Record Date, Voting Rights and Outstanding Shares

The Board of Directors has fixed April 1, 2011 as the record date for determining the holders of our capital stock who are entitled to vote at the Annual Meeting.

We have two classes of common stock and one class of preferred stock issued and outstanding: Class A Common Stock, \$.001 par value per share, Class B Common Stock, \$.001 par value per share, and Series AA Preferred Stock, \$.001 par value per share. We refer to our Class A Common Stock and our Class B Common Stock collectively as our common stock.

With respect to the matters submitted for vote at the Annual Meeting, each share of Class A Common Stock is entitled to one vote, each share of Class B Common Stock is entitled to ten votes, and each share of Series AA Preferred Stock is entitled to one vote.

Our Class A Common Stock, Class B Common Stock and Series AA Preferred Stock will vote as a single class on the matters submitted at the Annual Meeting. On April 1, 2011, there were outstanding and entitled to vote 77,707,806 shares of Class A Common Stock, 15,122,865 shares of Class B Common Stock, and 5,719.49 shares of Series AA Preferred Stock.

Table of Contents

The presence at the Annual Meeting, in person or by proxy, of the holders of one-third of the votes represented by the Class A Common Stock, the Class B Common Stock, and the Series AA Preferred Stock issued and outstanding on April 1, 2011 will constitute a quorum for the transaction of business. Proxies submitted by brokers that do not indicate a vote for the proposal because the brokers do not have discretionary voting authority and have not received instructions from the beneficial owners on how to vote on the proposal are called broker non-votes. We will count broker non-votes, votes withheld, and abstentions as being present at the Annual Meeting in determining whether a quorum exists for the transaction of business at the Annual Meeting.

Stockholders who do not attend the Annual Meeting in person may submit proxy cards by mail. Proxy cards in the enclosed form, if received in time for voting and not revoked, will be voted at the Annual Meeting according to the instructions on the proxy cards. If no instructions are indicated, the shares represented by the proxy will be voted:

FOR the election of the Director nominees named herein;

FOR the approval, on an advisory and non-binding basis, of the compensation of the Company's named executive officers;

FOR EVERY THREE YEARS for the frequency, on an advisory and non-binding basis, of future advisory votes on executive compensation;

FOR the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the 2011 fiscal year; and

In accordance with the judgment of the proxy holders as to any other matter that may be properly brought before the Annual Meeting or any adjournments of the Annual Meeting.

We will not count shares that abstain from voting on a particular matter or shares represented by broker non-votes as votes cast on that matter. Accordingly, abstentions and broker non-votes will have no effect on the outcome of voting on matters to be voted on at the Annual Meeting that require the affirmative vote of a certain percentage or a plurality of the votes cast on a matter.

Voting of Proxies

You may vote by mail or in person at the Annual Meeting. To vote by mail, please sign, date, and complete the enclosed proxy card and return it in the enclosed self-addressed envelope. If you hold your shares through a bank, broker or other nominee, it will give you separate instructions for voting your shares.

Revocability of Proxies

Any stockholder giving a proxy has the power to revoke it at any time before it is exercised. You may revoke the proxy by filing an instrument of revocation or a duly executed proxy bearing a later date with our Secretary at our principal executive offices, 5321 Corporate Boulevard, Baton Rouge, Louisiana 70808. Family Relationships

Kevin P. Reilly, Jr., our Chairman of the Board of Directors and President, Sean Reilly, our Chief Executive Officer, and our directors Anna Reilly and Wendell Reilly are siblings. Kevin P. Reilly, Jr., Anna Reilly and Wendell Reilly are also nominees for director at the Annual Meeting.

BOARD OF DIRECTORS AND COMMITTEES

During the year ended December 31, 2010, our Board of Directors held five meetings. Each of our directors attended at least 75% of the aggregate of the total number of meetings of our Board and the total number of meetings of our Board's committee meetings for the committee(s) on which that director served. The Board has standing Audit, Compensation and Nominating and Governance Committees. During the year ended December 31, 2010, the Audit Committee held six meetings, the Compensation Committee held four meetings, and the Nominating and Governance Committee held two meetings. We encourage, but do not require, our board members to attend the Annual Meeting of Stockholders. Last year, all of our directors except Wendell Reilly attended the Annual Meeting of Stockholders.

Leadership Structure. Kevin Reilly, Jr. currently serves as our Chairman of the Board, and Sean E. Reilly serves as our Chief Executive Officer. The Board does not have a policy regarding the separation of the roles of Chairman of the Board and Chief Executive Officer, as the Board believes it is in our best interests to make this determination based on an assessment of the current condition of our company and composition of the Board. The Board has determined that having a member of senior management serve as Chairman of the Board is in the best interests of our stockholders at this time. This structure makes the best use of management's extensive knowledge of the company and our industry, as well as fostering greater communication between management and the Board.

Director Independence. The Board has determined that Messrs. Hamilton, Koerner, McDermott, Mumblow and Reifenhiser are independent directors as defined in the Nasdaq Stock Market listing standards. In making this determination, the Board considered that Mr. Hamilton serves as Executive Vice-Chancellor & Provost and has served as Dean of the Manship School of Mass Communications of Louisiana State University (the Manship School) of which the Reilly Center for Media & Public Affairs (the Reilly Center) is a part. The Reilly Center was originally formed based in part from charitable donations of Kevin Reilly, Sr. and Dee Dee Reilly (the parents of Kevin Reilly, Jr., Sean Reilly, Anna Reilly and Wendell Reilly). The Board also considered certain donations by the Reilly Family Foundation, a charitable foundation with which Mr. Kevin Reilly, Sr. is affiliated, to the Manship School.

Table of Contents

The Board noted the following: that Mr. Hamilton has never and does not currently receive any compensation from the Reilly Family Foundation or the Reilly Center; all decisions regarding donations made by the Reilly Family Foundation are made by an independent board of directors; and neither Kevin Reilly Jr., Sean Reilly, Anna Reilly nor Wendell Reilly contribute to or are affiliated with the Reilly Family Foundation, in making its determination that these relationships do not affect Mr. Hamilton's independence.

Meetings in Executive Session. Our independent directors have regularly scheduled meetings at which only independent directors are present. During 2010, the independent directors met in executive session on two occasions.

Risk Oversight. As part of its charter, the Board is responsible for monitoring the risks that affect the company, including operational, legal, regulatory, strategic and reputational risks. As part of routine Board meetings, management presents the Board with updates regarding key facets of the company's operations. The Board is responsible for assessing risks based on their working knowledge of the company and the risks inherent in its business. As discussed below, the Audit Committee is responsible for monitoring the company's financial risk.

Audit Committee. The Audit Committee currently consists of Stephen P. Mumblow (Chairman), Thomas V. Reifenhiser and John E. Koerner, III. Our Board of Directors has determined that each member of the Audit Committee satisfies the independence and financial literacy requirements as defined by applicable Nasdaq Stock Market listing standards governing the qualifications of Audit Committee members. Stephen P. Mumblow qualifies as an audit committee financial expert under the rules of the SEC and satisfies the financial sophistication requirements under applicable Nasdaq Stock Market listing qualifications. The Audit Committee assists our Board of Directors in fulfilling its responsibility for general oversight over the integrity of our financial statements, including compliance with legal and regulatory requirements, the independent registered public accounting firm's qualifications and independence, and the performance of our internal audit function. The Audit Committee is also responsible for the appointment (and when appropriate, replacement) and oversight of our independent registered public accounting firm and our internal auditor. The Audit Committee operates under a written charter adopted by the Board of Directors. The Audit Committee has been delegated by the Board the responsibility of monitoring the company's financial risks. Any material financial risks identified by the Audit Committee are reported to the full Board.

Compensation Committee. The Compensation Committee currently consists of Thomas V. Reifenhiser (Chairman), John Maxwell Hamilton, and Stephen P. Mumblow, each of whom meets the independence requirements as defined by applicable Nasdaq Stock Market listing standards governing the independence of directors. The Committee's responsibilities include evaluating the performance of the Chief Executive Officer and our other executive officers and reviewing and determining such officers' cash and equity-based compensation and benefits. The Compensation Committee operates under a written charter adopted by the Board of Directors. For additional information regarding the Compensation Committee's role in setting compensation, delegation of their authority and our use of compensation consultants, please see the Compensation Discussion and Analysis section of this proxy statement, which begins on page 16.

Nominating and Governance Committee. The Nominating and Governance Committee currently consists of Thomas V. Reifenhiser (Chairman), John Maxwell Hamilton and Stephen P. Mumblow, each of whom meets the independence requirements as defined by applicable Nasdaq Stock Market listing standards governing the independence of directors. The Committee's responsibilities include identifying individuals qualified to become Board members and recommending to the Board the director nominees for the next Annual Meeting of Stockholders, as well as candidates to fill vacancies on the Board.

Table of Contents

Additionally, the Committee recommends to the Board the directors to be appointed to Board committees. The Committee also developed and recommended to the Board a set of corporate governance guidelines and oversees the effectiveness of our corporate governance in accordance with those guidelines. The Nominating and Governance Committee operates under a written charter adopted by the Board of Directors.

The process followed by the Nominating and Governance Committee to identify and evaluate director candidates includes requesting Board members and others to submit recommendations, evaluating biographical information and background materials relating to potential candidates, and interviewing (with Board members) selected candidates.

In considering whether to recommend any candidate for inclusion in the Board's slate of director nominees, the Nominating and Governance Committee will evaluate the candidate against the standards and qualifications set out in the Company's Corporate Governance Guidelines, including, among others:

the extent to which the candidate's skills, experience, and perspective adds to the range of talent appropriate for the Board and whether such attributes are relevant to our industry;

the candidate's ability to dedicate the time and resources sufficient for the diligent performance of Board duties;

whether the candidate meets the independence requirements under applicable Nasdaq Stock Market listing standards; and

the extent to which the candidate holds any position that would conflict with responsibilities to the Company. The Committee believes that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge, and abilities that will allow the Board to fulfill its responsibilities.

The Nominating and Governance Committee and the Board do not have a formal diversity policy. In identifying nominees for director, however, consideration is given to the diversity of professional experience, education and backgrounds among the directors so that a variety of points of view are represented in Board discussions and deliberations concerning our business.

Stockholders may recommend candidates for the Nominating and Governance Committee to consider as potential director nominees by submitting names, biographical information, and background materials to the Nominating and Governance Committee, c/o General Counsel, Lamar Advertising Company, 5321 Corporate Boulevard, Baton Rouge, Louisiana 70808. The Nominating and Governance Committee will consider a recommendation only if appropriate biographical information and background material is provided on a timely basis as further described in the Committee's charter. See Board and Committee Meetings-Committee Charters. Assuming that appropriate biographical and background material is provided for candidates recommended by stockholders, the Nominating and Governance Committee will evaluate those candidates by following substantially the same process, and applying substantially the same criteria used for candidates submitted by Board members. The Committee will also consider whether to nominate any person nominated by a stockholder in accordance with the provisions of the Company's bylaws relating to stockholder nominations as described in Deadline for Stockholder Proposals and Director Nominations below. To date, no stockholder has recommended a candidate for director nominee to the Nominating and Governance Committee or to the Board of Directors.

EXECUTIVE OFFICER AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

Our Compensation Committee has responsibility for establishing, implementing and maintaining the compensation program for our executive officers. For the year ended December 31, 2010, our executive officers consisted of our Chief Executive Officer, Chief Operating Officer and Chief Financial Officer, which are also referred to herein as the named executive officers. This Compensation Discussion and Analysis sets forth the objectives and material elements of the compensation paid to our named executive officers for fiscal 2010.

Effective February 21, 2011, Sean E. Reilly, who was our Chief Operating Officer in 2010, was appointed Chief Executive Officer. Our former Chief Executive Officer, Kevin P. Reilly, Jr., continues to serve as President and Chairman of the Board of Directors. For additional information on our executive officers, please refer to the current biographical information included on page 8 of this proxy statement.

Executive Compensation Philosophy

The primary objective of our executive compensation program is to attract, retain and reward executive officers who contribute to our long-term success. We believe this requires a competitive compensation structure both as compared to similarly situated companies in the media industry and other companies that are our peers in terms of annual revenues. Additionally, we seek to align a significant portion of executive officer compensation to the achievement of specified Company performance goals. Incentive cash bonuses are included to drive executive performance by having pay at risk so that a significant portion of potential cash compensation is tied to goal achievement. We also include performance-based equity grants as a significant component of prospective executive compensation so that the value of a portion of executive compensation is tied directly to the performance of our Class A Common Stock. In addition, the Compensation Committee instituted in 2008 a discretionary bonus program. This program was adopted as an acknowledgement that compensation might be warranted for reasons outside the scope of the performance metrics used in the Company's incentive programs.

Use of Compensation Consultants and Peer Group Data

Our Compensation Committee did not consult with any compensation consultants in conjunction with its executive officer compensation determinations for fiscal 2010, and has not retained a consultant since 2006. In 2006, the Committee developed the basic framework for executive compensation that it continued to use when making its executive compensation determinations for fiscal 2010. The Committee did not obtain peer group information, as it does not seek to set executive officer compensation to a specific percentile of the range of total compensation represented by a specified group when making its executive compensation determinations for fiscal 2010.

Material Elements of Executive Officer Compensation

The key elements of compensation for our executive officers are: base salaries, performance-based cash incentive awards, performance-based equity awards and discretionary cash bonus awards. Executives may also participate, on the same terms as all other employees, in a 401(k) retirement savings plan and health and welfare benefits.

Table of Contents

Base Salary. We pay a base salary to each of our named executive officers. The objective of base salary is to provide a fixed component of cash compensation to the executive that is competitive with the base compensation the executive could earn in a similar position at comparable companies. Base salary for our named executive officers is reviewed annually in light of market compensation, tenure, individual performance and other subjective considerations. Typically the Chief Executive Officer makes recommendations to the Compensation Committee with regard to base salary for the executive officers that he believes are justified in light of these considerations.

The Compensation Committee reviewed current base salaries in conjunction with the Chief Executive Officer in the context of the Company's 2010 performance and the overall economic environment. Given the Company's 2010 performance and continued economic uncertainty, the Committee determined that no increases be made to base salaries, which have remained constant since 2006.

Performance-Based Incentive Compensation. The Company's incentive compensation program consists of two types of awards that are granted under the Company's 1996 Equity Incentive Plan (the "Incentive Plan"): (i) a performance-based incentive cash bonus and (ii) a performance-based incentive equity award. This compensation program was designed by the Committee to link a significant portion of overall executive officer compensation to the achievement of enumerated performance targets while maximizing the Company's ability to deduct named executive officer compensation for tax purposes under Section 162(m) of the Internal Revenue Code. By including a fixed share equity award as a significant portion of executive compensation, the aggregate value of each executive officer's compensation is dependent on the performance of the Company's Class A Common Stock.

Incentive Cash Bonus. The Committee sets target amounts for incentive cash bonuses for each of the named executive officers with corresponding performance goals. The Committee again kept these amounts constant with the prior year in light of the continued uncertainty of the economic environment and the fact that any payouts would be based on achievement of specific 2010 performance goals. The Committee did, however, create an additional level of achievement set at 175% of target for incentive cash bonuses, although the maximum level of achievement remained at 200% of target. The Committee also lowered the threshold for minimum achievement of an incentive cash bonus to 50% from 55% in the prior year to provide greater flexibility.

When setting the performance goals for the executive officers' incentive cash bonuses for fiscal 2010, the Committee met with management to review current budgets and financial projections along with any current initiatives that could impact the Company's anticipated results for the coming fiscal year. The Committee determined that the Company's pro forma net revenue growth and pro forma earnings before interest, taxes, depreciation and amortization and adjusted for gain or loss on disposition of assets and investments (referred to in this proxy statement as "EBITDA") growth are the appropriate measures on which to base incentive compensation as these measures are the primary measures used by both management and the investor community to evaluate the Company's performance.

The Committee's goal when determining the specific performance thresholds is to set target (100%) goal achievement at a challenging but achievable level based on the 2010 operating budget in order to provide appropriate incentives for management in the context of the current fiscal year's projected results and current business plan. For 2010 the Committee also refined the increments that had been used in the 2009 performance grid to reflect current market conditions, raising the minimum level of achievement required to be eligible for both a cash incentive and an equity incentive award. The 2010 performance goals for incentive cash bonuses were based on achievement of pro forma revenue growth and pro forma EBITDA growth for fiscal 2010 over fiscal 2009 with 50% of the total bonus amount tied to each metric. Tables setting forth the actual performance thresholds for fiscal 2010 are set forth below on pages 19 and 20.

Table of Contents

In February 2011, the Committee reviewed the Company's 2010 performance. The year was notable due to the Company's return to positive revenue and EBITDA growth, continued expense control and the stabilization of the broader economy. The Company continued to manage its balance sheet by extending the maturity of its long term debt by retiring its 7 1/4% senior subordinated notes due 2013 with a new issuance of 7 7/8% senior subordinated notes due 2018 and further reduced outstanding debt by approximately \$265 million in fiscal 2010.

Following this review, the Committee certified that (i) the Company's pro forma net revenue growth resulted in attainment of 100% of each executive officer's target cash incentive bonus for fiscal 2010 based on revenue, and (ii) the Company's pro forma EBITDA growth resulted in attainment of 150% of each executive officer's target cash incentive bonus for fiscal 2010 based on EBITDA. The total cash incentive bonus for each executive is reflected in the Non-Equity Incentive Plan Compensation column of the 2010 Summary Compensation Table on page 24 of this proxy statement.

Incentive Equity Awards. The Committee also determined the target amount of incentive equity awards for each of the named executive officers at its March 2010 meeting. These target equity award amounts were set at 44,000 shares for both Kevin Reilly, Jr. and Sean Reilly and at 26,000 shares for Keith Istre. The Committee maintained the same fixed share amounts used since 2006. The Committee noted the unpredictability and volatility in the market at that time and determined that the share amounts and potential value to each executive officer appropriately reflected historical share prices and comported with its view of the equity incentive as a long-term incentive that should not be adjusted based on near-term volatility.

Under the terms of the Company's incentive equity award program, no shares of stock are issued unless and until the relevant performance goals have been met and certified by the Compensation Committee. Any earned shares are issued as soon as practicable following such certification and are fully vested at the time of issuance. The Committee feels that the use of stock awards as a part of its compensation program aligns executive compensation to the creation of shareholder value but not to such an extent that it would create incentives for executives to focus solely on short term stock appreciation to the exclusion of long term strategy.

The pro forma revenue growth and pro forma EBITDA growth metrics for fiscal 2010 over fiscal 2009 used in the context of the incentive cash awards were used to determine the achievement of incentive equity awards, except that the performance grid with respect to equity awards allowed for attainment of a portion of the award at lower levels of achievement and the amounts were calculated after giving effect to the payment of executive officer cash incentive bonus awards. In addition, there is no opportunity to achieve greater than 100% of the target equity awards. On that basis, (i) the Company's pro forma net revenue growth resulting in attainment of 100% of each executive's target incentive equity award for 2010 based on revenue and (ii) the Company's pro forma EBITDA growth resulted in attainment of 100% of each executive officer's target incentive equity award for 2010 based on EBITDA, which is reflected in the Stock Awards column of the 2010 Summary Compensation Table on page 24 of this proxy statement.

The following tables set forth the level of pro forma net revenue and pro forma EBITDA growth required for fiscal 2010 over fiscal 2009 to achieve the stated percentage of target incentive awards for our named executive officers, as set by the Committee in March 2010. These goals relate to achievement of both incentive cash and incentive equity awards, except that equity awards cannot exceed their target amount irrespective of goal achievement in excess of the 100% level.

Discretionary Bonus Awards. In 2010, the Committee continued the discretionary bonus program initiated in 2008. This program was adopted to provide for awards of discretionary cash compensation to reward, if applicable, individual performance or successful initiatives during the course of the fiscal year that may not otherwise be captured by the Company's incentive award program. Payment under the discretionary bonus program is not contingent upon the failure to attain the performance goals under the incentive award program. Pursuant to this program, the Committee may grant a cash bonus to any executive officer in an amount up to 50% of such executive officer's 2010 base salary, in its sole discretion. Any such award is based upon the Committee's evaluation of each executive officer's respective 2010 performance. The Committee increased the maximum percentage of base salary that could be awarded to the executive officers from 30% in 2008 to 60% for fiscal 2009 and reduced it to 50% for fiscal 2010. In February 2011, the Committee reviewed the Company's performance against budget and the actions taken by management to stabilize the Company and improve performance in fiscal 2010. After consideration of these factors and review with management of the cash bonus awards being made to non-executive officers of the Company, the Committee decided not to award discretionary bonuses to the executive officers.

Other Compensation Components

Perquisites. We provide certain perquisites to our executive officers, including use of the Company's aircraft and a Company car. Our executive officers are entitled to use our Company aircraft. Our executive officers also have access to Company aircraft for personal travel. These perquisites provide flexibility to the executives and increase travel efficiencies, allowing more productive use of executive time. More detail on these perquisites and other perquisites provided to our executive officers may be found below in the 2010 Summary Compensation Table.

Deferred Compensation. The Company has a deferred compensation plan for certain officers. Under this plan, officers who meet certain years of service and other criteria are eligible to receive Company contributions into their accounts in the Lamar Deferred Compensation Plan. Officers do not have the option of deferring any portion of their earned cash compensation through additional voluntary contributions to the plan. Due to economic conditions, the Company did not contribute to any employee deferred compensation accounts for fiscal 2009 or 2008, but reinstated deferred compensation payments to eligible employees in 2010.

The deferred compensation plan is not funded by us, and participants have an unsecured contractual commitment from us to pay the amounts due under the deferred compensation plan. When payments under the plan are due, the funds are distributed from our general assets. The Company does not offer preferential earnings on deferred compensation. Deferred compensation is intended as a long-term savings vehicle for our officers in light of the fact that the Company does not offer any traditional pension or defined benefit plan. The Compensation Committee does not consider deferred compensation accounts when setting executive pay levels, since this represents compensation that has previously been earned and individual accounts are a function of personal investment choices and market-based earnings.

Tax Implications

United States tax laws generally do not allow publicly-held companies to obtain tax deductions for compensation of more than one million dollars paid in any year to any of the principal executive officer and the next three highest paid executive officers (other than the principal executive officer and the principal financial officer) (each, a "covered employee") unless the compensation is performance-based as defined in Internal Revenue Code Section 162(m).

Table of Contents

Stock options granted under an equity compensation plan are performance-based compensation if (a) stockholders approve a maximum aggregate per person limit on the number of shares that may be granted each year, (b) any stock options are granted by a committee consisting solely of outside directors, and (c) the stock options have an exercise price that is not less than the fair value of common stock on the date of grant.

In the case of performance-based incentive cash awards, restricted stock, restricted stock units and unrestricted stock issuable upon achievement of performance goals, Section 162(m) requires that the general business criteria of any performance goals that are established by our Compensation Committee be approved and periodically reapproved by stockholders (generally, every five years) in order for such awards to be considered performance-based and deductible by the employer. Generally, the performance goals must be established before the beginning of the relevant performance period. Furthermore, satisfaction of any performance goals during the relevant performance period must be certified by the Compensation Committee.

Our Compensation Committee has designed the 1996 Equity Incentive Plan with the intention of satisfying Section 162(m) with respect to stock options, incentive stock awards and incentive cash awards granted to covered employees. In making determinations with respect to specific incentive awards for covered employees, the Committee considers whether such awards will be deductible under Section 162(m) with a view to maximizing deductibility to the extent feasible and consistent with the Company's overall compensation goals and objectives.

Payments Upon Termination or Change in Control

We do not have employment agreements or other agreements with any of our executive officers that entitle them to payments upon termination or in the event of a change-in-control.

Compensation Policies and Practices as they Relate to Risk Management

Our management has reviewed its compensation policies and practices in conjunction with our Compensation Committee to determine if these policies and practices create risks that are reasonably likely to have a material adverse effect on the Company. The Company's basic compensation structure, as described above, includes base salaries, incentive cash bonuses and, for officers of the Company (including certain non executive officers), incentive equity compensation that primarily consists of annual performance-based equity awards. In light of this review of the compensation structure, the Company concluded that there are no risks arising from our compensation policies and practices for our employees that are reasonably likely to have a material adverse effect on the Company.

- (1) Reflects the aggregate grant date fair value recognized for financial statement reporting purposes in accordance with ASC Topic 718, rather than the value of the actual award when issued to the officer. For the assumptions underlying the valuation of these awards see Note 14 to the Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2010 filed with the SEC on February 25, 2011.
- (2) Amounts shown in the Non-Equity Incentive Plan Compensation column reflect the cash incentive awards granted at the beginning of each year, earned based on performance during that fiscal year and paid in the following fiscal year. The 2010 awards are described in further detail under the heading Performance-Based Incentive Compensation Incentive Cash Bonus in the Compensation Discussion and Analysis and are also reflected in the table Grants of Plan-Based Awards under the column Estimated Possible Payouts Under Non-Equity Incentive Plan Awards.
- (3) Includes \$83,878, \$43,569 and \$66,491 for Kevin P. Reilly, Jr. and \$55,517, \$13,051 and \$42,052 for Sean Reilly for the personal use of Company aircraft in 2010, 2009 and 2008, respectively, as further described below. The amounts included in the All Other Compensation column also include the following perquisites provided to our named executive officers (except as otherwise indicated), which are valued at the Company's incremental cost, none of which individually exceeded \$25,000: (a) personal use of a Company car, (b) Company-paid health insurance premiums and medical reimbursements, and (c) Company-paid premiums for term life insurance for Mr. Kevin P. Reilly, Jr. Executives also have access to a country club at which the Company has a membership, but the executives pay all fees related to such personal use, resulting in no additional incremental cost to the Company.

The Company's incremental cost for personal use of the corporate aircraft is based on the incremental cost to the Company calculated based on the variable costs, related to the number of flight hours used, including fuel costs,

landing/ramp fees, trip-related maintenance, crew travel expenses, supplies and catering, aircraft accrual expenses per hour of flight, any customs and foreign permit or similar fees. Our fixed costs that do not change based on usage, such as pilot salaries and the cost of maintenance not related to trips are excluded. The incremental cost to the Company for personal use of a Company car is calculated as a portion of the annual lease, mileage and fuel attributable to the personal use.

- (4) Also includes employer contributions under the Company's deferred compensation plan of \$57,500 for Mr. Kevin Reilly, Jr. and \$50,000 for each of Mr. Sean Reilly and Mr. Keith Istre for 2010.
- (5) Reflects the ASC Topic 718 value of shares awarded based on the probable outcome of the achievement of performance goals for fiscal 2010, which award was certified as earned by the Compensation Committee and issued on February 21, 2011.
- (6) Reflects the ASC Topic 718 value of shares awarded based on the probable outcome of the achievement of performance goals for fiscal 2009, which award was certified as earned by the Compensation Committee and issued on February 22, 2010. If the performance goals for this award had been achieved at the 100% level the ASC Topic 718 value of the shares awarded would have been \$281,160 for both Mr. Kevin Reilly, Jr. and Mr. Sean Reilly and \$166,140 for Mr. Istre.
- (7) If the performance goals for this award had been achieved at the 100% level the ASC Topic 718 value of the shares awarded would have been \$1,562,800 for both Mr. Kevin Reilly, Jr. and Mr. Sean Reilly and \$923,520 for Mr. Istre.

Officers that have attained the age of 30, have a minimum of 10 years of service and satisfy additional eligibility guidelines are eligible for annual Company contributions to the plan, depending on the employee's length of service. The Company's contributions to the plan are maintained in a rabbi trust. Upon termination, death or disability, participating employees are eligible to receive an amount equal to the fair market value of the assets in the employee's deferred compensation account either in a lump sum distribution or in twenty percent installments over a five year period.

The Chairman of the Audit Committee received an additional annual fee of \$12,000 and the Chair of the Compensation and the Nominating and Governance Committees (the same director serves as the chair to both committees) received an additional fee of \$6,000. These fees are paid on a quarterly basis.

Each non-employee director automatically receives upon his election or re-election at an annual meeting of stockholders a restricted stock award in shares of the Company's Class A Common Stock with a fair market value as set forth below (rounded down to the nearest whole share), which fair market value is determined based upon the closing price of the Class A Common Stock on the date of such election, 50% of which is fully vested on the grant date and 50% of which vests on the last day of such director's one-year term (the business day prior to the Company's next annual meeting of stockholders) with pro-rated grants upon an election other than at an annual meeting of stockholders whether by action of the board or the stockholders to fill a vacancy or otherwise.

(1) Consists of the 1996 Equity Incentive Plan and 2009 Employee Stock Purchase Plan.

(2) Includes shares issuable upon achievement of outstanding performance-based awards under our 1996 Equity Incentive Plan. Does not include purchase rights accruing under the 2009 Employee Stock Purchase Plan because the purchase price (and therefore the number of shares to be purchased) will not be determined until the end of the purchase period.

(3) Does not take into account shares issuable upon achievement of outstanding performance-based awards, which will be issued for no consideration.

(4) Includes shares available for future issuance under the 2009 Employee Stock Purchase Plan. Under the evergreen formula of this plan, on the first day of each fiscal year beginning with 2010, the aggregate number of shares that may be purchased through the exercise of rights granted under the plan is increased by the lesser of (a) 500,000 shares, (b) one-tenth of one percent of the total number of shares of Class A Common Stock outstanding on the last day of the preceding fiscal year, and (c) a lesser amount determined by the board of directors. As of December 31, 2010 no shares have been added to the 2009 Employee Stock Purchase Plan pursuant to the evergreen formula.

(5) In addition to stock option awards, the 1996 Equity Incentive Plan, as currently in effect, provides for the issuance of restricted stock, unrestricted stock and stock appreciation rights.

PROPOSAL NO. 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Company is seeking the approval of its stockholders of an advisory resolution regarding the compensation of our named executive officers, as disclosed in this proxy statement under the section titled Executive Compensation. While this stockholder vote on executive compensation is only an advisory vote that is not binding on the Company or the Board of Directors, the Company values the opinions of its stockholders and will consider the outcome of the vote when making future compensation decisions.

As described more fully in the Compensation Discussion and Analysis section, the primary objective of our executive compensation program is to attract, retain and reward executive officers who contribute to our long-term success. We believe this requires a competitive compensation structure both as compared to similarly situated companies in the media industry and other companies that are our peers in terms of annual revenues. Additionally, we seek to align a significant portion of executive officer compensation to the achievement of specified Company performance goals. Incentive cash bonuses are included to drive executive performance by having pay at risk so that a significant portion of potential cash compensation is tied to goal achievement. We also include performance-based equity grants as a significant component of prospective executive compensation so that the value of a portion of executive compensation is tied directly to the performance of our Class A Common Stock.

We urge stockholders to read the Compensation Discussion and Analysis section above, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and the related compensation tables and narrative above which provide detailed information on the compensation of our named executive officers.

In light of the above, the Compensation Committee and the Board of Directors believe that the policies and procedures articulated in the Compensation Discussion and Analysis are effective in achieving our goals and that the compensation of our named executive officers reported in this proxy statement has supported and contributed to the Company's success.

Principal Effects of Approval or Non-Approval of the Proposal

The approval of the compensation of the named executive officers, commonly known as a say-on-pay resolution, is non-binding on the Board of Directors. As stated above, although the vote is non-binding, the Board and the Compensation Committee will review and consider the voting results when making future decisions regarding our executive compensation program.

Required Vote

The non-binding approval of the compensation of the named executive officers by the stockholders requires the approval of a majority of the votes cast by the stockholders entitled to vote on this proposal at the meeting. Abstentions, broker non-votes, and votes withheld will not be treated as votes cast for this purpose and will not affect the outcome of the election. Proxies solicited by the Board will be voted to approve the compensation of the named executive officers unless a stockholder has indicated otherwise in the proxy.

Our Board recommends a vote for the non-binding, advisory proposal to approve the executive compensation of our named executive officers, as disclosed in this proxy statement.

Table of Contents

PROPOSAL NO. 3: ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION

The Company is seeking the vote of its stockholders on an advisory resolution regarding the frequency with which future votes on the compensation of our named executive officers (the say-on-pay proposal in Proposal No. 2 of this proxy statement) should occur. Stockholders may vote that the say-on-pay proposal be included every three years, every two years or every year. While this stockholder vote on the future frequency of the say-on-pay proposal is an advisory vote that is not binding on the Company or the Board of Directors, the Company values the opinions of its stockholders and will consider the outcome of the vote when making decisions regarding the inclusion of say-on-pay proposals in future proxy statements.

Our Board has determined that the non-binding advisory vote on executive compensation should occur every three years. In determining to recommend that stockholders vote for a frequency of once every three years, our Board considered that an advisory vote at this frequency will provide stockholders and advisory firms sufficient time to evaluate the effectiveness of our executive compensation philosophy, policies and practices in the context of our long-term business results.

In addition, our Board believes that an annual vote on executive compensation will not allow sufficient time for stockholders to meaningfully evaluate any changes to our executive compensation policies and practices, including changes made in response to the outcome of a prior advisory vote on executive compensation. For example, if our evaluation of the executive compensation vote in May 2011 caused us to make changes to our executive compensation program in February 2012 (when executive compensation decisions are customarily made by the Compensation Committee based on Company and individual performance during the previous year), those changes would only be in place for a little more than a month before the next executive compensation vote would take place in May 2012 under an annual frequency. Even if changes were made to the compensation program shortly after the executive compensation vote in May 2011, those changes would be in place only for the last half of fiscal 2011 and the first few months of fiscal 2012 before the next vote would take place in May 2012. A triennial vote also provides the Company with additional time to engage with stockholders and meaningfully and thoughtfully respond to stockholders' views.

In light of the above, the Compensation Committee and the Board of Directors believe that a triennial advisory vote on the compensation of our named executive officers is in the best interests of the Company and its stockholders. Stockholders are not voting to approve or disapprove of the Board's recommendation for an advisory vote on executive compensation to occur every three years; stockholders have the opportunity to vote in one of four ways: (i) to hold the say-on-pay vote every three years; (ii) to hold the say-on-pay vote every two years; (iii) to hold the say-on-pay vote every year; or (iv) abstain from voting on the advisory proposal.

Principal Effects of Approval or Non-Approval of the Proposal

The vote on the frequency with which say-on-pay proposals are included in future proxy statements is non-binding on the Board of Directors. As stated above, although the vote is non-binding, the Board and the Compensation Committee will review and consider the voting results when making future decisions regarding the inclusion of a say-on-pay proposal in future proxy statements.

Required Vote

The frequency with which say-on-pay proposals are included in future proxy statements that receives a plurality of the votes cast by the stockholders entitled to vote on this proposal at the meeting

Table of Contents

will be considered the selection of the stockholders. Abstentions, broker non-votes, and votes withheld will not be treated as votes cast for this purpose and will not affect the outcome of the election. Proxies solicited by the Board will be voted in favor of holding a say-on-pay vote every three years unless a stockholder has indicated otherwise in the proxy.

Our Board recommends a vote for conducting future advisory votes on executive compensation every three years.

The Audit Committee is comprised entirely of independent directors as defined by applicable Nasdaq Stock Market listing standards.

Management is responsible for our internal controls and the financial reporting process. The Independent Registered Public Accounting Firm is responsible for performing an independent audit of our consolidated financial statements and internal control over financial reporting in accordance with the standards established by the Public Company Accounting and Oversight Board (United States) and issuing a report thereon. The Committee's responsibility is to monitor these processes. The Audit Committee has reviewed and discussed the consolidated financial statements with management and KPMG LLP, our independent registered public accounting firm.

In the course of its oversight of the Company's financial reporting process, the Audit Committee of the Board of Directors has:

reviewed and discussed with management the Company's audited financial statements for the fiscal year ended December 31, 2010;

discussed with KPMG LLP, the Company's independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards No. 61, as adopted by the Public Company Accounting Oversight Board in Rule 3200T;

received the written disclosures and the letter from KPMG LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding KPMG's communications with the Audit Committee concerning independence;

discussed with KPMG LLP its independence; and

considered whether the provision of non-audit services by KPMG LLP is compatible with maintaining its independence.

Based on the foregoing review and discussions, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's annual report on Form 10-K for the year ended December 31, 2010 for filing with the SEC.

By the Audit Committee,
Stephen P. Mumblow (*Chair*)
John E. Koerner, III
Thomas V. Reifenheiser

Table of Contents**PROPOSAL NO. 4: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The firm of KPMG LLP, an independent registered public accounting firm, has audited our financial statements for each of the years ending December 31, 2010, 2009 and 2008. Our Audit Committee has appointed them to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2011. Representatives of KPMG LLP are expected to attend the annual meeting to respond to appropriate questions. Representatives of KPMG LLP will also have the opportunity to make a statement, if they desire.

Detailed disclosure of the audit and tax fees we paid to KPMG LLP in 2010 and 2009 is set forth below. Based on these disclosures and information in the Audit Committee Report on page 32 of this proxy statement, our Audit Committee is satisfied that our accountants are sufficiently independent of management to perform their duties properly.

Although not legally required to do so, our Board considers it desirable to seek, and recommends, shareholder ratification of our selection of KPMG LLP as our independent registered public accounting firm for fiscal 2011. If the stockholders fail to ratify our selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interest of the Company and its stockholders.

Audit Fees and Services

The fees for services provided by KPMG LLP to the Company in 2010 and 2009 were as follows:

	Fiscal 2010	Fiscal 2009
Audit Fees ⁽¹⁾	\$1,018,000	\$1,076,000
Audit-Related Fees ⁽²⁾	102,500	107,500
Tax Fees ⁽³⁾	133,675	77,760
All Other Fees		
Total	\$1,254,175	\$1,261,260

(1) Audit Fees for the years ended December 31, 2010 and 2009 were for professional services rendered for the audits of our consolidated financial statements and review of financial statements included in our quarterly and annual financial statements and subsidiary audits. Audit Fees for the years ended December 31, 2010 and 2009 also include costs associated with KPMG LLP's audit of our internal control over financial reporting.

(2) Audit related fees consist of professional services rendered for the audit of our employee benefit plan and the issuance of consents and for assistance with review of documents filed with the SEC.

(3) Tax Fees as of the years ended December 31, 2010 and 2009, respectively, included tax compliance fees of \$40,701 and \$42,565 and tax planning fees of \$92,974 and \$35,195.

The Audit Committee has adopted policies and procedures that require pre-approval of all audit and permitted non-audit services to be provided by KPMG. All fees in the table above were approved in accordance with the policies and procedures established by the Audit Committee.

ADDITIONAL INFORMATION

Other Matters

The Board of Directors is unaware of any business to be conducted at the Annual Meeting of Stockholders other than the matters described in the Notice to Stockholders. If other business is properly presented for consideration at the Annual Meeting, the enclosed proxy authorizes the persons named therein to vote the shares in their discretion on that matter.

Communications From Stockholders

The Board will give appropriate attention to written communications submitted by stockholders, and will respond if and as appropriate. Absent unusual circumstances or as contemplated by committee charters, the Chairman of the Audit Committee will, with the assistance of our General Counsel, (i) be primarily responsible for monitoring communications from stockholders and (ii) provide copies or summaries of such communications to the other directors as he considers appropriate. Communications specifically addressed to a particular director will be forwarded to that director.

Communications will be forwarded to all directors if they relate to substantive matters and include suggestions or comments that the Chairman of the Audit Committee considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the Board should address such communications to the Chairman of the Audit Committee, c/o General Counsel, Lamar Advertising Company, 5321 Corporate Boulevard, Baton Rouge, Louisiana 70808.

Deadline For Stockholder Proposals and Director Nominations

In order for a stockholder proposal to be considered for inclusion in our proxy materials for the 2012 Annual Meeting of Stockholders, we must receive it no later than December 29, 2011 (120 days before the anniversary of the mailing date of this proxy statement) at the following address: 5321 Corporate Boulevard, Baton Rouge, Louisiana 70808, Attention: Secretary.

In addition, our bylaws require a stockholder who wishes to bring business before an annual meeting or propose director nominations at an annual meeting to give advance written notice to the Secretary as described in the bylaws. To be timely for the 2012 Annual Meeting of Stockholders, proposals must be received by no later than the close of business on March 12, 2012 (assuming that our 2012 annual meeting is held not more than 30 days before or after May 26, 2012, the anniversary date of this year's annual meeting).

Expenses Of Solicitation

We will bear the cost of the solicitation of proxies, including the charges and expenses of brokerage firms and others of forwarding solicitation material to beneficial owners of common stock. In addition to the use of mails, proxies may be solicited by our officers and any regular employees in person or by telephone. We expect that the costs incurred in the solicitation of proxies will be nominal.
