## RELEASE

### PORTUGAL TELECOM ESTABLISHES AN AGREEMENT WITH RTP FOR THE PAYMENT OF AN OUTSTANDING RECEIVABLE DUE BY RTP

**Lisbon, Portugal, November 20, 2003** Portugal Telecom, SGPS, S.A. ( PT ) (NYSE: PT; Euronext: PTCO.IN) and PT Comunicações, S.A. ( PTC ) announce that they have signed today an agreement with Rádio e Televisão de Portugal, SGPS, S.A. ( RTP ) relating to the payment by the latter of an outstanding receivable balance due to PTC.

This agreement is related to outstanding invoices from services rendered by PTC to RTP up to December 31, 2002, plus interest. As a result of the negotiations, RTP will pay, up to 31 December 2003, a total amount of Euro 83 million. The agreement will have no impact on PT results.

The agreement also establishes the definition of a new monthly settlement mechanism related to accounts receivable and payable balances resulting from, respectively, invoices issued by PTC and other PT Group companies to RTP and from invoices issued by RTP to PT Group companies. The mechanism will substitute the current settlement proceedings, allowing PT to obtain a significant improvement in the management of its receivable balances from services provided to RTP.

PTC and RTP also agreed to revoke all previous agreements relating to the settlement of the balances due by RTP to PTC.

**FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
