PART III NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

(Attach extra Sheets if Needed)

On November 6, 2008, the management of the Registrant concluded, with the approval of the Audit Committee of the Registrant's Board of Directors, that its previously filed consolidated financial statements contained in our March 31, 2008 and June 30, 2008 Quarterly Reports on Forms 10-Q and our December 31, 2007 Annual Report on Form 10-K, as well as the related report of the Registrant's independent registered public accounting firm, should no longer be relied upon. Registrant's management determined that the Company's previously filed consolidated statements of cash flows should be restated to (a) eliminate certain non-cash activities related to maintenance payments, security deposits and advance lease rentals from the operating and investing activity sections and (b) reclassify certain maintenance payments and security deposits from operating activities to financing activities.

Currently, the Registrant is completing its work on the aforementioned restatement of previously filed financial statements. Any adjustments applicable to prior periods may affect data relevant to the statements of cash flows for the period ended September 30, 2008. If the Registrant were to make a timely filing of its Form 10-Q for the period ended September 30, 2008, before completion of the restatement of previously filed financial statements, the Registrant could potentially be obliged to adjust its September 30, 2008 filing, causing confusion to the public.

The Registrant expects to complete the filing of its Form 10-Q for the period ended September 30, 2008 within the period specified in clause (b) of Part II above.
