Item 8.01 - Other Events.

As previously reported, in 1985, Tucson Electric Power Company (“TEP”) sold and leased back its undivided one-half interest in the common facilities at the Springerville Generating Station (the “Springerville Common Facilities Leases”). The Springerville Common Facilities Leases have an initial term to December 2017 for one lease and January 2021 for the other two leases. Under the terms of the Springerville Common Facilities Leases, TEP was required to arrange for refinancing or refunding of the secured notes underlying the leases prior to June 30, 2006 in order to avoid a special event of loss which would have resulted in the termination of the leases and would have required TEP to purchase the facilities for approximately \$125 million.

On June 8, 2006, the \$68 million balance of secured notes was refinanced and the leases were amended to remove the requirement that the notes be periodically refinanced to avoid the occurrence of a special event of loss. The notes underlying one of the leases mature in June 2017 and the notes underlying the other two leases mature in January 2020. The terms of the notes were amended to provide that interest will be payable at LIBOR plus 1.5% for the next three years with the spread over LIBOR increasing by 1/8 of 1% every three years thereafter to 2% by June 2018. Interest had been payable at the rate of LIBOR plus 4%. The notes are callable at par at any time should TEP elect to cause the notes to be refinanced.

A portion of the rent payable by TEP pursuant to the Springerville Common Facilities Leases is determined by the amount of interest payable on the floating rate lease debt. On June 8, 2006, TEP entered into an interest rate swap to hedge a portion of the interest rate risk associated with the portion of rent determined by the interest rate on this debt. This swap has the effect of fixing the interest rate portion of rent at 7.27% on \$37 million of the lease debt.

Copies of the amendments to the leases and tax indemnity agreements which were entered into in connection with the refinancing are attached as exhibits hereto.
