Report of Independent Registered Public Accounting Firm

The Advisory Committee
Fidelity National Financial Group
401(k) Profit Sharing Plan:

We have audited the accompanying statements of net assets available for benefits of Fidelity National Financial Group 401(k) Profit Sharing Plan (the Plan) as of December 31, 2004 and 2003 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2004 and 2003 and the changes in net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules, Schedule H, Line 4i Schedule of Assets (Held at End of Year) and Schedule H, Line 4a Schedule of Delinquent Participant Contributions, are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. These supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

(e) Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's contribution, and an allocation of Plan earnings and charged with an allocation of Plan losses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(f) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon, is based on years of service as follows:

Number of years of service	Vested percentage
Less than 1 year	0%
1 year	34
2 years	67
3 years or more	100

(g) Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the preceding 12 months, or 50% of their account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. Interest rates range from 4.25% to 11.50% on loans outstanding as of both December 31, 2004 and December 31, 2003. Principal and interest is paid ratably through payroll deductions.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Risk and Uncertainties

The Plan provides for various investment options in common/collective trust funds, mutual funds, and common stock. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect the participants' account balances and the amounts reported in the financial statements.

(d) Concentration of Investments

Included in the Plan's net assets available for benefits at December 31, 2004 are investments in Employer common stock (5,432,516 shares) amounting to \$250,746,189 whose value represents approximately 26% of the Plan's net assets. The Employer common stock at December 31, 2004 is comprised entirely of common stock of Fidelity National Financial, Inc.

Included in the Plan's net assets available for benefits at December 31, 2003 are investments in Employer common stock (4,059,832 shares) amounting to \$159,288,409 whose value represents approximately 22% of the Plan's net assets. The Employer common stock at December 31, 2003 is comprised entirely of Fidelity National Financial, Inc., as previous investments in American National Financial, Inc. and Fidelity National Information Solutions, Inc. common stocks were rolled into Fidelity National Financial, Inc. common stock during 2003.

(e) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. The common/collective trust fund investments in the Wells Fargo S&P 500 Index Fund, the Wells Fargo Stable Return Fund, and the Wells Fargo S&P Midcap Fund are valued based on the underlying unit values reported by the respective fund's audited financial statements as of the Plan's year end. The common stock of Fidelity National Financial, Inc. is valued at quoted market prices. Participant loans are valued at cost, which approximates fair value as of the Plan's year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

(4) Related Party Transactions

Certain Plan investments are shares of mutual funds and common collective trust funds managed by Wells Fargo Trust Operations (Wells Fargo). Wells Fargo is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Other Plan investments are shares of the common stock of the Company, also a party in interest.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

(6) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated August 1, 2003 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The current determination letter covers the most recent amended and restated version of the Plan, and the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

(7) Subsequent Events

The Company's merger and acquisition activity resulted in five additional plans, which have, or are anticipated to be, merged into the Plan during 2005. Of these five acquisitions, the Lakeland Title Service, Inc. 401(k) Profit Sharing Plan, Geotrac 401(k) Savings Plan, Bankware Profit Sharing Plan, and First Michigan Title 401(k) Plan were merged into the Plan on February 16, 2005, March 1, 2005, March 7, 2005, and April 25, 2005, respectively. The remaining plan, Hamilton & Sullivan, Ltd. 401(k) Plan, is anticipated to be merged into the Plan on August 31, 2005.

Effective January 1, 2005, the Plan Committee resolved to amend the Plan to reduce the compensation of each participant who is not deferring an amount at least equal to the negative election amount, by the required election amount of 2%, except those participants who timely make a contrary election. Amounts deferred under negative election are treated as elective deferrals for all purposes under the Plan. The negative election applies only to employees whose date of hire is on or following January 1, 2005.

Effective January 1, 2005, the Plan Committee resolved to amend the Plan to limit the deferrals of highly compensated employees to 7%.
