**Item 1.01 ☐ Entry into a Material Definitive Agreement**

On December 20, 2006, Emtec, Inc., a Delaware corporation (the "Company") and Emtec Global Services LLC, a Delaware limited liability company wholly-owned by the Company ("EGS"), signed a definitive purchase agreement to acquire all of the issued and outstanding capital stock of Configuration Management, Inc., an information technology project-based service company ("Configuration Management"). The purchase price consists of a base purchase price of \$10.7 million (a) minus the amount, if any, by which the net assets of Configuration Management as of the closing falls below \$800,000 and (b) minus the amount of the transaction expenses paid by EGS on behalf of Configuration Management and its stockholder.

The purchase agreement contains representations, warranties, covenants and indemnities that are common to acquisitions of this kind. The agreement also contains provisions indemnifying EGS for pre-closing taxes and certain breaches of the purchase agreement by Configuration Management or its stockholder. Consummation of the acquisition contemplated by the purchase agreement remains subject to the satisfaction of a number of closing conditions typical to a transaction of this nature, including, but not limited to, the following:

- The absence of any injunction or order from a court or administrative agency that would restrain or prohibit the consummation of the transaction.
  
- Certain required third-party consents, approvals or waivers have been obtained.

There can be no assurance that the closing conditions will be satisfied or that the transaction will be consummated. The acquisition is expected to close in the first quarter of 2007.

**Item 8.01. Other Events.**

The information set forth in Item 1.01 of this Current Report on Form 8-K is incorporated into this Item 8.01 by reference.
