**Forward-Looking Statements and Factors That May Affect Future Results**

In passing the Private Securities Litigation Reform Act of 1995 (the Reform Act), Congress encouraged public companies to make forward-looking statements by creating a safe harbor to protect companies from securities law liability in connection with forward-looking statements. We intend to qualify our written and oral forward-looking statements for protection under the Reform Act and any other similar safe harbor provisions. Unless the context indicates otherwise, the words Company, we, our, and us when used in this Quarterly Report on Form 10-Q refer collectively to APAC Customer Services, Inc. and its wholly-owned subsidiaries.

Generally, forward-looking statements include expressed expectations, estimates and projections of future events and financial performance and the assumptions on which these expressed expectations, estimates and projections are based. Statements that are not historical facts, including statements about our beliefs and expectations and those of our management, are forward-looking statements. Sometimes these statements will contain words such as believes, expects, anticipates, intends, estimates, goals, would, could, should, plans, and other similar terms. Forward-looking statements are inherently uncertain as they are based on various expectations and assumptions about future events, and they are subject to known and unknown risks and uncertainties that can cause actual events and results to differ materially from historic results and those projected.

Due to such uncertainties, the investment community is cautioned not to place undue reliance on our written or oral forward-looking statements, which speak only as of the date on which they were made. If no date is provided, such statements speak only as of the date of this Quarterly Report on Form 10-Q. We expressly undertake no obligation to publicly update or revise any forward-looking statements as a result of changed assumptions, new information, future events or otherwise.

Forward-looking statements are contained in this Quarterly Report on Form 10-Q, primarily in Items 2 and 3. Moreover, through our senior management, we may from time to time make forward-looking statements about matters described herein or about other matters concerning us.

There are numerous factors that could prevent us from achieving our goals and cause future results to differ materially from historic results or those expressed or implied by forward-looking statements including, but not limited to, the following:

- A large portion of our revenue is generated from a limited number of clients and the loss of one or more of them, or a reduction in their demand for our services, could materially affect our financial results.
- Our operating results and financial condition may be affected by the performance of our clients and unfavorable general economic conditions.
- The failure to effectively manage our production capacity and our workforce could negatively impact our financial results.
- Our success is subject to the terms of our client contracts and if we are unable to continue operating under existing client contracts or renew existing client contracts with terms favorable to us, our results of operations and financial condition may be adversely affected by the loss of clients or by the less favorable terms.
- Our business may be affected by our cash flows from operations and our ability to comply with our debt covenants and funding requirements under our credit facility.
- Our financial results may be affected by risks associated with international operations and expansion, including, but not limited to foreign currency fluctuations and changes to laws in other countries.
- Our principal shareholder can exercise significant control over the Company and, as a result of such control may be able to exert considerable influence over our future direction and operations.
- Our success depends on our ability to recruit and retain a sufficient number of qualified key personnel and the loss of the services of key personnel without adequate replacement or the inability to attract new qualified personnel could have a material adverse effect on us.
- We operate in a highly competitive industry and our financial results may suffer if we are unable to adequately address potential downward pricing pressures and other competitive factors.

**Table of Contents**

Circumstances outside our control such as typhoons, hurricanes, earthquakes, floods and other acts of God, political instability, equipment malfunction, telephone or data service interruptions, changes in the telecommunications market, war and terrorism could seriously harm our domestic or international business operations.

Unauthorized disclosure of sensitive or confidential client and customer data could expose us to protracted and costly litigation, penalties and may cause us to lose clients.

Our business and our clients' businesses are subject to federal and state regulation and industry standards and the costs of compliance with, or liability for violation of, existing or future regulations or standards could significantly increase our costs of doing business.

The costs and management time and attention associated with litigation could result in a negative impact to financial results.

Our business is subject to rapid changes in technology and if our technology is rendered obsolete or we are unable to compete effectively, our operating results and financial condition could be materially and adversely affected.

Volatility in our stock price may result in loss of investment for shareholders as well as litigation, substantial cost and diversion of management's attention.

See our filings with the Securities and Exchange Commission (SEC) for further discussion of the risks and uncertainties associated with our business, in particular, the discussion in Item 1A of Part I of our Annual Report on Form 10-K for the fiscal year ended January 3, 2010, and in Item 1A of Part II of this Quarterly Report on Form 10-Q. In various places throughout this Quarterly Report on Form 10-Q we use certain non-GAAP financial measures when describing our performance. A non-GAAP financial measure is defined as a numerical measure of a company's financial performance that excludes or includes amounts so as to be different than the most directly comparable measure calculated and presented in accordance with GAAP in the statements of operations, balance sheets or statements of cash flows of a company. We believe that non-GAAP financial measures provide meaningful supplemental information and are useful in understanding our results of operations and analyzing of trends because they exclude certain charges such as interest, taxes and depreciation and amortization expenses that are not part of our ordinary business operations. We also believe that non-GAAP financial measures are useful to investors and analysts in allowing for greater transparency with respect to the supplemental information used by us in our financial and operational decision-making. In addition, we believe investors, analysts and lenders benefit from referring to non-GAAP measures when assessing our performance and expectations of our future performance. However, this information should not be used as a substitute for our GAAP financial information; rather it should be used in conjunction with financial statement information contained in our unaudited condensed consolidated financial statements prepared in accordance with GAAP. We discuss non-GAAP financial measures in Item 2 of this Quarterly Report on Form 10-Q under the caption Management's Discussion and Analysis of Financial Condition and Results of Operations Non-GAAP Financial Measures. Pursuant to the requirements of Regulation G, we have provided a reconciliation of all non-GAAP financial measures to the most directly comparable GAAP financial measure in Item 2 of this Quarterly Report on Form 10-Q.

**APAC CUSTOMER SERVICES, INC. AND SUBSIDIARIES  
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS  
(Unaudited)**

**(Dollars in thousands, except per share data)**

**1. Basis of Presentation and Principles of Consolidation**

The accompanying unaudited condensed consolidated financial statements of APAC Customer Services, Inc. and its subsidiaries (collectively, the Company) have been prepared in accordance with accounting principles generally accepted in the United States (GAAP) for interim financial information and the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and notes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of a normal recurring nature) considered necessary for a fair presentation have been included. Interim consolidated financial statements are not necessarily indicative of the financial position or operating results for an entire year.

The Company's international customer care centers use their local currency, the Philippine peso and the Dominican peso, as their functional currency. Assets and liabilities of international customer care centers have been translated at period-end rates, and income and expenses have been translated using average exchange rates for the respective periods. All inter-company transactions and balances have been eliminated. The balance sheet at October 3, 2010 has been derived from the unaudited financial statements at that date and includes all of the information and notes required by GAAP for interim financial statements. These interim financial statements should be read in conjunction with the audited financial statements and notes thereto included in Item 8 of Part II of the Company's Annual Report on Form 10-K for the fiscal year ended January 3, 2010. Copies of the Company's filings are available on a web site maintained by the SEC at <http://www.sec.gov>.

The Company operates on a thirteen week fiscal quarter that ends on the Sunday closest to September 30. The Company operates on a 52/53 week fiscal year that ends on the Sunday closest to December 31.

**2. New Accounting Pronouncements**

*Fair Value*

In January 2010, the Financial Accounting Standards Board (FASB) issued guidance amending Accounting Standards Codification (ASC) Topic 820 *Fair Value Measurements and Disclosures*. ASC Sub-topic 820-10 and related guidance was amended to require disclosure of the transfers in and out of Levels 1 and 2 and a schedule for Level 3 that separately identifies purchases, sales, issuances and settlements and requires more detailed disclosures regarding valuation techniques and inputs. This update is effective for interim and annual reporting periods beginning after December 15, 2009 except for the disclosures about purchases, sales issuances and settlements in the roll forward of activity in Level 3 fair value measurements. Those disclosures are effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years. The adoption of this guidance effective January 4, 2010, the beginning of the Company's current fiscal year, did not have a material impact on the Company's unaudited condensed consolidated financial statements. See Note 12 for disclosures associated with the adoption of this guidance.

*Revenue Recognition*

In October 2009, the FASB issued guidance on ASC Topic 605 *Revenue Recognition* related to revenue arrangements with multiple deliverables, which revises the criteria for separating, measuring, and allocating arrangement consideration to each deliverable in a multiple element arrangement. The guidance requires companies to allocate revenue using the relative selling price of each deliverable, which must be estimated if the Company does not have a history of selling the deliverable on a stand-alone basis or third-party evidence of selling price. This guidance is effective prospectively for revenue arrangements entered into or materially modified in fiscal years beginning on or after June 15, 2010, with early adoption permitted. The adoption of this guidance is not expected to have a material impact on the Company's unaudited condensed consolidated financial statements.

**Table of Contents**

**APAC CUSTOMER SERVICES, INC. AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(Unaudited)**

**(Dollars in thousands, except per share data)**

*Subsequent Events*

In February 2010, the FASB issued guidance amending Topic 855 *Subsequent Events*, to clarify that while SEC filers are required to evaluate subsequent events through the date financial statements are issued, they will not be required to disclose the date through which subsequent events have been evaluated. This guidance is effective as of February 24, 2010. The Company adopted this guidance during the fiscal quarter ended April 4, 2010. The adoption did not have a material impact on the Company's unaudited condensed consolidated financial statements. See Note 15 for disclosures associated with the adoption of this guidance.

**3. Accrued Liabilities**

The components of other current accrued liabilities included in the unaudited condensed consolidated balance sheets are as follows:

	<b>October 3, 2010</b>	<b>January 3, 2010</b>
Option repurchase obligation (1)	\$ 3,186	\$
Non-qualified retirement plan liability	2,228	1,931
Accrued legal settlement (2)	1,850	
Deferred rent	868	1,134
Accrued professional fees	853	719
Accrued severance costs	776	261
Accrued capital expenditures	610	890
Accrued workers' compensation	564	929
Accrued telecommunications expense	493	961
Accrued temporary labor	347	839
Other accrued liabilities	2,131	1,526
<b>Total</b>	<b>\$ 13,906</b>	<b>\$ 9,190</b>

(1) For more information regarding the option repurchase obligation, see Note 9.

(2) For more information regarding the accrued legal settlement, see Note 7.

**4. Goodwill and Other Intangible Assets**

There were no changes in goodwill for the thirty-nine weeks ended October 3, 2010. As of October 3, 2010 and January 3, 2010, the Company had \$13.3 million of goodwill.

The identifiable intangible assets of the Company include acquired customer relationships and internally developed software. The acquired customer relationships have a gross carrying value of \$28.5 million and accumulated amortization of \$28.5 million and \$27.6 million as of October 3, 2010 and January 3, 2010, respectively. The acquired customer relationships have been fully amortized as of the second quarter of 2010. The internally developed software has a gross carrying value of \$0.5 million and \$0.3 million as of October 3, 2010 and January 3, 2010, respectively, and accumulated amortization of \$0.3 million as of October 3, 2010 and \$0.2 million as of January 3, 2010. Total amortization expense related to intangible assets was less than \$0.1 million and \$0.6 million for the thirteen weeks ended October 3, 2010 and September 27, 2009, respectively, and \$1.0 million and \$1.8 million for the thirty-nine weeks ended October 3, 2010 and September 29, 2009, respectively.

**Table of Contents**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(Unaudited)**

**(Dollars in thousands, except per share data)**

**5. Accounting for Stock-Based Compensation**

The Company has a share-based incentive compensation plan for employees and non-employee directors, which authorizes the granting of various equity-based incentive awards, including stock options and non-vested common shares. The total number of common shares authorized for issuance under the plan is 11.8 million, of which 1.0 million shares are available for future grants at October 3, 2010.

Total stock-based compensation expense was \$0.7 million and \$0.3 million for the thirteen weeks ended October 3, 2010 and September 27, 2009, respectively. For the thirty-nine weeks ended October 3, 2010 and September 27, 2009, total stock-based compensation expense was \$1.9 million and \$0.5 million, respectively. As of October 3, 2010, there was \$6.9 million of unrecognized compensation cost related to unvested awards that is expected to be recognized over a weighted-average period of approximately 3.6 years.

A summary of the Company's non-vested common share grant activity during the thirty-nine weeks ended October 3, 2010 is presented below:

	<b>Number of Shares</b>
Outstanding on January 3, 2010	25,000
Granted	250,000
Issued	(25,000)
Forfeited	
Expired	
 Outstanding on October 3, 2010	 250,000

During the thirty-nine weeks ended October 3, 2010, the Company awarded 250,000 non-vested common shares at a weighted average value per share of \$5.23. The Company did not award non-vested common shares during the thirty-nine weeks ended September 27, 2009.

A summary of the Company's stock option grant activity during the thirty-nine weeks ended October 3, 2010 is presented below:

	<b>Number of Options</b>	<b>Grant Price Range Per Share</b>	<b>Weighted Average Exercise Price Per Share</b>	<b>Aggregate Intrinsic Value</b>
Outstanding on January 3, 2010	6,136,677	\$ 0.79	\$ 11.63	\$ 2.24
Granted	1,470,290	4.91	6.43	5.45
Exercised	(323,712)	1.06	3.57	1.65
Forfeited	(137,500)	1.49	5.53	5.11
Expired (1)	(927,000)	1.21	11.63	1.44
 Outstanding on October 3, 2010	 6,218,755	 \$ 0.79	 \$ 6.43	 \$ 3.08
				\$ 16,098

Exercisable on October 3, 2010	2,924,649	\$	0.79	\$	6.05	\$	2.34	\$	9,693
-----------------------------------	-----------	----	------	----	------	----	------	----	-------

(1) Includes 900,000 options that expired in September 2010 as part of the Company's severance agreement with Michael Marrow, its former President and CEO. At the time of Mr. Marrow's resignation, all unvested options included in his February 25, 2008 option grant immediately vested and then were expired as part of the terms of an option repurchase agreement.

Substantially all of the options become exercisable between one to five years after the grant date and generally expire ten years from the grant date.

**APAC CUSTOMER SERVICES, INC. AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(Unaudited)**

(Dollars in thousands, except per share data)

**6. Comprehensive Income**

Comprehensive income for the thirteen and thirty-nine weeks ended October 3, 2010 and September 27, 2009 is as follows:

	Thirteen Weeks Ended		Thirty-Nine Weeks Ended	
	October 3, 2010	September 27, 2009	October 3, 2010	September 27, 2009
Net income	\$ 4,644	\$ 6,588	\$ 16,533	\$ 24,943
Foreign currency translation adjustment	392	121	415	17
Unrealized gain on derivative contracts	730	494	364	1,108
Total comprehensive income	\$ 5,766	\$ 7,203	\$ 17,312	\$ 26,068

**7. Legal Proceedings**

On May 27, 2009, a purported collective/class action complaint captioned Tiffany Sharpe, et al. v. APAC Customer Services, Inc. was filed in the United States District Court for the Western District of Wisconsin. On behalf of the named plaintiff, a non-exempt call center employee, and other similarly situated individuals, the complaint asserted violations under the Federal Fair Labor Standards Act (FLSA) related to overtime compensation and wage records. The complaint also asserted violations under Wisconsin Wage Payment and Overtime Compensation Laws based upon the same alleged facts. The complaint purported to allege claims as a nationwide collective action under federal law, as well as a class action under Wisconsin state law. The complaint sought various forms of relief, including injunctive relief, unpaid overtime wages, liquidated damages, interest, and attorneys' fees and costs. On January 8, 2010, the court entered an order which conditionally certified the case as a collective action under the FLSA.

In March 2010, the Company entered into an agreement to resolve the collective action. On June 16, 2010, the Court entered an order approving the resolution of all claims under the FLSA collective action. Under the terms of the agreement, the Company agreed to pay a maximum amount of \$4.0 million to resolve claims by eligible class members, including payments to class members and payments for plaintiff attorneys' fees. As a result, the Company recorded a charge of \$2.4 million for the thirteen weeks ended April 4, 2010 which represents its estimate at the time of the costs to be incurred for attorneys' fees and claims, based on expected opt-in rates for claimants in similar actions.

Based on the court's final order approving the agreement, (including setting the amount of plaintiffs' attorneys' fees) and a revised estimated rate of participation from eligible class members, the Company has reduced the previously recorded liability by \$550,000 during the thirteen weeks ended October 3, 2010 to an adjusted recorded liability of \$1.85 million, which reflects the Company's revised expectation of the final amount which will ultimately be paid. The final amount recorded by the Company may need to be adjusted further in the future based on the final participation of eligible class members.

The Company denied and continues to deny the allegations in the complaint and contends that its policies and practices regarding compensation were proper and in compliance with the law at all times. The Company denies all liability and wrongdoing in this case, but decided to settle this lawsuit in order to avoid the distraction and additional legal expenses that would otherwise be incurred.

The Company is subject to other lawsuits, claims and governmental investigations arising out of the normal conduct of its business. Management does not believe that the outcome of any pending proceedings will have a material adverse effect on the Company's business, results of operations, liquidity, or financial condition. Although management does not believe that any such proceeding will result in a material adverse effect, no assurance to that

effect can be given.

**8. Debt**

As of October 3, 2010, there were no outstanding borrowings under the Revolving Loan Agreement and the Company had cash and cash equivalents of \$49.7 million.

As of January 4, 2010, the Company was party to a Revolving Credit and Security Agreement, as amended, (Revolving Loan Agreement) with PNC Bank National Association (PNC), as agent, and the financial institutions from time to time parties thereto as lenders. The Revolving Loan Agreement provides the Company with a \$40.0 million revolving loan facility which expires in May 2011.

The Company's ability to borrow under the Revolving Loan Agreement depends on the amount of eligible accounts receivable from its clients. The Revolving Loan Agreement contains certain financial covenants including limits on the amount of capital expenditures and maintenance of a minimum fixed charge coverage ratio. Other covenants in the Revolving Loan Agreement prohibit (with limited exceptions) the Company from incurring additional indebtedness, repurchasing outstanding common shares, permitting liens, acquiring, selling or disposing of certain assets, engaging in certain mergers and acquisitions, paying dividends or making certain restricted payments.

Borrowings under the Revolving Loan Agreement incur a floating interest rate based on the LIBOR index rate or an alternate base rate which approximates the prime rate defined in the Revolving Loan Agreement subjecting the Company to interest rate risk and required a \$5.0 million interest rate hedge. In August 2008, the Company entered into a pay fixed / receive floating interest rate swap for a \$5.0 million notional amount. The objective of the swap was to mitigate the variability in cash flows resulting from changes in the LIBOR rate. In June 2009, the swap was terminated due to the elimination of all outstanding borrowings.

The Revolving Loan Agreement is secured principally by a grant of a first priority security interest in all of the Company's personal property, including its accounts receivable. In addition, the Company pays a commitment fee on the unused portion of the Revolving Loan Agreement as well as fees on outstanding letters of credit.

The Company was in compliance with its financial covenants related to the Revolving Loan Agreement as of October 3, 2010.

**9. Severance and Other Charges**

In September 2010, Michael Marrow resigned as the Company's President and Chief Executive Officer. The Company recorded \$1.3 million in severance and other charges for the thirteen and thirty-nine weeks ended October 3, 2010. Cash payments related to severance and other charges are payable through December 2012.

An additional \$0.3 million of accelerated stock compensation expense was recorded directly in selling, general and administrative expense as part of overall stock compensation expense and was the result of the immediate vesting of all remaining unvested options included in Mr. Marrow's February 25, 2008 option grant.

The Company has a repurchase obligation of \$3.2 million related to these vested stock options as part of the Company's severance agreement with Mr. Marrow. The full amount of this repurchase was charged to equity in accordance with ASC 718-20-35-7 Repurchases or Cancellations of Awards of Equity Instruments .

**APAC CUSTOMER SERVICES, INC. AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(Unaudited)**

**(Dollars in thousands, except per share data)**

**10. Income Taxes**

The Company accounts for income taxes using the asset and liability method. Under the asset and liability method, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. A valuation allowance is recorded when management believes it is more likely than not that some portion or all of the deferred tax assets will not be realized in the future. The Company records a reserve for tax contingencies unless it believes it is more likely than not that the deductions giving rise to these contingencies will be sustained if challenged by taxing authorities. Tax contingencies are not material to the financial statements.

Income tax expense for the thirteen and thirty-nine weeks ended October 3, 2010 was \$2.3 million and \$8.6 million, respectively. This results in an effective income tax rate of 33.4% and 34.2% for the thirteen weeks and thirty-nine weeks ended October 3, 2010, respectively, which is lower than the statutory rate due to the generation of tax credits. Income tax expense for the thirteen and thirty-nine weeks ended September 27, 2009, was \$0.1 million and \$0.4 million, respectively. This was driven by a gross income earned tax of 5% on a portion of our Philippine financial results and certain state income taxes on our domestic financial results. The federal tax provision for the thirteen and thirty-nine weeks ended September 27, 2009 was fully offset by the utilization of net operating loss carryforwards and work opportunity tax credits. This resulted in a 2.1% effective tax rate for the thirteen weeks ended September 27, 2009 and a 1.7% effective income tax rate for the thirty-nine weeks ended September 27, 2009.

**11. Earnings Per Share**

Basic earnings per share are computed by dividing the Company's net income by the weighted average number of common shares outstanding. Diluted earnings per share are computed by dividing the Company's net income by the weighted average number of shares plus the effect of dilutive potential common shares outstanding and non-vested common shares using the treasury stock method. The following table sets forth the computation of basic and diluted earnings per share for the thirteen and thirty-nine weeks ended October 3, 2010 and September 27, 2009:

	<b>Thirteen Weeks Ended</b>		<b>Thirty-Nine Weeks Ended</b>	
	<b>September</b>		<b>September</b>	
	<b>October 3,</b>	<b>27,</b>	<b>October 3,</b>	<b>27,</b>
	<b>2010</b>	<b>2009</b>	<b>2010</b>	<b>2009</b>
	<b>(In thousands, except earnings per share)</b>			
Net income	\$ 4,644	\$ 6,588	\$ 16,533	\$ 24,943
Shares used in basic per share calculation	52,571	51,835	52,452	51,352
Effects of dilutive securities:				
Stock options	2,172	3,339	2,351	2,585
Non-vested stock	1	25	4	25
Shares used in diluted per share calculation	54,744	55,199	54,807	53,962
Net income per share:				
Basic	\$ 0.09	\$ 0.13	\$ 0.32	\$ 0.49
Diluted	\$ 0.08	\$ 0.12	\$ 0.30	\$ 0.46

For the thirteen and thirty-nine weeks ended October 3, 2010, options to purchase 1.5 million and 1.2 million shares of common stock, respectively, were outstanding, but not included in the computation of diluted net income per share because the effect would have been anti-dilutive. For the thirteen and thirty-nine weeks ended September 27, 2009, options to purchase 0.5 million and 0.9 million shares of common stock, respectively, were outstanding, but not included in the computation of diluted net income per share because the effect would have been anti-dilutive.

**12. Fair Value Measurements**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The accounting standards establish a fair value hierarchy, which prioritizes the inputs used in measuring fair value into three broad levels as follows:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly.

Level 3 Unobservable inputs based on the Company's own assumptions.

The following table presents the fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of October 3, 2010:

	<b>Fair Value Measurements as of October 3,</b>		
	<b>2010</b>		
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>
Assets:			
Cash equivalents(1)	\$ 45,789	\$	\$
Non-qualified retirement plan(2)	2,228		
Foreign currency derivative contracts(3)		1,199	
Non-current investments(4)	363		
Liabilities:			
Non-qualified retirement plan obligation(2)	\$ 2,228	\$	\$

(1) Cash equivalents: The carrying amount of these items approximates fair value at period end.

(2) Non-qualified retirement plan: The Company maintains a non-qualified retirement plan (Select Plan) for highly compensated employees who are limited in the amount of contributions

that they can make in the Company's 401-K plan. As of October 3, 2010, the fair value of investments in the Select Plan totaled \$2.2 million and is reflected on the Company's balance sheet in other current assets. The related obligation to employees participating in the Select Plan, which will always equal the fair value of the investments, are recorded on the Company's balance sheet in other current liabilities.

- (3) Foreign currency derivative contracts: The carrying amount of these items is based on valuations provided by the counter-party institution, but there are no guaranteed selling prices for these forward currency contracts.

(4)

Non-current  
investments:  
The carrying  
amount of these  
items, which  
represent  
Philippine  
treasury bills,  
approximates  
fair value as of  
October 3, 2010  
and is recorded  
as a component  
of other assets  
on the  
Company's  
balance sheet.

The carrying amounts of accounts receivable, accounts payable and short-term debt approximate fair value. There were no transfers of assets or liabilities between Level 1 and Level 2 during the thirteen and thirty-nine weeks ended October 3, 2010.

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(Unaudited)**

**(Dollars in thousands, except per share data)**

**13. Derivative Instruments**

The Company uses forward contracts to mitigate foreign currency risk. The Company's derivatives are designated as cash flow hedges to the extent that the instruments qualify for accounting as a hedging instrument; therefore, the effective portion of gains and losses that result from changes in fair value of the derivative instruments are recorded in accumulated other comprehensive income (OCI) until the hedged transaction affects income, at which time gains and/or losses are realized. The Company expects these amounts to be reclassified into earnings over the next eighteen months. If the instrument does not qualify for accounting as a hedge, the change in the value of the instrument during the reporting period is recorded immediately to earnings. The Company assesses hedge effectiveness each reporting period.

The objective of the foreign currency hedge contract is to mitigate the variability in cash flows and expenses over the period of the hedge contracts due to the foreign currency risk associated with the repayment of the intercompany accounts payable from the U.S. operations to the Philippines representing the Philippines share of revenue. The Company currently engages in forward contracts with two major financial credit institutions. Forward contracts to purchase approximately 977 million Philippine pesos at a U.S. dollar notional of \$20.9 million were outstanding as of October 3, 2010.

Each contract is designated to a hedged item which is settled periodically. The hedged item represents the change in the U.S. dollar cash flow necessary to settle the accounts payable balance at periodic intervals over the next 18 months. The settlement timing corresponds with the payroll and rent cycles in the Philippines. No ineffectiveness is anticipated because the notional amount of the contracts is no more than 95% of the anticipated payable balance and declines steadily over the course of the next eighteen months. Also, the maturity date of the forward contract coincides with the timing of the effective repayment of the intercompany payable.

At October 3, 2010 and January 3, 2010, the fair value carrying amount of the Company's derivative instruments was recorded as follows:

	<b>Asset Derivatives</b>		
	<b>Fair Value</b>		
	<b>Balance Sheet Location</b>	<b>October 3, 2010</b>	<b>January 3, 2010</b>
Derivatives designated as hedging instruments:			
	Other Current Assets		
Foreign currency contracts		\$ 1,199	\$ 657
Total derivatives		\$ 1,199	\$ 657

	<b>Liability Derivatives</b>		
	<b>Fair Value</b>		
	<b>Balance Sheet Location</b>	<b>October 3, 2010</b>	<b>January 3, 2010</b>
Derivatives designated as hedging instruments:			
	Accrued Liabilities		
Foreign currency contracts		\$	\$ 15

Total derivatives		\$	\$	15
-------------------	--	----	----	----

**14. Reclassifications**

Certain immaterial amounts in the prior period financial statements have been reclassified to conform to the current period presentation.

**15. Subsequent Events**

The Company evaluated all events or transactions that occurred after the balance sheet date of October 3, 2010. The Company did not have any material recognizable subsequent events.

**Table of Contents**

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

Our management's discussion and analysis of financial condition and results of operations should be read in conjunction with our unaudited condensed consolidated financial statements and related notes thereto appearing elsewhere in this report and our audited consolidated financial statements which appear in Item 8 of Part II of our Annual Report on Form 10-K for the fiscal year ended January 3, 2010. Our management's discussion and analysis contains forward-looking statements. All forward-looking statements are inherently uncertain as they are based on various expectations and assumptions about future events and are subject to known and unknown risks and uncertainties, and other factors that may cause our actual results, performance, or achievements to be materially different from those expressed or implied by the forward-looking statements. See *Forward Looking Statements and Factors That May Affect Future Results* on page 3 and page 4 of this Quarterly Report on Form 10-Q and Item 1A in Part II of this Quarterly Report on Form 10-Q.

***Overview***

We are a leading provider of customer care services and solutions to market leaders in the communications, healthcare, business services, media & publishing, travel & entertainment, financial services, and technology industries. Our services are provided through customer care centers staffed with skilled customer service representatives in domestic, international, and client-owned locations. As of October 3, 2010, we operated 15 customer care centers: eight domestic, two domestic client-owned facilities, four off-shore centers located in the Philippines and one near-shore facility located in the Dominican Republic. As of October 3, 2010, our domestic operations consisted of approximately 6,300 workstations and our international operations consisted of approximately 4,300 workstations.

During 2008, we restructured our operations resulting in the reduction of overhead costs and headcount, refinanced our debt, and took steps to improve our operating efficiencies. Our focus on improving our financial performance resulted in increased gross profit margins, improved cash flow, lower levels of debt and profitability on a full year basis in fiscal year 2008. This transformation laid the foundation to return the Company to a sustainable, profitable operation.

During 2009, we continued to see a favorable impact from the initiatives launched in 2008. We expanded the sales organization and focused on expanding our service offerings and client base. We opened our fourth customer care center in the Philippines and a second customer care center in Tucson, Arizona, expanded our *atHOME* program, and began call center operations in the Dominican Republic. These actions resulted in an increase in revenue of 17.8% to \$293.2 million for 2009 as compared to \$248.8 million for 2008, and resulted in improvements in operating margins to 11.8% for 2009, as compared to 2.8% in 2008. Operating cash flow improved significantly allowing us to fully pay off all outstanding debt and establish a cash position of \$20.6 million as of January 3, 2010. Because of the significant improvement in our forecasted financial performance, we reversed substantially all of the valuation allowance that had been provided against our deferred tax assets in the fourth quarter of fiscal year 2009.

Throughout 2010, we have continued to see improvement in our financial performance. Our revenue increased 15.3% to \$239.5 million for the thirty-nine weeks ended October 3, 2010, as compared to \$207.6 million for the thirty-nine weeks ended September 27, 2009. Our gross profit increased \$3.6 million to \$51.7 million for the thirty-nine weeks ended October 3, 2010, as compared to \$48.1 million for the thirty-nine weeks ended September 27, 2009. Operating cash flow continued to be strong resulting in a cash position of \$49.7 million as of October 3, 2010.

During 2010, we have also benefited from the addition of several new clients, the result of increasing our sales efforts. In addition, we have expanded our client services team to ensure we are continually focused on enhancing the quality, dependability and overall value of the services we provide for our clients.

In September 2010, current board member Kevin T. Keleghan was appointed as our new President and Chief Executive Officer. He succeeds Michael P. Marrow, who resigned at the same time. Mr. Keleghan will continue to serve as a member of the board.

**Table of Contents**

***Critical Accounting Policies and Estimates***

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires us to make estimates and judgments that affect the amounts reported in the unaudited condensed consolidated financial statements and accompanying notes. Certain of our accounting policies are considered critical, due to the level of subjectivity and judgment necessary in applying these policies and because the impact of these estimates and assumptions on our financial condition and operating performance may be material. On an ongoing basis, we evaluate our estimates and judgments in these areas based on historic experience and other relevant factors. The estimates as of the date of the financial statements reflect our best judgment giving consideration to all currently available facts and circumstances. We believe our estimates and judgments are reasonable, however, actual results and the timing of the recognition of such amounts could differ from those estimates.

We have used methodologies that are consistent from year to year in all material respects. We have identified the following accounting policies and estimates that we believe are most critical in the preparation of our unaudited condensed consolidated financial statements: accounting for derivatives, allowance for doubtful accounts, accounting for employee benefits, revenue recognition, intangible assets, restructuring charges, accounting for stock-based compensation and income taxes. For details concerning these critical accounting policies and estimates see Item 7 of Part II of our Annual Report on Form 10-K for the fiscal year ended January 3, 2010, under the caption Management's Discussion and Analysis of Financial Condition and Results of Operations Critical Accounting Policies and Estimates and Note 3 to our audited consolidated financial statements which appears in Item 8 of Part II of our Annual Report on Form 10-K for the fiscal year ended January 3, 2010. Any deviation from these policies or estimates could have a material impact on our unaudited condensed consolidated financial statements.

**Table of Contents****Results of Operations**

The following table sets forth selected information about our results of operations for the thirteen and thirty-nine weeks ended October 3, 2010 and September 27, 2009, respectively. Certain additional components of cost of services have been included as we believe they would enhance an understanding of our results of operations. All amounts in the table below are presented in thousands.

	Thirteen Weeks Ended			Thirty-Nine Weeks Ended		
	October 3, 2010	September 27, 2009	Fav (Unfav) % Change	October 3, 2010	September 27, 2009	Fav (Unfav) % Change

***Non-GAAP Financial Measures***

To supplement our unaudited condensed consolidated financial statements presented in accordance with GAAP, we present EBITDA and adjusted EBITDA, which are defined as non-GAAP financial measures. The presentation of these non-GAAP financial measures is not intended to be considered in isolation or as a substitute for the financial information presented in accordance with GAAP. The items excluded from these non-GAAP financial measures are significant components of our financial statements and must be considered in performing a comprehensive analysis of our overall financial results.

We believe these non-GAAP financial measures provide meaningful supplemental information and are useful in understanding our results of operations and analyzing trends because they exclude certain charges that are not part of our ordinary business operations.

EBITDA and adjusted EBITDA are measures used by our lenders, investors and analysts to evaluate our financial performance and our ability to pay interest and repay debt. These measures are also indicative of our ability to fund the capital investments necessary for our continued growth. We use these measures, together with our GAAP financial metrics, to assess our financial performance, allocate resources, measure our performance against debt covenants and evaluate our overall progress towards meeting our long-term financial objectives.

**Table of Contents**

We believe that these non-GAAP financial measures are useful to investors and analysts in allowing for greater transparency with respect to the supplemental information used by us in our financial and operational decision making. In addition, we believe investors, analysts and lenders benefit from referring to EBITDA and adjusted EBITDA when assessing our performance and expectations of our future performance. However, this information should not be used as a substitute for our GAAP financial information; rather it should be used in conjunction with financial statement information contained in our unaudited condensed consolidated financial statements presented in accordance with GAAP.

Our calculation of EBITDA and adjusted EBITDA may not be consistent with calculations of similar measures used by other companies. The accompanying notes have more details on the GAAP financial measure that is most directly comparable to our non-GAAP financial measure and the related reconciliation between these financial measures.

	Thirteen Weeks Ended (1)			Thirty-Nine Weeks Ended		
	October 3, 2010	September 27, 2009	Fav (Unfav)	October 3, 2010	September 27, 2009	Fav (Unfav)
	(Dollars in thousands except statistical data and notes)					
EBITDA (2)	\$ 9,720	\$ 9,600	1.3%	\$ 33,927	\$ 34,065	(0.4)%
Adjusted EBITDA (2)	\$ 10,694	\$ 9,620	11.2%	\$ 37,602	\$ 34,062	10.4%

## Statistical information:

Number of customer care centers:

Domestic	10	9	10	9
International	5	4	5	4
Total	15	13	15	13

Number of workstations, end of period:

Domestic	6,288	5,391	6,288	5,391
International	4,279	3,879	4,279	3,879
Total	10,567	9,270	10,567	9,270

**Notes to Non-GAAP Financial Measures**

(1) We operate on a thirteen-week fiscal quarter that ends on the Sunday closest to September 30.

(2) We define EBITDA as net income plus income tax expense (benefit), depreciation and amortization, and interest expense. We define adjusted EBITDA as EBITDA adjusted for legal settlement expense, severance and other charges and the acceleration of certain stock compensation expense.

EBITDA and adjusted EBITDA are measures used by our lenders, investors and analysts to evaluate our financial performance and our ability to pay interest and repay debt. These measures are also indicative of our ability to fund the capital investments necessary for our continued growth. We use these measures, together with our GAAP financial metrics, to assess our financial performance, allocate resources, measure our performance against debt covenants and evaluate our overall progress towards meeting our long-term financial objectives.

EBITDA and adjusted EBITDA are not intended to be considered in isolation or used as a substitute for net income or cash flow from operations data presented in accordance with GAAP or as a measure of liquidity. The items excluded from EBITDA and adjusted EBITDA are significant components of our statements of operations and must be considered in performing a comprehensive assessment of our overall financial results.

**Table of Contents**

EBITDA and adjusted EBITDA can be reconciled to net income, which we believe to be the most directly comparable financial measure calculated and presented in accordance with GAAP, as follows:

	<b>Thirteen Weeks Ended</b>		<b>Thirty-Nine Weeks Ended</b>	
	<b>September</b>		<b>September</b>	
	<b>October 3,</b>	<b>27,</b>	<b>October 3,</b>	<b>27,</b>

Severance and other charges	1,268	20	1,256	(7)
Accelerated stock compensation expense (a)	262		568	
<b>Adjusted EBITDA</b>	<b>\$ 10,694</b>	<b>\$ 9,620</b>	<b>\$ 37,602</b>	<b>\$ 34,062</b>

(a) Accelerated stock compensation expense resulting from the acceleration of the vesting of the stock options related to the June 2010 retirement of two members of our Board of Directors and the September 2010 severance agreement with our former President and CEO.

**Table of Contents*****Comparison of Results of Operations for the Thirteen Weeks Ended October 3, 2010 and September 27, 2009***

Net revenue increased 12.5% to \$76.9 million for the thirteen weeks ended October 3, 2010, as compared to \$68.4 million for the thirteen weeks ended September 27, 2009. The increase in revenue of \$8.5 million is primarily driven by growth from existing and new clients of \$5.6 million in the media & publishing vertical, \$3.6 million in the business services vertical, \$1.4 million in the healthcare vertical, \$1.1 million in the technology vertical and \$0.6 million of other services, partially offset by a decline of \$3.8 million in the communications vertical.

Cost of services increased \$7.8 million, or 14.5%, to \$62.0 million for the thirteen weeks ended October 3, 2010, from \$54.2 million for the thirteen weeks ended September 27, 2009. Direct labor increased \$3.6 million, or 9.7%, primarily driven by increased volume in the media & publishing, healthcare and technology verticals both domestically and off-shore, increased volume in the domestic business services vertical, and higher wage rates and employee benefits domestically, partially offset by increased domestic efficiencies. Facility and other costs increased \$4.2 million, or 25.3%, due to \$2.4 million of increased facility costs primarily related to the addition of our second customer care center in Tucson, Arizona, the opening of a customer care center in the Dominican Republic and increased growth at our customer care center in Davenport, Iowa, as well as at our fourth center in the Philippines. Other facility expenses increased \$1.8 million due to \$0.5 million of salaries and wages associated with increased operational support, \$0.4 million of increased information technology costs, \$0.2 million of increased telecommunications costs associated with increased volumes domestically and off-shore and \$0.7 million of other facility expenses. Cost of services as a percentage of revenue increased to 80.7% for the thirteen weeks ended October 3, 2010, as compared to 79.3% for the thirteen weeks ended September 27, 2009, primarily due to increased facility and other costs.

Gross profit increased \$0.6 million, or 4.8%, to \$14.8 million for the thirteen weeks ended October 3, 2010, as compared to \$14.2 million for the thirteen weeks ended September 29, 2010, primarily due to increased revenue volume, as noted above. Gross profit margin decreased from 20.7% for the thirteen weeks ended September 27, 2009 to 19.3% for the thirteen weeks ended October 3, 2010, driven by increased facility and other costs.

Selling, general and administrative expenses were \$7.4 million for the thirteen weeks ended October 3, 2010, a \$0.1 million decrease from \$7.5 million for the thirteen weeks ended September 27, 2009. The decrease is primarily due to a \$0.6 million decrease in costs associated with the final amortization of intangible assets and a reduction in salaries and compensation expense of \$0.3 million, partially offset by a \$0.3 million increase in stock compensation expense resulting from the acceleration of the vesting of the stock options related to the September 2010 severance agreement with our former President and CEO and a \$0.5 million net increase in other expenses.

Legal settlement expense decreased \$0.6 million for the thirteen weeks ended October 3, 2010 as the result of a revision to the previously recorded liability related to the settlement of the Tiffany Sharpe, et al. v. APAC Customer Services, Inc. suit. The decrease reflects our revised expectation of the final amount which will ultimately be paid. For more information regarding legal settlement expense, see Note 7 of our unaudited condensed consolidated financial statements appearing elsewhere in this Quarterly Report on Form 10-Q.

Severance and other charges were \$1.3 million for the thirteen weeks ended October 3, 2010 and related to the September 2010 resignation of our former President and CEO. For more information regarding severance and other charges, see Note 9 of our unaudited condensed consolidated financial statements appearing elsewhere in this Quarterly Report on Form 10-Q.

Operating income remained constant at \$6.7 million for the thirteen weeks ended October 3, 2010 and September 27, 2009. The impact of the expense recorded for severance and other charges was fully offset by the increase in gross profit, decrease in legal settlement expense and decline in selling, general and administrative recorded for the thirteen weeks ended October 3, 2010.

Net interest income of less than \$0.1 million for the thirteen weeks ended October 3, 2010 was primarily related to \$0.1 million from the amortization of points on forward contracts, offset by \$0.1 million of fees associated with the Revolving Loan Facility with PNC. Net interest income of less than \$0.1 million for the thirteen weeks ended September 27, 2009 was primarily related to \$0.2 million from the amortization of points on forward contracts, partially offset by \$0.1 million of fees and interest associated with borrowings under the Revolving Loan Facility with PNC.

**Table of Contents**

EBITDA was \$9.7 million for the thirteen weeks ended October 3, 2010, an increase of \$0.1 million, as compared to \$9.6 million for the thirteen weeks ended September 27, 2009. Adjusting for the legal settlement expense, severance and other charges and the acceleration of certain stock compensation expense, adjusted EBITDA improved \$1.1 million to \$10.7 million for the thirteen weeks ended October 3, 2010 from \$9.6 million for the thirteen weeks ended September 27, 2009 primarily due to the favorable impact of the increase in gross profit and decrease in selling, general and administrative expenses, as noted above. More information concerning these non-GAAP financial measures, including the definition of EBITDA and adjusted EBITDA and a reconciliation of these measures to the most directly comparable financial measure calculated and presented in accordance with GAAP, can be found under the heading **Non-GAAP Financial Measures** and the accompanying notes thereto appearing elsewhere in this Management's Discussion and Analysis of Financial Condition and Results of Operations.

Income tax expense was \$2.3 million for the thirteen weeks ended October 3, 2010 which represents an effective rate of 33.4%. This is lower than the statutory rate due to the generation of tax credits. We estimate that our cash paid for income taxes for fiscal year 2010 will be less than 5% of income before taxes due to the utilization of net operating loss carryforwards and tax credits. Income tax expense was \$0.1 million for the thirteen weeks ended September 27, 2009. This was driven by a gross income earned tax of 5% on a portion of our Philippine financial results and domestic state income taxes. The Federal tax provision was fully offset by the utilization of net operating loss carryforwards and work opportunity tax credits. This resulted in a 2.1% effective income tax rate for the thirteen weeks ended September 27, 2009.

Net income for the thirteen weeks ended October 3, 2010 was \$4.6 million, as compared to \$6.6 million for the thirteen weeks ended September 27, 2009. The \$2.0 million decrease was primarily due to the \$2.2 million increase in income tax expense, partially offset by a \$0.2 million increase in net other income.

***Comparison of Results of Operations for the Thirty-nine Weeks Ended October 3, 2010 and September 27, 2009***

Net revenue increased 15.3% to \$239.5 million for the thirty-nine weeks ended October 3, 2010, as compared to \$207.6 million for the thirty-nine weeks ended September 27, 2009. The increase in revenue of \$31.9 million is primarily driven from growth with existing and new clients of \$11.5 million in the media & publishing vertical, \$7.7 million in the business services vertical, \$6.0 million in the communications vertical, \$4.1 million in the healthcare vertical, \$1.6 million in the technology vertical, \$1.5 million in the financial services vertical and \$1.2 million of other services, partially offset by a decline in revenue of \$1.7 million in the travel & entertainment vertical.

Cost of services increased \$28.3 million, or 17.8%, to \$187.8 million for the thirty-nine weeks ended October 3, 2010, from \$159.5 million for the thirty-nine weeks ended September 27, 2009. Direct labor increased \$17.5 million, or 15.9%, primarily driven by increased volume in the media & publishing vertical, both domestically and off-shore, increased volume in the domestic business services, communications, healthcare, technology and financial services verticals, higher wage rates and benefits domestically and decreased domestic efficiencies, partially offset by improved off-shore efficiencies and lower off-shore wage rates and benefits. Facility and other costs increased \$10.8 million, or 21.9%, primarily due to \$5.9 million of increased facility costs primarily related to the addition of our second customer care center in Tucson, Arizona, the opening of our fourth customer care center in the Philippines and the opening of a customer care center in the Dominican Republic, all of which took place in 2009, and growth in our customer care centers in Green Bay, Wisconsin and Davenport, Iowa. Other facility expenses increased \$4.9 million due to \$2.1 million of salaries and wages associated with increased operational support, \$0.9 million of increased information technology costs, \$0.8 million of telecommunication costs associated with increased volumes domestically and off-shore and \$1.1 million of other facility expenses. Cost of services as a percentage of revenue increased to 78.4% for the thirty-nine weeks ended October 3, 2010, as compared to 76.8% for the thirty-nine weeks ended September 27, 2009, as a result of increased facility and other costs, higher domestic wage rates and benefits, and decreased domestic efficiencies.

Gross profit increased \$3.6 million, or 7.4%, to \$51.7 million for the thirty-nine weeks ended October 3, 2010, as compared to \$48.1 million for the thirty-nine weeks ended September 27, 2009, primarily due to increased volume in the media & publishing vertical, both domestically and off-shore, and increased volume in the domestic business services, communications, healthcare, technology and financial services verticals, partially offset by increased facility

and other costs, higher domestic wage rates and benefits, and decreased domestic efficiencies. Gross profit margin decreased from 23.2% for the thirty-nine weeks ended September 27, 2009 to 21.6% for the thirty-nine weeks ended October 3, 2010 driven by increased facility and other costs, higher domestic wage rates and benefits, and decreased domestic efficiencies.

**Table of Contents**

Selling, general and administrative expenses were \$23.7 million for the thirty-nine weeks ended October 3, 2010, a 3.9% increase as compared to \$22.8 million for the thirty-nine weeks ended September 27, 2009. The \$0.9 million increase is primarily due to a \$1.3 million increase in stock compensation expense resulting from the acceleration of the vesting of the stock options related to the June 2010 retirement of two members of our Board of Directors and the September 2010 severance agreement with our former President and CEO, and the impact of an expense reversal during the first quarter of fiscal year 2009 related to options vesting at that time, but which were forfeited in earlier periods, a \$0.6 million increase in travel and entertainment, a \$0.4 million increase in compensation and benefits primarily associated with an increase in our sales, human resources and executive teams and a \$0.5 million net increase in other expenses, partly offset by a \$1.0 million decrease in professional fees and a \$0.9 million decrease in costs associated with the final amortization of intangible assets.

Legal settlement expense of \$1.8 million for the thirty-nine weeks ended October 3, 2010 relates to the settlement of the Tiffany Sharpe, et al. v. APAC Customer Services, Inc. suit and represents our expectation of the estimate of the claims to be incurred based upon our expected rate of participation from eligible class members and the costs to be incurred for attorneys' fees, based on the court's final order approving the agreement. The final amount recorded by us may need to be adjusted further in the future based on the final participation of eligible class members. For more information regarding legal settlement expense, see Note 7 of our unaudited condensed consolidated financial statements appearing elsewhere in this Quarterly Report on Form 10-Q.

Severance and other charges were \$1.3 million for the thirty-nine weeks ended October 3, 2010 and related to the September 2010 resignation of our former President and CEO. For more information regarding severance and other charges, see Note 9 of our unaudited condensed consolidated financial statements appearing elsewhere in this Quarterly Report on Form 10-Q.

Operating income was \$24.9 million for the thirty-nine weeks ended October 3, 2010, as compared to \$25.3 million for the thirty-nine weeks ended September 27, 2009. The \$0.4 million decrease was the result of the estimated legal settlement of \$1.8 million, severance and other charges of \$1.3 million and increased selling, general and administrative expenses of \$0.9 million, partially offset by the \$3.6 million increase in gross profit, as noted above.

Net interest income of less than \$0.1 million for the thirty-nine weeks ended October 3, 2010 was primarily related to \$0.4 million from the amortization of points on forward contracts, partially offset by \$0.4 million of fees associated with the Revolving Loan Facility with PNC. Net interest income was less than \$0.1 million for the thirty-nine weeks ended September 27, 2009 and was primarily related to \$0.6 million from the amortization of points on forward contracts, partially offset by \$0.5 million of fees and interest associated with borrowings under the Revolving Loan Facility with PNC.

EBITDA was \$33.9 million for the thirty-nine weeks ended October 3, 2010, a decrease of \$0.2 million, as compared to \$34.1 million for the thirty-nine weeks ended September 27, 2009. Adjusting for the legal settlement expense, severance and other charges and the acceleration of certain stock compensation expense, adjusted EBITDA improved \$3.5 million to \$37.6 million for the thirty-nine weeks ended October 3, 2010 from \$34.1 million for the thirty-nine weeks ended September 27, 2009, primarily due to the increase in gross profit, as noted above. More information concerning these non-GAAP financial measures, including the definition of EBITDA and adjusted EBITDA and a reconciliation of these measures to the most directly comparable financial measure calculated and presented in accordance with GAAP, can be found under the heading "Non-GAAP Financial Measures" and the accompanying notes thereto appearing elsewhere in this Management's Discussion and Analysis of Financial Condition and Results of Operations.

Income tax expense was \$8.6 million for the thirty-nine weeks ended October 3, 2010 which represents an effective rate of 34.2%. This is lower than the statutory rate due to the generation of tax credits. We estimate cash paid for income taxes for fiscal year 2010 to be less than 5% of income before taxes due to the utilization of net operating loss carryforwards and tax credits. Income tax expense was \$0.4 million for the thirty-nine weeks ended September 27, 2009. This was driven by a gross income earned tax of 5% on a portion of our Philippine financial results and domestic state income taxes. The Federal tax provision was fully offset by the utilization of net operating loss carryforwards and work opportunity tax credits. This resulted in a 1.7% effective income tax rate for the thirty-nine weeks ended September 27, 2009.

**Table of Contents**

Net income for the thirty-nine weeks ended October 3, 2010 was \$16.5 million, as compared to \$24.9 million for the thirty-nine weeks ended September 27, 2009. The \$8.4 million decrease was primarily due to the \$8.2 million increase in income tax expense and a \$0.4 million decrease in operating income as noted above, partially offset by a \$0.2 million increase in net other income.

**Liquidity and Capital Resources**

The following table sets forth our unaudited condensed consolidated statements of cash flow data for the thirty-nine weeks ended October 3, 2010 and September 27, 2009, respectively.

	<b>Thirty-Nine Weeks Ended</b>	
	<b>October 3, 2010</b>	<b>September 27, 2009</b>
	<b>(Dollars in thousands)</b>	
Net cash provided by operating activities	\$ 34,963	\$ 26,290
Net cash used in investing activities	(5,324)	(7,964)
Net cash used in financing activities	(711)	(3,895)
Effect of exchange rate changes on cash	258	1,127
Net increase in cash and cash equivalents	\$ 29,186	\$ 15,558

**Operating Activities**

Net cash provided by operating activities increased \$8.7 million to \$35.0 million for the thirty-nine weeks ended October 3, 2010, as compared to \$26.3 million for the thirty-nine weeks ended September 27, 2009. The net increase was primarily due to a reduction in accounts receivable of \$9.3 million and a decrease in deferred tax assets of \$8.0 million, partially offset by an \$8.4 million decrease in net income and a \$0.2 million net change in other operating assets and liabilities.

**Investing Activities**

Net cash used in investing activities decreased \$2.7 million to \$5.3 million for the thirty-nine weeks ended October 3, 2010, as compared to \$8.0 million for the thirty-nine weeks ended September 27, 2009. Cash used in investing activities for the thirty-nine weeks ended October 3, 2010 consisted primarily of \$3.2 million in continued investment in operational and information technology equipment and \$2.1 million in capital expenditures related to client implementations. Net cash used in investing activities for the thirty-nine weeks ended September 27, 2009 consisted primarily of \$3.4 million in capital expenditures related to client implementations, \$2.4 million in capital expenditures related to the build-out of our fourth customer care center in the Philippines and \$2.2 million in continued investment in operational and information technology equipment.

**Financing Activities**

Net cash used in financing activities of \$0.7 million for the thirty-nine weeks ended October 3, 2010 relates to \$0.8 million of cash used to purchase treasury stock under the stock repurchase plan authorized by the Board of Directors on August 18, 2010 and \$0.4 million in payments on capital leases, partially offset by \$0.5 million in cash received from the exercise of stock options. Net cash used in financing activities of \$3.9 million for the thirty-nine weeks ended September 27, 2009 is the result of net payments of \$6.1 million against the Revolving Loan Facility and \$0.1 million in payments on capital leases, offset by \$2.3 million cash received from the exercise of stock options.

**Table of Contents**

*Bank Financing*

As of October 3, 2010, there were no outstanding borrowings under the Revolving Loan Agreement and we had cash and cash equivalents of \$49.7 million.

During the thirty-nine weeks ended October 3, 2010, we were party to a Revolving Credit and Security Agreement, as amended, (Revolving Loan Agreement) with PNC Bank National Association (PNC), as agent, and the financial institutions from time to time parties thereto as lenders. The Revolving Loan Agreement provides us with up to a \$40.0 million revolving loan facility which expires in May 2011. We are currently evaluating financing alternatives and intend to obtain a replacement facility prior to the maturity of the current Revolving Loan Agreement.

The Revolving Loan Agreement contains certain financial covenants including limits on the amount of capital expenditures and maintenance of a minimum fixed charge coverage ratio. Other covenants in the Revolving Loan Agreement prohibit us (with limited exceptions) from incurring additional indebtedness, repurchasing outstanding common shares, permitting liens, acquiring, selling or disposing of certain assets, engaging in certain mergers and acquisitions, paying dividends or making certain restricted payments. Our ability to borrow under the Revolving Loan Agreement depends on the amount of eligible accounts receivable from our clients.

We had approximately \$28.9 million of undrawn borrowing capacity under the Revolving Loan Agreement as of October 3, 2010, based upon borrowing base calculations. We were in compliance with our financial covenants as of October 3, 2010.

*Future Liquidity*

We expect that our cash balances of \$49.7 million, cash flows from operations and available borrowings of \$28.9 million under our Revolving Loan Agreement will be sufficient to meet projected operating needs, fund any planned capital expenditures and repay debt obligations for the next twelve months.

On August 18, 2010, we announced that our Board of Directors had authorized the repurchase of up to an aggregate of five million shares of our common stock. Under the stock repurchase program, purchases will be made from time to time on the open market at prevailing market prices or in negotiated transactions off the market. The repurchase program is expected to continue over the next 12 months unless extended or shortened by the Board of Directors. We are not obligated to acquire any particular amount of common stock as a result of the plan, which may be suspended at any time at our discretion.

A significant change in operating cash flow or a failure to maintain profitability could have a material adverse effect on our liquidity and our ability to comply with the covenants in our Revolving Loan Agreement. In addition, our failure to adhere to the financial and other covenants could give rise to a default under the Revolving Loan Agreement which would have a material adverse effect on our liquidity and financial condition. There can be no assurances that we will be able to meet the financial and other covenants in our Revolving Loan Agreement.

**Table of Contents**

**Item 3. Quantitative and Qualitative Disclosures About Market Risk**

Historically, we have been exposed to the impact of U.S. interest rate changes directly related to our normal operating and funding activities and foreign currency exchange risk related to our operating costs in the Philippines. Our Revolving Loan Agreement bears interest at floating rates, subjecting us to interest rate risk. To date, the impact from interest rate fluctuations has not been material. In 2008, we entered into a pay fixed / receive floating interest rate swap for a \$5.0 million notional amount. The objective of the contract was to mitigate the variability in cash flows resulting from changes in the underlying interest rate index or changes in the LIBOR rate. The contract was terminated in June 2009 due to the elimination of outstanding borrowings.

The impact from foreign currency exchange rates has become significant due to the change in the U.S. dollar relative to the Philippine peso and the increase in cost of services due to our expanded operations in the Philippines. We manage this risk through a currency rate hedging program with the objective of mitigating the impact of significant fluctuations in the U.S. dollar / Philippine peso exchange rate. The objective of the hedge transaction is to mitigate the variability in cash flows and expenses over the period of the hedge contracts due to the foreign currency risk associated with the repayment of the intercompany accounts payable from the U.S. operations to the Philippines representing the Philippines' share of revenue. Forward contracts to purchase approximately 977 million Philippine pesos at a U.S. dollar notional of \$20.9 million were outstanding as of October 3, 2010.

**Item 4. Controls and Procedures**

***Disclosure Controls and Procedures***

As of October 3, 2010, under the direction of our Chief Executive Officer and Chief Financial Officer, we evaluated the effectiveness of our disclosure controls and procedures. The term disclosure controls and procedures, as defined in Rules 13a-15(e) under the Securities Exchange Act of 1934, as amended, means controls and other procedures of a company that are designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Securities Exchange Act is accumulated and communicated to the company's management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure. Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving their objectives and management necessarily applies its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based on the evaluation of our disclosure controls and procedures as of October 3, 2010, our Chief Executive Officer and Chief Financial Officer concluded that, as of such date, our disclosure controls and procedures were effective at the reasonable assurance level.

***Internal Control Over Financial Reporting***

There have been no changes in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) that occurred during the fiscal quarter ended October 3, 2010 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

**Table of Contents**

**Part II. Other Information**

**Item 1. Legal Proceedings**

On May 27, 2009, a purported collective/class action complaint captioned Tiffany Sharpe, et al. v. APAC Customer Services, Inc. was filed in the United States District Court for the Western District of Wisconsin. On behalf of the named plaintiff, a non-exempt call center employee, and other similarly situated individuals, the complaint asserted violations under the Federal Fair Labor Standards Act (FLSA) related to overtime compensation and wage records. The complaint also asserted violations under Wisconsin Wage Payment and Overtime Compensation Laws based upon the same alleged facts. The complaint purported to allege claims as a nationwide collective action under federal law, as well as a class action under Wisconsin state law. The complaint sought various forms of relief, including injunctive relief, unpaid overtime wages, liquidated damages, interest, and attorneys' fees and costs. On January 8, 2010, the court entered an order which conditionally certified the case as a collective action under the FLSA.

In March 2010, we entered into an agreement to resolve the collective action. On June 16, 2010, the Court entered an order approving the resolution of all claims under the FLSA collective action. Under the terms of the agreement, we agreed to pay a maximum amount of \$4.0 million to resolve claims by eligible class members, including payments to class members and payments for plaintiff attorneys' fees. As a result, we recorded a liability of \$2.4 million for the thirteen weeks ended April 4, 2010 which represents our estimate at the time of the costs to be incurred for attorneys' fees and claims, based on expected opt-in rates for claimants in similar actions. Based on the court's final order approving the agreement, (including setting the amount of plaintiffs' attorneys' fees) and a revised estimated rate of participation from eligible class members, we have reduced the previously recorded liability by \$550,000 during the thirteen weeks ended October 3, 2010 to an adjusted recorded liability of \$1.85 million which reflects our revised expectation of the final amount which will ultimately be paid. The final amount recorded by us may need to be adjusted further in the future based on the final participation of eligible class members.

We denied and continue to deny the allegations in the complaint and contend that our policies and practices regarding compensation were proper and in compliance with the law at all times. We deny all liability and wrongdoing in this case, but decided to settle this lawsuit in order to avoid the distraction and additional legal expenses that would otherwise be incurred.

**Item 1A. Risk Factors**

For a detailed discussion of the risks and uncertainties associated with our business see Item 1A of Part I of our Annual Report on Form 10-K for the fiscal year ended January 3, 2010. There have been no material changes to these risk factors since that report.

**Table of Contents****Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**

The following table provides information about our purchase of our common stock during the third fiscal quarter of 2010:

<b>Issuer Purchases of Equity Securities</b>					
<b>Period</b>	<b>Total Number of Shares (or Units)  Purchased</b>	<b>Average Price Paid per Share  (or Unit)</b>	<b>Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs (1)</b>	<b>Maximum Number of Shares that May Yet Be Purchased Under the Plans or Programs (1)</b>	
7/5/2010-8/1/2010		\$		5,000,000	
8/2/2010-8/29/2010	159,938	5.00	159,938	4,840,062	
8/30/2010-10/3/2010				4,840,062	
<b>Total</b>	<b>159,938</b>	<b>\$ 5.00</b>	<b>159,938</b>	<b>4,840,062</b>	

(1) On August 18, 2010, we announced that our Board of Directors had authorized the repurchase of up to an aggregate of five million shares of our common stock. Under the stock repurchase program, purchases will be made from time to time on the open market at prevailing market prices or in negotiated transactions off the market. The repurchase program is expected to

continue over  
the next  
12 months  
unless extended  
or shortened by  
the Board of  
Directors. We  
are not  
obligated to  
acquire any  
particular  
amount of  
common stock  
as a result of the  
plan, which may  
be suspended at  
any time at our  
discretion.
