FOR IMMEDIATE RELEASE

**To Our Shareholders:**

2005 was an important transition year during which we continued to lead the market in changing the magnitude, nature and distribution of wireless access. During the year we experienced the impact of a transition to WiMAX based products, which affected revenue from our traditional products as we shipped BreezeMAX, our WiMAX solution, throughout the year. BreezeMAX revenue in 2005 totaled over \$30 million and, according to industry analysts, we had an 80% share of the WiMAX market in 2005. Since year-end, we continue to experience strong growth in BreezeMAX revenues.

We reported a substantial loss on a GAAP basis due primarily to higher operating expenses reflecting the inclusion of interWAVE for a full year and continued aggressive investment to expand our family of WiMAX solutions to include additional frequencies, additional marketing activities with Tier 1 carriers, and development to enable an array of new services including personal broadband enabling unlimited communications anywhere, anytime. We are committed to returning to profitability and generating positive cash flow and, subsequent to year-end we have made substantial progress in that regard, substantially reducing CMU losses via a restructuring and refocusing of the business.

For a detailed view of our 2005 financial results, we encourage you to refer to the enclosed financial statements. Some of the additional business and financial highlights of 2005 include:

- Increased broadband wireless access sales, including WiMAX, by 20%
  - Continued gross margin improvement from 44% to 46%
  - Strong balance sheet with \$117 million in cash and equivalents
- Continued to lead the broadband wireless access market with about 30% market share
- First to demonstrate a working CPE using Intel WiMAX chip and began shipping in Q3
- Received \$7 million order under new frame agreement which includes WiMAX solutions with Latin American operator

We have continued to meet every major target in our plan and, subsequent to year-end, we achieved several additional important milestones:

- Shipped our self-install WiMAX CPE and high-power base stations
  - Fulfilled our certification commitment
- Introduced a new version of our market-leading OFDM solution for the unlicensed bands
  - Strategic partnership with IBM to serve the municipal broadband market
- First vendor to demonstrate a mobile WiMAX handoff with our 4Motion WiMAX solution
- Successful interoperability of BreezeMAX base station with a variety of mobile devices to demonstrate early technical success in mobile WiMAX

Going forward, we will continue to capitalize on the traditional broadband wireless access market. Our strong branding, our historic strength in addressing diverse type of customers, application and geographies, our partnering capabilities, our strong local channel partners and excellent products indicate that we will continue to be very successful in this market. In addition, we intend to continue to lead the adoption of WiMAX for fixed and nomadic applications and continue to invest in the future of portable and mobile WiMAX, while showing progressive improvement in our financial results.

Sincerely yours,  
Tzvika Friedman

## ITEM 2 - RE-ELECTION OF PROF. AMIT AS AN EXTERNAL DIRECTOR

Companies, such as us, that were incorporated under the laws of the State of Israel and the shares of which were offered to the public, are required by the Israeli Companies Law to have at least two External Directors. To qualify as an External Director, an individual may not have, and may not have had at any time during the previous two years, any affiliation with the Company or its controlling persons, as such terms are defined in the Israeli Companies Law. In addition, no individual may serve as an External Director if the individual's position or other activities create or may create a conflict of interest with his or her role as an External Director. For a period of two years from the expiration or termination of an External Director's term of office, the company may not appoint a former External Director as a director or employee of the Company or receive professional services from such former External Director for compensation.

The External Directors are required to be elected by the shareholders. The term of an External Director is three years and may be extended for an additional three year period. All of the External Directors of a company must be members of its Audit Committee and each other committee of a company's Board of Directors must include at least one External Director.

At the Meeting the shareholders will be asked to re-elect Prof. Raphael Amit, who has served as one of our external directors over the past three years, as an External Director to our Board of Directors for an additional term of three years. We have received the declaration required from Prof. Amit under Israeli law according to which he meets all the conditions required under the Israeli Companies Law for him to qualify as our External Director.

A brief biography of the nominee is set forth below:

**Professor Raphael Amit** has served as one of our external directors since September 2003. He serves on the Audit and on the Compensation Nominating and Governance committees. Professor Amit is the Board's financial expert (as defined in the Nasdaq rules and regulations). Professor Amit has been the Robert B. Goergen Professor of Entrepreneurship and a Professor of Management at the Wharton School of the University of Pennsylvania since July 1999. Professor Amit also serves as the Academic Director of Wharton's Goergen Entrepreneurial Management Programs. Maurice Young Entrepreneurship and Venture Capital Research Center. From 1983 to 1990, Professor Amit served on the faculty of the J.L. Kellogg Graduate School of Management at Northwestern University, where he received the J.L. Kellogg Research Professorship and the Richard M. Paget Research Chair in Business Policy. **Vote Required**

The election of External Directors requires the affirmative vote of a majority of the shares present, in person or by proxy, and voting on the matter, including at least one third of the shares of non-controlling shareholders voted on the matter (unless the total number of shares of non-controlling shareholders voted against the election of the External Directors does not exceed one percent of the outstanding Ordinary Shares).

It is proposed that at the Meeting, the following resolution be adopted:

**“RESOLVED**, that Prof. Raphael Amit be re-elected as an External Director to our Board of Directors for a term of three years following the Meeting.”

**The Board of Directors recommends a vote FOR approval of the proposed resolution. Since Prof. Amit has a personal interest in the foregoing proposed resolution, he refrains from making a recommendation with respect to such resolution.**

### **ITEM 3 - APPROVAL OF OPTION GRANT TO DIRECTORS**

The Company wishes to form an approved compensation plan for its directors (the "Plan"). According to such Plan, each director, other than any director who is an executive officer of the Company, upon his or her election or re-election will be granted 10,000 options per each year of the term for which he or she was elected or re-elected. The options shall be granted pursuant to the Company's option plans and shall be granted from Company's existing pool of available options.

Pursuant to the Israeli Companies Law, the payment of compensation, including any grant of any stock option to directors, requires the approval of the shareholders of the Company, in addition to the approval of the Company's Audit Committee, followed by the approval of the Board of Directors.

The Company's Audit Committee as well as the Company's Compensation, Nominating and Corporate Governance Committee and Board of Directors resolved, subject to the Company's shareholders' approval, that: a stock based compensation plan for all Directors (including the Chairman and excluding a director who is an executive officer of the Company) shall be set according to which all directors be automatically granted, upon his or her election or re-election, 10,000 options per each year of the term for which he or she is elected or re-elected. The options shall be granted pursuant to the Company's option plans and shall be granted from the Company's then existing pool of available options. Such options shall vest in quarterly installments over the term for which the director is elected or re-elected, commencing at the end of the third month following the date of election or re-election.

The exercise price per share of these options shall be equal to the closing price of the Company's Ordinary Shares as reported on the Nasdaq National Market on the last trading day immediately preceding the date of the election or re-election.

Pursuant to the Israeli Companies Law, the payment of compensation, including any grant of any stock option to directors, requires the approval of the Company's Audit Committee, followed by the approval of the Board of Directors, and then by the shareholders. The Company's Audit Committee as well as the Company's Compensation, Nominating and Corporate Governance Committee approved the Plan on August 1, 2006 and the Company's Board of Directors approved the Plan on August 1, 2006. Accordingly, the adoption of the above resolutions of the Company's Audit Committee, the Compensation, Nominating and Corporate Governance Committee and Board of Directors with respect to the directors' compensation plan is subject to the approval of the Company's shareholders, which shall be sought at the Meeting.

#### **Vote Required**

The affirmative vote of the holders of a majority of the voting power represented at the Meeting in person or by proxy and voting thereon is necessary for approval of the following resolution.

It is proposed that at the Meeting the following resolution be adopted:

The options shall be granted pursuant to the Company’s effective option plans and shall be granted from the Company’s then existing pool of available options. Such options shall vest in quarterly installments over the term for which the director is elected or re-elected, commencing at the end of the third month following the date of election or re-election.

The exercise price per share for these options shall be equal to the closing price of the Company’s Ordinary Shares as reported on the Nasdaq National Market on the last trading day immediately preceding the date of the election or re-election.”

**The Board of Directors recommends a vote FOR approval of the proposed resolution.**

#### ITEM 4 - APPROVAL OF THE CHAIRMAN COMPENSATION

At the Meeting, the shareholders will be asked to approve the new annual compensation for the Company's Chairman of the Board of Directors.

The Company's Audit Committee as well as the Company's Compensation, Nominating and Corporate Governance Committee and Board of Directors recommend that the remuneration payable to the Company's Chairman of the Board of Directors be set at US\$ 120,000 per year, which fee shall cover Chairman's active contribution to the Company as well as the participation of the Chairman in all meetings of the Board of Directors and committees of the Board of Directors during the year.

Pursuant to the Israeli Companies Law, the payment of compensation to directors requires the approval of the Company's Audit Committee, followed by the Board of Directors, and then by the shareholders. The Company's Audit Committee as well as the Company's Compensation, Nominating and Corporate Governance Committee approved the annual compensation and the bonus plan on August 13, 2006 and the Board of Directors approved the annual compensation and bonus for 2006 on August 13, 2006.
