**Magic s iBOLT Achieves Gold Award Accreditation in the CityCompass B.I.S.S. for Financial Services**

*CityCompass reports Magic Software has the technology and resources to be a sustained, successful provider of integration technology to Financial Services companies.*

Or Yehuda, Israel, (March 3, 2005) - Magic Software Enterprises (NASDAQ: MGIC), a leading provider of state-of-the-art development and integration technology, announced today that its iBOLT Business Integration suite has been awarded the prestigious Gold B.I.S.S. (Benchmarking of International Systems and Services) accreditation by CityCompass, the independent facilitator of contemporary market issues affecting the financial services sector.

The unique, business-oriented benchmarking exercise was designed by CityCompass to reduce the misinformation that often lengthens the sales process, by providing independent analysis audited by a user panel of CIOs drawn from some of the industry's leading organizations. The culmination of the benchmarking is an independent research report that includes a detailed product and service review.

Industry veteran and independent consultant Mick Newman, who has held numerous senior IT roles in the industry, including Director of Technology at the London Stock Exchange, led the rigorous product evaluation. In his conclusion to the benchmark, Newman commented, "It is my opinion that Magic Software's iBOLT Suite has the resources and technical capability to be a sustained, successful provider of integration technology operating in Financial Services. The professional approach Magic takes to sales and systems implementation provides a strong basis for a successful outcome for their customers. Magic's iBOLT has great modeling systems that will ensure a good fit for the customer and the implementation experience to assist with the assurance of meeting delivery dates."

iBOLT is a comprehensive application integration and business process management suite designed to provide easy to use, scalable and highly affordable business integration for companies operating in the Financial Services sector.

As a unified suite, iBOLT delivers:

- 

Enterprise Application Integration (EAI)

- 

Business Process Management (BPM)

- 

Workflow

-

Application Development

- 

Business Activity Monitoring (BAM)

- 

Portal Technology

Gary Wright, the Managing Director of CityCompass and founder of business benchmarking, said, "As the requirement for tactical integration increases exponentially as new legislation is introduced to the sector, market opportunities for innovative new solutions are arising. Magic's iBOLT Suite offers a breath of fresh air to the industry with their open licensing policy and strong customer-orientated approach and by achieving the Gold B.I.S.S. standard, they clearly demonstrated their strong capabilities to help meet this challenge."
