representing 30% of the loss incurred by ZQ Power-Tech. If, in the future, ZQ Power-Tech reports earnings, the earnings will be

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form 10QSB

similarly discounted by 30% on Advanced Battery's statements of operations, as long as there remains 30% of ZQ Power-Tech that is not owned by Advanced Battery.

Liquidity and Capital Resources

To date, the development and initial operations of ZQ Power-Tech have been financed primarily by contributions to capital made by Zhiguo Fu, the Company's Chairman. At September 30, 2004 ZQ Power-Tech had a working capital deficit of \$1,374,449, an increase in the deficit of \$1,167,318 since March 31, 2004. Among the principal factors in the deficit were customer deposits totaling \$672,989, which will be amortized as products are delivered, and an unsecured note payable to a Chinese institutional lender in the amount of \$362,463. The note is due on January 1, 2005.

Despite its negative working capital, ZQ Power-Tech has sufficient liquidity to fund its near-term operations. The principal capital resource available is \$6,533,158 in property, plant and equipment and construction in process, which ZQ Power-Tech owns without lien. Based on the substantial backlog of orders that ZQ Power-Tech has accumulated, it believes that secured financing will be available to it on favorable terms when needed. Until then, if short-term cash shortages occur, Mr. Fu has committed to provide financing as needed. In addition, the Shuangcheng Science and Technology Bureau has committed to grant \$604,105 to ZQ Power-Tech if its products have achieved international standards or the standards of the local bureau by the end of 2004.

Based upon the financial resources available to ZQ Power-Tech, management believes that it has sufficient capital and liquidity to sustain operations for the foreseeable future.

ITEM 3. CONTROL AND PROCEDURES

We maintain disclosure controls and procedures that are designed to ensure that information that is required to be disclosed in the Securities Exchange Act of 1934 reports are recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management to allow timely decisions regarding required disclosure.

At the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of our management, including Zhiguo Fu, our Chief Executive Officer, and Guohua Wan, our Chief Financial Officer, pursuant to Rule 13a-15 under the Securities Exchange Act of 1934, as amended. Based on their evaluation, they concluded that as of the end of the period covered by this report, our disclosure controls and procedures were effective under Rule 13a-15.

There were no significant changes in our internal controls or in other factors that could significantly affect these controls subsequent to the end of the period covered by this report, including any significant deficiencies or material weaknesses of internal controls that would require corrective action.

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form 10QSB

PART II OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

None

ITEM 2. CHANGES IN SECURITIES

Conversion of preferred shares to common shares

On July 12, 2004, the Company filed a Restated Certificate of Incorporation with the Secretary of State of Delaware. The Restated Certificate of Incorporation amended the Certificate of Incorporation to effect a reverse split on the outstanding Common Stock in the ratio of 1:10.

Unregistered sales of equity securities

Subsequent to the reverse stock split, all of the holders of the Series D Preferred Stock converted their preferred shares into 8,061,130 shares of common stock of the Company. The exchange was exempt pursuant to Section 3(a)(9) of the Securities Act. There were no underwriters.

On July 30, 2004, the Company issued 100,000 shares of restricted common stock to Chan Ching Chuen for services as a technical consultant - electronic engineering on product development, technical marketing information and technical research for the Company's future development. The transaction was exempt pursuant to Section 4(2) of the Securities Act since the shares were issued to an individual who had access to detailed information about the Company and who was acquiring the shares for his own account. There were no underwriters.

On June 29, 2004, the Company issued a total of 220,000 shares of restricted common stock to Li Wing Chun Charles, Lam Chi Yin Henry and Chan Tsz King. Li Wing Chun Charles was engaged by the Company to evaluate the marketing and sales channeling of the Hong Kong regional office and other subsidiaries. Lam Chi Yin Henry was engaged by the Company to assist the Company with product promotion in Macau SAR for its Hong Kong regional office. Chan Tsz King was engaged by the Company to conduct industry and market research. The transactions were exempt pursuant to Section 4(2) of the Securities Act since the shares were issued to individuals who had access to detailed information about the Company and who were acquiring the shares for their own accounts. There were no underwriters.

On September 8, 2004, the Company signed a consultant agreement with Yu Hao to explore business opportunities in the United States. As compensation, the Company issued 50,000 shares of restricted common stock to Yu Hao. The transaction was exempt pursuant to Section 4(2) of the Securities Act since the shares were issued to an individual who had access to detailed information about the Company and who was acquiring the shares for her own account. There were no underwriters.
