Re: Takeover Bid of the Shares of Compañía de Telecomunicaciones de Chile S.A.  
by Telefónica S.A. through its subsidiary Inversiones Telefónica Internacional Holding Limitada

Dear Sirs,

In accordance with what is set forth in letter c) of article 207 of Act 18,045 of the Securities Market and in my capacity as a director of Compañía de Telecomunicaciones de Chile S.A. (Telefónica Chile), I have pleasure in setting out as follows my opinion regarding the takeover bid of the shares referred to (the "Bid").

1. Background information behind the Bid:

As you will have noticed in advertisements published in the newspapers El Mercurio of Santiago and La Tercera on September 16 last (the "Notification of Commencement"), the company Inversiones Telefónica Internacional Holding Limitada (the "Bidder"), a company belonging to the Telefónica S.A. group has offered to acquire 486 million series A shares and 41 million series B shares equal to 55.1% of the total stock issued with voting rights by Telefónica Chile, at a price of 1,000 pesos per series A share and 900 pesos per series B share, payable in cash. The remainder of the terms and conditions of the Bid are mentioned in the Notification of Commencement and in the prospectus of the Bid prepared by the Bidder that is at the disposal of any parties interested and the shareholders of Telefónica Chile.

2. Relations with the Bidder and the controller:

I declare that as of this date I have no relationship whatsoever with the Bidder nor any interest in its operations, acts or contracts.

I have been a Director since April 26 2001 and I was reelected on April 13 2007 with the votes of the company Telefónica Internacional Chile S.A., the shareholder and controller of Telefónica Chile belonging to the Telefónica S.A. group.

I declare that I am not a shareholder of Telefónica Chile and that I have no personal interest in the Bid.

---

3.

An opinion on the Bid.

Whilst preparing this opinion, I have taken into account the terms and conditions of the Bid reported in the Notification of Commencement, in the Prospectus and the public information issued by domestic and international analysts on Telefónica Chile.

Bearing this in mind then, I deem that the Bid might be in the interest of the shareholders for the reasons I set forth hereafter:

- a) The price offered has been carrying a 25% premium over the latest closing price of the share (11.09.08)
- b) The price offered carries a 33% premium over the series A shares and a 36% over the series B shares in accordance with the weighted price per volume between June 10 and September 4 2008
- c) The price offered has been carrying a 34% premium over the average price of the series A shares during the last 30 stock market sessions prior to the Notification of Commencement. Furthermore, the premium paid for the latest Takeover Bids of Chilean companies has been 24% compared to the 34% of this one,
- d) The Bid covers all of the series A and B shares of Telefónica Chile, so there is no question of them being apportioned.
- e) The series B share cannot be easily disposed of in the market,
- f) The price means an EV/EBITDA 2008/E of 4.9 compared to the 4.1 of similar fixed/integrated phone companies in the region,
- g) The price of 1,000 pesos per series A shares is comparable to the average target price of the analysts of Telefónica Chile which is 1,019 pesos
- h) Telefónica Chile's liquidity has been drastically reduced over the last two years and it could become gradually more complex and difficult to dispose of an investment in shares belonging to Telefónica Chile
- i) The difficult time that stock markets worldwide are facing where series A shares have dropped by 16% in 2008 alone
- j) The price will be paid in cash within 30 days from the Notification of Commencement.

4.

Final Considerations:

I should like the shareholders to know that I am stating this opinion whilst complying with my legal obligation and it is not an advice or a recommendation to the shareholders to sell or keep their shares of Telefónica Chile. Therefore, I recommend the shareholders seek whatever advice they feel is pertinent both as regards the legal, financial and tax aspects as well as any others, in order that they might take an informed decision that is in their best interests.

Yours faithfully,

(signature illegible)

Re: Takeover Bid of the Shares of Compañía de Telecomunicaciones de Chile S.A.  
by Telefónica S.A. through its subsidiary Inversiones Telefónica Internacional Holding Limitada

Dear Sirs,

In accordance with what is set forth in letter c) of article 207 of Act 18,045 of the Securities Market and in my capacity as a deputy director of Compañía de Telecomunicaciones de Chile S.A. (Telefónica Chile), I have pleasure in setting out as follows my opinion regarding the takeover bid of the shares referred to (the "Bid").

1. Background information behind the Bid:

As you will have noticed in advertisements published in the newspapers El Mercurio of Santiago and La Tercera on September 16 last (the "Notification of Commencement"), the company Inversiones Telefónica Internacional Holding Limitada (the "Bidder"), a company belonging to the Telefónica S.A. group has offered to acquire 486,001,923 series A shares and 41,422,151 series B shares equal to 100% of the total stock of both series issued by Telefónica Chile that does not belong to the Bidder or its controller Telefónica Internacional Chile S.A., at a price of 1,000 pesos per series A share and 900 pesos per series B share, payable in cash. The remainder of the terms and conditions of the Bid are mentioned in the Notification of Commencement and in the prospectus of the Bid prepared by the Bidder that is at the disposal of any parties interested and the shareholders of Telefónica Chile.

2. Relations with the Bidder and the controller:

I declare that I have no relationship whatsoever with the controller and partner of Telefónica Chile nor with the Bidder.

I also declare that I am not a shareholder of Telefónica Chile, that I have no personal interest in the Bid and that I was elected a director of the company without having received any votes from the shareholder and controller.

3. An opinion on the Bid.

Whilst preparing this opinion, I have taken into account the information relating to Telefónica Chile that is available to the public, the terms of the Bid reported in the Notification of Commencement and the information found in the prospectus on the Bid prepared by the Bidder.

In accordance with this then, and on the basis of the factors that I have set forth hereafter, I deem that the Bid might be in the interest of those shareholders wishing to dispose of their investment:

- a) The price offered has been carrying a 25% premium over the last closing price of the shares (11.09.08), a 33% premium over the series A shares and a 36% over the series B shares compared to the weighted price per volume between June 10 and September 4 2008 and a 34% premium over the average price of the series A shares during the last 30 stock market sessions prior to the Notification of Commencement.
- b) The Bid covers all of the series A and B shares of Telefónica Chile that do not belong to the controller, so there is no question of apportioning them.
- c) The price will be paid in cash within 30 days from the Notification of Commencement.

4.

Final Considerations:

I should like the shareholders to know that I am stating this opinion whilst complying with my legal obligation and it is not an advice or a recommendation to the shareholders to sell or keep their shares of Telefónica Chile. Therefore, I recommend the shareholders seek whatever advice they feel is pertinent both as regards the legal, financial and tax aspects as well as any others, in order that they might to take an informed decision that is in their best interests.

(Telefónica Chile), I have pleasure in setting out as follows my opinion regarding the takeover bid of the shares referred to (the "Bid").

1. Background information behind the Bid:

As you will have noticed in advertisements published in the newspapers El Mercurio of Santiago and La Tercera on September 16 last (the "Notification of Commencement"), the company Inversiones Telefónica Internacional Holding Limitada (the "Bidder"), a company belonging to the Telefónica S.A. group has offered to acquire 486,001,923 series A shares and 41,422,151 series B shares equal to 100% of the total stock of both series issued by Telefónica Chile and which does not belong to the Bidder or to its controller Telefónica Internacional Chile S.A., at a price of 1,000 pesos per series A share and 900 pesos per series B share, payable in cash. The remainder of the terms and conditions of the Bid are mentioned in the Notification of Commencement and in the prospectus of the Bid prepared by the Bidder that is at the disposal of any parties interested and the shareholders of Telefónica Chile.

2. Relations with the Bidder and the controller:

I declare that I have no relationship whatsoever with the partner and controller of Telefónica Chile nor with the Bidder

I also declare that I am not a shareholder of Telefónica Chile, that I have no personal interest in the Bid and that I was elected a director of the company without any votes from the shareholder and controller.

3. An opinion on the Bid.

Whilst preparing this opinion, I have taken into account the information relating to Telefónica Chile that is available to the public, the terms of the Bid reported in the Notification of Commencement and the information found in the prospectus on the Bid prepared by the Bidder.

---

With this in mind, and on the basis of the factors that I mention hereafter, I deem that the Bid might be in the interest of those shareholders wishing to dispose of their investment:

- a) The price offered has been carrying a 25% premium over the latest closing price of the share (11.09.08), a 33% over the series A shares and a 36% over the series B shares compared to the weighted price per volume between June 10 and September 4 2008 and a 34% premium over the average price of series A shares during the last 30 stock market sessions prior to the Notification of Commencement.
- b) The Bid covers all of the series A and B shares of Telefónica Chile that do not belong to the controller, so there is no question of them being apportioned.
- c) The price will be paid in cash within 30 days from the Notification of Commencement.

4.

Final Considerations:

I should like the shareholders to know that I am stating this opinion whilst complying with my legal obligation and it is not an advice or a recommendation to the shareholders to sell or keep their shares of Telefónica Chile. Therefore, I recommend the shareholders seek whatever advice they feel is pertinent both as regards the legal, financial and tax aspects as well as any others, in order that they might to take an informed decision that is in their best interests.

Yours faithfully,
