ITEM 8.01. OTHER EVENTS

Investors Real Estate Trust (“IRET”) is filing this Current Report on Form 8-K to update the selected financial data and historical financial statements included in our Annual Report on Form 10-K for the fiscal year ended April 30, 2005 (the “2005 Annual Report”) for discontinued operations that have resulted from the disposition of real estate assets during the period from May 1, 2005 through October 31, 2005, in accordance with Statement of Financial Accounting Standards No. 144, “Accounting for the Impairment or Disposal of Long-Lived Assets” (“SFAS 144”). During the six months ended October 31, 2005, we sold a small convenience store and an associated parcel of undeveloped land with a total carrying amount, net of depreciation, of \$422,200, for a sale price totaling \$450,000. This property contributed \$59,000, \$22,500 and \$7,500 in revenue to the Company in fiscal years 2005, 2004 and 2003, respectively. After giving effect to these discontinued operations, our income (loss) from continuing operations is reduced by \$14,600, \$(1,400) and \$3,400, and discontinued operations, net, is increased by the same amounts, in fiscal years 2005, 2004 and 2003, respectively.

In compliance with SFAS 144, we have reported revenue, expenses and net gains from the sale of this property as discontinued operations for each period presented (including the comparable periods of the prior year). Under SEC requirements, the same reclassification as discontinued operations required by SFAS 144 following the sale of a property is required for previously issued annual financial statements for each of the three years shown in our 2005 Annual Report, if those financials are incorporated by reference in subsequent filings with the SEC made under the Securities Act of 1933, as amended, even though those financial statements relate to periods prior to the date of the sale. This reclassification has no effect on our reported net income available to common shareholders or funds from operations.

This Current Report on Form 8-K updates and conforms certain information contained in Item 6, “Selected Financial Data for Fiscal Years Ended April 30” and Item 8, “Financial Statements and Supplementary Data” of our 2005 Annual Report to reflect, as discontinued operations, the property sold during the six months ended October 31, 2005, as described above. The updated and conformed Items 6 and 8 of our 2005 Annual Report are set forth in Exhibit 99.1, and incorporated by reference herein. All other items of the Company’s 2005 Annual Report remain unchanged.

No attempt has been made in this report to modify or update any other disclosures, including disclosures in Item 7, “Management’s Discussion and Analysis of Financial Condition and Results of Operations”, presented in our 2005 Annual Report, except to the extent expressly provided above. Accordingly, this report should be read in conjunction with our Form 10-Q for the quarter ended October 31, 2005.

Certain matters discussed in this report, excluding historical information, include forward-looking statements statements that discuss IRET’s expected future results based on current and pending business operations. IRET makes these forward-looking statements in reliance on the safe-harbor protections provided under the Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by words such as “anticipates,” “believes,” “expects,” “planned,” or similar expressions. Although IRET believes these forward-looking statements are based on reasonable assumptions, statements made regarding future results are subject to a number of assumptions, uncertainties and risks that may cause future results to be materially different from the results stated or implied in this document. Additional information about issues that could lead to material changes in our performance is contained in IRET’s 2005 Annual Report.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of
Investors Real Estate Trust
Minot, North Dakota

We have audited the accompanying consolidated balance sheets of Investors Real Estate Trust and subsidiaries (the "Company") as of April 30, 2005 and 2004, and the related consolidated statements of operations, shareholders' equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about

whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of Investors Real Estate Trust and subsidiaries as of April 30, 2005 and 2004, and the results of their operations, and their cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the effectiveness of the Company's internal control over financial reporting as of April 30, 2005, based on the criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated June 28, 2005 (which is not included herein), expressed an unqualified opinion on management's assessment of the effectiveness of the Company's internal control over financial reporting and an unqualified opinion on the effectiveness of the Company's internal control over financial reporting.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Trustees
Investors Real Estate Trust
and Subsidiaries
Minot, North Dakota

We have audited the consolidated statements of operations, shareholders' equity, and cash flows of Investors Real Estate Trust and Subsidiaries for the fiscal year ended April 30, 2003. These consolidated financial statements are the responsibility of the Trust's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated results of operations and cash flows of Investors Real Estate Trust and Subsidiaries for the year ended April 30, 2003, in conformity with accounting principles generally accepted in the United States of America.

INVESTORS REAL ESTATE TRUST AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
April 30, 2005, 2004, and 2003

NOTE 1 • ORGANIZATION

Investors Real Estate Trust (“IRET” or the “Company”) is a self-advised real estate investment trust engaged in acquiring, owning and leasing multi-family and commercial real estate. IRET has elected to be taxed as a Real Estate Investment Trust (“REIT”) under Sections 856-860 of the Internal Revenue Code of 1986, as amended. REITs are subject to a number of organizational and operational requirements, including a requirement to distribute 90% of ordinary taxable income to shareholders, and, generally, are not subject to federal income tax on net income. IRET’s multi-family residential properties and commercial properties are located mainly in the states of North Dakota and Minnesota, but also in the states of Colorado, Idaho, Iowa, Georgia, Kansas, Montana, Nebraska, South Dakota, Texas, Michigan and Wisconsin. As of April 30, 2005, IRET owned 65 multi-family residential properties with approximately 8,610 apartment units and 146 commercial properties, consisting of office, medical, industrial and retail properties, totaling approximately 8.0 million net rentable square feet. IRET conducts a majority of its business activities through its consolidated operating partnership, IRET Properties, a North Dakota Limited Partnership (the “Operating Partnership”), as well as through a number of other subsidiary entities.

All references to IRET or the Company refer to Investors Real Estate Trust and its consolidated subsidiaries.

NOTE 2 • BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The accompanying consolidated financial statements include the accounts of IRET and all subsidiaries in which it maintains a controlling interest. All significant intercompany balances and transactions are eliminated in consolidation. The Company’s fiscal year ends April 30th.

The accompanying consolidated financial statements include the accounts of IRET and its general partnership interest in the Operating Partnership. The Company’s interest in the Operating Partnership was 77.5% as of April 30, 2005, which includes 100% of the general partnership interest. The limited partners have a redemption option that they may exercise. Upon exercise of the redemption option by the limited partners, IRET has the option of redeeming the limited partners’ interests (“Units”) for IRET common shares of beneficial interest, on a one-for-one basis, or for cash payment to the unitholder. The redemption generally may be exercised by the limited partners at any time after the first anniversary of the date of the acquisition of the Units (provided, however, that not more than two redemptions by a limited partner may occur during each calendar year, and each limited partner may not exercise the redemption for less than 1,000 Units, or, if such limited partner holds less than 1,000 Units, for all of the Units held by such limited partner). Some limited partners have contractually agreed to a holding period of greater than one year.

The consolidated financial statements also reflect the ownership by the Operating Partnership of certain joint venture entities in which the Operating Partnership has a general partner or controlling interest. These entities are consolidated into IRET’s other operations with minority interests reflecting the minority partners’ share of ownership and income and expenses.

RECENT ACCOUNTING PRONOUNCEMENTS

On December 16, 2004, the Financial Accounting Standards Board (“FASB”) issued Statement of Financial Accounting Standards (“SFAS”) No. 153, “Exchanges of Nonmonetary Assets - Amendment of APB Opinion No. 29”. The amendments made by SFAS No. 153 are based on the principle that exchanges of nonmonetary assets should be measured based on the fair value of the assets exchanged. Further, the amendments eliminate the narrow exception for nonmonetary exchanges of similar productive assets and replace it with a broader exception for exchanges of nonmonetary assets that do not have “commercial substance.” SFAS No. 153 is effective for nonmonetary asset exchanges occurring in fiscal periods beginning after June 15, 2005. The Company does not believe the adoption of SFAS No. 153 will have a material effect on the Company’s consolidated financial statements.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

REAL ESTATE ASSETS AND DEPRECIATION OF INVESTMENT IN REAL ESTATE

Real estate is recorded at cost less accumulated depreciation less an adjustment for impairment, if any. Asset acquisitions are recorded based upon preliminary allocations of the purchase price which are subject to adjustment as additional information is obtained, but in no case more than one year after the date of acquisition. The Company allocates the purchase price to the fair value of the tangible assets of an acquired property (which includes the land, building, and personal property) which are determined by valuing the property as if it were vacant and to fair value of the intangible assets (which include in-place leases.) The as-if-vacant value is allocated to land, buildings, and personal property based on management's determination of the relative fair values of these assets. The estimated fair value of the property is the amount that would be recoverable upon the disposition of the property. Techniques used to estimate fair value include discounted cash flow analysis, independent appraisals, and reference to recent sales of comparables. A land value is assigned based on the purchase price if land is acquired separately or based on estimated market value if acquired in a merger or in a single or portfolio acquisition.

Above-market and below-market in-place lease values for acquired properties are recorded based on the present value (using an interest rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) management's estimate of fair market lease rates for the corresponding in-place leases, measured over a period equal to the remaining non-cancelable term of the lease. The capitalized above-market and below-market lease values are amortized over the remaining non-cancelable terms of the respective leases as depreciation/amortization related to real estate investments.

Other intangible assets acquired include amounts for in-place lease values that are based upon the Company's evaluation of the specific characteristics of the leases. Factors considered in these analyses include an estimate of carrying costs during hypothetical expected lease-up periods, considering current market conditions, and costs to execute similar leases. The Company also considers information about each property obtained during its pre-acquisition due diligence, marketing and leasing activities in estimating the fair value of the tangible and intangible assets acquired.

Depreciation is computed on a straight-line basis over the estimated useful lives of the assets. The Company uses a 20-40 year estimated life for buildings and improvements and a 5-12 year estimated life for furniture, fixtures and equipment.

Expenditures for ordinary maintenance and repairs are expensed to operations as incurred. Renovations and improvements that improve and/or extend the useful life of the asset are capitalized over their estimated useful life, generally five to ten years. Property sales or dispositions are recorded when title transfers and sufficient consideration has been received by the Company.

The Company periodically evaluates its long-lived assets, including its investments in real estate, for impairment indicators. The judgments regarding the existence of impairment indicators are based on factors such as operational performance, market conditions, expected holding period of each asset and legal and environmental concerns. Future events could occur which would cause the Company to conclude that impairment indicators exist and an impairment loss is warranted. If indicators exist, the Company compares the expected future undiscounted cash flows for the

long-lived asset against the carrying amount of that asset. If the sum of the estimated undiscounted cash flows is less than the carrying amount of the asset, an impairment loss is recorded for the difference between the estimated fair value and the carrying amount of the asset.

NOTE 2 • continued

REAL ESTATE HELD FOR SALE

Real estate held for sale is stated at the lower of its carrying amount or estimated fair value less disposal costs. Depreciation is not recorded on assets classified as held for sale.

In the normal course of business IRET will receive offers to purchase its properties, either solicited or unsolicited. For those offers that are accepted, the prospective buyer will usually require a due diligence period before completion of the transaction. It is not unusual for matters to arise that result in the withdrawal or rejection of the offer during this process. As a result, real estate is not classified as “held-for-sale” until it is probable, in the opinion of management, that a property will be disposed of in the near term, even if sale negotiations for such property are currently under way.

The Company reports, in discontinued operations, the results of operations of a property that has either been disposed of or is classified as held for sale and the related gains or losses.

IDENTIFIED INTANGIBLE ASSETS AND GOODWILL

Upon acquisition of real estate, the Company records the intangible assets acquired (for example, if the leases in place for the real estate property acquired carry rents above the market rent, the difference is classified as an intangible asset) at their estimated fair value separate and apart from goodwill. The Company amortizes identified intangible assets that are determined to have finite lives based on the period over which the assets are expected to contribute directly or indirectly to the future cash flows of the real estate property acquired (generally the life of the lease). Intangible assets subject to amortization are reviewed for impairment whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. An impairment loss is recognized if the carrying amount of an intangible asset is not recoverable and its carrying amount exceeds its estimated fair value.

The excess of the cost of an acquired entity over the net of the amounts assigned to assets acquired (including identified intangible assets) and liabilities assumed is recorded as goodwill. Goodwill is not amortized, but is tested for impairment on an annual basis, or more frequently if events or changes in circumstances indicate that the asset might be impaired.

As of April 30, 2005 and 2004, respectively, the net carrying amounts of the Company’s identified intangible assets, which are included in prepaids and other assets, were \$24,517,000 (this amount is net of accumulated depreciation and amortization totaling \$7,617,000) and \$16,147,000 (net of accumulated depreciation and amortization totaling \$1,328,000).

As of April 30, 2005 and 2004, respectively, the net carrying amounts of the Company’s identified intangible liabilities were \$1,119,000 (this amount is net of accumulated depreciation and amortization totaling \$503,000) and \$1,653,000 (net of accumulated depreciation and amortization totaling \$94,000).

Goodwill of \$1,645,000 was recorded by the Company in July 2000 from the purchase of the Company's former advisor, Odell-Wentz & Associates LLC. Prior to its adoption of SFAS No. 142, the Company elected to amortize the goodwill over a fifteen-year period. Following adoption of SFAS No. 142 on May 1, 2002, the Company ceased amortization and annually reviews the fair market value of the asset, the carrying amount of which was \$1,441,000 as of April 30, 2005, for impairment. The annual reviews for years ended April 30, 2005 and 2004 indicated no impairment.

PROPERTY AND EQUIPMENT

Property and equipment consists of the administrative office buildings and equipment contained at IRET's headquarters in Minot, North Dakota, and the office and other locations in Minneapolis, Minnesota. The balance sheet reflects these assets at cost, net of accumulated depreciation. As of April 30, 2005 and 2004, the cost was \$3.2 million and \$2.9 million, respectively. Accumulated depreciation was \$0.7 million and \$.6 million as of April 30, 2005 and 2004, respectively.

NOTE 2 • continued

MORTGAGE LOANS RECEIVABLE

Mortgage loans receivable is stated at the outstanding principal balance, net of an allowance for uncollectibility. Interest income is accrued and reflected in the balance. Non-performing loans are recognized as impaired in conformity with SFAS No. 114, Accounting by Creditors for Impairment of a Loan. The Company evaluates the collectibility of both interest and principal of each of its loans, if circumstances warrant, to determine whether the loan is impaired. A loan is considered to be impaired when, based on current information and events, it is probable that the Company will be unable to collect all amounts due according to the existing contractual terms. An allowance is recorded to reduce impaired loans to their estimated fair value. Interest on impaired loans is recognized on a cash basis.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include all cash and highly liquid investments purchased with maturities of three months or less. Cash and cash equivalents consist of the Company's bank deposits and short-term investment certificates acquired subject to repurchase agreements, and the Company's deposits in a money market mutual fund.

MARKETABLE SECURITIES

IRET's investments in marketable securities are classified as "available-for-sale." The securities classified as "available-for-sale" represent investments in debt and equity securities which the Company intends to hold for an indefinite period of time. These securities are valued at current market value with the resulting unrealized gains and losses excluded from earnings and reported as a separate component of shareholders' equity until realized. Gains or losses on these securities are computed based on the amortized cost of the specific securities when sold.

All securities with unrealized losses are subjected to the Company's process for identifying other-than-temporary impairments. The Company writes down to fair value securities that it deems to be other-than-temporarily impaired in the period the securities are deemed to be other-than-temporarily impaired. The assessment of whether such impairment has occurred is based on management's case-by-case evaluation of the underlying reasons for the decline in fair value. Management considers a wide range of factors in making this assessment. Those factors include, but are not limited to, the length and severity of the decline in value and changes in the credit quality of the issuer or

underlying assets. The Company does not engage in trading activities.

ALLOWANCE FOR DOUBTFUL ACCOUNTS

Management evaluates the appropriate amount of the allowance for doubtful accounts by assessing the recoverability of individual real estate mortgage loans and rent receivables, through a comparison of their carrying amount with their estimated realizable value. Management considers tenant financial condition, credit history and current economic conditions in establishing these allowances. Receivable balances are written off when deemed uncollectible.

Recoveries of receivables previously written off, if any, are recorded when received. A summary of the changes in the allowance for doubtful accounts for fiscal years ended April 30, 2005, 2004 and 2003 is as follows:

	(in thousands)		
	2005	2004	2003
Balance at beginning of year	\$ 475	\$ 115	\$ 141
Provision	438	360	215
Write-off	(188)	0	(241)
Balance at close of year	\$ 725	\$ 475	\$ 115

TAX, INSURANCE, AND OTHER ESCROW

Tax, insurance, and other escrow includes funds deposited with a lender for payment of real estate tax and insurance, and reserves for funds to be used for replacement of structural elements and mechanical equipment of certain projects. The funds are under the control of the lender. Disbursements are made after supplying written documentation to the lender.

18

NOTE 2 • *continued*

REAL ESTATE DEPOSITS

Real estate deposits include funds held by escrow agents to be applied toward the purchase of real estate or the payment of loan costs associated with loan placement or refinancing.

DEFERRED LEASING AND LOAN ACQUISITION COSTS

Costs and commissions incurred in obtaining tenant leases are amortized on the straight-line method over the terms of the related leases. Costs incurred in obtaining long-term financing are amortized over the life of the loan and charged to amortization expense over the terms of the related debt agreements.

MINORITY INTERESTS

Interests in the Operating Partnership held by limited partners are represented by Units. The Operating Partnership's income is allocated to holders of Units based upon the ratio of their holdings to the total Units outstanding during the period. Capital contributions, distributions, and profits and losses are allocated to minority interests in accordance with the terms of the Operating Partnership agreement.

IRET reflects minority interests in Minnesota Medical Investors LLC, Mendota Properties LLC, IRET BD LLC, IRET-Candlelight LLC, IRET-Golden Jack LLC, and IRET-1715 YDR LLC on the balance sheet for the portion of properties consolidated by IRET that are not wholly owned by IRET. The earnings or losses from these properties attributable to the minority interests are reflected as minority interest portion of other partnerships' income in the

consolidated statements of operations.

INCOME TAXES

IRET operates in a manner intended to enable it to continue to qualify as a REIT under Sections 856-860 of the Internal Revenue Code of 1986, as amended. Under those sections, a REIT which distributes at least 90% of its REIT taxable income as a dividend to its shareholders each year and which meets certain other conditions will not be taxed on that portion of its taxable income which is distributed to shareholders. The Company intends to distribute all of its taxable income and realized capital gains from property dispositions within the prescribed time limits and, accordingly, there is no provision or liability for income taxes shown on the accompanying consolidated financial statements.

IRET conducts its business activity as an Umbrella Partnership Real Estate Investment Trust ("UPREIT") through its Operating Partnership. UPREIT status allows IRET to accept the contribution of real estate in exchange for Units. Generally, such a contribution to a limited partnership allows for the deferral of gain by an owner of appreciated real estate.

REVENUE RECOGNITION

Residential rental properties are leased under operating leases with terms generally of one year or less. Commercial properties are leased under operating leases to tenants for various terms exceeding one year. Lease terms often include renewal options. Rental revenue is recognized on the straight-line basis, which averages minimum required rents over the terms of the leases. Rents recognized in advance of collection are reflected as receivable arising from straight-lining of rents, net of allowance for doubtful accounts. Rent concessions, including free rent, are amortized on a straight-line basis over the terms of the related leases.

Reimbursements from tenants for real estate taxes and other recoverable operating expenses are recognized as revenue in the period the applicable expenditures are incurred. IRET receives payments for these reimbursements from substantially all of its multi-tenant commercial tenants throughout the year.

A number of the commercial leases provide for a base rent plus a percentage rent based on gross sales in excess of a stipulated amount. These percentage rents are recorded once the required sales level is achieved and are included in rental income at that time.

19

NOTE 2 • *continued*

Interest on mortgage loans receivable is recognized in income as it accrues during the period the loan is outstanding. In the case of non-performing loans, income is recognized as discussed in above in the Mortgage Loans Receivable section of this Note 2.

NET INCOME PER SHARE

Basic net income per share is computed as net income available to common shareholders divided by the weighted average number of common shares outstanding for the period. The potential exchange of Units for common shares will have no effect on diluted net income per share as Unitholders and common shareholders effectively share equally in the net income of the Operating Partnership.

RECLASSIFICATIONS

Certain previously reported amounts have been reclassified to conform with the current financial statement presentation.

NOTE 3 • CREDIT RISK

The Company is potentially exposed to credit risk in respect of cash deposited with FDIC-insured financial institutions in accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts.

IRET has entered into a cash management arrangement with First Western Bank with respect to deposit accounts that exceed FDIC Insurance coverage. On a daily basis, account balances are invested in United States government securities sold to IRET by First Western Bank. IRET can require First Western Bank to repurchase such securities at any time, at a purchase price equal to what IRET paid for the securities plus interest. First Western Bank automatically repurchases securities when collected amounts on deposit in IRET's deposit accounts fall below the maximum insurance amount, with the proceeds of such repurchases being transferred to IRET's deposit accounts to bring the amount on deposit back up to the threshold amount. The amounts invested by IRET pursuant to the repurchase agreement are not insured by FDIC.

IRET has entered into a cash management arrangement with US Bank with respect to IRET depository accounts at multiple US Bank locations. Amounts in the master account are invested in short-term U.S. Government securities and repurchase agreements secured by U.S. Government securities. Amounts invested were \$2.0 million as of April 30, 2005, and \$7.5 million as of April 30, 2004.

NOTE 4 • PROPERTY OWNED

Property, consisting principally of real estate, is stated at cost less accumulated depreciation of \$1,061.3 million and 983.9 million as of April 30, 2005, and April 30, 2004, respectively.

In addition, as of April 30, 2005, the Company had signed purchase agreements to acquire two medical office buildings in St. Paul and Minneapolis, Minnesota, respectively, for purchase prices totaling \$19,750,000. These purchases closed on June 7, 2005. See Note 20, Subsequent Events, for further information.

Construction period interest of \$137,591, \$148,922, and \$90,939, has been capitalized for the years ended April 30, 2005, 2004, and 2003, respectively.

20

NOTE 4 • *continued*

The future minimum lease payments to be received under leases for commercial properties as of April 30, 2005, assuming that no options to renew or buy out the lease are exercised, are as follows:

Year Ended April 30,	(in thousands)
2006	\$ 64,075
2007	59,556

Thereafter	215,881
	\$ 476,324

During fiscal 2005, the Company incurred a loss of \$570,000 due to impairment of two properties. For the year ended April 30, 2004, the Company incurred a loss of \$62,000 due to impairment on one property. For the year ended April 20, 2003, the Company did not record any losses due to impairment.

NOTE 5 • MORTGAGE LOANS RECEIVABLE - NET

Mortgage loans receivable consists of two separate loans that are collateralized by real estate. Contract terms vary in regard to payment of principal and interest. Interest rates range from 6.0% to 7.5%. Future principal payments due under these mortgage loans as of April 30, 2005, are as follows:

There were no realized losses on sales of securities available-for-sale for the fiscal years ended April 30, 2005, 2004 and 2003. None of the securities with an unrealized loss at April 30, 2005, have been in such a position for more than one year, and are not considered to be other-than-temporarily impaired.

NOTE 7 • NOTES PAYABLE AND OTHER DEBT

IRET has lines of credit with three financial institutions as of April 30, 2005, and had one unsecured bridge loan with a fourth financial institution that matured in July 2004. Interest payments on outstanding borrowings are due monthly. These credit facilities and bridge loan are summarized in the following table:

(in thousands)						
Financial Institution	Amount Available	Amount Outstanding as of April 30, 2005	Amount Outstanding as of April 30, 2004	Applicable Interest Rate as of April 30, 2005	Maturity Date	Weighted Average Int. Rate on Borrowings during fiscal year 2005
Lines of Credit						
First Western Bank & Trust	\$ 10,000	\$ 0	\$ 0	5.75%	09/01/05	0.00%

Unsecured Bridge Loan						
Wells Fargo Bank	0	0	25,000	N/A	Matured	3.35%
Total	\$ 25,000	\$ 0	\$ 25,000			

The three lines of credit bear interest at a variable interest rate tied to the prime lending rate as published in the Wall Street Journal (in the case of the First Western Bank & Trust and First International Bank & Trust credit facilities) and the Bremer Financial Corporation Reference Rate (in respect of the Bremer Bank credit facility). The promissory note in respect to Wells Fargo bridge loan interest was based upon the thirty-day LIBOR rate plus two percent.

The other debt balance of \$847 at April 30, 2005, primarily relates to a \$562 mortgage note collateralized by the IRET Minneapolis office. The interest rate is fixed at 6.5%, and the maturity date is February 1, 2009. Two other debt balances of \$230 and \$55 relate to unsecured promissory notes for leasehold improvements at Southdale Medical Center located at Edina, Minnesota and Wells Fargo located at St. Cloud, Minnesota, respectively. The Southdale elevator note current variable interest rate is 5.3%, and the maturity date is April 17, 2006. The Wells Fargo boiler loan interest rate is fixed at 5.69%, and the maturity date is July 10, 2007.

Future minimum payments are as follows:

Year Ended April 30,	(in thousands)
2006	\$ 275
2007	56
2008	36
2009	480
Total payments	\$ 847

NOTE 8 • MORTGAGES PAYABLE

The Company's mortgages payable are collateralized by substantially all of its properties owned. Interest rates on mortgages payable range from 4.46% to 8.25%, and the mortgages have varying maturity dates from January 1, 2007, through August 1, 2036.

Of the mortgages payable, the balances of fixed rate mortgages totaled \$681,517,000 and \$591,176,000, and the balances of variable rate mortgages totaled \$27,041,000 and \$41,948,000 as of April 30, 2005, and 2004, respectively. Most of the fixed rate mortgages have substantial pre-payment penalties. As of April 30, 2005, the weighted average rate of interest on the Company's mortgage debt was 6.08%, compared to 7.17% on April 30, 2004. The aggregate amount of required future principal payments on mortgages payable as of April 30, 2005, is as follows:

Year Ended April 30,	(in thousands)
2006	\$ 18,893
2007	21,150
2008	40,130
2009	45,710
2010	106,034
Later Years	476,641
Total payments	\$ 708,558

NOTE 9 • INVESTMENT CERTIFICATES ISSUED

IRET has sold unsecured investment certificates to the public. The fixed interest rates vary from 6.5% to 9.0% per annum, depending on the term of the security. Interest is paid annually, semiannually, or quarterly on the anniversary date of issuance. IRET has discontinued the sale of investment certificates and the outstanding certificates will be redeemed at maturity as follows:

Year Ended April 30,	(in thousands)
2006	\$ 2,253
2007	2,372
2008	11
	\$ 4,636

NOTE 10 • TRANSACTIONS WITH RELATED PARTIES**PROPERTY MANAGEMENT SERVICES**

Hoyt Properties, Inc., ("Hoyt Properties"), a provider of property management services to the Company, is owned by Steven B. Hoyt, formerly a member of the Company's Board of Trustees. Mr. Hoyt resigned from the Company's Board of Trustees on September 21, 2004 at the expiration of his term of office. During the fiscal year ended April 30, 2005, Hoyt Properties managed 18 office properties or complexes for the Company pursuant to written management contracts.

In Fiscal 2005, the Company paid management fees to Hoyt Properties in the amount of \$682,286. A portion of these fees were reimbursed by the tenants. Additionally, during that same period, the Company paid leasing commissions to Hoyt Properties in the amount of \$49,309.

In Fiscal 2004 and 2003, the Company paid management fees to Hoyt Properties in the amount of \$743,000 and \$503,976, respectively, a portion of which was reimbursed by tenants. Additionally, during those same periods, the Company paid leasing commissions to Hoyt Properties in the amount of \$93,000 and \$179,553, respectively.

PROPERTY ACQUISITIONS

Plymouth and Northgate Office/Warehouse Buildings. During fiscal year 2005, the Company acquired four office/warehouse buildings from a limited liability company in which Steven B. Hoyt was a member. The Company closed on its purchase of these buildings, the Plymouth I, II and III office buildings in Plymouth, Minnesota, and the

23

NOTE 10 • *continued*

Northgate I office building in Maple Grove, Minnesota, on June 30, 2004. At the time of the transaction, Mr. Hoyt was a trustee of the Company. The buildings together contain approximately 157,935 square feet. The Company paid approximately \$14,000,000 for these properties, excluding closing costs. Of the \$14,000,000 purchase price, \$13,900,000 was paid in cash, and the remainder was paid through the issuance to the sellers of 10,000 Units valued at \$10 per Unit.

Brenwood Office Complex. During fiscal year 2003, the Company acquired four office buildings from affiliates of Steven B. Hoyt. On October 1, 2002, the Company acquired a 51% ownership interest in IRET-BD, LLC, a Minnesota limited liability company, for \$13,107,000. The Brenwood Office project consists of the four office buildings contributed as well as three industrial/warehouse buildings purchased by IRET-BD, LLC on October 1, 2002, for \$11,800,000.

Independent appraisals were obtained by the Company for each of the above property acquisitions, and the purchase prices were based on the results of these appraisals.

SECURITY SALE SERVICES

D.A. Davidson & Co. is an investment banking firm that has participated in offerings of the Company's shares of beneficial interest, and may in the future continue to participate in sales of the Company's shares and provide investment banking services to the Company. John F. Decker, formerly a member of the Company's Board of Trustees, is an employee of D.A. Davidson. Mr. Decker resigned from the Company's Board of Trustees on September 21, 2004, at the expiration of his term of office.

During fiscal year 2005, D.A. Davidson did not participate in either of the Company's two offerings of common shares. The Company paid no fees to Mr. Decker or to D.A. Davidson during fiscal year 2005.

In the first of the Company's two offerings of common shares of beneficial interest during fiscal year 2004, conducted in September 2003, D.A. Davidson participated, on a best-efforts basis, as a member of the selling syndicate, and sold 250,000 shares. In connection with this offering, the Company authorized and paid D.A. Davidson commissions in the amount of \$150,000. D.A. Davidson did not participate in the Company's second offering of common shares of beneficial interest in April 2004.

D.A. Davidson served as book-running manager and representative of the underwriters for the Company's April 2004 offering of Series A cumulative redeemable preferred shares of beneficial interest. In connection with this offering, the

Company paid D.A. Davidson a fee of \$1,078,125 and reimbursed D.A. Davidson for legal and other expenses in the amount of \$100,000.

In October 2003 and April 2004, the Company paid D.A. Davidson fees of \$19,500 and \$77,849, respectively, for the services of Mr. Decker's son as a broker-dealer in representing certain clients who contributed real property in exchange for Units.

The Company did not pay any commissions or expenses to D. A. Davidson during the fiscal year ended April 30, 2003.

PURCHASE OPTIONS

On February 1, 2003, the Company entered into a merger agreement with the T. F. James Company. As part of the merger agreement, two affiliated entities of the T. F. James Company were granted the right to purchase certain real property acquired by the Company as a result of the merger. Charles Wm. James, a member of the Company's Board of Trustees, has an ownership interest in these entities. Under the terms of the agreement, one of the entities, has the option, but not the obligation, to purchase a commercial strip mall located in Excelsior, Minnesota, for the price the Company paid to acquire the property, plus an annual Consumer Price Index increase. Until such time as the option is exercised, the Company will continue to operate the property and collect all rents from the tenants.

NOTE 12 • OPERATING SEGMENTS

IRET is engaged in acquiring, owning and leasing multi-family residential and commercial real estate. Each property is considered a separate operating segment. Each segment on a stand-alone basis is less than 10% of the revenues, profit or loss, and assets of the combined reported operating segments, and meets the aggregation criteria under SFAS No. 131. Previously, IRET's operating segments were aggregated and classified as multi-family residential and commercial properties, producing two reportable segments. Beginning with the first quarter of IRET's fiscal year

2005, IRET is reporting its results in five segments: multi-family residential properties, and

NOTE 14 • EARNINGS PER SHARE

Edgar Filing: INVESTORS REAL ESTATE TRUST - Form 8-K

Basic earnings per share is computed by dividing net income available to common shareholders by the weighted average number of common shares outstanding during the period. The Company has no outstanding options, warrants, convertible stock or other contractual obligations requiring issuance of additional common shares that would result in a dilution of earnings. While Units can be exchanged for shares on a one-for-one basis after a minimum holding period of one year, the exchange of Units for common shares has no effect on diluted earnings per share, as Unitholders and common shareholders effectively share equally in the net income of the Operating Partnership. The following table presents a reconciliation of the numerator and denominator used to calculate basic and diluted earnings per share reported in the consolidated financial statements for the fiscal years ended April 30, 2005, 2004, and 2003:

NOTE 15 • RETIREMENT PLANS

IRET sponsors a defined contribution profit sharing retirement plan and a defined contribution 401K plan. IRET's defined contribution profit sharing retirement plan is available to employees over the age of 21 who have completed one year of service. Contributions to the profit sharing plan are at the discretion of the Company's management. All employees over the age of 21 are immediately eligible to participate in IRET's defined contribution 401K plan and may contribute up to maximum levels established by the I.R.S. IRET matches up to 3% of participating employees' wages. Plan expenses to IRET for the years ended April 30, 2005, 2004, and 2003, were \$204,141, \$133,800, and \$46,875.

NOTE 16 • COMMITMENTS AND CONTINGENCIES

Ground Leases. As of April 30, 2005, the Company is a tenant under operating ground leases on six of its properties. The Company pays a total of approximately \$292,222 per year in rent under these ground leases, which have terms ranging from 7 to 90 years, and expiration dates ranging from July 2012 to April 2095. The Company has renewal options for three of the six ground leases, and rights of first offer or first refusal for the remainder.

Legal Proceedings. IRET is involved in various lawsuits arising in the normal course of business. Management believes that such matters will not have a material effect on the Company's financial statements.

Purchase Options. The Company has granted options to purchase certain IRET properties to various parties. In general, the options grant the parties the right to purchase these properties at the greater of their appraised value or an annual compounded increase of 2% to 2.5% of the initial cost of the property to IRET. The property cost and gross rental revenue of these properties are as follows:

Income Guarantees. In connection with its acquisition in April 2004 of a portfolio of properties located in and near Duluth, Minnesota, the Company received from the seller of the properties a guarantee, for five years from the closing date of the acquisition, of a specified minimum amount of annual net operating income, before debt service, from two of the properties included in the portfolio. As of April 30, 2005, the Company has recorded a receivable for payment of \$157,373 under this guarantee. Separately, in connection with its acquisition of Olympik Village Apartments, a multi-family resident property in Rochester, Minnesota, the Company received from the seller of the property a guarantee of 12.5% return on IRET's equity or \$150,000 per year whichever is greater, for a period of 24 months ending March 1, 2007. As of April 30, 2005, no amounts were due under the Olympik Village income guarantee.

Crosstown Circle Office Building, Eden Prairie, MN. The Company's Crosstown Circle Office Building in Eden Prairie, Minnesota was acquired in October 2004 from Best Buy Company, which is leasing all but 7,500 square feet of the 185,000 square foot building under a master lease expiring September 30, 2010. Under the terms of the financing obtained by the Company for this building, the Company is obligated to fund a leasing reserve account in the event that a specified occupancy level is not met at the time the Best Buy master lease expires. The amount to be deposited in the leasing reserve account would be calculated by multiplying a specified amount per square foot by the difference between the specified occupancy level and the building's actual occupied square feet. The maximum amount the Company would be required to deposit in such leasing reserve account is \$4,625,000. Funds in the leasing reserve account would be released as leases for vacant space in the building are executed.

Pending Acquisitions at the year end. Ritchie Medical Plaza and 2800 Medical Building. On June 7, 2005, the Company closed on its acquisition of two medical office buildings in St. Paul and Minneapolis, Minnesota, respectively. The Company paid \$10,750,000 to acquire seven condominium units totaling 50,409 square feet in Ritchie Medical Plaza in St. Paul and \$9,000,000 to acquire the 2800 Medical Building in Minneapolis, an approximately 54,971 square foot building. Additionally, as of April 30, 2005, the Company had signed purchase agreements to acquire five office/industrial properties located in or near Omaha, Nebraska, for purchase prices totaling

\$7,250,000. These pending acquisitions are subject to certain closing conditions and contingencies, and no assurances can be given that these transactions will be completed.

NOTE 17 • FAIR VALUE OF FINANCIAL INSTRUMENTS

The following methods and assumptions were used to estimate the fair value of each class of financial instruments.

Mortgage Loans Receivable. Fair values are based on the discounted value of future cash flows expected to be received for a loan using current rates at which similar loans would be made to borrowers with similar credit risk and the same remaining maturities. Terms are short term in nature and carrying value approximates the estimated market value.

Cash and Cash Equivalents. The carrying amount approximates fair value because of the short maturity.

33

NOTE 17 • continued

Marketable Securities. The fair values of these instruments are estimated based on quoted market prices for the security.

Notes Payable. The carrying amount approximates fair value because of the short maturity of such notes.

Other Debt. The fair value of other debt is estimated based on the discounted cash flows of the loan using current market rates.

Mortgages Payable. For variable rate loans that re-price frequently, fair values are based on carrying values. The fair value of fixed rate loans is estimated based on the discounted cash flows of the loans using current market rates.

Investment Certificates Issued. The fair value is estimated using a discounted cash flow calculation that applies interest rates currently being offered on deposits at financial institutions with similar remaining maturities.

The estimated fair values of the Company's financial instruments as of April 30, 2005 and 2004, are as follows:

	(in thousands)			
	2005 Carrying Amount	Fair Value	2004 Carrying Amount	Fair Value
