\* Ratings shown are per Standard & Poor's, Moody's or Fitch. Securities classified as NR are not rated. (For securities not rated by Standard & Poor's Rating Group, the rating by Moody's Investor Services, Inc. is provided. Likewise, for securities not rated by Standard & Poor's Rating Group and Moody's Investor Services, Inc., the rating by Fitch Ratings is provided.) All ratings are unaudited. The ratings apply to the credit worthiness of the issuers of the underlying securities and not to the Fund or its shares.

\*\* Date and price of the earliest optional call or put provision. There may be other call provisions at varying prices at later dates.

(a) Taxable municipal bond issued as part of the Build America Bond program.

(b) Non-income producing security.

(c) Securities are exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be resold in transactions exempt from registration, normally to qualified institutional buyers. At August 31, 2011 these securities amounted to \$39,330,085, which represents 10.6% of net assets applicable to common shares.

(d) Security has a fixed rate coupon which will convert to a floating or variable rate coupon on a future date.

(e) The issuer of this security may elect to pay interest entirely in cash, entirely by issuing payment-in-kind shares, or pay 50% of the interest in cash and 50% of the interest by issuing payment-in-kind shares.

(f) Floating or variable rate coupon. The rate shown is as of August 31, 2011.

(g) Security is a "Step-up" bond where the coupon increases or steps up at a predetermined date. The rate shown reflects the rate in effect at the end of the reporting period.

(h) Term loans held by the Fund have a variable interest rate feature which is periodically adjusted based on an underlying interest rate benchmark. In addition, term loans may include mandatory and/or optional prepayment terms. As a result, the actual maturity dates of the loan may be different than the amounts disclosed in the portfolios of investments. Term loans may be considered restricted in that the Fund may be contractually obligated to secure approval from the Agent Bank and/or Borrower prior to the sale or disposition of loan.

- (i) All of a portion of these securities have been physically segregated in connection with unfunded loan commitments and reverse repurchase agreements. As of August 31, 2011, the total amount segregated was \$158,721,024.

See previously submitted notes to financial statements for the period ended May 31, 2011.

---

At August 31, 2011, the Trust had the following unfunded loan commitments which could be extended at the option of the borrower:

Borrower	Principal Amount	Unrealized Appreciation
MGM Mirage, Inc.	\$ 300,000	\$ 2,700
Level 3	600,000	-
	\$ 900,000	\$ 2,700

Country Allocation\*

United States	97.1%
Marshall Islands	1.1%
Canada	0.6%
Ireland	0.4%
Mexico	0.4%
United Kingdom	0.3%
Australia	0.1%

\*Subject to change daily. Based on long-term investments.

At August 31, 2011 (unaudited), the cost and related gross unrealized appreciation and depreciation on investments for tax purposes are as follows:

Cost of Investments for Tax Purposes	Gross Tax Unrealized Appreciation	Gross Tax Unrealized Depreciation	Net Tax Unrealized Appreciation on Investments
\$ 442,131,972	\$ 38,900,742	\$ (2,244,554)	\$ 36,656,188

Fair value is defined as the price that the Trust would receive to sell an investment or pay to transfer a liability in an orderly transaction with an independent buyer in the principal market, or in the absence of a principal market the most advantageous market for the investment or liability. There are three different categories for valuations. Level 1 valuations are those based upon quoted prices in active markets. Level 2 valuations are those based upon quoted prices in inactive markets or based upon significant observable inputs (e.g. yield curves; benchmark interest rates; indices). Level 3 valuations are those based upon unobservable inputs (e.g. discounted cash flow analysis; non-market based methods used to determine fair valuation).

The Trust adopted the Accounting Standards Update, Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures about Fair Value Measurements which provides guidance on how investment assets and liabilities are to be valued and disclosed. Specifically, the amendment requires reporting entities to disclose: i) the input and valuation techniques used to measure fair value for both recurring and nonrecurring fair value measurements, for Level 2 or Level 3 positions, ii) transfers between all levels (including Level 1 and Level 2) on a gross basis (i.e. transfers out must be disclosed separately from transfers in) as well as the reason(s) for the transfer, and iii) purchases, sales, issuances and settlements must be shown

on a gross basis in the Level 3 rollforward rather than as one net number.

The Trust values Level 1 securities using readily available market quotations in active markets. The Trust values Level 2 fixed income securities using independent pricing providers who employ matrix pricing models utilizing market prices, broker quotes and prices of securities with comparable maturities and qualities. The Trust values Level 2 equity securities using various observable market inputs in accordance with procedures established in good faith by management and approved by the Board of Trustees. The Trust did not have any Level 3 securities during the period ended August 31, 2011. There were no transfers between Level 1 and Level 2 during the period ended August 31, 2011.

The following table represents the Trust's investments carried on the Statement of Assets and Liabilities by caption and by level within the fair value hierarchy as of August 31, 2011:
