PART III NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

On February 25, 2010, athenahealth, Inc. (the Company) announced that it was conducting an internal review, initiated by the Company, of its accounting policy for the amortization period for deferred implementation revenue. The Company could not file its Annual Report on Form 10-K for the fiscal year ended December 31, 2009, within the prescribed time period due to this on-going internal review. Implementation revenue is generated from implementation of the Company's services for new customers and is recorded as deferred revenue until the implementation service is complete and ongoing services commence. Once implementation is complete, the associated fees are recognized ratably on a monthly basis over the expected performance period. The Company's clients typically purchase one-year contracts that renew automatically, and, to date, the Company has determined that the expected performance period is equal to the initial contract period. Management's review of whether this period of amortization should be extended to a longer expected performance period could not be completed within the prescribed time period for filing of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2009, without unreasonable effort and expense.

The Company and its advisors are working expeditiously to complete the review process. The Company expects to file its Annual Report on Form 10-K for the fiscal year ended December 31, 2009, on or before March 16, 2010.

If answer is no, identify report(s). Yes No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? Yes No *

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

* Based on the on-going internal review discussed in Part III above, the Company has not checked either box in Part IV subsection 3 because it is not possible at this time for the Company to determine whether any significant change in results of operations from the corresponding periods for the last fiscal year will be reflected by the earnings statements to be included in the Annual Report on Form 10-K for the year ended December 31, 2009.
