Passenger Traffic

ASUR's total passenger traffic in 1Q18 increased 1.2% YoY to 12.8 million passengers, reflecting a 9.3% increase in traffic in Mexico that was partially offset by declines of 19.2% in Puerto Rico and 5.2% in Colombia.

The 9.3% YoY growth in passenger traffic in Mexico reflects increases of 12.4% and 7.3% in domestic and international traffic, respectively. Cancun was the main driver behind traffic growth, reporting increases of 16.4% and 7.2% in domestic and international traffic, respectively, with the majority of ASUR's other Mexican airports also contributing to higher traffic.

In Puerto Rico, traffic remained impacted by Hurricane Maria which hit the island in September 2017. Consequently, total passenger traffic at LMM Airport in 1Q18 declined 19.2% YoY, with reductions of 17.0% and 35.6% in domestic and international traffic.

In Colombia, international traffic increased 19.9% YoY but was more than offset by an 8.7% decline in domestic traffic.

Consolidated Revenues

Consolidated Revenues for 1Q18 increased 58.1% YoY to Ps.3,916.6 million, mainly as a result of the following increases:

63.5% in revenues from aeronautical services to Ps.2,204.7 million, principally due to the Ps.1,497.8 million increase in revenues from aeronautical services in Mexico, along with aeronautical revenues of Ps.412.0 million from Aerostar and Ps.294.8 million from Colombia;

36.9% in revenues from non-aeronautical services to Ps.1,399.5 million, principally reflecting the 38.9% increase in commercial revenues. Mexico contributed with Ps.1,087.8 million, further supported by contributions of Ps.220.6 million from Puerto Rico and Ps.91.1 million from Colombia; and

192.8% in revenues from construction services in Mexico, Puerto Rico and Colombia as a result of higher capital expenditures and other investments in concessioned assets during the period.

Excluding **revenues from construction services**, which are deducted as costs under IRFS accounting standards, total revenues would have increased 52.1% YoY to Ps.3,604.2 million. Total revenues at Aerostar and Colombia for 1Q17 represented 17.6% and 10.7%, respectively, of ASUR's consolidated revenues excluding revenues from construction services.

Commercial Revenues in 1Q18 increased 38.9% YoY, mainly reflecting the 9.3% increase in total passenger traffic in Mexico, along with contributions of Ps.218.3 million and Ps.89.7 million in commercial revenues in Puerto Rico and Colombia, respectively, in 1Q18. Commercial revenues in Mexico rose 5.6%, mainly driven by increases in Duty Free, Food and Beverages, and Retail among others, mainly reflecting the opening on Terminal 4 at Cancun Airport during 4Q17.

During the period, commercial revenues per passenger declined 3.2% in Mexico, but increased 10.8% in Puerto Rico and 3.8% in Colombia.

Consolidated Operating Costs and Expenses

Consolidated Operating Costs and Expenses, including construction costs, for 1Q18 increased by 103.6% YoY, or Ps.874.6 million, to Ps.1,719.2 million, mainly impacted by the following increases:

12.3%, or Ps.90.8 million, in Mexico mainly due to increases in professional fees, higher cost of sales from the opening of stores directly operated by ASUR in Terminal 4 of Cancun Airport, as well as security and maintenance expenses.

18.1%, or Ps.76.2 million, in Puerto Rico mainly due to the Ps.28.4 million increase in concession fees and Ps.12.4 million from the recognition of extraordinary expenses resulting from Hurricane Maria in Puerto Rico.

26.5%, or Ps.62.2 million, in Colombia principally reflecting a Ps.76.8 million increase in the amortization of the concession (includes Ps.24.0 million from the recognition of the intangible asset resulting from the valuation of Airplan under IFRS 3), resulting from the increase in accumulated amortization from 67.36% as of March 2017 to 78.03% as of March 2018.

Excluding construction costs, operating costs and expenses increased 119.8% to Ps.1,621.6 million.

Cost of Services increased 130.6%, mainly reflecting expenses of Ps.314.0 million and Ps.90.8 million in Puerto Rico and Colombia, respectively, reflecting the consolidation of those operations. Mexico contributed with a Ps.42.8 million increase in cost of services, reflecting higher maintenance expenses resulting from the opening of Terminal 4 in Cancun airport, along with higher cost of sales from convenience stores directly operated by ASUR. Higher energy,

security, maintenance and professional fees, also contributed to the increase in cost of services.

Construction Costs declined 8.5% YoY to Ps.97.6 million, mainly due to higher levels of capital improvements made to the concessioned assets during the period. Mexico contributed with Ps.11.8 million in construction costs, Puerto Rico with 9.9 million and Colombia with Ps.75.9 million.

G&A Expenses, which reflect administrative expenses in Mexico, increased 2.0% YoY.

Consolidated Technical Assistance increased 11.0% YoY, mainly reflecting EBITDA growth in Mexico excluding extraordinary items, a factor in the calculation of the fee.

Concession fees increased 108.0% YoY, mainly reflecting higher fees paid to the Mexican government, mainly due to an increase in regulated revenues in Mexico, a factor in the calculation of the fee. Concession fees for 1Q18 also include Ps.31.1 million from Puerto Rico as starting year six of the concession, the fee is equivalent to 5% of revenues.

Depreciation and Amortization increased 223.4%, principally due to the Ps.35.3 million increase in Puerto Rico derived from the recognition of the concession resulting from the valuation of the investment in Aerostar under IFRS 3 which impacted amortization by Ps.42.3 million. Colombia also reflects a Ps.76.8 million increase in depreciation (includes recognition of the Ps.24 million in amortization of the intangible asset resulting from the valuation of the investment in Airplan under IFRS 3), as a result of the increase in the accumulated amortization rate from 67.36% in March 2017 to 78.03% in March 2018.

Consolidated Operating Profit and EBITDA

In 1Q18, ASUR reported a **Consolidated Operating Gain** of Ps.2,197.4 million and Operating Margin of 56.1%, mainly as a result of increases of 63.5%, or Ps.856.6 million, in aeronautical revenues, and 38.9%, or Ps.359.4 million in commercial revenues, as well as contributions in operating income of Ps.136.2 and Ps.304.3 million from Puerto Rico and Colombia, respectively.

Adjusted Operating Margin, which excludes the effect of IFRIC 12 with respect to the construction or improvements to concessioned assets in Mexico, Colombia, and Puerto Rico, is calculated as operating profit divided by total revenues less construction services revenues; and was 61.0% in 1Q18 compared with 68.9% in 1Q17.

EBITDA increased 50.8%, or Ps.899.3 million, to Ps.2,670.5 million in 1Q18, with Puerto Rico contributing with Ps.311.9 million and Colombia with Ps.434.3 million in EBITDA. Mexican operations reported an 8.6% YoY increase in EBITDA during the quarter. During 1Q18, ASUR recognized Ps.312.4 million in Construction Revenues, a year-on-year increase of 192.8%, due to higher capital expenditures and investments in concessioned assets. As a result, 1Q18 EBITDA Margin was 68.2% compared to 71.5% in 1Q17.

Adjusted EBITDA Margin, which excludes the effect of IFRIC 12 with respect to the construction or improvements to concessioned assets in Mexico, Puerto Rico, and Colombia was 74.1% in 1Q18 compared to 74.7% in 1Q17.

Consolidated Comprehensive Financing Gain (Loss)

Table 4: Consolidated Comprehensive Financing Gain (Loss)

	First Quarter		% Chg
	2017	2018	
Interest Income	54,539	70,246	28.8
Interest Expense	(41,314)	(311,507)	654.0
Foreign Exchange Gain (Loss), Net	7,173	44,917	526.2
Total	20,398	(196,344)	(1,062.6)

In 1Q18, ASUR reported a Ps.196.3 million **Consolidated Comprehensive Financing Loss**, compared to a Ps.20.4 million gain in 1Q17.

Interest expense rose by Ps.270.2 million during the period, reflecting mainly a higher debt balance resulting from the consolidation of Aerostar (Puerto Rico) and Airplan (Colombia), as well as interest generated by the loans incurred in Mexico in October 2017. Interest expenses in Puerto Rico amounted to Ps.127.8 million in 1Q18, while Colombia contributed Ps.79.5 million in interest expenses. Interest income increased by Ps.15.7 million, as a result of a higher cash balance and the increase in interest rates.

In 1Q18, ASUR reported a foreign exchange gain of Ps.44.9 million, resulting from the 4.6% quarterly average depreciation of the Mexican peso against the U.S. dollar on ASUR's foreign currency net asset position. This compared to a Ps.7.2 million foreign exchange gain in 1Q17 resulting from the 1.2% quarterly average Mexican peso appreciation during that period.

Income Taxes

Income Taxes for 1Q18 rose by Ps.151.1 million year-over-year, principally due to the following factors:

A Ps.2.2 million increase in the provision for income taxes, mainly reflecting a higher taxable income base at Cancun Airport partially offset by a deferred income tax gain in Colombia derived from changes in tax legislation according to Decree 2235 published on December 27, 2017.

A Ps.148.9 million increase in deferred income taxes, largely reflecting the effects of Decree 2235, issued on December 27, 2017, with respect to the treatment of tax assets and liabilities in Colombia, which resulted in an expense of Ps.105.2 million in 1Q18, partially offset by the recognition of the inflation benefit from deferred income tax. Inflation in 1Q18 was 1.24%, compared to 1.67% deflation in 1Q17.

Majority Net Income

Majority Net Income for 1Q18 increased by 8.7% to Ps.1,454.6 million, up from Ps.1,338.6 million in 1Q17. Earnings per common share for the quarter were Ps.4.8488 and earnings per ADS (EPADS) were US\$2.6538 (one ADS represents ten series B common shares). This compares with earnings per share of Ps.4.4621 and EPADS of US\$2.4422 for the same period last year.

Consolidated Financial Position

On March 31, 2018, airport concessions represented 86.5% of the Company's total assets, with current assets representing 12.7% and other assets representing 0.8%.

As of March 31, 2018, ASUR had cash and cash equivalents of Ps.5,725.3 million, a 22.4% increase from Ps.4,677.4 million at December 31, 2017. Puerto Rico contributed with Ps.313.1 million in cash and cash equivalents in 1Q18 and Colombia with Ps.61.1 million.

Total Debt at quarter-end decreased to Ps.17,013.6 million, from Ps.17,371.4.0 million in December 31, 2017, principally reflecting the consolidation of debt in Puerto Rico and Colombia as shown on Tables 5 and 6, as well as the Ps.4,000 million loan at Cancun Airport. A total of Ps.9,665.3 million of ASUR's debt, or 56.8% of total debt, is denominated in U.S. dollars, Ps.4,357.0 million, or 25.6%, in Mexican pesos, and Ps.2,991.4 million, or 17.6%, of the total is denominated in Colombian pesos.

Capital Expenditures

During 1Q18, ASUR made capital investments for a total of Ps.599.2 million. Of this, Ps.96.3 million relate to the Company's plan to modernize its Mexican airports pursuant to its master development plans, mainly for the construction of Cancun's Terminal 4, currently in operation. In addition, during 1Q18, Aerostar invested Ps.199.3 million at LMM Airport in Puerto Rico and Airplan made investments for a total of Ps.303.7 million in Colombia.

Mexico Revenues

Mexico Revenues for 1Q18 increased 4.9% YoY to Ps.2,597.4 million. Excluding construction, revenues rose 9.1% YoY reflecting the following increases:

- 11.1% in revenues from aeronautical services, mainly due to the 9.3% increase in passenger traffic; and
- 6.4% in revenues from non-aeronautical services, principally reflecting the 5.6% growth in commercial revenues detailed below.

Commercial Revenues in the quarter rose 5.6% YoY, mainly reflecting the 9.1% increase in total passenger traffic (including transit and general aviation passengers) and reported increases across all categories as shown on table 8.

Commercial Revenues per Passenger, in turn, declined 3.2% to Ps.114.0 in 1Q18 from Ps.117.8 in 1Q17.

ASUR classifies commercial revenues as those derived from the following activities: duty-free stores, car rentals, retail operations, banking and currency exchange services, advertising, teleservices, non-permanent ground transportation, food and beverage operations, and parking lot fees.

As shown in table 9, during the last 12 months, ASUR opened 75 new commercial spaces reflecting the opening of its new Terminal 4 at Cancun Airport and the addition of two commercial spaces at its other eight airports. More details of these openings can be found on pages 20 and 21 of this report.

Construction Costs	106,691	11,765	(89.0)
Total Operating Costs & Expenses	844,506	840,399	(0.5)

Total Mexico Operating Costs and Expenses for 1Q18 declined 0.5% year-over-year. This includes construction costs, which fell 89.0%, reflecting lower levels of capital improvements made to concessioned assets during the period. Excluding construction costs, operating costs and expenses increased 12.3% to Ps.828.5 million.

Cost of Services rose 12.5% mainly due to higher energy, security and maintenance expenses. Higher cost of sales from convenience stores directly operated by ASUR, including those opened at Terminal 4 at Cancun Airport, and professional fees in connection with several projects also contributed to the increase in cost of services.

Administrative expenses increased by 2.0% YoY.

The 8.5% increase in the **Technical Assistance** fee paid to ITA reflects EBITDA growth in Mexico, excluding extraordinary items in the quarter, a factor in the calculation of the fee.

Concession Fees, which include fees paid to the Mexican government, rose 9.3%, mainly due to an increase in regulated revenues, a factor in the calculation of the fee.

Depreciation and Amortization increased 20.9% YoY, reflecting the recognition of higher investments at year-end 2017.

In 1Q18, ASUR's Mexico operations reported an Ps.8.9 million **Comprehensive Financing Gain**, compared to a Ps.20.4 million gain in 1Q17. This was mainly due to the 187.2% increase in interest expenses to Ps.118.6 million in 1Q18, reflecting higher debt in the period. This was partially offset by higher interest income and foreign exchange

gains in the period.

In 1Q18, ASUR reported a Ps.44.4 million foreign exchange gain resulting from the 4.6% quarterly average Mexican peso appreciation against the U.S. dollar on ASUR's foreign currency net asset position, compared with a Ps.7.2 million foreign exchange gain in 1Q17, resulting from the 1.2% quarterly average Mexican peso appreciation during that period. Interest income increased 52.5% YoY to Ps.83.1 million in 1Q18, reflecting a higher cash balance and interest rates.

³ Net Income for 1Q18 includes a loss of Ps.175.2 million from the participation in the results of subsidiaries Aerostar, in Puerto Rico (Ps.18.1 million) and Airplan, in Colombia (Ps.157.1 million) recognized under the equity method.

In 1Q18, Mexico reported an **Operating Profit** of Ps.1,757.0 million, resulting in a 67.6% Operating Margin compared with 65.9% in 1Q17, mainly reflecting increases of 11.1% in aeronautical revenues and 5.6% in commercial revenues derived from the 9.3% growth in passenger traffic.

Adjusted Operating Margin in 1Q18, which excludes the effect of IFRIC 12 with respect to the construction or improvements to concessioned assets and is calculated as operating profit divided by total revenues less construction services revenues, was 68.0%.

EBITDA increased 8.6% to Ps.1,924.3 million from Ps.1,771.2 million in 1Q17, reflecting higher operating leverage. EBITDA Margin expanded to 74.1% from 71.5% in 1Q17.

During 1Q18, ASUR recognized Ps.11.8 million in “Construction Revenues,” a year-on-year decline of 89.0%, due to lower capital expenditures and investments in concessioned assets. Adjusted EBITDA Margin, which excludes the effect of IFRIC 12 with respect to the construction of or improvements to concessioned assets, decreased by 31 bps to 74.4%.

Mexico Tariff Regulation

The Mexican Ministry of Communications and Transportation regulates the majority of ASUR’s activities by setting maximum rates, which represent the maximum possible revenues allowed per traffic unit at each airport.

ASUR’s accumulated regulated revenues at its Mexican operations as of March 31, 2018 totaled Ps.1,576.09 million, with an average tariff per workload unit of Ps.179.50 (pesos of December 2016), accounting for approximately 60.96% of total Mexico income (excluding construction income) for the period.

The Mexican Ministry of Communications and Transportation reviews compliance with maximum rate regulations at the close of each year.

Review of Puerto Rico Operations

In May 2017, ASUR increased its share ownership in Aerostar to 60% from its prior 50% ownership. Accordingly, consolidated results as presented above reflect line by line consolidation of Aerostar results starting in June 1, 2017, while prior to that, Aerostar's results were accounted for by the equity method.

The following discussion compares the stand-alone results of Aerostar for the three-month period ended March 31, 2018 (in which Aerostar was consolidated with ASUR) against the three-month period ended March 31, 2017 (in which Aerostar was not consolidated with ASUR and instead was accounted for by the equity method).

Puerto Rico Revenues

Total Puerto Rico Revenues for 1Q18 declined 10.2% YoY to Ps.642.5 million, mainly reflecting the impact of Hurricane Maria, which hit Puerto Rico in September 2017 and resulted in the following declines:

- 10.5% in revenues from non-aeronautical services, principally reflecting the 10.5% decline in commercial revenues; and
- 12.2% in revenues from aeronautical services reflecting a decline in aeronautical operations as a result of Hurricane Maria.

Commercial Revenues per Passenger rose to Ps.117.5 from Ps.106.0 in 1Q17.

Seven commercial spaces were opened at LMM Airport during the last twelve months, as shown on Table 15. More details of these openings can be found on page 21 of this report.

ASUR classifies commercial revenues as those derived from the following activities: duty-free stores, car rentals, retail operations, advertising, non-permanent ground transportation, food and beverage operations and parking lot fees.

Total **Operating Costs and Expenses** at LMM Airport in 1Q18, including construction costs, increased 20.5% YoY to Ps.506.4 million.

Cost of Services rose 4.1% YoY, mainly due to the recognition of extraordinary items resulting from Hurricane Maria. In accordance with the application of IFRIC 12, AeroSTAR recognizes on a monthly basis the provision for maintenance of those concession assets that will be replaced before the end of the concession. The monthly amount is Ps.23.5 million.

Concession Fees, which include fees paid to the Puerto Rican government, rose 1,067.2%, reflecting the payment of Ps.31.3 million in connection with the adjustment included in the contract starting on the 6th year

of the concession, which changes the calculation of the fee from a fixed Ps.2.5 million payment to 5% of revenues for the period.

Depreciation and Amortization increased 30.4%, mainly impacted by the recognition of the amortization from the valuation of the investment in Aerostar under IFRS 3, which impacted depreciation by Ps. 42.3 million.

During 1Q18, Aerostar reported Construction Costs in Puerto Rico for Ps.9.9 million in the quarter, reflecting the capital investments in the concessioned assets during the period.

Excluding construction costs, operating costs and expenses increased 18.1% to Ps.496.5 million.

During 1Q18, LMM Airport reported a Ps.127.8 million Comprehensive Financing Loss, compared with a Ps.144.2 million loss in 1Q17.

On February 22, 2013, and as part of the financing of the Concession Agreement, Aerostar entered into a subordinated term loan with Cancun Airport in the amount of US\$100 million at an annual interest rate of LIBOR plus 2.10%, payable each July 1 and January 1, and with no fixed maturity date. As of March 31, 2018, the remaining balance was US\$62.0 million

On March 22, 2013, Aerostar carried out a private bond placement for a total of US\$350 million to finance a portion of the Concession Agreement payment to the Puerto Rican Authority and certain other costs and expenditures associated with it.

On June 24, 2015, Aerostar carried out a private bond placement for a total of US\$50 million. In December 2015, Aerostar also contracted a line of revolving credit, which, as of March 31, 2017, had not been utilized.

All long-term debt is collateralized by Aerostar's total assets.

In 1Q18, **Operating Profit** at Puerto Rico declined 53.9% to Ps.136.1 million, with **Operating Margin** down to 21.2% from 41.3% in 1Q17, principally due to the amortization resulting from the valuation of Aerostar under IFRS3, which impacted amortization by Ps.42.3 million as explained above.

EBITDA declined 24.2% to Ps.311.9 million from Ps.411.5 million in 1Q17, and EBITDA Margin declined 896 bps to 48.5% in 1Q18. Adjusted EBITDA Margin in 1Q18 was 49.3%.

Puerto Rico Capital Expenditures

During 1Q18, Aerostar invested Ps.199.3 million to modernize LMM Airport, mainly for the construction of the Federal Inspection Station and in equipment for LMM's operations. This compares with investments of Ps.49.2 million in 1Q17.

Puerto Rico Tariff Regulation

The Airport Use Agreement signed by Aerostar, the airlines serving LMM Airport, and the Puerto Rico Port Authority governs the relationship between Aerostar and the principal airlines serving LMM Airport. The agreement entitles Aerostar to an annual contribution from the airlines of US\$62 million during the first five years of the term. From year six onwards, the total annual contribution for the prior year increases in accordance with an adjusted consumer price index factor based on the U.S. non-core consumer price index. The annual fee is divided between the airlines that operate at LMM Airport in accordance with the regulations and structure defined under the Airport Use Agreement to establish the contribution of each airline for each particular year.

Impact from Hurricane Maria

On September 20, 2017, Hurricane Maria, a category 4 hurricane, made landfall on Puerto Rico. Operations at LMM Airport were suspended on September 19 and resumed on a limited basis on September 21, 2017. As of December 31, 2017, LMM Airport regained its capacity for normal management of airport operations. Damages to airport infrastructure are being evaluated by Management and its insurance company and a reasonable estimate is not

yet available. Aerostar is insured for infrastructure damage as well as loss of direct income due to such damage. The insurance contract establishes a maximum deductible of US\$10.0 million.

Review of Colombia Operations

On October 19, 2017, ASUR acquired a 92.42% ownership stake in Airplan, which operates six airports in Colombia. Therefore, ASUR began to consolidate Airplan's results on a line by line basis as of that date.

The following discussion compares Airplan's independent results for the period starting January 1 and ended March 31, 2018 (in which Airplan was consolidated with ASUR) against the three-month period starting January 1 and ended March 31, 2017 (in which Airplan was not consolidated with ASUR).

In 1Q18, ASUR accounted for the result of the valuation of its investment in Airplan based on its acquisition of a 92.42% ownership stake on October 19, 2017. As a result, ASUR's financial statements for 1Q18 reflect the following effects: i) in the Income Statement, Ps.24.0 million in amortization of the concession partially offset by a Ps.7.9 million gain from deferred income taxes and Ps.1.2 million in recognition of the minority interest in Airplan; and ii) in the Balance Sheet, the recognition of a net intangible asset of Ps.1,418.0 million, goodwill of Ps.1,504.9 million, deferred taxes of Ps.612.9 million, and a minority interest of Ps.153.3 million in Stockholders' Equity.

¹Construction revenues for Airplan in 1Q18 include the actual construction revenue which is equal to the construction cost of Ps.75.9 million, and an estimated revenue due to valuation of the intangible to present value (guaranteed revenues from the concession) of Ps 214.8 million, according to IFRIC 12.

Colombia Revenues

Total Colombia Revenues for 1Q18 fell 2.9% YoY to Ps.676.7 million, mainly reflecting the following declines:

- 1.1% in revenues from aeronautical services as a result of the 5.2% YoY decline in passenger traffic;
- 2.3% in revenues from non-aeronautical services, principally reflecting the 2.5% decline in commercial revenues, and
- 4.7% in revenues from construction services resulting from lower committed investments.

Total Commercial Revenues per Passenger increased 3.8%, as commercial revenues declined less than passenger traffic in the period.

As shown on Table 21, during the last twelve months, 36 new commercial spaces were opened in Colombia. More details of these openings can be found on page 21 of this report.

ASUR classifies commercial revenues as those derived from the following activities: duty-free stores, car rentals, retail operations, advertising, non-permanent ground transportation, food and beverage operations and parking lot fees.

Colombia Capital Expenditures

During 1Q18, Airplan invested Ps.303.7 million to modernize its airports in Colombia, including: i) the expansion of the passenger terminal, construction of a service center and a hotel at Quibdó airport, and ii) the expansion of the domestic and international passenger terminal, the expansion of the international platform, and progress in the construction of the cargo terminal at Rionegro airport.

Colombia Tariff Regulation

Functions of the Special Administrative Unit of Civil Aeronautics include establishing and collecting fees, tariffs and rights for the provision of aeronautical and airport services or those that are generated by the concessions, authorizations, licenses, or any other type of income or property.” As a result, Resolution #04530 issued on September 21, 2007, establishes the tariffs for the rights and the rates conceded to the concessionaire of the following airports: José María Córdova of Rionegro, Enrique Olaya Herrera of Medellín, Los Garzones of Montería, El Caraño of Quibdó, Antonio Roldán Betancourt de Carapa, and Las Brujas of Corozal. This resolution also established the methodology to update and the mechanisms to collect such fees, tariffs, and rights.

Airplan's regulated revenues for 1Q18 amounted to Ps.294.8 million.

On January 15 of each year, the concessionaire proceeds to update the fees and tariffs in connection with the concession, which are then submitted for revision to the Special Administrative Unit of Civil Aeronautics, and which, after approval, are subsequently charged to the users of the concessioned airports.

Definitions

Concession Services Agreements (IFRIC 12 interpretation). In Mexico and Puerto Rico, ASUR is required by IFRIC 12 to include in its income statement an income line, "Construction Revenues," reflecting the revenue from construction or improvements to concessioned assets made during the relevant period. The same amount is recognized under the expense line "Construction Costs," because ASUR hires third parties to provide construction services. Because equal amounts of Construction Revenues and Construction Costs have been included in ASUR's income statement as a result of the application of IFRIC 12, the amount of Construction Revenues does not have an impact on EBITDA, but it does have an impact on EBITDA margin. In Colombia, "Construction Revenues" include the recognition of the revenue to which the concessionaire is entitled for carrying out the infrastructure works in the development of the concession, while "Construction Costs" represent the actual costs incurred in the execution of such additions or improvements to the concessioned assets.

Majority Net Income reflects ASUR's equity interests in each of its subsidiaries and therefore excludes the 40% interest in Aerostar and 7.58% in Airplan that is owned by other shareholders. Other than Aerostar and Airplan, ASUR owns (directly or indirectly) 100% of its subsidiaries.

EBITDA means net income before provision for taxes, deferred taxes, profit sharing, non-ordinary items, participation in the results of associates, comprehensive financing cost and depreciation and amortization. EBITDA should not be considered as an alternative to net income, as an indicator of our operating performance or as an alternative to cash flow as an indicator of liquidity. Our management believes that EBITDA provides a useful measure that is widely used by investors and analysts to evaluate our performance and compare it with other companies. EBITDA is not defined under U.S. GAAP or IFRS and may be calculated differently by different companies.

Adjusted EBITDA Margin is calculated by dividing EBITDA by total revenues less construction services revenues for Mexico, Puerto Rico and Colombia and excludes the effect of IFRIC 12 with respect to the construction or improvements to concessioned assets. ASUR is required by IFRIC 12 to include in its income statement an income line reflecting the revenue from construction or improvements to concessioned assets made during the relevant period. The same amount is recognized under the expense line "Construction Costs," because ASUR hires third parties to provide construction services. In Mexico and Puerto Rico, because equal amounts of Construction Revenues and Construction Costs have been included in ASUR's income statement as a result of the application of IFRIC 12, the amount of Construction Revenues does not have an impact on EBITDA, but it does have an impact on EBITDA margin, as the increase in revenues that relates to Construction Revenues does not result in a corresponding increase in EBITDA. In Colombia, construction revenues do have an impact on EBITDA, as construction revenues include a reasonable margin over the actual cost of construction. Like EBITDA Margin, Adjusted EBITDA Margin should not be considered as an indicator of our operating performance or as an alternative to cash flow as an indicator of liquidity and is not defined under U.S. GAAP or IFRS and may be calculated differently by different companies.
