**ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 5, 2010**

PROXY STATEMENT

SOLICITATION OF PROXIES

General

The accompanying proxy is solicited on behalf of the Board of Directors of BIOLASE Technology, Inc., a Delaware corporation (BIOLASE, the Company, we, our, or us), for use at our annual meeting of stockholders to be held on Wednesday, May 5, 2010 and at any adjournment or postponement thereof. Our annual meeting will be held at 9:00 a.m. local time at our corporate headquarters located at 4 Cromwell, Irvine, CA, 92618. These proxy solicitation materials were mailed on or about April 2, 2010 to all stockholders entitled to vote at our annual meeting.

If the enclosed form of proxy is properly signed and returned to us, the shares represented thereby will be voted at our annual meeting in accordance with the instructions specified thereon. If the proxy does not specify how the shares represented thereby are to be voted, the proxy will be voted FOR:

the election of the six nominees for election to our Board listed in the proxy and proposed by our Board; and

the ratification of the appointment of BDO Seidman, LLP, as our independent registered public accounting firm for the fiscal year ending December 31, 2010.

Any stockholder has the power to revoke his or her proxy at any time before it is voted. A proxy may be revoked by a stockholder of record by:

delivering a written notice of revocation to our Corporate Secretary before our annual meeting;

presenting (before our annual meeting) a new proxy with a later-date; or

attending our annual meeting and voting in person.

Attendance at our annual meeting will not, by itself, revoke a proxy. If your shares are held in the name of a bank, broker or other nominee, you may change your vote by submitting new voting instructions to your bank, broker or other nominee. Please note that if your shares are held of record by a broker, bank or other nominee, and you decide to attend and vote at our annual meeting, your vote in person at our annual meeting will not be effective unless you present a legal proxy, issued in your name from the record holder, your broker.

Voting; Quorum

On March 17, 2010, the record date for determination of stockholders entitled to notice of and to vote at our annual meeting, 24,385,903 shares of our common stock, par value \$0.001 per share, were outstanding. No shares of our preferred stock were outstanding on such record date. Only stockholders of record of our common stock on March 17, 2010 will be entitled to notice of and to vote at our annual meeting or any adjournment or postponement thereof. Each

stockholder is entitled to one vote for each share of our common stock held by such stockholder on such record date. Stockholders may not cumulate votes in the election of directors.

Table of Contents

The presence at our annual meeting, either in person or by proxy, of holders of shares of our outstanding common stock entitled to vote and representing a majority of the voting power of all of such shares shall constitute a quorum for the transaction of business.

Our Bylaws provide for a majority voting standard for the election of directors in uncontested elections. Under this majority voting standard, in uncontested elections of directors, such as this election, each director must be elected by a majority of the votes cast by the shares present in person or represented by proxy and entitled to vote. A majority of the votes cast means that the number of votes cast for a director nominee must exceed the number of votes cast against that nominee. If a director is not elected by a majority of the votes cast in an uncontested election, our Nominating and Corporate Governance Committee shall accept any previously tendered resignation by such director absent a compelling reason (as determined consistent with our Board's fiduciary duties) for such director to remain on our Board. Our Board's policy is not to nominate a director for election unless the director has tendered in advance an irrevocable resignation effective in such circumstances where the director does not receive a majority of the votes cast in an uncontested election. The Committee shall act on any such resignation offer and publicly disclose its decision within 90 days from the date of the certification of the election results.

With regard to the appointment of BDO Seidman, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010, the affirmative vote of the holders of our common stock representing a majority of the voting power present or represented by proxy and entitled to vote on the subject matter is required for approval.

Abstentions may be specified on all proposals and will be counted as present for purposes of determining the existence of a quorum regarding the item on which the abstention is noted. Abstentions will not have any effect on the election of directors. For the appointment of BDO Seidman, LLP, abstentions will be counted as a vote against such proposal for purposes of determining whether stockholder approval of the proposal has been obtained. Shares that are not voted by the broker who is the record holder of the shares because the broker is not instructed to vote such shares by the beneficial owner and does not have discretionary authority to vote such shares (*i.e.*, broker non-votes) and shares that are not voted in other circumstances in which proxy authority is defective or has been withheld, will be counted for purposes of establishing a quorum.

The persons named as attorneys-in-fact in the form of the accompanying proxy, Federico Pignatelli and David M. Mulder, were selected by our Board and are our officers. All properly executed proxies returned in time to be counted at our annual meeting will be voted by such persons at our annual meeting. If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If you sign your proxy card or voting instruction card without giving specific instructions, your shares will be voted in accordance with the recommendations of the Board. Aside from the election of the named directors and the ratification of the appointment of BDO Seidman, LLP as our independent registered public accounting firm, our Board knows of no other matter to be presented at our annual meeting. If any other matters should be presented at our annual meeting upon which a vote properly may be taken, shares represented by all proxies received by us will be voted with respect thereto in accordance with the judgment of the persons named as attorneys-in-fact in the proxies.

Solicitation

We will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this proxy statement, the proxy and any additional solicitation materials furnished to our stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, we may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by telephone, facsimile or other means

by our directors, officers or employees. No additional compensation will be paid to these individuals for any such services. Except as described above, we do not presently intend to solicit proxies other than by mail. In accordance with Delaware law, a list of stockholders entitled to vote at our annual meeting will be available at our annual meeting, and for 10 days prior to our

Table of Contents

annual meeting, at BIOLASE Technology, Inc., 4 Cromwell, Irvine, California 92618 between the hours of 8:00 a.m. and 5:00 p.m. Pacific Time.

Stockholder Proposals for 2011 Annual Meeting

It is currently contemplated that our 2011 annual meeting of stockholders will be held on or about May 5, 2011. In the event that a stockholder desires to have a proposal considered for presentation at the 2011 annual meeting of stockholders, and inclusion in the proxy statement and form of proxy used in connection with such meeting, the proposal must be received at our principal executive offices by December 3, 2010. Any such proposal must comply with the requirements of our bylaws and Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended.

If a stockholder, rather than including a proposal in our proxy statement as discussed above, commences his or her own proxy solicitation for the 2011 annual meeting of stockholders or seeks to nominate a candidate for election or propose business for consideration at such meeting, we must receive notice of such proposal or nomination between January 5, 2011 and February 4, 2011. If the notice is not received by such date, it will be considered untimely, and we will have discretionary voting authority under proxies solicited for the 2011 annual meeting of stockholders with respect to such proposal, if presented at the meeting. All notices must comply with the requirements of our bylaws.

Proposals and notices should be directed to the attention of the Corporate Secretary, BIOLASE Technology, Inc., 4 Cromwell, Irvine, California 92618.

PROPOSAL ONE

ELECTION OF DIRECTORS

General

Our Board of Directors currently consists of eight directors whose term of office expires at our annual meeting. Two of our directors, Messrs. Neil J. Laird and Daniel S. Durrie, are not standing for reelection at our annual meeting.

On March 5, 2009, Mr. Jake P. St. Philip, our Chief Executive Officer since January 2, 2008 and a Director since January 7, 2008, resigned from his roles as Chief Executive Officer and Director.

Our Board, upon the recommendation of the Nomination and Corporate Governance Committee, appointed Mr. David M. Mulder, our new Chief Executive Officer, as a Director of the Company on March 4, 2009, to be effective on March 5, 2009. Prior to his appointment as Chief Executive Officer, Mr. Mulder was our Chief Financial Officer.

On October 21, 2009, Mr. Gregory D. Waller, a veteran in the dental industry, was appointed as a Director of the Company.

The authorized number of directors on the Board is currently fixed at not less than three and not more than nine.

The six nominees to be elected at our annual meeting will serve until the 2011 annual meeting of stockholders and until their successors have been duly elected and qualified or until their earlier resignation, removal or death. All of our six nominees currently serve on our Board. Each of the director nominees has agreed to serve if elected. We have no reason to believe that any of the nominees will be unavailable to serve. Recommendation of our Board

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF EACH NOMINEE NAMED ABOVE.

Corporate Governance

Board Role in Risk Oversight

Our Board takes an enterprise-wide approach to risk management that seeks to complement our organizational objectives, strategic objectives, long-term organizational performance and the overall enhancement of shareholder value. Our Board assesses the risks we face on an ongoing basis, including risks that are associated with our financial position, our competitive position, the impact of our operations on our cost structure, our historical reliance on a small number of distributors, and our reliance on single source suppliers for some of our components. Our Board, at each of its meetings, considers these and other risks that we face from time to time. Our Board's approach to risk management includes developing a detailed understanding of the risks we face, analyzing them with the latest information available, and determining the steps that should be taken to manage those risks, with a view toward the appropriate level of risk for a company of our size and financial condition.

Certain committees of the Board actively manage risk within their given purview and authority. Our Audit Committee, for example, reviews our disclosure controls and our internal controls over financial reporting on a quarterly basis, including our overall risk assessment and our processes and procedures for assessing risks. In addition, our Compensation Committee, in setting performance metrics, creates incentives for our senior executives that encourage an appropriate level of risk-taking that is commensurate with our Company's short-term and long-term strategies and their attendant risks. Finally, our Quality and Compliance Committee reviews and assists with management's proper compliance with operational, safety, and regulatory requirements, which by their nature help to minimize risks that relate to our operations, the safety of our employees, and the end-users of our products and their patients.

Board Composition and Qualifications

Each director nominee brings a strong and unique set of skills and background to our Board, and gives our Board as a whole substantial experience and competence in a wide variety of areas, including board of directors service, executive management, medical device, capital equipment, specialty healthcare, consumer products, sales and marketing, international operations, public accounting, corporate finance, risk assessment,

Table of Contents

and manufacturing. Mr. d Arbeloff has extensive experience in managerial and investor relations roles in the capital equipment field, having spent 29 years at Teradyne, Inc., a large manufacturer of testing equipment. Mr. Mulder, who was appointed in March 2009 as our Chief Executive Officer after serving as our Chief Financial Officer, brings to our Board a wealth of experience in general management, strategic planning, deal negotiations, large operations management, corporate finance and accounting, and new product development efforts, including at Salton, Inc., a large consumer product manufacturer and marketer, and at Fruit of the Loom, where he led that company's European Operations. Mr. Pignatelli, who has broad experience in successful business ventures and has a professional background in investment banking, has been with us since 1991, and brings to our Board his years of experience and history with our operations, and the types of issues we face on a recurring basis. Mr. Largent, who previously served in high-level positions at Allergan Inc., a large multi-specialty healthcare company, including the role of Vice President of Strategic Planning, has wide-ranging experience within the medical device industry and ophthalmology field in the areas of marketing and sales management, strategic planning, and business development. Mr. Waller, through his service on other public company boards of directors and their audit committees, in the medical device and healthcare fields, and as the former Chief Financial Officer of Sybron Dental Specialties, Inc., a large dental company, has valuable experience dealing with finance and accounting principles, financial reporting rules and regulations, evaluating financial results, and specific experience in the dental products industry. Dr. Robert Anderton, a former President of the American Dental Association and a practicing dentist since 1961, brings to our Board unparalleled experience in dentistry, as well as his historical perspective on the industry and his views on emerging trends in the field.

Board Leadership Structure

We separate the roles of Chief Executive Officer and Chairman of the Board in recognition of the differences between the two roles. The Chief Executive Officer is responsible for setting the Company's strategic direction, providing leadership, and driving the performance of the Company, while the Chairman of the Board provides guidance to the Chief Executive Officer, sets the agenda for Board meetings, and presides over meetings of the full Board. We believe that our leadership structure is appropriate because it strikes an effective and essential balance between management and non-employee director participation in our Board process.

Director Independence

Our Board has determined that each of Messrs. d Arbeloff, Laird, Largent, Anderton, Durrie, and Waller are independent directors as defined by the listing standards of the NASDAQ Marketplace Rules (NASDAQ Rules) and the rules and regulations of the U.S. Securities and Exchange Commission (SEC). The Committees of the Board currently and throughout 2009 have been comprised solely of independent directors and otherwise meet the applicable qualification requirements of NASDAQ and the SEC. In making its independence determinations, the Board considered the following relationship:

Dr. Durrie is the sole proprietor of DurrieVision, PA, an eye care medical center in Overland Park, Kansas. For the express purpose of evaluating BIOLASE's laser technology in ophthalmic surgical applications, we have loaned certain laser equipment to DurrieVision since March 2007. DurrieVision has not paid any amounts to us for the temporary use of this equipment.

Mr. Pignatelli was determined to not be independent based on his service beginning in November 2007 as our interim Chief Executive Officer and based on his service, since January 2008, as our President.

Mr. Mulder was determined to not be independent based on his service, since March 2009, as our Chief Executive Officer, and prior to that time, as our Chief Financial Officer.

Board Committees and Meetings

Our Board held 28 regularly scheduled and special meetings and acted by unanimous written consent three times during the year ended December 31, 2009. Each director then in office attended at least 75% of the aggregate of (i) the total number of meetings of our Board and (ii) the total number of meetings held by

Table of Contents

all committees of our Board on which such director served during 2009. Although we have no policy with regard to board members' attendance at our annual meeting of stockholders, it is customary for, and we encourage, all board members to attend our annual meeting, and we permit attendance by telephone or video conference, if necessary, to mitigate conflicts. All of our Board members attended our 2009 annual meeting of stockholders, except for Mr. Pignatelli, and for Mr. Waller, who was appointed to the Board after the date of the 2009 annual meeting.

Our Board has established four standing committees: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee, and the Quality and Compliance Committee. Each committee operates pursuant to a written charter that has been approved by our Board. A copy of the current charter for each of the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee and the Quality and Compliance Committee is available on our website at www.biolase.com.

Audit Committee. The Audit Committee currently consists of Messrs. Laird, d Arberloff, Anderton, and Waller, and Mr. Laird serves as its chairman. Our Board has determined that Mr. Laird qualifies as the audit committee financial expert under the SEC rules and meets the financial sophistication requirements of the NASDAQ rules. As Mr. Laird is not running for reelection at our annual meeting, our Board has determined that, as of the date of this Proxy Statement, Mr. Waller would meet the qualifications of audit committee financial expert under the SEC rules and would also meet the financial sophistication requirements of the NASDAQ rules, and, if Mr. Waller is elected at our annual meeting, he has agreed to be deemed our financial expert and to serve as the chairman of our Audit Committee.

The primary responsibilities of the Audit Committee include, but are not limited to: (i) the appointment, compensation and oversight of the work of our independent auditor; (ii) reviewing the reports of the independent auditors regarding our accounting practices and systems of internal accounting controls; (iii) reviewing our financial reports, our accounting and financial policies in general, and management's procedures and policies with respect to our internal accounting controls; and (iv) reviewing the independence qualifications and quality controls of the independent auditor. The Audit Committee held six meetings during 2009.

Compensation Committee. The Compensation Committee currently consists of Messrs. Largent, d Arbeloff, Laird, Durrie, and Anderton, and Mr. Largent services as its chairman. Each of the current members of the Compensation Committee qualifies as a non-employee director under SEC rules and regulations, and as an outside director under the Internal Revenue Code.

The Compensation Committee's primary responsibilities include, but are not limited to: (i) reviewing and developing our general compensation policies; (ii) reviewing and approving the compensation of our Chief Executive Officer and other executive officers, including salary, bonus, long-term incentive and equity compensation, and any other perquisites or special benefits; (iii) making awards under and acting as administrator of our equity incentive plans; (iv) overseeing administration of our other employee benefit plans; (v) making recommendations to our Board regarding director compensation; and (vi) producing an annual report on executive compensation for inclusion in our annual proxy statement. The charter for the Compensation Committee requires it to meet at least twice annually. The Compensation Committee held seven meetings during 2009 and acted by unanimous written consent two times.

For compensation decisions relating to our executive officers other than our Chief Executive Officer, our Compensation Committee also considers the recommendations of our Chief Executive Officer, based on his assessment of each executive officer's position and responsibilities, experience and tenure, his observations of the executive officer's performance during the year and his review of competitive pay practices. Our Chief Executive Officer does not have a role in determining or recommending director compensation. Our Chief Executive Officer regularly attends Compensation Committee meetings, but abstains from portions of meetings at the request of other members of the Compensation Committee to enable it to freely consider issues related to the compensation of our Chief Executive Officer. The Compensation Committee has the sole authority to retain consultants and advisors as it

may deem appropriate in its discretion, and the Compensation Committee has the sole authority to approve related fees and other retention terms. In May 2006, our Compensation

Table of Contents

Committee engaged Aon Consulting (Aon) as our compensation consultants. In May 2007, Aon, through its business unit, Radford Surveys and Consulting (Radford), provided our management and Compensation Committee with an assessment of the total direct compensation levels for the top three senior management positions of the Company relative to survey and proxy data. The Compensation Committee also directed Radford to recommend how to best structure our compensation plans to provide a competitive compensation opportunity that aligns the interests of senior management, the Company, and our stockholders.

In 2008, the Compensation Committee engaged Radford to provide an assessment of our director compensation relative to survey and other relevant peer data, and recommended certain changes to director compensation which were accepted by the Board, as set forth in footnote 1 below under the caption Director Compensation Table.

Secondary Stock Option Committee. The Secondary Stock Option Committee currently consists of our Chief Executive Officer and our Chief Financial Officer. In September 2003 and as further modified in May 2006 and May 2009, our Board granted our Chief Executive Officer and Chief Financial Officer joint authority to make discretionary option grants to new employees, other than executive officers and Board members, subject to a limitation of 5,000 shares per individual employee grant and compliance with the express terms and conditions of our 2002 Stock Incentive Plan. Grants to employees that exceed 5,000 options are first reviewed with the Board or the Compensation Committee. The Chief Executive Officer must review these grants at least semiannually with the Compensation Committee. In addition, all such options must have an exercise price not less than the closing sale price of our common stock on the date of grant. Messrs. Mulder and Brett L. Scott, our Chief Financial Officer since July 14, 2009, granted options to purchase an aggregate of 18,000 shares of our common stock in 2009.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee currently consists of Messrs. d Arbeloff, Durrie, and Waller, and Mr. d Arbeloff serves as its chairman.

The Nominating and Corporate Governance Committee is responsible for, among other things: (i) identifying individuals who are qualified to be members of our Board and selecting or recommending that our Board select the nominees for directorships; (ii) to the extent deemed appropriate by the committee, developing and recommending to our Board a set of corporate governance principles applicable to us; (iii) establishing the criteria and procedures for selecting new directors; (iv) overseeing the process for evaluating our Board and management; and (v) reviewing and reassessing, at least annually, the adequacy of the Nominating and Corporate Governance Committee, including the compliance of the committee with its charter. The Nominating and Corporate Governance Committee held three meetings during 2009.

The Nominating and Corporate Governance Committee considers candidates for membership to our Board suggested by its members and our other Board members, as well as by our management and stockholders. The Nominating and Corporate Governance Committee may also retain a third-party executive search firm to identify candidates. All recommendations submitted by stockholders should be submitted to the Nominating and Corporate Governance Committee to the attention of the Corporate Secretary. The stockholder must submit a detailed resume of the candidate and an explanation of the reasons why the stockholder believes this candidate is qualified for service on our Board. The stockholder must also provide such other information about the candidate that would be required by the SEC rules to be included in a proxy statement. In addition, the stockholder must include the consent of the candidate and describe any relationships, arrangements or undertakings between the stockholder and the candidate regarding the nomination or otherwise. The stockholder must also submit proof of stockholdings in the Company. All communications are to be directed to the Chairperson of the Nominating and Corporate Governance Committee, to the attention of the Corporate Secretary, Biolase Technology, Inc., 4 Cromwell, Irvine, California 92618.

The Nominating and Corporate Governance Committee focuses on the following criteria in determining whether a candidate is qualified to serve on our Board: (i) roles and contributions valuable to the business community;

- (ii) personal qualities of leadership, character and judgment, and whether the candidate possesses and maintains a reputation in the community at large of integrity, trust, respect, competence and adherence to high ethical standards;
- (iii) relevant knowledge and diversity of the candidate's background and experience in areas such as business, finance and accounting, marketing, international business and other similar areas;

Table of Contents

(iv) whether the candidate has the time required for preparation, participation and attendance at meetings; and (v) requirements relating to Board and Board committee composition under applicable law and NASDAQ Rules. The Nominating and Corporate Governance Committee, and our Board, may also consider the overall diversity of our Board when making a determination on qualification for service on our Board, to ensure that the Board is able to represent the best interests of all of our stockholders, and to encourage innovative solutions and viewpoints by considering background, education, experience, business specialization, technical skills, as well as other factors of a particular candidate, as compared to composition of our Board at a given time. The Nominating and Corporate Governance Committee applies the same criteria to nominees recommended by stockholders as to new candidates recommended by the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee reviews each existing director whose term is set to expire and considers the following in determining whether to recommend the re-election of that director: (i) occupation or business association changes; and (ii) whether circumstances have arisen that may raise questions about a director's continuing qualifications in relation to our Board's membership criteria.

Quality and Compliance Committee. The Quality and Compliance Committee currently consists of Drs. Anderton and Durrie, and Mr. Largent. Dr. Anderton serves as its chairman.

The primary responsibilities of the Quality and Compliance Committee include, but are not limited to: (i) assisting the Board in carrying out its oversight responsibility with respect to quality and compliance issues; (ii) overseeing management's efforts to adopt and implement policies and procedures that require the Company and its employees to deliver high quality services in compliance with high ethical and legal standards; and (iii) ensuring compliance with operational, health, safety, and regulatory requirements and best practices. The Quality and Compliance Committee held two meetings during 2009.

Stockholder Communications

The Corporate Secretary will review any communications received from stockholders, and all material communications from stockholders will be forwarded to the appropriate director or directors, or committee of our Board, based on the subject matter.

The grant date fair value of the grant of options to purchase 15,000 shares of our common stock to each of Drs. Anderton and Durrie and Messrs. d Arbeloff, Laird, and Largent on May 20, 2009 was \$0.83 per share. The estimated grant date fair value for the May 20, 2009 option grants was determined using the Black-Scholes option valuation model with the following assumptions: market price of \$1.24, exercise price of \$1.24, expected volatility of 84.0%, risk free interest rate of 2.1%, expected option life of five years, and expected dividend yield of 0%.

Table of Contents

The grant date fair value for the March 10, 2009 option grant was \$0.52, also determined using the Black-Scholes option valuation model with the following assumptions: market price of \$0.78, exercise price of \$0.78, expected volatility of 84.6%, risk free interest rate of 1.8%, expected option life of five years, and expected dividend yield of 0%.

The grant date fair value for the May 14, 2008 option grant was \$1.76, also determined using the Black-Scholes option valuation model with the following assumptions: market price of \$3.03, exercise price of \$3.03, expected volatility of 66.2%, risk free interest rate of 3.2%, expected option life of five years, and expected dividend yield of 0%.

The grant date fair value for the January 7, 2008 option grant was \$1.66, also determined using the Black-Scholes option valuation model with the following assumptions: market price of \$2.89 exercise price of \$2.89, expected volatility of 66.3%, risk free interest rate of 3.2%, expected option life of five years, and expected dividend yield of 0%.

The grant date fair value of the grant of options to purchase 23,750 shares of our common stock to Mr. Waller on October 21, 2009 was \$1.24 per share. The estimated grant date fair value for the October 21, 2009 option grants was determined using the Black-Scholes option valuation model with the following assumptions: market price of \$1.87, exercise price of \$1.87, expected volatility of 82.7%, risk free interest rate of 2.4%, expected option life of five years, and expected dividend yield of 0%.

Effective as of the 2007 annual meeting, the Board, based on the recommendation of the Compensation Committee and its consultant, reduced the number of options granted automatically to each individual who is elected to our Board as a non-employee director at an annual meeting of stockholders, from an option to purchase 30,000 shares of our common stock to an option to purchase 15,000 shares of our common stock. In addition, the Board modified the calculation effective March 1, 2007 for options granted automatically to newly appointed non-employee directors to the number of shares equal to the sum of (a) 15,000 and (b) the product of (i) 1,250 and (ii) one plus the number of whole calendar months that will have elapsed between the date of appointment to the Board and the anticipated date of the next annual meeting of stockholders.

Effective as of the 2010 annual meeting, the Board, based on the recommendation of the Compensation Committee, increased the number of options granted automatically to each individual who is elected to our Board as a non-employee director at an annual meeting of stockholders to an option to purchase 20,000 shares of our common stock. In addition, the Board modified the calculation for options granted automatically to newly appointed non-employee directors to the number of shares equal to the sum of (a) 20,000 and (b) the product of (i) 1,250 and (ii) one plus the number of whole calendar months that will have elapsed between the date of appointment to the Board and the anticipated date of the next annual meeting of stockholders.

Each annual option grant vests over one year in equal quarterly increments, with the first vesting date occurring three months after the date of grant, except in the case of initial option grants for non-employee directors, which vest in monthly installments upon the non-employee director's completion of each month of service as a non-employee director measured from the option grant date. Vesting is accelerated in full if certain changes in control or ownership occur or if the optionee dies or becomes disabled while serving as a director. Each option has an exercise price per share equal to the closing sale price of our common stock on the grant date and has a maximum term of ten years, subject to earlier termination on the first anniversary of the director's cessation of our Board service for any reason. Each automatic option is immediately exercisable for all of the option shares and the director would receive unvested shares for each unvested option exercised. However, any unvested shares are subject to repurchase by us, at the lower of the exercise price paid per share or the fair market value per share (determined at the time of repurchase), should the director cease Board service prior to vesting of those shares.

Table of Contents

The following table sets forth the number of shares underlying outstanding stock options (vested and unvested) held by each of our non-employee directors as of December 31, 2009. Our directors did not hold any unvested shares of restricted stock as of December 31, 2009.

Determination of Independence

In considering the nature of the services provided by our independent registered public accounting firm, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with our independent registered public accounting firm and our management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

Pre-Approval Policy

According to policies adopted by the Audit Committee and ratified by our Board, to ensure compliance with the SEC's rules regarding auditor independence, all audit and non-audit services to be provided by our independent registered public accounting firm must be pre-approved by the Audit Committee. This policy generally provides that we will not engage any independent registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by the Audit Committee.

From time to time, the Audit Committee may pre-approve specified types of services that are expected to be provided to us by our independent registered public accounting firm during the next 12 months. Any such pre-approval will be detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount. In providing any pre-approval, the Audit Committee considers whether the services to be approved are consistent with the SEC's rules on auditor independence.

All fees paid to BDO Seidman, LLP were pursuant to engagements pre-approved by the Audit Committee, and none of those engagements made use of the exception to pre-approval contained in Regulation S-X, Rule 2-01(c)(7)(i)(C).

The enclosed proxy gives Federico Pignatelli and David M. Mulder, or any of them; discretionary authority to vote your shares in accordance with their best judgment with respect to all additional matters that might come before the Annual Meeting.

Compensation Discussion and Analysis

The following discussion and analysis contains statements regarding company performance targets and goals. These targets and goals are disclosed in the limited context of our compensation programs and should not be understood to be statements of management's expectations or estimates of results or other guidance. The Company specifically

cautions investors not to apply these statements to other contexts. As the Company has become a Smaller Reporting Company under SEC rules, it is no longer required to provide this section. Therefore, while the information provided below is generally consistent with our disclosure in previous years and provides insight on our compensation practices, investors must be cautioned that it does not purport to include the new compensation disclosure that does not apply to us.

This compensation discussion and analysis section discusses the compensation policies and programs for our named executive officers, which consist of: Federico Pignatelli, our President and former interim Chief Executive Officer; Jake P. St. Philip, our former Chief Executive Officer; David M. Mulder, our Chief Executive Officer and former Chief Financial Officer from April 2008 until his appointment as Chief Executive Officer in March 2009; Frederick M. Capallo, our former Corporate Controller who served as interim Chief Financial Officer from March 2009 until July 2009 and formally resigned from the Company on August 1, 2009; and Brett L. Scott, who was appointed Chief Financial Officer in July 2009. The

Table of Contents

Compensation Committee of our Board of Directors is primarily responsible for overseeing the development and administration of the total compensation program for corporate officers and key executives, and administering our executive incentive bonus and stock plans.

Executive Summary.

Throughout 2008, we experienced certain challenges that had a negative impact on laser system sales. We believe that our sales were negatively impacted by a variety of strategic execution issues, as well as general macro economic conditions with respect to credit availability among other things. In light of these challenges, the Board undertook significant actions in response. Specifically, upon the resignation of Mr. St. Philip, our former Chief Executive Officer, in March 2009, and the Board's appointment of Mr. Mulder, previously our Chief Financial Officer, to lead Biolase as our new Chief Executive Officer in 2009. The Board also appointed Mr. Pignatelli to serve as our President in 2008. Mr. Pignatelli had served as our interim Chief Executive Officer from November 2007 through January 2008. Mr. Frederick M. Capallo, our former Corporate Controller, assumed the position of interim Chief Financial Officer when Mr. Mulder was promoted to Chief Executive Officer in March 2009, and served in that role until the appointment of Mr. Brett L. Scott to the position of Chief Financial Officer in July 2009.

Compensation Objectives.

It is important that we employ energetic people who are enthusiastic about our mission and our products, and we believe this must start at the top with our executive officers who set an example for the entire company. We are engaged in a very competitive industry, and our success depends upon our ability to attract and retain qualified executive officers by offering them competitive compensation packages. Our compensation programs for our executive officers are designed to attract and retain such key executive officers, and to reward them in a fashion commensurate with our corporate performance and the value created for our stockholders. Our compensation programs also support our short-term and long-term strategic goals and values and reward the individual contributions of our executive officers to our success.

Our policy is to provide our Chief Executive Officer and other executive officers with competitive compensation opportunities that reward their contribution to our financial success and individual performance, while providing financial stability and security. Accordingly, the compensation package for the Chief Executive Officer and other executive officers is mainly comprised of the following compensation elements: (1) a base salary, designed to be competitive with salary levels in the industry and to reflect individual performance; (2) an annual incentive bonus payable in cash and based on the review of certain annual financial and other performance measures, which supports our short-term performance; (3) where appropriate, long-term stock-based incentive awards, which support our long-term performance and are designed to strengthen the mutual interests between our executive officers and our stockholders; and (4) severance payments and other benefits payable upon termination of an officer's employment by us without cause or by our officer for good reason, including following a change of control of us, which promotes executive retention and efforts toward the best interests of the stockholders in the event of an actual or threatened change of control of us. We believe that each of these elements and their combination is necessary to support our overall compensation objectives.

Determination of Compensation Awards.

The Compensation Committee determines the compensation to be paid to our executive officers. The Compensation Committee periodically reviews the total compensation levels and the distribution of compensation among the compensation elements identified above for each of our executive officers. The Compensation Committee determines the total compensation levels for our executive officers by considering each executive officer's position and responsibilities, the individual's performance of his job-related duties and responsibilities and our financial

performance, in the context of our compensation policies and objectives and competitive market data applicable to each executive officer's position. Our approach is to consider competitive compensation practices as a relevant factor rather than establishing compensation at specific benchmark percentiles.

Table of Contents

This enables us to respond to dynamics in the labor market and provides us with flexibility in maintaining and enhancing our executive officers' engagement, focus, motivation and enthusiasm for our future.

The principal factors that were taken into account in establishing each executive officer's compensation package for 2009 are described below. The Compensation Committee may in its discretion apply entirely different factors, such as different measures of financial performance, for future years.

In May 2006, our Compensation Committee retained Aon as our compensation consultants. In May 2007, Aon, through its business unit Radford provided a competitive assessment of our executive compensation practices and levels. The Compensation Committee has the sole authority, as it deems appropriate, to retain or terminate the consultant. The consultant reports directly and exclusively to the Compensation Committee. In 2008, neither Radford nor Aon provided any consulting services related to executive compensation for us.

The Compensation Committee made its 2009 executive compensation decisions in April 2009 with respect to Mr. Mulder and in July 2009 with respect to Mr. Scott, taking into account, among other things, the consultant's market analysis. The consultant's May 2007 market analysis provided an assessment of the direct compensation levels (including base salary, target annual incentive compensation, target total cash compensation, long-term incentives and target total direct compensation) for certain former executives of the Company relative to survey data and proxy data. To compile the proxy data, the consultant gathered data from proxy statements of the 35 peer group companies listed below. The peer group was divided into two groups and comparative information was separately provided with respect to each group. Peer group companies were (1) medical product companies with annual revenues ranging from \$50 million to \$100 million; and (2) medical product companies with annual revenues ranging from \$50 million to \$200 million, which are highlighted by an *. Our revenues and market capitalization fell at approximately the 20th percentile of the peer group companies.

The Compensation Committee periodically reviews the composition of the peer group and the criteria and data used in compiling the list, and considers modifications to the group. The Compensation Committee believes that our most direct competitors for executive talent include significantly larger and better-capitalized companies in the medical device industry, comprising a broader range of companies than those with which we usually are compared for purposes of stock performance. In making its 2009 compensation decisions, the Compensation Committee mainly relied on the survey data and reviewed the proxy peer group data for validation.

Based on the May 2007 consultant's report, in 2009 we provided our named executive officers with base salaries and total target cash compensation (base salaries plus target bonus opportunities at expected performance) which were around the 50th percentile of our peer group companies, and long-term incentive grants based on grant date fair values which were below the 50th percentile of survey companies.

Components of Compensation.

During the 2009 fiscal year, our executive officers' compensation was composed of base salary, annual incentive bonuses, equity compensation, certain perquisites and potential severance payments and other

Table of Contents

benefits payable upon certain events, including a qualifying termination of the executive officer's employment subsequent to a change of control of us.

Base Salaries.

Our executive officers' base salaries are assessed annually by the Compensation Committee, taking into account each officer's position and responsibilities, including accomplishments and contributions, experience and tenure. In addition, the Compensation Committee considered the market analysis provided by the consultant.

Mr. St. Philip's annual base salary was set, at the time of his hire in January 2008, at \$350,000 in connection with his employment agreement. His base salary was negotiated and was based on existing compensation levels at his prior place of employment, comparable market data and our compensation goals and objectives. Mr. St. Philip's base salary was compared to the survey data provided by the consultant in May 2007 and the Compensation Committee noted that his base salary was at the 97th percentile of the market 50th percentile, which the Compensation Committee considered to be market competitive.

In January 2008, Mr. Pignatelli was appointed to the position of President at an annual salary of \$150,000. The Compensation Committee approved this amount in light of Mr. Pignatelli's part-time position as our President. In light of the current global economic environment, on December 1, 2008, Mr. Pignatelli voluntarily reduced his annual base salary to \$72,000.

Mr. Mulder's annual base salary was set, at the time of his hire as our Chief Financial Officer in April 2008, at \$235,000 in connection with his employment agreement. His base salary was negotiated and was based on existing compensation levels at his prior place of employment, comparable market data and our compensation goals and objectives. Mr. Mulder's base salary was compared to the survey data provided by the consultant in May 2007 and was considered by the Compensation Committee to be market competitive. Under the terms of two letter agreements in March and April 2009 that amended Mr. Mulder's employment agreement, Mr. Mulder was elevated to the position of Chief Executive Officer, appointed as a Director of the Company, and his annual base salary was increased to \$250,000.

Mr. Scott's annual base salary was set, at the time of his hire as our Chief Financial Officer in July 2009, at \$200,000 in connection with his employment agreement and will be increased up to \$210,000 per annum when the reduced salary program currently in effect for Company Senior Executives is eliminated. On November 30, 2009, Mr. Scott's annual salary was increased to \$205,000 based on a 50% reinstatement of the salary reduction program. His base salary was negotiated and was based on existing compensation levels at his prior place of employment, comparable market data and our compensation goals and objectives. Mr. Scott's base salary was compared to the survey data provided by the consultant in May 2007 and was considered by the Compensation Committee to be market competitive.

Annual Incentive Bonuses.

Our annual incentive bonuses are intended to reward accomplishment of our overall short-term corporate performance and objectives for a fiscal year.

Mr. St. Philip. Mr. St. Philip's maximum performance bonus opportunity for fiscal 2008 was set, at the time of his hire in January 2008, at \$225,000 in connection with his employment agreement, which was prorated based upon the number of days he was employed with the Company in 2008. His maximum bonus opportunity was negotiated and was based on existing compensation levels at his prior place of employment, comparable market data and our compensation goals and objectives. Mr. St. Philip's maximum bonus opportunity was compared by the Compensation

Committee to the survey data provided by the consultant in May 2007 and considered to be market competitive. Mr. St. Philip resigned effective March 5, 2009 and agreed not to receive any payout that may have been applicable under the maximum performance bonus opportunity and because of such agreement, the Compensation Committee did not make a determination of whether the maximum performance bonus opportunity criteria had been met.

Table of Contents

Under the terms of a letter agreement in April 2009 that amended Mr. Mulder's employment agreement in connection with his elevation to Chief Executive Officer, Mr. Mulder's maximum performance bonus opportunity for fiscal 2009 is set at up to \$150,000, as determined by the achievement of certain criteria established by the Board. On January 28, 2010, the Compensation Committee approved Mr. Mulder's 2009 performance bonus in the amount of \$100,000.

On January 28, 2010, the Compensation Committee approved Mr. Scott's 2009 performance bonus in the amount of \$24,151.

Stock-Based Incentive Awards.

Stock-based incentives are designed to align the interests of our executive officers with those of our stockholders and provide each individual with a significant incentive to manage us from the perspective of an owner with an equity stake in the business. Stock options allow the officers to acquire shares of our common stock at a fixed price per share (which is the closing sale price of our stock on the grant date) over a specified period of time, generally ten years. Stock options generally become exercisable in a series of installments over a three-year period, contingent upon the officer's continued employment with us. Accordingly, stock options provide a return to the executive officer only if he remains employed by us during the vesting period, and then only if the market price of the shares appreciates over the option term. As such, stock options not only reward our corporate performance but are also a key retention tool. The size of the option grant to each executive officer, including any grant considered for the Chief Executive Officer and our other named executive officers, is set at a level that is intended to create a meaningful opportunity for stock ownership based on the individual's current position with us, the individual's performance of his job related duties and responsibilities in recent periods and his or her potential for future responsibility and promotion over the option term. The Compensation Committee also takes into account the number of unvested options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. The relevant weight given to each of these factors varies from individual to individual.

At the time of his hire in January 2008, Mr. St. Philip was granted a nonqualified stock option to purchase 450,000 shares of our common stock at an exercise price of \$2.89, the fair market value of our stock on the grant date, January 7, 2008. The stock option would have vested and become exercisable in twelve equal quarterly installments, commencing on March 31, 2008, subject to Mr. St. Philip's continued employment with us. The Compensation Committee considered this initial grant as necessary and appropriate to obtain Mr. St. Philip's services. Mr. St. Philip resigned effective March 5, 2009 and, prior to the date of exercise expiration, Mr. St. Philip could have exercised an

option to purchase up to 150,000 shares of our common stock at an exercise price of \$2.89 per share.

Table of Contents

At the time of his hire in April 2008, Mr. Mulder was granted a nonqualified stock option to purchase 200,000 shares of our common stock at an exercise price of \$2.60, the fair market value of our stock on the grant date, April 30, 2008. The stock option vested and became exercisable as to one-third on April 3, 2009 and the remaining shares become exercisable in a series of eight successive equal quarterly installments commencing on April 30, 2009, the first anniversary of the grant date, subject to Mr. Mulder's continued employment with us. The Compensation Committee considered this initial grant as necessary and appropriate to obtain Mr. Mulder's services.

On January 26, 2009, as part of an incentive award relating to his personal efforts as our Chief Financial Officer during 2008, Mr. Mulder was granted a nonqualified stock option to purchase 75,000 shares of our common stock at an exercise price of \$0.82, the fair market value of our common stock on the grant date. The January 2009 stock option will vest and become exercisable over eight equal quarterly installments commencing on January 26, 2010, the first anniversary of the grant date, subject to Mr. Mulder's continued employment with us.

On March 10, 2009, as part of a special incentive award relating to the renewal of a distribution agreement with our primary distributor, Mr. Mulder was granted a nonqualified stock option to purchase 50,000 shares of our common stock at an exercise price of \$0.78, the fair market value of our stock on the grant date. The March 2009 stock option will vest and become exercisable immediately.

On April 3, 2009, as part of an amendment to Mr. Mulder's employment agreement in connection with his elevation to the position of Chief Executive Officer, he was granted a nonqualified stock option to purchase 100,000 shares of our common stock at an exercise price of \$0.93, the fair market value of our stock on the grant date. The April 2009 stock option vest and become exercisable over twelve equal quarterly installments commencing on July 3, 2009, subject to Mr. Mulder's continued employment with us.

At the time of his hire in July 2009, Mr. Scott was granted a nonqualified stock option to purchase 220,000 shares of our common stock at an exercise price of \$1.69, the fair market value of our stock on the grant date, July 14, 2009. The stock option will vest and become exercisable as to one-third on July 14, 2010 and the remaining shares become exercisable in a series of eight successive equal quarterly equal installments commencing on July 14, 2010, the first anniversary of the grant date, subject to Mr. Scott's continued employment with us. The Compensation Committee considered this initial grant as necessary and appropriate to obtain Mr. Scott's services.

Policies with Respect to Equity Compensation Award Determinations.

We do not time the award of stock option grants in advance of material announcements in order to achieve lower exercise prices. In the past, we have not granted any equity compensation awards other than stock options. Our policy is that stock options are granted with an exercise price equal to the closing price of our common stock on the date of grant, and that all option grants are approved in advance of or on the date of the grant. The Secondary Stock Option Committee (consisting of our Chief Executive Officer and Chief Financial Officer) is delegated authority by the Board to approve stock option grants in an amount not to exceed 5,000 shares per person and only for newly-hired employees. For stock option grants to new employees, our policy is that they be issued on, and receive an exercise price equal to the closing stock price of our common stock on such employee's start date, presuming that the award was pre-approved by the Secondary Stock Option Committee.

Perquisites and Other Benefits.

Our executive officers are entitled to a few benefits that are not otherwise available to all of our employees. In this regard it should be noted that we do not provide pension arrangements, post-retirement health coverage, or similar benefits for our executives or employees.

At the time of his hire in January 2008, we agreed to provide Mr. St. Philip, who lived in San Diego, California, with an apartment in Irvine, California that was reasonable to both the Board and Mr. St. Philip in order to facilitate Mr. St. Philip's work schedule by reducing the amount of time he would otherwise have

Table of Contents

been required to commute to and from our office. However, Mr. St. Philip elected not to use this perquisite and no apartment was provided. Mr. St. Philip did not receive a car allowance. In addition, at the time of his hire in April 2008, we agreed to reimburse Mr. Mulder certain relocation expenses.

The Compensation Committee intends to phase out perquisites over time.

Severance and Change of Control Arrangements.

In March 2009, we entered into a Separation and General Release Agreement with Mr. St. Philip relating to his terminations of employment on March 5, 2009 which provided for a severance payment of \$350,000, and payment of certain COBRA and insurance premiums. The Separation and General Release Agreement was negotiated and entered into in connection with the execution of a release and resignation from Board service. Mr. St. Philip also agreed to forego any 2008 performance bonus amounts he may have been entitled to.

Mr. St. Philip's employment agreement, negotiated at the time of his hire in January 2008, provided for certain severance and change of control benefits. If Mr. St. Philip's employment was terminated other than for cause or if he resigned for good reason, Mr. St. Philip was entitled to receive severance benefits equal to:

one year of annual base salary;

the full amount of his annual performance bonus target for the calendar year in which the effective date of termination occurs;

twelve months of paid COBRA premiums under our medical and dental benefit plans;

a \$3,000 lump sum cash payment; and

payment of his premiums under our group life insurance, accidental death and dismemberment and disability benefit plans during the twelve month period following the effective date of termination.

Furthermore, if his employment was terminated without cause or he resigned for good reason and such termination occurred within twelve months of a change in control of us, Mr. St. Philip would be entitled to receive the severance benefits summarized above and Mr. St. Philip's stock granted upon his hiring would become fully vested and exercisable on the first business day that is at least 60 days after the effective date of termination.

Mr. Mulder's employment agreement, negotiated at the time of his hire in April 2008, and amended in March and April of 2009, also provides for certain severance and change of control benefits. If Mr. Mulder's employment is terminated other than for cause or if he resigns for good reason, Mr. Mulder will be entitled to receive severance benefits equal to:

one year of annual base salary payable in twenty-four (24) equal semi-monthly installments; and

twelve months of paid COBRA premiums under our medical and dental benefit plans.

Furthermore, if his employment is terminated without cause or he resigns for good reason and such termination occurs within twelve months of a change in control of us, Mr. Mulder will be entitled to receive the severance benefits summarized above (except that the one year of annual base salary will be paid in lump sum on the first business day that is at least 60 days after the effective date of termination) and Mr. Mulder's stock granted upon his hiring shall become fully vested and exercisable on the first business day that is at least 60 days after the effective date of

termination.

Mr. Scott's employment agreement, negotiated at the time of his hire in July 2009 also provides for certain severance and change of control benefits. If Mr. Scott's employment is terminated other than for cause or if he resigns for good reason, Mr. Scott will be entitled to receive severance benefits equal to:

six months' worth of annual base salary payable in twelve (12) equal semi-monthly installments; and

six months of paid COBRA premiums under our medical and dental benefit plans.

Furthermore, if his employment is terminated without cause or he resigns for good reason and such termination occurs within twelve months of a change in control of us, Mr. Scott will be entitled to receive the severance benefits summarized above (except that the six months worth of annual base salary will be paid in lump sum on the first business day that is at least 60 days after the effective date of termination) and Mr. Scott's stock granted upon his hiring shall become fully vested and exercisable on the first business day that is at least 60 days after the effective date of termination.

Compliance with Internal Revenue Code Section 162(m).

Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly held companies for compensation paid to certain of their executive officers to the extent that such compensation exceeds \$1.0 million per covered officer in any fiscal year. The limitation applies only to compensation that is not considered to be performance-based. Nonperformance-based compensation paid to our executive officers for the 2008 fiscal year did not exceed the \$1.0 million limit per officer, and we do not expect the nonperformance-based compensation to be paid to our executive officers for the 2009 fiscal year to exceed that limit. Our option grants under our 2002 Stock Incentive Plan have been designed to qualify as performance-based compensation.

There are certain circumstances under which the Board and Compensation Committee may decide to exceed the deductibility limit imposed under Section 162(m) or to otherwise pay non-deductible compensation. These circumstances may include maintaining a competitive salary for a named executive officer position or attracting highly qualified executives to join us and to promote their retention with compensation that is not performance based as part of their initial employment offers. As an inducement for Mr. St. Philip to join us as Chief Executive Officer, we granted him a nonqualified stock option to purchase 450,000 shares of our common stock at an exercise price of \$2.89 per share, the fair market value of our stock on the grant date, January 7, 2008. The nonqualified stock option grant to Mr. St. Philip was made outside of the 2002 Stock Incentive Plan and does not qualify as a performance award under Section 162(m). Because it is unlikely that the cash compensation payable to any of our executive officers in the foreseeable future will approach the \$1.0 million limit, we do not expect to take any action to limit or restructure the elements of cash compensation payable to our executive officers so as to qualify that compensation as performance-based compensation under Section 162(m). We will reconsider this decision should the individual cash compensation of any executive officer ever approach the \$1.0 million level.

Sections 280G and 4999 of the Internal Revenue Code impose certain adverse tax consequences on compensation treated as excess parachute payments. An executive is treated as having received excess parachute payments for purposes of Sections 280G and 4999 of the Internal Revenue Code if he or she receives compensatory payments or benefits that are contingent on a change in the ownership or control of a corporation, and the aggregate amount of such contingent compensatory payments and benefits equals or exceeds three times the executive's base salary amount. An executive's excess parachute payments are subject to a 20% excise tax under Section 4999 of the Internal Revenue Code, in addition to any applicable federal income and employment taxes. Also, the corporation's compensation deduction in respect of the executive's excess parachute payments is disallowed under Section 280G of the Internal Revenue Code. If we were to be subject to a change in control, certain amounts received by our executives could be excess parachute payments under Sections 280G and 4999 of the Internal Revenue Code. As discussed under Potential Payments Upon Termination or Change in Control we do not provide our executive officers with tax gross up payments in the event of a change in control.

- (1) In December 2005, the Compensation Committee approved the acceleration of vesting of certain unvested stock options granted under our 2002 Stock Incentive Plan that were held by certain of our key employees and officers, including our named executive officers. As a result of such acceleration, options granted to our named executive officers prior to 2006 became fully vested. The Compensation Committee imposed restrictions on shares of our common stock that could be acquired by such persons upon exercise of any such accelerated options that prevent the sale of such shares (other than to satisfy applicable withholding taxes) before such time as vesting would otherwise have taken place.
- (2) Options held by Mr. Pignatelli were granted to him as part of his director compensation. See Director Compensation discussion under Proposal One Election of Directors .
- (3) On August 1, 2009, Mr. Capallo resigned from the Company, at which time vesting of any unvested options ceased. Of his vested options as of that date, which totaled 63,332 shares, 54,999 shares expired on November 1, 2009 (three months following termination) as provided for by the terms of Mr. Capallo's option agreement and the option expiration dates included in the table have been adjusted to reflect this.

reorganization, unless our stockholders, immediately before such transaction own, directly or indirectly immediately following such transaction, at least 50% of the voting power of the outstanding securities of the corporation that is the successor in such transaction in substantially the same proportion as their ownership of the voting securities immediately before such merger, consolidation, share exchange or reorganization; (y) our complete liquidation or dissolution; or (z) an agreement for the sale or other disposition of all or substantially all of our assets.

Mr. St. Philip resigned from his position as Chief Executive Officer effective March 5, 2009 and was entitled to and paid severance benefits as noted above.

David M. Mulder.

On April 30, 2008, we hired Mr. Mulder as our Chief Financial Officer. On March 5, 2009, Mr. Mulder's employment agreement was amended, and he was elevated to the position of Chief Executive Officer and appointed as a director.

Mr. Mulder's employment agreement, negotiated at the time of his hire in April 2008, also provides for certain severance and change of control benefits. If Mr. Mulder's employment is terminated other than for cause or if he resigns for good reason, Mr. Mulder will be entitled to receive severance benefits equal to:

- one year of annual base salary payable in twenty-four (24) equal semi-monthly installments; and
- twelve months of paid COBRA premiums under our medical and dental benefit plans.

Furthermore, if his employment is terminated without cause or he resigns for good reason and such termination occurs within twelve months of a change in control of us, Mr. Mulder will be entitled to receive the severance benefits summarized above (except that the one year of annual base salary will be paid in lump sum on the first business day that is at least 60 days after the effective date of termination) and Mr. Mulder's stock granted upon his hiring shall become fully vested and exercisable on the first business day that is at least 60 days after the effective date of termination.

Good reason for the purposes of Mr. Mulder's employment agreement has the same meaning as the use of the term in Mr. St. Philip's employment agreement.

A Change of Control for the purposes of Mr. Mulder's employment agreement has the same meaning as the use of the term in Mr. St. Philip's employment agreement.

Frederick M. Capallo.

On June 27, 2007, we provided Mr. Capallo with a severance and change of control agreement. Under the terms of this agreement, if Mr. Capallo's employment is terminated without cause or he resigns for good reason and such termination or resignation occurs within eighteen months of a change in control of us, Mr. Capallo will be entitled to receive 100% of his current annual base salary payable in lump sum, plus the full amount of his potential bonus for the then current year (if applicable), as well as twelve months of paid COBRA premiums under our medical and dental benefit plans. In addition, to the extent permissible by law and in compliance with plan rules, we will pay Mr. Capallo's premiums under our group life insurance, accidental death and dismemberment, and disability benefit plans during the twelve month period following the effective date of termination or resignation. Mr. Capallo's unvested stock options would become fully vested and exercisable on the first business day that is at least 60 days after the effective date of termination. A change of control for the purposes of the severance and change of control agreement has the same meaning as the use of the term in Mr. St. Philip's employment agreement. Mr. Capallo's resignation effective August 1, 2009 did not entitle him to benefits under this agreement.

Table of Contents***Brett L. Scott***

On July 14, 2009, we hired Mr. Scott as our Chief Financial Officer. Under the terms of his employment agreement, if Mr. Scott's employment was terminated other than for cause or if he resigns for good reason, Mr. Scott would be entitled to receive severance benefits equal to:

six months of annual base salary payable in twelve (12) equal semi-monthly installments; and

six months of paid COBRA premiums under our medical and dental benefit plans.

Furthermore, if his employment is terminated without cause or he resigns for good reason and such termination occurs within twelve months of a change in control of us, Mr. Scott will be entitled to receive the severance benefits summarized above (except that the six months worth of annual base salary will be paid in lump sum on the first business day that is at least 60 days after the effective date of termination) and Mr. Scott's stock granted upon his hiring shall become fully vested and exercisable on the first business day that is at least 60 days after the effective date of termination.

Good reason for the purposes of Mr. Scott's employment agreement has the same meaning as the use of the term in Mr. St. Philip's employment agreement.

A Change of Control for the purposes of Mr. Scott's employment agreement has the same meaning as the use of the term in Mr. St. Philip's employment agreement.

In accordance with the requirements of the rules of the SEC, the following table presents our reasonable estimate of the benefits payable to Messrs. Mulder and Scott assuming: (a) an involuntary termination without cause or a resignation for good reason occurred on December 31, 2009, the last business day of the 2009 fiscal year; and (b) a change in control and involuntary termination of employment other than for cause or a resignation for good reason occurred on December 31, 2009, the last business day of the 2009 fiscal year. Also excluded are benefits provided to all employees. As discussed under Executive Compensation Our Executive Officers, Mr. St. Philip resigned from the Company effective March 5, 2009 and Mr. Capallo resigned from the Company effective August 1, 2009 and are therefore not included in the information presented in the following table.

Name	Termination Without Cause or Resignation for Good Reason Total(1)	Termination Without Cause or Resignation for Good Reason Within 12 Months of a Change in Control					Total(2)(3)
		Salary	Accelerated Equity Awards	Bonus	Car Allowance	Benefits	
David M. Mulder	\$ 271,183	\$ 250,000	\$ 0	\$ 0	\$ 0	\$ 21,183	\$ 271,183
Brett L. Scott	110,246	102,500	48,400	0	0	7,746	158,646

- (1) Represents salary and COBRA premiums due under terms stated above.
- (2) Represents the sum of (a) each executive's entitled portion of their then current annual salary, (b) the value of the acceleration of each executive's unvested stock options, granted on their hire date, based on the spread between the closing price of our common stock \$1.91 on December 31, 2009 and the stock options' exercise prices, and (c) COBRA premiums, based on current rates for medical, dental and vision insurance for the period stated in their respective agreements.
- (3) Excludes the value to Messrs. Mulder's, and Scott's continued right to indemnification by us. Executives are indemnified by us and entitled to continued coverage under our directors and officers liability insurance policy (if applicable).

Federico Pignatelli.

Mr. Pignatelli was not a party to any severance or change in control agreement during 2009 or currently.

Our 2002 Stock Incentive Plan is designed to attract and retain the services of individuals essential to its long-term growth and success. We also formerly maintained the 1990 Stock Option Plan and the 1993 Stock Option Plan. The 1990 Stock Option Plan and the 1993 Stock Option Plan have terminated pursuant to their terms; however, various option grants under those plans remain outstanding.

The following table summarizes information as of December 31, 2009 with respect to the shares of our common stock that may be issued upon exercise of options, warrants or rights under our existing equity compensation plans.

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights	Weighted Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans
Equity Compensation Plans Approved by Stockholders	3,646,677	\$ 4.50	924,352
Equity Compensation Plans Not Approved by Stockholders(1)	3,000	2.69	0
Total	3,649,677	\$ 4.50	924,352

- (1) The 1990 Stock Option Plan was implemented by our Board on December 15, 1990. The 1990 Stock Option Plan is a non-stockholder-approved plan under which options were authorized to be granted to directors, officers or employees. Our Board authorized 150,000 shares of our common stock for issuance under the 1990 Stock Option Plan. Options under this plan were granted with an exercise price per share equal to the fair market value per share of our common stock on the grant date and vested in installments during the optionee's period of service with us. The plan administrator (either our Board or a Board committee) may cause options to vest on an accelerated basis in the event we are acquired and those options are not assumed or replaced by the acquiring entity. Each option has a maximum term (not to exceed 10 years) set by the plan administrator at the time of grant, subject to earlier termination following the optionee's termination.

AUDIT COMMITTEE REPORT

The Audit Committee oversees our independent registered public accounting firm and assists our Board in fulfilling its oversight responsibilities on matters relating to the integrity of our financial statements, our compliance with legal and regulatory requirements and the independent registered public accounting firm's qualifications and independence by meeting regularly with the independent registered public accounting firm and financial management personnel. Management is responsible for the preparation, presentation and integrity of our financial statements; establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(f)); evaluating the effectiveness of disclosure controls and procedures; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed our financial statements as of and for the fiscal year ended December 31, 2009, with management and BDO Seidman, LLP, our independent registered public accounting firm. The Audit Committee also discussed with BDO Seidman, LLP the matters required to be discussed by Statement on Auditing Standards No. 61, Communications with Audit Committees, as amended. This included a discussion of the independent registered public accounting firm's judgments as to the quality, not just the acceptability, of our accounting principles and such other matters that generally accepted auditing standards require to be discussed with the Audit Committee. The Audit Committee also received the written disclosures and the letter from BDO Seidman, LLP required by Public Company Accounting Oversight Board Rule 3526, Independence Discussion with Audit Committees, as amended, and the Audit Committee discussed the independence of BDO Seidman, LLP with that firm.

Based on the Audit Committee's review and discussions noted above, the Audit Committee recommended to our Board, and our Board approved, that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2009 for filing with the SEC. The Audit Committee also approved the selection of BDO Seidman, LLP as our independent registered public accounting firm for 2009.

The Audit Committee and our Board have also recommended, subject to stockholder ratification, the selection of BDO Seidman, LLP as our independent registered public accounting firm for the 2010 fiscal year.

In addition, information on our website, other than our Proxy Statement and form of Proxy, is not part of the proxy soliciting material and is not incorporated herein by reference.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The charter of the Audit Committee requires that it review any insider and related party transactions. In connection with this requirement, all related party transactions (transactions involving our directors, executive officers or any member of their immediate family, or holder of more than five percent (5%) of our outstanding common stock) are disclosed and reviewed by our Audit Committee and our Board of Directors at least annually. In addition, transactions involving our directors are disclosed and reviewed by the Nominating and Corporate Governance Committee in its assessment of our directors' independence requirements. To the extent such transactions are ongoing business relationships, the transactions are disclosed and, as applicable, reviewed annually.

There has not been any transaction or series of related transactions to which we were a participant in the 2009 fiscal year or are currently a participant involving an amount in excess of \$120,000 and in which any director, executive officer or any member of their immediate family, or holder of more than five percent (5%) of our outstanding common stock, had or will have a direct or indirect material interest.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth the beneficial ownership of shares of our common stock as of March 17, 2010 by (i) any stockholder known to us to beneficially own five percent (5%) or more of our outstanding common stock, (ii) each director and nominee for director, (iii) each named executive officer and (iv) all current directors and executive officers as a group. Options shown in the table were granted pursuant to the 2002 Stock Option Plan and 1993 Stock Option Plan and represent the shares issuable pursuant to outstanding options exercisable within sixty (60) days of March 17, 2010. Except as indicated in the footnotes to this table, the persons or entities named in the table have sole voting and investment power with respect to all shares of our common stock shown as beneficially owned by them, subject to community property laws, where applicable. Percentage ownership is calculated pursuant to SEC Rule 13d-3(d)(1) and is based on

The members of our Board, the executive officers and beneficial holders of more than ten percent of the outstanding shares of our common stock are subject to the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934 which requires them to file reports with respect to their ownership of our securities. Based solely upon the copies of Section 16(a) reports which we received from such persons for their 2009 fiscal year transactions in our common stock and their common stock holdings, we believe that all reporting requirements under Section 16(a) for such fiscal year were met in a timely manner by our directors, executive officers and greater than ten percent beneficial owners.
