Item 5.02(e) Departure of Directors or Certain Officers; Election of Directors Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

A. Compensation of Executive Officers

Upon recommendation made by the Compensation Committee to the Board of Directors (the Board) of Hecla Mining Company (the Company), the base salaries of the executive officers were frozen.

B. Long-Term Incentive Plan

We utilize a Long-Term Incentive Plan for senior executives and other key employees of the Company. Under the plan, a new performance period begins each calendar year and runs for three years. Upon recommendations made by the Compensation Committee, the Board approved goals for the Hecla Mining Company Executive Senior Management Long-Term Incentive Plan for the 2009-2011 plan period. The Board also approved the assignment of performance units for the 2009-2011 plan period to all executive officers (in the case of Mr. Baker, the independent members of the Board approved his award), as follows:

2009-2011 Plan Period

Performance Targets In general, there should be a continued focus on resource growth and cash contribution generation for the 2009 – 2011 plan period. Emphasis will be placed equally on resource growth and cash contribution for the plan period by weighting resource growth 50% and cash contribution 50% in determining the value of the incentive award at the conclusion of the 2009 – 2011 plan period. Performance targets have been established for resource growth (i.e. silver equivalent resources) and cash contribution generation from the Company’s resources. The goal is to incentivize management to focus on resource growth, production and cost management.

Performance Unit Awards The Board assigns performance units at the beginning of each three-year plan period. Upon recommendations made by the Compensation Committee, the Board approved the following performance units for the 2009 – 2011 plan period (in the case of Mr. Baker, the independent members of the Board approved his award):

	<u>Units</u>
Phillips S. Baker, Jr., President & CEO	5,600
Ronald W. Clayton, Senior V.P. – Operations	1,750
James A. Sabala, Senior V.P. & CFO	1,750
Dean McDonald	1,300
Don Poirier	1,200

Performance Award Value The value of performance units can range from \$0 to \$200 per unit, depending on performance. Assuming both targets are met at the 100% level, performance unit terminal value would be \$50/unit. For example, assuming both resource growth and cash flow targets are met, the performance award valuation would be as follows:

2

-
1. Resource growth goal @ 100% = \$50.00/performance unit
 2. Cash flow goal @ 100% = \$50.00/performance unit
 3. Total performance award terminal value = \$100.00
 4. Multiplied by number of units awarded an individual participant
 5. Equals total individual participant award

The Company’s Executive and Senior Management Long-Term Performance Payment Plan is incorporated herein by reference from Exhibit 10.1.

C. 2009 Annual Incentive Plan

The Board, based on recommendations of the Company’s senior management and the Compensation Committee, established targeted quantitative and qualitative non-quantitative goals for corporate performance. For 2009, corporate performance quantitative goals include total gold, silver, lead and zinc production, production costs per ounce for silver, cost containment, safety, environmental costs and capital expenditures goals. Corporate qualitative goals include, among other goals, creating financial flexibility, growth, extension of mine life, and resolving certain legal issues.

The Chief Executive Officer's performance payment for 2009 will be based solely on corporate performance. The Senior Vice Presidents will be based on 60% and the other Vice Presidents' performance payments will be based 55% upon corporate performance.

The Company's Annual Incentive Plan is incorporated herein by reference from Exhibit 10.2.
