ITEM 1. DESCRIPTION OF BUSINESS.

Overview

Innovation Holdings, Inc. f/k/a Blagman Media International, Inc. is a Nevada corporation (collectively with its subsidiaries, the "Company"), which is the successor to a corporation founded in 1961. We are a direct marketing, direct response and media enterprise based in Century City, California which principally provides direct market services and media buying for our clients and their products and services through television, radio, Internet, print and outdoor advertising media. In addition, we organize direct response media campaigns on radio, television and in print and provide assistance in backend marketing and creative production.

We began operations in 1994 as a sole proprietorship and formed a corporation, Blagman Media International, Inc., in early 1999. On August 2, 1999, we completed a reverse acquisition with Unisat, Inc., an inactive, public non-reporting company, founded in 1961 and formerly known as Combined Companies, Inc. On the same date, Unisat, Inc. changed its name to Blagman Media International, Inc. and we therefore have two Nevada entities with the same name. The transaction was structured as a share exchange, in which Robert Blagman exchanged all of his shares in the privately held entity for 8,200,000 common shares of Unisat, Inc. In April 2000, we entered into a share exchange agreement with MNS Eagle Equity Group I, an inactive, reporting Nevada corporation, which resulted in our becoming the parent reporting company.

The primary purpose of these transactions was to give us access to a public market, to create a new corporate vehicle with which to build a more expansive media-buying infrastructure, thereby allowing us to leverage our direct

Edgar Filing: INNOVATION HOLDINGS - Form 10KSB

marketing and direct response efforts. Currently, we are actively pursuing acquisitions and various strategic and working relationships which, if successful, will allow us to create a "network" of alliance partners with the capacity to deliver a broader range of services in a more cost-efficient manner.

In 2001, internally we focused on our core competencies by making quantitative media buys and in assisting our clients in implementing traditional radio, television and out of home media strategies. Given the general uncertainties in Internet advertising and Internet business models that developed in late 2000, and which continue, we plan to monitor the use and styles of Internet advertising. In this way, we can assess the opportunities available to us in Internet advertising while not making any firm financial commitments to an Internet strategy. In addition to considering merger and acquisition opportunities for consolidation and industry growth, we are continuing to pursue an expansion in the television production field through strategic alliances.

In 2001, we also actively pursued acquisitions and completed our first industry acquisition transaction in March 2002 when Century Media, Inc. ("Century") became a wholly-owned subsidiary under the name Blagman-Century Media, Inc. ("Blagman-Century"), subsequently renamed Century Media, Inc. We had been negotiating since early 2001 to acquire Century Media, a Santa Monica based advertising agency in business for over ten years with historical billings and placements that ranged from \$35 million to \$110 million. In 2001, we entered into agreements to acquire all of the outstanding stock of Century, but certain requirements were not satisfied. In October 2001, we concluded that the purchase price for Century, which was then set at \$5.7 million cash plus the assumption of significant debt, needed to be substantially reduced as a result of our due diligence conclusions.

In March 2002, we completed the transaction through a merger of a wholly-owned special purpose subsidiary into Century in exchange for the payment of the equivalent of \$0.20 per share to the shareholders of Century (\$0.025 in cash and the balance in shares of the common stock of the parent company (hereafter "Common Shares"), repayment of \$749,778 in debentures through the issuance of Common Shares, and the recognition of debts. As a result, at closing approximately \$600,000 in cash and \$2.2 million in restricted Common Shares were distributed to holders of existing Century shares, debentures, and certain stock rights. Under the merger agreement, the Common Shares were valued at the closing bid price over the seven days prior to the date of the agreement or \$0.0008857, resulting in the issuance of 2,555,651,387 new Common Shares to the holders of Century shares, debentures and certain stock rights. Century also had continuing debt obligations due to affiliates and third parties of approximately \$1.6 million, exclusive of trade and contingency obligations. In connection with our interest in the Century transaction, we provided management services to Century from late 2001 to early 2002, essentially on a reimbursement basis. As a result of the overwhelming debt and departures by members of Century, we no longer consider this acquisition viable. We are in the process of resolving all issues related to the Century acquisition.

Following the acquisition of Century Media in March 2002, the Company has determined that Century Media was not strategic to the Company's ongoing objectives and has discontinued capital and human resource investment in Century Media effective as of December 2002.

Business Activities

Our principal business is media buying, with a specific focus on direct marketing and direct response advertising. Direct marketing is any communication or advertisement to a consumer or business that is designed to generate a direct interest in the form of an order for a specific product or service, a request

Edgar Filing: INNOVATION HOLDINGS - Form 10KSB

for information, or a visit to a place of business with a predetermined demographic audience. Direct marketing efforts generally attract the response by offering an incentive to the targeted audience through a broad range of media vehicles including catalogs, bill inserts, coupon mailings, telemarketing, events, and traditional direct mail. Direct marketing is intended to gain consumer interest and awareness and produce sales over a period of time through a response to the materials or the broadcast but, generally, direct marketing does not solicit an immediate response or purchase. The Company's revenues for direct marketing services are generated from media commissions which are paid in advance to us as media is placed and purchased and from fees for direct services to the client.

In contrast to direct marketing, direct response utilizes direct marketing's array of media vehicles, but also targets a non-specific demographic audience through media time available as "remnants" or "surplus" after normal network and prime advertising has been purchased. When there is a slowdown or recession in the "general advertiser" market, as existed in the 2001 economic slowdown, the direct response industry can flourish because of the excess media inventory. That trend has slowed due to the dramatic extent of the economic slowdown. Direct response's main purpose is to generate an immediate profitable transaction from the broad non-targeted audience it reaches. Direct response firms handle all aspects of a media campaign by merging the roles of product developer, marketer, and merchant. They often receive a percentage of sales revenues, as well as fees based on time purchased or actual services rendered. While direct response media buys and programming can be either long form (more than 2 minutes and generally 30 minutes in length) or short form (generally 30 to 120 seconds in length), the most commonly recognized direct response format is the "infomercial," a 30-minute television program demonstrating a product, providing testimonials, offering additional tie-in merchandise and motivating the audience to order the product while they are watching.

To date, our major focus has been on direct marketing services. According to the Direct Marketing Association (DMA), overall sales through direct marketing (during 2002, the most recent period available) in the United States were approximately \$1.8 trillion and are expected to continue to increase. The proliferation of cable, network and non-network television, Internet and radio has made traditional media choices less effective and audiences harder to reach. This proliferation has increased the obstacles to reaching a mass audience in traditional media formats and increased the cost of capturing a consumer's attention. In contrast to traditional general media marketing, the results of a direct marketing or a direct response campaign are easily quantifiable because any responses can be tied directly to the marketing dollars used to generate them. Clients utilizing direct marketing and direct response campaigns have immediate feedback on whether or not their advertising has effectively translated into sales or revenues.

The direct marketing system requires advertisers to focus on the most effective time and media slots for the product they are selling. As a result, media buying has become more precise and agencies have tended to specialize in certain product lines or media outlets. We believe that there is a need to reverse the fragmentation through business and service consolidation so clients can benefit from broader marketing, increased buying power and the economies of scale.

The following chart compares the characteristics of traditional advertising with the direct marketing and direct response approaches:

If advertising is an "art," direct mail and direct response are a "science" because variables are documented, tested, and turned into constants, which are "replicated" in further "applications" to achieve the same or better results. Direct response employs a range of strategies and techniques and tests them in various combinations to achieve maximum marketing results at the lowest cost. Based on the current and continuing trends in advertising, direct marketing will be a common form of advertising as the century continues, especially as more and more companies embrace direct marketing to improve their operations results and consumer exposure.

Revenue Sources

The Company currently generates approximately 85% of its total revenues from direct marketing media commissions of which approximately 5% is from radio. Frequently, these commissions are earned and split with other media or advertising agencies. The remaining 10% in revenues represents fees for service contracts and production. The Company also represents its advertising clients for exclusive placement of services covering productions, advertising, marketing/media, telemarketing and fulfillment activities. These services generally include a monthly fee for developing and advising on the complete marketing strategy and tactics, and related market research to establish the target identity and demographic for TV, radio and outdoor placements and a commission on the actual production series. Consistent with industry practice, we approve the media purchase orders, receive full payment from the client before the media airs and remit the media payments after deducting commissions and the media charges as they are billed to us.

Competition

We compete with much larger advertising agencies that have greater financial and personnel resources to service their accounts. We seek to meet the competitive challenges these larger agencies pose. Our boutique size, ability to offer

Edgar Filing: INNOVATION HOLDINGS - Form 10KSB

advanced client services and personal attention allows the Company to differentiate itself from many competitors. We compete through our thorough research, selective competitive intelligence on consumer and customer trends, use of our growing database on what motivates people to buy, and the quality and reliability in executing our client's direct response targeted programs. During 2002, some of our clients could also be considered competitors, to the extent they did not outsource the advertising and direct marketing services to us, and the larger worldwide direct marketing and direct response entities. Our main competitors are Hawthorne Media, Cmedia, Mercury Media and most general/traditional advertising firms.

Dependence on Limited Clients

During 2001, two clients, Metrx and Greenpeace, each represented more than 10% of our revenues. Other 2001 clients included Amnesty International, One World Live, Emson and the Red Skelton Estate. In the past several years, other principal clients have included Eastman Kodak, Dodge-Chrysler, Black and Decker and Liberty Medical. After giving effect to the Century transaction, we had associations with over 20 clients, including Visa, Procter & Gamble, Hoover, Whitney Industries, the LA Times as well as our existing accounts. The Company's experience with well respected, non-profit and public service and public policy agencies is helping to enhance the market perception of the long form infomercial industry by shifting the focus of this medium towards higher quality and more respected products, companies and services. Currently, due to a refocus of our business direction, most if not all of our media and advertising transactions are being outsourced to third party entities to enhance the financial growth of Innovation Holdings.

Alliances

We originally expanded our market presence through alliances with larger enterprises and associations where our particular expertise was valuable and our ability, as a smaller entity, to respond quickly in a flexible manner allowed the larger organization to enhance its marketing and advertising services. Historically, our main alliance was with Eicoff & Company, a subsidiary of Ogilvy & Mather. Eicoff & Company is the oldest, largest, and one of the most successful direct marketing firms in the country, and the number one short form-advertising agency in the world with billings exceeding \$150 million. After becoming a publically traded company, this alliance was compromised due to possible conflicts with our pending acquisitions, We are currently actively seeking new affiliations.

Financing Transactions

On July 12, 2001, we entered into an equity line of credit agreement for up to \$15 million in credit with Gazelle Group LLP ("Gazelle") and DRH Investment Company LLC ("DRH"). This agreement covers a total of 450,000,000 Common Shares pursuant to the equity line of credit agreement from time to time during a three-year period beginning on the date of the agreement. The amount of issuable securities is tied to the market price of our Common Stock and as a result of our low stock price during 2002, we have been unable to draw against the equity line of credit.

Pursuant to the terms of the equity line of credit agreement, the dollar amount of each sale is to be determined by us, subject to a maximum limit based on our Common Shares' trading volume. At least 13 trading days must occur between sales. In turn, Gazelle and DRH may sell our stock in the open market, sell our stock to other investors through negotiated transactions or hold our Common Shares in their own portfolios. As a practical matter, access to the equity line also requires an effective registration statement for the resale of such

Edgar Filing: INNOVATION HOLDINGS - Form 10KSB

securities and our registration statement is not yet effective.

In July 2001, the Company entered into an agreement with May Davis Group, Inc. to act as exclusive agent in connection with a Securities Purchase Agreement for issuance and sale by the Company through a private placement of 100 Series B convertible preferred shares with a par value of \$0.001 per share at a securities purchase price of \$10,000 per share for an aggregate amount of \$1,000,000 for which the Company has received a full net amount of \$810,000 and has issued the Series B Preferred Stock which is convertible as specified, into Common Shares.

Intellectual Property

We have no patents, trademarks, licenses or any other intangible assets that would impact its value or earnings.

Research And Development Of Advertising Activities

We estimate that we spend approximately 38% of our time on research and development activities related to marketing strategies or techniques. We believe research on consumer trends is one of our competitive advantages.

Environmental Regulation

The cost and effects of compliance with environmental laws for federal, state or local governments are inconsequential.

Employees

As of December 31, 2002, we had 7 full-time employees, in marketing and sales and in operations and general management. None of the employees is a member of any union or collective bargaining organization. We consider our relationship with our employees to be excellent. From time to time, we also contract with independent contractors to assist in our growth and in finance and production. As of December 31, 2002, we also had 2 independent contractors working for us on an as needed basis and concentrating primarily on marketing and public relations. In 2001 effective upon the completion of the merger with Century, Century Media added approximately 35 professional staff and employees. As a result having determined to discontinue the Century Media operations together with budget constraints and our ability to outsource some of the Century functions, there are no Century Media employees employed by the Company.

ITEM 2. DESCRIPTION OF PROPERTY

Our executive offices are located at 1901 Avenue of the Stars in Los Angeles, California where we occupy approximately 3,700 square feet with an annual rent of approximately \$120,000. The lease term on the space commenced on April 30 1999 and will continue through April 30 2003. We are currently looking for new space and expect to enter into a new lease at a competitive rate for similar space in a similar location.

The Century Media lease located in Los Angeles, California has been terminated.

ITEM 3. LEGAL PROCEEDINGS

Subsequent to the Century Media transaction, TMT Media Corporation asserted that under the April 2000 Acquisition Agreement with Century Media, as a result of the transaction between the Company and Century Media, it is entitled, as of April 22, 2002, to a \$1,250,000 contingent amount and to the payment in full of the balance of \$609,564 due on the \$700,000 note delivered in the 2000 acquisition of TMT by Century Media. The Company and Century Media dispute this position and are seeking to resolve the matter. In May 2002, TMT filed a lawsuit

Edgar Filing: INNOVATION HOLDINGS - Form 10KSB

captioned TMT Media Corporation v. Blagman Century Media, Inc., et al, in Superior Court of California, County of Los Angeles, Case No. BC273368, naming the Company, Century Media and Robert Blagman personally, seeking the accelerated amount of approximately \$1,859,564. The named defendants have filed a general denial to TMT Media's allegations and have asserted numerous affirmative defenses. Mr. Blagman has demurred to the allegations raised against him. As a result of a Demurrer, Robert Blagman is no longer personally a party to this lawsuit. The

Company is in the process of preparing a cross-complaint for damages with claims including indemnification, apportionment, breach of fiduciary duty and legal malpractice against the Company's former counsel and former principals of Century Media, Inc.

Suburban Capital Corp. v. Robert Blagman et al., No. 02 CH 12321, is pending in the Circuit Court of Cook County, Illinois, County Department, Chancery Division. This litigation was initiated to seek delivery of shares allegedly due on account of two loans claimed to have been advanced by Suburban. The Company has delivered shares to the Court pending delivery of the originally pledged shares by the plaintiff. This matter is a result of the Company's actions in connection with the internal investigations on stock activities by the plaintiff and others. The Company has responded to this matter and is actively cooperating in other investigations related to the plaintiff, including pending regulating investigations. The Company anticipates additional litigation from the plaintiff and is intending to assert the indemnification and disgorgement rights under its agreement with the plaintiff and others.

Innovation Holdings, Inv. f/k/a Blagman Media International, Inc. v. Voxcorp, Case No.: SC 071975, is pending before the Superior Court of California in the County of Los Angeles, West District. Blagman Media International, Inc. initiated this lawsuit for breach of contract, fraud and deceit, intentional misrepresentation of facts, and rescission. Innovation Holdings has filed a general denial to Voxcorp's cross-complaint and asserted numerous affirmative defenses to each cause of action. As of the date hereof, the parties are pursuing a mutually acceptable business conclusion. The matter is set to be mediated within next 90 days and a resolution is likely.

Prinvest Capital Corp. v. Century Media, Inc. et al. Case No. BC292131, is pending in the Superior Court of Los Angeles County. This litigation was initiated by a creditor of Century Media in regards to an obligation incurred prior to the merger of Innovation with Century Media. Prinvest Capital is claiming an amount owed of \$166, 653.00. The Company will be filing a general denial to the complaint and a cross-complaint for damages with claims including indemnification, apportionment, breach of fiduciary duty and legal malpractice against the Company's former counsel and former principals of Century Media, Inc.

The creditors of Century Media, Inc., a wholly owned subsidiary of the Company, have filed various actions for breach of contract. Said actions arise out of obligations incurred by Century Media prior to the merger with Innovation. The Company disputes these claims and is actively seeking to resolve these matters: Media Central v. Blagman Media Inc., et al. pending in Los Angeles County Superior Court. Lin Television v. Century Media, Inc. et al. Pending in Los Angeles County Superior Court Case No. 03100896; LA Times v. Century Media, Inc., et al. Pending in Los Angeles County Superior Court. Infinity Broadcasting Corp. v. Blagman-Century Media, Inc. et al. Pending in Civil Court of the City of New York, County of New York; and Whitney Broadcasting, et al. v. Blagman-Century Media, Inc. et al. Pending in Superior Court, Florida

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

Edgar Filing: INNOVATION HOLDINGS - Form 10KSB

There were no matters were submitted during the fourth quarter of the fiscal year covered by this report to a vote of security holders, through the solicitation of proxies or otherwise.

PART II

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY AND RELATED STOCKHOLDERS MATTERS.

Until March 10, 2003, our Common Shares traded on the Over the Counter on the Bulletin Board under the symbol BMII.OB. Following the Company's name change, our Common Shares now trade under the symbol INOV.OB.

The following table sets forth the high and low sales price of our Common Shares on its principal market for the fiscal years ended December 31, 2001 and December 31, 2002.

		High Sales Price -----	Low Sales Price -----
2001	First Quarter	\$ 0.125	\$ 0.050
	Second Quarter	0.560	0.060
	Third Quarter	0.625	0.030
	Fourth Quarter	0.016	0.0015
2002*	First Quarter	\$ 0.000	\$ 0.000
	Second Quarter	0.000	0.000
	Third Quarter	0.000	0.000
	Fourth Quarter	0.000	0.000

*Throughout the fiscal year ended December 31, 2002, our Common Shares traded at prices well-below \$0.001 per share.

The number of shareholders of record as of December 31, 2002 was approximately 1,000. However, management estimates, that the total beneficial ownership is significantly larger because of the number of shares held in "street" name.

At December 31, 2002, we had 19,698,593,667 Common Shares outstanding. We have not paid any cash dividends on our Common Shares and have no present intention of paying any dividends. The current policy of the Company is to retain earnings, if any, for use in operations and in the development of its business. The future dividend policy of the Company will be determined from time to time by the Board of Directors.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following discussion of our financial condition and operations in conjunction with the consolidated financial statements and the related notes included in Item 7 of this Form 10-KSB and elsewhere in this prospectus. This discussion contains forward-looking statements that involve risks and uncertainties. Our actual results may differ materially from those anticipated in these forward-looking statements as a result of many factors.

Edgar Filing: INNOVATION HOLDINGS - Form 10KSB

General

Results of Operations

Year Ended December 31, 2002 Compared To The Year Ended December 31, 2001

Net Revenues

Net Revenues (principally from advertising placements, commissions and revenue sharing arrangements) for the year ended December 31, 2002 as compared to the year ended December 31, 2001 decreased from \$479,908 to \$437,241.

Operating expenses increased \$21,431,272 (535%) from \$4,003,297 in 2001 to \$25,434,569 in 2002 due primarily to the Company cancelling consultant contracts and recognizing \$17,965,923 of previously deferred stock based compensation as an expense during 2002 and an increase of \$3,262,220 of compensation issued as common shares to various consultants and professionals. Due to the Company's status as a public entity, professional fees, including accounting, consulting, which includes the above recognized deferred stock based compensation, and legal, were \$23,646,641 in 2002 as compared to \$2,130,341 in 2001, a 1,010% increase. In addition, insurance costs increased 80% to \$159,522 in 2002 from \$88,615 in 2001 and payroll expenses increased \$212,666 or 23% to \$1,143,515 in 2002 from \$930,853 in 2001. These increases were offset by an aggregate decrease of \$393,533 or 85% to \$65,261 in 2002 from \$458,794 in 2001 for advertising, commissions, and securities expenses.

The Company also recognized a \$3,300,000 expense, which represents the market value of fraudulently issued common shares of the Company, and a loss from discontinued operations of \$12,966,399. During 2002, the Company acquired Century Media, Inc. and subsequent to the acquisition the Company determined that Century Media, Inc. did not meet its strategic objectives and decided to discontinue and abandon the operations of Century Media, Inc., therefore, the operations of Century Media, Inc. are included in discontinued operations. The total net loss of the Company in 2002 was \$41,322,148 compared to \$3,527,839 for 2001 or a 1,071%.

The Company is continuing to rationalize its operating expenses to its revenues and the needs of a public entity. We also are increasing the use of the computer tracking system and technology systems. While management believes that it has now addressed the principal effects of the direct and indirect Non-Cash Compensation and other equity commitments and dilution matters which arose from the Unisat and MNS transactions, from the Company's early experiences as a public entity and from consultant payments, the Company may continue to use equity, debt and cash to complete acquisitions or to fund other compensation matters, including amounts due to Robert Blagman as deferred salaries and signing bonus amounts under their respective employment agreements and the pre-existing Board commitment to allow Robert Blagman to maintain up to 51% equity ownership in the Company.

Interest expense was not a significant item in 2001 or 2002 and increased from \$20,602 in 2001 to \$58,958 (186%) in 2002. Because the Company records revenues as received and generally commits to time expenditures only when there is assurance of payment from its clients, interest costs and advertising revenue adjustments are small. In February 2001, \$75,000 in shareholder loans were repaid and at December 31, 2001, loans due from shareholders who had deferred salaries, signing bonus and other

compensation were \$146,437. As of December 31, 2002, the Company had offset the loans due from shareholders with advances received from the shareholders during

Edgar Filing: INNOVATION HOLDINGS - Form 10KSB

the year, with a net balance of \$112,844.

Liquidity and Capital Resources

For the year ended December 31, 2002, compared to December 31, 2001, the decrease in cash and due from officer from \$199,924 and \$146,437, respectively, to \$0 for each account was offset by an increase from \$5,894 to \$31,779, net in accounts receivable and an increase from \$264,326 to \$341,561 in other current assets in 2002, consisting principally of advanced media costs. These changes, including the addition of \$9,645 at December 31, 2002 of assets related to discontinued operations, resulted in an overall decrease in current assets from \$616,581 to \$382,985 (37%) from December 31, 2001 to December 31, 2002.

Accounts payable and accrued expenses, including cash overdraft at December 31, 2002 was \$1,554,758 compared to \$342,242 at December 31, 2001 (354% increase). Accrued compensation to officer and amounts due to officer increased from \$721,910 at December 31, 2001 to \$1,427,236 at December 31, 2002 (97% increase). Additionally, the Company reflected \$10,400,999 as total liabilities related to discontinued operations. The significant decrease in the working capital of the Company is a direct result of the acquisition of Century Media as well as the adverse effects of the departure of key employees in third quarter 2002. As the employees departed most of the active accounts departed Century as well. The debt associated with Century was the single and most devastating factor. That attempt to manage the debt, the layoffs, resignations and loss of major accounts resulted in a total shut down of the Century operation. The Century operation also caused a tremendous drain on all cash flow, time, focus and assets at Blagman Media.

During 2002, the Company issued Common Shares of which 498,550 were issued related to the acquisition of Century Media, 2,189,416 were issued as Non-Cash Compensation, 15,000 were issued for a failed acquisition, and 965,200 were fraudulently issued. These transactions resulted in 3,819,639 Common Shares outstanding at December 31, 2002. During 2002, the Company recorded additional paid-in capital of \$10,877,846 from the issuance of these shares, resulting in a total shareholders deficit of \$13,424,366 at December 31, 2002 compared to a deficit of \$964,989 at December 31, 2001.

During 2002, the market price of our Common Shares dropped precipitously. We believe that there are two underlying causes. First, we apparently were one of the companies targeted in an organized pattern of depressing prices through shorting by a group pursuing a coordinated effort to effect and profit from a falling share price and from attempts to extort favorable stock issuances from the Company without fair consideration. Management initiated referrals to appropriate regulatory agencies for their action. While actions from these referrals may reduce future manipulation, it cannot eliminate the impact of the downward price spiral. The second factor apparently affecting our price was the market reaction to the increase in authorized and issued Common Shares which we undertook to compensate consultants in our industry, to support Company growth and, more recently, to effect the Century transaction. While our shareholder base has increased significantly, our share price remains very depressed and has not responded to our continued increased growth or the Century transaction.

Management is currently sorting out the Century transaction and collateral issues associated with that transaction and pursuing other initiatives to expand the Company's operations internally and through strategic alliances or acquisitions with other industry partners. These endeavors will be funded in part from operations but will also require additional capital funding which the Company hopes to raise through debt or equity financing arrangements, if appropriate financing is available, on reasonable and acceptable terms.

During 2002, we focused a significant effort to the integration of Century Media, leveraging the complementary aspects of our two companies and our

Edgar Filing: INNOVATION HOLDINGS - Form 10KSB

respective staff and client bases to increase overall business results. While the Century Media transaction adds existing debt and trade payables, management believes that these obligations are being contained and can be funded from operations, internal organic growth, increased billings, legal avenues and extensive operating cost reductions and efficiencies. We have departed from our earlier strategy to assist in funding selected aspects of the growth of Century Media and new strategic hires and alliances that will not facilitate positive financial growth. Gerald Bagg, who was the President of Century Media under the previous ownership resigned his position as did other key employees.

The Company intends to continue to seek additional working capital to meet its operating requirements and to provide further capital for expansion, acquisitions or strategic alliances with businesses that are complementary to the Company's long-term business objectives. Additional capital will be needed to maintain the growth plans of the Company. In addition negotiations and payment plans will be established for preexisting Century debt.

If substantial additional working capital does not become available, management believes that the active search and completion of key acquisitions along with proper legal restructuring and planning will be sufficient to meet essential capital requirements for the next 12 months but will not support growth.

However, the Company currently has a deficit. As a result, the Company's financial statements for the period ended December 31, 2002 have been prepared on a going concern basis which contemplated the realization of assets and the settlement of liabilities and commitments in the normal course of business. The Company incurred a net loss of \$41,322,148 for the year ended December 31, 2002, and has a working capital deficiency of \$13,069,986 and a stockholders deficiency at December 31, 2002 of \$13,424,366, and may not enable it to meet such objectives as presently structured. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

New Financial Pronouncements

The Financial Accounting Standards Board has recently issued new accounting pronouncements. Please see Note 1 to the financial statements for a summary of these pronouncements. Management does not believe that the adoption of these pronouncements will have a material effect on the financial position or results of operations of the Company.

Forward-Looking Statements

Except for historical information contained herein, the matters discussed herein are forward-looking statements that involve risks and uncertainties, including but not limited to economic, competitive, governmental and technological factors affecting the Company's operations, markets, products and prices and other factors discussed in prospectus.

Critical Accounting Policies.

The Securities and Exchange Commission ("SEC") recently issued Financial Reporting release No. 60, "Cautionary Advice Regarding Disclosure About Critical Accounting Policies" (FRR 60"), suggesting companies provide additional disclosure and commentary on their most critical accounting policies. In FRR 60, the SEC defined the most critical accounting policies as the ones that are most important to the portrayal of a company's financial condition and operating results, and require management to make its most difficult and subjective judgments, often as a result of the need to make estimates of matters that are inherently uncertain.

Edgar Filing: INNOVATION HOLDINGS - Form 10KSB

Based upon the foregoing definition, the registrant's most critical accounting policies include:

Revenue Recognition

The Company recognizes revenue from the sale of media time to advertising clients when the related advertisement is broadcasted. Included in the monies received from advertising clients are amounts which represent the reimbursement of media time purchased on behalf of the customer for the related advertisements. These media purchase reimbursements have been accounted for as an offset to the related media purchases for the respective advertisement and not as gross revenues as required under EITF 99-19 and SAB 101. Monies received prior to the broadcast of the related advertisement are recorded as deferred revenue. In addition, the Company earns commissions in connection with the procurement of media time on behalf of advertising clients. Such commissions are also considered earned when the underlying advertisement is broadcasted. Additionally, the Company has entered into contractual agreements with other advertising firms to share revenues based upon the terms of the specific agreements. The income produced by these revenue-sharing contracts are recognized as media or commission income depending upon the nature of the income earned from the agreement.

Goodwill

In July 2001, the FASB issued SFAS No. 142, 'Goodwill and Other Intangible Assets,' which was required to be adopted for fiscal 2002. SFAS No. 142 established accounting and reporting standards for goodwill and intangible assets resulting from business combinations. SFAS No. 142 included provisions discontinuing the periodic amortization of, and requiring the assessment of the potential impairments of, goodwill (and intangible assets deemed to have indefinite lives). As SFAS No. 142 replaced the measurement guidelines for goodwill impairment, goodwill not considered impaired under previous accounting literature may be considered impaired under SFAS No. 142. SFAS No. 142 also required that the Company complete a two-step goodwill impairment test. The first step compared the fair value of each reporting unit to its carrying amount, including goodwill. If the fair value of a reporting unit exceeded its carrying amount, goodwill is not considered to be impaired and the second step was not required. SFAS 142 required completion of this first step within the first six months of initial adoption and annually thereafter. If the carrying amount of a reporting unit exceeded its fair value, the second step is performed to measure the amount of impairment loss. The second step compared the implied fair value of goodwill to the carrying value of a reporting unit's goodwill. The implied fair value of goodwill is determined in a manner similar to accounting for a business combination with the allocation of the assessed fair value determined in the first step to the assets and liabilities of the reporting unit. The excess of the fair value of the reporting unit over the amounts assigned to the assets and liabilities is the implied fair value of goodwill. This allocation process was only performed for purposes of evaluating goodwill

impairment and did not result in an entry to adjust the value of any assets or liabilities. An impairment loss is recognized for any excess in the carrying value of goodwill over the implied fair value of goodwill. Upon the initial adoption, any impairment loss identified was presented as a change in accounting principle, net of applicable income tax benefit, and recorded as of the beginning of that year. Subsequent to the initial adoption, any impairment loss recognized would be recorded as a charge to income from operations.

Asset Impairment

The Company reviews its long-lived assets and identifiable intangibles for

Edgar Filing: INNOVATION HOLDINGS - Form 10KSB

impairment whenever events or changes in circumstances indicate that the carrying amount of the asset may not be recoverable. In performing the review for recoverability, the Company estimates the future cash flows expected to result from the use of the asset and its eventual disposition. If the sum of the expected future cash flows (undiscounted and without interest charges) is less than the carrying amount of the asset, an impairment loss is recognized. Otherwise, an impairment loss is not recognized. Measurement of an impairment loss for long-lived assets and identifiable intangibles would be based on the fair value of the asset.

ITEM 7. FINANCIAL STATEMENTS

Financial statements as of and for the year ended December 31, 2002, and for the year ended December 31, 2001 are presented in a separate section of this report following Item 14.

ITEM 8. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.

None.

PART III

ITEM 9. DIRECTORS, EXECUTIVE OFFICERS, PROMOTERS AND CONTROL PERSONS; COMPLIANCE WITH SECTION 16(a) OF THE EXCHANGE ACT.

The following table sets forth certain information with respect to our directors and executive officers:

Name	Age	Position
Robert Blagman	46	Chairman of the Board and Chief Executive Officer
Andy Given	44	Director
Walter Lubars(1)	72	Director
Jeff Wald(1)	51	Director

ROBERT BLAGMAN founded our business as a sole proprietorship in 1994 and has been the chief executive of the company and chairman of the Board of Directors since the transactions with Unisat, Inc. in August 1999. Prior to founding the enterprise, he was an executive in advertising marketing at: Disney KCAL Channel in Los Angeles (national advertising sales manager 1992-1994); KCOP in Los Angeles (local advertising sales manager 1989-1992); and Katz Communications (various titles leading to national advertising sales manager 1978-1989).

ANDREW GIVEN has served as President of Production for The Shooting Gallery and as head of Gun For Hire (motion picture/television production). From 1990 to 1999, he held numerous management and other positions at Universal Studios, including an executive producer focused on cost management of films. Mr. Givens has served on the Company's Board of Directors since August 1999.

WALTER LUBARS has been a professor of advertising at Boston University for over 30 years. Mr. Lubars now is semi-retired and works part-time as a professor emeritus. He has served on the Board of Directors of the Company since August 1999.

JEFF WALD has been the New Director for KTLA Channel 5 in Los Angeles for the past five years. KTLA is part of the Tribune Company. He has served on the Board of Directors of the Company since August 1999.

Edgar Filing: INNOVATION HOLDINGS - Form 10KSB

Each director will hold office until the next annual meeting of shareholders and until the election and qualification of his successor. None of the directors is a director of any other reporting company.

COMPLIANCE WITH SECTION 16(a) OF THE EXCHANGE ACT

All of the directors and executive officers of the Company did not file initial reports on Form 3 until November 2000 when they were first aware of the requirement. Based solely on the review of Form 4 and 5 filed since then, all subsequent reports were filed without delinquencies.

ITEM 10. EXECUTIVE COMPENSATION.

The following table sets forth for 2000, 2001, and 2002 each component of compensation paid or awarded to, or earned by, our executive officers.

OTHER COMPENSATION

(a) There are no annuity, pension or retirement benefits proposed to be paid to officers, directors, or employees of the Registrant in the event of retirement at normal retirement date as there was no existing plan as of December 31, 2002 provided for or contributed to by the Registrant.

(b) No remuneration is proposed to be paid in the future directly or indirectly by the Registrant to any officer or director since there was no existing plan as of December 31, 2002 which provides for such payment, except for an employee stock incentive plan. The Registrant had granted options to purchase 18,600,000 shares of common stock pursuant to the 2002 Stock Compensation Plan during the fiscal year ended December 31, 2002.

COMPENSATION OF DIRECTORS

The directors serve without cash compensation. In November 2000 and January 2001, each of the directors (including Toni Knight who has since resigned as director) was granted options to acquire 50,000 and 100,000 Common Shares, respectively, at an exercise price of \$0.25 and \$0.09 per share, respectively, the market price on that date. The options are fully vested and exercisable until September 30, 2005 and January 23, 2006, respectively.

EMPLOYMENT AGREEMENTS

On January 1, 2000, we entered into employment agreements with Robert Blagman, our Chairman and Chief Executive Officer and Leslie Blagman, then our Chief Operating Officer, for five and three years, respectively. The employment agreements call for a base salary, after annual incremental increases, ranging from \$240,000 to \$420,000 for the Chief Executive Officer and ranging from \$135,000 to \$180,000 for the Chief Operating Officer. The agreements also call for signing bonuses of \$750,000 for the Chief Executive Officer and \$350,000 for the Chief Operating Officer to be paid over the terms of their respective employment agreements. In addition, pursuant to a pre-existing Board commitment which allows Robert Blagman to maintain up to a 51% equity ownership in the Company, Robert Blagman may elect to use all or a portion of his deferred salary and signing bonus amounts to acquire Common Shares.

These options are currently exercisable at \$0.025 per share and expire on September 30, 2005 and options to purchase 100,000 shares of common stock of the Company, which were granted on November 23, 2001, pursuant to the Company's Employee Stock Incentive Plan. These options are currently exercisable at \$0.09 per share and expire on January 23, 2006.

ITEM 12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During the fiscal year ended December 31, 2002, there have not been any transactions that have occurred between the Registrant and its officers, directors, and five percent or greater shareholders.

ITEM 13. EXHIBITS, LIST AND REPORTS ON FORM 8-K.

a) Exhibits.

Exhibits included or incorporated by reference herein are set forth under the Exhibit Index

b) Reports on Form 8-K.

There were no reports on Form 8-K filed during the last quarter of the fiscal year covered by this report.

ITEM 14. CONTROLS AND PROCEDURES.

(a) Evaluation of disclosure controls and procedures.

Within the 90 days prior to December 31, 2002, the Registrant carried out an evaluation of the effectiveness of the design and operation of its disclosure controls and procedures pursuant to Rule 13a-14 under the Securities and Exchange Act of 1934 ("Exchange Act"). This evaluation was done under the supervision and with the participation of the Registrant's President and Chief Financial Officer. Based upon that evaluation, they concluded that the Registrant's disclosure controls and procedures are effective in gathering, analyzing and disclosing information needed to satisfy the Registrant's disclosure obligations under the Exchange Act.

(b) Changes in internal controls.

There were no significant changes in the Registrant's internal controls or in its factors that could significantly affect those controls since the most recent evaluation of such controls.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of:
Innovation Holdings, Inc.
(Formerly Blagman Media International, Inc.)

We have audited the accompanying consolidated balance sheets of Innovation Holdings, Inc. f/k/a Blagman Media International, Inc. and Subsidiaries (the "Company") as of December 31, 2002 and 2001 and the related consolidated statements of operations, changes in stockholders' deficiency and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly in all material respects, the financial position of Innovation Holdings, Inc. (f/k/a Blagman Media International, Inc.) and Subsidiaries as of December 31, 2002 and 2001 and the results of their operations and their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 11 to the financial statements, the Company had a net loss of \$41,322,148, a working capital deficiency of \$13,069,986 and stockholders' deficiency of \$13,424,366. These matters raise substantial doubt about the Company's ability to continue as a going concern. Management's plan in regards to these matters is also described in Note 11. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

INNOVATION HOLDINGS, INC. AND SUBSIDIARIES
(FORMERLY BLAGMAN MEDIA INTERNATIONAL, INC.)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2002 AND 2001

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND ORGANIZATION

(A) ORGANIZATION

The predecessor to Blagman Media International, Inc. (the publicly reporting entity) was formed as a Nevada corporation in 1961 and became Blagman Media International, Inc. in 1999. A separate corporation with the same name was formed on January 29, 1999 upon incorporation from a sole proprietorship and became an operating subsidiary of the public entity through a shares exchange in April 2000. The two entities, parent and subsidiary, are sometimes referred to collectively as (the "Company"). The Company is a global direct response marketing and advertising agency that produces response-driven infomercials, and provides product placement, media buying, medical marketing, production and syndication of television programming, and other associated transactional media business pursuits.

On February 28, 2001, the Company incorporated a wholly owned subsidiary, Blagman USA, Inc., for the purpose of initiating future mergers. The Subsidiary has had no activity for the year ended December 31, 2002, but participated in the merger with Century Media, Inc. (See Note 2).

On March 22, 2002, the Company acquired 100% of the outstanding common stock of Century Media, Inc., a California corporation engaged in the media business (See Note 2).

On February 10, 2003, the stockholders of the Company approved an amendment to the articles of incorporation changing the name of the Company to Innovation Holdings, Inc. (referred to as the "Company").

(B) PRINCIPLES OF CONSOLIDATION

The accompanying 2002 and 2001 consolidated financial statements of the Company include the accounts of the parent entity and its wholly owned subsidiaries. All significant inter-company transactions and balances have been eliminated in consolidation.

(C) USE OF ESTIMATES

In preparing financial statements in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reported period. Actual results could differ from those estimates.

INNOVATION HOLDINGS, INC. AND SUBSIDIARIES
(FORMERLY BLAGMAN MEDIA INTERNATIONAL, INC.)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2002 AND 2001

(D) CASH

Cash consists of cash on deposit at financial institutions.

(E) FAIR VALUE OF FINANCIAL INSTRUMENTS

Statement of Financial Accounting Standards No. 107, "Disclosures about Fair Value of Financial Instruments", requires disclosures of information about the fair value of certain financial instruments for which it is practicable to estimate the value. For purposes of this disclosure, the fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between willing parties other than in a forced sale or liquidation.

The carrying amounts of the Company's accounts receivable, cash overdraft, accounts payable and accrued expenses, accrued compensation, deferred revenue, capital lease obligation and notes and loans payable, approximate fair value due to the relatively short period to maturity for these instruments.

(F) PROPERTY AND EQUIPMENT

Property and equipment are stated at cost and depreciated using the straight-line method over the estimated economic useful lives of 5 to 7 years. Expenditures for maintenance and repairs are charged to expense as incurred. Major improvements are capitalized.

(G) IMPAIRMENT OF LONG-LIVED ASSETS

Beginning January 1, 2002, the Company reviews long-lived assets for impairment under Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets." Long-lived assets to be held and used are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The carrying amount of a long-lived asset is not recoverable if it exceeds the sum of the undiscounted cash flows expected to result from the use and eventual disposition of the asset. Long-lived assets to be disposed of are reported at the lower of carrying amount or fair value less cost to sell. During the year ended December 31, 2002, the Company recorded impairment charges of \$3,048,484 created during the Century Media acquisition and \$5,599,007 related to the customer list obtained during the Century Media acquisition and \$167,649 for fixed assets acquired in the Century Media acquisition as the Company determined these assets were not recoverable (See Note 2).

Edgar Filing: INNOVATION HOLDINGS - Form 10KSB

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS OF DECEMBER 31, 2002 AND 2001

(H) REVENUE RECOGNITION

The Company recognizes revenue from the sale of media time to advertising clients when the related advertisement is broadcasted. Included in the monies received from advertising clients are amounts which represent the reimbursement of media time purchased on behalf of the customer for the related advertisements. These media purchase reimbursements have been accounted for as an offset to the related media purchases for the respective advertisement and not as gross revenues as required under EITF 99-19 and SAB 101. Monies received prior to the broadcast of the related advertisement are recorded as deferred revenue. In addition, the Company earns commissions in connection with the procurement of media time on behalf of advertising clients. Such commissions are also considered earned when the underlying advertisement is broadcasted. Additionally, the Company has entered into contractual agreements with other advertising firms to share revenues based upon the terms of the specific agreements. The income produced by these revenue-sharing contracts are recognized as media or commission income depending upon the nature of the income earned from the agreement.

(I) INCOME TAXES

The Company accounts for income taxes under the Financial Accounting Standards Board Statement of Financial Accounting Standards No. 109 "Accounting for Income Taxes" ("Statement 109"). Under Statement 109, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under Statement 109, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

(J) CONCENTRATION OF CREDIT RISK

The Company maintains its cash in bank deposit accounts, which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

(K) EARNINGS (LOSS) PER SHARE

Net loss per common share for the years ended December 31, 2002 and 2001 is computed based upon the weighted average common shares outstanding as defined by Financial Accounting Standards No. 128, "Earnings Per Share". All share and per share amounts have been restated to give effect to a 5,000 for 1 reverse stock split discussed in Note 6.

F-8

Edgar Filing: INNOVATION HOLDINGS - Form 10KSB

AS OF DECEMBER 31, 2002 AND 2001

(L) SEGMENT INFORMATION

The Company follows Statement of Financial Accounting Standards No. 131 "Disclosures about Segments of an Enterprise and Related Information." During 2002 and 2001, the Company only operated in one segment, therefore, segment disclosure has not been presented.

(M) RECENT ACCOUNTING PRONOUNCEMENTS

In April 2002, the FASB issued SFAS No. 145, "Rescission of FASB Statements No. 4, 44, and 64, Amendment of FASB Statement No. 13, and Technical Corrections." SFAS No. 145 rescinds the provisions of SFAS No. 4, which requires companies to classify certain gains and losses from debt extinguishments as extraordinary items, eliminates the provisions of SFAS No. 44 regarding transition to the Motor Carrier Act of 1980 and amends the provisions of SFAS No. 13 to require that certain lease modifications be treated as sale leaseback transactions. The provisions of SFAS No. 145 related to classification of debt extinguishments are effective for fiscal years beginning after May 15, 2002, with earlier application encouraged.

In July 2002, the FASB issued SFAS No. 146, "Accounting for Restructuring Costs." SFAS No. 146 applies to costs associated with an exit activity (including restructuring) or with a disposal of long-lived assets. Those activities can include eliminating or reducing product lines, terminating employees and contracts and relocating plant facilities or personnel. Under SFAS No. 146, the Company will record a liability for a cost associated with an exit or disposal activity when that liability is incurred and can be measured at fair value. SFAS No. 146 will require the Company to disclose information about its exit and disposal activities, the related costs, and changes in those costs in the notes to the interim and annual financial statements that include the period in which an exit activity is initiated and in any subsequent period until the activity is completed. SFAS No. 146 is effective prospectively for exit or disposal activities initiated after December 31, 2002, with earlier adoption encouraged. Under SFAS No. 146, a company cannot restate its previously issued financial statements and the new statement grandfathers the accounting for liabilities that a company had previously recorded under Emerging Issues Task Force Issue 94-3.

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation-Transition and Disclosure - an amendment of FASB Statement No. 123." SFAS No. 148 amends SFAS No. 123, "Accounting for Stock Based Compensation" and provides alternative methods for accounting for a change by registrants to the fair value method of accounting for stock-based compensation. Additionally, SFAS No. 148 amends the disclosure requirements of SFAS No. 123 to require disclosure in the significant accounting policy footnote of both annual and interim financial statements of the method of accounting for stock based-compensation and the related pro-forma disclosures when the

F-9

Edgar Filing: INNOVATION HOLDINGS - Form 10KSB

intrinsic value method continues to be used. The statement is effective for fiscal years beginning after December 15, 2002, and disclosures are effective for the first fiscal quarter beginning after December 15, 2002.

Management does not expect the impact from these pronouncements to have a material impact on the Company's consolidated financial position or results of operations.

(N) STOCK OPTIONS

In accordance with Statement of Financial Accounting Standards No. 123, "Accounting For Stock Based Compensation" ("SFAS 123"), the Company has elected to account for Stock Options issued for services in accordance with SFAS 123.

(O) RECLASSIFICATION

Certain prior year's balances have been reclassified to conform to the current year's presentation.

NOTE 2 DISCONTINUED OPERATIONS

Pursuant to an Agreement and Plan of Reorganization dated March 4, 2002, effective March 22, 2002, the Company acquired 100% of the outstanding stock of Century Media, Inc., a California corporation ("Century") by merging Blagman USA, Inc., into Century.

Pursuant to the transaction, the Company acquired all of the capital stock of Century for cash and common stock of the Company, assumed current debt obligations and unexercised option and stock appreciation rights of Century and assumed accrued and ongoing trade and other ordinary course obligations and relationships. Prior to the closing, the parties negotiated with the holders of portions of the outstanding Century debt to restructure the term and payments of such debt and in certain cases, to allow for the issuance of shares of common stock of the Company in lieu of cash payments. Currently, the Company remains obligated on certain contingent obligations including \$1.25 million from the TMT Media Corporation acquisition by Century in 2000 (See Note 10(A)).

At closing, holders of Century shares received twenty cents per Century share, of which two and one-half cents was payable in cash and the balance of seventeen and one-half cents was payable by the delivery of shares of common stock of the Company, for a total of \$903,292, and 14,377 options.

F-10

INNOVATION HOLDINGS, INC. AND SUBSIDIARIES
(FORMERLY BLAGMAN MEDIA INTERNATIONAL, INC.)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2002 AND 2001

As of December 31, 2001, in connection with the above merger, the Company had advanced Century \$187,322 for operating expenses which was included in prepaid and other current assets and \$155,000 for costs in connection with the closing of the merger which was shown as a deposit on investment. At the time of the acquisition, these costs were

Edgar Filing: INNOVATION HOLDINGS - Form 10KSB

considered part of the purchase price and were reclassified into goodwill, accordingly.

In relation to the acquisition, the Company recorded goodwill in the amount of \$3,048,484, of which \$2,321,360 was on the balance sheet of Century Media on the acquisition date, and recorded an intangible asset of \$5,855,286 related to the customer list acquired. The Company evaluated the customer list and assigned it a three-year life.

The Company's management performs on-going business reviews based on quantitative and qualitative measures and assesses the need to record impairment losses when impairment indicators are identified. In the third quarter of 2002, the review made by management of the Company determined that the goodwill related to Century's business and the customer list acquired in the acquisition were not recoverable. The Company then recorded impairment charges of \$3,048,484 and \$5,599,007 (net of amortization) related to the goodwill and customer list, respectively.

In December 2002, management of the Company determined that it would no longer invest its capital and human resources into Century and entered into a plan to discontinue and abandon the operations of Century. Effective with the fourth quarter of 2002, this operating entity is reflected as a discontinued operation.

Revenues and loss from discontinued operations were as follows:

Revenues	\$	3,459,294
Net loss from discontinued operations	\$	12,966,399

Assets and liabilities of the discontinued operations were as follows:

The creditors of Century Media have filed various actions for breach of contract. Said actions arise out of obligations incurred by Century Media prior to the merger with the Company. The Company disputes these claims and is actively seeking to resolve these matters.

NOTE 3 DUE TO OFFICER

During the years ended December 31, 2002 and 2001, an officer of the Company made and received advances to and from the Company to assist with operations. These advances were non-interest bearing and have no set repayment terms. As of December 31, 2002, the Company owed the officer \$112,844. As of December 31, 2001, the officer owed the Company \$146,437, which was fully repaid as of December 31, 2002.

NOTE 6 STOCKHOLDERS' DEFICIENCY

On February 16, 2000, the Board of Directors agreed to offer up to 250 shares of common stock, pursuant to Regulation D, Section 4(6) of the Securities and Exchange Act of 1933, as amended, at \$0.80 per share. The offer was fully subscribed to by September 30, 2000 and \$984,666 of the \$1,000,000 subscription has been received as of December 31, 2001. In 2002, the balance due on the subscription receivable of \$15,334 was deemed uncollectable and written off against additional paid-in capital.

In 2001, the Company issued 146,892 shares of common stock for compensation, consulting, legal and other services having a fair value of \$19,680,219 based upon the per share fair value at the date of the issuance. At December 31, 2001, \$17,965,923 of this amount was for future services, and had been deferred and shown as a contra to equity. During 2002, the underlying contracts and agreements for the above services and stock-based compensation were cancelled, terminated or expired and therefore the entire \$17,965,923 was expensed at December 31, 2002.

During 2001, the Company issued 100 shares of common stock for a subscription receivable of \$40,000.

INNOVATION HOLDINGS, INC. AND SUBSIDIARIES
(FORMERLY BLAGMAN MEDIA INTERNATIONAL, INC.)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2002 AND 2001

During July 2001 the Company issued 100 Series B super convertible preferred stock (the "preferred shares") for cash of \$1,000,000. Each of the preferred shares has a par value of \$.001 and a stated value of \$10,000 per share. Among the rights attendant to the preferred shares

Edgar Filing: INNOVATION HOLDINGS - Form 10KSB

are:

1. The preferred shares have a mandatory conversion right into shares of common stock based upon a formula contained in the certificate of designation. If any Series B preferred shares remain outstanding on June 30, 2003, then such shares shall be converted as of such date.
2. The preferred shares have a liquidation preference, upon the liquidation of the Company or its bankruptcy or certain other events, equal to their face value plus an accrued amount equal to 6% from the date of their issuance.

On July 25, 2002, the Board of Directors of the Company increased the total authorized common stock from 5,000,000,000 to 20,000,000, 000 par value \$.001 per share.

During 2002, 2,189,416 shares of common stock with a fair value of \$5,216,516 were issued for consulting services. The fair value of the issued shares was based upon the market price of the Company's stock on the date of grant.

During 2002, management of the Company deemed that 965,200 shares of common stock were fraudulently issued. However these shares were not recorded by the Company until December 31, 2002, when it was discovered that as part of the fraud, such shares were also subsequently sold in the open market and are no longer recoverable. These shares were recorded on the books at their fair value and the Company recognized a charge of \$3,300,000 as a loss on fraudulent issuance of common stock (See Note 10(B)).

In February 2003, the Board of Directors authorized a 5,000 for 1 reverse stock split. All share and per share amounts in the accompanying consolidated financial statements and footnotes have been restated to give effect to such reverse stock split.

(B) EMPLOYMENT AGREEMENTS

On January 1, 2000, the Company entered into employment agreements with the Chief Executive Officer (CEO) and Chief Operations Officer (COO) for five and three years, respectively. The agreements call for a base salary, after annual incremental increases, ranging from \$240,000 to \$420,000 for the CEO and \$135,000 to \$180,000 for the COO. The agreements also call for signing bonuses of \$750,000 for the CEO and \$350,000 for the COO to be paid in equal monthly payments over the term of the respective employment agreements. For the years ended December 31, 2002 and 2001, the Company incurred expenses related to these agreements in the aggregate of \$788,667 and \$716,667, and \$1,314,392 and \$721,910 has been accrued at December 31, 2002 and 2001, respectively.

Effective January 2002, the COO resigned her position with the Company. The employment agreement will be fulfilled by the Company in accordance with its original terms.

NOTE 8 CONCENTRATIONS

The Company maintains cash balances in one financial institution which is insured by the Federal Deposit Insurance Corporation up to \$100,000. As of December 31, 2002, the Company did not have cash balances in excess of the FDIC limits.

Approximately 97% and 92% of revenues were derived from one and four customers, respectively, for the years ended 2002 and 2001. Approximately 80% and 87% of accounts receivable was due from one customer as of December 31, 2002 and 2001, respectively.

NOTE 10 LITIGATION

- (A) Subsequent to the Blagman/Century merger transaction described in Note 2, TMT Media Corporation ("TMT") has asserted that under the April 2000 acquisition agreement (whereby Century acquired TMT),

Edgar Filing: INNOVATION HOLDINGS - Form 10KSB

as a result of the transaction between the Company and Century, it is entitled, as of April 22, 2002, to the \$1,250,000 contingent amount and to the payment in full of the balance of \$609,564 due on the \$700,000 note delivered in the 2000 acquisition of TMT by Century.

The Company and Century dispute this position and are seeking to resolve the matter. In May 2002, TMT initiated a proceeding TMT Media Corporation vs. Blagman Century Media, Inc. et al. (Superior Court of California, County of Los Angeles, Case BC273368) against the Company, Century and a shareholder personally, claiming the accelerated amount of \$1,859,564. Management has filed a general denial to TMT's allegations and has asserted numerous affirmative defenses and plans to begin a mediation in June to resolve this case.

- (B) In March 2002, the Company advised authorities, market members and regulators and initiated an internal reconciliation investigation relating to a substantial amount of common shares of the Company improperly and fraudulently issued and possibly transferred, including possible improper releases of restrictions and transfers of restricted securities warrant negotiations or an exemption from registration, without the knowledge of the Company ("Curative Review Process"). The Curative Review Process is continuing. The Company filed a registration statement on Form S-8 for a 2002 Employee Stock Compensation Plan ("Registration Statement") effective August 2002 to register shares. In connection with the Curative Review Process, the Company subsequently placed stop transfer orders on all of the original certificates and derivatives of those certificates, advised market members and depositories of its actions and has been working with these parties and its transfer agent and other resources to ascertain which shares of Common Stock need to remain in commerce to recognize the interests of the transferee, which shares should be cancelled or returned to the Company and therefore removed from registration ("Removed Shares") and which shares are held by or were delivered to parties who were eligible to receive and hold the same pursuant to the Plan. The Company intends to file an amendment to this Registration Statement as soon as practicable when the reconciliation in the Curative Review Process is complete to withdraw the Removed Shares from registration. In connection with this, the Company has had suit filed against them by a third party pending in the Circuit Court of Cook County, Illinois. The Company has responded to this matter and is actively cooperating in other investigations relating to the plaintiff and others. The Company expects additional litigation from the plaintiff and is intending to assert the indemnification and disgorgement rights under its agreements with the plaintiff. As stated above, more information on issues related to the collateral

damage of the Company's association with certain financial advisors and organizations can be found on the Securities and Exchange Commission (SEC) website. Additional lawsuits may be

filed by the Company against all parties involved in the fraud if any issues related to such fraud have an adverse effect on the Company.

The Company has initiated a complaint against a third party in the Superior Court of California in the County of Los Angeles for breach of contract, fraud and deceit, intentional misrepresentation of facts, and rescission. The third party filed a general denial to the complaint, has asserted numerous affirmative defenses, and has filed a cross-complaint alleging breach of written contract, breach of the implied covenant of good faith and fair dealing, conversion, common counts, breach of fiduciary duties, fraud and deceit, negligent misrepresentation, imposition of constructive trust and/or resulting trust, intentional and tortuous inducement to breach and interference with contract and prospective economic advantage, and unfair trade practices. The Company has filed a general denial to the allegations. The parties are currently seeking a business settlement.

On March 31, 2003, the SEC filed a complaint for injunctive and other equitable relief, obtained a temporary restraining order and has frozen the assets of this third party. The SEC complaint specifically alleges that this third party and his associates forged stock issuance resolutions and entered into bogus consulting agreements in an effort to wrongfully convert the Company's S-8 shares. The SEC has alleged that this third party and his associates stole approximately 1,080,000 shares of the Company's stock.

NOTE 11 GOING CONCERN

The Company's financial statements for the year ended December 31, 2002 have been prepared on a going concern basis which contemplated the realization of assets and the settlement of liabilities and commitments in the normal course of business. The Company incurred a net loss of \$41,322,148 for the year ended December 31, 2002, and has a working capital deficiency of \$13,069,986 and a stockholders deficiency of \$13,424,366 as of December 31, 2002. The Company's working capital deficiency as of December 31, 2002 may not enable it to meet such objectives as presently structured. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

The ability of the Company to continue as a going concern is dependent on the Company's ability to raise additional capital, and implement its business plan. Management believes that actions presently taken to obtain additional funding provide the opportunity for the Company to continue as a going concern. The Company is also actively seeking businesses to acquire.
