PROXY STATEMENT

March 25, 2010

SOLICITATION AND REVOCATION OF PROXIES

This Proxy Statement is furnished to shareholders of The Gorman-Rupp Company in connection with the solicitation by the Board of Directors of the Company of proxies for use at the Annual Meeting of the Shareholders to be held at the Company's Corporate Headquarters, 600 South Airport Road, Mansfield, Ohio, at 10:00 a.m., Eastern Daylight Time, on Thursday, April 22, 2010. Holders of Common Shares of record at the close of business on March 10, 2010 are the only shareholders entitled to notice of and to vote at the Meeting.

A shareholder, without affecting any vote previously taken, may revoke his proxy by the execution and delivery to the Company of a later proxy with respect to the same shares, or by giving notice to the Company in writing or in open meeting. The presence at the Meeting of the person appointing a proxy does not in and of itself revoke the appointment.

OUTSTANDING SHARES AND VOTING RIGHTS

As of March 10, 2010, the record date for the determination of persons entitled to vote at the Meeting, there were 16,710,535 Common Shares outstanding. Each Common Share is entitled to one vote.

The mailing address of the principal executive offices of the Company is 600 South Airport Road, Mansfield, Ohio 44903. This Proxy Statement and accompanying proxy are being mailed to shareholders on or about March 25, 2010.

If notice in writing is given by any shareholder to the President, a Vice President or the Secretary of the Company, not less than 48 hours before the time fixed for the holding of the Meeting, that such shareholder desires that the voting for the election of Directors be cumulative, and if announcement of the giving of such notice is made upon the convening of the Meeting by the Chairman or Secretary or by or on behalf of the shareholder giving such notice, each shareholder shall have the right to cumulate such voting power as he possesses at such election. Under cumulative voting, a shareholder controls voting power equal to the number of votes which he otherwise would have been entitled to cast multiplied by the number of Directors to be elected. All of such votes may be cast for a single nominee or may be distributed among any two or more nominees as he may desire. If cumulative voting is invoked, and unless contrary instructions are given by a shareholder who signs a proxy, all votes represented by such proxy will be divided evenly among the candidates nominated by the Board of Directors, except that if so voting should for any reason not be effective to elect all of the nominees named in this Proxy Statement, then such votes will be cast so as to maximize the number of the Board of Directors' nominees elected to the Board.

Table of Contents**ELECTION OF DIRECTORS****(Proposal No. 1)**

All Directors will be elected to hold office until the next Annual Meeting of Shareholders and until their successors are elected and qualified. Proxies received are intended to be voted in favor of fixing the number of Directors at eight and for the election of the nominees named below. Each of the nominees is presently a Director of the Company. Mr. Jeffrey S. Gorman is the son of Mr. James C. Gorman, and Mr. Christopher H. Lake is the son of Dr. Peter B. Lake.

In the event that any of the nominees should become unavailable, which the Board of Directors does not anticipate, proxies are intended to be voted in favor of fixing the number of Directors at a lesser number or for a substitute nominee or nominees designated by the Board of Directors, in the discretion of the persons appointed as proxy holders. The proxies may be voted cumulatively for less than the entire number of nominees if any situation arises which, in the opinion of the proxy holders, makes such action necessary or desirable.

Based upon information received from the respective nominees as of February 1, 2010, the following information is furnished with respect to each person nominated for election as a Director.

BOARD OF DIRECTORS AND DIRECTORS' COMMITTEES

During 2009, a total of five regularly scheduled meetings of the Board of Directors (at least one each quarter), one special meeting of the Board of Directors, and a total of 14 meetings of all standing Directors' Committees were held. All Directors attended at least 75% of the aggregate of the total number of meetings held by the Board of Directors and of the total number of meetings held by the respective committees on which they served. In 2009, the independent Directors met once in executive session without the presence of the non-independent Directors and any members of the Company's management.

The Board of Directors has four separately designated standing committees: (1) an Audit Review Committee, whose present members are Thomas E. Hoaglin (Chairman and independent audit committee financial expert), Dr. Peter B. Lake and W. Wayne Walston; (2) a Compensation Committee, whose present members are W. Wayne Walston (Chairman), M. Ann Harlan and Christopher H. Lake; (3) a Pension Committee, whose present members are Dr. Peter B. Lake (Chairman), Rick R. Taylor and W. Wayne Walston; and (4) a Nominating Committee, whose present members are Christopher H. Lake (Chairman), M. Ann Harlan and Rick R. Taylor. All members of each committee are independent Directors.

The Audit Review Committee held six meetings in 2009. Its principal functions include reviewing the arrangement and scope of the audit, considering comments made by the independent registered public accountants with respect to internal controls and financial reporting, considering corrective action taken by management, reviewing internal accounting procedures and controls with the

Table of Contents

Company's internal auditor and financial staff, and reviewing non-audit services provided by the independent registered public accountants. The Committee is governed by a written charter adopted by the Board of Directors.

The Compensation Committee held three meetings during 2009. Its principal functions are, subject to approval by the Board of Directors, to develop compensation policies and programs for the Company's officers, and to recommend the salaries and profit sharing for the officers. (A more comprehensive description of the Compensation Committee's functions is set forth under the caption "Compensation Discussion and Analysis".)

The Pension Committee held four meetings in 2009. Its principal functions are to monitor and assist in the investment of the assets associated with the Company's defined benefit pension plan and 401(k) defined contribution plan.

The Nominating Committee held one meeting during 2009. Its principal functions involve the identification, evaluation and recommendation of individuals for nomination as members of the Board of Directors. Members of the Nominating Committee are independent in accordance with Section 803A of the listing standards of the NYSE Amex Exchange.

The Nominating Committee does not have a written charter but follows policies and procedures by which to consider recommendations from shareholders for Director nominees. (These written policies and procedures were recommended by the Committee and adopted by the Board of Directors for the Committee in 1991.) Any shareholder wishing to propose a candidate should deliver a typewritten or legible hand-written communication to the Company's Corporate Secretary. The submission should provide detailed business and personal biographical data about the candidate, and include a brief analysis explaining why the individual is well-qualified to become a Director nominee. All recommendations will be acknowledged by the Corporate Secretary and promptly referred to the Nominating Committee for evaluation.

The Nominating Committee does not believe that any particular set of skills, qualities or diversities are most appropriate for a Director candidate. All Director candidates, including any recommended by shareholders, are first evaluated based upon their (i) integrity, strength of character, practical wisdom and mature judgment; (ii) business and financial expertise and experience; (iii) intellect to comprehend the issues confronting the Company; and (iv) availability of adequate time to devote to the affairs of the Company and attend Board and Committee meetings. The Nominating Committee also focuses on issues of diversity, such as diversity of gender, race and national origin, education, professional experience and differences in viewpoints and skills. New Director candidates are subject to a background check performed by the Committee. In addition, the candidate will be personally interviewed by one or more Committee members before he or she is nominated to be a new member of the Board of Directors. In considering candidates for the Board, the Nominating Committee considers the entirety of

Table of Contents

each candidate's credentials in the context of their skills, qualities or diversities. With respect to the nomination of continuing Directors for re-election, the individual's historical contributions to the Board are also considered.

Risk Management and Governance

The Board of Directors believes that control and management of risk are primary responsibilities of senior management of the Company. As a general matter, the entire Board of Directors is responsible for oversight of this important senior management function. Additional oversight of some risks is performed by specific Board committees, e.g., financial reporting risks are overseen by the Audit Review Committee, benefit plan investment risks are overseen by the Pension Committee, and compensation risks are overseen by the Compensation Committee; the results of their oversight are reported to the entire Board of Directors.

Compensation Risks

The Company believes its reliance on profit sharing for its only added incentive compensation for substantially all employees, including all management and officer personnel, creates the least amount of risk of any material adverse effect on the Company's financial results.

Director's Compensation

Directors who are employees of the Company (Messrs. J. C. Gorman and J. S. Gorman) do not receive any compensation for service as Directors.

The Board of Directors has determined that all Non-Employee Directors (Ms. Harlan and Messrs. Hoaglin, C.H. Lake, Dr. P. B. Lake, Taylor, and Walston) are independent Directors in accordance with Section 803A of the listing standards of the NYSE Amex Exchange. Non-Employee Directors are compensated by the Company for their services as Directors.

The table below summarizes the total compensation paid for service of each of the named Non-Employee Directors of the Company for the calendar year ended December 31, 2009.

- (1) Each Non-Employee Director receives a fee for each of the Board of Directors meetings attended. Fees were \$2,750 for each meeting attended during 2009. Directors serving as members of Board Committees receive an additional fee of \$500 for each Committee meeting attended that is held in conjunction with a meeting of the Board of Directors. Each Committee Chairman also receives a retainer fee of \$1,000 per year. In support of the Company's management and employees, substantially all of whom underwent compensation reductions for more than six months during 2009, the Non-Employee Directors, upon recommendation of the Compensation Committee, voted unanimously on October 22, 2009 to reduce all components of Director fees by 15%. This reduction remains in effect on the filing date of this Proxy Statement.
- (2) Effective May 22, 1997, the Board of Directors adopted a Non-Employee Directors' Compensation Plan. Under the Plan, as additional compensation for regular services to be performed as a Director, an automatic award of 500 Common Shares (from the Company's treasury) will be made on each July 1 to each Non-Employee Director then serving on the Board. (On July 27, 2006, the Board of Directors adopted a resolution extending the Non-Employee Directors' Compensation Plan for an additional term until the earlier of (i) May 21, 2017, (ii) at such time as all of the Company's Common Shares authorized for award under the Plan and registered under Form S-8 Registration Statement No. 333-30159 shall have been awarded and issued, (iii) at such time as the Company deregisters any Common Shares not issued under the foregoing Registration Statement, or (iv) at such time as the Plan is terminated by action of the Board of Directors.) The award of 500 Common Shares made on July 1, 2009 had a market value of \$10,240.

Members of the Board of Directors are encouraged to attend the Company's Annual Meeting of Shareholders. All Directors were in attendance at the Annual Meeting in 2009.

COMPANY LEADERSHIP ORGANIZATION

Upon election of Mr. J.S. Gorman as Chief Executive Officer of the Company May 1, 1998, the Company separated the offices of Board Chairman and Chief Executive Officer because it believed this division more clearly delineated their respective responsibilities. This currently provides for the Chairman to focus on Board of Director responsibilities and for the Chief Executive Officer to focus on the Company's administrative and operating responsibilities. Given their respective service years with the Company, the Company believes this structure is most appropriate currently for conducting its business and its responsibilities to its employees, customers and suppliers, to its shareholders and directors, and to its community and other regulatory agencies.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Compensation Committee (the Committee) of the Board of Directors is authorized (i) to review and evaluate the compensation policies and programs for the Company's Chief Executive Officer and its other officers (collectively, the Officers); (ii) to review, at least annually, the Chief Executive Officer's progress assessments of the other Officers and to evaluate the Chief Executive Officer's progress assessment; and (iii) to review and recommend the annual salaries and profit sharing determinations for the Officers to the Board of Directors.

Three independent Directors comprise the Committee. Their responsibilities are carried out pursuant to authority delegated by the Board of Directors and in accordance with the federal securities laws and other applicable laws and regulations. The Committee is not governed by a written charter.

In devising and maintaining the Company's Officer compensation program, the Committee from time to time reviews generally available published data relevant to the compensation of officers in competitor companies that manufacture pumps and related fluid control equipment. Historically these reviews were not subject to a formal benchmarking process but in December 2007, following its review of the qualifications of several compensation consultants, the Committee engaged the services of Watson Wyatt Worldwide (Watson), an independent compensation consulting company. The Committee's objectives were to establish an appropriate peer group for evaluating Officer compensation generally; complete a competitive assessment of pay levels for the Chief Executive Officer and Chief Financial Officer; and develop the structure of the compensation for the CEO and CFO positions including annual incentive opportunities and long-term incentive arrangements, if any.

The Committee, working with Watson, obtained public data from a peer group of 14 publicly-traded industrial manufacturing companies identified as appropriate benchmark companies for comparative compensation analysis, ranked for relevance to the Company based on the following criteria:

1. Industry/product type fluid control related companies with the same, or similar SIC codes.
2. Organization size companies comparable in size based on revenue.
3. Location primarily companies headquartered in the Midwest and outside of major metropolitan areas.

The Committee reviewed the aggregate compensation of each of the peer group companies with their respective chief executive officer and chief financial officer positions and based on this review the Committee made recommendations for near-term and long-term adjustments for compensation of these

two Company Executive Officers. The Committee also regularly consults with executive management and periodically with outside accounting and legal advisors as appropriate in arriving at compensation recommendations subject to approval by the Board of Directors.

Philosophy and Objectives

Under the Committee's supervision, the Company has formulated a compensation philosophy that assures the provision of fair, competitive and performance-based compensation to the Officers. The philosophy reflects the belief that compensation of the Officers should be aligned with the Company's historical compensation, its culture, and its profitability.

The implementation of the Company's philosophy seeks (i) to attract and retain a group of talented individuals with the education, experience, skill sets and professional presence deemed best suited for the respective Officer positions; and (ii) to continually motivate those individuals to help the Company achieve its strategic goals and enhance profitability by offering them incentive compensation in the form of profit sharing, in addition to their salaries, driven by their individual progress assessments and the Company's results of operations.

Elements of Compensation

The Company's Officer compensation program is designed to reward leadership, initiative, teamwork and top-quality performances among the Officers. The program consists of three elements: base salary; profit sharing; and a component of modest miscellaneous benefits. Incentive stock or option awards and non-equity incentive plan compensation have never been a part of the Company's Officer compensation program. In addition, the Company has not entered into employment contracts with any of the Officers.

Although not an element of Officer compensation, ownership of the Company's Common Shares by the Officers has continually been considered a worthy goal within the Company. The Company has paid increased dividends on its Common Shares for 37 consecutive years. Toward that end, the Company sponsors purchase opportunities, including a partial Company match, aimed at encouraging the Officers, and substantially all other employees, to voluntarily invest in the Common Shares.

Base Salary and Profit Sharing

Base salaries are premised upon the relative responsibilities of the given Officers and industry surveys and related data. Initial salaries generally are set below competitive levels paid to comparable officers at other entities engaged in the same or similar businesses as the Company. Upon hire, actual salaries are adjusted based on performance judgments of each person's qualifications, prior accomplishments and expected future contributions in his or her Officer role.

Table of Contents

The Company intentionally relies to a large degree on incentive compensation in the form of profit sharing to attract and retain the Officers. This profit sharing provides motivation for them to perform to the full extent of their individual abilities and as a team to build Company profitability and shareholder value on a continuing, long-term basis.

Annual Reviews

Prior to the Company's Annual Meeting of Shareholders, the Committee reviews with the Chief Executive Officer the recommended annual base salary for each of the Officers (other than the Chief Executive Officer). The Committee independently reviews the base salary for the Chief Executive Officer and develops a recommendation therefor. These salary reviews include consideration of updated compensation advisor data and other relevant information in arriving at the Committee's recommendations. The Committee then reports the results of its compensation reviews and recommendations to the Board of Directors.

Following the end of each year and the conclusion of the Company's audited financial statements results, management calculates the total amount of profit sharing available for awarding to the Officers based on the Company's achieved operating income and the award percentage determined at the beginning of the year. The Chief Executive Officer then determines a recommended allocation of the available profit sharing award pool among the Officers based on the respective Officer's prior profit sharing award history and their current year progress assessment.

The Committee reviews with the Chief Executive Officer the recommended profit sharing award for each of the Officers (other than the Chief Executive Officer). The Committee independently reviews the profit sharing award for the Chief Executive Officer and develops a recommendation therefor. These profit sharing reviews include consideration of the Chief Executive Officer's progress assessments of the other Officers, and the Committee's independent progress assessment of the Chief Executive Officer. The Committee then reports the results of its profit sharing reviews and recommendations to the Board of Directors.

Other Compensation

The Officers receive a variety of modest miscellaneous benefits, the value of which is represented for the named Executive Officers under the caption "All Other Compensation" in the Summary Compensation Table. These benefits include taxable life insurance, and Company contributions to the Christmas Savings Plan, the 401(k) Plan and the Employee Stock Purchase Plan.

Table of Contents**Stock Ownership**

The Company has long encouraged the Officers to voluntarily invest in the Company's Common Shares. As a consequence, the Company makes the purchase of its Common Shares convenient, in some cases with Company cash contributions, and in all cases without brokers' fees or commissions, under an Employee Stock Purchase Plan, a 401(k) Plan and a Dividend Reinvestment Plan. Although these plans do not constitute elements of Officer compensation, all of the current Officers are shareholders and participate in one or more of the foregoing plans.

(1)

The Company only provides additional profit sharing compensation as potential incentive compensation to substantially all its employees.

- (2) The Company has never offered incentive stock or option awards or non-equity incentive plan compensation as a part of the Company's compensation programs.
- (3) The amounts reflect the non-cash change in pension value recognized for financial statement reporting purposes for the fiscal year ended December 31, 2009, in accordance with SEC Release Nos. 33-8732A; 34-54302A. In computing the change in pension value, the Company applies the

assumptions used for financial reporting purposes and a measurement date of December 31 for benefit plan determinations. The change in pension value is the aggregate increase in the actuarial present value of the Executive Officer's accumulated benefit measured from the plan measurement date in 2008 to the measurement date in 2009. The Company does not offer nonqualified deferred compensation earnings to any of its employees.

- (4) Amounts include taxable life insurance, and Company contributions to the Company's 401(k) Plan, Employee Stock Purchase Plan and Christmas Savings Plan.
- (5) Mr. J.S. Gorman's annual salary was \$275,000 for calendar year 2009 which was not increased since May 1, 2008. He took a voluntary pay reduction of 15% of his salary for over one-half of 2009 totaling \$22,947. Average pay reductions of other personnel during this period were 8%. His non-cash Change in Pension Value and Nonqualified Deferred Compensation Earnings increased in 2009 primarily due to the impact of the pension plan's 10-year compensation averaging formula replacing his lower 2000 salary with his most recent salary.
- (6) Mr. Knabel was elected Chief Financial Officer and Treasurer effective May 1, 2009. Previously he was Vice President Finance following his hire March 31, 2008. His All Other Compensation includes \$12,587 for the Company's contribution to his account in the enhanced 401(k) plan established to replace the defined benefit plan for substantially all U.S. employees hired after December 31, 2007.
- (7) Mr. Knabel and Mr. Emmens took voluntary pay reductions averaging 8% of their salaries for about one-half of 2009.
- (8) Mr. Kirkendall retired April 30, 2009. His All Other Compensation includes payment of \$20,769 for his accrued unused vacation pay upon retirement.
- (9) Mr. J.C. Gorman's annual salary was \$100,000 for calendar year 2009 which was not increased since 1998. He took a voluntary pay reduction of 15% of his salary for about one-half of 2009 totaling \$7,462. Average pay reductions of other personnel during this period were 8%.

PENSION BENEFITS

The pension plan in which the Company's Executive Officers participate is a defined benefit plan covering substantially all employees of the Company for which new entry terminated as of December 31, 2007. Effective January 1, 2008 a new and enhanced 401(k) Plan was adopted for new employees, including Officers, hired thereafter.

The pension plan offers participants the option to choose between monthly benefits or a single sum payment. The monthly pension benefits are equal to the product of 1.1% of final average monthly earnings (based on compensation during the final ten years of service) and the number of years of credited service. A single sum amount is equal to the present value of the final monthly pension benefit

Table of Contents

multiplied by a single premium immediate annuity rate as defined by the plan. Historically, nearly all participants in the plan elect the single sum amount at retirement. The single sum payment option is used for financial reporting purposes for the fiscal year ended December 31, 2009, computed as the plan measurement date of December 31, 2009. Actuarial assumptions used by the Company in determining the present value of the accumulated benefit amount consist of a 5.0% interest rate, a 5.6% discount rate and The 2010 IRS Funding Mortality Table. Base compensation in excess of \$225,000 is not taken into account under the plan. Vesting occurs after five years of credited service.

The table below summarizes the number of years of credited service and the present value of accumulated pension benefit for each of the named Executive Officers of the Company at December 31, 2009.

(2) The amount represents the actuarial present value of accumulated benefit based on a single sum payment computed as of the plan measurement date of December 31, 2009. The retirement age is assumed to be the normal retirement age of 65 as defined in the plan.

(3) Mr. Knabel was hired March 31, 2008, subsequent to the closing of the defined benefit pension plan to new participants effective December 31, 2007. The plan was replaced for such employees by an enhanced 401(k) plan

APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

(Proposal No. 2)

A proposal will be presented at the Meeting to ratify the appointment by the Audit Review Committee of the Board of Directors of Ernst & Young LLP as independent registered public accountants for the Company during the year ending December 31, 2010. Representatives of Ernst & Young LLP are expected to be present at the Meeting, will have an opportunity to make a statement if they so desire, and are expected to be available to respond to appropriate questions.

The Company paid Ernst & Young LLP the following fees in connection with the Company's fiscal years ending December 31, 2009 and 2008:

Audit Fees \$684,500 (2009); \$726,000 (2008). Audit fees consist of the aggregate fees billed for professional services rendered for the audit of the Company's annual financial statements and the reviews of the Company's interim financial statements included in its quarterly reports on Form 10-Q, or services that are normally provided by the accounting firm in connection with statutory and regulatory filings or engagements for those fiscal years. The fees paid in 2008 and 2009 also cover services performed in connection with the Sarbanes-Oxley Section 404 attestation and other Sarbanes-Oxley requirements.

Audit-Related Fees \$40,000 (2009); \$45,000 (2008). Audit-related fees consist of the aggregate fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported under the caption Audit Fees. The audit-related fees were paid for the following services: benefit plan audits.

Tax Fees \$36,700 (2009); \$16,200 (2008). Tax fees consist of the aggregate fees billed for professional services rendered for tax compliance, tax advice and tax planning. The tax fees were paid for the following services: federal and international tax planning and advice; federal, state, local and international tax compliance; state and local tax consulting; form 5500 compliance issues; Canadian compliance issues; and other tax advice and assistance regarding statutory and regulatory matters.

All Other Fees \$0 (2009); \$0 (2008). The all other fees category consists of the aggregate fees billed for products and services provided, other than the services reported in the foregoing three paragraphs.

Under its Charter, the Audit Review Committee is directly responsible for the oversight of the work of Ernst & Young LLP and has the sole authority to (i) appoint, retain and terminate Ernst & Young LLP, (ii) pre-approve all audit engagement fees, terms and services, and (iii) pre-approve scope and fees for any non-audit engagements with Ernst & Young LLP. The Committee exercises this authority in a manner consistent with applicable law and the rules of the Securities and Exchange Commission and the NYSE Amex, and Ernst & Young LLP reports directly to the Committee. In

Table of Contents

addition, the Committee has determined to delegate its authority to grant any pre-approvals to its Chairman, subject to the report of any such pre-approvals to the Committee at its next scheduled meeting. With respect to certain of the services categorized above, the following percentage of services were rendered by Ernst & Young LLP in accordance with the annual *de minimus* exception to the pre-approval requirement: Audit-Related Fees 0%; Tax Fees 0%; All Other Fees 0%.

Ratification by the shareholders of the appointment of Ernst & Young LLP is not required by law. However, the Board of Directors believes that shareholders should be given this opportunity to express their views on the subject. While not binding on the Audit Review Committee, the failure of the shareholders to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accountants would be considered by the Audit Review Committee in determining whether to continue the engagement of Ernst & Young LLP. Even if the appointment is ratified, the Audit Review Committee may, in its discretion, select a different firm of independent registered public accountants for the Company at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

The Directors recommend a vote FOR Proposal No. 2 to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accountants.
