Dear Stockholder:

I am pleased to invite you to our 2011 Annual Stockholders Meeting. We will hold the meeting at 11 a.m. central time on May 18, 2011 at the Saint Louis Club (16th Floor), Pierre Laclede Center, 7701 Forsyth Boulevard, St. Louis, Missouri.

Consistent with the past two years, we are pleased to be taking advantage of the U.S. Securities and Exchange Commission rule allowing companies to furnish proxy materials to their stockholders primarily over the Internet. We believe that this e-proxy process has expedited stockholders receipt of proxy materials, lowered the associated costs, and conserved natural resources.

On April 6, 2011, we began mailing our stockholders a notice containing instructions on how to access our 2011 Proxy Statement and 2010 Annual Report and vote online. The notice also included instructions on how to receive a paper copy of your annual meeting materials, including the notice of annual meeting, proxy statement, and proxy card. If you received your annual meeting materials by mail, the notice of annual meeting, proxy statement, and proxy card from our Board of Directors were enclosed. If you received your annual meeting materials via e-mail, the e-mail contained voting instructions and links to the annual report and the proxy statement on the Internet, which are both available at <http://investor.belden.com/annuals.cfm>.

The agenda for this year s annual meeting includes the following items:

Agenda Item	Board Recommendation
1. Election of the Eleven Directors Nominated by the Company s Board of Directors	FOR
2. Advisory Vote on Executive Compensation	FOR
3. Advisory Vote to Determine the Frequency of Future Advisory Votes on Executive Compensation	EVERY THREE YEARS
4. Approval of the Belden Inc. 2011 Long Term Incentive Plan	FOR

INTERNET AVAILABILITY OF PROXY MATERIALS

Under rules of the United States Securities and Exchange Commission (SEC), we are furnishing proxy materials to our stockholders primarily via the Internet, instead of mailing printed copies of those materials to each stockholder. On April 6, 2011, we began mailing to our stockholders (other than those who previously requested electronic or paper delivery) a Notice of Internet Availability containing instructions on how to access our proxy materials, including our proxy statement and our annual report. The Notice of Internet Availability also instructs you on how to access your proxy card to vote through the Internet or by telephone.

This process is designed to expedite stockholders' receipt of proxy materials, lower the cost of the annual meeting, and help conserve natural resources. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the Notice of Internet Availability. If you have previously elected to receive our proxy materials electronically, you will continue to receive these materials via e-mail unless you elect otherwise.

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

Q: Why am I receiving these materials?

A: The Board of Directors (the Board) of Belden Inc. (sometimes referred to as the Company or Belden) is providing these proxy materials to you in connection with the solicitation of proxies by Belden on behalf of the Board for the 2011 annual meeting of stockholders which will take place on May 18, 2011. This proxy statement includes information about the issues to be voted on at the meeting. You are invited to attend the meeting and we request that you vote on the proposals described in this proxy statement.

Q: Why am I being asked to review materials online?

A: Under rules adopted by the U.S. Securities and Exchange Commission (SEC), we are furnishing proxy materials to our stockholders on the Internet, rather than mailing printed copies of those materials to each stockholder. If you received a Notice of Internet Availability of Proxy Materials by mail, you will not receive a printed copy of the proxy materials unless you request one. Instead, the Notice of Internet Availability of Proxy Materials will instruct you as to how you may access and review the proxy materials on the Internet. If you received a Notice of Internet Availability of Proxy Materials by mail and would like to receive a printed copy of our proxy materials, please follow the instructions included in the Notice of Internet Availability of Proxy Materials. We began mailing the Notice of Internet Availability of Proxy Materials to stockholders on April 6, 2011.

Q: Who is qualified to vote?

A: You are qualified to receive notice of and to vote at the annual meeting if you owned shares of common stock of the Company at the close of business on our record date of March 23, 2011. On the record date, there were 47,345,858 shares of Belden common stock outstanding. Each share is entitled to one vote on each matter properly brought before the annual meeting.

Q: What information is available for review?

A: The information included in this proxy statement relates to the proposals to be voted on at the meeting, the voting process, the compensation of directors and our most highly paid officers, and certain other required information. Our 2010 Annual Report to Stockholders, which includes our Annual Report on Form 10-K, is also available on-line. The Form 10-K includes our 2010 audited financial statements with notes and the related Management's Discussion and Analysis of Financial Condition and Results of Operations.

Q: What matters will be voted on at the meeting?

A: Four matters will be voted on at the meeting:

- (1) the election of the eleven directors nominated by the Board, each for a term of one year;
- (2) an advisory vote on executive compensation;
- (3) an advisory vote on the frequency of future advisory votes on executive compensation; and
- (4) the approval of the Belden Inc. 2011 Long Term Incentive Plan.

Q: What is Belden's voting recommendation?

A: Our Board of Directors recommends that you vote your shares:

- (1) FOR the Company's slate of directors;
- (2) FOR the approval of the Company's executive compensation;
- (3) for future advisory votes on executive compensation EVERY THREE YEARS; and
- (4) FOR the Belden Inc. 2011 Long Term Incentive Plan.

Q: What shares owned by me can be voted?

A: All shares owned by you as of March 23, 2011, the record date, may be voted by you. These shares include those (1) held directly in your name as the stockholder of record, and (2) held for you as the beneficial owner through a stockbroker, bank or other nominee.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: Some Belden stockholders hold their shares through a stockbroker, bank, or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Table of Contents

Stockholder of Record

If your shares are registered directly in your name with Belden's transfer agent, American Stock Transfer & Trust Company, you are considered (with respect to those shares) the *stockholder of record* and the Notice of Internet Availability of Proxy Materials is being sent directly to you by Belden. As the *stockholder of record*, you have the right to grant your voting proxy directly to Belden or to vote in person at the meeting.

Beneficial Owner

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the *beneficial owner* of shares held in street name (that is, the name of your stock broker, bank, or other nominee) and the Notice of Internet Availability of Proxy Materials is being forwarded to you by your broker or nominee who is considered, with respect to those shares, the *stockholder of record*. As the beneficial owner, you have the right to direct your broker or nominee how to vote and are also invited to attend the meeting. However, since you are not the *stockholder of record*, you may not vote these shares in person at the meeting.

Q: How can I vote my shares in person at the meeting?

A: Shares held directly in your name as the stockholder of record may be voted in person at the annual meeting. If you choose to do so, please bring proof of identification.

Even if you plan to attend the annual meeting, we recommend that you also submit your proxy as described below so that your vote will be counted if you decide later not to attend the meeting.

Q: How can I vote my shares without attending the meeting?

A: Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct your vote without attending the meeting. You may vote by granting a proxy or, for shares held in street name, by submitting voting instructions to your broker or nominee. You will be able to do this over the Internet by following the instructions on your Notice of Internet Availability of Proxy Materials. If you request a full delivery of the proxy materials, a proxy card will be included that will contain instructions on how to vote by telephone or mail in addition to the Internet.

Q: Can I change my vote?

A: You may change your proxy or voting instructions at any time prior to the vote at the annual meeting. For shares held directly in your name, you may accomplish this by granting a new proxy or by attending the annual meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares held beneficially by you, you may accomplish this by submitting new voting instructions to your broker or nominee.

Q: What class of shares is entitled to be voted?

A: Each share of our common stock outstanding as of the close of business on March 23, 2011, the record date, is entitled to one vote at the annual meeting.

Q: What is the quorum requirement for the meeting?

A: The quorum requirement for holding the meeting and transacting business is a majority of the outstanding shares entitled to vote. The shares may be present in person or represented by proxy at the meeting. Both abstentions and withheld votes are counted as present for the purpose of determining the presence of a quorum for the meeting.

Table of Contents

Q: What are the voting requirements to approve the proposals and how are votes withheld, abstentions, and broker non-votes treated?

A: The following table describes the voting requirements and treatment of votes withheld, abstentions, and broker non-votes for each proposal:

Proposal	Voting Requirement	Tabulation Treatment	
		Votes Withheld/Abstentions	Broker Non-Votes
Election of Directors	Plurality of votes cast to elect each director	Present for quorum purposes; treated as a vote against the director(s) for purposes of calculating approval percentage	Not present for quorum purposes; brokers do not have discretion to vote non-votes in favor of directors
Advisory vote on executive compensation	No requirement; not binding on company	The Board of Directors will consider the number of abstentions in its analysis of the results of the advisory vote	Brokers do not have discretion to vote non-votes in favor of compensation matters
Advisory vote on frequency of future executive compensation votes	No requirement; not binding on company	Will not be counted as a vote for any of the three options; Board of Directors will consider the impact of abstentions	Brokers do not have discretion to vote non-votes in favor of compensation matters
2011 Long Term Incentive Plan	Majority of shares present at meeting or represented by proxy	Present for quorum purposes; same effect as vote against the proposal	Not present for quorum purposes; brokers do not have discretion to vote non-votes in favor of compensation matters

Q: Where can I find the voting results of the meeting?

A: We will announce preliminary voting results at the meeting and publish final results in a report on Form 8-K within four business days of the date our meeting ends.

Q: What happens if additional proposals are presented at the meeting?

A: Other than the proposals described in this proxy statement, we do not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the persons named as proxy holders, Kevin L. Bloomfield, the Company's Secretary, and Christopher E. Allen, the Company's Assistant Secretary, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any unforeseen reason any of our nominees are not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board.

Q: Who will count the votes?

A: A representative of Broadridge Financial Solutions, Inc. will tabulate the votes and will act as the inspector of election.

Q: Is my vote confidential?

A: Proxy instructions, ballots, and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Belden or to third parties except (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, or (3) to facilitate a successful proxy solicitation by our Board. Occasionally, stockholders provide written comments on their proxy cards, which are then forwarded to Belden management.

Q: Who will bear the cost of soliciting votes for the meeting?

A: Belden will pay the cost of soliciting proxies. Upon request, the Company will reimburse brokers, banks and trustees, or their nominees, for

Table of Contents

reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of shares of the Company's common stock.

Q: May I propose actions for consideration at next year's annual meeting of stockholders or nominate individuals to serve as directors?

A: You may submit proposals for consideration at future stockholder meetings, including director nominations.

Stockholder Proposals: To be included in the Company's proxy statement and form of proxy for the 2012 annual meeting, a stockholder proposal must, in addition to satisfying the other requirements of the Company's bylaws and the SEC's rules and regulations, be received at the Company's principal executive offices by December 8, 2011. If you want the Company to consider a proposal at the 2012 annual meeting that will not be included in the Company's proxy statement, among other things, the Company's bylaws require that you notify our Board of your proposal no earlier than January 19, 2012 and no later than February 18, 2012.

Nomination of Director Candidates: The Nominating and Corporate Governance Committee will consider nominees recommended by stockholders if such nominations are submitted to the Company prior to the deadline for proposals to be included in future proxy statements as noted in the above paragraph. To have a candidate considered by the Committee, a stockholder must submit the recommendation in writing and must include the following information:

The name of the stockholder and evidence of the person's ownership of Company stock, including the number of shares owned (whether direct ownership or derivative ownership) and the length of time of ownership; and

The name of the candidate, the candidate's resume or a listing of his or her qualifications to be a director of Belden, the candidate's ownership interest in the Company (if any), a description of any arrangements between the candidate and the nominating stockholder, and the person's consent to be named as a director if selected by the Committee and nominated by the Board.

In considering candidates submitted by stockholders, the Committee will take into consideration the needs of the Board and the qualifications of the candidate. The Committee may also take into consideration the number of shares held by the recommending stockholder and the length of time that such shares have been held. The Committee believes that the minimum qualifications for serving as a director of the Company are that a nominee demonstrate, by significant accomplishment in his or her field, an ability to make a meaningful contribution to the Board's oversight of the business and affairs of the Company and have an impeccable record and reputation for honest and ethical conduct in both his or her professional and personal activities. In addition, the Committee examines a candidate's specific experiences and skills, time availability in light of other commitments, potential conflicts of interest, and independence from management and Belden. The Committee also seeks to have the Board represent a diversity of backgrounds and experience.

The Committee will identify potential nominees by asking current directors and executive officers to notify the Committee if they become aware of persons, meeting the criteria described above, who have had a change in circumstances that might make them available to serve on the Board. The Committee also, from time to time, may engage firms that specialize in identifying director candidates. As described above, the Committee will also consider candidates recommended by stockholders.

Once a person has been identified by the Committee as a potential candidate, the Committee may collect and review publicly available information regarding the person to assess whether the person should be considered further. If the Committee determines that the candidate warrants further consideration, the Chairman or another

member of the Committee may contact the person. Generally, if the person expresses a willingness to be considered and to serve on the Board, the Committee will request information from the candidate, review the person's accomplishments and qualifications, and conduct one or more interviews with the candidate. In certain instances, Committee members may contact one or more references provided by the candidate or may contact other members of the business community or other persons that may have greater first-hand knowledge of the candidate's accomplishments. The Committee's evaluation process will not vary based on whether or not a candidate is recommended by a stockholder, although, as stated above, the Board may take into consideration the number of shares held by the recommending stockholder and the length of time that such shares have been held.

Table of Contents**BOARD STRUCTURE AND COMPENSATION**

The Belden Board has twelve members and four standing committees: Audit, Compensation, Finance (adopted mid-year 2010) and Nominating and Corporate Governance. The Board had 11 meetings during 2010; seven of which were telephonic. All directors attended 75% or more of the Board meetings and the Board committee meetings on which they served. The maximum number of directors authorized under the Company's bylaws is twelve.

Mr. Bain, who has been a Company director since 1993, expressed his intent not to seek reelection and will retire from the Board when his term expires at this year's annual meeting. The Board and management wish to thank Mr. Bain for his strong leadership and significant contributions to the Board and the Company.

** Appointed to the Board and Audit Committee on March 2, 2011

At its regular meeting in March 2011, the Board determined that Ms. Brown, Ms. McLeod and Messrs. Aldrich, Balk, Cressey, Kalnasy, Minnich, Monter, Rethore and Yoost each met the independence requirements of the NYSE listing standards. As part of this process, the Board determined that each such member had no material relationship with the Company. In connection with Mr. Yoost's appointment, the Board conducted a review of his background to ensure that he would be independent of the Company and management.

Board Leadership Structure and Role in Risk Oversight

For some time, the Company has separated the Chief Executive Officer and Board Chairman positions. We believe this separation of roles is most appropriate for the Company and stockholders. Mr. Cressey, who is independent of management and the Company, provides strong leadership experience, strategic vision, and an understanding of the risks associated with our business. Mr. Stroup, as CEO, provides strategic planning, general management experience,

and in-depth knowledge of the Company, and, as a member of the Board, acts as an important liaison between management and the Company's non-employee directors.

Table of Contents

Our Board assesses on an ongoing basis the risks faced by the Company in executing its strategic plan. These risks include financial, technological, competitive, and operational risks. Our Audit Committee also plays an important role in the oversight of the Company's policies with respect to financial risks and risk management. The Audit Committee will:

review our internal audit program, including the organizational structure and staff qualifications, as well as the scope and methodology of the internal audit process; and

review our enterprise risk management (ERM) program, including the major risk exposures identified by the Company, the key strategic plan assumptions considered during the assessment, and steps implemented to monitor and control such exposures.

Audit Committee

The Audit Committee operates under a Board-approved written charter and each member meets the independence requirements of the NYSE's listing standards. The Committee assists the Board in overseeing the Company's accounting and reporting practices by:

meeting with its financial management and independent registered public accounting firm (Ernst & Young LLP) to review the financial statements, quarterly earnings releases, and financial data of the Company;

reviewing and selecting the independent registered public accounting firm who will audit the Company's financial statements;

reviewing the selection of the internal auditors (Brown Smith Wallace LLC) who provide internal audit services;

reviewing the scope, procedures, and results of the Company's financial audits, internal audit procedures, and internal controls assessments and procedures under Section 404 of the Sarbanes-Oxley Act of 2002 (SOX);

providing oversight responsibility for the process the Company uses in performing its periodic enterprise risk analysis; and

evaluating the Company's key financial and accounting personnel.

A representative of Ernst & Young LLP is expected to be present at the annual meeting and will have the opportunity to make a statement if the representative desires to do so, and is expected to be available to respond to appropriate questions.

At its March 2, 2011 meeting, the Board determined that each of Ms. Brown and Messrs. Bain, Minnich, Rethore and Yoost was an Audit Committee Financial Expert as defined in the rules pursuant to SOX and each is independent.

Report of the Audit Committee

The Audit Committee assists the Board in overseeing the integrity of the Company's financial statements. This includes overseeing the Company's financial reporting process, its systems of internal accounting and financial controls, the annual independent audit process of the Company's annual financial statements, and the qualification, independence, and performance of the Company's independent registered public accounting firm.

The Audit Committee reviews with management the Company's major financial risk exposures and the steps management has taken to monitor, mitigate, and control such exposures. Management has the responsibility for the implementation of these activities and is responsible for the Company's internal controls, financial reporting process, compliance with laws and regulations, and the preparation and presentation of the Company's financial statements.

Ernst & Young LLP (EY), the Company's registered public accounting firm for 2010, is responsible for performing an independent audit of the consolidated financial statements and an audit of the effectiveness of the Company's internal control over financial reporting in accordance with the standards of the Public Company

Table of Contents

Accounting Oversight Board (U.S.) (PCAOB) and issuing reports with respect to these matters, including expressing an opinion on the conformity of the Company s audited financial statements with generally accepted accounting principles.

In fulfilling its oversight responsibilities, the Committee has reviewed and discussed with management the Company s audited consolidated financial statements for 2010, management s assessment of the effectiveness of the Company s internal control over financial reporting, and EY s audit of the Company s internal control over financial reporting for 2010.

The Committee has discussed with EY the matters required to be discussed by the Statement on Auditing Standards No. 61, *Communications with Audit Committees*, as amended (AICPA, *Professional Standards*, Vol.1 AU section 380), and as adopted by the PCAOB in Rule 3200T. The Committee has received the written disclosures and the letter from EY required by the PCAOB Ethics and Independence Rule 3526, *Communication with Audit Committees Concerning Independence*, and has discussed with EY its independence from the Company.

As part of such discussions, the Committee has considered whether the provision of services provided by EY, not related to the audit of the consolidated financial statements and internal control over financial reporting referred to above or to the reviews of the interim consolidated financial statements included in the Company s quarterly reports on Form 10-Q, is compatible with maintaining EY s independence. Below is a report on audit fees, audit-related fees, tax fees, and other fees the Company paid EY for services performed in 2010 and 2009. The Committee has concluded that EY s provision of non-audit services to the Company and its subsidiaries is compatible with EY s independence.

Based on these reviews and discussions, the Committee recommended to the Board that the audited financial statements be included in the Company s Annual Report on Form 10-K for 2010.

Audit Committee's Pre-Approval Policies and Procedures

Audit Fees: For 2010, the Committee reviewed and pre-approved the audit services and estimated fees for the year. Throughout the year, the Committee received project updates and, if appropriate, approved or ratified any amounts exceeding the original estimates.

Audit-Related and Non-Audit Services and Fees: Annually, and otherwise as necessary, the Committee reviews and pre-approves all audit-related and non-audit services and the estimated fees for such services. For non-recurring services, such as special tax projects, due diligence, or other tax services, the Committee reviews and pre-approves the services and estimated fees by individual project. The projections are updated quarterly and the Committee reviews, and, if appropriate, approves any amounts exceeding the original estimates.

The Board's policy requires that each non-employee director hold Company stock equal in value to five times his or her annual cash retainer (currently 5 times \$60,000). Upon appointment, a member has five years to meet this requirement, but must meet interim goals during the five-year period of: 20% after one year; 40% after two years; 60% after three years; and 80% after four years. The in-the-money value of vested stock options and the value of unvested RSUs are included in making this determination at the higher of their grant date value or current market value. Each non-employee director meets either the full-period or interim-period holding requirement: Messrs. Bain, Balk, Cressey, Kalnasy, Monter and Rethore each meet 100% of the stock holding requirement. Mr. Aldrich, who was appointed to the Board in February 2007, meets the fourth-year interim requirement, and Ms. Brown and Ms. McLeod, who were appointed to the Board in February 2008, each meet the third-year interim requirement. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis (CD&A)

I. Introduction

In this section, we discuss our compensation program as it pertains to our chief executive officer, our chief financial officer, and our three other most highly compensated executive officers who were serving at the end of 2010. We refer to these five persons throughout as the named executive officers or our NEOs.

For 2010, our named executive officers were:

John Stroup	Chief Executive Officer and President
Gray Benoist	Senior Vice President, Finance, Chief Financial Officer and Chief Accounting Officer
Christopher Gusenleitner	Executive Vice President, EMEA Operations, and Global Connectivity Products
Naresh Kumra	Executive Vice President, Asia-Pacific Operations
Denis Suggs	Executive Vice President, Americas Operations, and Global Cable Products

II. Executive Summary

In 2008, when it became apparent that the global economy was entering a historically negative cycle, our management team took decisive actions to prepare for the new economic realities. The proactive measures taken by our team allowed Belden to be positioned for the recovery in a way that has given the Company a head start on many of its peers. While 2010 was still in many ways a challenging business environment, our executive management team was able to focus a greater portion of its time and energy on the execution of long-term strategic initiatives. These efforts resulted in a successful 2010, including the following highlights:

A 18.7% increase in top-line revenues compared to 2009.

A 52.6% improvement in non-GAAP income from continuing operations per diluted share compared to 2009.

Continued robust cash generation to fund strategic acquisitions.

A 69.15% total stockholder return compared to the industry median of 32.21%.

The Company's 2010 overall financial results and the individual performance of our NEOs are discussed under *Annual Cash Incentive Plan Awards* beginning on page 21.

In this Compensation Discussion and Analysis, you will see the following for 2010:

Base salaries for executive officers, which were frozen in 2009, were again included in the pool eligible for merit-based increases. Mr. Stroup and the Compensation Committee agreed to defer any salary adjustment for him until 2011. In March 2011, Mr. Stroup's annual base salary was increased from \$700,000 to \$800,000.

Consistent with 2009, the Company utilized two six-month periods for the establishment of performance targets under its annual cash incentive program (ACIP). Whereas, in 2009 this allowed the Company to adjust

targets downward to maintain motivation when the economy continued to stall, in 2010, this allowed the Company to set higher targets after a successful first half to motivate participants to stretch for even better performance.

In order to encourage retention, the Company awarded each eligible participant in the long term incentive program (LTIP) a three-year grant of restricted stock units (RSUs), 50% of which vest in three years, 25% in four years and 25% in five years. These participants will not receive annual RSU grants in 2011 or 2012 unless they are promoted within the organization.

As an additional flexibility feature, the Company for the first time gave LTIP participants the option of choosing a performance cash allowance of up to 50% of their eligible stock appreciation rights (SARs) award. As described herein, the cash award provides the opportunity for participants to benefit from periods of consistently strong Company performance, whether or not such performance is reflected in an increased stock price. None of the NEOs elected the cash option in 2010.

III. Compensation Objectives and Elements

A. Objectives

Belden's executive compensation program is designed to support the interests of stockholders by rewarding executives for achievement of the Company's specific business objectives, which in 2010 were net/operating income from continuing operations, operating working capital/inventory turns and organic growth. The overarching principles of the program are:

Maximizing stockholder value by allocating a significant percentage of compensation to performance-based pay that is dependent on achievement of the Company's performance goals, without encouraging excessive or unnecessary risk taking.

Aligning executives' interests with stockholder interests by providing significant stock-based compensation and expecting executives to hold the stock they earn in compliance with our ownership guidelines.

Attracting and retaining talented executives by providing competitive compensation opportunities.

Rewarding overall corporate results while recognizing individual contributions.

B. Elements

Below is an illustration of Belden's compensation program. Individual compensation packages and the mix of base salary, annual cash incentive opportunity and long-term equity incentive compensation for each NEO varies depending upon the executive's level of responsibilities, potential, performance and tenure with the Company. Each of the elements shown below is designed for a specific purpose, with the overall goal of achieving a high and sustainable level of Company and individual performance. The percentage of total compensation that is performance-based generally increases as an officer's level of responsibilities increases. The chart below is not to scale for any particular named executive officer.

Additionally, the Company provides competitive retirement and benefit programs and limited perquisites as described under *Compensation Policies and Other Considerations*.

C. Competitive Market Pay Information and Philosophy

In determining total compensation levels for our NEOs, the Compensation Committee reviews market trends in executive compensation and a competitive analysis prepared by Deloitte Consulting LLP (Deloitte), which is derived from the most recent proxy data of the companies in the comparator group described below. The Committee also considers other available market survey data on executive compensation philosophy, strategy and design. The Company's compensation philosophy is to target base salaries at the 50th percentile of the competitive market and total direct compensation (the items illustrated in the chart above) at the 75th percentile of the competitive market. For this purpose, equity awards are valued as of their grant date.

In its most recent review in March 2011, the Committee concluded that the total direct compensation of executive officers, with respect to compensation levels, as well as structure, remained consistent with our compensation design and objectives.

The Committee chose the comparator group from companies in the primary industry segments in which the Company operates that had similar annual revenues and market capitalizations. Two companies previously in our comparator group, ADC Telecommunications, Inc. and CommScope, Inc. were acquired during 2010 and have therefore been removed from the group.

The comparator group companies are as follows:

Acuity Brands, Inc.	Hexcel Corporation	Pentair, Inc.
Anixter International Inc.	Hubbell Incorporated	Regal Beloit Corporation
A.O. Smith Corporation	IDEX Corporation	Roper Industries, Inc.
Carlisle Companies Incorporated	JDS Uniphase Corporation	Thomas & Betts Corporation
General Cable Corporation	Molex Incorporated	

The Committee considers this comparator group competitive pay analysis as a frame of reference and one data point in making its pay decisions. The pay decisions are not formulaic and the Committee exercises judgment in making them.

Each year, the Committee reviews the performance evaluations and pay recommendations for the named executive officers and the other senior executives. The Compensation Committee, with input from the Board, meets in executive session without the CEO present to review the CEO's performance and set his compensation.

IV. 2010 Compensation Analysis

A. Base Salary Adjustments

Salaries of executive officers are reviewed annually and at the time of a promotion or other change in responsibilities. Increases in salary are based on a review of the individual's performance, the competitive market, the individual's experience and internal equity. For executives who earn a composite individual performance score of 3 or more, base salaries may be adjusted using a merit salary increase matrix, discussed below. An executive who scores less than 3 and fails to improve his or her performance may be subject to disciplinary action, including dismissal.

The executive is scored on our merit salary increase matrix that is annually reviewed and, if appropriate, revised to reflect the competitive market based on the salary survey data noted above. The Committee reviews the merit budget and salary increase matrix. The executive's salary is classified based on three categories: below market, market and

above market. Company-wide, the ranking system is designed to take the form of a normal distribution, as follows:

- 1 Least Effective At least 5% of workforce
- 2 Needs Improvement At least 10% of workforce
- 3 Effective-Consistently Meets Expectations 50% to 70% of workforce
- 4 Highly Valued Combined with 5 , no more than 15% of workforce
- 5 Exceptional No more than 5% of workforce

Table of Contents**2010 Merit Increase Guidelines for U.S. Employees (including all of the Named Executive Officers)**

	Current	1	2	3	4	5
Current Salary	Salary as a % of Midpoint	Least Effective	Needs Improvement	Effective	Highly Valued	Exceptional
Above Market	106-120%	0%	0%	0-2%	2-4%	3-5%
Market	95-105%	0%	0%	0-3%	4-6%	6-8%
Below Market	80-94%	0%	0%	3-5%	6-8%	8-10%

The timing and amount of any salary adjustment will be based on the executive's annual overall performance ranking and whether the executive falls below, at or above market as compared to the applicable survey data noted above.

For example, an executive with an overall ranking of 5 who is above market will receive a lower salary increase than an executive with a ranking of 5 who is below market.

The named executive officers' salaries and market scorings are provided in the following table (salaries for Messrs. Gusenleitner and Kumra were converted to U.S. dollars based on the Oanda one-year average exchange rates ending on December 31, 2010):

Name	Annual Base Salary at January 1, 2011	Market Scoring
Mr. Stroup	\$700,000	95% (Market)
Mr. Benoist	\$412,000	109% (Above Market)
Mr. Gusenleitner	\$358,530	108% (Above Market)
Mr. Kumra	\$383,700	117% (Above Market)
Mr. Suggs	\$450,000	116% (Above Market)

B. Annual Cash Incentive Plan Awards

Executive officers participate in our annual cash incentive plan. Overall, we had 1,298 employees participate in the plan's 2010 performance offering. Under the plan, participants earn cash awards based on the achievement of Company and individual performance goals. For 2010, the amount paid under the plan to all participants was \$15,570,640 or approximately 0.96% of 2010 revenue.

A participant's award is computed using the following formula:

$$\text{Award} = \text{Base Salary} \times \text{Target Percentage} \times \text{Financial Factor} \times \text{Personal Performance Factor}$$

Target Percentages

Each NEO's Target Percentage is delineated in his respective employment agreement. For the full year of 2010, the NEO Target Percentages were as follows: Mr. Stroup 130%, Mr. Benoist 85% and Messrs. Gusenleitner, Kumra and Suggs 70%.

Financial Factors

As noted in the Executive Summary, performance targets for calculating the Financial Factor were based on net/operating income from continuing operations, operating working capital/inventory turns and organic growth. Management and the Board continue to believe that income from continuing operations is the financial metric most clearly aligned with the enhancement of stockholder value. Therefore, it is weighed heavily as a performance target. The Company's implementation of Lean manufacturing techniques since the beginning of 2006 has been transformational to how Belden is viewed by customers, competitors and investors. Thus, the resulting opportunities for continuous improvement in inventory and working capital turns make this an important measure and motivational

Table of Contents

tool. However, 2010 marked a pivot point for Belden, with a greater emphasis placed on organic growth, which is primarily accomplished through the identification of new vertical markets and the capture of market share from competitors. Making organic growth a performance factor illustrates this new emphasis.

Performance Factor Determination and Adjustments

The performance factors we use that make up the Financial Factor support our short- and long-range business objectives and strategy. We have selected multiple factors because we believe no one metric is sufficient to capture the performance we are seeking to achieve and any one metric in isolation may not promote appropriate management performance.

In setting performance goals, we consider our annual and long-range business plans and factors such as our past variance to targeted performance, economic and industry conditions, and our industry performance. We set challenging, realistic goals that will motivate performance within the top quartile of our comparator group. We recognize that the metrics may need to change over time to reflect new priorities and, accordingly, review these performance metrics each performance period.

The 2010 thresholds and targets of the performance factors that make up the Financial Factor reflected our expectations that the macroeconomic environment was improving. The first half target for the consolidated net income component of the Financial Factor was over 13% higher than the actual performance in the second half of 2009 and the second half target was over 15% higher than the first half target. The target for first half consolidated working capital turns was set 23.6% higher than the 2009 target and was enhanced by another one-half turn for the second half target. Organic growth targets were derived from the rates of growth necessary to place us in the top quartile of our comparator group. Similarly, the divisional level thresholds and targets were set at levels that, if achieved, would reflect noticeably improved performance.

Any Financial Factor exceeding 2.0 requires Compensation Committee approval and individual awards may not exceed \$5 million per year. The amount payable to all participants in any one-year period is capped at three times the total target amounts for all participants. In 2010, it was decided that if an individual net/operating income factor did not achieve at least threshold performance, this would result in a total Financial Factor of 0. Additionally, organic growth scores were capped at 2.0.

Consistent with the terms of the annual cash incentive plan, the performance factors were adjusted to reflect certain unusual events that occurred during the year. These adjustments primarily concerned discontinued operations, acquisitions, asset impairment and restructuring of the Company's operations, as well as some income tax adjustments. The Compensation Committee and the Audit Committee meet jointly to analyze and approve the adjustments recommended by management. The Committees believed it was appropriate to adjust the financial results for these matters to eliminate the potential for managers delaying strategic decisions beneficial to the Company in the long term (e.g., acquisitions and divestitures) because of the impact of those decisions on short-term financial metrics.

For each individual performance factor, threshold and target amounts are set by the Compensation Committee. Actual performance at the threshold level is reflected with a Financial Factor score of 0.5 and actual performance at the target level is reflected with a Financial Factor score of 1.0, with performance between the two levels and above target scored on a linear basis. Actual performance below the threshold results in a Financial Factor score of 0.

Performance Factor Definitions

Net Income from Continuing Operations is consolidated revenues, less cost of sales, less selling, general and administrative expenses (SG&A), less interest expense, plus interest income, plus other income, less other expense,

less tax expense, and less any loss from discontinued operations.

Organic Growth is the change in consolidated revenues from the prior year excluding the impact of acquisitions, divestitures, foreign currency exchange and certain commodity price movements.

Operating Working Capital Turns are based on a monthly average of working capital turns during the applicable performance period and for each individual month were computed based on a ratio calculated at the end of the

month of (i) annualized actual cost of goods sold for the prior two months and the current month to (ii) operating working capital at the end of the month.

Operating Income is revenues, less cost of sales, less SG&A expenses of the applicable business unit (i.e., EMEA for Mr. Gusenleitner, Asia Pacific with respect to Mr. Kumra and Americas with respect to Mr. Suggs).

Inventory Turns are based on a monthly average of inventory turns during the applicable performance period and for each individual month were computed based on a ratio calculated at the end of the month of (i) annualized actual cost of goods sold for the prior two months and the current month to (ii) inventory at the end of the month.

The performance factors applicable to the NEOs, along with the respective threshold, target and actual performance levels and the respective financial factor scores, for each half-year performance period are illustrated below (income numbers are shown in thousands):

Weighting of Financial Factors

Each NEO's list of applicable factors and weighting among factors differs based on geographic or operational responsibilities. Based on their responsibilities for global operations as the CEO and CFO, Messrs. Stroup and Benoist's respective performance was measured on consolidated performance factors. As the EVP of the Europe, Middle East and Africa (EMEA) operations, Mr. Gusenleitner's performance was measured based on a 50/50 split between consolidated performance factors and local EMEA performance factors. As the EVP of the Asia Pacific (APAC) operations, Mr. Kumra's performance was measured based on a 50/50 split between consolidated performance factors and local APAC performance factors. As the EVP of the Americas operations, Mr. Suggs' performance was measured based on a 50/50 split between consolidated performance factors and local Americas performance factors. The applicable factors and weighting percentages are set prior to the performance period. As shown below, slight adjustments to the relative weights were made from the first half of 2010 to the second half, mostly to increase the emphasis on organic growth.

Table of Contents*Personal Performance Factor*

Each named executive officer establishes annual personal performance objectives. In the case of Mr. Stroup, the objectives are agreed upon between him and the independent directors; in the case of the remaining NEOs, the objectives are agreed upon between the NEO and Mr. Stroup. At the end of the year, the parties measure progress relative to the objectives. The Compensation Committee, with respect to Mr. Stroup, and Mr. Stroup, with respect to the other NEOs, scores each NEO on a scale of 0.5 to 1.5 (0.8 to 1.2 in the case of Mr. Stroup), which we refer to as the NEO's Personal Performance Factor (PPF).

The personal performance goals reflected in the Personal Performance Factor measure the attainment of short- and long-term goals that often are in furtherance of achieving objectives set out in our three-year strategic plan. Personal performance goals can be qualitative in nature and the determination of the NEO's degree of attainment of them generally requires the judgment of the evaluation supervisor (i.e., the independent directors with respect to Mr. Stroup and Mr. Stroup with respect to the other NEOs).

As a general rule, the higher in the organizational structure that one sits, the more global in scope are his or her personal objectives. Mr. Stroup, as CEO, focused his objectives on key improvement priorities for the Company in the areas of organic growth, talent management and investor relations. Mr. Benoist, as the CFO, also had objectives in the areas of talent management and investor relations, but also focused other objectives on areas specific to the finance function, e.g., liquidity and information technology. As the EVPs of Belden's three geographical segments, the objectives of Messrs. Gusenleitner, Kumra and Suggs were supportive of the Company's global goals, but focused within their respective business units. The objectives of all three EVPs related to the areas of organic growth, talent management and Lean manufacturing in their respective business units.

The 2010 Personal Performance Factors for the NEOs ranged from 0.91 to 1.20.

Annual Cash Incentive Plan Payouts

C. Performance-Based Equity Awards

Our long-term equity incentive plan is designed to align the financial interests of our executives and our stockholders by providing executives with a continuing stake in the long-term success of the company. In addition, with grants of SARs that have value only if Belden's stock price increases, the plan emphasizes pay-for-performance. For 2010, executive officers received 75% of their LTI Value (discussed below) under the plan in the form of SARs and the other 25% in the form of performance-based RSUs. In order to amplify the retention benefit of the RSUs, the decision was made to issue each eligible participant a three-year grant of RSUs with a five-year total vesting period, rather than a more typical three-year vesting period. The SARs were granted in February 2010 at the closing price of Belden stock on the grant date and one-third of the SARs vest on each of the first three anniversaries

Table of Contents

of the grant date. Assuming the satisfaction of the performance criterion (described below), the RSUs will vest 50% on the third anniversary of the grant date, 25% on the fourth anniversary of the grant date, and 25% on the fifth anniversary of the grant date. The performance criterion, net income over a consecutive two calendar quarter period equal to or in excess of \$32.8 million (the second half Consolidated Net Income from Continuing Operations threshold), was met in the second half of 2010.

Individual performance, the competitive market, executive experience and internal equity were factors used to determine the total dollar value of SARs and RSUs granted to each executive officer in 2010, which we refer to as the Long-Term Incentive Value , or LTI Value .

LTI Value

We use the following matrix to determine the LTI as a percentage of base salary for each officer. An officer did not receive an equity award in 2010 if his or her 2009 Personal Performance Factor was less than 0.85. Mr. Stroup's LTI for 2010 was based on his employment agreement. His agreement provides that, for 2009 and 2010, he will receive equity awards having a grant date value of not less than \$2.5 million per year. Mr. Benoist has a Target LTI percentage of 200% and Messrs. Gusenleitner, Kumra and Suggs each have a Target LTI percentage of 120%.

PPF	0.85-1.15	1.16-1.50
Percentage of Target LTI	70%-120%	130%-190%

To illustrate the LTI value matrix, assume a base salary of \$200,000 and a Target LTI percentage of 50%. The Target LTI is \$100,000. Assuming the officer's PPF is 1.0, he or she would receive equity valued between \$70,000 and \$120,000. If the same officer's PPF is 1.16, he or she would receive equity valued between \$130,000 and \$190,000. The exact amount granted within the range for each individual is at the discretion of the individual's immediate supervisor.

We used the Black-Scholes-Merton (Black-Scholes) option pricing formula to calculate SAR values and the number of RSUs granted was based on a one-year average of Belden's stock price ending on the date of grant. Additionally, we apply a 75% discounting factor to the RSU award amount to calibrate the impact on dilution of our full-value awards versus our SARs. The intended grant date value is then allocated as follows:

$SARs = (LTI\ Value - (25\% \text{ of Target LTI Value})) \text{ divided by the Black-Scholes value of a Belden SAR.}$

$RSUs = (25\% \times Target\ LTI\ Value \times 75\% \text{ Discounting Factor}) \text{ divided by the one-year average Belden stock price ending on February 22, 2010. This result was then multiplied by three to account for the three-year grant.}$

The SARs provide a material incentive to executives to obtain a significant stock ownership stake in the Company, but only if the Company's share price increases during their ten-year term, and they serve as a retention tool because they take three years to fully vest. The RSUs have value to the holder only if targeted financial performance goal is achieved during their performance measurement period and if the employee remains employed by the Company during the vesting period.

At its February 2010 meeting, the Compensation Committee approved equity award grants in the form of 775,183 SARs and 384,554 RSUs to over 280 employees. In addition, the Committee approved the conversion of the 2009 second half performance share units (PSUs) at a conversion rate of 1.5 RSUs per PSU based on the Company's

achievement of maximum financial performance. The conversion of the second half PSUs led to the issuance of 229,950 RSUs. As discussed in last year's proxy statement, performance in the first half of 2009 led to the cancellation of the 2009 first half PSUs. Mr. Gusenleitner joined the Company on April 1, 2010 and received grants of SARs and RSUs comparable to what he would have received had he been employed at the time of the February 2010 Compensation Committee meeting. On the third anniversary of his employment, as a retention tool, the Committee awarded Mr. Suggs an additional grant of SARs and RSUs. See the *Grants of Plan-Based Awards* table for further details. The table below shows the total 2010 grants of SARs and RSUs to the named executive officers.

- (1) The Committee granted the listed SARs to Messrs. Stroup, Benoist and Kumra and 41,494 of the listed SARs to Mr. Suggs at the closing price of Belden stock on February 22, 2010 (\$21.70), the grant date of the awards. Mr. Gusenleitner's SARs were granted at the price of Belden stock on April 1, 2010 (\$27.78), the grant date of the award in connection with the commencement of his employment. The remaining 17,650 SARs listed for Mr. Suggs were granted at the closing price of Belden stock on June 11, 2010 (\$25.55), the grant date of the award.
- (2) The RSUs are contingently awarded, and are subject to the achievement of net income growth goals.
- (3) Reflects 1.5 RSUs per PSU granted for the 2009 second half performance period. 50% of the RSUs vested in February 2011 and 50% will vest in February 2012.

V. Compensation Policies and Other Considerations*Role of Compensation Consultant*

The Compensation Committee has retained Deloitte as its independent compensation consultant. Deloitte reports directly to the Committee. The Committee generally relies on Deloitte to provide it with comparison group benchmarking data and information as to market practices and trends, and to provide advice on key Committee decisions.

In 2010, Deloitte provided advice to the Compensation Committee and management in connection with a proposed new long-term incentive compensation program, the composition of peer companies we use for benchmarking purposes, the design of our annual cash incentive and long-term incentive programs, and our executive employment agreements. For their compensation consulting in 2010, we paid Deloitte \$120,000.

In 2010, our financial management engaged Deloitte to perform other services involving internal controls auditing, tax consulting and acquisition due diligence. For these non-compensation related services, we paid Deloitte approximately \$558,000. The Compensation Committee did not approve these charges prior to their incurrence, but considered them in connection with Deloitte's retention for 2011. Given the nature and scope of these other services, the Compensation Committee does not believe this work had any impact on the independence of our independent consultant.

Stock Ownership Guidelines

To align their interests with those of the Company's stockholders, Company officers who are required to report their holdings of Belden stock to the Securities and Exchange Commission must hold stock whose value is at least three times their annual base salary (five times in the case of Mr. Stroup). Officers have five years from May 2005 (the date the guidelines were implemented or, if later, five years from becoming an officer) to acquire the appropriate shareholdings. In addition, officers must make interim progress toward the ownership requirement during the five year period 20% after one year, 40% after two years, 60% after three years and 80% after four years. For purposes of determining ownership, unvested RSUs and the value of vested but unexercised, in-the-money options and SARs are included. For calculation purposes, the Company will use the higher of the current trading price or the acquisition price. As of March 23, 2011 (our record date for the annual meeting), each of the named executive officers either met his interim or five-year stock ownership guideline. In accordance with Company policy, an

Table of Contents

officer is prohibited from selling Belden stock received from the Company as an equity award until the officer meets the interim guideline.

Regulatory Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended, imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to the Company's CEO or any of the Company's other NEOs, other than the Chief Financial Officer, who are employed as of the end of the fiscal year. This limitation does not apply to compensation that meets the requirements under Section 162(m) for qualifying performance based compensation (i.e., compensation paid only if performance meets pre-established objective goals based on performance criteria approved by stockholders). The Company's incentive compensation plans are designed to qualify under Internal Revenue Code Section 162(m) to ensure tax deductibility. However, the Committee retains the flexibility to design and administer compensation programs that are in the best interests of Belden and its stockholders.

Annual bonuses for our named executive officers are discretionary, subject to maximum bonus amounts based on the achievement of the Section 162(m) performance objectives established by the Committee annually. These objectives are selected by the Committee from among the performance objectives in the annual incentive plan but are not communicated to participants as individual performance targets. The Committee may exercise negative discretion to reduce the award based on an assessment of Company and individual performance. For 2010 the Committee awarded less than the maximum amount. We have also adopted amendments to our compensation plans to comply with the requirements of Internal Revenue Code Section 409A, which requires that nonqualified deferred compensation arrangements must meet specific requirements.

In accordance with FASB ASC Topic 718, for financial statement purposes, we expense all equity-based awards over the period earned based upon their estimated fair value at grant date. FASB ASC Topic 718 has not resulted in any significant changes in our compensation program design.

Executive Compensation Recovery

In accordance with the Sarbanes-Oxley Act of 2002, Mr. Stroup, as CEO, and Mr. Benoist, as CFO, must forfeit certain bonuses and profits if the Company is required to restate its financial statements as a result of misconduct. In addition, if the Board of Directors determines that any other executive officer has engaged in fraudulent or intentional misconduct that results in the Company restating its financial statements because of a material inaccuracy, the Company, as permitted by law, will seek to recover any cash incentive compensation or other equity-based compensation (including proceeds from the exercise of a stock option or SAR) received by the officer from the Company during the 12-month period following the first public issuance or filing with the SEC of the financial statement required to be restated. The Company will reconsider its clawback policies once the SEC issues final rules implementing the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act).

Hedging of Company Stock

Pursuant to the Company's insider trading policy, executive officers and directors are prohibited from utilizing margin accounts to engage in transactions in Belden stock. The Company will reconsider its trading policies once the SEC issues final rules implementing the Dodd-Frank Act.

Equity Compensation Grant Practices

The Committee approves all grants of equity compensation, including stock appreciation rights and restricted stock units, to executive officers of the Company, as defined in Section 16 of the Exchange Act. All elements of executive

officer compensation are reviewed by the Committee annually at its February meeting. Generally, the Company's awards of stock appreciation rights and restricted stock units are made at that meeting, but may be made at other meetings of the Committee. The Committee meeting date, or the next business day if the meeting falls on a non-business day, is the grant date for stock appreciation rights and restricted stock unit awards. The Company may also make awards in connection with acquisitions or promotions, or for retention purposes. Under the Company's equity

Table of Contents

plan, the Committee may delegate to the Company's CEO the authority to grant stock options to any employees of the Company other than executive officers of the Company as that term is defined in Section 16 of the Exchange Act. The Committee has exercised this authority and delegated to the CEO the ability to make equity grants in connection with retention and acquisitions, which he uses on an infrequent basis. This delegation of authority does not extend to executive officers.

Employment Agreements: Severance, Termination and Retirement

The Company has an employment agreement with each of the named executive officers. These agreements address key provisions of the employment relationship, including payment of severance benefits upon a termination of employment before and after a change of control of the Company. Beginning in 2010, new executive employment agreements no longer contain a gross-up to compensate the executives for an Internal Revenue Code Section 280G excise tax. Instead the executives will be given the option of either (a) collecting their full severance and paying the excise tax themselves with no assistance from the Company or (b) reducing the severance payments to an amount that prevents the excise tax from being imposed. Information regarding benefits under these agreements is provided following this Compensation Discussion and Analysis under the heading *Potential Payments upon Termination or Change of Control*.

Aircraft Leasing

The Company from time to time leases corporate aircraft as needed to provide flexibility to executive officers and other associates for business use and to allow more efficient use of executive time for Company matters. It is Company policy that corporate aircraft shall be used for business purposes only. The Nominating and Corporate Governance Committee reviews management's use of corporate aircraft throughout the year to confirm management's compliance with the policy.

Benefits and Perquisites

The named executive officers receive retirement and health care benefits on a consistent basis with other Belden employees. As described in *Pension Benefits* and *Nonqualified Deferred Compensation*, excess defined benefit and defined contribution plans are offered to eligible U.S. employees. We provide a non-U.S. cash balance retirement plan for Mr. Kumra and contribute to a private German pension account for Mr. Gusenleitner. In order to attract and maintain talented officers, we have provided certain other compensation to our NEOs. This includes commuting costs for Mr. Benoist, use of an automobile for Mr. Gusenleitner and a cost of living adjustment for Mr. Kumra. Certain other minimal perquisites are provided to the NEOs as described in footnote 6 to the *Summary Compensation Table* below. Beginning in 2010, tax gross-ups will not be provided in connection with certain nominal reimbursement perquisites, e.g., tax preparation costs, club dues and commuting costs.

Report of the Compensation Committee

The Compensation Committee has reviewed and discussed with management the foregoing Compensation Discussion and Analysis section of this proxy statement. Based on such review and discussion, the Committee recommended to the Board of Belden that the Compensation Discussion and Analysis be included in the proxy statement.

Compensation and Risk

We consider the variable, pay-for-performance components of our compensation programs to assess the level of risk-taking these elements may create. The variable components of our compensation programs offered to management (including our executives) are our annual cash incentive plan and performance-based equity awards program. We believe the way we select and set performance goals and targets with multiple levels of performance; use gradually-sloped payout curves that do not provide large payouts for small incremental improvements; and confirm the achievement of performance before issuing the awards, all reduce the potential for management's excessive risk-taking or poor judgment. Consistent with sound risk management, we limit the annual cash incentive award by capping the financial factor component at two times the target (unless approved by our Compensation Committee) and the long-term incentive to a fixed percentage of the participant's base salary. In addition, we require that executive officers adhere to stock ownership guidelines to promote a long-term focus.

We also consider our variable compensation programs offered to other associates. These are primarily incentive programs offered to sales and marketing associates. We believe the way we administer these programs reduce the potential of their causing a material adverse impact on the Company through excessive risk-taking. We have customer contract practices with respect to operating margins, customer creditworthiness, and channel management that are designed to reduce poor judgment in connection with entering into sales contracts having unreasonable terms. Sales targets are not designed to provide large payouts that are either based on small incremental improvement or overly aggressive goals that could induce excessive risk-taking by the salesperson. These programs are monitored throughout the performance period to ensure they are being properly administered.

(1) Salaries are amounts actually received. Mr. Gusenleitner received compensation in Euros. Mr. Kumra received compensation in U.S. Dollars and Indian Rupee. For this table, the compensation of Messrs. Gusenleitner and Kumra was converted into U.S. Dollars based on the Oanda one-year average exchange rates ending on

December 31, 2010.

- (2) Reflects the aggregate grant date fair value with respect to awards of stock for each named officer computed in accordance with FASB ASC Topic 718. See *Grants of Plan-Based Awards* Table for 2010 stock awards to the named officers. The assumptions used in calculating these amounts are described in Note 17: Share-Based Compensation, to the Company's audited financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010.

Each amount listed in column (e) represents the grant date fair value of performance share units (PSUs) based on the assumption that the Company would meet its performance goals at the target level, resulting in one restricted stock unit (RSU) being issued to the officer for each PSU. In 2009 and 2008, performance at 120% of target levels or greater would have resulted in the issuance of 1.5 RSUs for each PSU. During the applicable performance periods, the Company periodically analyzed performance and made appropriate adjustments to the amount of stock-based compensation expense it records. Based on this structure, the maximum grant date fair value of each award (in dollars) was as follows:

	Mr. Stroup	Mr. Benoist	Mr. Gusenleitner	Mr. Kumra	Mr. Suggs
2009	2,264,976	693,360	<i>Not Listed</i>	438,900	340,148

- (a) For Mr. Gusenleitner, this represents a quarterly contribution by the Company to a German private pension fund.
- (b) Per Mr. Kumra's Executive Employment Agreement, the Company pays an annual foreign cost of living adjustment to compensate Mr. Kumra for relocating his family from the United States to India. This amount consists of the following items: a housing allowance (net of his hypothetical U.S. housing expense), residential utilities, residential security, automobile expense, school fees for Mr. Kumra's children and travel to the U.S. for Mr. Kumra and his family once per year.

- (1) The amounts in column (c) represent the cash payment under the Company's annual cash incentive plan (Plan) that would have been made if the threshold performance for 2010 was met and the amounts in column (d) represent the cash payment under the plan that would have been made if the target performance for 2010 was met. Although there is no maximum level of financial performance, the Plan is capped with respect to payment of individual awards at a maximum award of \$5 million per year and the amount payable to all participants in any year is capped at three times the total target amounts for all participants. For Mr. Gusenleitner, who is paid in Euros, and Mr. Kumra, who is paid in Indian Rupee, these U.S. Dollar amounts are based on the Oanda one year average exchange rates ending on December 31, 2010 of 1.32789 U.S. Dollars per Euro and 0.02188 U.S. Dollars per Indian Rupee.
- (2) The Compensation Committee granted the performance-based restricted stock unit awards (RSUs) at its February 22, 2010 meeting and then made an additional award to Mr. Suggs on June 11, 2010. Mr. Gusenleitner's awards were valued on his first day of employment with the Company, April 1, 2010. All of these awards require the achievement of a specified net income target in addition to their time-based vesting requirements. If the net income target is not achieved prior to the tenth anniversary of the grants, the awards are cancelled. At its March 2011 meeting, the Compensation Committee determined that the target was achieved during the second

half of 2010. Therefore, 50% of the RSUs will vest in 2013, 25% will vest in 2014 and 25% will vest in 2015, on the respective grant date anniversaries.

- (3) Reflects the issuance of 1.5 RSUs per PSU granted during the second half of 2009. Because the Company did not attain at least Threshold performance during the first half of 2009, the first half 2009 PSUs did not result in the issuance of any RSUs. 50% of the granted RSUs vested in February 2011 and the remaining 50% will vest in February 2012.
- (4) The amounts in column (j) are the number of SARs or stock options granted to each of the named executive officers in 2010. These awards vest in equal amounts over three years on the first, second and third anniversaries of the grant date.
- (5) The exercise price for awarded SARs or stock options was the closing price of the Belden shares on the grant date.

(1) Each of the named executive officers participates in the Belden Wire & Cable Company Pension Plan (Pension Plan) and the Belden Wire & Cable Company Supplemental Excess Defined Benefit Plan (Excess Plan) with the exception of Messrs. Gusenleitner and Kumra, who do not participate in the U.S. plan because they reside outside of the U.S. The Pension Plan is a cash balance plan. The account of each participant increases on an annual basis by 4% of the participant's eligible compensation up to the Social Security wage limit (\$106,800 for 2010) and by 8% of the participant's eligible compensation in excess of the Social Security wage limit up to the limit on compensation that may be taken into account by a plan qualified under the Internal Revenue Code (\$245,000 for 2010). The Excess Plan provides the benefit to the participant that would have been available under the Pension Plan if there were not a limit on compensation that may be taken into account by a plan qualified under the Internal Revenue Code. In general, eligible compensation for a participant includes base salary plus any amount earned under the annual cash incentive plan. Upon retirement, participants in the Pension Plan may elect a lump sum distribution or a variety of annuity options. Upon retirement, participants in the Excess Plan may elect a lump sum distribution.

- (2) The computation of the value of accumulated benefit for each individual incorporates a 5.0% discount rate, an interest credit rate of 4.5%, and an expected retirement age of 65.
- (3) Mr. Kumra previously participated in the Pension Plan, but is no longer participating since he is no longer living in the U.S. and is not subject to U.S. taxes and is thus, no longer eligible for the U.S. Pension Plan. Mr. Kumra does participate in a non-U.S. cash balance retirement plan.

His target annual cash incentive award is 130% of his base salary. In 2008, Mr. Stroup received a retention option award having a grant date value of \$3 million. The options vest in five years and were granted at the closing price of Belden shares on the grant date. Upon his appointment, Mr. Stroup received an inducement equity award of 451,580 stock options with an exercise price equal to the fair market value of Belden stock (\$19.93). The options vested in equal installments over three years and expire in ten years. The agreement's initial term is for five years and is subject to earlier termination based on disability, death, termination by the Company, with or without cause, and before or after a change in control of the Company. Mr. Benoist's base salary of \$412,000 per year is subject to annual review. Mr. Benoist is entitled to participate in the Company's long-term incentive plan, annual cash incentive plan, and all other employment benefit plans available to senior executives. The PSUs were based on achieving target performance for 2006 and in February 2007, the Compensation Committee awarded Mr. Benoist 22,727 RSUs for the attainment of the 2006 PSU goals. The RSUs vested equally over two years. Amounts payable in the event of separation of Mr. Benoist's employment are noted below under *Potential Payments upon Termination or Change in Control*.

Christoph Gusenleitner. Mr. Gusenleitner entered into an employment agreement with the Company, effective April 1, 2010. The agreement can be terminated by the Company on six months prior notice, with an effective termination date no earlier than May 31, 2013. The agreement also is subject to earlier termination based on disability, death and retirement. Mr. Gusenleitner's base salary of \$270,000 per year (approximately \$358,530) is subject to annual review. He is entitled to a one-time sign-on bonus if still employed by the Company on April 1, 2011. The agreement's initial term is for three years and is subject to earlier termination based on disability, death, termination by the Company, with or without cause, and before or after a change in control of the Company. In connection with its renewal in 2010, his annual base salary was increased to \$450,000 and is subject to annual review. Mr. Suggs is entitled to participate in the Company's long-term incentive plan, annual cash incentive plan and all other employment benefit plans available to senior executives. His target annual cash incentive award is 70% of his base salary. Amounts payable in the event of his separation of employment are noted below under *Potential Payments upon Termination or Change in Control*.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

The following discussion does not pertain to Mr. Gusenleitner, who, except in the case of a termination for cause, is entitled to remuneration through the effective termination date of his employment agreement, which can be no earlier than May 31, 2013. The remaining NEO's employment agreements with the Company provide for the potential payment of severance and other benefits upon certain terminations of employment. In addition, pursuant to the terms of the Company's equity incentive plans, upon certain termination events, each executive will be entitled to acceleration of his outstanding and unvested equity awards.

Termination not for cause prior to a change in control

Pursuant to the employment agreements, in the event a named executive officer is terminated without cause, as defined below, the executive will be entitled to receive:

- n severance payments equal to the sum of the officer's current base salary plus his annual target bonus (multiplied by 1.5 in the case of Mr. Stroup), payable in equal semi-monthly installments over a twelve-month period (eighteen months in the case of Mr. Stroup);
- n any unpaid bonus earned with respect to any fiscal year ending on or prior to the date of termination;
- n in the case of Messrs. Benoist and Suggs, the unvested portion of certain equity awards granted on the original date of employment, will vest on the date of termination; and
- n continued participation in the Company's medical and dental plans for twelve months (eighteen months for Mr. Stroup).

Pursuant to the employment agreements, cause is defined to include the officer's:

- n willful and continued failure to perform his duties following appropriate opportunities to cure the deficiencies;
- n conviction of a felony or any crime involving moral turpitude;
- n lack of authority to enter the employment agreement without violating another agreement to which officer was a party; and
- n gross misconduct in the performance of his employment duties.

Termination not for cause by the Company or for good reason by the officer after a change in control

Each employment agreement provides that if, within two years following a change in control, as defined below, the officer is terminated without cause or resigns for good reason, the officer will be entitled to receive:

- n severance payments equal to the sum of the officer's current base salary plus his annual target bonus multiplied by two, payable in equal semi-monthly installments over a 24-month period;
- n any unpaid bonus earned with respect to any fiscal year ending on or prior to the date of termination;
- n unvested equity awards vest upon the change in control ;
- n continued participation in the Company's medical and dental plans for 24 months; and
- n if necessary, a gross-up payment to cover the officer's excise tax liability under IRC Section 280G where the present value of his payments is more than 110% of the threshold at which such amounts become an excess parachute payment under IRC Section 280G. Starting in 2010, this gross-up feature is not offered to new executive officers.

Table of Contents

A change in control of the Company generally will occur when a person acquires more than 50% of the outstanding shares of the Company's stock or a majority of the Board consists of individuals who were not approved by the Board. Upon a change in control in the Company, the named executive officers will have the right for a period of two years to leave the Company for good reason and receive the amounts set out above should the scope of their employment with the Company negatively and materially change.

Death/Disability

The Company provides long-term disability coverage and life insurance coverage for the executive officers on terms consistent with and generally available to all salaried employees. Upon the officer's death or disability, the officer, or the officer's heirs will be entitled to receive:

- n any unpaid bonus earned with respect to any fiscal year ending on or prior to the date of termination; and
- n unvested equity awards vest immediately.

Retirement

Under the Company's equity plans, an employee who has reached the age of 55 can voluntarily retire from the Company with the result that all unvested equity awards that were granted at least one year prior to the retirement date (longer for portions of certain multi-year grants) shall immediately vest in full and any options or stock appreciation rights are eligible for exercise for the shorter of three years or the original term of the award. Messrs. Stroup, Gusenleitner, Kumra and Suggs are not currently eligible for retirement.

Estimate of Payments

The estimated payments owed to each officer upon the various termination events are based on the following assumptions and/or exclusions:

- n it is assumed that each triggering event occurred on December 31, 2010 and that the value of our common stock was the closing market price of our stock on that date, or \$36.82 (in the case of Termination not for cause by the Company or for good reason by the officer after a change in control, it is assumed that the change in control and the termination both occurred on December 31, 2010);
- n the payments do not include any amounts earned and owed to the officer as of the termination date, such as salary earned to date, unreimbursed expenses or benefits generally available to all employees of the Company on a non-discriminatory basis (the 2010 Non-Equity Incentive Plan Compensation is included based on the technical requirement that an employee must be employed on January 1, 2011 to earn the 2010 bonus. The officers' employment agreements would entitle them to receive the 2010 bonus even if termination occurred on December 31, 2010);
- n the payments include only additional benefits that result from termination and do not include any amounts or benefits earned, vested, accrued or owing under any plan. See *Outstanding Equity Awards at Fiscal Year-End*, *Pension Benefits* and *Nonqualified Deferred Compensation*; and
- n in performing calculations for determining whether a Section 280G gross-up payment was applicable, no reductions were made to the hypothetical severance amounts to allocate amounts as reasonable compensation or to a non-competition agreement. The values placed on the acceleration of previously

unvested equity awards were consistent with the regulations set out under Section 280G and the methodology was consistent with our standard practices for determining fair value of equity awards for our financial statements. Section 280G is not applicable to Messrs. Gusenleitner and Kumra as they are not U.S. citizens and do not reside in the U.S.

Under the hypothetical calculation performed for these purposes, this circumstance resulted.

ITEM II ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Act requires that we include in this proxy statement a non-binding stockholder vote on our executive compensation as described in this proxy statement (commonly referred to as "Say-on-Pay") and a non-binding stockholder vote to advise on whether the Say-on-Pay vote should occur every one, two or three years.

We encourage stockholders to review the Compensation Discussion and Analysis on pages 18 to 29 and the tabular disclosure that follows it. We believe that our compensation policies and procedures are competitive, are focused on pay for performance principles and are strongly aligned with the long-term interests of our stockholders. Our executive compensation philosophy is based on the belief that the compensation of our employees should be set at levels that allow us to attract and retain employees who are committed to achieving high performance and who demonstrate the ability to do so. We seek to provide an executive compensation package that is driven by our overall financial performance, our increased stockholder value, the success of areas of our business directly impacted by the executive's performance, and the performance of the individual executive. We view our compensation program as a strategic tool that supports the successful execution of our business strategy and reinforces a performance-based culture. The Company employs an executive compensation program for our senior executives that emphasizes long-term compensation over short-term, with a significant portion weighted toward equity awards. This approach strongly aligns our senior executive compensation with that of our stockholders. We believe that there is a direct correlation between the performance of Belden and the compensation our senior executives receive. We also believe that our annual compensation disclosure is reflective of this correlation and is transparent and helpful to stockholders.

The Say-on-Pay resolution discussed below gives stockholders the opportunity to endorse or not endorse the compensation that we pay to our named executive officers by voting to approve or not approve such compensation as described in this proxy statement.

The Board strongly endorses the Company's executive compensation program and recommends that the stockholders vote in favor of the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

Because the vote is advisory, it will not be binding upon the Board or the Compensation Committee and neither the Board nor the Compensation Committee will be required to take any action as a result of the outcome of the vote on this proposal. The Compensation Committee will carefully consider the outcome of the vote when considering future executive compensation arrangements.

THE BELDEN BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION.

Table of Contents

ITEM III VOTE ON FREQUENCY OF ADVISORY VOTES ON EXECUTIVE COMPENSATION

Also, in accordance with the Dodd-Frank Act, we are providing our stockholders with the opportunity to cast an advisory vote regarding the frequency that the stockholders will consider and vote regarding our executive compensation. This is the Say-on-Pay vote discussed in Item II above. Stockholders will be given the opportunity to vote on whether they want the Say-on-Pay vote regarding our executive officers' compensation to occur every one year, every two years or every three years.

For the following reasons, the Company believes that an advisory vote on executive compensation every three years is the best approach:

- n The Company's compensation program is designed to induce performance over a multi-year period. For example, as discussed in the Compensation Discussion and Analysis, equity grants in the form of SARs have multi-year vesting, only create value when the Company's stock price increases, and represent a significant part of the compensation of the named executive officers. A vote held every three years would be more consistent with the Company's long-term compensation strategy;
- n A three-year vote cycle gives the Board sufficient time to thoughtfully consider the results of the advisory vote and to implement any desired changes to the Company's executive compensation program; and
- n A three-year cycle will provide investors sufficient time to evaluate the effectiveness of the Company's short- and long-term compensation strategies and the related business performance of the Company.

Stockholders may cast their vote on the preferred voting frequency by choosing the option of one year, two years, three years or by abstaining from voting in response to the resolution set forth below:

RESOLVED, that the stockholders approve conducting an advisory vote on executive compensation every three years.

The option of one year, two years or three years that receives the highest number of votes cast by stockholders will be the frequency for the advisory vote on executive compensation that has been selected by stockholders. Abstentions will not be counted as a vote on any of the frequency options. However, because this vote is advisory and not binding on the Board or the Company in any way, the Board may decide that it is in the best interest of the stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the option approved by our stockholders.

THE BELDEN BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE TO CONDUCT AN ADVISORY VOTE ON EXECUTIVE COMPENSATION EVERY THREE YEARS .

ITEM IV PROPOSAL TO APPROVE THE BELDEN INC. 2011 LONG TERM INCENTIVE PLAN

On March 2, 2011, the Board adopted the Belden Inc. 2011 Long Term Incentive Plan (the 2011 Plan), subject to approval of Belden s stockholders. A copy of the 2011 Plan is attached as Appendix I to this proxy statement. If approved, the 2011 Plan will be the plan used for future awards, in place of the 2001 Cable Design Technologies Corporation Long-Term Performance Incentive Plan (the 2001 Plan).

The Board believes that the 2011 Plan will be an important part of Belden s overall compensation program. The 2011 Plan will enable Belden to provide competitive levels of compensation needed to attract and retain high-quality executives, managers, employees, and nonemployee directors, and to strengthen the alignment between these individuals and Belden s stockholders.

The 2011 Plan incorporates the following features:

- n It offers the ability to grant stock options, restricted stock units, performance shares, performance units and cash-based awards;
- n It prohibits reloads, repricing, stock options issued at a discount to fair market value or the transfer of nonqualified stock options or stock appreciation rights by a participant for consideration;
- n It prohibits liberal share counting provisions, such as counting only the net number of shares issued upon exercise of a stock appreciation right, or adding back shares withheld to satisfy taxes or tendered to pay the exercise price of a stock option;
- n It prohibits dividends to be paid on unvested performance shares;
- n It requires that all awards can only be made pursuant to the authority of the Board or its Committees; and
- n It limits the 2011 Plan term to ten years.

Description of the 2011 Plan

The 2011 Plan provides Belden the ability to use equity-based awards to attract, retain and motivate its employees. These awards help align employees with Belden s financial success and will encourage them to devote their best efforts to Belden s business over the long term. As a result, these awards help advance the interests of Belden and its stockholders.

The 2011 Plan is designed as a flexible share authorization plan, such that the Company s share authorization is based on the least costly type of award (stock options). Shares issued pursuant to Full Value Awards (awards other than stock options or stock appreciation rights which are settled by the issuance of shares, e.g., restricted stock, restricted stock units, performance shares, performance units if settled with stock, or other stock-based awards) count against the 2011 Plan s share authorization at a rate of 1.90 to 1, while shares issued upon exercise of stock options or stock appreciation rights count against the share authorization at a rate of 1 to 1. The value of an option is compared to a full value share to determine a valuation ratio. The Company has used a binominal model provided by an outside institutional stockholder advisory service to determine its valuation ratio. This means that every time an option is granted, the authorized pool of shares is reduced by one (1) share and every time a full value share is granted, the authorized pool of shares is reduced by 1.90 shares.

The 2011 Plan will become effective upon stockholder approval and will terminate ten years later unless terminated sooner.

A summary of the material features of the 2011 Plan is provided below, but does not replace or modify the terms of the 2011 Plan document which is attached as Appendix I to this proxy statement.

2011 Plan Share Limits

The maximum number of shares of common stock authorized to be issued under the 2011 Plan without additional stockholder action is four million, which shall consist of new or treasury shares. Also available (for awards under the 2011 Plan) will be any of the shares already subject to awards granted and outstanding under the 2001 Plan that cease to be subject to such awards for any reason (other than by exercise for, or settlement in, shares). If the 2011 Plan is approved by stockholders, no additional awards will be made after the date of its approval under any of the

Table of Contents

prior plans, though awards previously granted under the prior plans will remain outstanding in accordance with their terms.

Shares are counted against the authorization only to the extent they are actually issued. Thus, awards which terminate by expiration, forfeiture, cancellation, or otherwise are settled in cash in lieu of shares, or exchanged for awards not involving shares, shall again be available for grant under the 2011 Plan, including those awards granted under prior plans.

Awards of Full Value Awards may be made only if the awards either vest more slowly than prorated annual vesting over a three-year period or vest based on the attainment of performance goals by reference to a performance period of at least 12 months.

Upon stockholder approval of the 2011 Plan, any ungranted shares remaining in the 2001 Plan pool will not be granted in the future.

Overhang

The equity overhang, or the percentage of outstanding shares (plus shares that could be issued pursuant to the 2011 Plan) represented by all stock incentives awarded and those available for future awards under all Plans was 14.37% (calculated as all shares issuable upon exercise of outstanding stock options and vesting of outstanding restricted stock and restricted stock units plus shares available for future award divided by (a) basic common shares outstanding + (b) shares in the numerator).

The following table displays the overhang based on actual Company data as of April 1, 2011 and assuming approval of the 2011 Plan.

Table of Contents

As of April 1, 2011, the Company had 666,981 outstanding full-value awards, in the form of restricted stock awards and restricted stock units. The number of basic common shares outstanding on April 1, 2011 was 47,354,641.

Burn Rate

As discussed in this Proxy Statement, the Company utilizes equity awards to attract, retain and motivate our talent. We balance this practice with the interests of our stockholders in non-dilution. The proxy advisory firm, Institutional Shareholder Services (ISS) has devised an industry-specific model of acceptable equity award burn rate. ISS calculates burn rate as (a) the number of equity awards granted during a given year, divided by (b) the weighted average shares outstanding for the year. ISS's model calls for Belden's PSUs to be counted in the year in which they convert to RSUs. Based on ISS's applicable measure of Belden's stock volatility, our RSUs are multiplied by a factor of 2.0.

The following table sets forth information regarding awards granted and earned, the burn rate for each of the last three years, and the average burn rate over the last three years:

	2008	2009	2010	3-Year Average
SARs and options granted(a)	637,233	871,100	807,892	772,075
RSUs granted(b)	219,237	176,338	447,502	281,026
RSUs earned based on PSUs(c)	84,150		229,950	104,700
Numerator (a + (2.0 X (b + c)))	1,244,007	1,223,776	2,162,796	1,543,526
Weighted average shares outstanding (Denominator)	44,692,300	46,593,866	46,804,507	46,030,224
Burn Rate	2.78%	2.63%	4.62%	3.34%

The Company's three-year average burn rate of 3.34% is the highest acceptable rate for Belden's Global Industry Classification Standard (GICS) group. Clearly, the decision to make a three-year grant of RSUs in 2010 caused the rate to spike. Without making any specific pledge, the Company would anticipate the burn rate to decrease in 2011 and 2012, as a majority of the eligible participants will not receive full-value awards in those years.

Participant Award Limits

The 2011 Plan also imposes annual per-participant award limits for employees. The annual per-participant limits are as follows:

Award(s)	Annual Limit
Stock-Based Awards	400,000 shares, plus any unused limit from prior years
Cash-Based Awards	\$5,000,000, plus any unused limit from prior years

The number of shares that may be issued or subject to outstanding awards, the option price or grant price applicable to outstanding awards, the annual per-participant award limits, and other value determinations are subject to adjustment by the Compensation Committee of the Board (the Compensation Committee or Committee) to reflect stock dividends, stock splits, reverse stock splits, and other corporate events or transactions, including without limitation

distributions of stock or property other than normal cash dividends. The Compensation Committee may also make adjustments to reflect unusual or nonrecurring events.

Administration

The Compensation Committee is responsible for administering the 2011 Plan and has the discretionary power to interpret the terms and intent of the 2011 Plan and any related documentation, to determine eligibility for awards and the terms and conditions of awards, and to adopt rules, regulations, forms, instruments, and guidelines. The Committee may delegate administrative duties and powers to one or more of its members or to one or more officers,

Table of Contents

agents, or advisors. The Committee may also delegate to one or more Belden officers the power to designate other employees (other than officers subject to Section 16 of the Securities Exchange Act of 1934, as amended) to be recipients of awards.

Eligibility

Employees of Belden and its affiliates and/or subsidiaries and nonemployee directors of Belden and its subsidiaries who are selected by the Compensation Committee are eligible to participate in the 2011 Plan. There are currently approximately 2,200 eligible employees, and eleven eligible nonemployee directors.

Types of Awards

The 2011 Plan provides that the Compensation Committee may grant awards of various types. A description of each of the types of awards follows.

Stock Options. The Committee may grant both incentive stock options (ISOs) and nonqualified stock options (NQSOs) under the 2011 Plan. Eligibility for ISOs is limited to employees of Belden and its subsidiaries. The exercise price for options cannot be less than the fair market value of Belden common stock as of the date of grant. The latest expiration date cannot be later than the tenth (10th) anniversary of the date of grant. Fair market value under the 2011 Plan may be determined by reference to market prices on a particular trading day or on an average of trading days. The Company's current practice is to determine the Fair Market Value as the closing price on the date of the grant. The exercise price may be paid with cash or its equivalent, with previously acquired shares of common stock, or by other means approved by the Committee, including by means of a broker-assisted exercise.

Stock Appreciation Rights. The Committee may grant stock appreciation rights (SARs) under the 2011 Plan either alone or in tandem with stock options. The grant price of an SAR cannot be less than the fair market value of Belden common stock as of the date of grant. The grant price of an SAR granted in tandem with a stock option will be the same as the option price of the tandem option. SARs cannot be exercised later than the tenth (10th) anniversary of the date of grant.

Freestanding SARs may be exercised on such terms as the Committee determines and tandem SARs may be exercised by relinquishing the related portion of the tandem option. Upon exercise of a SAR, the holder will receive from Belden shares of common stock, equal in value to the difference between the fair market value of the common stock subject to the SAR, determined as described above, and the grant price.

Restricted Stock and Restricted Stock Units. The Committee may award restricted common stock and restricted stock units. Restricted stock awards consist of shares of stock that are transferred to the participant subject to restrictions that may result in forfeiture if specified conditions are not satisfied. Restricted stock unit awards result in the transfer of shares of stock to the participant only after specified conditions are satisfied. A holder of restricted stock is treated as a current stockholder and is entitled to dividend and voting rights, whereas the holder of a restricted stock unit award is treated as a stockholder with respect to the award only when the shares of common stock are delivered in the future. The Committee will determine the restrictions and conditions applicable to each award of restricted stock or restricted stock units.

Performance Share and Performance Unit Awards. Performance share and performance unit awards may be granted under the 2011 Plan. Performance shares will have an initial value that is based on the fair market value of the stock as of the date of grant. Performance unit awards will have an initial value that is determined by the Committee. Such awards will be earned only if performance goals over performance periods established by or under the direction of the Committee are met. The performance goals may vary from participant to participant, group to group, and period to

period. The performance goals for performance share and performance unit awards and any other awards granted under the 2011 Plan that are intended to constitute qualified performance-based compensation will be based upon one or more of the following:

The Compensation Committee will determine whether the performance targets or goals that have been chosen for a particular performance award have been met and may provide in an award that any evaluation of performance may include or exclude any of the following that are objectively determinable and that occur during the performance period to which the award is subject: asset write-downs, litigation, claims, judgments, or settlements; the effect of changes in tax laws, accounting principles, or other laws or provisions affecting reporting results; any reorganization and restructuring programs; extraordinary nonrecurring items as described in FASB Accounting Standards Codification 225-20 Extraordinary and Unusual Items and/or in management's discussion of financial condition and results of operations appearing in Belden's annual report to stockholders for the applicable year; acquisitions or divestitures; and foreign exchange gains and losses.

Awards that are designed to qualify as performance-based compensation may not be adjusted upward. However, the Compensation Committee has the discretion to adjust these awards downward. In addition, the Committee has the discretion to make awards that do not qualify as performance-based compensation. Generally, awards may be paid in the form of cash, shares of common stock, or in any combination, as determined by the Committee.

Cash-Based Awards. The Compensation Committee may grant cash-based awards under the 2011 Plan that specify the amount of cash to which the award pertains, the conditions under which the award will be vested and exercisable or payable, and such other conditions as the Committee may determine that are consistent with the terms of the 2011 Plan. Although based on a specified amount of cash, cash-based awards may be paid, in the Committee's discretion, either in cash or by the delivery of shares of common stock.

Table of Contents

Other Stock-Based Awards. The Compensation Committee may grant equity-based or equity-related awards, referred to as other stock-based awards, other than options, SARs, restricted stock, restricted stock units, performance shares, or performance units. The terms and conditions of each other stock-based award shall be determined by the Committee. Payment under any other stock-based award will be made in shares of common stock or cash, as determined by the Committee.

Dividend Equivalents

Unless otherwise provided by the Compensation Committee, dividend equivalents shall be granted for each Full Value Award not entitled to dividends based on the dividends declared on shares of common stock that are subject to such Full Value Award, to be credited as of dividend payment dates, during the period between the date the Full Value Award is granted and the date the Full Value Award is exercised, vests or expires. Such dividend equivalents shall be converted to cash or additional shares of common stock by such formula and at such time and subject to such limitations as may be determined by the Committee. Under no circumstances may dividend equivalents be granted for any Option, SAR or Full Value Award which has its vesting or grant dependent upon achievement of one or more Performance Measures.

Termination of Employment

The Compensation Committee will determine how each award will be treated following termination of the holder's employment with or service for Belden, including the extent to which unvested portions of the award will be forfeited and the extent to which Options, SARs, or other awards requiring exercise will remain exercisable.

Treatment of Awards Upon a Change in Control

In the event of a change in control of Belden, as defined in the 2011 Plan, then unless otherwise provided in an award agreement, any outstanding option or SAR shall become fully exercisable, and any outstanding restricted stock, restricted stock units, other stock-based awards, or other award that was forfeitable shall become non-forfeitable and fully vested, and, to the extent applicable, shall be converted into shares of Belden common stock. Any payout or conversion of a performance-based award shall be done assuming performance was at target for the applicable performance period.

Treatment of Awards Upon Disposition of a Facility or Operating Unit

If Belden closes or disposes of a facility or operating unit or sells or otherwise disposes of a subsidiary, then with respect to awards held by participants employed at the facility, unit, or subsidiary, the Committee may, but need not, to the extent consistent with Section 409A of the Internal Revenue Code of 1986 as amended (Code) (if applicable), (i) accelerate the exercisability of the awards, (ii) remove any restrictions applicable to the awards, and/or (iii) extend for up to five years the period during which the awards may be exercised.

Amendment of Awards or 2011 Plan, and Adjustment of Awards

The Compensation Committee may at any time alter, amend, modify, suspend, or terminate the 2011 Plan or any outstanding award in whole or in part. No amendment of the 2011 Plan will be made without stockholder approval if stockholder approval is required by law or stock exchange rule. No amendment may adversely affect the rights of any participant without his or her consent under an outstanding award, unless specifically provided for in the 2011 Plan.

Additional Provisions

Under no circumstances may a participant transfer an NQSO or a SAR for consideration. Neither ISOs nor, except as the Compensation Committee otherwise expressly determines, other awards may be transferred other than by will or by the laws of descent and distribution. During a recipient's lifetime, an ISO and NQSO, except as the Committee may determine, other non-transferable awards requiring exercise, may be exercised only by the recipient.

Table of Contents

If provided in the award agreement or an associated agreement, a participant's rights to an award may be subject to the participant agreeing to not compete with Belden or any of its subsidiaries, and to not solicit Belden's customers or employees. In addition, participants generally shall be subject to nondisclosure and non-disparagement requirements, as well as other requirements consistent with protecting the interests of the stockholders and Belden.

A breach of these restrictions may result in cancellation of awards or the recovery by Belden of gain realized under an award.

Except as contemplated in Belden's 2004 Non-Employee Director Deferred Compensation Plan, generally deferrals of compensation, as defined under Code Section 409A, are not permitted under the 2011 Plan. However, the Committee may permit a participant to defer compensation received under the 2011 Plan in accordance with the requirements of Code Section 409A.

To comply with the laws in other countries in which Belden or its affiliates and/or subsidiaries operate or may operate or have employees or directors, the Committee may establish subplans under the 2011 Plan and modify the terms of the awards made to such employees, and directors.

Nonemployee Director Awards

The 2011 Plan will also be used to grant equity awards to nonemployee directors, so that they too will develop a sense of proprietorship and personal involvement in the development and financial success of Belden and so that their interests will be more closely aligned with those of Belden's stockholders.

No more than 750,000 shares in total may be issued to nonemployee directors, and no nonemployee director may receive an award for more than 15,000 shares in any calendar year.

Nonemployee directors can be granted any of the awards available under the 2011 Plan except ISOs, which are only available for employees. The Board shall from time to time determine the nature and number of awards to be granted to nonemployee directors.

New Plan Benefits

The future benefits or amounts that would be received under the 2011 Plan by executive officers, nonemployee directors and nonexecutive officer employees are discretionary and are therefore not determinable at this time. The benefits or amounts that would have been received by or allocated to such persons for the last completed fiscal year if the 2011 Plan had been in effect would not have differed from the benefits and amounts received by those persons under the 2001 Plan.

Federal Income Tax Consequences

The following discussion summarizes certain federal income tax consequences of the issuance and receipt of stock options under the 2011 Plan under the law in effect on the date of this proxy statement. The summary does not purport to cover all federal employment tax or other federal tax consequences that may be associated with the 2011 Plan, nor does it cover state, local, or non-U.S. taxes.

Qualified or Incentive Stock Options (ISOs)

In general, an optionee realizes no taxable income upon the grant or exercise of an ISO. However, the exercise of an ISO may result in an alternative minimum tax liability to the optionee. With some exceptions, a disposition of shares

purchased under an ISO within two (2) years from the date of grant or within one (1) year after exercise produces ordinary income to the optionee equal to the value of the shares at the time of exercise less the exercise price. The same amount is deductible by Belden as compensation. Any additional gain recognized in the disposition is treated as a capital gain for which Belden is not entitled to a deduction.

Nonqualified Stock Options (NQSOs)

In general, in the case of a NQSO, the optionee has no taxable income at the time of grant but realizes income in connection with exercise of the option in an amount equal to the excess (at the time of exercise) of the fair market

Table of Contents

value of shares acquired upon exercise over the exercise price. For employee optionees, the same amount is deductible by Belden as compensation, provided that income taxes are withheld from the employee. Upon a subsequent sale or exchange of the shares, any recognized gain or loss after the date of exercise is treated as capital gain or loss for which Belden is not entitled to a deduction. In general, an ISO that is exercised by the optionee more than three months after termination of employment is treated as a NQSO. ISOs are also treated as NQSOs to the extent they first become exercisable by an individual in any calendar year for shares having a fair market value (determined as of the date of grant) in excess of one hundred thousand dollars (\$100,000).

Other

Awards under the 2011 Plan may be subject to tax withholding. Where an award results in income subject to withholding, participants may satisfy their tax withholding requirements by causing shares of common stock to be withheld. Otherwise, Belden may require the participant to remit the necessary taxes to Belden.

In general, under Code Section 162(m), remuneration paid by a public corporation to its chief executive officer or any of its other top three named executive officers (excluding the CFO), ranked by pay, is not deductible to the extent it exceeds one million dollars (\$1,000,000) for any year. Taxable payments or benefits under the 2011 Plan may be subject to this deduction limit. However, under Code Section 162(m), qualifying performance-based compensation, including income from stock options, SARs and other performance-based awards that are made under stockholder-approved plans and that meet certain other requirements, is exempt from the deduction limitation. The 2011 Plan has been designed so that the Committee in its discretion may grant qualifying exempt performance-based awards under the 2011 Plan.

Under the golden parachute provisions of the Code, the accelerated vesting of stock options, restricted stock and benefits paid under other awards in connection with a change in control of a corporation may be required to be valued and taken into account in determining whether participants have received compensatory payments, contingent on the change in control, in excess of certain limits. If these limits are exceeded, a portion of the amounts payable to the participant may be subject to an additional federal excise tax of 20%, and may be nondeductible to the corporation.

Article 3. Administration

3.1 General. The Committee shall be responsible for administering this Plan, subject to this Article 3 and the other provisions of this Plan. The Committee may consult with attorneys, consultants, accountants, agents, and other individuals, any of whom may be an Employee, and the Committee, the Company, and its officers and Directors shall be entitled to rely upon the advice, opinions, or valuations of any such individuals. All actions taken and all interpretations and determinations made by the Committee shall be final and binding upon the Participants, the Company, and all other interested individuals.

3.2 Authority of the Committee. The Committee shall have full and exclusive discretionary power to interpret the terms and the intent of this Plan and any Award Agreement or other agreement or document ancillary to or in connection with this Plan, to determine eligibility for Awards and to adopt such rules, regulations, forms, instruments,

and guidelines for administering this Plan as the Committee may deem necessary or proper. Such authority shall include, but not be limited to, selecting Award recipients, establishing all Award terms and conditions, including the terms and conditions set forth in Award Agreements, granting Awards as an alternative to or as the form of payment for grants or rights earned or due under compensation plans or arrangements of the Company, and, subject to Article 18, adopting modifications and amendments to this Plan or any Award Agreement, including without limitation, any that are necessary to comply with the laws of the countries and other jurisdictions in which the Company, its Affiliates, and/or its Subsidiaries operate.

administrative duties or powers as it may deem advisable, and the Committee or any individuals to whom it has delegated duties or powers as aforesaid may employ one or more individuals to render advice with respect to any responsibility the Committee or such individuals may have under this Plan. The Committee may, by resolution, authorize one or more officers of the Company to do one or both of the following on the same basis as can the Committee: (a) designate Employees to be recipients of Awards and (b) determine the size of any such Awards; provided, however, (i) the Committee shall not delegate such responsibilities to any such officer for Awards granted to an Employee who is considered an Insider; (ii) the resolution providing such authorization sets forth the total number of Awards such officer(s) may grant; and (iii) the officer(s) shall report periodically to the Committee regarding the nature and scope of the Awards granted pursuant to the authority delegated.

Article 4. Shares Subject to this Plan and Maximum Awards

4.1 Number of Shares Available for Awards.

(a) Subject to adjustment as provided in Section 4.4 herein, the maximum number of Shares available for grant to Participants under this Plan (the Share Authorization) shall be:

(i) 4,000,000, of which 4,000,000 shall be eligible to be issued as Incentive Stock Options, plus

(ii) Any Shares subject to outstanding awards under the Prior Plan as of the Effective Date that on or after the Effective Date cease for any reason to be subject to such awards (other than by reason of exercise or settlement of the awards to the extent they are exercised for or settled in vested and nonforfeitable Shares).

(b) To the extent that a Share is granted pursuant to a Full Value Award, it shall reduce the Share Authorization by one and ninety one hundredths (1.90) Shares; and, to the extent that a Share is granted pursuant to an Award other than a Full Value Award, it shall reduce the Share Authorization by one (1) Share.

(c) Subject to the limit set forth in Section 4.1(a) on the number of Shares that may be granted in the aggregate under this Plan, the maximum number of shares that may be granted to Nonemployee Directors shall be seven hundred fifty thousand (750,000) Shares, and no Nonemployee Director may receive Awards subject to more than fifteen thousand (15,000) Shares in any Plan Year.

(d) Any Full Value Awards which vest on the basis of the Participant's continued employment with or provision of service to the Company shall not provide for vesting which is any more rapid than annual pro rata vesting over a three (3) year period and any Full Value Awards which vest upon the attainment of performance goals shall provide for a Performance Period of at least twelve (12) months.

4.2 Share Usage. Any Shares related to Awards which terminate by expiration, forfeiture, cancellation, or otherwise without the issuance of such Shares, are settled in cash in lieu of Shares, or are exchanged with the Committee's permission, prior to the issuance of Shares, for Awards not involving Shares, shall be available again for grant under this Plan; additionally, Shares related to an Award of Restricted Stock that are forfeited shall again be available for grant under this Plan. However, the full number of Stock Appreciation Rights granted that are to be settled by the issuance of Shares shall be counted against the number of Shares available for award under the Plan, regardless of the number of Shares actually issued upon settlement of such Stock Appreciation Rights. Furthermore, any Shares withheld to satisfy tax withholding obligations on an Award issued under the Plan, Shares tendered to pay the exercise price of an Award under the Plan, and Shares repurchased on the open market with the proceeds of an Option exercise will no longer be eligible to be again available for grant under this Plan. The Shares available for issuance under this Plan may be authorized and unissued Shares or treasury Shares.

4.3 Annual Award Limits. Unless and until the Committee determines that an Award to a Covered Employee shall not be designed to qualify as Performance-Based Compensation, the following limits

I-6

Table of Contents

(each an Annual Award Limit and, collectively, Annual Award Limits) shall apply to grants of such Awards under this Plan:

(a) **Stock-Based Awards.** The maximum aggregate number of Shares subject to Stock-Based Awards granted in any one Plan Year to any one Participant shall be four hundred thousand (400,000) plus the amount of the Participant's unused applicable Annual Award Limit for Options and for SARs as of the close of the previous Plan Year.

(b) **Cash-Based Awards.** The maximum aggregate amount awarded or credited with respect to Cash-Based Awards to any one Participant in any one Plan Year may not exceed five million dollars (\$5,000,000) plus the amount of the Participant's unused applicable Annual Award Limit for Cash-Based Awards as of the close of the previous Plan Year.

4.4 Adjustments in Authorized Shares. In the event of any corporate event or transaction (including, but not limited to, a change in the Shares of the Company or the capitalization of the Company) after the Effective Date such as a merger, consolidation, reorganization, recapitalization, separation, stock dividend, stock split, reverse stock split, split up, spin-off, or other distribution of stock or property of the Company, combination of Shares, exchange of Shares, dividend in kind, special cash dividend, or other like change in capital structure or distribution (other than normal cash dividends) to shareholders of the Company, or any similar corporate event or transaction, the Committee, in order to prevent dilution or enlargement of Participants' rights under this Plan, shall appropriately and equitably substitute or adjust, as applicable, the number and kind of Shares that may be issued under this Plan or under particular forms of Awards, the number and kind of Shares subject to outstanding Awards, the Option Price or Grant Price applicable to outstanding Awards, the Annual Award Limits, and other value determinations applicable to outstanding Awards.

The Committee shall also make appropriate and equitable adjustments in the terms of any Awards under this Plan to reflect such changes or distributions and to modify any other terms of outstanding Awards, including modifications of performance goals and changes in the length of Performance Periods. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on Participants under this Plan.

Subject to the provisions of Article 18, without affecting the number of Shares reserved or available hereunder, the Committee may authorize the issuance or assumption of benefits under this Plan in connection with any merger, consolidation, acquisition of property or stock, or reorganization upon such terms and conditions as it may deem appropriate, subject to compliance with the ISO rules under Section 422 of the Code, where applicable.

Article 5. Eligibility and Participation

5.1 Eligibility. Individuals eligible to participate in this Plan include all Employees and Directors.

5.2 Actual Participation. Subject to the provisions of this Plan, the Committee may, from time to time, select from all eligible individuals, those individuals to whom Awards shall be granted and shall determine, in its sole discretion, the nature of, any and all terms permissible by law, and the amount of each Award.

Article 6. Stock Options

6.1 Grant of Options. Subject to the terms and provisions of this Plan, Options may be granted to Participants in such number, and upon such terms, and at any time and from time to time as shall be determined by the Committee, in its sole discretion; provided that ISOs may be granted only to eligible Employees of the Company, its Affiliates and/or its Subsidiaries (as permitted under Code Section 422).

6.2 Award Agreement. Each Option grant shall be evidenced by an Award Agreement that shall specify the Option Price, the maximum duration of the Option, the number of Shares to which the Option pertains, the conditions upon which an Option shall become vested and exercisable, and such other provisions as the Committee shall determine which are not inconsistent with the terms of this Plan. The Award Agreement also shall specify whether the Option is intended to be an ISO or an NQSO.

Table of Contents

6.3 Option Price. The Option Price for each grant of an Option under this Plan shall be as determined by the Committee and shall be specified in the Award Agreement; provided, however, the Option Price must be at least equal to one hundred percent (100%) of the FMV of the Shares as of the date of grant.

6.4 Term of Options. Each Option granted to a Participant shall expire at such time as the Committee shall determine at the time of grant; provided, however, no Option shall be exercisable later than the tenth (10th) anniversary date of its grant.

6.5 Exercise of Options. Options granted under this Article 6 shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall in each instance approve, which terms and restrictions need not be the same for each grant or for each Participant.

6.6 Payment. Options granted under this Article 6 shall be exercised by the delivery of a notice of exercise to the Company or an agent designated by the Company in a form specified or accepted by the Committee, or by complying with any alternative procedures which may be authorized by the Committee, setting forth the number of Shares with respect to which the Option is to be exercised, accompanied by full payment for the Shares.

A condition of the issuance of the Shares as to which an Option shall be exercised shall be the payment of the Option Price. The Option Price of any Option shall be payable to the Company in full either: (a) in cash or its equivalent; (b) by tendering (either by actual delivery or attestation) previously acquired Shares having an aggregate Fair Market Value at the time of exercise equal to the Option Price (provided that except as otherwise determined by the Committee, the Shares that are tendered must have been held by the Participant for at least six (6) months (or such other period, if any, as the Committee may permit) prior to their tender to satisfy the Option Price if acquired under this Plan or any other compensation plan maintained by the Company, or have been purchased on the open market); (c) by a combination of (a) and (b); or (d) any other method approved or accepted by the Committee in its sole discretion, including, without limitation, if the Committee so determines, a cashless (broker-assisted) exercise.

Subject to any governing rules or regulations, as soon as practicable after receipt of written notification of exercise and full payment (including satisfaction of any applicable tax withholding), the Company shall deliver to the Participant evidence of book entry Shares, or upon the Participant's request, Share certificates in an appropriate amount based upon the number of Shares purchased under the Option(s).

Unless otherwise determined by the Committee, all payments under all of the methods indicated above shall be paid in United States dollars.

6.7 Restrictions on Share Transferability. The Committee may impose such restrictions on any Shares acquired pursuant to the exercise of an Option granted under this Article 6 as it may deem advisable, including, without limitation, minimum holding period requirements, restrictions under applicable federal securities laws, under the requirements of any stock exchange or market upon which such Shares are then listed and/or traded, or under any blue sky or state securities laws applicable to such Shares.

6.8 Termination of Employment. Each Participant's Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the Option following termination of the Participant's employment or provision of services to the Company, its Affiliates, and/or its Subsidiaries, as the case may be. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Options issued pursuant to this Article 6, and may reflect distinctions based on the reasons for termination.

6.9 Transferability of Options.

(a) **Incentive Stock Options.** No ISO granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, all ISOs granted to a Participant under this Article 6 shall be exercisable during his lifetime only by such Participant.

(b) **Nonqualified Stock Options.** Under no circumstances may a Participant transfer an NQSO to another Person for consideration. Subject to the foregoing, and except as otherwise provided in a Participant's Award Agreement or otherwise determined at any time by the Committee, no NQSO granted

Table of Contents

under this Article 6 may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution; provided that the Board or Committee may permit further transferability, on a general or a specific basis, and may impose conditions and limitations on any permitted transferability. Further, except as otherwise provided in a Participant's Award Agreement or otherwise determined at any time by the Committee, or unless the Board or Committee decides to permit further transferability, all NQSOs granted to a Participant under this Article 6 shall be exercisable during his lifetime only by such Participant. With respect to those NQSOs, if any, that are permitted to be transferred to another individual, references in this Plan to exercise or payment of the Option Price by the Participant shall be deemed to include, as determined by the Committee, the Participant's permitted transferee.

6.10 Notification of Disqualifying Disposition. If any Participant shall make any disposition of Shares issued pursuant to the exercise of an ISO under the circumstances described in Section 421(b) of the Code (relating to certain disqualifying dispositions), such Participant shall notify the Company of such disposition within ten (10) days thereof.

Article 7. Stock Appreciation Rights

7.1 Grant of SARs. Subject to the terms and conditions of this Plan, SARs may be granted to Participants at any time and from time to time as shall be determined by the Committee. The Committee may grant Freestanding SARs, Tandem SARs, or any combination of these forms of SARs.

Subject to the terms and conditions of this Plan, the Committee shall have complete discretion in determining the number of SARs granted to each Participant and, consistent with the provisions of this Plan, in determining the terms and conditions pertaining to such SARs.

The Grant Price for each grant of a Freestanding SAR shall be determined by the Committee and shall be specified in the Award Agreement; provided, however, the Grant Price must be at least equal to one hundred percent (100%) of the FMV of the Shares as of the date of grant. The Grant Price of Tandem SARs shall be equal to the Option Price of the related Option.

7.2 SAR Agreement. Each SAR Award shall be evidenced by an Award Agreement that shall specify the Grant Price, the term of the SAR, and such other provisions as the Committee shall determine.

7.3 Term of SAR. The term of an SAR granted under this Plan shall be determined by the Committee, in its sole discretion, and except as determined otherwise by the Committee and specified in the SAR Award Agreement, no SAR shall be exercisable later than the tenth (10th) anniversary date of its grant.

The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on Participants under this Plan.

18.3 Awards Previously Granted. Notwithstanding any other provision of this Plan to the contrary (other than Section 18.4), no termination, amendment, suspension, or modification of this Plan or an Award Agreement shall adversely affect in any material way any Award previously granted under this Plan, without the written consent of the Participant holding such Award.

19.2 *Share Withholding.* With respect to withholding required upon the exercise of Options or SARs, upon the lapse of restrictions on Restricted Stock and Restricted Stock Units, or upon the achievement of performance goals related to Performance Shares, or any other taxable event arising as a result of an Award granted hereunder, Participants may elect, subject to the approval of the Committee, to satisfy the withholding requirement, in whole or in part, by having the Company withhold Shares having a Fair Market Value on the date the tax is to be determined equal to the minimum statutory total tax that could be imposed on the transaction. All such elections shall be irrevocable, made in writing or electronically, and signed or acknowledged electronically by the Participant, and shall be subject to any restrictions or limitations that the Committee, in its sole discretion, deems appropriate.

Article 20. *Successors*

All obligations of the Company under this Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Company.

Article 21. *General Provisions*

21.1 *Forfeiture Events.*

(a) The Committee may specify in an Award Agreement that the Participant's rights, payments, and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture, or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events may include, but shall not be limited to, termination of employment for cause, termination of the Participant's provision of services to the Company, Affiliate, and/or Subsidiary, violation of material Company, Affiliate, and/or Subsidiary policies, breach of noncompetition, confidentiality, or other restrictive covenants that may apply to the Participant, or other conduct by the Participant that is detrimental to the business or reputation of the Company, its Affiliates, and/or its Subsidiaries.

(b) If the Company is required to prepare an accounting restatement due to the material noncompliance of the Company, as a result of misconduct, with any financial reporting requirement under the securities laws, if the Participant knowingly or grossly negligently engaged in the misconduct, or knowingly or grossly negligently failed to prevent the misconduct, or if the Participant is one of the individuals subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002, the Participant shall reimburse the Company the amount of any payment in settlement of an Award earned or accrued during the twelve-(12-) month period following the first public issuance or filing with the United States Securities and Exchange Commission (whichever just occurred) of the financial document embodying such financial reporting requirement.

21.4 Severability. In the event any provision of this Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of this Plan, and this Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

21.5 Requirements of Law. The granting of Awards and the issuance of Shares under this Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

21.6 Delivery of Title. The Company shall have no obligation to issue or deliver evidence of title for Shares issued under this Plan prior to:

(a) Obtaining any approvals from governmental agencies that the Company determines are necessary or advisable; and

(b) Completion of any registration or other qualification of the Shares under any applicable national or foreign law or ruling of any governmental body that the Company determines to be necessary or advisable.

21.7 Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

21.8 Investment Representations. The Committee may require any individual receiving Shares pursuant to an Award under this Plan to represent and warrant in writing that the individual is acquiring the Shares for investment and without any present intention to sell or distribute such Shares.

21.9 Employees Based Outside of the United States. Notwithstanding any provision of this Plan to the contrary, in order to comply with the laws in other countries in which the Company, its Affiliates, and/or its Subsidiaries operate or have Employees and/or Directors, the Committee, in its sole discretion, shall have the power and authority to:

(a) Determine which Affiliates and/or Subsidiaries shall be covered by this Plan;

(b) Determine which Employees and/or Directors outside the United States are eligible to participate in this Plan;

(c) Modify the terms and conditions of any Award granted to Employees and/or Directors outside the United States to comply with applicable foreign laws;

(d) Establish subplans and modify exercise procedures and other terms and procedures, to the extent such actions may be necessary or advisable. (e) Take any action, before or after an Award is made, that it deems advisable to obtain approval or comply with any necessary local government regulatory exemptions or approvals.

Notwithstanding the above, the Committee may not take any actions hereunder, and no Awards shall be granted, that would violate applicable law.

21.10 Uncertificated Shares. To the extent that this Plan provides for issuance of certificates to reflect the transfer of Shares, the transfer of such Shares may be effected on an uncertificated basis, to the extent not prohibited by applicable law or the rules of any stock exchange.

21.11 Unfunded Plan. Participants shall have no right, title, or interest whatsoever in or to any investments that the Company, and/or its Affiliates, and/or its Subsidiaries may make to aid it in meeting its

obligations under this Plan. Nothing contained in this Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any Participant, beneficiary, legal representative, or any other individual. To the extent that any person acquires a right to receive payments from the Company, its Affiliates, and/or its Subsidiaries under this Plan, such right shall be no greater than the right of an unsecured general creditor of the Company, an Affiliate, or a Subsidiary, as the case may be. All payments to be made hereunder shall be paid from the general funds of the Company, an Affiliate, or a Subsidiary, as the case may be and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in this Plan.

21.12 No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to this Plan or any Award. The Committee shall determine whether cash, Awards, or other property shall be issued or paid in lieu of fractional Shares or whether such fractional Shares or any rights thereto shall be forfeited or otherwise eliminated.

21.13 Retirement and Welfare Plans. Neither Awards made under this Plan nor Shares or cash paid pursuant to such Awards may be included as compensation for purposes of computing the benefits payable to any Participant under the Company's or any Affiliate's or Subsidiary's retirement plans (both qualified and non-qualified) or welfare benefit plans unless such other plan expressly provides that such compensation shall be taken into account in computing a Participant's benefit.

21.14 Compliance with Code Section 409A.

(a) **In General.** The Plan is intended to be administered in a manner consistent with the requirements, where applicable, of Code Section 409A. Where reasonably possible and practicable, the Plan shall be administered in a manner to avoid the imposition on Participants of immediate tax recognition and additional taxes pursuant to such Section 409A. Notwithstanding the foregoing, neither the Company nor the Committee shall have any liability to any person in the event such Section 409A applies to any such Award in a manner that results in adverse tax consequences for the Participant or any of his beneficiaries or transferees.

(b) **Elective Deferrals.** No elective deferrals or re-deferrals of compensation (as defined under Code Section 409A and/or guidance thereto) other than in regard to Restricted Stock Units are permitted under this Plan.

(c) **Applicable Requirements.** To the extent any of the Awards granted under this Plan are deemed deferred compensation and hence subject to Code Section 409A, the following rules shall apply to such Awards:

(i) **Mandatory Deferrals.** If the Company decides that the payment of compensation under this Plan shall be deferred within the meaning of Code Section 409A, then, except as provided pursuant to Treas. Reg. 1.409A-1(b)(4)(ii), at grant of the Award to which such compensation payment relates, the Company shall specify the date(s) at which such compensation will be paid in the Award Agreement.

(ii) **Initial Deferral Elections.** For Awards of Restricted Stock Units where the Participant is given the opportunity to elect the timing and form of the payment of the underlying Shares at some future time once any requirements have been satisfied, the Participant must make his or her initial deferral election for such Award in accordance with the requirements of Code Section 409A, *i.e.*, within thirty (30) days of first becoming eligible to receive such award or prior to the start of the year in which the Award is granted to the Participant, in each case pursuant to the requirements of Code Section 409A and Treas. Reg. Section 1.409A-2.

(iii) **Subsequent Deferral Elections.** To the extent the Company or Committee decides to permit compensation subject to Code Section 409A to be re-deferred pursuant to Treas. Reg. 1.409A-2(b), then the following conditions must be met: (1) such election will not take effect until at least 12 months after the date on which it is made; (2) in the

case of an

election not related to a payment on account of disability, death, or an unforeseeable emergency, the payment with respect to which such election is made must be deferred for a period of not less than five years from the date such payment would otherwise have been paid; and, (3) any election related to a payment at a specified time or pursuant to a fixed schedule (within the meaning of Treas. Reg. 1.409A-3(a)(4)) must be made not less than 12 months before the date the payment is scheduled to be paid.

(iv) **Timing of Payments.** Payment(s) of compensation that is subject to Code Section 409A shall only be made upon an event or at a time set forth in Treas. Reg. 1.409A-3, *i.e.*, the Participant's separation from service, the Participant becoming disabled, the Participant's death, at a time or a fixed schedule specified in the Plan or an Award Agreement, a change in the ownership or effective control of the corporation, or in the ownership of a substantial portion of the assets of the corporation, or the occurrence of an unforeseeable emergency.

(v) **Certain Delayed Payments.** Notwithstanding the foregoing, to the extent an amount was intended to be paid such that it would have qualified as a short-term deferral under Code Section 409A and the applicable regulations, then such payment is or could be delayed if the requirements of Treas. Reg. 1.409A-1(b)(4)(ii) are met.

(vi) **Acceleration of Payment.** Any payment made under this Plan to which Code Section 409A applies may not be accelerated, except in accordance with Treas. Reg. 1.409A-3(j)(4), *i.e.*, upon a Participant's separation from service, the Participant becomes disabled, the Participant's death, a change of ownership or effective control, or in the ownership of a substantial portion of the assets, or upon an unforeseeable emergency (all as detailed in Treas. Reg. 1.409A-3(a)).

(vii) **Payments upon a Change in Control.** Notwithstanding any provision of this Plan to the contrary, to the extent an Award subject to Code Section 409A shall be deemed to be vested or restrictions lapse, expire or terminate upon the occurrence of a Change in Control and such Change in Control does not constitute a change in the ownership or effective control or a change in the ownership or a substantial portion of the assets of the Company within the meaning of Code Section 409A(a)(2)(A)(v), then even though such Award may be deemed to be vested or restrictions lapse, expire or terminate upon the occurrence of the Change in Control or any other provision of this Plan, payment will be made, to the extent necessary to comply with the provisions of Code Section 409A, to the Participant on the earliest of: (i) the Participant's separation from service with the Company (determined in accordance with Code Section 409A), (ii) the date payment otherwise would have been made pursuant to the regular payment terms of the Award in the absence of any provisions in this Plan to the contrary (provided such date is permissible under Code Section 409A), or (iii) the Participant's death.

(viii) **Payments to Specified Employees.** Payments due to a Participant who is a specified employee within the meaning of Code Section 409A on account of the Participant's separation from service with the Company (determined in accordance with Code Section 409A) shall be made on the date that is six months after the date of Participant's separation from service or, if earlier, the Participant's date of death.

(d) **Deferrals to Preserve Deductibility under Code Section 162(m).** The Committee may postpone the exercising of Awards, the issuance or delivery of Shares under any Award or any action permitted under the Plan to prevent the Company or any Subsidiary from being denied a Federal income tax deduction with respect to any Award other than an ISO as a result of Code Section 162(m), in accordance with Treas. Reg. 1.409A-1(b)(4)(ii). In such case, payment of such deferred amounts must be made as soon as reasonably practicable following the first date on which the Company and/or Subsidiary anticipates or reasonably should anticipate that, if the payment were made on such date, the Company's

and/or Subsidiary's deduction with respect to such payment would no longer be restricted due to the application of Code Section 162(m).

(e) **Determining Controlled Group** . In order to determine for purposes of Code Section 409A whether a Participant or eligible individual is employed by a member of the Company's controlled group of corporations under Code Section 414(b) (or by a member of a group of trades or businesses under common control with the Company under Code Section 414(c)) and, therefore, whether the Shares that are or have been purchased by or awarded under this Plan to the Participant are shares of service recipient stock within the meaning of Code Section 409A:

(i) In applying Code Section 1563(a)(1), (2) and (3) for purposes of determining the Company's controlled group under Code Section 414(b), the language "at least 50 percent" is to be used instead of "at least 80 percent" each place it appears in Code Section 1563(a)(1), (2) and (3);

(ii) In applying Treasury Regulation Section 1.414(c)-2 for purposes of determining trades or businesses under common control with the Corporation for purposes of Code Section 414(c), the language "at least 50 percent" is to be used instead of "at least 80 percent" each place it appears in Treasury Regulation Section 1.414(c)-2; and

(iii) Notwithstanding the above, to the extent that the Company finds that legitimate business criteria exist within the meaning of Treas. Reg. 1.409A-1(b)(5)(iii)(E)(1), then the language "at least 50 percent" in clause (i) and (ii) above shall instead be "at least 20 percent."

21.15 Nonexclusivity of this Plan. The adoption of this Plan shall not be construed as creating any limitations on the power of the Board or Committee to adopt such other compensation arrangements as it may deem desirable for any Participant.

21.16 No Constraint on Corporate Action. Nothing in this Plan shall be construed to: (i) limit, impair, or otherwise affect the Company's or an Affiliate's or a Subsidiary's right or power to make adjustments, reclassifications, reorganizations, or changes of its capital or business structure, or to merge or consolidate, or dissolve, liquidate, sell, or transfer all or any part of its business or assets; or, (ii) limit the right or power of the Company or an Affiliate or a Subsidiary to take any action which such entity deems to be necessary or appropriate.

21.17 Governing Law. The Plan and each Award Agreement shall be governed by the laws of the State of Delaware excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of this Plan to the substantive law of another jurisdiction. Unless otherwise provided in the Award Agreement, recipients of an Award under this Plan are deemed to submit to the exclusive jurisdiction and venue of the federal or state courts of Delaware to resolve any and all issues that may arise out of or relate to this Plan or any related Award Agreement.

21.18 Effect of Disposition of Facility or Operating Unit. In the event that the Company or any of its Affiliates and/or Subsidiaries closes or disposes of the facility at which a Participant is located or the Company or any of its Affiliates and/or Subsidiaries diminish or eliminate ownership interests in any operating unit of the Company or any of its Affiliates and/or Subsidiaries so that such operating unit ceases to be majority owned by the Company or any of its Affiliates and/or Subsidiaries, then, with respect to Awards held by Participants who subsequent to such event will not be Employees, the Committee may, to the extent consistent with Code Section 409A (if applicable), (i) accelerate the exercisability of Awards to the extent not yet otherwise exercisable or remove any restrictions applicable to any Awards; and (ii) extend the period during which Awards will be exercisable to a date subsequent to the date when such Awards would otherwise have expired by reason of the termination of such Participant's employment with the Company or any of its Affiliates and/or Subsidiaries (but in no event to a date later than the expiration date of the Awards or the fifth anniversary of the transaction in which such facility closes or operating unit

ceases). If the Committee takes no special action with respect to any disposition of a facility or an operating unit, then the terms and conditions of the Award Agreement and the other terms and conditions of this Plan shall control.

21.19 Indemnification. Subject to requirements of Delaware law, each individual who is or shall have been a member of the Board, or a Committee appointed by the Board, or an officer of the Company to whom authority was delegated in accordance with Article 3, shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him in connection with or resulting from any claim, action, suit, or proceeding to which he may be a party or in which he or she may be involved by reason of any action taken or failure to act under this Plan and against and from any and all amounts paid by him in settlement thereof, with the Company's approval, or paid by him in satisfaction of any judgment in any such action, suit, or proceeding against him, provided he shall give the Company an opportunity, at its own expense, to handle and defend the same before he undertakes to handle and defend it on his own behalf, unless such loss, cost, liability, or expense is a result of his own willful misconduct or except as expressly provided by statute.

The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such individuals may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.
