Item 3. Source and Amount of Funds or Other Consideration

Not applicable.

Item 4. Purpose of Transaction

DTHC presently intends to dispose of all of its 6,905,068 shares of the Issuer's common stock beneficially owned by DTHC. The Issuer filed a Form S-1 Registration Statement on September 7, 2010, as amended by an amendment filed April 22, 2011 (the "Registration Statement"), to register the offer and sale of such shares. DTHC anticipates that such disposition will occur through a firm commitment public offering underwritten by the underwriters named in the Registration Statement (the "Public Offering"). The form of underwriting agreement is filed as an Exhibit 1.1 to Amendment No. 1 to the Registration Statement and is incorporated herein by reference.

In connection with the Public Offering, the Issuer has agreed to appoint a designee of DTHC as a member of the Issuer's board of directors, and such designee shall serve until both of the following conditions are satisfied:

1. The Issuer repays in full a promissory note issued to DTHC. The promissory note bears interest at 8.25% and is due January 1, 2013. The outstanding amount of the promissory note as of December 31, 2010 was approximately \$29.4 million.
2. DTHC beneficially owns less than 10% of the Issuer's common stock.

DTHC has designated Peter K. Pitsch as its designee to serve on the Issuer's board of directors. Mr. Pitsch is the Associate General Counsel and Executive Director, Communications Policy, for Intel Corporation.

DTHC's right to designate an appointee to the Issuer's board of directors was originally set forth in a Management Rights Agreement between DTHC and the Issuer dated January 2, 2009. The Management Rights Agreement is filed as exhibit 10.13 to the Registration Statement and is incorporated herein by reference.

Except as set forth herein, DTHC has no present intent or proposals that would relate to or result in the plans or actions described in Item 4 sub-items (a) - (j) of the Security and Exchange Commission's Schedule 13D. DTHC reserves the right to determine in the future whether to change its plans or proposals described above and whether to adopt plans or proposals of the type described in such sub-items (a) - (j).

Item 5. Interest in Securities of the Issuer

(a) The total number of shares that DTHC beneficially owns is 6,905,068, which represents 44.6% of the issued and outstanding shares of the Issuer. Of those shares, 5,000,000 are presently in the form of non-voting Series J Convertible Preferred Stock of the Issuer (the "Series J Securities"), the conversion of which has been assumed for purposes of calculating the total number of shares beneficially owned and the percentage of ownership of the Issuer's common stock. DTHC director Henry Block beneficially owns 8,333 shares of the Issuer's common stock and options to acquire an additional 16,667 shares of the Issuer's common stock, which collectively represents 0.1% of the issued and outstanding shares of the Issuer.

(b) DTHC presently holds the sole power to vote and dispose of 1,905,068 shares of the common stock of the Issuer and, upon conversion of the Series J Securities, would have the sole power to vote and dispose of an additional 5,000,000 shares of the Issuer's common stock. Mr. Block has sole power to vote and dispose of the common stock he owns, and would have the sole power to vote and dispose the shares he has the right to acquire.

(c) On April 11, 2011, the Issuer issued 98,630 shares of its common stock to DTHC as a Series J Securities dividend.

On March 21, 22 and 23, 2011, DTHC sold a total of 100,000 shares of Issuer common stock in open market transactions pursuant to Rule 144 under the Securities Act of 1933 as follows:

Item 6. Contracts, Arrangements, Understandings or Relationships With Respect to Securities of the Issuer.

The contents of Items 3 and 6 of the original Schedule 13D filed by DTHC are incorporated herein by reference. The Issuer and DTHC entered into a Registration Rights Agreement as of January 2, 2009. The Registration Rights Agreement provides DTHC with both "piggyback" and demand registration rights with respect to its holdings of the Issuer's common stock and the common stock into which the Series J Securities are convertible. The foregoing discussion of the Registration Rights Agreement does not purport to be a full discussion of such

agreement and is qualified by the agreement itself, which is attached as an Exhibit to this filing and is herein incorporated by reference. As a condition of its participation in the Public Offering, DTHC has agreed with the Issuer that its demand registration rights will expire if its beneficial ownership of the Issuer's common stock falls below 10% of the issued and outstanding shares.

On April 15, 2011, the Company and the Issuer executed a Participation Notice setting forth certain of the terms and conditions under which the Company would participate in the Public Offering, including the minimum sales price, maximum underwriting discount, timing of the Public Offering, and certain other matters. The conditions of DTHC's participation in the Public Offering included the condition that the Issuer appoint a designee of DTHC to the board of directors, as described under Item 4 above. In addition, DTHC has agreed to refrain from selling any Issuer securities after the Public Offering for a period of 180 days if any of its shares of Issuer common stock are sold in the Public Offering, or 90 days if none of its shares are sold in the Public Offering. The foregoing description of the Participation Notice does not purport to be complete and is qualified by reference to the Participation Notice itself, which is attached to this report as Exhibit 5.
