EMERSON RADIO CORP. AND SUBSIDIARIES
NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

NOTE 1 BACKGROUND AND BASIS OF PRESENTATION

The consolidated financial statements include the accounts of Emerson Radio Corp. (Emerson , consolidated the Company), and its subsidiaries. The Company designs, sources, imports and markets a variety of houseware and consumer electronic products, and licenses the Company s trademarks for a variety of products domestically and internationally.

The unaudited interim consolidated financial statements reflect all normal and recurring adjustments that are, in the opinion of management, necessary to present a fair statement of the Company s consolidated financial position as of December 31, 2010 and the results of operations for the three and nine month periods ended December 31, 2010 and December 31, 2009. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary in order to make the financial statements not misleading have been included. All significant intercompany accounts and transactions have been eliminated in consolidation. The preparation of the unaudited interim consolidated financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes; actual results could materially differ from those estimates. The unaudited interim consolidated financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission and accordingly do not include all of the disclosures normally made in the Company s annual consolidated financial statements. Accordingly, these unaudited interim consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto for the fiscal year ended March 31, 2010 (fiscal 2010), included in the Company s annual report on Form 10-K, as amended, for fiscal 2010.

The financial position and results of operations of the Company s former joint venture interest in Advanced Sound and Image, LLC for the nine month period ended December 31, 2009 have been presented as discontinued operations. See Note 11 Discontinued Operations .

The results of operations for the three and nine month periods ended December 31, 2010 are not necessarily indicative of the results of operations that may be expected for any other interim periods or for the full year ending March 31, 2011 (fiscal 2011).

Certain reclassifications were made to conform the prior year s financial statements to the current presentation.

Unless otherwise disclosed in the notes to these financial statements, the estimated fair value of the financial assets and liabilities approximates the carrying value.

Subsequent events have been evaluated through February 14, 2011.

Stock- Based Compensation

The Company measures compensation cost for stock-based compensation arrangements based on grant date fair value. The computed fair value is expensed ratably over the requisite vesting period as required by the Stock Compensation Topic of the FASB Accounting Standards Codification. All outstanding stock based compensation arrangements issued by the Company were fully vested as of November 30, 2009. Consequently, the Company recorded no compensation costs during either the three or nine month periods ending December 31, 2010. For the three and nine months ending December 31, 2009, the Company recorded compensation costs of \$3,000 and \$12,000, respectively.

Sales Allowance and Marketing Support Expenses

Sales allowances, marketing support programs, promotions and other volume-based incentives which are provided to retailers and distributors are accounted for on an accrual basis as a reduction to net revenues in the period in which the related sales are recognized

Table of Contents

in accordance with ASC topic 605, Revenue Recognition , subtopic 50 Customer Payments and Incentives and Securities and Exchange Commission Staff Accounting Bulletins 101 Revenue Recognition in Financial Statements, and 104 Revenue Recognition, corrected copy (SAB s 101 and 104).

At the time of sale, the Company reduces recognized gross revenue by allowances to cover, in addition to estimated sales returns as required by ASC topic 605, Revenue Recognition , subtopic 15 Products , (i) sales incentives offered to customers that meet the criteria for accrual under ASC topic 605, subtopic 50 and (ii) under SAB s 101 and 104, an estimated amount to recognize additional non-offered deductions it anticipates and can reasonably estimate will be taken by customers which it does not expect to recover. Accruals for the estimated amount of future non-offered deductions are required to be made as contra-revenue items because that percentage of shipped revenue fails to meet the collectability criteria within SAB 104 s and 101 s four revenue recognition criteria, all of which are required to be met in order to recognize revenue.

If additional marketing support programs, promotions and other volume-based incentives are required to promote the Company s products subsequent to the initial sale, then additional reserves may be required and are accrued for when such support is offered.

NOTE 2 COMPREHENSIVE INCOME

Comprehensive income equaled net income for the both the three and nine month periods ended December 31, 2010 and December 31, 2009.

Table of Contents**NOTE 3 NET EARNINGS PER SHARE**

The following table sets forth the computation of basic and diluted earnings per share (in thousands, except per share amounts):

NOTE 4 SHAREHOLDERS EQUITY

Outstanding capital stock at December 31, 2010 consisted of common stock and Series A convertible preferred stock. The Series A convertible preferred stock is non-voting, has no dividend preferences and has not been convertible since March 31, 2002; however, it retains a liquidation preference.

At December 31, 2010, the Company had approximately 52,000 options outstanding with exercise prices ranging from \$1.00 to \$3.19.

NOTE 5 INVENTORY

Inventories are stated at the lower of cost or market. Cost is determined using the first-in, first-out method. As of December 31, 2010 and March 31, 2010, inventories consisted of the following (in thousands):

	December 31, 2010 (Unaudited)	March 31, 2010
Finished goods	\$ 26,380	\$ 12,710
Less inventory allowances	(2,140)	(1,758)
Net inventory	\$ 24,240	\$ 10,952

NOTE 6 INCOME TAXES

The Company has tax net operating loss carry forwards included in net deferred tax assets that are available to offset future taxable income and can be carried forward for 20 years. Although realization is not assured, management believes it is more likely than not that all of the net deferred tax assets will be realized through tax planning strategies available in future periods and through future profitable operating results. The amount of the deferred tax asset considered realizable could be reduced or eliminated if certain tax planning strategies are not successfully executed or estimates of future taxable income during the carry forward period are reduced. If management determines that the Company would not be able to realize all or part of the net deferred tax asset in the future, an adjustment to the

deferred tax asset would be charged to income in the period such determination was made.

As of December 31, 2010, the Company had \$119,000 of unrecognized tax benefits related to state taxes. All of the unrecognized tax benefits could impact the Company's effective tax rate if recognized.

Estimated interest and penalties related to the underpayment of income taxes are classified as a component of income tax expense in the Consolidated Statement of Operations. Accrued interest and penalties were \$49,000 as of December 31, 2010 and are recognized in the balance sheet.

Table of Contents

The Company's effective tax rate differs from the federal statutory rate primarily due to expenses that are not deductible for federal income tax purposes, income and losses incurred in foreign jurisdictions and taxed at locally applicable tax rates, state income taxes and a change in valuation allowance.

The Company is subject to examination and assessment by tax authorities in numerous jurisdictions. A summary of the Company's open tax years is as follows as of December 31, 2010:

Jurisdiction	Open tax years
U.S. federal	2007-2009
States	2007-2009

Based on the outcome of tax examinations or due to the expiration of statutes of limitations, it is reasonably possible that the unrecognized tax benefits related to uncertain tax positions taken in previously filed returns may be different from the liabilities that have been recorded for these unrecognized tax benefits. As a result, the Company may be subject to additional tax expense.

NOTE 7 RELATED PARTY TRANSACTIONS

From time to time, Emerson engages in business transactions with its controlling shareholder, The Grande Holdings Limited and/or its direct and indirect subsidiaries (Grande). Set forth below is a summary of such transactions.

Majority Shareholder

Grande's Ownership Interest in Emerson. At December 31, 2010, approximately 56.2% of the Company's outstanding common stock was owned by S&T International Distribution Ltd. (S&T), an indirect subsidiary of The Grande Holdings Limited, a Bermuda corporation.

Related Party Transactions***Leases and Other Real Estate Transactions.*****Rented Space in Hong Kong**

Effective May 15, 2009, Emerson entered into an amended lease agreement with The Grande Properties Ltd., presently known as Lafe Properties (Hong Kong) Limited (Lafe), pursuant to which the space rented from Lafe was increased from 18,476 square feet to 19,484 square feet. This amended agreement by its terms expired on December 31, 2009.

Effective June 1, 2009, Emerson entered into another lease agreement with Lafe, pursuant to which additional space was rented from Lafe totaling 17,056 square feet for Emerson's use to refurbish certain returned products. In connection with this new space rental, during June 2009, Emerson paid a security deposit of approximately \$71,400 to Lafe. This lease agreement expired on December 31, 2009.

Effective January 1, 2010, Emerson entered into a new lease agreement with Lafe, pursuant to which Emerson rented 36,540 square feet from Lafe for the purpose of housing its Hong Kong based office personnel and for its use to refurbish certain returned products.

Rent expense and related service charges associated with these lease agreements with Lafe and Grande totaled approximately \$172,000 and \$191,000 for the three months ending December 31, 2010 and December 31, 2009, respectively, and approximately \$519,000 and \$529,000 for the nine months ending December 31, 2010 and December 31, 2009, respectively. The rent expense and related service charges associated with these lease agreements are included in the Consolidated Statements of Operations as a component of selling, general, and administrative expenses.

On December 31, 2010, Lafe was sold by its immediate holding company to an independent third party. As such, Lafe is no longer a related party to the Company effective December 31, 2010.

Emerson owed Grande approximately \$3,000 and approximately \$2,000 pertaining to rental related service charges at December 31, 2010 and March 31, 2010, respectively.

Rented Space in the People's Republic of China

In December 2008, Emerson signed a lease agreement with Akai Electric (China) Co., Ltd. (Akai China), a subsidiary of Grande prior to its disposal on December 24, 2010, concerning the rental of office space, office equipment, and lab equipment for Emerson's quality assurance personnel in Zhongshan, People's Republic of China.

The lease term began in July 2007 and ended by its terms in

9

Table of Contents

June 2009, at which time the agreement renews automatically on a month-by-month basis unless canceled by either party. The agreement has not been canceled by either party, and therefore remains in full force and effect as of December 31, 2010.

Rent charges with Akai China totaled approximately \$29,000 and \$28,000 for the three months ending December 31, 2010 and December 31, 2009, respectively, and approximately \$85,000 and \$81,000 for the nine months ending December 31, 2010 and December 31, 2009, respectively.

On December 24, 2010, Akai China was sold by Grande to an independent third party. As such, Akai China is no longer a related party to the Company effective December 24, 2010.

Other.

In June 2009, Emerson paid a consulting fee of approximately \$6,000 to Mr. Michael A.B. Binney, a former director of Grande, related to Emerson's licensing business, certain potential business opportunities and the investigation of various international sales opportunities.

During the three and nine months ending December 31, 2010, Emerson paid consulting fees of approximately \$25,000 and \$85,000, respectively, to Mr. Eduard Will, a director of Emerson, for work performed by Mr. Will relating to the Emerson Radio Shareholder Derivative Litigation (The Berkowitz Litigation) described in the section below entitled Legal Proceedings . In May 2010, Emerson signed an agreement with Mr. Will, which formalized the arrangement and commits Emerson to paying a consulting fee of a minimum of \$12,500 per quarter to Mr. Will relating to The Berkowitz Litigation.

During the three and nine months ending December 31, 2009, Emerson paid Innovative Capital Limited, a subsidiary of Grande, consulting fees of \$0 and \$125,000, respectively, for services rendered to Emerson during the first five months of fiscal 2010 by personnel of Grande. This consulting arrangement ended on September 30, 2009.

During the three months and nine months ending December 31, 2010, Akai Sales invoiced Emerson \$0 and approximately \$7,300, respectively, for travel expenses and courier fees which Akai Sales paid on Emerson's behalf, and during the three and nine months ending December 31, 2009, Akai Sales invoiced Emerson approximately \$5,000 and \$21,000 for travel expenses which Akai Sales paid on Emerson's behalf. Including earlier invoices related to similar charges paid for by Akai Sales on Emerson's behalf, Emerson owed Akai Sales \$0 at December 31, 2010 and approximately \$26,000 at March 31, 2010, as a result of these invoices.

During September 2009, Nakamichi Corporation Ltd. (Nakamichi), a subsidiary of Grande, invoiced Emerson approximately \$1,000 for audio samples. As of March 31, 2010, Emerson owed Nakamichi \$0.

On April 7, 2010, upon a request made to the Company by its foreign controlling stockholder, S&T, the Company entered into an agreement (the Agreement) with S&T whereby the Company returned to S&T on April 7, 2010 that portion of the taxes that the Company had withheld from the dividend paid on March 24, 2010 to S&T, which the Company believes is not subject to U.S. tax based on the Company's good-faith estimate of its accumulated earnings and profits. Per the terms of the Agreement, Emerson invoiced S&T in June 2010 approximately \$42,000 for reimbursement of legal fees incurred by Emerson with regard to the Agreement and approximately \$33,000 as a transaction fee for having entered into the Agreement. In January 2011, Emerson agreed, upon request of S&T, to waive approximately \$5,000 of the legal charges that had been invoiced to S&T in June 2010. As of December 31, 2010, S&T owed Emerson approximately \$70,000 as a result of this invoice, and the invoice was paid in full by S&T to Emerson on February 11, 2011.

NOTE 8 BORROWINGS**Short-term Borrowings**

At December 31, 2010 and March 31, 2010, there were \$2.5 million and \$5.6 million, respectively, of short-term borrowings outstanding under a credit line maintained with Smith Barney. In December 2010, the Company paid down \$3.1 million of these short-term borrowings using the proceeds from a par value redemption of one of its auction rate securities (see Footnote 10). This facility is backed by the Company's auction rate securities and bears interest at the Federal Funds Rate plus 1.10%, and these borrowings have no net carrying cost.

Long-term Borrowings

At December 31, 2010 and March 31, 2010, borrowings under long-term facilities consisted of the following (in thousands):

Table of Contents

	December 31, 2010 (Unaudited)	March 31, 2010

Credit Facility - The Company's loan agreement with Wachovia Bank N.A. expired by its terms on December 23, 2010.

Letters of Credit - Beginning November 2010, the Company began utilizing Hang Seng Bank to issue letters of credit on behalf of the Company, as needed. At December 31, 2010, the Company had outstanding letters of credit totaling \$624,000.

NOTE 9 LEGAL PROCEEDINGS

In re: Emerson Radio Shareholder Derivative Litigation. On January 18, 2011, the Delaware Court of Chancery approved the settlement of two previously filed and later consolidated derivative actions (the Berkowitz and Pinchuk actions) against two current and one former director of Emerson Radio Corp. (the Company) in which it was alleged that the named defendants violated their fiduciary duties to the Company in connection with a number of related party transactions with affiliates of The Grande Holdings, Ltd., the Company's controlling shareholder. As approved, the settlement calls for the payment to the Company by or on behalf of the defendants of the sum of \$3.0 million and the continuation of a number of previously adopted corporate governance reforms. As part of the settlement, counsel for the plaintiffs requested an award payable out of the settlement proceeds of \$1.5 million on account of legal services rendered and costs and expenses incurred. The Company objected to an award of that amount as being excessive. The Court reserved judgment on the amount of the award of fees and expenses and advised the litigants that it was likely that a ruling thereon would be made within 90 days of the January 18, 2011 court hearing. The Company has not recorded any impact pertaining to this matter in its financial statements for the period ending December 31, 2010.

Except for the litigation matters described above, the Company is not currently a party to any legal proceedings other than litigation matters, in most cases involving ordinary and routine claims incidental to our business. Management cannot estimate with certainty the Company's ultimate legal and financial liability with respect to such pending litigation matters. However, management believes, based on our examination of such matters, that the Company's ultimate liability will not have a material adverse effect on the Company's financial position, results of operations or cash flows.

Table of Contents**NOTE 10 MARKETABLE SECURITIES:**

As of December 31, 2010 and March 31, 2010, the Company had \$5.0 million and \$8.1 million (with a net book value of \$3.9 million and \$6.0 million, respectively) face value in trading securities, which consisted entirely of student loan auction rate securities (SLARS). These securities have long-term nominal maturities for which interest rates were historically reset through a Dutch auction process at pre-determined calendar intervals; a process which, prior to February 2008, had historically provided a liquid market for these securities. As a result of the continuing liquidity issues experienced in the global credit and capital markets, these SLARS have had multiple failed auctions, although the Company was successful in December 2010 in redeeming one of its SLARS with \$3.1 million face value at par in a market auction. The Company continues to believe that the remaining SLARS in its possession has experienced an other-than-temporary decline in fair value. This SLARS has a AAA/Aaa credit rating as of December 31, 2010, and is classified as a long-term investment in the Company's Consolidated Balance Sheet as a consequence of its uncertain liquidity. The Company recorded a realized gain of \$966,000 on the SLARS redemption it made in December 2010, based on the security's net realizable value as of the redemption date.

ASC Topic 820 Fair Value Measurements and Disclosures defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The standard outlines a valuation framework and creates a fair value hierarchy in order to increase the consistency and comparability of fair value measurements and the related disclosures.

Under ASC Topic 820, financial assets and liabilities are measured using inputs from the three levels of the fair value hierarchy. The three levels are as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.

Level 2 inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities that are not active, inputs other than quoted prices that are observable for the asset or liability (i.e., interest rates, yield curves, etc.), and inputs that are derived principally from or corroborated by observable market data by correlation or other means (market corroborated inputs).

Level 3 inputs are unobservable inputs that reflect our own assumptions about the assumptions that market participants would use in pricing the asset or liability. The Company would develop these inputs based on the best information available, including its own data.

In accordance with the fair value hierarchy described above, the following table shows the fair value of the Company's securities available for sale that are required to be measured at fair value as of December 31, 2010:

Fair Value Measurement at Reporting Date Using:

	December 31, 2010
Significant Unobservable Inputs (Level 3)	
Investments in marketable securities (classified as trading securities)	\$ 3,897

NOTE 11 DISCONTINUED OPERATIONS:

As a result of the Company's sale of its membership in the ASI joint venture in April 2009, the results of operations of the Company's membership interest in the ASI joint venture have been presented as discontinued operations for the nine months ended December 31, 2009.

Item 2. Management's Discussion and Analysis of Results of Operations and Financial Condition

The following discussion of the Company's operations and financial condition should be read in conjunction with the Financial Statements and notes thereto included elsewhere in this Quarterly Report.

In the following discussions, most percentages and dollar amounts have been rounded to aid presentation. Accordingly, all amounts are approximations.

Forward-Looking Information

This report contains forward looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended.

Forward-looking statements include statements with respect to the Company's beliefs, plans, objectives, goals, expectations, anticipations, assumptions, estimates, intentions, and future performance, and involve known and unknown risks, uncertainties and other factors, which may be beyond the Company's control, and which may cause the Company's actual results, performance or achievements to be materially different from future results, performance or achievements expressed or implied by such forward-looking statements.

All statements other than statements of historical fact are statements that could be forward-looking statements. The reader can identify these forward-looking statements through the Company's use of words such as may, will, can, anticipate, assume, should, indicate, would, believe, contemplate, expect, seek, estimate, continue, predict, could, intend, target, potential, and other similar words and expressions of the future. These forward-looking statements may not be realized due to a variety of factors, including, without limitation:

the loss of any of the Company's key customers or reduction in the purchase of its products by any such customers;

the failure by the Company to maintain its relationships with its licensees and distributors or the failure to obtain new licensees or distribution relationships on favorable terms;

cash generated by operating activities represents the Company's principal source of funding and therefore the Company depends on its ability to successfully manage its operating cash flows to fund its operations;

the Company's inability to anticipate market trends, enhance existing products or achieve market acceptance of new products;

the Company's dependence on a limited number of suppliers for its components and raw materials;

the Company's dependence on a limited number of third parties to manufacture and deliver its products;

changes in consumer spending and economic conditions;

the failure of third party sales representatives to adequately promote, market and sell the Company's products;

Table of Contents

the Company's inability to protect its intellectual property;

the effects of competition;

changes in foreign laws and regulations and changes in the political and economic conditions in the foreign countries in which the Company operates;

conflicts of interest that exist based on the Company's relationship with Grande;

the Company's ability to maintain effective internal controls over financial reporting, to prevent material weaknesses or to remediate any weaknesses that may arise;

changes in accounting policies, rules and practices; and

the other factors listed under "Risk Factors" in the Company's Form 10-K, as amended, for the fiscal year ended March 31, 2010 and other filings with the Securities and Exchange Commission (the "SEC").

All forward-looking statements are expressly qualified in their entirety by this cautionary notice. The reader is cautioned not to place undue reliance on any forward-looking statements, which speak only as of the date of this report or the date of the document incorporated by reference into this report. The Company has no obligation, and expressly disclaims any obligation, to update, revise or correct any of the forward-looking statements, whether as a result of new information, future events or otherwise. Management has expressed its expectations, beliefs and projections in good faith and it believes it has a reasonable basis for them. However, management cannot assure the reader that its expectations, beliefs or projections will be achieved or accomplished.

Net Revenues Net revenues for the third quarter of fiscal 2011 were \$40.6 million as compared to \$48.0 million for the third quarter of fiscal 2010, a decrease of \$7.4 million or 15.5%. For the nine month period of fiscal 2011, net revenues were \$159.7 million as compared to \$155.4 million for the nine month period of fiscal 2010, an increase of \$4.3 million or 2.8%. Net revenues may be periodically impacted by adjustments made to the Company's sales allowance and marketing support accrual to record unanticipated customer deductions from accounts receivable or to reduce the accrual by any amounts which were accrued in the past but not taken by customers through deductions from accounts receivable within a certain time period. In the aggregate, these adjustments had the effect of increasing net revenues and operating income by approximately \$140,000 and \$300,000 for the third quarters of fiscal 2011 and fiscal 2010, respectively, and approximately \$407,000 and \$981,000 for the nine month periods of fiscal 2011 and fiscal 2010, respectively.

Net revenues are comprised of Emerson(R) houseware product sales, branded product sales, licensing revenues and themed product sales, which have been discontinued by the Company. Emerson(R) branded product sales are earned from the sale of products bearing the Company's brand name; licensing revenues are derived from licensing the Company's brand names to licensees for a fee; and themed product sales represented products sold bearing a certain theme or character. The major elements which contributed to the changes in net revenues were as follows:

- i) Houseware products net sales decreased \$4.0 million, or 11.0%, to \$32.2 million in the third quarter of fiscal 2011 as compared to \$36.2 million in the third quarter of fiscal 2010, principally driven by decreases in microwave ovens, toaster ovens and coffee makers partially offset by increases in compact refrigerators and wine coolers. For the nine month period of fiscal 2011, houseware products net sales were \$142.7 million, an increase of \$21.8 million or 18.0%, from \$120.9 million in the nine month period of fiscal 2010, on increases in compact refrigerators, microwave ovens and wine coolers, partially offset by decreases in toaster ovens and coffee makers. Houseware products consists of microwave ovens, compact refrigerators, wine coolers, toaster ovens and coffee makers;
- ii) Emerson(R) branded products net sales, excluding houseware products, were \$5.9 million in the third quarter of fiscal 2011 as compared to \$8.6 million in the third quarter of fiscal 2010, a decrease of \$2.7 million, or 31.3%. For the nine month period of fiscal 2011, Emerson(R) branded products net sales, excluding houseware products, were \$11.7 million, a decrease of \$14.6 million, or 55.6%, from \$26.3 million in the nine

month period of fiscal 2010, primarily resulting from decreased audio sales volumes;

- iii) Themed product net sales were \$0 in the third quarter of fiscal 2011 compared to \$1.2 million in the third quarter of fiscal 2010. For the nine month period of fiscal 2011, themed product sales were \$0 compared to \$3.3 million in the nine month period of fiscal 2010. The decrease in both periods resulted from the expiration of the Company's licensing arrangement with Mattel® to distribute themed products bearing the Barbie®, Hot Wheels® and Funkey® brand names;
- iv) Licensing revenues in the third quarter of fiscal 2011 were \$2.5 million compared to \$2.0 million in the third quarter of fiscal 2010, an increase of \$500,000 or 22.1%. Licensing revenues for the nine month period of fiscal 2011 were \$5.3 million as compared to \$4.9 million for the nine month period of fiscal 2010, an increase of \$400,000 or 8.2%.

Table of Contents

Cost of Sales In absolute terms, cost of sales decreased \$6.2 million, or 15.8%, to \$33.1 million in the third quarter of fiscal 2011 as compared to \$39.3 million in the third quarter of fiscal 2010. In absolute terms, cost of sales increased \$3.9 million, or 2.9%, to \$136.5 million in the nine month period of fiscal 2011 as compared to \$132.6 million in the nine month period of fiscal 2010. The decrease in cost of sales for the third quarter of fiscal 2011 as compared to the third quarter of fiscal 2010 was primarily related to the decrease in net revenues and lower royalties related to themed products, partially offset by lower downward inventory valuation adjustments and lower purchase return credits. The increase in cost of sales for the nine month period of fiscal 2011 as compared to the nine month period of fiscal 2010 was primarily related to the increase in net revenues, lower downward inventory valuation adjustments, and lower purchase return credits, partially offset by lower royalties related to themed products and lower inventory writedowns. Gross profit margins continue to be subject to competitive pressures arising from pricing strategies associated with the categories of the markets in which the Company competes. The Company's products are generally placed in the low-to-medium priced category of the market, which has a tendency to be highly competitive.

Other Operating Costs and Expenses As a percentage of net revenues, other operating costs and expenses were 1.4% in the third quarter of fiscal 2011 and 1.5% in the third quarter of fiscal 2010. In absolute terms, other operating costs and expenses decreased \$141,000, or 19.9%, to \$567,000 for the third quarter of fiscal 2011 as compared to \$708,000 in the third quarter of fiscal 2010 as a result of decreased warranty-related costs and lower allocated selling, general and administrative expenses associated with this activity, partially offset by higher costs associated with product returns. For the nine month period of fiscal 2011, other operating costs and expenses were 1.0% of net revenues as compared to 1.6% of net revenues for the nine month period of fiscal 2010. In absolute terms, other operating costs and expenses decreased \$985,000, or 38.4%, to \$1.6 million for the nine month period of fiscal 2011 as compared to \$2.6 million in the nine month period of fiscal 2010, as a result of decreased warranty-related costs, decreased costs associated with product returns and lower allocated selling, general and administrative expenses associated with these activities.

Selling, General and Administrative Expenses (S,G&A) S,G&A, as a percentage of net revenues, was 4.8% in the third quarter of fiscal 2011 as compared to 7.1% in the third quarter of fiscal 2010. S,G&A, in absolute terms, decreased \$1.5 million, or 42.7%, to \$1.9 million for the third quarter of fiscal 2011 as compared to \$3.4 million for the third quarter of fiscal 2010. The decrease in S,G&A in absolute terms between the third quarter of fiscal 2011 and third quarter of fiscal 2010 was primarily due to lower compensation, rent and advertising expenses. For the nine month period of fiscal 2011, S,G&A was 3.7% of net revenues as compared to 7.0% of net revenues in the nine month period of fiscal 2010. In absolute terms, S,G&A decreased \$4.9 million, or 45.3%, to \$5.9 million for the nine month period of fiscal 2011 as compared to \$10.8 million in the nine month period of fiscal 2010. The decrease in S,G&A in absolute terms between the nine month periods of fiscal 2011 and 2010 was primarily due to lower compensation expenses, changes in the bad debt reserve, and lower in legal, rent and advertising expenses.

Interest Income, net Interest income, net, was \$10,000 in the third quarter of fiscal 2011 as compared to interest expense of \$1,000 in the third quarter of fiscal 2010. For the nine month period of fiscal 2011, interest income, net was \$24,000 as compared to \$21,000 in the nine month period of fiscal 2010. Both periodic increases resulted from reduced levels of interest expense.

Realized Gains on Trading Securities Realized gains on trading securities were \$966,000 for the three and nine month periods of fiscal 2011 and \$0 for the three and nine month periods of fiscal 2010. These realized gains resulted from the sale in December 2010 of \$3.1 million of the Company's auction rate securities. See Note 10 Marketable Securities .

Provision for Income Taxes was \$1.8 million in the third quarter of fiscal 2011 as compared to \$1.2 million in the third quarter of fiscal 2010. The provision for income taxes was \$3.4 million for the nine month period of fiscal 2011 as compared to \$1.6 million for the nine month period of fiscal 2010.

Income from continuing operations As a result of the foregoing factors, the Company realized income from continuing operations of \$4.2 million in the third quarter of fiscal 2011 as compared to \$3.4 million in the third quarter of fiscal 2010, and for the nine month periods of fiscal 2011 and 2010, \$13.3 million and \$7.8 million, respectively.

Table of Contents**Liquidity and Capital Resources****General**

As of December 31, 2010, the Company had cash and cash equivalents of approximately \$18.7 million, compared to approximately \$38.8 million at December 31, 2009. Working capital decreased to \$41.5 million at December 31, 2010 as compared to \$49.3 million at December 31, 2009. The decrease in cash and cash equivalents of approximately \$20.1 million was primarily due to the payment of an extraordinary dividend of \$29.8 million in March 2010 and an increase in inventories of approximately \$7.5 million, partially offset by the net income generated by the Company during the twelve months ended December 31, 2010.

Cash flow provided by operating activities was \$4.5 million for the nine months ended December 31, 2010, resulting primarily from the net income generated during the period, decreases in accounts receivable and deferred tax assets, partially offset by increased inventories and decreased accounts payable.

Net cash provided by investing activities was \$7.5 million for the nine months ended December 31, 2010 on a decrease in restricted cash as well as the cash redemption of one of the Company's SLARS investments (see Footnote 10 - Marketable Securities), partially offset by additions to property, plant and equipment.

Net cash used by financing activities was \$3.3 million for the nine months ended December 31, 2010, resulting from a \$3.1 million paydown of the Company's short-term loan upon the cash redemption by the Company of its SLARS investment (see Footnote 10 - Marketable Securities), as well as net repayments of borrowings under the Company's long-term credit facility.

Credit Arrangements

Credit Facility - The Company's loan agreement with Wachovia Bank N.A. expired by its terms on December 23, 2010.

Letters of Credit - Beginning November 2010, the Company began utilizing Hang Seng Bank to issue letters of credit on behalf of the Company, as needed.

The Company's principal existing sources of cash are generated from operations. The Company believes that its existing sources of cash will be sufficient to support existing operations over the next 12 months; however, management may decide to raise additional financing, which may include the issuance of equity securities, or the incurrence of additional debt.

Recently Issued Accounting Pronouncements

In April 2010, the FASB issued Accounting Standard Update (ASU) 2010-17, Revenue Recognition Milestone Method, which amended guidance on the criteria that should be met for determining whether the milestone method of revenue recognition is appropriate. A vendor can recognize consideration that is contingent upon achievement of a milestone in its entirety as revenue in the period in which the milestone is achieved only if the milestone meets all criteria to be considered substantive.

The consideration earned by achieving the milestone should:

1. Be commensurate with either of the following:
 - a. The vendor's performance to achieve the milestone
 - b. The enhancement of the value of the item delivered as a result of a specific outcome resulting from the vendor's performance to achieve the milestone
2. Relate solely to past performance
3. Be reasonable relative to all deliverables and payment terms in the arrangement.

A milestone should be considered substantive in its entirety. An individual milestone may not be bifurcated. An arrangement may include more than one milestone, and each milestone should be evaluated separately to determine whether the milestone is substantive. Accordingly, an arrangement may contain both substantive and non-substantive milestones.

The amendments in this ASU are effective on a prospective basis for milestones achieved in fiscal years, and interim periods within those years, beginning on or after June 15, 2010. Early adoption is permitted. The Company does not believe that adoption of ASU 2010-17 will have a material impact on its consolidated financial statements.

FASB Accounting Standards Update 2010-20, Receivables (Topic 310): Disclosure about the Credit Quality of Financing Receivables and the Allowance for Credit Losses

In July 2010, the FASB issued Accounting Standard Update (ASU) 2010-20, Receivables: Disclosure about the Credit Quality of Financing Receivables and the Allowance for Credit Losses , which amended disclosure in order to facilitate financial statement users' evaluation of the following:

- The nature of credit risk inherent in the entity's portfolio of financing receivables;
- How that risk is analyzed and assessed in arriving at the allowance for credit losses; and
- The changes and reasons for those changes in the allowance for credit losses.

To achieve these objectives, an entity should provide disclosures on a disaggregated basis on two defined levels: (1) portfolio segment; and (2) class of financing receivable. The ASU makes changes to existing disclosure requirements and includes additional disclosure requirements about financing receivables, including:

- Credit quality indicators of financing receivables at the end of the reporting period by class of financing receivables;
- The aging of past due financing receivables at the end of the reporting period by class of financing receivables; and
- The nature and extent of troubled debt restructurings that occurred during the period by class of financing receivables and their effect on the allowance for credit losses.

The amendments in this ASU are effective for interim and annual reporting periods ending on or after December 15, 2010. The disclosures about activity that occurs during a reporting period are effective for interim and annual reporting periods beginning on or after December 15, 2010. The Company does not believe that adoption of ASU 2010-20 will have a material impact on its consolidated financial statements.

FASB Accounting Standards Update 2010-28, Intangibles—Goodwill and Other (Topic 350)

In December 2010, the FASB issued Accounting Standard Update (ASU) 2010-28, Intangibles—Goodwill and Other (Topic 350) , to address questions about entities with reporting units holding goodwill and other intangibles with zero or negative carrying amounts. The amendments in this update modify Step 1 of the goodwill and other intangible impairment tests included under ASC Topic 350 for reporting units with zero or negative carrying amounts and require the entity to perform Step 2 of the impairment tests included under ASC Topic 350 for those reporting units if it is more likely than not that an impairment exists. Then, any resulting impairment should be recorded as a cumulative-effect adjustment to beginning retained earnings in the period of adoption, and any impairments occurring after the initial adoption of the amendments should be included in earnings as required by ASC Topic 350.

For public entities, the amendments in this ASU are effective for interim and annual reporting periods beginning after December 15, 2010. The Company does not believe that adoption of ASU 2010-28 will have a material impact on its consolidated financial statements.

FASB Accounting Standards Update 2010-29, Business Combinations (Topic 805)

In December 2010, the FASB issued Accounting Standard Update (ASU) 2010-29, Business Combinations (Topic 805) , to address diversity in practice about the interpretation of the pro forma revenue and earnings disclosure requirements for business combinations. The amendments in this Update specify that if a public entity presents comparative financial statements, the entity should disclose revenue and earnings of the combined entity as though the business combination(s) that occurred during the current year had occurred as of the beginning of the comparable prior annual reporting period only. The amendments in this Update also expand the supplemental pro forma disclosures under Topic 805 to include a description of the nature and amount of material, nonrecurring pro forma adjustments directly attributable to the business combination included in the reported pro forma revenue and earnings.

Table of Contents

The amendments in this Update are effective prospectively for business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2010. The Company does not believe that adoption of ASU 2010-29 will have a material impact on its consolidated financial statements.

Inflation, Foreign Currency, and Interest Rates

Neither inflation nor currency fluctuations had a significant effect on the Company's results of operations during the third quarter or nine month period of fiscal 2011. The Company's exposure to currency fluctuations has been minimized by the use of U.S. dollar denominated purchase orders. The Company purchases virtually all of its products from manufacturers located in China.

The interest on any borrowings under the Company's credit facilities would be based on the Federal Funds, Prime or LIBOR rates.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

There have been no significant changes from items disclosed in Form 10-K for the fiscal year ended March 31, 2010.

Item 4. Controls and Procedures

(a) Disclosure controls and procedures.

The Company maintains disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)) that are designed to ensure that information required to be disclosed in its Exchange Act reports are recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to management, including the Company's principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure. Due to the inherent limitations of control systems, not all misstatements may be detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of a simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons; by collusion of two or more people, or by management override of the control. Our controls and procedures can only provide reasonable, not absolute, assurance that the above objectives have been met.

The Company's management concluded that disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act), as of December 31, 2010, are effective to reasonably ensure that information required to be disclosed in the reports that the Company files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms and that such information is accumulated and communicated to management, including the Company's principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure.

(b) Changes in Internal Controls Over Financial Reporting

There have been no changes in the Company's internal control over financial reporting that occurred during the fiscal quarter ended December 31, 2010 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II OTHER INFORMATION

Item 1. Legal Proceedings

In re: Emerson Radio Shareholder Derivative Litigation. On January 18, 2011, the Delaware Court of Chancery approved the settlement of two previously filed and later consolidated derivative actions (the Berkowitz and Pinchuk actions) against two current and one former director of Emerson Radio Corp. (the Company) in which it was alleged that the named defendants violated their fiduciary duties to the Company in connection with a number of related party transactions with affiliates of The Grande Holdings, Ltd., the Company's controlling shareholder. As approved, the settlement calls for the payment to the Company by or on behalf of the defendants of the sum of \$3.0 million and the continuation of a number of previously adopted corporate governance reforms. As part of the settlement, counsel for the plaintiffs requested an award payable out of the settlement proceeds of \$1.5 million on account of legal services rendered and costs and expenses incurred. The Company objected to an award of that amount as being excessive. The

Court reserved judgment on the amount of the award of fees and expenses and advised the litigants that it was likely that a ruling thereon would be made within 90 days of the January 18, 2011 court hearing. The Company has not recorded any impact pertaining to this matter in its financial statements for the period ending December 31, 2010.

Except for the litigation matters described above, the Company is not currently a party to any legal proceedings other than litigation matters, in most cases involving ordinary and routine claims incidental to our business. Management cannot estimate with certainty the Company's ultimate legal and financial liability with respect to such pending litigation matters. However, management believes, based on our examination of such matters, that the Company's ultimate liability will not have a material adverse effect on the Company's financial position, results of operations or cash flows.

Except for the items included above, there were no material changes to the legal proceedings previously disclosed in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on July 14, 2010.

Item 1A. Risk Factors
