ITEM 7.01 REGULATION FD DISCLOSURE

Due to The Procter & Gamble Company's (the "Company" or "P&G") planned exit from certain Beauty businesses including the salon professional, fine fragrances, cosmetics and retail hair colorants categories, along with select hairstyling brands, effective July 1, 2015, the Company is reporting the results of these businesses as discontinued operations. This informational Form 8-K provides revised historical Segment and Consolidated earnings information, along with selected financial information tables, for the three months ended June 30, 2015, March 31, 2015, December 31, 2014, and September 30, 2014, as well as for the fiscal year ended June 30, 2015, reflecting the above changes. This informational Form 8-K in no way revises or restates the previously filed Consolidated Statements of Comprehensive Income, Consolidated Balance Sheets, Consolidated Statements of Shareholders' Equity or Consolidated Statements of Cash Flows for the Company and consolidated subsidiaries for any period.

Fiscal Year 2016 Changes

On July 9, 2015, the Company announced the signing of a definitive agreement with Coty, Inc. to divest four product categories, along with select hairstyling brands. While the ultimate form of the transaction has not yet been decided, the Company's current preference is for a Reverse Morris Trust split-off transaction in which P&G shareholders could elect to participate in an exchange offer to exchange P&G shares for Coty shares.

The transaction includes P&G's global salon professional hair care and color, retail hair color, cosmetics and fine fragrance categories, along with select hair styling brands, all of which have historically been part of the Company's Beauty, Hair and Personal Care reportable segment. The Company expects to complete this transaction by the end of calendar year 2016. In accordance with applicable accounting guidance for the disposal of long-lived assets, the results of the affected businesses will be reported as discontinued operations beginning with fiscal year 2015-2016 reported results and, as such, will be excluded from both continuing operations and segment results. Additionally, the balance sheet positions for the affected businesses as of September 30, 2015 will be presented as held for sale in the Consolidated Balance Sheet.

The above changes will be reflected in the consolidated financial statements and segment reporting beginning in the first quarter (July - September period) of fiscal year 2015-2016, starting with the Form 10-Q that will be issued for the three-month period ending September 30, 2015. Reporting changes for the above items will be reflected for all historical periods presented. In advance of the Form 10-Q filing, this document provides revised sales and earnings information for the affected segments and Consolidated Earnings information for the three months ended June 30, 2015, March 31, 2015, December 31, 2014, and September 30, 2014, as well as for the fiscal year ended June 30, 2015.

This 8-K is furnished pursuant to Item 7.01 "Regulation FD Disclosure".

Exhibit 1: Selected Revised Financial Information and Non-GAAP Measures

The following tables provide selected non-GAAP financial information revised for the impact of accounting for the affected Beauty businesses as discontinued operations. In accordance with the SEC's Regulation G, definitions of the non-GAAP measures presented with the selected revised financial information are provided below and the reconciliation to the most closely related revised GAAP measure are provided within the following tables.

The Core earnings measures included in the following reconciliation tables refer to the equivalent revised GAAP measures adjusted as applicable for the following items:

- charge in 2015 related to the deconsolidation of our Venezuelan subsidiaries,
- charges for incremental restructuring due to increased focus on productivity and cost savings,
  - charges for balance sheet impacts from the devaluation of the foreign currency exchange rate in Venezuela prior to deconsolidation, and
- charges for certain European legal matters.

We do not view these items to be part of our sustainable results. We believe that these Core measures provide an important perspective of underlying business trends and results and provide a more comparable measure of year-on-year earnings per share growth. Core EPS is also one of the measures used to evaluate senior management and is a factor in determining their at-risk compensation.

**Core EPS and Currency-neutral Core EPS:** Core EPS is a measure of the Company's revised diluted net earnings per share from continuing operations adjusted as indicated.

Currency-neutral Core EPS is a measure of the Company's Core EPS excluding the incremental current year impact of foreign exchange. We believe the Currency-neutral Core EPS measure provides a more comparable view of year-on-year earnings per share growth. The tables below provide a reconciliation of revised diluted net earnings per share to Core EPS and of Core EPS to Currency-neutral Core EPS.

**Core Operating Profit Margin:** This is a measure of the Company's revised operating margin adjusted for items as indicated.

**Core Gross Margin:** This is a measure of the Company's revised gross margin adjusted for items as indicated.

**Core Selling, General and Administrative Expense (SG&A) as a percentage of sales:** This is a measure of the Company's revised SG&A as a percentage of sales adjusted for items as indicated.

**Core Tax Rate:** This is a measure of the Company's revised tax rate on continuing operations adjusted for items as indicated.
