Item 1.01. Entry into a Material Definitive Agreement.

On February 26, 2009, Pilgrim's Pride Corporation (the "Company") entered into a First Amendment (the "Amendment") to Amended and Restated Post-Petition Credit Agreement dated December 31, 2008 among the Company, as borrower, certain subsidiaries of the Company, as guarantors, Bank of Montreal, as agent, and the lenders party thereto (the "Credit Agreement"). The Amendment amends the definition of "EBITDAR" in the Credit Agreement to include, and permit the Company to incur, certain costs and charges, not to exceed \$35 million, related to the idling of the Company's processing plants in Douglas, Georgia, El Dorado, Arkansas and Farmerville, Louisiana.

The above discussion is a summary of certain terms and conditions of the Amendment and is qualified in its entirety by the terms and conditions of the Amendment. For the complete terms and conditions of the Amendment summarized in this report, please refer to the Amendment attached hereto as Exhibit 10.1 and incorporated by reference herein.

Item 2.05 Costs Associated with Exit or Disposal Activities.

On February 26, 2009, officers of the Company determined to implement a plan to idle the Company's Douglas, Georgia, El Dorado, Arkansas, and Farmerville, Louisiana chicken processing plants and to consolidate its protein salad production from its Franconia, Pennsylvania facility to its processing facility in Moorefield, West Virginia. The Company expects to complete these actions by mid-May, 2009. The idling of the three underperforming plants is intended to improve the Company's product mix by reducing commodity production and to significantly reduce costs in the midst of an industry-wide oversupply of chicken and weak consumer demand resulting from a national recession.

The Company expects to incur one-time, pre-tax restructuring charges of approximately \$35 million, before any potential asset impairment charges. The Company expects to incur approximately \$7 million in employee severance costs, with the remainder of the charges related to idling the facilities, including cleanup and equipment relocation costs, inventory charges, certain insurance reserves and potential lease termination costs. This total includes approximately \$8 million of estimated non-cash restructuring costs. The Company is currently assessing whether or not it will incur any impairment charge associated with these actions. Upon completion of the restructuring actions noted above, pre-tax charges that are expected to result in cash expenditures are expected to be approximately \$27 million.
