Municipal Strategic and Pennsylvania Strategic are herein referred to as the Strategic Trusts.

The following is a summary of significant accounting policies followed by the Trusts.

Investments Valuation: Municipal investments (including commitments to purchase such investments on a when-issued basis) are valued on the basis of prices provided by dealers or pricing services selected under the supervision of each Trust's Board of Trustees or Board of Directors, as the case may be (each, a Board). In determining the value of a particular investment, pricing services may use certain information with respect to transactions in such investments, quotations from bond dealers, market transactions in comparable investments and various relationships between investments. A futures contract is valued at the last sale price as of the close of the commodities exchange on which it trades. Short-term securities may be valued at amortized cost. Investments in open-end investment companies are valued at net asset value. Any investments or other assets for which such current market quotations are not readily available are valued at fair value (Fair Value Assets) as determined in good faith under procedures established by, and under the general supervision and responsibility of, each Trust's Board. The investment advisor and/or sub-advisor will submit its recommendations regarding the valuation and/or valuation methodologies for Fair Value Assets to a valuation committee. The valuation committee may accept, modify or reject any recommendations. The pricing of all Fair Value Assets shall be subsequently reported to the Board.

When determining the price for a Fair Value Asset, the investment advisor and/or sub-advisor shall seek to determine the price that the Trust might reasonably expect to receive from the current sale of that asset in an arm's-length transaction. Fair value determinations shall be based upon all available factors that the investment advisor and/or sub-advisor deems relevant.

Investment Transactions and Investment Income: Investment transactions are recorded on trade date. The cost of investments sold and the related gain or loss is determined by use of the specific identification method, generally first-in, first-out, for both financial reporting and Federal income tax purposes. Each Trust also records interest income on an accrual basis and amortizes premium and/or accretes discount on securities purchased using the interest method.

Financial Futures Contracts: A futures contract is an agreement between two parties to buy and sell a financial instrument for a set price on a future date. Initial margin deposits are made upon entering into futures contracts and can be either cash or securities. During the period the futures contract is open, changes in the value of the contract are recognized as unrealized gains or losses by marking-to-market on a daily basis to reflect the market value of the contract at the end of each day's trading. Variation margin payments are made or received, depending upon whether unrealized gains or losses are incurred. When the contract is closed, the Trust records a realized gain or loss equal to the difference between the proceeds from (or cost of) the closing transaction and the Trust's basis in the contract.

Financial futures contracts, when used by the Trusts, help in maintaining a targeted duration. Futures contracts can be sold to effectively shorten an otherwise longer duration portfolio. In the same sense, futures contracts can be purchased to lengthen a portfolio that is shorter than its duration target. Thus, by buying or selling futures contracts, the Trusts may attempt to manage the duration of positions so that changes in interest rates do not change the duration of the portfolio unexpectedly.

Segregation: In cases in which the Investment Company Act of 1940 (the 1940 Act), as amended, and the interpretive positions of the Securities and Exchange Commission (the Commission) require that each Trust segregate assets in connection with certain investments (e.g., when-issued securities, reverse repurchase agreements or futures contracts), each Trust will, consistent with certain interpretive letters issued by the

Commission, designate on its books and records cash or other liquid securities having a market value at least equal to the amount that would otherwise be required to be physically segregated.

Federal Income Taxes: It is each Trust's intention to continue to be treated as a regulated investment company under the Internal Revenue Code and to distribute sufficient net income and net realized capital gains, if any, to shareholders. For this reason no Federal income tax or excise tax provisions are required.

Dividends and Distributions: Each Trust declares and pays dividends and distributions to common shareholders monthly from net investment income, net realized short-term capital gains and other sources, if necessary. Net long-term capital gains, if any, in excess of loss carryforwards may be distributed in accordance with the 1940 Act. Dividends and distributions are recorded on the ex-dividend date. Income distributions and capital gain distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America. Dividends and distributions to preferred shareholders are accrued and determined as described in Note 5.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Deferred Compensation and BlackRock Closed-End Share Equivalent Investment Plan: Under the deferred compensation plan approved by each Trust's Board, non-interested Trustees/Directors (Trustees) are required to defer a portion of their annual complex-wide compensation. Deferred amounts earn an approximate return as though equivalent dollar amounts had been invested in common shares of other BlackRock closed-end trusts selected by the Trustees, these amounts are shown on the Statement of Assets and Liabilities as Investments in Affiliates. This has the same economic effect for the Trustees as if the Trustees had invested the deferred amounts in such Trusts.

The deferred compensation plan is not funded and obligations thereunder represent general unsecured claims against the general assets of the Trust. Each Trust may, however, elect to invest in common shares of those Trusts selected by the Trustees in order to match its deferred compensation obligations.

Note 2. Agreements Each Trust has an Investment Management Agreement with BlackRock Advisors, Inc. (the Advisor), a wholly owned subsidiary of BlackRock, Inc. BlackRock Financial Management, Inc., a wholly owned subsidiary of BlackRock, Inc., serves as sub-advisor to the 2018 Trusts and 2020 Trusts. BlackRock, Inc. is an indirect majority owned subsidiary of The PNC Financial Services Group, Inc. The Investment Management Agreements for the 2018 Trusts, 2020 Trusts and Strategic Trusts cover both investment advisory and administration services. Each 2008 Trust, Insured Municipal Trust and Municipal Target Trust has an Administration Agreement with the Advisor.

Each Trust's investment advisory fee paid to the Advisor is computed weekly and payable monthly based on an annual rate, 0.35% for the 2008 Trusts, Insured Municipal Trust and Municipal Target Trust, 0.40% for the 2018 Trusts, 0.50% for the 2020 Trusts and 0.60% for the Strategic Trusts, of the Trust's average weekly managed assets. Managed assets means the total assets of a Trust (including any assets attributable to any preferred shares that may be outstanding) minus the sum of accrued liabilities (other than debt representing financial leverage). The Advisor has voluntarily agreed to waive a portion of the investment advisory fee or other expenses on the Strategic Trusts as a percentage of managed assets as follows: 0.25% for the first five years of each of the Trust's operations, 0.20% in year six, 0.15% in year seven, 0.10% in year eight and 0.05% in year nine.

The administration fee paid to the Advisor by the 2008 Trusts, Insured Municipal Trust and Municipal Target Trust is computed weekly and payable monthly based on an annual rate of 0.10% for each 2008 Trust and Insured Municipal Trust and 0.07% for Municipal Target Trust, of the Trusts' average weekly managed assets.

Pursuant to the agreements, the Advisor provides continuous supervision of the investment portfolio and pays the compensation of officers of each Trust who are affiliated persons of the Advisor, as well as occupancy and certain clerical and accounting costs of each Trust. Each Trust bears all other costs and expenses, which include reimbursements to the Advisor for costs of employees that provide pricing, secondary market support and compliance services to each Trust. For the year ended December 31, 2005, the Trusts reimbursed the Advisor the following amounts:

| <u>Trust</u> | <u>Amount</u> | <u>Trust</u> | <u>Amount</u> |

A Trust may not declare dividends or make other distributions on common shares or purchase any such shares if, at the time of the declaration, distribution or purchase, asset coverage with respect to the outstanding preferred shares would be less than 200%.

The preferred shares are redeemable at the option of each Trust, in whole or in part, on any dividend payment date at \$25,000 per share plus any accumulated or unpaid dividends whether or not declared. The preferred shares are also subject to mandatory redemption at \$25,000 per share plus any accumulated or unpaid dividends, whether or not declared, if certain requirements relating to the composition of the assets and liabilities of a Trust, as set forth in each Trust's Declaration of Trust/Articles Supplementary, are not satisfied.

The holders of preferred shares have voting rights equal to the holders of common shares (one vote per share) and will vote together with holders of common shares as a single class. However, holders of preferred shares, voting as a separate class, are also entitled to elect two Directors/Trustees for each Trust. In addition, the 1940 Act, as amended, requires that along with approval by shareholders that might otherwise be required, the approval of the holders of a majority of any outstanding preferred shares, voting separately as a class, would be required to (a) adopt any plan of reorganization that would adversely affect the preferred shares, (b) change a Trust's sub-classification as a closed-end investment company or change its fundamental investment restrictions or (c) change its business so as to cease to be an investment company.

On February 7, 2005, Municipal Target Trust's Board approved the redemption of all of the 3,000 W28 preferred shares outstanding in preparation for its termination on or about December 31, 2006. The shares were redeemed at a price of \$25,000 per share (an aggregate price of \$75,000,000) plus any accrued and unpaid dividends through the redemption date on March 10, 2005. On October 6, 2005, the Board approved the redemption of all of the 3,000 F7 preferred shares outstanding in preparation for its termination on or about December 31, 2006. The shares were redeemed at a price of \$25,000 per share (an aggregate price of \$75,000,000) plus any accrued and unpaid dividends through the redemption date on November 7, 2005. Management believes that the redemption of the W28 and F7 preferred shares will not affect the Municipal Target Trust's ability to satisfy the terms of the remaining preferred shares outstanding.

Note 6. Dividends Subsequent to December 31, 2005, the Board of each Trust declared dividends from undistributed earnings per common share payable February 1, 2006, to shareholders of record on January 4, 2006. The per share common dividends declared were:

| Trust | Common Dividend Per Share | Trust | Common Dividend Per Share |
|-------------------------|---------------------------|------------------------|---------------------------|
| Municipal Insured 2008 | \$ 0.066250 | California 2018 | \$ 0.061250 |

The dividends declared on preferred shares for the period January 1, 2006 to January 31, 2006, for each of the Trusts were as follows:

Note 7. Subsequent Event On January 3, 2006, Municipal Target Trust's Board approved the redemption of all of the 5,964 W7 preferred shares outstanding in preparation for its termination on or about December 31, 2006. The shares were redeemed at a price of \$25,000 per share plus any accrued and unpaid dividends through the redemption date on February 2, 2006 (an aggregate price of \$149,180,037). Management believes that the redemption of the W7 preferred shares will not affect the Municipal Target Trust's ability to satisfy the terms of the remaining preferred shares outstanding.

Note 8. Concentration Risk The Trusts concentrate their investments in securities issued by state agencies, other governmental entities and U.S. Territories. The Trusts are more susceptible to adverse financial, social, environmental, economic, regulatory and political factors that may affect these states, which could seriously affect the ability of these states and their municipal subdivisions to meet continuing obligations for principle and interest payments, than if the Trusts were not concentrated in securities issued by state agencies, other governmental entities and U.S. Territories.

Many municipalities insure repayment for their obligations. Although bond insurance reduces the risk of loss due to default by an issuer, such bonds remain subject to the risk that market value may fluctuate for other reasons and there is no assurance that the insurance company will meet its obligations. These securities have been identified in the Portfolios of Investments.

We have audited the accompanying statements of assets and liabilities of the Trusts, including the portfolios of investments, as of December 31, 2005, and the related statements of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the periods presented. These financial statements and financial highlights are the responsibility of the Trusts' management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. The Trusts are not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trusts' internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of December 31, 2005, by correspondence with the custodian and brokers; where replies were not received from brokers, we performed other auditing procedures. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of the Trusts as of December 31, 2005, the results of their operations for the year then ended, the changes in their net assets for each of the two years in the period then ended, and the financial highlights for each of the periods presented, in conformity with accounting principles generally accepted in the United States of America.

³ Director/Trustee since inception; appointed Chairman of the Board on August 22, 2002.

⁴ The Board is classified into three classes of which one class is elected annually. Each Trustee serves a three-year term concurrent with the class from which they are elected.

⁵ The Board of each Trust has determined that each Trust has three Audit Committee financial experts serving on its Audit Committee, Dr. Brimmer, Mr. Dixon and Mr. Fabozzi, each of whom are independent for the purpose of the definition of Audit Committee financial expert as applicable to the Trusts. For the 2008 Trusts, Insured Municipal Trust and Municipal Target Trust appointed Trustee on August 11, 1994.

⁶ Advisory Board Member until elected Trustee on May 26, 2005.

⁷ Mr. LaForce and Mr. Mondale retired from the Board on February 23, 2006.

⁸ Mr. LaForce and Mr. Mondale retired from the Board on February 23, 2006.

⁹ Except during the periods August 12, 1993 through April 15, 1997 and October 31, 2002 through November 11, 2002 for all of the Trusts.

DIVIDEND REINVESTMENT PLANS

Pursuant to each Trust's Dividend Reinvestment Plan (the "Plan"), common shareholders of the 2008 Trusts, Insured Municipal and Municipal Target may elect, while the common shareholders of the 2018 Trusts, 2020 Trusts and Strategic Trusts are automatically enrolled, to have all distributions of dividends and capital gains reinvested by Computershare Trust Company, N.A. (the "Plan Agent") in the respective Trust's shares pursuant to the Plan. Shareholders who do not participate in the Plan will receive all distributions in cash paid by check and mailed directly to the shareholders of record (or if the shares are held in street or other nominee name, then to the nominee) by the Plan Agent, which serves as agent for the shareholders in administering the Plan.

After a 2008 Trust, Insured Municipal, 2018 Trust, 2020 Trust and/or Municipal Target declares a dividend or determines to make a capital gain distribution, the Plan Agent will acquire shares for the participants' account, by the purchase of outstanding shares on the open market, on the Trust's primary exchange or elsewhere ("open market purchases"). These Trusts will not issue any new shares under the Plan.

After a Strategic Trust declares a dividend or determines to make a capital gain distribution, the Plan Agent will acquire shares for the participants' account, depending upon the circumstances described below, either (i) through receipt of unissued but authorized shares from the Trust ("newly issued shares") or (ii) by open market purchases. If, on the dividend payment date, the NAV is equal to or less than the market price per share plus estimated brokerage commissions (such condition being referred to herein as "market premium"), the Plan Agent will invest the dividend amount in newly issued shares on behalf of the participants. The number of newly issued shares to be credited to each participant's account will be determined by dividing the dollar amount of the dividend by the NAV on the date the shares are issued. However, if the NAV is less than 95% of the market price on the payment date, the dollar amount of the dividend will be divided by 95% of the market price on the payment date. If, on the dividend payment date, the NAV is greater than the market value per share plus estimated brokerage commissions (such condition being referred to herein as "market discount"), the Plan Agent will invest the dividend amount in shares acquired on behalf of the participants in open market purchases.

Participation in the Plan is completely voluntary and may be terminated or resumed at any time without penalty by notice if received and processed by the Plan Administrator prior to the dividend record date; otherwise such termination or resumption will be effective with respect to any subsequently declared dividend or other distribution.

The Plan Agent's fees for the handling of the reinvestment of dividends and distributions will be paid by each Trust. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends and distributions. The automatic reinvestment of dividends and distributions will not relieve participants of any Federal income tax that may be payable on such dividends or distributions.

Each Trust reserves the right to amend or terminate the Plan. There is no direct service charge to participants in the Plan; however, each Trust reserves the right to amend the Plan to include a service charge payable by the participants. Participants that request a sale of shares through the Plan Agent are subject to a \$2.50 sales fee and a \$0.15 per share sold brokerage commission. All correspondence concerning the Plan should be directed to the Plan Agent at 250 Royall Street, Canton, MA 02021, or by calling (800) 699-1BFM.

BlackRock, Inc. and Merrill Lynch & Co., Inc. (Merrill Lynch) announced on February 15, 2006 that they had reached an agreement to merge Merrill Lynch's investment management business, Merrill Lynch Investment Managers, with BlackRock, Inc. to create a new independent company. Merrill Lynch will have a 49.8% economic interest and a 45% voting interest in the combined company and The PNC Financial Services Group, Inc. (PNC), which currently holds a majority interest in BlackRock, Inc., will have approximately a 34% economic and voting interest. The new company will operate under the BlackRock name and be governed by a board of directors with a majority of independent members. Each of Merrill Lynch and PNC has agreed that it will vote all of its shares on all matters in accordance with the recommendation of BlackRock's board in order to assure its independence. Completion of the transaction is subject to various regulatory approvals, client consents, approval by BlackRock, Inc. shareholders and customary conditions. In the event it is determined that the transaction would constitute an assignment of the investment management agreement between the Trusts and BlackRock Advisors, Inc. and the sub-investment advisory agreement by and among the Trusts, BlackRock Advisors, Inc. and BlackRock Financial Management, Inc., the agreements would automatically terminate upon closing of the merger and new agreements would need to be approved by the board of trustees and shareholders of the Trusts. BlackRock, Inc. believes and is discussing its views with the staff of the Securities and Exchange Commission that completion of the transaction should not cause an assignment of these agreements.

Each Trust listed for trading on the New York Stock Exchange (NYSE) has filed with the NYSE its annual chief executive officer certification regarding compliance with the NYSE's listing standards and each Trust listed for trading on the American Stock Exchange (AMEX) has filed with the AMEX its corporate governance certification regarding compliance with the AMEX's listing standards. All of the Trusts have filed with the Securities and Exchange Commission the certification of its chief executive officer and chief financial officer required by section 302 of the Sarbanes-Oxley Act.

The Trusts do not make available copies of their respective Statements of Additional Information because the Trusts' shares are not continuously offered, which means that the Statement of Additional Information of each Trust has not been updated after completion of such Trust's offering and the information contained in each Trust's Statement of Additional Information may have become outdated.

The designation or identification of a person as an audit committee financial expert does not impose on such person any duties, obligations, or liabilities that are greater than the duties, obligations, and liabilities imposed on such person as a member of the audit committee and Board of Trustees in the absence of such designation or identification.

Item 4. Principal Accountant Fees and Services.

- (a) Audit Fees. The aggregate fees billed for each of the last two fiscal years for professional services rendered by the principal accountant for the audit of the Registrant's annual financial statements or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for those fiscal years were \$22,200 for the fiscal year ended December 31, 2005 and \$22,200 for the fiscal year ended December 31, 2004.

The nature of these services was federal, state and local income and excise tax return preparation and related advice and planning and miscellaneous tax advice.

(d) All Other Fees. The aggregate fees billed in each of the last two fiscal years for professional services rendered by the principal accountant were \$1,200 for the fiscal year ended December 31, 2005 and \$0 for the fiscal year ended December 31, 2004. The nature of these fees were the Registrant and the Advisor, BlackRock, Inc., hired the principal accountant to conduct a complete review of the Registrant's and the Advisor's compliance procedures and provide an attestation regarding such review.

(e) Audit Committee Pre-Approval Policies and Procedures.

(1) The Registrant has policies and procedures (the "Policy") for the pre-approval by the Registrant's Audit Committee of Audit, Audit-Related, Tax and Other Services (as each is defined in the Policy) provided by the Registrant's independent auditor (the "Independent Auditor") to the Registrant and other "Covered Entities" (as defined below). The term of any such pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period. The amount of any such pre-approval is set forth in the appendices to the Policy (the "Service Pre-Approval Documents"). At its first meeting of each calendar year, the Audit Committee will approve or re-approve the Service Pre-Approval Documents for that year, together with any changes deemed necessary or desirable by the Audit Committee. The Audit Committee may, from time to time, modify the nature of the services pre-approved, the aggregate level of fees pre-approved or both.

For the purposes of the Policy, "Covered Services" means (A) all engagements for audit and non-audit services to be provided by the Independent Auditor to the Registrant and (B) all engagements for non-audit services that directly impacted the operations and financial reporting or the Registrant to be provided by the Independent Auditor to any Covered Entity. "Covered Entities" means (1) BlackRock Advisors, Inc. (the "Advisor") or (2) any entity controlling, controlled by or under common control with the Advisor that provides ongoing services to the Registrant.

In the intervals between the scheduled meetings of the Audit Committee, the Audit Committee delegates pre-approval authority under this Policy to the Chairman of the Audit Committee (the "Chairman"). The Chairman shall report any pre-approval decisions under this Policy to the Audit Committee at its next scheduled meeting. At each scheduled meeting, the Audit Committee will review with the Independent Auditor the Covered Services pre-approved by the Chairman pursuant to delegated authority, if any, and the fees related thereto. Based on these reviews, the Audit Committee can modify, at its discretion, the pre-approval originally granted by the Chairman pursuant to delegated authority. This modification can be to the nature of services pre-approved, the aggregate level of fees approved, or both. Audit Committee may modify or withdraw this delegated authority at any time the Audit Committee determines that it is appropriate to do so.

Fee levels for all Covered Services to be provided by the Independent Auditor and pre-approved under this Policy will be established annually by the Audit Committee and set forth in the Service Pre-Approval Documents. Any increase in pre-approved fee levels will require specific pre-approval by the Audit Committee (or the Chairman pursuant to delegated authority).

The terms and fees of the annual Audit services engagement for the Registrant are subject to the specific pre-approval of the Audit Committee. The Audit Committee (or the Chairman pursuant to delegated authority) will approve, if necessary, any changes in terms, conditions or fees resulting from changes in audit scope, Registrant structure or other matters.

In addition to the annual Audit services engagement specifically approved by the Audit Committee, any other Audit services for the Registrant not listed in the Service Pre-Approval Document for the respective period must be specifically pre-approved by the Audit Committee (or the Chairman pursuant to delegated authority).

Audit-Related services are assurance and related services that are not required for the audit, but are reasonably related to the performance of the audit or review of the financial statements of the Registrant and, to the extent they are Covered Services, the other Covered Entities or that are traditionally performed by the Independent Auditor. Audit-Related services that are Covered Services and are not listed in the Service Pre-Approval Document for the respective period must be specifically pre-approved by the Audit Committee (or the Chairman pursuant to delegated authority).

The Audit Committee believes that the Independent Auditor can provide Tax services to the Registrant and Covered Entities such as tax compliance, tax planning and tax advice without impairing the auditor's independence. However, the Audit Committee will not permit the retention of the Independent Auditor in connection with a transaction, the purpose of which may be tax avoidance and the tax treatment of which may not be supported in the Internal Revenue Code and related regulations. Tax services that are Covered Services and are not listed in the Service Pre-Approval Document for the respective period must be specifically pre-approved by the Audit Committee (or the Chairman pursuant to delegated authority).

All Other services that are covered and are not listed in the Service Pre-Approval Document for the respective period must be specifically pre-approved by the Audit Committee (or the Chairman pursuant to delegated authority).

BlackRock has built a professional working environment, firm-wide compliance culture and compliance procedures and systems designed to protect against potential incentives that may favor one account over another. BlackRock has adopted policies and procedures that address the allocation of investment opportunities, execution of portfolio transactions, personal trading by employees and other potential conflicts of interest that are designed to ensure that all client accounts are treated equitably over time. Nevertheless, BlackRock furnishes investment management and advisory services to numerous clients in addition to the Registrant, and BlackRock may, consistent with applicable law, make investment recommendations to other clients or accounts (including accounts which are hedge funds or have performance or higher fees paid to BlackRock, or in which portfolio managers have a personal interest in the receipt of such fees), which may be the same as or different from those made to the Registrant. In addition, BlackRock, its affiliates and any officer, director, stockholder or employee may or may not have an interest in the securities whose purchase and sale BlackRock recommends to the Registrant. BlackRock, or any of its affiliates, or any officer, director, stockholder, employee or any member of their families may take different actions than those recommended to the Registrant by BlackRock with respect to the same securities. Moreover, BlackRock may refrain from rendering any advice or services concerning securities of companies of which any of BlackRock's (or its affiliates') officers, directors or employees are directors or officers, or companies as to which BlackRock or any of its affiliates or the officers, directors and employees of any of them has any substantial economic interest or possesses material non-public information. Each portfolio manager also may manage accounts whose investment strategies may at times be opposed to the strategy utilized for the Registrant. In this connection, it should be noted that Mr. Klingert and Mr. McGinley manage certain accounts that are subject to performance fees. In addition, Mr. Klingert and Mr. McGinley assist in managing certain hedge funds and may be entitled to receive a portion of any incentive fees earned on such funds and a portion of such incentive fees may be voluntarily or involuntarily deferred. Additional portfolio managers may in the future manage other such accounts or funds and may be entitled to receive incentive fees.

As a fiduciary, BlackRock owes a duty of loyalty to its clients and must treat each client fairly. When BlackRock purchases or sells securities for more than one account, the trades must be allocated in a manner consistent with its fiduciary duties. BlackRock attempts to allocate investments in a fair and equitable manner among client accounts, with no account receiving preferential treatment. To this end, BlackRock has adopted a policy that is intended to ensure that investment opportunities are allocated fairly and equitably among client accounts over time. This policy also seeks to achieve reasonable efficiency in client transactions and provide BlackRock with sufficient flexibility to allocate investments in a manner that is consistent with the particular investment discipline and client base.

(a)(3) BlackRock's financial arrangements with its portfolio managers, its competitive compensation and its career path emphasis at all levels reflect the value senior management places on key resources. Compensation may include a variety of components and may vary from year to year based on a number of factors. The principal components of compensation include a base salary, a discretionary bonus, participation in various benefits programs and one or more of the incentive compensation programs established by BlackRock such as its Long-Term Retention and Incentive Plan and Restricted Stock Program.

Base compensation. Generally, portfolio managers receive base compensation based on their seniority and/or their position with the firm.

Discretionary compensation. In addition to base compensation, portfolio managers may receive discretionary compensation, which can be a substantial portion of total compensation. Discretionary compensation can include a discretionary cash bonus as well as one or more of the following:

Long-Term Retention and Incentive Plan (LTIP) □The LTIP is a long-term incentive plan that seeks to reward certain key employees. The plan provides for the grant of awards that are expressed as an amount of cash that, if properly vested and subject to the attainment of certain performance goals, will be settled in cash and/or in BlackRock, Inc. common stock. Mr. Klingert, Mr. McGinley and Mr. Downs have received awards under the LTIP.

Deferred Compensation Program □A portion of the compensation paid to each portfolio manager may be voluntarily deferred by the portfolio manager into an account that tracks the performance of certain of the firm's investment products. Each portfolio manager is permitted to allocate his deferred amounts among various options, including to certain of the firm's hedge funds and other unregistered products. In addition, prior to 2005, a portion of the annual compensation of certain senior managers, including Mr. Klingert and Mr. McGinley, was mandatorily deferred in a similar manner for a number of years. Beginning in 2005, a portion of the annual compensation of certain senior managers, including Mr. Klingert, Mr. McGinley and Mr. Downs, is paid in the form of BlackRock, Inc. restricted stock units which vest ratably over a number of years.

Options and Restricted Stock Awards □While incentive stock options are not currently being awarded to BlackRock employees, BlackRock, Inc. previously granted stock options to key employees, including certain portfolio managers who may still hold unexercised or unvested options. BlackRock, Inc. also has a restricted stock award program designed to reward certain key employees as an incentive to contribute to the long-term success of BlackRock. These awards vest over a period of years. Mr. Klingert, Mr. McGinley and Mr. Downs have been granted stock options in prior years, and Mr. Klingert participates in BlackRock's restricted stock program.

Incentive Savings Plans □The PNC Financial Services Group, Inc., which owns approximately 71% of BlackRock, Inc.'s common stock, has created a variety of incentive savings plans in which BlackRock employees are eligible to participate, including an Employee Stock Purchase Plan (ESPP) and a 401(k) plan. The 401(k) plan may involve a company match of the employee's contribution of up to 6% of the employee's salary. The company match is made using BlackRock, Inc. common stock. The firm's 401(k) plan offers a range of investment options, including registered investment companies managed by the firm. Each portfolio manager is eligible to participate in these plans.

Annual incentive compensation for each portfolio manager is a function of several components: the performance of BlackRock, Inc., the performance of the portfolio manager's group within BlackRock, the investment performance, including risk-adjusted returns and income generation, of the firm's assets under management or supervision by that portfolio manager relative to predetermined benchmarks, and the individual's teamwork and contribution to the overall performance of these portfolios and BlackRock. Unlike many other firms, portfolio managers at BlackRock compete against benchmarks rather than each other. In most cases, including for the portfolio managers of the Registrant, these benchmarks are the same as the benchmark or benchmarks against which the investment performance, including risk-adjusted returns and income generation, of the Registrant or other accounts

are measured. A group of BlackRock, Inc.'s officers determines the benchmarks against which to compare the performance of funds and other accounts managed by each portfolio manager. With respect to the Registrant, such benchmarks include the Lehman Brothers 3-Year Municipal Index, the 10-Year United States Treasury Note and certain customized indices and fund industry peer groups.

The group of BlackRock, Inc.'s officers then makes a subjective determination with respect to the portfolio manager's compensation based on the performance of the funds and other accounts managed by each portfolio manager relative to the various benchmarks. This determination may take into consideration the fact that a benchmark may not perfectly correlate to the way the Registrant or other accounts are managed, even if it is the benchmark that is most appropriate for the Registrant or other accounts. For example, a benchmark's return may be based on the total return of the securities comprising the benchmark, but the Registrant or other account may be managed to maximize income and not total return. Senior portfolio managers who perform additional management functions within BlackRock may receive additional compensation for serving in these other capacities.

(a)(4) As of December 31, 2005, the end of the Registrant's most recently completed fiscal year, the dollar range of securities beneficially owned by each portfolio manager in the Registrant is shown below:

Kevin Klingert: None
James McGinley: None
