**PROXY STATEMENT FOR
ANNUAL MEETING OF STOCKHOLDERS
AUGUST 5, 2004**

INFORMATION CONCERNING SOLICITATION AND VOTING

The enclosed proxy is solicited on behalf of the Board of Directors of Viewpoint Corporation (the Company) for use at the Annual Meeting of Stockholders to be held on Thursday, August 5, 2004 at 10:00 a.m., local time, or at any adjournment thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Sheraton New York Hotel and Towers, 811 Seventh Avenue, 3rd Floor, New York, NY.

These proxy solicitation materials and the Company's Annual Report to Stockholders for the year ended December 31, 2003, including financial statements, are being mailed on or about June 24, 2004 to all stockholders entitled to vote at the Annual Meeting.

Record Date and Voting Securities

Stockholders of record at the close of business on June 10, 2004 are entitled to notice of and to vote at the meeting. Each stockholder is entitled to one vote for each share of common stock on all matters presented at the meeting. Stockholders do not have the right to cumulative voting in the election of directors. On June 10, 2004, 52,466,647 shares of common stock, \$0.001 par value, of the Company were issued and outstanding.

If your shares are registered directly in your name with our transfer agent, Equiserve Trust Company, N.A., you are considered, with respect to those shares, the stockholder of record. As the stockholder of record, you have the right to vote in person at the meeting. If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name, and the proxy materials are being forwarded to you by the nominee together with a voting instruction card. As the beneficial owner, you are also invited to attend the annual meeting. However, since a beneficial owner is not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a legal proxy from the broker, trustee, or nominee that holds your shares, giving you the right to vote the shares at the meeting.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use, whether the proxy was given by telephone, via the Internet or by proxy card. The proxy may be revoked by delivering to the Secretary of the Company a written notice of revocation or a duly executed proxy bearing a later date, or by making an authorized Internet or telephone communication on a later date in accordance with the instructions on the enclosed proxy card. It may also be revoked by attendance at the meeting and voting in person.

Voting and Solicitation

Proxies properly given and not revoked will be voted in accordance with the specifications made. Where no specifications are given, such proxies will be voted as the management of the Company may propose. If any matter not described in this proxy statement is properly presented for action at the meeting, the persons named in the enclosed form of proxy will have discretionary authority to vote according to their best judgment.

The cost of soliciting proxies will be borne by the Company. The Company may also reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation

materials to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers, and employees, without additional compensation, personally or by telephone or telegram.

Quorum; Required Votes; Abstentions; Broker Non-Votes

The required quorum for the transactions of business being voted on at this year's Annual Meeting is a majority of the votes eligible to be cast by holders of shares of common stock issued and outstanding on the record date. Shares that are voted FOR, AGAINST, WITHHELD or ABSTAIN are treated as being present at the meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the Annual Meeting with respect to such matter. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner. Broker non-votes are treated as being present at the meeting for purposes of establishing a quorum.

With respect to the election of directors, Delaware law requires the affirmative vote of the holders of a plurality of the common stock present and entitled to vote on the election of directors at the Annual Meeting. Therefore, for purposes of the election of directors, abstentions will have no effect on the outcome of the vote.

The affirmative vote of a majority of the outstanding common stock is required to amend the Company's certificate of incorporation.

The affirmative vote of a majority of the votes cast is required to adopt all other proposals being voted on at this year's Annual Meeting.

Although there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, the Company believes that abstentions should be counted for purposes of determining the total number of votes cast with respect to a proposal (other than the election of directors). In the absence of controlling precedent to the contrary, the Company intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against the proposal.

The Delaware Supreme Court has held that, while broker non-votes should be counted for purposes of determining the presence or absence of a quorum for the transaction of business, broker non-votes should not be counted for purposes of determining the number of votes cast with respect to the particular proposal on which the broker has expressly not voted. The Company intends to treat broker non-votes in a manner consistent with this holding. Thus, a broker non-vote will not affect the outcome of the voting on any of the proposals at the Annual Meeting.

Officers, directors and greater-than ten percent stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, the Company believes that during the year ended December 31, 2003, its officers, directors and greater-than ten percent stockholders complied with all Section 16(a) filing requirements.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE NOMINEES SET FORTH ABOVE.

Independence of Directors

The Board of Directors has determined that the majority of the Board of Directors is comprised of independent directors within the meaning of applicable Nasdaq listing standards. The Company's independent directors include: Messrs. Bennett, Crabbe, Duff, Jones, and Raney.

Board of Directors Meetings and Committees

The Board of Directors of the Company held 13 meetings in 2003. Each director who served as a director in fiscal year 2003 and who is nominated for re-election attended at least 92% of the meetings held during fiscal year 2003.

The Board of Directors has an audit committee (the Audit Committee) which currently consists of Dennis Raney, serving as Chairman, James E. Crabbe, and Samuel H. Jones, Jr. Mr. Bennett served on the Audit Committee from his appointment to the Board of Directors in November 2000 until February 24, 2004, the date on which Mr. Bennett was appointed to the Nominating Committee of the Board of Directors (described below). Lennert Leader served on the Audit Committee from his appointment to the Board of Directors in November 2000 until the annual meeting of stockholders in 2003, at which time Mr. Leader did not stand for re-election to the Board of Directors.

The Audit Committee held five meetings during fiscal year 2003. Each director who served on the Audit Committee during fiscal year 2003 and who is nominated for re-election to the Board of Directors attended all of the meetings of the Audit Committee held in 2003.

The Audit Committee's role includes the oversight of our financial, accounting and reporting processes, our system of internal accounting and financial controls and our compliance with related legal and regulatory requirements, the appointment, engagement, termination and oversight of our independent auditors, including conducting a review of their work, reviewing and pre-approving any audit and non-audit services that may be performed by them, reviewing with management and our independent auditors the adequacy of our internal financial controls, and reviewing our critical accounting policies and the application of accounting principles.

Each member of the Audit Committee meets the independence criteria prescribed by applicable law and the rules of the Securities and Exchange Commission (the SEC) for audit committee membership. Each

member is an independent director within the meaning of applicable Nasdaq listing standards and each member meets Nasdaq's financial knowledge requirements. The Board of Directors has further determined that Mr. Raney is an audit committee financial expert as such term is defined in Item 401 (h) of Regulation S-K promulgated by the SEC and that Mr. Raney meets Nasdaq's professional experience requirements. The Audit Committee operates pursuant to a written charter, which complies with the applicable provisions of the Sarbanes-Oxley Act of 2002 and related rules of the SEC and the Nasdaq. A copy of the Audit Committee charter is attached as Appendix A to this Proxy Statement and also can be found in the Investor Relations section of our website at www.viewpoint.com.

The Board of Directors has a compensation committee (the Compensation Committee) which consists of Samuel H. Jones, Jr. and Thomas Bennett. Mr. Crabbe served on the Compensation Committee from his appointment to the Board of Directors in March 2003 through February 24, 2004, on which date Mr. Crabbe became a member of the Company's newly-formed Nominating Committee. Bruce R. Chizen served on the Compensation Committee from his appointment to the Board of Directors in November 2000 until his resignation from the Board of Directors of the Company effective January 31, 2003.

The Compensation Committee's primary function is to develop and monitor compensation arrangements for the officers and directors of the Company, and monitor stock option activity for the Company. The Compensation Committee held three meetings during fiscal 2003 and acted twice by unanimous written consent. Each member of the Compensation Committee attended each meeting held during his tenure.

The Board of Directors has a nominating committee (the Nominating Committee) which consists of Messrs. Bennett, Crabbe, and Duff. The Nominating Committee's primary purpose is to evaluate candidates for membership on the Board and make recommendations to the Board regarding candidates, and make recommendations with respect to the composition of the Board and the committees thereof. The members of the Nominating Committee are all independent directors within the meaning of applicable Nasdaq listing standards. The Nominating Committee operates pursuant to a written charter, a copy of which can be found in the Investor Relations section of our website at www.viewpoint.com.

In carrying out its function to nominate candidates for election to the Board, the Nominating Committee considers the mix of skills, experience, character, commitment, and diversity of background, all in the context of the requirements of the Board at that point in time. The Nominating Committee believes that each candidate should be an individual who has demonstrated integrity and ethics in such candidate's personal and professional life, have an understanding of elements relevant to the success of a publicly-traded company and have established a record of professional accomplishment in such candidate's chosen field. Each candidate should be prepared to participate fully in Board activities, including attendance at, and active participation in, meetings of the Board, and not have other personal or professional commitments that would, in the Nominating Committee's judgment, interfere with or limit such candidate's ability to do so. Each candidate should also be prepared to represent the best interests of all of Viewpoint's stockholders and not just one particular constituency. Additionally, in determining whether to recommend a director for re-election, the Nominating and Committee also considers the director's past attendance at Board and Committee meetings and participation in and contributions to the activities of the Board. The Nominating Committee has no stated specific, minimum qualifications that must be met by a candidate for a position on our Board. The Nominating Committee does, however, believe it appropriate for at least one member of the Board to meet the criteria for an audit committee financial expert as defined by SEC rules, and that a majority of the members of the Board meet the definition of independent director within the meaning of applicable Nasdaq listing standards.

The Nominating Committee's method for identifying candidates for election to the Board (other than those proposed by Viewpoint's stockholders, as discussed below) include the solicitation of ideas for possible candidates from a number of sources: members of the Board; our executives; individuals personally known to the members of the Board; and other research, including database and Internet searches. The Nominating Committee may also from time to time retain one or more third-party search firms to identify suitable candidates.

The Nominating Committee will consider candidates for director recommended by stockholders. Stockholders wishing to recommend candidates for the Nominating Committee's consideration should contact the Nominating Committee by postal mail addressed to Viewpoint Corporation, 498 Seventh Avenue, New York, N.Y. 10018, Attention: Nominating Committee.

Any stockholder may nominate one or more persons for election as a director of the Company at an annual meeting of stockholders if the stockholder complies with the notice, information and consent provisions contained in the Company's Bylaws. In addition, the notice must include any other information required pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended. In order for the director nomination to be timely submitted for the annual meeting of stockholders to be held in 2005, a stockholder's notice to the Company's Secretary must be delivered to Viewpoint's principal executive offices no later than February 13, 2005.

The Nominating Committee will consider all candidates identified through the processes described above, and will evaluate each of them, including incumbents, based on the same criteria.

Messrs. Amato, Crabbe, Duff, and Jones attended the 2003 annual meeting of stockholders. The Company does not have a policy regarding board members' attendance at annual meetings of stockholders.

Report of the Audit Committee

The members of the Audit Committee are all independent directors who are qualified for service under the NASD listing standards. The Audit Committee acts under a written charter, a copy of which is attached as Appendix A to this Proxy Statement and can be found in the Investor Relations section of our website at www.viewpoint.com.

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. The independent auditors are responsible for performing an independent audit of the Company's financial statements in accordance with auditing standards generally accepted in the United States and issuing a report thereon.

In the performance of its oversight function, the Audit Committee reviewed and discussed with management and the independent auditors the Company's audited financial statements. The Audit Committee also discussed with the independent auditors the matters required by Statement on Auditing Standards No. 61 relating to communication with audit committees. In addition, the Audit Committee received from the independent auditors the written disclosures and letter required by Independence Standards Board Standard No. 1 relating to independence discussions with audit committees, the Audit Committee discussed with the independent auditors that firm's independence, and considered whether the independent auditor's provision of non-audit services to the Company is compatible with maintaining the auditor's independence.

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audits. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's 2003

In 2003 the fees related primarily to assistance in responding to comments of the SEC in connection with the SEC's review of the Company's registration statement filings. In 2002 the fees related primarily to the audit of the Company's 401k Plan. The Audit Committee determined that the provision of the services described under this caption All Other Fees is compatible with maintaining the independence of PricewaterhouseCoopers LLP.

Pre-Approval Policies and Procedures

The Audit Committee reviews on a periodic basis all audit and non-audit services to be performed by the Company's independent auditors. All audit and non-audit services are pre-approved by the Audit Committee, which considers, among other things, the possible effect of the performance of such services on the auditor's independence. The Audit Committee has considered the role of PricewaterhouseCoopers LLP in providing services to the Company for the fiscal year ended December 31, 2003 and has concluded that such services are compatible with its independence as the Company's auditors. The Audit Committee has established pre-approval policies and procedures pursuant to which all services will be rendered by the independent auditors in the future. All of the services performed in connection with the fees detailed above were approved by the Audit Committee.

Compensation of Directors

The Company compensates each of its non-employee directors, other than Mr. Raney, as follows: each non-employee director is paid (i) \$2,500 at the end of each fiscal quarter in which he or she is a director, (ii) \$1,000 for each regular Board meeting he or she attends, and (iii) \$500 for each Board committee meeting he or she attends; provided, however, that if more than one committee meeting is held on the same day or a Board meeting and one or more committee meetings are held on the same day, no more than the initial \$500 or \$1,000, as the case may be, is paid to any director for all such meetings attended by such director on such date. We paid no fees to members of the Board for meetings they attended by telephone in 2003.

The Company compensates Mr. Raney, who became a member of the Board of Directors on February 24, as follows: (i) \$5,000 at the end of each quarter for his services as a member of the Board and Chairman of the Audit Committee, (ii) \$1,500 for each meeting of the Board he attends in person, and (iii) \$750 for each meeting of the Audit Committee he attends in person. The Company pays fees to Mr. Raney for attending meetings of the Board and meetings of the Audit Committee regardless of whether a meeting of the Board and a meeting of the Audit Committee are held on the same day.

Each non-employee director who joins the Board is automatically granted an option to purchase 20,000 shares of Common Stock on the date upon which such person first becomes a director. In the case of Mr. Raney, the Company agreed to increase this initial option grant to an option to acquire 50,000 shares. Each non-employee director also automatically receives an option to purchase 5,000 shares of Common Stock on January 1 of each year, provided the director has been a member of the Board for at least six months. In the case of Mr. Raney, the Company agreed to increase this annual option grant to an option to acquire 12,000 shares.

The exercise price of each option granted to directors is equal to the fair market value of the Common Stock on the date of grant. The option granted to non-employee directors on the day they join the Board vests at a rate of one-eighth of the option shares upon the end of the first six-month period after the date of grant and one-forty-eighth of the remaining option shares per month thereafter, provided the optionee remains a director of the Company. The options granted to non-employee directors on the first business day of each year vests at the rate of one-half of the option shares upon the end of the first six-month period after the date of grant and one-twelfth of the remaining option shares per month thereafter, provided the optionee remains a director of the Company. Options granted under the Director Plan have a term of ten years unless terminated sooner, whether upon termination of the optionee's status as a director or otherwise pursuant to the Director Plan.

In accordance with the compensation arrangements described above, the Company granted options to acquire 5,000 shares of Company common stock to each of Messrs. Bennett, Chizen, Jones, and Leader under the Director Plan at an exercise price of \$1.71, the closing price of the Company's common stock on NASDAQ on January 2, 2003.

In addition to Mr. Amato and Mr. Rice, Mr. William H. Mitchell, 46, and Mr. Brian J. O'Donoghue, 41, are Executive Officers of the Company.

These amounts do not represent the Company's estimate of future stock price. Actual gains, if any, on stock option exercises will depend on the future performance of Company common stock.

Employment Agreements with Executive Officers

The Company entered into agreements with Messrs. Amato, Holecek, Mitchell, Morgan, O. Donoghue, and Rice.

The Company entered into an employment agreement with Mr. Amato in August 2003 for a two-year term. The agreement provides for an annual base salary of \$395,000, a signing bonus of \$50,000, and additional bonuses based on the Company's achievement of certain financial targets. Mr. Amato was granted an option to acquire 1,250,000 shares of common stock at an exercise price of \$0.72 per share, the closing price of the Company's common stock on the day immediately preceding the commencement of Mr. Amato's employment. Fifty percent (50%) of the shares subject to the option vest on each of the first and second anniversaries of Mr. Amato's employment. However, if Mr. Amato's employment is terminated by the Company without cause (as defined) or by Mr. Amato for good reason (as defined), Mr. Amato is entitled to receive an amount equal to two times his base salary and all outstanding options issued to Mr. Amato would immediately vest and become exercisable. In addition, if Mr. Amato's employment is terminated within one year following a change in control of the Company (as defined), Mr. Amato would be entitled to receive two times his base salary and all options issued to Mr. Amato would immediately vest and become exercisable.

The Company entered into an employment agreement with Mr. Holecek in 1996 under which the Company retained Mr. Holecek as Associate Engineer for an annual base salary of \$40,000. Mr. Holecek has been promoted several times since starting with the Company and now serves as Senior Vice President of Technology at an annual base salary of \$200,000. In 2003, the Company entered into a termination protection agreement with Mr. Holecek which provides that Mr. Holecek would be entitled to receive a payment equal to two times his base salary and all outstanding options issued to Mr. Holecek would vest and become exercisable in the event that Mr. Holecek's employment is terminated under certain circumstances following a change in control of the Company. Mr. Holecek resigned his employment with the Company in February 2004.

The Company entered into an employment with Mr. Mitchell in July 2003 under which Mr. Mitchell agreed to serve as Chief Financial Officer for a two-year term. The agreement provides for an annual base salary of \$225,000, a minimum annual bonus of \$25,000, and an annual discretionary bonus based on the achievement of management-based objectives of up to \$50,000. In accordance with the agreement, the Company granted to Mr. Mitchell an option to acquire 350,000 shares of common stock at an exercise price of \$0.77 per share, the closing price of the Company's common stock on the day immediately preceding the commencement of Mr. Mitchell's employment. The agreement further provides that the Company will grant to Mr. Mitchell an option to acquire an additional 150,000 shares of common stock on the first anniversary of

his starting date at an exercise price equal to the closing price of the Company's common stock on that day. Twenty-five percent (25%) of the shares subject to the options vest on the first anniversary of the date of grant and one-thirty-sixth of the remaining shares vest monthly thereafter. However, if Mr. Mitchell's employment is terminated by the Company without cause (as defined) or by Mr. Mitchell for good reason (as defined), within the first year of Mr. Mitchell's employment, Mr. Mitchell would be entitled to receive an amount equal to 50% of his base salary and 50% of the unvested portion of issued options would immediately vest in Mr. Mitchell and become exercisable. If such termination occurs after the first anniversary of Mr. Mitchell's employment, 100% percent of the shares subject to issued options would vest in Mr. Mitchell and Mr. Mitchell would be entitled to receive a payment equal to his base salary. In addition, if the Company enters into an agreement with a third party in the first year of Mr. Mitchell's employment that leads to a change in control of the Company (as defined) and Mr. Mitchell's employment is terminated within one year following the change in control, Mr. Mitchell would be entitled to receive an amount equal to his base salary and 50% of unvested options would immediately vest in Mr. Mitchell and remain exercisable. If the Company enters into an agreement with a third party that leads to a change in control after the first anniversary of Mr. Mitchell's employment and Mr. Mitchell's employment is terminated within one year following the change in control, Mr. Mitchell would be entitled to receive two times his base salary and the options issued to Mr. Mitchell would immediately vest and become exercisable.

The Company entered into an employment agreement with Mr. Morgan in March 2002 under which the Company retained Mr. Morgan as General Manager of the Company's enterprise solutions group at an annual base salary of \$175,000 and a bonus based on revenue generated by the enterprise solutions group. Mr. Morgan's position at the Company subsequently changed to senior vice president of operations and Mr. Morgan's salary has been increased to \$200,000 per year. Under the agreement, the Company issued to Mr. Morgan an option to acquire 125,000 shares of common stock at an exercise price of \$5.73. Twenty-five percent (25%) of the shares subject to the option vested on the first anniversary of the date of grant and one-thirty-sixth of the remaining shares vest monthly thereafter. In 2003, the Company entered into a termination protection agreement with Mr. Morgan which provides that Mr. Morgan would be entitled to receive a payment equal to two times his base salary and all outstanding options issued to Mr. Morgan would vest and become exercisable in the event that Mr. Morgan's employment is terminated under certain circumstances following a change in control of the Company.

The Company entered into an employment agreement with Mr. O'Donoghue in April 2000 under which Mr. O'Donoghue agreed to serve as General Counsel of the Company and the Company agreed to pay to Mr. O'Donoghue a base salary of \$150,000 per year and to grant to Mr. O'Donoghue an option to acquire 200,000 shares of the Company's common stock. The agreement further provides that if Mr. O'Donoghue's employment is terminated by the Company without cause (as defined) or is terminated by Mr. O'Donoghue for good reason (as defined), Mr. O'Donoghue will receive an amount equal to his base salary and the unvested portion of all stock options held by Mr. O'Donoghue would immediately vest and become exercisable. In 2003, the Company entered into a termination protection agreement with Mr. O'Donoghue which provides that Mr. O'Donoghue would be entitled to receive a payment equal to three times his base salary and all outstanding options issued to Mr. O'Donoghue would vest and become exercisable in the event that Mr. O'Donoghue's employment is terminated under certain circumstances following a change in control of the Company.

The Company entered into an employment agreement with Mr. Rice in December 2001 under which Mr. Rice agreed to serve as President and Chief Executive Officer of the Company for a two-year term ending December 31, 2003. The agreement provides for an annual base salary of \$330,000. Under the agreement, the Company granted to Mr. Rice two options to purchase shares of the Company's common stock at a price of \$3.88 per share, the fair market value of the Company's common stock on the date of grant. One of the stock option grants provides Mr. Rice with the option to acquire 200,000 shares, with 25% of the total grant vesting on the first anniversary of date of grant and the remainder vesting at the rate of 1/36th per month thereafter. The second option grant provides Mr. Rice with the option to acquire 1,000,000 shares (the Performance-Based Option). Six and three-tenths percent (6.3%) of the shares subject to the Performance-Based Option will vest at the end of each fiscal quarter in which the Company achieves financial goals established by the Board

of Directors. If the Company does not achieve such financial goals, the allotted shares will not vest and Mr. Rice will have no right to exercise the option with respect to the allotted shares except in accordance with the following. If there is a change in control of the Company (as defined in the employment agreement), a percentage of the unvested portion of the Performance-Based Option will vest equal to the multiple of the exercise price received by the Company as consideration in the change in control. For example, if the per share consideration received by the Company in the change in control is twice the exercise price of the Performance-Based Option, fifty percent of the unvested portion of the Performance-Based Option will vest.

Mr. Rice's employment agreement provides that if his employment is terminated by the Company without cause (as defined in the agreement), or by Mr. Rice under circumstances where the Company reduced Mr. Rice's duties without his consent, Mr. Rice would be entitled to immediate vesting of all of his unvested Company stock options (other than the Performance-Based Option) and severance pay equal to twice his annual base salary. The Company and Mr. Rice entered into an amendment to Mr. Rice's employment agreement in July 2003 under which Mr. Rice and the Company agreed that a change in Mr. Rice's position and title to Executive Chairman of the Board of Directors would not trigger Mr. Rice's right to terminate the employment agreement and receive the enhanced separation benefits. The agreement was further amended to extend Mr. Rice's employment to December 31, 2004 and to provide that any options vested in Mr. Rice at the termination of his employment would remain exercisable by Mr. Rice for a period of three years thereafter. Also in 2003, the Company entered into a termination protection agreement with Mr. Rice which provides that Mr. Rice would be entitled to receive a payment equal to three times his base salary and all outstanding options issued to Mr. Rice would vest and become exercisable in the event that Mr. Rice's employment is terminated under certain circumstances following a change in control of the Company.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee is a former or current officer or employee of the Company. No interlocking relationship exists between any member of the Compensation Committee and any member of any other company's board of directors or compensation committee.

Report of the Compensation Committee of the Board of Directors

The Compensation Committee administers the Company's stock option plans and determines the compensation of executive officers of the Company, other than the Chief Executive Officer whose compensation is determined by all non-employee directors of the Company on the basis of recommendations submitted by the Compensation Committee.

The Compensation Committee is comprised of only non-employee directors who are appointed by the Board of Directors.

Compensation Philosophy

The Company operates in the competitive and rapidly changing environment of high technology businesses. The Company's compensation philosophy is based on the belief that achievement in this environment is enhanced by the coordinated efforts of all individuals working toward common objectives. The goals of the Company's compensation program are to align compensation with the Company's business objectives and performance, to foster teamwork and to enable the Company to attract, retain and reward employees who contribute to the Company's long-term success.

Compensation Components

The Company's executive officers are compensated with a salary and stock option awards. Certain executive officers are also sometimes eligible for bonuses. The Committee assesses the past performance and anticipated future contribution, and considers the total compensation (earned or potentially available) of each executive officer in establishing each element of compensation.

Salary. The salaries of the executive officers are determined by the Committee with reference to salaries paid to executives with similar responsibilities at comparable companies, generally in the high technology industry. The peer group for each executive officer is composed of executives whose responsibilities are similar in scope and content. The Company seeks to set executive compensation levels that are competitive with the average levels of peer group compensation.

Stock Options. Stock option awards are designed to align the interests of executives with the long-term interests of the stockholders. The Committee approves option grants subject to vesting periods to retain executives and encourage sustained contributions. The exercise price of options is typically not less than the closing market price on the date of grant. These options will increase in value only to the extent that the price of Company common stock increases relative to the market price at the date of grant. In some cases, options only vest if the Company or the individual achieves performance goals established by the Board of Directors.

Bonus. Although the Company has had incentive compensation plans under which executive officers may be eligible to receive cash bonuses in prior years, no such plan was in place for the years 2002 and 2003. Targets for sales growth and operating income generally determine whether and to what extent incentive compensation payments will be made under such plans and individual payments are typically based on the Company's achievement of these targets. The Committee approved the payment of a bonus to one executive officer in 2003 in recognition of his services rendered in 2002. The Company paid no other cash bonuses to executive officers in or for fiscal year 2002.

Chief Executive Officer's Compensation

The Company entered into an employment agreement with Mr. Rice in December 2001 for a two-year term ending December 31, 2003 which provides for an annual base salary of \$330,000. In addition, the

Company granted Mr. Rice two options to purchase shares of the Company's common stock at a price of \$3.88 per share, the fair market value of the Company's common stock on the date of grant.

One of the stock option grants provides Mr. Rice with the option to acquire 200,000 shares, with 25% of the total grant vesting on the first anniversary of the date of grant and the remainder vesting at the rate of 1/36th per month thereafter. The second option grant provided Mr. Rice with the option to acquire 1,000,000 shares. Vesting of the right to acquire these shares was primarily conditioned on the Company's achievement of financial goals established by the Board of Directors from time to time. If the Company does not achieve such goals, the allotted shares would not vest in Mr. Rice and Mr. Rice will have no right to exercise the option with respect to the allotted shares except in limited circumstances involving a change in control of the Company (as defined in the employment agreement).

In August 2003, the Company retained Mr. Amato to serve as Chief Executive Officer and entered into an employment agreement with Mr. Amato having a two-year term and compensation and other provisions approved by the full Board of Directors. In connection with the retention of Mr. Amato, Mr. Rice and the Board of Directors agreed that Mr. Rice's role would change to Executive Chairman and the Company's employment agreement with Mr. Rice would be extended to December 31, 2004.

In determining its Chief Executive Officers' compensation, the Company made reference to several surveys of compensation of chief executive officers of similarly-situated companies and considered their respective roles in leading the Company.

PROPOSAL TWO:

AMEND CERTIFICATE OF INCORPORATION

On May 3, 2004, our Board of Directors adopted, subject to stockholder approval, an amendment to our Certificate of Incorporation to increase the total authorized shares from 75,000,000 shares to 100,000,000 shares. Such increase would be effectuated by amending the first paragraph of current Article Four of the Certificate of Incorporation of the Company to read as follows:

This Corporation is authorized to issue two classes of shares to be designated respectively Common Stock and Preferred Stock. The total number of shares of Common Stock this Corporation shall have authority to issue is 100,000,000 shares, and shall have a par value of \$0.001 per share, and the total number of shares of Preferred Stock this Corporation shall have authority to issue is 5,000,000 shares, and shall have a par value of \$0.001 per share.

The additional shares of common stock for which authorization is sought herein would be part of the existing class of common stock and, if and when issued, would have the same rights and privileges as the shares of common stock presently outstanding.

As of June 10, 2004, 52,466,647 shares of Common stock were issued and outstanding. Approximately 11,700,000 additional shares are reserved for issuance upon exercise of outstanding options awarded to employees, officers, and directors. The Company intends to issue approximately 1,721,000 shares of common stock in satisfaction of outstanding notes issued in December 2002. An additional 726,330 shares are reserved for issuance upon exercise of warrants issued to investors who acquired convertible notes issued by the Company in December 2002.

Therefore, of the 75,000,000 shares currently authorized for issuance by the Certificate of Incorporation, approximately 8,500,000 shares are presently available for general corporate purposes.

Purposes and Effects of the Authorized Shares Amendment

The increase in authorized shares of Common stock is recommended by the Board of Directors in order to provide a sufficient reserve of such shares for general corporate purposes and growth. The Board of Directors believes that an increase in the total number of shares of authorized capital stock will give the Company greater flexibility in responding quickly to advantageous business opportunities. Such additional authorized shares would be available for issuance at the discretion of the Board of Directors without further stockholder approval (subject to certain provisions of law and the Marketplace Rules of The Nasdaq Stock Market, Inc.) for use in connection with possible acquisitions, to take advantage of future opportunities for equity financing, to improve our capital structure, and for other corporate purposes. The Marketplace Rules of The Nasdaq Stock Market, Inc. currently require listed companies to obtain stockholder approval before issuing in a transaction (other than a public offering) twenty percent (20%) or more of the issuer's common stock outstanding before the transaction.

We have no arrangements, agreements, or understandings in place at the present time for the issuance or use of the additional shares of Common stock to be authorized by the proposed amendment to the Certificate. The Board of Directors does not intend to issue any common stock or securities convertible into Common stock except on terms that the Board of Directors deems to be in best interests of the Corporation and its stockholders.

Although an increase in the authorized shares of Common stock could, under certain circumstances, have an anti-takeover effect, this proposal to amend the Certificate of Incorporation is not in response to any effort of which we are aware to accumulate our stock or obtain control of the Corporation, nor is it part of a plan by management to recommend a series of similar amendments to the Board of Directors and stockholders.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE PROPOSAL TO AMEND THE COMPANY S CERTIFICATE OF INCORPORATION TO INCREASE THE AUTHORIZED SHARES.

PROPOSAL THREE:

The representative will also be available to respond to appropriate questions.
