Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

(a) On November 5, 2006, management of XL Capital Ltd (the "Company") determined that the Company had incorrectly included the impact of foreign exchange rate changes on "Cash flows provided by operating activities," "Cash flows used in investing activities," "Cash flows provided by financing activities" and "Effects of exchange rate changes on foreign currency cash" in the Company's Consolidated Statements of Cash Flows in its Consolidated Financial Statements for the years ended December 31, 2005, 2004 and 2003 and the quarters ended March 31 and June 30, 2006 and, therefore, a restatement is required to eliminate the impact of those rate changes on balances held in certain foreign currency denominated subsidiaries.

In light of the foregoing, previously issued financial statements and the related reports of the Company's independent registered public accounting firm for the years ended December 31, 2005, 2004 and 2003 and the quarters ended March 31 and June 30, 2006, should no longer be relied upon.

The restatement of the Company's Consolidated Statements of Cash Flows will not impact the Company's previously reported Consolidated Statements of Income or Consolidated Balance Sheets and, in particular, "Cash and cash equivalents" reported at the end of any period in the Company's Consolidated Statements of Cash Flows remains unchanged.

Management has discussed the matters disclosed in this Current Report on Form 8-K with the Company's Audit Committee and with PricewaterhouseCoopers LLP, the Company's independent registered public accounting firm.

The following Condensed Consolidated Statements of Cash Flows for the six month period ended June 30, 2006 as well as the years ended December 31, 2005, 2004 and 2003 set forth the effects of these restatements:
