Table of Contents**ALKERMES, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****1. BASIS OF PRESENTATION**

The consolidated financial statements of Alkermes, Inc. (the "Company") for the three months ended June 30, 2002 and 2001 are unaudited and include all adjustments which are normal and recurring and, in the opinion of management, are necessary to present fairly the results of operations for the periods then ended. All such adjustments are of a normal recurring nature. These financial statements should be read in conjunction with the Company's Annual Report on Form 10-K for the year ended March 31, 2002, which includes consolidated financial statements and notes thereto for the years ended March 31, 2002, 2001 and 2000. In addition, the financial statements include the accounts of Alkermes Controlled Therapeutics, Inc., Alkermes Controlled Therapeutics Inc. II, Advanced Inhalation Research, Inc. ("AIR"), Alkermes Investments, Inc., Alkermes Europe, Ltd. and Alkermes Development Corporation II ("ADC II"), wholly owned subsidiaries of the Company.

The results of the Company's operations for any interim period are not necessarily indicative of the results of the Company's operations for any other interim period or for a full fiscal year.

The preparation of the Company's consolidated financial statements in conformity with accounting principles generally accepted in the United States of America necessarily requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. COMPREHENSIVE INCOME (LOSS)

Comprehensive income (loss) is comprised of net income (loss) and other comprehensive income (loss). Other comprehensive income (loss) includes certain changes in the shareholders' equity of the Company that are excluded from net income (loss). Specifically, other comprehensive income (loss) includes unrealized holding gains and losses on the Company's available-for-sale securities and changes in cumulative foreign currency translation adjustments.

Comprehensive income (loss) for the three months ended June 30, 2002 and 2001 is as follows:

	Three Months Ended June 30, 2002	Three Months Ended June 30, 2001
Net loss	(\$45,252,420)	(\$8,342,546)
Foreign currency translation adjustments 49,908 (10,575)		
Unrealized (loss) gain on marketable securities (977,251) 9,182

<hr/>		
Comprehensive loss		
(\$46,179,763) (\$8,343,939)		
<hr/>		
<hr/>		

Table of Contents**3. NET LOSS PER SHARE**

Basic and diluted net loss per share are computed using the weighted average number of common shares outstanding during the period. Basic net loss per share excludes any dilutive effect from stock options and the 3 3/4% Convertible Subordinated Notes due 2007 (the "3 3/4% Notes"). The Company continues to be in a net loss position and, therefore, diluted net loss per share is the same amount as basic net loss per share. Certain securities were not included in the computations of diluted net loss per share for the three months ended June 30, 2002 and 2001 because they would have an antidilutive effect due to net losses for such periods. These securities include (i) outstanding stock options and awards with respect to 11,368,201 and 9,455,725 shares of common stock in the three months ended June 30, 2002 and 2001 and (ii) 2,952,030 shares of common stock issuable upon conversion of the 3 3/4% Notes in the three months ended June 30, 2002 and 2001.

4. INVESTMENT IN RELIANT PHARMACEUTICALS, LLC

In December 2001, the Company announced a strategic alliance with Reliant Pharmaceuticals, LLC, a privately held pharmaceutical company marketing branded, prescription pharmaceutical products to primary care physicians in the U.S.

As part of the alliance, in December 2001, the Company purchased approximately 63% of an offering by Reliant of its Series C Convertible Preferred Units, representing approximately 19% of the equity interest in Reliant, for a purchase price of \$100 million. The investment is being accounted for under the equity method of accounting because Reliant is organized as a limited liability company which is treated in a manner similar to a partnership. Because, at the time of the Company's investment, Reliant had an accumulated deficit from operations and a deficit in members capital, under applicable accounting rules, the Company's share of Reliant's losses from the date of the investment will be recognized in proportion to the Company's percentage participation in the Series C financing, and not in proportion to its percentage ownership interest in Reliant. The Company records its equity in the income or losses of Reliant three months in arrears. Reliant is a privately held company over which the Company does not exercise control and it relies on the unaudited financial statements prepared by Reliant and provided to the Company to calculate its share of Reliant's losses in the Company's consolidated statements of operations. The Company anticipates that Reliant will have substantial net losses through 2003, and accordingly, recorded its 63% share of such losses in its consolidated financial statements beginning in the quarter ended March 31, 2002.

Summarized financial information related to Reliant for the three-month period ended March 31, 2002 is as follows:

<u>(In thousands)</u>	
Revenues	\$ 58,609
Costs and expenses	88,461
Net loss	(29,644)

In connection with the Company's \$100 million equity investment in Reliant, the Company is in the process of allocating its proportionate share of the assets acquired and liabilities assumed in accordance with the guidance set forth in Statement of Financial Accounting Standards (SFAS) No. 141. The Company took a \$2.7 million noncash charge for in-process research and development through the income statement under the caption "Equity in losses of Reliant Pharmaceuticals, LLC" in fiscal 2002. The \$2.7 million noncash charge is related to management's current estimate of the amount of the purchase price to be allocated to in-process research and development. This analysis of the purchase price allocation is preliminary and the amount of in-process research and development is subject to future adjustment.

Table of Contents

Termination of Proposed Merger Transaction with Reliant

On March 20, 2002, we entered into an Agreement and Plan of Merger (the Merger Agreement) with Reliant. On August 14, 2002, the Company and Reliant announced the mutual termination of the Merger Agreement. The companies agreed to terminate due to general market conditions. There will be no payments triggered by the mutual termination and each company will bear its own legal and transaction fees.

5. RECENT ACCOUNTING PRONOUNCEMENTS

In August 2002, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 146, Accounting for Costs Associated with Exit or Disposal Activities. SFAS No. 146 addresses financial accounting and reporting for costs associated with exit or disposal activities and nullifies Emerging Issues Task Force Issue No. 94-3, Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring). SFAS No. 146 requires that a liability for a cost associated with an exit or disposal activity be recognized when the liability is incurred. The provisions of SFAS No. 146 are effective for exit or disposal activities that are initiated after December 31, 2002. The Company does not believe that the adoption of SFAS No. 146 will have a material impact on its financial statements and result of operations.

6. SUBSEQUENT EVENT

In August, the Company announced the regulatory approval and expected commercial launch of Risperdal Consta in Germany and the United Kingdom. Under the Company's agreements with Janssen and based on the foregoing, certain minimum revenues are to be paid to the Company in minimum annual amounts for up to ten years beginning in calendar 2003. The actual amount of such minimum revenues will be determined by a formula and are currently estimated to aggregate approximately \$150 million. The minimum revenue obligation will be satisfied upon receipt by the Company of revenues equalling such aggregate amount of minimum revenues.
