PRESIDENT'S MESSAGE

Dear Shareholder:

In 2004, Colonial Funds became part of Columbia Management, the asset management division of Bank of America, one of the largest, most respected financial institutions in the United States. As a direct result of this merger, a number of changes are in the works that we believe offer significant potential benefits for our shareholders. First, some funds may be merged in order to eliminate redundancies, others may be liquidated and fund management teams will be aligned to maximize performance potential. You will receive more detailed information about these changes if your fund is affected and you may be asked to vote on certain fund changes. In this matter, your timely response will enable us to implement the changes in 2005.

As a result of these changes, we believe we will offer shareholders an even stronger lineup of investment options. What will not change as we enter this next phase of consolidation is our commitment to the highest standards of performance and our dedication to superior service. Change for the good has another name: it's called improvement. It helps move us forward, and we believe that it represents progress for all our shareholders in their quest for long-term financial success.

In the pages that follow, you'll find a detailed report from the fund's manager on key factors that influenced your fund's performance. We hope that you will read the manager reports carefully and discuss any questions you might have with your financial advisor.

As always, we thank you for choosing Colonial Funds. We appreciate your continued confidence. And, we look forward to helping you keep your long-term financial goals on target in the years to come.

Sincerely,

/s/ Christopher L. Wilson

Christopher L. Wilson

President, Columbia Funds

Christopher L. Wilson is Head of Mutual Funds for Columbia Management, President of Columbia Funds, President & CEO of Nations Funds and President of Galaxy Funds, responsible for the day-to-day delivery of mutual fund services to the firm's investors. With the exception of distribution, Chris oversees all aspects

Edgar Filing: COLONIAL MUNICIPAL INCOME TRUST - Form N-CSRS

of the mutual fund services operation, including treasury, investment accounting and shareholder and broker services. Chris joined Bank of America in August 2004.

The views expressed in the President's Message and Portfolio Manager's Report reflect the current views of the respective parties. These views are not guarantees of future performance and involve certain risks, uncertainties and assumptions that are difficult to predict so actual outcomes and results may differ significantly from the views expressed. These views are subject to change at any time based upon economic, market or other conditions and the respective parties disclaim any responsibility to update such views. These views may not be relied on as investment advice and, because investment decisions for a Colonial trust are based on numerous factors, may not be relied on as an indication of trading intent on behalf of any particular Colonial trust. References to specific company securities should not be construed as a recommendation or investment advice.

PORTFOLIO MANAGER'S REPORT

For the six-month period ended May 31, 2005, Colonial Municipal Income Trust generated a total return of 2.32%, based on its market price. The trust returned 6.12%, based on investment at net asset value. It fell slightly short of the 6.38% average return of its peer group, the Lipper High Yield Municipal Debt Funds Category1 and the 6.77% average return of a customized peer group consisting of nine leveraged closed-end high-yield municipal funds. The trust benefited from strong demand for high-yield municipal bonds, which outstripped supply as investors reached for yield in a low interest rate environment. Lower quality, higher-yielding issues did particularly well. We believe that the trust had less exposure than its customized peer group to the airline and tobacco sectors, which somewhat hindered its relative return.

GAINS CAME FROM LONGER-MATURITY BIAS

Although short-term interest rates rose, long-term yields fell and long-term bond prices rose. As a result, the trust benefited from having a sizable stake in longer-maturity issues and downplaying weaker-performing short-maturity bonds. In particular, the trust benefited from its stake in zero coupon municipal bonds, or "zeros," which did well as long-term interest rates declined. However, Treasury futures contracts, which were used to reduce the duration of the trust, declined in value, offsetting some of the gains from the trust's bonds. Zeros are long-term bonds that carry no coupon and are bought at a steep discount to face value.

The trust's diversified approach meant that it had modest holdings in the top-performing but volatile air transportation and tobacco sectors. Tobacco bonds are issued by individual states, cities and counties. These bonds are secured by revenues from a financial settlement with tobacco companies related to past and future tobacco-related health costs. The sector benefited from strong demand and positive litigation news during the period. Among airlines, US Airways bonds (0.2% of total investments) were standouts.² Elsewhere, we sold at a loss some bonds that were issued for Westbridge Apartments, a multi-family housing project in South Carolina, which was hurt by the loss of some government contracts.

SHIFT TOWARD HIGHER QUALITY

The difference in yield between lower quality and higher quality bonds narrowed during the period, giving us an opportunity to buy higher quality bonds without sacrificing much yield. We trimmed some BBB-rated hospital bonds and replaced them with AA-rated housing bonds that had a nice yield advantage over AAA-rated

Edgar Filing: COLONIAL MUNICIPAL INCOME TRUST - Form N-CSRS

issues, with only slightly lower yield than the hospital bonds.

-
- 1 Lipper Inc., a widely respected data provider in the industry, calculates an average total return (assuming reinvestment of distributions) for mutual funds with investment objectives similar to those of the trust. Lipper makes no adjustment for the effect of sales loads.
 - 2 Holdings are disclosed as of May 31, 2005, and are subject to change.

Sector and quality breakdowns are calculated as a percentage of total investments. Ratings shown in the quality breakdown represent the rating assigned to a particular bond by one of the following nationally-recognized rating agencies: Standard & Poor's, a division of The McGraw-Hill Companies, Inc., Moody's Investors Service, Inc. or Fitch Ratings, Ltd. The majority of the bonds that are non-rated are considered by the advisor to be of non-investment grade quality.

Because the trust is actively managed, there is no guarantee that the trust will continue to invest in these sectors or maintain this quality breakdown in the future.

1

PORTFOLIO MANAGER'S REPORT (CONTINUED)

DECLINE IN DIVIDEND, BUT CONTINUED BENEFIT FROM LEVERAGE

The trust's dividend yield dropped as long-term interest rates fell and short-term interest rates rose. The trust earned some of its income through leverage, which came from preferred shares that allow the trust to borrow against its underlying investments. We invested the proceeds from the preferred shares in longer maturity bonds and then paid out to preferred shareholders a short-term rate that is influenced by the federal funds rate--the overnight rate at which banks lend each other money. As the fed funds rate climbed, the payout rate to preferred shareholders rose, reducing the income available to the common shareholders. However, the leverage continued to give the trust an income advantage over its non-leveraged peers.

POSITIVE OUTLOOK

With interest rates still at low levels, we expect demand for high-yield municipals to remain strong. The yield differential between higher-rated and lower-rated bonds, while narrow already, could narrow further and help high-yield relative returns. However, our plan is to continue looking for opportunities to upgrade credit quality without sacrificing much yield. In addition, even if long-term interest rates head higher, we think the increases are unlikely to be dramatic.

Edgar Filing: COLONIAL MUNICIPAL INCOME TRUST - Form N-CSRS

/s/ Maureen G. Newman

Maureen G. Newman has been the portfolio manager of Colonial Municipal Income Trust since August 1998. Ms. Newman has managed various other municipal funds for Columbia Management Advisors, Inc. or its predecessors or affiliate organizations since May 1996.

Performance data quoted represents past performance and current performance may be lower or higher. Past performance is no guarantee of future results.

Investing in fixed-income securities may involve certain risks, including the credit quality of individual issuers, possible prepayments, market or economic developments and yield and share price fluctuations due to changes in interest rates. When interest rates go up, bond prices typically drop, and vice versa.

Investing in high-yield or "junk bonds" offers the potential for higher income than investments in investment-grade bonds but they also have a higher degree of risk. Changes in economic conditions or other circumstances may adversely affect a high-yield bond issuer's ability to make timely principal and interest payments.

Tax-exempt investing offers current tax-exempt income, but it also involves special risks. The value of the trust will be affected by interest rate changes and the creditworthiness of issues held in the trust. Interest income from certain tax-exempt bonds may be subject to certain state and local taxes and, if applicable, the alternative minimum tax. Capital gains are not exempt from income taxes. The value of the trust shares will be affected by interest rate changes and the creditworthiness of issues held in the trust.

Edgar Filing: COLONIAL MUNICIPAL INCOME TRUST - Form N-CSRS

May 31, 2005 (Unaudited)

NOTE 1. ORGANIZATION

Colonial Municipal Income Trust (the "Trust") is a Massachusetts business trust registered under the Investment Company Act of 1940 (the "Act"), as amended, as a non-diversified, closed-end management investment company.

INVESTMENT GOAL

The Trust seeks to provide high current income, generally exempt from federal income taxes, by investing primarily in medium and lower quality bonds and notes issued by or on behalf of state and local government units whose interest is exempt from ordinary federal income tax, other than the possible incidence of any alternative minimum tax. The Trust's secondary goal is to seek total return.

TRUST SHARES

The Trust may issue an unlimited number of common shares. On July 20, 1999, the Trust issued 3,600 Auction Preferred Shares ("APS").

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. The following is a summary of significant accounting policies consistently followed by the Trust in the preparation of its financial statements.

SECURITY VALUATION

Debt securities generally are valued by pricing services approved by the Trust's Board of Trustees, based upon market transactions for normal, institutional-size trading units of similar securities. The services may use various pricing techniques which take into account appropriate factors such as yield, quality, coupon rate, maturity, type of issue, trading characteristics and other data, as well as broker quotes. Debt securities for which quotations are readily available are valued at an over-the-counter or exchange bid quotation. Certain debt securities, which tend to be more thinly traded and of lesser quality, are priced based on fundamental analysis of the financial condition of the issuer and the estimated value of any collateral. Valuations developed through pricing techniques may vary from the actual amounts realized upon sale of the securities, and the potential variation may be greater for those securities valued using fundamental analysis.

Short-term debt obligations maturing within 60 days are valued at amortized cost, which approximates market value.

Investments in other investment companies are valued at net asset value.

Futures contracts are valued at the settlement price established each day by the board of trade or exchange on which they are traded.

Investments for which market quotations are not readily available, or have quotations which management believes are not appropriate, are valued at fair value as determined in good faith under consistently applied procedures

Edgar Filing: COLONIAL MUNICIPAL INCOME TRUST - Form N-CSRS

established by and under the general supervision of the Board of Trustees.

SECURITY TRANSACTIONS

Security transactions are accounted for on the trade date. Cost is determined and gains (losses) are based upon the specific identification method for both financial statement and federal income tax purposes.

FUTURES CONTRACTS

The Trust may invest in municipal and U.S. Treasury futures contracts. The Trust will invest in these instruments to hedge against the effects of changes in the value of portfolio securities due to anticipated changes in interest rates and/or market conditions, for duration management, or when the transactions are economically appropriate to the reduction of risk inherent in the management of the Trust and not for trading purposes. The use of futures contracts involves certain risks, which include: (1) imperfect correlation between the price movement of the instruments and the underlying securities, (2) inability to close out positions due to differing trading hours, or the temporary absence of a liquid market, for either the instrument or the underlying securities, or (3) an inaccurate prediction by Columbia Management Advisors, Inc. of the future direction of interest rates. Any of these risks may involve amounts exceeding the variation margin recorded in the Trust's Statement of Assets and Liabilities at any given time.

Upon entering into a futures contract, the Trust deposits cash or securities with the broker in an amount sufficient to meet the initial margin requirement. Subsequent payments are made or received by the Trust equal to the daily change in the contract value and are recorded as variation margin receivable or payable and offset in unrealized gains or losses. The Trust also identifies portfolio securities as segregated with the custodian in a separate account in an amount equal to the futures contract. The Trust recognizes a realized gain or loss when the contract is closed or expires.

RESTRICTED SECURITIES

Restricted securities are securities that may only be resold upon registration under federal securities laws or in transactions exempt from registration. In some cases, the issuer of restricted securities has agreed to register such securities for resale at the issuer's expense either upon demand by the Trust or in connection with another registered offering of the securities.

19

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

May 31, 2005 (Unaudited)

Many restricted securities may be resold in the secondary market in transactions exempt from registration. Such restricted securities may be determined to be liquid under criteria established by the Board of Trustees. The Trust will not incur any registration costs upon such resale.

DELAYED DELIVERY SECURITIES

The Trust may trade securities on other than normal settlement terms, including securities purchased or sold on a "when-issued" basis. This may increase the risk if the other party to the transaction fails to deliver and causes the Trust to subsequently invest at less advantageous prices. The Trust identifies cash or

Edgar Filing: COLONIAL MUNICIPAL INCOME TRUST - Form N-CSRS

liquid portfolio securities in an amount equal to the delayed delivery commitment.

INCOME RECOGNITION

Interest income is recorded on the accrual basis. Premium and discount are amortized and accreted, respectively, on all debt securities. Corporate actions and dividend income are recorded on the ex-date.

FEDERAL INCOME TAX STATUS

The Trust intends to qualify each year as a "regulated investment company" under Subchapter M of the Internal Revenue Code, as amended, and will distribute substantially all of its taxable income, if any, for its tax year, and as such will not be subject to federal income taxes. In addition, the Trust intends to distribute in each calendar year substantially all of its net investment income, capital gains and certain other amounts, if any, such that the Trust should not be subject to federal excise tax. Therefore, no federal income or excise tax provision is recorded.

DISTRIBUTIONS TO SHAREHOLDERS

Distributions to common shareholders are recorded on the ex-date. Distributions to Auction Preferred shareholders are recorded daily and payable at the end of each dividend period. Each dividend payment period for the APS is generally seven days. The applicable dividend rate for the APS on May 31, 2005, was 2.810%. For the six months ended May 31, 2005, the Trust declared dividends to Auction Preferred shareholders amounting to \$ 912,896, representing an average dividend rate of 2.03% per APS.

NOTE 3. FEDERAL TAX INFORMATION

The tax character of distributions paid during the year ended November 30, 2004 was as follows:

	NOVEMBER 30, 2004

Distributions paid from:	
Tax-Exempt Income	\$12,603,622
Ordinary Income	52,173
Long-Term Capital Gains	--

Unrealized appreciation and depreciation at May 31, 2005, based on cost of investments for federal income tax purposes, was:

Unrealized appreciation	\$ 17,978,434
Unrealized depreciation	(12,398,367)

Net unrealized appreciation	\$ 5,580,067

The following capital loss carryforwards, determined as of November 30, 2004, may be available to reduce taxable income arising from future net realized gains on investments, if any, to the extent permitted by the Internal Revenue Code:

YEAR OF EXPIRATION	CAPITAL LOSS CARRYFORWARD
-----	-----
2005	\$ 7,196,783
2007	3,490,821
2008	13,036,764

Edgar Filing: COLONIAL MUNICIPAL INCOME TRUST - Form N-CSRS

2009	3,114,307
2010	7,684,792
2011	4,393,912
2012	4,060,511

	\$42,977,890

Capital loss carryforwards of \$4,074 expired during the year ended November 30, 2004 for the Trust. Expired capital loss carryforwards are recorded as a reduction of paid-in capital.

NOTE 4. FEES AND COMPENSATION PAID TO AFFILIATES

INVESTMENT ADVISORY FEE

Columbia Management Advisors, Inc. ("Columbia"), an indirect wholly owned subsidiary of Bank of America Corporation ("BOA"), is the investment advisor to the Trust and provides administrative and other services to the Trust. Columbia receives a monthly investment advisory fee at the annual rate of 0.65% of the Trust's average weekly net assets, including assets applicable to the APS.

PRICING AND BOOKKEEPING FEES

Columbia is responsible for providing pricing and bookkeeping services to the Trust under a pricing and bookkeeping agreement. Under a separate agreement (the "Outsourcing Agreement"), Columbia has delegated those functions to State Street Corporation ("State Street"). As a result, Columbia pays the total fees received to State Street under the Outsourcing Agreement.

Under its pricing and bookkeeping agreement with the Trust, Columbia receives from the Trust an annual flat fee of \$10,000 paid monthly, and in any month that the Trust's average weekly net assets, including assets applicable to APS, exceed \$50 million, an additional monthly fee. The additional fee rate is calculated by taking into account the fees payable to State Street under the Outsourcing Agreement. This rate is applied to the

20

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

May 31, 2005 (Unaudited)

average weekly net assets, including assets applicable to APS, of the Trust for that month. The Trust also pays additional fees for pricing services based on the number of securities held by the Trust. For the six months ended May 31, 2005, the Trust's annualized effective pricing and bookkeeping fee rate, inclusive of out-of-pocket expenses, was 0.051% of the Trust's average weekly net assets, including assets applicable to APS.

CUSTODY CREDITS

The Trust has an agreement with its custodian bank under which custody fees may be reduced by balance credits. These credits are recorded as a reduction of total expenses on the Statement of Operations. The Trust could have invested a portion of the assets utilized in connection with the expense offset arrangement in an income-producing asset if it had not entered into such an agreement.

Edgar Filing: COLONIAL MUNICIPAL INCOME TRUST - Form N-CSRS

FEES PAID TO OFFICERS AND TRUSTEES

With the exception of one officer, all officers of the Trust are employees of Columbia or its affiliates and receive no compensation from the Trust. The Board of Trustees appointed a Chief Compliance Officer to the Trust in accordance with federal securities regulations. The Trust, along with other affiliated funds, will pay its pro-rata share of the expenses associated with the Office of the Chief Compliance Officer. The Trust's fee for the Office of the Chief Compliance Officer will not exceed \$15,000 per year.

The Trust's Trustees may participate in a deferred compensation plan which may be terminated at any time. Obligations of the plan will be paid solely out of the Trust's assets.

OTHER

Columbia provides certain services to the Trust related to Sarbanes-Oxley compliance. For the six months ended May 31, 2005, the Trust paid \$829 to Columbia for such services. This amount is included in "Other expenses" on the Statement of Operations.

NOTE 5. PORTFOLIO INFORMATION

For the six months ended May 31, 2005, the cost of purchases and proceeds from sales of securities, excluding short-term obligations, were \$ 13,431,764 and 15,220,492 respectively.

NOTE 6. PREFERRED SHARES

The Trust currently has outstanding 3,600 APS. The APS are redeemable at the option of the Trust on any dividend payment date at the redemption price of \$25,000 per share, plus an amount equal to any dividends accumulated on a daily basis unpaid through the redemption date (whether or not such dividends have been declared).

Under the Act, the Trust is required to maintain asset coverage of at least 200% with respect to the APS as of the last business day of each month in which any APS are outstanding. Additionally, the Trust is required to meet more stringent asset coverage requirements under the terms of the APS Agreement and in accordance with the guidelines prescribed by the APS' rating agencies. Should these requirements not be met, or should dividends accrued on the APS not be paid, the Trust may be restricted in its ability to declare dividends to common shareholders or may be required to redeem certain APS. At May 31, 2005, there were no such restrictions on the Trust.

NOTE 7. DISCLOSURE OF SIGNIFICANT RISKS AND CONTINGENCIES

CONCENTRATION OF CREDIT RISK

The Trust holds investments that are insured by private insurers who guarantee the payment of principal and interest in the event of default or that are supported by a letter of credit. Each of the Trust's insurers is rated AAA by Moody's Investor Services, Inc. At May 31, 2005, private insurers who insure greater than 5% of the total investments of the Trust were as follows:

INSURER	% OF TOTAL INVESTMENTS
MBIA Insurance Corp.	11.4%
Financial Guaranty Insurance Corp.	7.0

Edgar Filing: COLONIAL MUNICIPAL INCOME TRUST - Form N-CSRS

GEOGRAPHIC CONCENTRATION

The Trust has greater than 5% of its total investments at May 31, 2005 invested in debt obligations issued by the states of California, Colorado, Florida, Illinois, Minnesota, Pennsylvania and Texas and their respective political subdivisions, agencies and public authorities. The Trust is more susceptible to economic and political factors adversely affecting issuers of the specific state's municipal securities than are municipal bond funds that are not concentrated to the same extent in these issuers.

HIGH-YIELD SECURITIES

Investing in high-yield securities may involve greater credit risk and considerations not typically associated with investing in U.S. government bonds and other higher quality fixed income securities. These securities are non-investment grade securities, often referred to as "junk bonds." Economic downturns may disrupt the high yield market and impair the ability of issuers to repay principal and interest. Also, an increase in interest rates would likely have an adverse impact on the value of such obligations. Moreover, high-yield securities may be less liquid to the extent that there is no established secondary market.

LEGAL PROCEEDINGS

On February 9, 2005, Columbia and Columbia Funds Distributor, Inc. (collectively, the "Columbia Group") entered into an Assurance of Discontinuance with the New York Attorney General ("NYAG") (the "NYAG Settlement") and consented to the entry of a cease-and-desist order by the Securities and Exchange Commission ("SEC") (the "SEC

21

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

May 31, 2005 (Unaudited)

Order"). The SEC Order and the NYAG Settlement are referred to collectively as the "Settlements". The Settlements contain substantially the same terms and conditions as outlined in the agreements in principle which Columbia Group entered into with the SEC and NYAG in March 2004.

Under the terms of the SEC Order, the Columbia Group has agreed among other things, to: pay \$70 million in disgorgement and \$70 million in civil money penalties; cease and desist from violations of the antifraud provisions and certain other provisions of the federal securities laws; maintain certain compliance and ethics oversight structures; retain an independent consultant to review the Columbia Group's applicable supervisory, compliance, control and other policies and procedures; and retain an independent distribution consultant (see below). The Columbia Funds have also undertaken to implement certain governance measures designed to maintain the independence of their boards of trustees. The NYAG Settlement also, among other things, requires Columbia and its affiliates, Banc of America Capital Management, LLC and BACAP Distributors, LLC to reduce certain Columbia Funds, Nations Funds and other mutual funds management fees collectively by \$32 million per year for five years, for a projected total of \$160 million in management fee reductions.

Pursuant to the procedures set forth in the SEC order, the \$140 million in settlement amounts described above will be distributed in accordance with a distribution plan to be developed by an independent distribution consultant, who

Edgar Filing: COLONIAL MUNICIPAL INCOME TRUST - Form N-CSRS

is acceptable to the SEC staff and the Columbia Funds' independent trustees. The distribution plan must be based on a methodology developed in consultation with the Columbia Group and the Trust's independent trustees and not unacceptable to the staff of the SEC. At this time, the distribution plan is still under development. As such, any gain to the fund or its shareholders can not currently be determined.

As a result of these matters or any adverse publicity or other developments resulting from them, the market price of fund shares could decline.

A copy of the SEC Order is available on the SEC website at <http://www.sec.gov>. A copy of the NYAG Settlement is available as part of the Bank of America Corporation Form 8-K filing on February 10, 2005.

In connection with events described in detail above, various parties have filed suit against certain funds, the Trustees of the Columbia Funds, FleetBoston Financial Corporation and its affiliated entities and/or Bank of America Corporation and its affiliated entities. More than 300 cases including those filed against entities unaffiliated with the funds, their Boards, FleetBoston Financial Corporation and its affiliated entities and/or Bank of America Corporation and its affiliated entities have been transferred to the Federal District Court in Maryland and consolidated in a multi-district proceeding (the "MDL").

The derivative cases purportedly brought on behalf of the Columbia Funds in the MDL have been consolidated under the lead case. The fund derivative plaintiffs allege that the funds were harmed by market timing and late trading activity and seek, among other things, removal of the trustees of the Columbia Funds, removal of the Columbia Group, disgorgement of all management fees and monetary damages.

On March 21, 2005 purported class action plaintiffs filed suit in Massachusetts state court alleging that the conduct, including market timing, entitles Class B shareholders in certain Columbia funds to an exemption from contingent deferred sales charges upon early redemption (the "CDSC Lawsuit"). The CDSC Lawsuit has been removed to federal court in Massachusetts and the federal Judicial Panel has conditionally ordered its transfer to the MDL.

The MDL is ongoing. Accordingly, an estimate of the financial impact of this litigation on any fund, if any, can not currently be made.

On January 11, 2005, a putative class action lawsuit was filed in federal district court in Massachusetts against, among others, the Trustees of the Columbia Funds and Columbia. The lawsuit alleges that defendants violated common law duties to fund shareholders as well as sections of the Investment Company Act of 1940, by failing to ensure that the Trust and other affiliated funds participated in securities class action settlements for which the funds were eligible. Specifically, plaintiffs allege that defendants failed to submit proof of claims in connection with settlements of securities class action lawsuits filed against companies in which the funds held positions.

In 2004, certain Columbia funds, advisers and affiliated entities were named as defendants in certain purported shareholder class and derivative actions making claims, including claims under the Investment Company and the Investment Advisers Acts of 1940 and state law. The suits allege, inter alia, that the fees and expenses paid by the funds are excessive and that the advisers and their affiliates inappropriately used fund assets to distribute the funds and for other improper purpose. On March 2, 2005, actions were consolidated in the Massachusetts federal court as *In re Columbia Entities Litigation*. The plaintiffs filed a consolidated amended complaint on June 9, 2005.

The Trust and the other defendants to these actions, including Columbia and various of its affiliates, certain other mutual funds advised by Columbia and

Edgar Filing: COLONIAL MUNICIPAL INCOME TRUST - Form N-CSRS

its affiliates, and various directors of such funds, have denied these allegations and are contesting the plaintiffs' claims. These proceedings are ongoing, however, based on currently available information, Columbia believes that these lawsuits are without merit, that the likelihood they will have a material adverse impact on any fund is remote, and that the lawsuits are not likely to materially affect its ability to provide investment management services to its clients, including the Trust.

(a) Per share data was calculated using average shares outstanding during the period.

(b) Effective December 1, 2001, the Trust adopted the provision of the AICPA Audit and Accounting Guide for Investment Companies and began accreting market discount on all debt securities. The effect of this change, for the year ended November 30, 2002, was to increase the ratio of net investment income to average net assets from 8.24% to 8.28% and increase the ratio of net investment income (adjusted for dividend payments to preferred shareholders) from 7.43% to 7.47%. The impact to net investment income and net realized and unrealized loss per share was less than \$0.01. Per share data and ratios for periods prior to November 30, 2002, have not been restated to reflect this change in presentation.

(c) The per share net investment income amount does not reflect the period's reclassification of differences between book and tax basis net investment income.

(d) Rounds to less than \$0.01 per share.

(e) Total return at market value assuming all distributions reinvested at prices calculated in accordance with the Dividend Reinvestment Plan.

(f) The benefits derived from custody credits and directed brokerage arrangements, if applicable, had an impact of less than 0.01%.

(g) Ratios reflect average net assets available to common shares only.

(h) Annualized

(i) Not Annualized

SHAREHOLDER MEETING RESULTS

RESULTS OF THE ANNUAL MEETING OF SHAREHOLDERS

On May 25, 2005, the Annual Meeting of Shareholders of the Trust was held to conduct a vote for or against the approval of the following Items listed on the Trust's Proxy Statement for said Meeting. On March 10, 2005, the record date for the Meeting, the Trust had 27,741,654 shares outstanding. The votes cast were as follows:

PROPOSAL 1.

ELECTION OF TRUSTEES:	FOR	WITHHELD
William E. Mayer	21,942,349	525,434
Anne-Lee Verville	22,019,304	448,479

On March 10, 2005, the record date of the Meeting, the Trust had 3,600 preferred shares outstanding. The votes cast were as follows:

PROPOSAL 2.

ELECTION OF TRUSTEES:	FOR	WITHHELD
Douglas A. Hacker	3,152	34
William E. Mayer	3,152	34
Thomas E. Stitzel	3,152	34
Anne-Lee Verville	3,152	34

DIVIDEND REINVESTMENT PLAN

COLONIAL MUNICIPAL INCOME TRUST

Shareholders may elect to have all distributions of dividends and capital gains automatically reinvested by Computershare (the "Plan Agent"), as agent under the Trust's Dividend Reinvestment and Cash Purchase Plan (the "Plan"). Pursuant to the Plan, the provisions of which are described below, shareholders not making such an election will receive all such amounts in cash paid by check mailed directly to the shareholder by the Plan Agent, as the dividend paying agent.

If the Trustees of the Trust declare a dividend or determine to make a capital gain distribution payable either in shares of the Trust or in cash, as shareholders may have elected, non-participants in the Plan will receive cash and participants in the Plan will receive the equivalent in shares of the Trust. If the market price of the shares on the payment date for the dividend or distribution is equal to or exceeds their net asset value, participants will be issued shares of the Trust at the higher of net asset value or 95% of the market price. If the net asset value exceeds the market price of Trust shares at such time, or if the Trust declares a dividend or other distribution payable only in cash, the Plan Agent will, as agent for Plan participants, buy Trust shares in

Edgar Filing: COLONIAL MUNICIPAL INCOME TRUST - Form N-CSRS

the open market, on the New York Stock Exchange or elsewhere, for the participants' accounts. If, before the Plan Agent has completed its purchases, the market price exceeds the net asset value of the Trust's shares, the average per share purchase price paid by the Plan Agent may exceed the net asset value of the Trust's shares, resulting in the acquisition of fewer shares than if the dividend or distribution had been paid in shares issued by the Trust.

Participants in the Plan may withdraw from the Plan upon written notice to the Plan Agent. When a participant withdraws from the Plan or upon termination of the Plan as provided below, certificates for whole shares credited to the participant's account under the Plan will be issued and a cash payment will be made for any fraction of a share credited to such account.

Participants in the Plan have the option of making additional cash payments to the Plan Agent semi-annually, for investment in the Trust's shares. Such payments may be made in any amount from \$100 to \$500. State Street will use all funds received from participants (as well as any dividends and distributions received in cash) to purchase Trust shares in the open market semiannually. Interest will not be paid on any uninvested cash payments.

In the case of shareholders such as banks, brokers or nominees holding shares for others who are the beneficial owners of those shares, the Plan Agent will administer the Plan on the basis of the number of shares certified from time to time by the shareholder of record as representing the total amount registered in such shareholder's name and held for the account of beneficial owners who are to participate in the Plan.

There is no charge to Plan participants for reinvesting dividends or distributions. The Plan Agent's fees for the handling of the reinvestment of dividends and distributions will be paid by the Trust. There will be no brokerage charges with respect to shares issued directly by the Trust as a result of dividends or distributions payable either in stock or in cash. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends or distributions as well as from voluntary cash payments. Brokerage charges for purchasing small amounts of stock for individual accounts under the voluntary cash purchase provisions of the Plan are expected to be less than the usual brokerage charges for individual transactions of comparable size, because the Plan Agent will be purchasing shares for all participants in blocks and charging to cash purchase Plan participants a pro rated portion of the lower commissions usually obtainable on such block purchases. The automatic reinvestment of dividends and distributions will not relieve participants of any income tax that may be payable on such dividends or distributions.

The Plan may be amended or terminated on 30 days written notice to the Plan participants. All correspondence concerning the Plan should be directed to Computershare by mail at P.O. Box 403011, Providence, RI 02940-3011, or by phone at 1-800-426-5523.

26

BOARD CONSIDERATION AND APPROVAL OF INVESTMENT ADVISORY AGREEMENT

Section 15(c) of the Investment Company Act of 1940 (the "1940 Act") requires that the Board of Trustees/Directors (the "Board") of the Columbia Funds (the "Funds"), including a majority of the Trustees and Directors (collectively, the "Trustees") who are not "interested persons" of the Trusts, as defined in the 1940 Act (the "Independent Trustees"), annually review and approve the terms of the Funds' investment advisory agreements. At a meeting held on October 13, 2004, the Board reviewed and approved the management contracts ("Advisory

Edgar Filing: COLONIAL MUNICIPAL INCOME TRUST - Form N-CSRS

Agreement") with Columbia Management Advisors, Inc. ("CMA") for the Fund.

At meetings held on September 23, 2004 and October 12, 2004, the Advisory Fees and Expenses Committee (the "Committee") of the Board considered the factors described below relating to the selection of CMA and the approval of the Advisory Agreement. At a meeting held on October 13, 2004, the Board, including the Independent Trustees (who were advised by their independent legal counsel), considered these factors and reached the conclusions described below.

NATURE, EXTENT AND QUALITY OF SERVICES

The Board considered information regarding the nature, extent and quality of services that CMA provides to the Fund under the Advisory Agreement. CMA provided the most recent investment adviser registration form ("Form ADV") and code of ethics for CMA to the Board. The Board reviewed information on the status of Securities and Exchange Commission ("SEC") and New York Attorney General ("NYAG") proceedings against CMA and certain of its affiliates, including the agreement in principle entered into with the SEC and the NYAG on March 15, 2004 to settle civil complaints filed by the SEC and the NYAG relating to trading activity in mutual fund shares.¹

The Board evaluated the ability of CMA, including its resources, reputation and other attributes, to attract and retain highly qualified research, advisory and supervisory investment professionals. The Board considered information regarding CMA's compensation program for its personnel involved in the management of the Fund.

Based on these considerations and other factors, including those referenced below, the Board concluded that they were generally satisfied with the nature, extent and quality of the investment advisory services provided to the Fund by CMA.

FUND PERFORMANCE AND EXPENSES

CMA provided the Board with relative performance and expense information for the Fund in a report prepared by Lipper Inc. ("Lipper") an independent provider of investment company data. The Board considered the total return performance information, which included the ranking of the Fund within a performance universe made up of funds with the same Lipper investment classification and objective (the "Performance Universe") by total return for one-year, three-year, five-year, ten-year or life of fund periods, as applicable. They also considered the Fund's performance in comparison to the performance results of a group (the "Performance Peer Group") of funds selected by Lipper based on similarities in fund type (e.g. open-end), investment classification and objective, asset size, load type and 12b-1/service fees and other expense features, and to the performance results of the Fund's benchmark index. The Board reviewed a description of Lipper's methodology for selecting the mutual funds in the Fund's Performance Peer Group and Performance Universe.

The Board considered statistical information regarding the Fund's total expenses and certain components thereof, including management fees (both actual management fees based on expenses for advisory and administrative fees including any reductions for fee waivers and expense reimbursements as well as contractual management fees that are computed for a hypothetical level of assets), actual non-management expenses, and fee waivers/caps and expense reimbursements. They also considered comparisons of these expenses to the expense information for funds within a group (the "Expense Peer Group") selected by Lipper based on similarities in fund type (e.g. open-end), investment classification and objective, asset size, load type and 12b-1/service fees and other expense features (but which, unlike the Performance Peer Group, may include funds with several different investment classifications and objectives) and an expense universe ("Expense Universe") selected by Lipper based on the criteria for

Edgar Filing: COLONIAL MUNICIPAL INCOME TRUST - Form N-CSRS

determining the Expense Peer Group other than asset size. The expense information in the Lipper report took into account all existing fee waivers and expense reimbursements as well as all voluntary advisory fee reductions applicable to certain Funds that were being proposed by management in order to reduce the aggregate advisory fees received from mutual funds advised by CMA and Banc of America Capital Management, LLC ("BACAP") by \$32 million per year for five years as contemplated by the agreement in principle with the NYAG.

The Committee also considered the projected impact on expenses of these Funds resulting from the overall cost reductions that management anticipated would result from the proposed shift to a common group of service providers for transfer agency, fund accounting and custody services for mutual funds advised by Bank of America affiliates.

The Board also considered information in the Lipper report that ranked each Fund based on (i) each Fund's one-year performance and actual management fees, (ii) each Fund's one-year performance and total expenses and (iii) each Fund's 3-year performance and total expenses. Based on these comparisons and expense and performance rankings of the Fund in the Lipper Report, CMA determined an overall score

1 On February 9, 2005, CMA and its affiliate, Columbia Funds Distributor, Inc., entered into settlement agreements with the SEC and the NYAG that contain substantially the terms outlined in the agreements in principle.

27

BOARD CONSIDERATION AND APPROVAL OF INVESTMENT ADVISORY AGREEMENT (CONTINUED)

for the Fund. The Committee and the Board also considered projected savings to the Fund that would result from certain modifications in soft dollar arrangements.

The Committee also considered more detailed information relating to certain Funds that were highlighted for additional review based upon the fact that they ranked poorly in terms of overall expense or management fees, maintained poor performance or demonstrated a combination of below average to poor performance while maintaining below average or poor expense rankings. At its September 23, 2004 meeting, the Committee discussed these Funds with management and in executive session. The Committee requested additional information from management regarding the cause(s) of the below-average relative performance of these Funds, any remedial actions management recommended to improve performance and the general standards for review of portfolio manager performance. At its October 12, 2004 meeting, the Committee considered additional information provided by management regarding these Funds. The Board also considered management's proposal to merge or liquidate some of these Funds.

Based on these considerations and other factors, the Board concluded that the overall performance and expense results supported by the approval of the Advisory Agreements for each Fund.

INVESTMENT ADVISORY FEE RATES

The Board reviewed and considered the proposed contractual investment advisory fee rates (the "Advisory Agreement Rates") payable by the Funds to CMA for investment advisory services. In addition, the Board reviewed and considered the existing and proposed fee waiver and reimbursement arrangements applicable to

Edgar Filing: COLONIAL MUNICIPAL INCOME TRUST - Form N-CSRS

the Advisory Agreement Rates and considered the Advisory Agreement Rates after taking the fee waivers and reimbursements into account (the "Net Advisory Rates"). At previous meetings, the Committee had separately considered management's proposal to reduce annual investment advisory fees for certain Funds under the NYAG agreement in principle and the impact of these reductions on each affected Fund. Additionally, the Board considered information comparing the Advisory Agreement Rates and Net Advisory Rates (both on a stand-alone basis and on a combined basis with the Funds' administration fee rates) with those of the other funds in the Expense Peer Group. The Board concluded that the Advisory Agreement Rates and Net Advisory Rates represented reasonable compensation to CMA, in light of the nature, extent and quality of the services provided to the Funds, the fees paid and expenses borne by comparable funds and the costs that CMA incurs in providing these services to the Funds.

PROFITABILITY

The Board considered a detailed profitability analysis of CMA based on 2003 financial statements, adjusted to take into account advisory fee reductions implemented in November 2003 and proposed reductions under the NYAG proposed settlement. The Board concluded that, in light of the costs of providing investment management and other services to the Funds, the profits and other ancillary benefits that CMA and its affiliates received for providing these services to the Funds were not unreasonable.

ECONOMIES OF SCALE

In evaluating potential economies of scale, the Board considered CMA's proposal to implement a standardized breakpoint schedule for combined advisory and administrative fees for the majority of the funds of the same general asset type within the Columbia Funds complex (other than index and closed-end funds). The Board noted that the standardization of the breakpoints would not result in a fee increase for any Fund. The Board concluded that any actual or potential economies of scale are, or will be, shared fairly with Fund shareholders, including most particularly through Advisory Agreement Rate breakpoints at current and reasonably foreseeable asset levels.

INFORMATION ABOUT SERVICES TO OTHER CLIENTS

In evaluating the proposed fee reductions under the NYAG agreement in principle, the Board considered information regarding the advisory fee rates charged by BACAP for the Nations Funds. Members of the Committee and the Board had also separately reviewed advisory fee rates for variable insurance product funds advised by CMA. This information assisted the Board in assessing the reasonableness of fees paid under the Advisory Agreements in light of the nature, extent and quality of services provided under those agreements.

OTHER BENEFITS TO CMA

The Board considered information regarding potential "fall-out" or ancillary benefits received by CMA and its affiliates as a result of their relationship with the Funds. These benefits could include benefits directly attributable to the relationship of CMA with the Funds (such as soft dollar credits) and benefits potentially derived from an increase in the business of CMA as a result of their relationship with the Funds (such as the ability to market to shareholders other financial products offered by CMA and its affiliates).

OTHER FACTORS AND BROADER REVIEW

The Board reviews detailed materials provided by CMA annually as part of the approval process under Section 15(c) of the 1940 Act. The Board also regularly reviews and assesses the quality of the services that the Funds receive throughout the year. In this regard, the Board reviews information provided by

Edgar Filing: COLONIAL MUNICIPAL INCOME TRUST - Form N-CSRS

CMA at their regular meetings, including, among other things, a detailed portfolio review, and detailed fund performance reports. In addition, the Board interviews the heads of each investment area at each regular meeting of the Board and selected portfolio managers of the Funds at various times throughout the year. After considering the above-described factors and based on the deliberations and their evaluation of the information provided to them, the Board concluded that re-approval of the Advisory Agreements for each of the Funds was in the best interest of the Funds and their shareholders. Accordingly, the Board unanimously approved the Advisory Agreements.

28

TRANSFER AGENT

IMPORTANT INFORMATION ABOUT THIS REPORT

The Transfer Agent for Colonial Municipal Income Trust is:

Computershare
P.O. Box 43010
Providence, RI 02940-3010

The trust mails one shareholder report to each shareholder address. Shareholders can order additional reports by calling 800-730-6001. In addition, representatives at that number can provide shareholders information about the trust.

Financial advisors who want additional information about the trust may speak to a representative at 800-426-3750.

A description of the trust's proxy voting policies and procedures is available (i) at www.columbiamanagement.com; (ii) on the Securities and Exchange Commission's website at www.sec.gov, and (iii) without charge, upon request, by calling 800-730-6001. Information regarding how the trust voted proxies relating to portfolio securities during the 12-month period ended June 30, 2004 is available from the SEC's website. Information regarding how the trust voted proxies relating to portfolio securities is also available at www.columbiamanagement.com.

The trust files a complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-Q. The trust's Form N-Q is available on the SEC's website at www.sec.gov and may be reviewed and copied at the SEC's Public Reference Room in Washington, DC. Information on the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330.

Annual Certifications -- As required, on June 13, 2005, the trust submitted to the New York Stock Exchange ("NYSE") the annual certification of the trust's Chief Executive Officer certifying that he is not aware of any violation of the NYSE's Corporate Governance listing standards. The trust also has included the certifications of the trust's Chief Executive Officer and Chief Financial Officer required by Section 302 of the Sarbanes-Oxley Act of 2002 as exhibits to the trust's Form N-CSR filed with the Securities and Exchange Commission for the annual period.

This report has been prepared for shareholders of Colonial Municipal Income Trust.
