PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Bio-Imaging Technologies, Inc. (the "Company") of proxies to be voted at the Annual Meeting of Stockholders of the Company to be held on Friday, February 23, 2001 (the "Meeting"), at the Company's executive offices at 826 Newtown-Yardley Road, Newtown, Pennsylvania, at 9:00 A.M., local time, and at any adjournment or adjournments thereof. Holders of record of Common Stock, \$0.00025 par value ("Common Stock"), as of the close of business on January 12, 2001 will be entitled to notice of and to vote at the Meeting and

Edgar Filing: BIO IMAGING TECHNOLOGIES INC - Form DEF 14A

any adjournment or adjournments thereof. As of that date, there were 8,190,545 shares of Common Stock issued and outstanding and entitled to vote. Each share of Common Stock is entitled to one vote on any matter presented at the Meeting. The aggregate number of votes entitled to be cast at the Meeting is 8,190,545.

If proxies in the accompanying form are properly executed and returned, the shares of Common Stock represented thereby will be voted in the manner specified therein. If not otherwise specified, the shares of Common Stock represented by the proxies will be voted (i) FOR the election of the seven nominees named below as Directors, (ii) FOR the ratification of the appointment of Arthur Andersen LLP, as independent auditors for the year ending September 30, 2001, and (iii) in the discretion of the persons named in the enclosed form of proxy, on any other proposals which may properly come before the Meeting or any adjournment or adjournments thereof. Any Stockholder who has submitted a proxy may revoke it at any time before it is voted, by written notice addressed to and received by the Secretary of the Company, by submitting a duly executed proxy bearing a later date or by electing to vote in person at the Meeting. The mere presence at the Meeting of the person appointing a proxy does not, however, revoke the appointment.

The presence, in person or by proxy, of holders of shares of Common Stock having a majority of the votes entitled to be cast at the Meeting shall constitute a quorum. The affirmative vote by the holders of a plurality of the shares of Common Stock represented at the Meeting is required for the election of directors, provided a quorum is present in person or by proxy. Provided a quorum is present in person or by proxy, all actions proposed herein, other than the election of directors, may be taken upon the affirmative vote of Stockholders possessing a majority of the voting power represented at the Meeting.

Abstentions are included in the shares present at the Meeting for purposes of determining whether a quorum is present, and are counted as a vote against for purposes of determining whether a proposal is approved. Broker non-votes (when shares are represented at the Meeting by a proxy specifically conferring only limited authority to vote on certain matters and no authority to vote on other matters) are included in the determination of the number of shares represented at the Meeting for purposes of determining whether a quorum is present but are not counted for purposes of determining whether a proposal has been approved and thus have no effect on the outcome.

This Proxy Statement, together with the related proxy card, is being mailed to the Stockholders of the Company on or about January 19, 2001. The Annual Report to Stockholders of the Company for the fiscal year ended September 30, 2000 ("Fiscal 2000"), including financial statements (the "Annual Report"), is being mailed together with this Proxy Statement to all Stockholders of record as of January 12, 2001. In addition, the Company has provided brokers, dealers, banks, voting trustees and their nominees, at the Company's expense, with additional copies of the Annual Report so that such record holders could supply such materials to beneficial owners as of January 12, 2001.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

TRANSACTIONS WITH IPA

On December 21, 1995, the Investment Partners of America ("IPA") purchased 416,667 shares of the Company's Series A Convertible Preferred Stock, \$0.00025 par value (the "Series A Stock"). The Series A Stock provided for (i) voting rights on an as-converted to Common Stock basis, with standard protective provisions; (ii) a liquidation preference of \$1.20 per share; (iii) anti-dilution protection and price protection provisions; (iv) cumulative dividends of \$0.096 per share per annum, payable out of funds legally available for the payment of dividends and only upon declaration of dividends by the Board of Directors of the Company; and (v) certain registration rights with respect to the shares of Common Stock issuable upon conversion of Series A Stock. Dividends are payable in cash or in the Company's Common Stock at the Company's discretion. The Series A Stock is convertible into shares of Common Stock on a one-for-one basis. The Company has the option to require full conversion of the Series A Stock at any time after five years from the date of issuance.

9

On January 2, 2001, the Company elected to convert the 416,667 shares of its Series A Stock held of record by IPA into 416,667 shares of its Common Stock. The shares of Common Stock issued upon conversion of the Series A Stock were issued to the designees of IPA and have certain piggy-back registration rights. The Company has satisfied any and all obligations with respect to cumulative dividends on the Series A Stock. The Company has not and will not receive any consideration for the conversion of the Series A Stock. The Company has not and will not receive any of the proceeds from any sales of such shares of Common Stock by IPA or its designees. The Company currently has no issued and outstanding shares of Series A Stock.

On June 26, 1996, the Company issued to IPA, one five-year warrant (the "Class C Warrants") to purchase 66,667 shares of the Company's Common Stock at an initial exercise price of \$1.05 per share, the fair market value of the Company's Common Stock at date of issuance. The exercise price of this warrant issued to IPA is subject to adjustment to protect against dilution in the event of certain transactions and the shares of Common Stock issued upon exercise of the warrant have certain piggyback registration rights. As of September 30, 2000, the adjusted exercise price of the Class C Warrants was \$0.63. The Class C Warrants contain certain maintenance rights pursuant to which, subject to certain conditions, whenever the Company proposes to issue new securities, it must first offer to IPA the right to purchase, on the same terms as are offered to the other purchasers of the new securities, such number of new securities as are required to ensure that IPA's percentage ownership of the Company shall be the same after the proposed sale as it was prior to such sale. As of January 12, 2001, IPA did not exercise the Class C Warrants held of record by IPA to purchase 66,667 shares of the Company's Common Stock. The Company has not and will not receive any of the proceeds from any sales of such shares of Common

Stock by IPA or its designees.

APPENDIX A

BIO-IMAGING TECHNOLOGIES, INC. (A DELAWARE CORPORATION) AUDIT COMMITTEE CHARTER

PREAMBLE AND AUTHORITY

Primary responsibility for implementation of Bio-Imaging Technologies, Inc.'s (the "Corporation") financial reporting and internal operating controls is vested in senior operating management as overseen by the Board of Directors (the "Board") on behalf of the shareholders. The Board has therefore directed that the Audit Committee (the "Committee"), a standing committee of the Board, function as overseer of the Corporation's financial reporting process and internal controls. The outside auditors are ultimately responsible and accountable to the Board and the Committee rather than the management of the Corporation. Therefore, the Committee shall periodically evaluate and annually nominate to the Board the outside auditors to be proposed for stockholder approval and nominate the outside legal counsel as it relates to matters under the jurisdiction of the Audit Committee.

The audit committee shall provide assistance to the corporate directors in fulfilling their statutory and fiduciary responsibilities to the shareholders, potential shareholders, and investment community relating to corporate accounting, and the quality and integrity of the financial practices, controls and reports of the Corporation. In so doing, the Committee shall maintain free and open lines of communication and functional working relationships between the

Edgar Filing: BIO IMAGING TECHNOLOGIES INC - Form DEF 14A

directors, the outside auditors, the internal auditors, outside legal counsel and the management of the Corporation. Management shall therefore insure that the audit committee is given both the resources and the unrestricted access to Corporation documents, personnel and corporate advisors necessary to discharge the committee's responsibilities. The Committee shall have the authority to utilize additional outside accountants, attorneys or other advisors to assist the Committee in special circumstances approved by the majority of the Board. Consistent with the Board adopted principles of Policy Governance, it is incumbent on the audit committee to fulfill its oversight responsibilities without unnecessary or inappropriate interference with the appropriate operational prerogatives of corporate management.

Most meetings with outside auditors and/or legal counsel will be conducted in the presence of the Chief Financial Officer, or such similar executive officer, and other members of management. The Committee shall also periodically meet the outside auditors and/or legal counsel without the presence of management to determine whether the outside auditors and/or legal counsel had the full cooperation of management, if there are any matters regarding the Corporation and its financial and legal affairs and records that raise the concern of these outside advisors and whether the appropriate accounting systems and controls are in place or need revision in the judgment of such outside auditors and legal counsel.

The Committee shall meet at least quarterly, prior to the 10-QSB filings with the SEC, to review the annual audit prior to filing Form 10-KSB and, as necessary, at the call of the Board. The Committee shall submit a report to the Board subsequent to any Committee meeting or investigation. The Committee and the Board of Directors shall review and reassess this Charter on an annual basis and evaluate the performance of the Committee and its' members on an annual basis.

MEMBERSHIP

The Committee shall be composed of at least two "independent" directors as defined in NASDAQ listing standards regarding audit committees requirements (Rule 4200 (15)). The members of the Committee shall have a sufficient understanding of financial reporting and internal control principles to understand and help deal with material financial reporting and internal control issues. At least one (1) member of the Committee shall have past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background, which results in the individual's financial sophistication.

A-1

"Independent director" means a person other than an officer or employee of the Corporation or its' subsidiaries or any individual having a relationship which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director or Committee member. The following persons shall not be considered independent:

(a) a director who is employed by the Corporation or any of its affiliates for the current year or any of the past three (3) years;

(b) a director who accepts any compensation from the Corporation or any of its affiliates in excess of \$60,000 during the previous fiscal year, other than compensation for service on the Board, benefits under a tax-qualified retirement plan, or non-discretionary compensation;

(c) a director who is a member of the immediate family of an

Edgar Filing: BIO IMAGING TECHNOLOGIES INC - Form DEF 14A

individual who is, or has been in any of the past three (3) years, employed by the Corporation or any of its affiliates as an executive officer. Immediate family includes a person's spouse, parents, children, siblings, mother-in-law, father-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law, and anyone who resides in such person's home;

(d) a director who is a partner in, or a controlling stockholder or an executive officer of, any for-profit business organization to which the Corporation made, or from which the Corporation received, payments (other than those arising solely from investments in the Corporation's securities) that exceed five percent (5%) of the Corporation's consolidated gross revenues for that year, or \$200,000, whichever is more, in any of the past three (3) years; or

(e) a director who is employed as an executive of another entity where any of the Corporation's executives serve on that entity's compensation committee.

RESPONSIBILITIES

(1) The committee shall periodically evaluate the independence of the outside auditors and shall receive from the outside auditors a formal written statement delineating all relationships between the auditors and the Corporation, consistent with Independence Standards Board Standard 1. The committee will engage in a dialogue with the outside auditors with respect to any disclosed relationships or services, including any effect of non-audit services provided, which may impact upon the objectivity and independence of the auditors. The committee shall take all appropriate action or recommend that the Board take appropriate action to oversee and ensure the independence of the outside auditors.

(2) The committee shall provide to management and the outside auditors a copy of the Committee charter so as to communicate the intended responsibilities and relationships between the Corporation's outside auditors, management, the Committee and the Board as representatives of the shareholders.

(3) The Committee will oversee the external audit coverage, including:

(a) Annual nomination of the outside auditor to the Board.

(b) Auditor engagement process, letter and estimated fees

(c) Meeting with the Corporation's outside auditors prior to the commencement of the audit to review the planning and staffing of the audit and to discuss any particular areas that may require emphasis or special procedures during that particular year's audit.

(d) Monitoring of audit results and review the results of each outside audit, including any qualifications in the outside auditors' opinion, any related letter to management, management's responses to recommendations made by the outside auditors in connection with the audit, reports submitted to the Committee by the internal auditing department that are material to the Corporation as a whole and management's responses to those reports. After the completion of the Corporation's annual audit, the Committee shall review with the outside auditors any problems or difficulties that the outside auditors may have encountered in conducting the audit. With respect to any areas identified as requiring special audit procedures, the Committee shall review the findings of the outside auditors and determine whether revisions to corporate policy or procedures are necessary.

Edgar Filing: BIO IMAGING TECHNOLOGIES INC - Form DEF 14A

A-2

(e) Review and evaluate outside auditor's performance.

(f) Determine the extent to which the planned audit scope of the outside auditors can be relied on to detect fraud or weaknesses in internal controls, and review management's plans to monitor compliance with these internal controls.

(4) The Committee shall report to the shareholders, in the proxy statement, (i) whether or not the Committee has discussed matters required to be discussed under Statement on Auditing Standards No. 61, (ii) received written disclosures from the outside auditor regarding independence as required by Independence Standards Board Standard No. 1, and (iii) based on these discussions, whether the Committee recommended to the Board that the audited financial statements be included in the Corporation's Annual Report on Form 10 - KSB.

(5) The outside auditors will comment on the quality of the Corporation's accounting principles and certain policy decisions with management and the Committee. This discussion will review the quality of the Corporation's internal financial controls and whether these controls are designed to provide reasonable assurance that the Corporation's publicly reported financial statements and related management commentaries are in conformity with generally accepted accounting principles. The discussion should include such issues as the clarity of the Corporation's financial disclosures and degree of reasonableness and accuracy of the Corporation's accounting principles and underlying estimates and other significant decisions made by management in preparing the financial disclosure forms.

(6) The Audit Committee shall review with management and the outside auditors the Corporation's Quarterly Reports on Form 10-QSB and the Corporation's Annual Reports on Form 10-KSB prior to submission to the Securities and Exchange Commission. The committee shall discuss these reports and matters required to be communicated to the Committee by the outside auditors under generally accepted auditing standards and SAS 71. This review shall also include discussion and resolution of any significant disputes between management and the outside auditors that arise in connection with the preparation of these financial statements. This review will also include a review with management of the "management's discussion and analysis" sections of the filings.

(7) The Committee shall inquire of management and the outside auditors regarding the existence of any significant accounting accruals, reserves, or estimates made by management that had or may have a material impact on the financial statements. In addition, the Committee must review and approve the outside auditor's recommendations regarding unrecorded adjustments which were identified by either management or the outside auditors, ensuring that the requirements of SAB No. 99 have been met as to materiality. The Committee shall discuss with management and the outside auditors each recorded and unrecorded adjustment and any control process deficiencies that gave rise to the adjustment.

(8) The Committee shall inquire of management and the outside auditors if there were any significant reporting or operational issues affecting the financial statements that were discussed with the outside auditors during the accounting period and, if so, how they were resolved.

(9) The Committee shall receive from management a notification of issues and responses whenever management seeks a second opinion from an outside auditor.

(10) The Committee shall review the letter of management representations

Edgar Filing: BIO IMAGING TECHNOLOGIES INC - Form DEF 14A

given to the outside auditor and inquire of the auditor whether any difficulties were encountered in obtaining the letter.

(11) The Committee shall inquire as to the existence of any open years on federal income tax returns and whether there are any significant items that have been or might be disputed by the Internal Revenue Service and inquire about the status of related tax reserves.

(12) The Committee shall receive periodic reports from management and the outside auditor to assess the impact of significant regulatory changes and accounting or reporting changes proposed by the Financial Accounting Standards Board or the SEC or any other significant matters that may affect the Corporation.

A-3

(13) The Committee shall meet periodically with management to review the Corporation's major financial risk exposures and the risks associated with any significant litigation actions being addressed by the Corporation.

(14) Review corporate policies relating to compliance with laws and regulations, insider trading, conflict of interest and the investigation of misconduct or fraud to verify that the Corporation is conducting its' affairs legally, ethically and fairly.

(20) Meet periodically with the Corporation's outside legal counsel to discuss legal matters that may have a significant impact on the Corporation.

(21) Meet privately with the outside auditors to discuss pertinent matters, including quality of management and financial personnel, and to determine if any restrictions have been placed by management on the scope of their examination or if there are other matters that should be discussed with the audit committee.

(22) Review various operational aspects of the Corporation on a planned basis to ensure a general understanding of the functional areas of the organization.

(23) Direct special investigations into significant matters brought to its attention within the scope of its duties.
