(the Company) is being filed solely to furnish the information required by Part III, Item 10 through Item 14 of the Company s Annual Report on Form 10-K for the fiscal year ended December 31, 2010 which was filed with the U.S. Securities and Exchange Commission on March 1, 2011 (the Original Filing).

This Amendment is being filed to amend the Original Filing to include the information required by Items 10 through 14 of Part III of Form 10-K, which information was previously omitted from the Original Filing in reliance on General Instruction G(3) to Form 10-K. The reference on the cover of the Original Filing to the incorporation by reference to portions of our definitive proxy statement into Part III of the Original Filing is hereby deleted.

In accordance with Rule 12b-15 under the Exchange Act, Part III, Items 10 through 14 of the Original Filing are hereby amended and restated in their entirety, and Part IV, Item 15 of the Original Filing is hereby amended and restated in its entirety to include as exhibits updated certifications required by the Sarbanes-Oxley Act of 2002. This Amendment No. 1 does not amend or otherwise update any other information in the Original Filing. Accordingly, this Amendment should be read in conjunction with the Original Filing and with our filings with the SEC subsequent to the Original Filing. This Amendment does not reflect events occurring after the filing of the Original Filing or modify or update disclosures, including the exhibits to the Original Filing, affected by subsequent events.

Introduction

In September 2010, the Company announced that it entered into an agreement to be acquired by Safran in a merger transaction providing for stockholders to receive \$12.00 per share in cash, for an aggregate enterprise value of approximately \$1.6 billion, inclusive of outstanding debt. The closing of the merger was conditioned on, among other things, the prior completion of the sale of the L-1 Intel Business to BAE. The per share price represented a premium of 24 percent over L-1's closing stock price on the NYSE on September 17, 2010 and a premium of 66 percent over the closing stock price on January 5, 2010, the day prior to L-1's announcement of its strategic alternatives review process. In February 2011, the Company sold its Intel Business to a subsidiary of BAE Systems, Inc. (the U.S. affiliate of BAE Systems plc) for \$295.8 million (including acquired cash), the proceeds of which were used to repay \$289.3 million of debt outstanding under the Company's credit agreement.

The Company is the trusted provider of solutions and services that protect and secure personal identities and assets. Together, our portfolio of divisions and subsidiaries—the Secure Credentialing Division, Biometrics/Enterprise Access Division and Enrollment Services Division deliver a full range of offerings required for solving the problems associated with managing human identity. Our offerings form the cornerstone for building convenient and secure identification (ID) solutions. Our customers include domestic and international governments, law enforcement and

border management agencies, various U.S. military branches, and commercial businesses. The security industry has grown rapidly in recent years

and is constantly changing as a result of technological advances, the ever-increasing sophistication of our customers and the demand for comprehensive security solutions. In an effort to maintain our leadership position in identity solutions and to meet ever-changing security needs, it has been an imperative for us to attract and retain executives who are experienced in the security industry and in running growing global businesses. Our long-term success has been dependent on a leadership team with the integrity, skills and dedication necessary to oversee a dynamic organization and the vision to anticipate and respond to emerging market developments. Our executive compensation program is designed to motivate and reward individuals who possess these characteristics.

Summary of Our Executive Compensation Program

Program Objectives

Our executive compensation program is designed to further the Company's annual and long-term business objectives by providing our executives with compensation that is competitive within our industry sector and that continues to offer an incentive to our executives to enhance the value of our shareholders' investments. Our annual incentive program links compensation directly to the attainment of both corporate and individual performance objectives established by the Board of Directors on an annual basis. Our long-term incentive awards help to ensure that our executives make a long-term commitment to the growth and profitability of the Company and provide further alignment with stockholder interests.

Compensation-Setting and Review Process

The Board of Directors has sole decision-making authority with respect to all compensation decisions for our executives. The Compensation Committee reviews annually all elements of total direct executive compensation (base salaries, annual incentives, and long-term incentive awards) and makes recommendations regarding any adjustments to base salaries, annual incentive targets and payouts and long-term equity incentive awards to the Board of Directors. The Compensation Committee works with our CEO throughout its deliberations and develops its recommendations with input from our CEO. The recommendations of the Compensation Committee are based on its assessment of the prior year company financial results, competitive market data, and individual performance. In addition, in reviewing the compensation levels for our executives, including the Named Executive Officers, the Compensation Committee considers the Company's ongoing business strategy and growth. The Compensation Committee also considers each individual executive's past performance, experience, importance to our business, internal equity, applicable terms of the executive's employment agreement, prior year adjustments to compensation and historical long-term incentive awards.

Summary of Compensation Actions in 2010 and 2011

The following is a summary of the actions taken in 2010 and prior to the date of this Amendment in 2011 affecting the compensation of the Named Executive Officers. Each of these actions was recommended by the Compensation Committee and approved by the Board of Directors. For a more detailed description of these actions, please refer to the sections titled *Base Salary* , *Annual Incentive Awards* and *Long-Term Equity Incentive Awards* immediately following this summary.

As previously disclosed in our proxy statement for the 2010 Annual Meeting of Stockholders, in February 2010, the Named Executive Officers received annual incentive award payouts under the 2009 Management Incentive Plan. In view of the Company's actual financial results during 2009, which did not meet expectations, and taking into account the CEO's recommendations, the Board of Directors exercised its discretion to approve payouts in amounts that represented 20% (on average) of targeted award levels, reduced from the 50% (on average) of targeted award levels that would have been called for by the plan formula based on actual 2009 performance.

The Named Executive Officers did not receive long-term equity incentive awards in 2010 except for Mr. D'Angelo who received a restricted stock award on February 8, 2010 of 25,000 shares, along with a long-term cash incentive award of \$100,000. Mr. D'Angelo also was granted a \$150,000 transaction bonus contingent on and payable upon consummation of the Safran Merger.

The Named Executive Officers did not receive adjustments to annual base salaries in 2009, 2010 or 2011, except for Mr. D'Angelo, who received an increase in base salary from \$275,000 to \$285,000 effective July 1, 2010.

In May 2010, the Board approved target award performance measures under the 2010 Management Incentive Plan, with target award opportunities consistent with the employment arrangements with the Named Executive Officers.

In December 2010, the Board considered and took action required under the Merger Agreement to mitigate or eliminate the possibility of the Company incurring obligations in respect of gross-up payments to Named Executive Officers relating to excise taxes under section 280G of the Internal Revenue Code in connection with certain change in control payments to be made to such officers upon closing of the Safran Merger. In that regard, the Board determined that it would limit the 2010 annual incentive awards for each executive to between 25% and 50% of the targeted amounts and accelerated the payment of 25% of the target incentive award payments to each of Mr. LaPenta, Mr. DePalma and Mr. Molina.

In March 2011, the Compensation Committee recommended, and the Board of Directors approved the final annual incentive award payouts under the 2010 Management Incentive Plan to the Named Executive Officers. The approved payouts, including amounts approved in December 2010, represented 41% (on average) of targeted award levels.

Elements of Compensation

The primary compensation elements for our executives, including the Named Executive Officers, are:
base salary;

annual incentive awards;

long-term equity and cash incentive awards; and

retirement and other benefits

In addition, certain executives, including all of the Named Executive Officers, have arrangements with the Company that provide potential payments and benefits upon termination of employment for a variety of reasons, including following a change in control of the Company. The employment arrangements of certain of the Named Executive Officers were amended in 2009, as discussed below.

Base Salary

Each of Messrs. LaPenta, DePalma, Atick and Molina is party to an employment agreement which specifies the base salary level of each such executive upon the commencement of the term of his agreement. Pursuant to the agreements, as amended in 2009, the Board of Directors may, in its discretion, review and adjust such base salaries on an annual basis. Pursuant to the original terms of these agreements, a reduction in base salary would permit the affected Named Executive Officer to resign for Good Reason and receive certain severance payments and benefits, as described in *Potential Payments Following Termination or Change in Control* beginning on page 27 in this Item 11. Mr. D Angelo is a party to an offer letter which specifies his salary at the initial time of employment. Collectively the employment agreements and the offer letter are referred to as the employment arrangements. The employment arrangements were originally entered into in connection with the merger of Viisage and Identix in August 2006, to ensure the retention of these individuals' services with the combined company.

The annual base salaries earned by the Named Executive Officers during 2010 are reported in the Summary Compensation Table on page 21 in Item 11. There have been no adjustments to base salaries since August of 2008, except in the case of Mr. D Angelo as discussed above.

Annual Incentive Awards

At the beginning of each year, our CEO develops an annual incentive plan for the year for our executives, including the Named Executive Officers and other key employees (the *Management Incentive Plan* or *MIP*). This plan is then submitted to the Compensation Committee for consideration and approval, and in the case of each executive, the approval of the Board of Directors. The MIP serves to attract, retain and motivate our executives by tying potential cash awards to the achievement of a mix of corporate and individual performance objectives approved by the Board of Directors on an annual basis.

Establishment of Target Award Levels

Under the Management Incentive Plan, target award opportunities for plan participants, which are generally expressed as a percentage of base salary earned for the year, are established by our CEO at the time of hire, promotion or transfer to an eligible position. Factors that are considered in determining a target award opportunity for management personnel include prior award target opportunities and actual payouts, the participant's last performance rating, exceptional contributions, the market value of the position, competitive market target award opportunities for the position, job functions, internal pay equity, subsidiary or division performance and requirements of any existing employment agreement.

The annual incentive target award opportunities for the Named Executive Officers are specified in their individual employment arrangements. For 2010 these target award opportunities were 75% of base salary for our CEO, 60% of base salary for each of Messrs. Atick, DePalma and Molina and 50% for Mr. D Angelo.

The target award opportunities reflected in the employment arrangements were based on the results of executive compensation market reviews conducted by the Compensation Committee's independent third-party compensation consultant, PRM Consulting Group (*PRM*), commencing in July of 2009. This study is described below under the heading *Competitive Market Analysis*. Based on its review of the market comparable compensation data, including published survey sources containing functional position matches of comparable scope to the Named Executive

Officers and compensation data from the Peer Group, the Compensation Committee noted that the target annual incentive award opportunities for the Named Executive Officers ranked below the 50th percentile reflected by the published survey and Peer Group data in the aggregate. In addition, it was noted that the market data showed that the target annual incentive award opportunities varied by the Named Executive Officer's position, particularly as between the CEO and the other Named Executive Officers, while the Company did not provide targets which vary based on the rank of the executive. In formulating its recommended adjustments, the Compensation Committee considered each Named Executive Officer's market comparables as well as individuals' role in the Company's ongoing business strategy and growth. After the adjustment to the target awards opportunities, the Compensation Committee noted that the annual incentive opportunity for each of the Named

Executive Officers fell between the 50th and 75th percentiles of the market comparable survey data for each individual's position, based on the Peer Group and the other published surveys utilized by the Compensation Committee. In approving the adjustments, the Board of Directors believed that they were appropriate in bringing the target annual incentive award opportunities to a market competitive level consistent with the Company's compensation philosophy.

Target Award Performance Measures for 2010

Award payouts under the Management Incentive Plan are based on the Company's actual performance for the year measured against one or more corporate objectives (as determined by the Compensation Committee and approved by the Board of Directors) and individual performance for the year measured against one or more individual strategic objectives (as deemed achieved by our CEO, except in the case of his own performance, and approved by the Board of Directors). While the corporate objectives are the same for the majority of all plan participants, they are weighted differently for our executives than for all other participants. The Company performance components for the Named Executive Officers are set forth in the table below, reflecting the desire of the Compensation Committee and the Board of Directors to place greater emphasis on the achievement of the Company's financial objectives for the year. The individual performance objectives for each Named Executive Officer consisted of strategic goals tailored to the individual executive's level and function within the Company.

Management Incentive Plan Performance Components

| Component | LaPenta | Other Named Executive Officers |
|----------------------------|----------------|---|
| Revenue | 37.5% | 30% |
| Adjusted EBITDA | 37.5% | 30% |
| Individual Strategic Goals | 25% | 30% |
| Management Discretion | | 10% |
| Total | 100% | 100% |

In May 2010, the Compensation Committee recommended and the Board of Directors approved the Company performance component for the Management Incentive Plan based on the achievement of objectives relative to pre-established revenue and Adjusted EBITDA (as defined below) thresholds. In addition the plan incorporated individual strategic goals described in detail below and a component of management discretion. The table above sets forth the relative weighting of these measures for the target annual award opportunities for the Named Executive Officers. These components were selected because of their overall importance to the Company's success and were weighted based on their relative importance in contributing to the overall success of the Company based on the best judgments of management, the Compensation Committee and the Board of Directors. The Company's strategy called for the achievement of stretch revenue targets with aggressive earnings goals without jeopardizing strategic considerations, such as teamwork between the divisions. This resulted in weighting of the Revenue, Adjusted EBITDA, and individual strategic goals as set forth above. Due to the difficulty in anticipating future events, and to take into account individual performance outcomes that can vary greatly, the Compensation Committee and the Board of Directors agreed that a portion of the total annual incentive award opportunity be left to management discretion based on qualitative and quantitative factors that can vary by position and individual.

In the case of the Named Executive Officers, the revenue and Adjusted EBITDA measures were based on consolidated Company revenue and earnings before interest, income taxes, depreciation and amortization and after adjustment for stock-based compensation expense (*Adjusted EBITDA*), excluding the impact of potential acquisitions that have been finalized in 2010. For the year ended December 31, 2010, the revenue target was set at \$740 million and the Adjusted EBITDA target was set at \$110 million. The Compensation Committee and the Board of Directors

set the targets at levels deemed to be aggressive, requiring great effort, particularly in view of the uncertain economic outlook at the beginning of 2010. These amounts are derived from the Company's planning and budgeting process and were within 1% of the Company's internal forecasts.

Generally, a 90% threshold performance level is required for any payout under the revenue and Adjusted EBITDA components of the MIP. If this level is not achieved with respect to the revenue and Adjusted EBITDA components, it is still possible to earn an award under the other components of the plan, but only to the degree represented by the relative weight of that component and the degree of achievement. Where the threshold is exceeded, then the payout will increase at designated intervals as the level of performance increases. Meeting the target performance levels for a performance component will result in a target payout, while exceeding the target performance levels may result in a greater payout, subject to the approval of the Compensation Committee and, in the case of our executives, the Board of Directors. Generally the MIP guidelines provide that in no case will a payout exceed 130% of the target payout amount, unless our CEO recommends and the Compensation Committee (or the Board of Directors, as applicable) approves a higher payout in recognition of exceptional performance.

The table below sets forth the potential payout levels for each level of revenue, Adjusted EBITDA and individual strategic goals achievement under the 2010 MIP, as established by the Board of Directors in May 2010. Note that if the achievement of financial targets is less than 90% no award will be paid on the Revenue and Adjusted EBITDA components.

| Performance Level: | 50% - 89% of Target | 90% - 94% of Target | 95% - 99% of Target | 100% - 130% of Target |
|----------------------------|--------------------------------|--------------------------------|--------------------------------|----------------------------------|
| Revenue | None | 50% of Target Award | 75% of Target Award | 100% - 130% of Target Award |
| Adjusted EBITDA | None | 50% of Target Award | 75% of Target Award | 100% - 130% of Target Award |
| Individual Strategic Goals | Discretionary up to 50% | 0-50% of Target Award | 0 - 75% of Target Award | 100% - 130% of Target Award |

The threshold performance levels were selected as the minimum acceptable result for which an incentive award should be paid. As is typical in the design of these plans, this threshold performance level was set below the target performance level to avoid an all or nothing outcome that ignored the substantial effort required to achieve the target performance level. The Board of Directors believed that having an all or nothing outcome can encourage excessive risk-taking and can result in a disincentive that undermines the ultimate purpose of the plan.

The individual performance component for the Management Incentive Plan was based on the achievement of pre-established individual strategic goals reflecting corporate or business unit objectives. We believe that this approach better aligns individual performance with our corporate, subsidiary and divisional goals for the year. In May 2010, the Compensation Committee recommended and the Board of Directors approved the following individual strategic goals for each of the Named Executive Officers.

Mr. LaPenta set an appropriate tone at the top for the Company by building and executing a world-class global sales and marketing organization, manage strong relationships with the Board of Directors, maintain a world-class senior management team and establish a succession plan for top management.

Mr. DePalma assist in the assessment of strategic alternatives, restructure / amend debt facility as market conditions dictate and strengthen divisional financial organizations.

Dr. Atick develop the Middle East and India as a strategic zone. Develop the eGate campaign in Europe.

Mr. Molina ensure timely and effective legal support throughout the Company, lead strategy and tactics on the Company's litigation portfolio, effectively manage legal budget, lead legal efforts on strategic alternative transactions.

Mr. D'Angelo lead preparation and ensure timely filings with SEC, lead financial due diligence efforts related to strategic alternatives, monitor and support accounting resources throughout the Company.

The individual strategic goals for the Named Executive Officers were intended to balance both quantitative metrics and qualitative goals that would require exceptional performance to attain the full bonus target.

Award Payouts

Final decisions on award payouts are generally made after the end of the year based on a review of corporate and individual performance against the pre-established corporate and individual objectives. However, in December 2010 at a meeting to consider the Company's obligation under the Merger Agreement to address the mitigation or elimination of the impact of Section 280G, the Board took certain action related to the 2011 payouts as further discussed below. The CEO made a recommendation for the 2010 awards that would have exceeded the formula set forth in the Management Incentive Plan to take into account the efforts of the individuals in connection with the strategic alternatives process. The Board of Directors resolved that, following the end of 2010, it would assess,

determine and pay, in the ordinary course 2010 incentive award amounts payable to each executive pursuant to the Company's 2010 incentive award plan, provided that total 2010 incentive award amounts, in the case of each executive, shall not be less than, in the aggregate, 25% of the executive's 2010 target annual incentive award nor exceed, in the aggregate, 50% of the executive's 2010 target annual incentive award.

In February 2011, our CEO formulated his recommendations to the Compensation Committee consistent with the limitations established by the Board in December 2010 which reflected lower awards than he had recommended in December 2010 with respect to proposed annual incentive award payouts under the 2010 Management Incentive Plan. In

developing his recommendations, our CEO reviewed the Company's performance against the corporate revenue and Adjusted EBITDA objectives for the year, and assessed each executive's performance against his individual strategic goals. Our CEO determined, and the Compensation Committee concurred, based on the Company's financial results (without regard to the businesses acquired by the Company in 2010), that the Company achieved more than 90% of its consolidated revenue objectives and less than 90% of its consolidated Adjusted EBITDA objective. Based on this financial performance, there would be a potential payment under the revenue component of 50% of the target award under the Revenue component; however, no award would be payable under the Adjusted EBITDA component. In addition, our CEO determined that the Named Executive Officers (other than himself) had met 100% of their individual strategic goals. In determining recommended award levels, the Compensation Committee evaluated each Named Executive Officer's performance against the Board approved Management Incentive Plan objectives. The Compensation Committee recommended to the Board awards to the Named Executive Officers which on average represented 41% of targeted levels.

Each Employment Arrangement of the Named Executive Officers (other than Mr. D'Angelo's arrangement) provides for an additional payment to compensate the executive officer for any excise tax incurred by such executive officer under Section 4999 of the Code. In connection with the Merger Agreement, the Company agreed to take all actions reasonably requested by Safran, on or prior to December 31, 2010, as are necessary to reduce and/or avoid the application of Section 280G of the Code to the payments to be made to such executive officers. Pursuant to such obligations, our Board of Directors took action prior to the end of 2010 to (i) accelerate payment to Mr. LaPenta, Mr. DePalma and Mr. Molina, a portion of his incentive award for services in 2010 in an amount equal to 25% of the executive's 2010 target annual incentive award, and (ii) accelerated the vesting of 12,000 and 5,000 previously awarded restricted shares for Mr. LaPenta and Mr. DePalma, respectively, which shares would, in the ordinary course, have vested in February 2011. The impact of the accelerations was to include in 2010 taxable income that otherwise would have been reported in 2011.

The payouts made to the Named Executive Officers in the table below reflect the Compensation Committee's recommendations and the Board's determinations.

2010 Annual Incentive Awards Paid

| Name | Total Paid | Cash (\$) | Stock Units (#) | Options (#) |
|---------------------|------------|--------------|-----------------------|----------------|
| Robert V. LaPenta | \$206,062 | \$206,062 | 0 | 0 |
| James A. DePalma | \$106,650 | \$106,650 | 0 | 0 |
| Joseph Atick | \$108,000 | \$108,000 | 0 | 0 |
| Mark S. Molina | \$ 93,150 | \$ 93,150 | 0 | 0 |
| Vincent A. D'Angelo | \$ 63,000 | \$ 63,000 | 0 | 0 |

Long-Term Equity Incentive Awards

Historically, prior to 2009, our long-term equity incentive awards have primarily consisted of stock options. We believe that the upside potential in stock options is attractive to our executives and other key employees and that an option's greater reward for performance and growth orientation compared to other forms of equity compensation is well-aligned with the interests of our stockholders. By providing our executives and other key employees with a direct stake in the Company's success, these incentives are intended to assure a closer identification of their interests with those of our stockholders, stimulate their efforts on the Company's behalf and strengthen their desire to remain with the Company. Typically, recommendations for long-term equity incentive awards for our executives, including the Named Executive Officers, are made to the Board of Directors by the Compensation Committee taking into account the recommendations of our CEO, as appropriate. The Board of Directors is required to approve all stock option grants and other equity awards to executives and directors.

Due to the Compensation Committee's concerns about the uncertain business environment and, as the year unfolded, the deteriorating stock market, we did not make any long-term incentive awards to our executives or other

key employees during 2008 with respect to 2007 performance or otherwise (except for grants to new hires and, in the case of certain Named Executive Officers, awards made in lieu of all or a portion of otherwise earned cash bonus or annual base-pay amounts). Further, the decline in the market price of the Company's common stock over the course of 2008 led management and the Board of Directors to reconsider the Company's equity awards program and strategy.

In 2009, in conjunction with the extension of the employment terms for the Named Executive Officers (other than Mr. D'Angelo), and based on a competitive market review of published survey and Peer Group data provided by PRM, the Compensation Committee recommended, and the Board approved an additional award of stock options and restricted share awards to the Named Executive Officers to fully convey the Board of Director's confidence and support for the Named Executive Officers on the date of renewal of their employment agreements, but with the stipulation that these awards would

be in lieu of any potential ordinary course awards in 2010. The decision to grant restricted share awards was based on the Board of Directors' desire, in an uncertain economic climate, to balance the upside potential of stock options (since an executive will realize value from an option only if the market price of the Company's common stock appreciates and stays above the option's exercise price for a sustained period) with the attractions of a full value share award (since restricted shares, once vested, have an intrinsic value equal to the market price of the Company's common stock). The Compensation Committee and the Board of Directors decided that an equal mix of stock options and restricted shares would be an appropriate way to both motivate these individuals and deliver value to them through a competitive compensation package, regardless of future market conditions.

In February 2010, the Compensation Committee approved a restricted stock award to Mr. D. Angelo of 25,000 shares with an aggregate grant date fair value equal to \$183,500, as well as a long-term cash incentive award of \$100,000. Long-term cash incentive awards were granted to Mr. D. Angelo and certain non-executive employees in lieu of stock option awards and such awards vest annually over three years. The awards were approved by the Compensation Committee and, with respect to Mr. D. Angelo, by the Board of Directors. No equity incentive awards were granted to the other Named Executive Officers in 2010.

The Merger Agreement with Safran provides for the accelerated vesting of all outstanding equity awards upon consummation of the Merger. If the closing of the merger were not to occur, both the stock options and restricted share awards will continue to vest based on continued service to the Company over four years in equal annual 25% increments. The Compensation Committee and the Board of Directors believe that these vesting requirements help to create and maintain an environment that motivates retention and longevity of our executives and other key employees.

Competitive Market Analysis

In 2009, the Compensation Committee engaged PRM to provide a competitive market analysis of the compensation of the Named Executive Officers. The competitive market analysis was based on data gathered from published surveys of executive compensation and the compensation of executives in comparable positions at a group of peer companies (the *Peer Group*). In 2009, the Peer Group, which consisted of companies with businesses that compete in the same talent market as the Company, including primarily companies in the technology and government contracting industries and with revenues ranging from approximately 50% to 200% of the Company's total revenue, was as follows:

Ansys, Inc.

Bruker Corporation

Checkpoint Systems, Inc.

Citrix Systems, Inc.

Coherent, Inc.

Daktronics, Inc.

Flir Systems, Inc.

Lawson Software, Inc.

National Instruments Corporation

NCI, Inc.

Nuance Communications, Inc.

OSI Systems, Inc.

Parametric Technology Corporation

Quest Software, Inc.

Rofin Sinar Technologies, Inc.

Tibco Software, Inc.

Other published surveys were consulted for a broader sample of data on government contractors and other companies of similar size in the same industry niches, including the following:

Advisors

PRM attended Compensation Committee meetings at the invitation of the Committee's Chairman to present the results of the competitive market analysis and to be available, as necessary, to advise the Compensation Committee with respect to other executive compensation actions taken by the Committee in 2009 and 2010. PRM did not provide any executive compensation services, pension consulting services or human resource outsourcing services directly to the Company or management in 2009, and will not provide any such services other than as directed or approved by the Compensation Committee. PRM fees during 2010 aggregated \$45,454.

Equity Award Grant Practices

Stock options and other equity awards are granted under the L-1 Identity Solutions, Inc. 2002, 2008 and 2010 Long-Term Incentive Plan. The 2010 Long-Term Incentive Plan was approved by the shareholders on May 5, 2010 and no awards have been granted since its inception. Generally, stock options and other equity awards are granted to newly-hired employees on the later of either the first day of employment with the Company, or the date the option or award is approved by the Compensation Committee or the Board of Directors, as applicable. Stock options and other equity awards are granted to continuing executives, our other employees and directors on a regular annual basis. In the case of directors, stock options and other equity awards are granted when a new director joins the Board of Directors and then automatically thereafter on an annual basis on the first business day of each calendar year as part of the directors' total compensation for the year. All awards are effective on the date of approval by the Compensation Committee or the Board of Directors, as applicable, except for annual directors' awards which are deemed effective automatically on the first business day of each calendar year.

Stock options and other equity awards are considered for grant in accordance with the Company's Stock Option Grant and Administration Policy as approved by the Board of Directors in December 2006. Recommendations for grants and awards to executives, including the Named Executive Officers, and directors are made to the Board of Directors by the Compensation Committee taking into account management recommendations, as appropriate. The Board of Directors is required to approve all stock option grants and other equity awards to executives and directors. The Board of Directors retains the discretion to make additional awards to executives at other times in connection with the initial hiring of a new executive, for retention purposes or otherwise.

Each stock option grant and other equity award must specify all of the material terms of the grant or award, including the date of grant, exercise price, vesting schedule, term and any other terms or conditions that the Compensation Committee or the Board of Directors deems appropriate. Option grants made to our executives, or any of our other employees or directors, are made with an exercise price equal to the closing sales price of a share of the Company's common stock on the date of grant. Neither the Board of Directors nor the Compensation Committee can delegate its authority or responsibility with respect to stock option grants to any other subcommittee of the Board of Directors or member of management.

The grant date fair value of the long-term incentive awards made to the Named Executive Officers in 2009 is reported in the Summary Compensation Table and the Grants of Plan-Based Awards Table on pages 21 and 22, respectively, in this Item 11.

Retirement and Other Benefits

We provide a Section 401(k) Retirement Savings Plan, a tax-qualified defined contribution plan, to our executives and employees, including the Named Executive Officers. This plan permits participants to make pre-tax contributions of up to 90% of their eligible compensation, not to exceed the applicable statutory dollar limitations of \$16,500 and \$22,500 for individuals younger than 50 years of age and age 50 and older, respectively. In addition, we may make discretionary contributions to the plan in any year, up to certain limits. Historically, the Company has provided a matching contribution equal to 100% of the first 2% and 50% of the next 4% of employee elective contributions; in effect, those employees who make an elective contribution equal to 6% or more receive a 4% matching contribution, subject to the aforementioned IRS limitations. In 2010, we continued to provide a matching contribution in shares of Company's common stock based on this

formula. In connection with the Merger Agreement with Safran we ceased making contributions in common stock effective January 1, 2011. The Company's matching contributions to the accounts of the Named Executive Officers are disclosed in the Summary Compensation Table on page 21 of this Item 11.

Additional benefits received by our executives, including the Named Executive Officers, include health care benefits, dental, vision, disability and life insurance coverage. These benefits are provided on the same basis as to all of our employees. The Named Executive Officers do not receive any perquisites or other personal benefits except that our executives are eligible for an executive class life insurance benefit of \$1 million (of which \$700,000 is guaranteed). This benefit became available on January 1, 2007. Our standard life insurance benefit for our employees generally provides coverage in an amount equal to two times an employee's base salary, up to a maximum of \$500,000.

Under the terms of their respective employment agreements, both our CEO and CFO have elected to defer the receipt of all or any portion of their annual incentive award payouts if those awards are satisfied in shares of the Company's common stock. This arrangement is provided to permit these executives the flexibility to defer the obligation to pay taxes on certain elements of their compensation while also potentially receiving earnings on deferred amounts. We believe that this arrangement is an important retention tool, as many of the companies with which we compete for executive talent provide similar plans or arrangements for their senior employees.

Employment Arrangements with Our Named Executive Officers

The Company has employment agreements with each of the Named Executive Officers other than Mr. D. Angelo who has an offer letter. The employment arrangements were entered into in connection with the August 2006 merger of Viisage and Identix. The employment arrangements were amended on July 31, 2009 to extend their term and ensure greater consistency of terms relating to compensation determinations and compensation upon a separation of employment from the Company. The employment agreements are intended to provide each executive with job security for the term of the agreement by specifying the reasons pursuant to which their employment may be terminated by the Board of Directors and providing them with certain payments and benefits under certain specified circumstances. These employment agreements also protect the Company's interests during and following termination of employment by providing specific reasons for termination and by prohibiting the executives from engaging directly or indirectly in competition with the Company, from recruiting or soliciting any executive or employee, from diverting customers to a competitor and from disclosing confidential Company information or business practices.

In the event of a separation of employment in certain specified circumstances, including in connection with a change in control of the Company, the employment arrangements provide for the immediate and full vesting of all outstanding stock options and restricted share awards in addition to certain severance payments and other benefits. While each of our Named Executive Officers commenced service with the Company in August 2006, the terms of the individual's employment agreement, based in some cases on legacy agreements, were not consistent, most significantly in the formulation, timing and terms of payments and other benefits upon a separation of service. In addition, there were inconsistencies as to whether benefits would become payable upon a non-renewal of the agreement or upon death or disability. In order to improve internal equity, and to provide greater assurance to the executives at a time when the management team had shown extraordinary effort to grow the Company over a three year period, the severance benefits were made consistent within the Named Executive Officer group, other than Mr. D. Angelo.

If a separation of employment occurs in the context of a change of control, and the payments and benefits to be received by the Named Executive Officers would be subject to an additional excise tax pursuant to Section 4999 of the Internal Revenue Code, the Company is obligated under the employment arrangements to pay the Named Executive Officers, other than Mr. D. Angelo, an additional amount equal to the total of such additional excise tax plus all income and other applicable taxes payable on such additional amount. The effects of these excise taxes generally are unpredictable and can have widely divergent and unexpected effects based on an executive's personal compensation history. Therefore, to provide an equal level of benefit across individuals without regard to the effect of this excise tax, we have determined that these payments are appropriate for our Named Executive Officers, other than Mr. D. Angelo.

For more information about the severance and change-in-control provisions of the employment arrangements, see the discussion of Potential Payments Upon Termination or Change in Control and the accompanying tables on pages

27-36 in Item 11.

Rule 10b5-1 Trading Plans

Under the Company's Insider Trading Policy, executives may implement a trading plan under Exchange Act Rule 10b5-1 after pre-clearing the plan with the Company's Compliance Officer and as long as the plan is entered into when the executive is not in possession of material nonpublic information and during an open trading window (as established under the Insider Trading Policy). Mr. Molina is the Company's Compliance Officer.

Tax Policies

While we generally seek to ensure the deductibility of the incentive compensation paid to our executives, the Compensation Committee retains the flexibility necessary to provide cash and equity compensation in line with competitive

practice, our compensation philosophy and the best interests of our stockholders, even if these amounts are not fully tax deductible.

- (1) In 2009 Mr. LaPenta received \$750,000 of his base salary in cash and the payment of the remaining \$35,000 was satisfied by the issuance of 4,749 shares of the Company's common stock on February 9, 2010. In 2008 and 2010 Mr. LaPenta received all of his base salary in cash.
- (2) The Company paid no discretionary bonuses to the Named Executive Officers for 2010, 2009 or 2008. Payouts under the Company's Management Incentive Plan for 2010, 2009 and 2008 are reported in the Non-Equity Incentive Plan Compensation column.
- (3) The amount reported in the Stock Awards column (a) for 2009 and 2010 represents the aggregate grant date fair value of the Restricted Stock Awards granted in 2009 to the Named Executive Officers, as part of the Long Term Incentive Plan with respect to their 2008 performance and in connection with the July 2009 employment agreement renewals; and (b) for 2008 represents the aggregate grant date fair value of a fully vested stock award that Mr. LaPenta received in lieu of cash, in connection with his 2008 annual base salary increase. The number of shares is computed using the closing sale price per share of Company common stock as reported on the NYSE on the date of the approval by the Board of Directors of the respective award.
- (4) The amounts reported in the Option Awards column represent the aggregate grant date fair value of the stock options granted to the Named Executive Officers. Pursuant to SEC rules, the amounts reported exclude the impact of estimated forfeitures related to service-based vesting conditions. The assumptions made in calculating

the aggregate grant date fair value amounts for the options granted in 2009 are described in note 7 to the Company's consolidated financial statements as contained in Item 8 of this Annual Report on Form 10-K filed with the SEC on March 1, 2011.

- (5) The amounts reported in the Non-Equity Incentive Plan Compensation column represent the amounts earned by the Named Executive Officers for 2010, 2009 and 2008 under the Company's annual Management Incentive Plan. With respect to Mr. LaPenta, the indicated amount reported for 2010 was paid in cash and the indicated amounts 2009 and 2008 represent 13,569 and 27,285 stock units, respectively, the settlement of which Mr. LaPenta has deferred on the terms set forth in his employment arrangement. With respect to Mr. DePalma, the indicated amount reported for 2010 was paid in cash and the indicated amounts for 2009 and 2008 represent 7,463 and 15,007 stock units, respectively, the settlement of which Mr. DePalma has deferred on the terms set forth in his employment agreement. Each stock unit settles into one share of Company common stock upon meeting specified conditions set forth in the deferral election. The Company determined the number of shares to be issued to satisfy the awards as described above based on, the closing sales price per share of the Company's common stock as reported on the NYSE on the date the Board of Directors approved such award. With respect to Messrs. Atick, Molina and D'Angelo, the amounts reported for 2010, 2009 and 2008 were paid in cash. The amounts reported are determined in the year following the year during which the amounts were earned, except for 2010 for Messrs. LaPenta, DePalma and Molina, for whom \$147,188, \$59,250 and \$51,750, respectively, of such amounts were determined in December 2010. For a description of this plan, see "Annual Incentive Awards" on page 14 in Item 11.
- (6) The amounts reported in the All Other Compensation column represent (i) the aggregate annual Company contributions to the accounts of the Named Executive Officers under the Company's Section 401(k) Retirement Savings Plan, a tax-qualified defined contribution plan, and (ii) additional premiums paid for executive life and AD&D insurance. Beginning in April 2008, Company matching contributions to the Section 401(k) retirement accounts were made in the form of shares of the Company's common stock for all participating employees.

Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table

The Company has an employment agreement covering one or more compensation items with each of the Named Executive Officers other than Mr. D Angelo. These agreements and Mr. D Angelo's offer letter were entered into in connection with the merger of Viisage and Identix in August 2006, to ensure the retention of these individuals' services with the combined company following the transaction. The agreements were amended on July 31, 2009 to extend their term. In connection with these extensions, certain terms of the employment agreements were amended to, among other things, ensure substantially consistent treatment of the executives in respect of compensation determinations and upon a separation of employment from the Company. The material terms of these agreements, as amended, and offer letter are as follows:

- Term.** For three years ending on August 29, 2012, with automatic one-year extensions unless either party gives 90 days advance written notice of non-renewal. Mr. D Angelo's offer letter does not have a fixed term.
- Compensation and Benefits.** During the term of the agreement, the respective Named Executive Officers are eligible to receive the following compensation:

- a. Base Salary. An initial base salary of \$785,000 for Mr. LaPenta, \$395,000 for Mr. DePalma, \$400,000 for Mr. Atick, \$345,000 for Mr. Molina and \$225,000 for Mr. D Angelo that was subsequently increased to \$285,000 on July 1, 2010. Such base salaries may be adjusted by the Board of Directors in its discretion. Each annual review will occur after the Company's year-end results have become available, with any increases in base salary being retroactive to January 1. Each of the Named Executive Officers will receive a lump sum payment in respect of any retroactive adjustments. At the time of the July 2009 employment agreement amendments the

Compensation Committee considered the recommendations of our CEO with respect to base salary increases for the Named Executive Officers, but elected to postpone taking action on such recommendations until February 2010, except for Mr. D Angelo whose salary was adjusted in 2010. No adjustments have taken place since August 2008.

- b. Non-Equity Incentive Plan Compensation. An annual bonus with a target payout equal to 75% of base salary for Mr. LaPenta, 60% of base salary for Messrs. DePalma, Atick and Molina and 50% for Mr. D Angelo, with the actual payout (which can be more or less than target) determined by the Board of Directors in its discretion, based on the achievement of corporate and individual objectives determined by the Board of Directors. Any annual bonus payable to Messrs. LaPenta and DePalma may be paid in stock units at the election of such executive. If paid in stock units, each of Mr. LaPenta and Mr. DePalma have elected to defer the settlement of such units as permitted in his respective employment agreement. Each stock unit settles into one share of the Company's common stock. The 2010 bonus for Messrs. LaPenta and DePalma was paid in cash.
 - c. Additional Benefits. Participation in the Company's health, welfare, and fringe benefit programs for management employees, and reimbursement of all reasonable expenses incurred by the Named Executive Officer in his performance of services on behalf of the Company.
 - d. Equity Compensation. Awards of equity-based compensation during the term are at the discretion of the Board of Directors.
3. Termination. Under specified circumstances, the Named Executive Officer or the Company may terminate his employment prior to the end of the term of the agreement. These circumstances, and any payments and benefits triggered by the termination, are described under Potential Payments Upon Termination or Change in Control on pages 27-36 in Item 11.
 4. Additional Provisions. Messrs. LaPenta and DePalma are permitted to continue to oversee the Aston Capital Partners L.P. investment fund and, with respect to each of Mr. LaPenta and Mr. DePalma, their respective investments in Core Software Technology Corporation.

- (1) These options vest (become exercisable) in four equal annual installments, beginning on the first anniversary of the date of grant.
- (2) These options were granted in connection with the satisfaction of award payouts under the 2006 Management Incentive Plan.
- (3) Grant dates prior to August 29, 2006 for Dr. Atick and Mr. Molina represent option awards attributable to such executive's service with Identix prior to the merger of Viisage and Identix. These option awards are fully exercisable as a result of accelerated vesting triggered by the merger. The Company assumed these options in the

merger.

- (4) These options were granted in connection with the satisfaction of award payouts under the 2007 Management Incentive Plan.
- (5) Restricted stock awards vest (become transferable) in four equal annual installments, beginning on the first anniversary of the date of award. Each employment arrangement, other than as applicable to Mr. D Angelo, provides for an additional payment to compensate the executive officer for any excise tax incurred by such executive officer under Section 4999 of the Code. In the Merger Agreement, Safran and the Company agreed to cooperate, and the Company agreed to take all actions reasonably requested by Safran, on or prior to December 31, 2010, as are necessary to reduce and/or avoid the application of Section 280G of the Code to the payments to be made to such executive officers. Pursuant to such obligations, our board of directors took action prior to the end of 2010 to accelerate the vesting of 12,000 and 5,000 restricted shares held by Mr. LaPenta and Mr. DePalma, respectively, which restricted shares would have in the ordinary course become vested in February 2011.
- (6) Market value is based on the closing sales price of the Company's common stock on the NYSE on December 31, 2010 (the last trading date of the fiscal year) which was \$11.91 per share.

- (3) The amounts reported in this column reflect the market value, as of December 31, 2010, of the shares of the Company's common stock underlying the deferred amounts that were determined in 2008 (with respect to 2007 annual incentive awards), in 2009 (with respect to 2008 annual incentive awards) and in 2010 (with respect to 2009 annual incentive awards). For Mr. LaPenta, the deferral amounts with respect to the incentive award plan year were: \$91,500 (2006), \$275,000 (2007), \$200,000 (2008) and \$100,000 (2009). For Mr. DePalma, the deferral amounts with respect to the incentive award plan year were: \$54,000 (2006), \$150,000 (2007), \$110,000 (2008) and \$55,000 (2009). The number of deferred stock units is

calculated using the closing per share price of Company common stock on the NYSE on the day the Board of Directors approves each respective annual incentive award.

Potential Payments Following Termination or Change in Control

Under the Company's employment arrangements with Messrs. LaPenta, DePalma, Atick, Molina and D'Angelo, each of the Named Executive Officers is entitled to payment and benefits upon his termination of employment for specified reasons and in the event of a change in control of the Company. These benefits are in addition to the benefits generally available to the Company's salaried employees. The information below describes and quantifies certain compensation that would be payable to these individuals under the arrangements assuming that the Named Executive Officer's employment had terminated on December 31, 2010.

As indicated previously if a separation of employment occurs in the context of a change of control, and the payments and benefits to be received by the Named Executive Officers would be subject to an additional excise tax pursuant to Section 4999 of the Internal Revenue Code, the Company is obligated under the employment agreements to pay the Named Executive Officers, other than Mr. D'Angelo, an additional amount equal to the total of such additional excise tax plus all income and other applicable taxes payable on such additional amount. It is expected that the termination of employment of the Named Executive Officers in connection with the Merger will not result in any payments in respect of a tax liability to the Named Executive Officers.

The quantitative information below does not reflect the actual amounts that will be received upon the closing of the Merger. Consummation of the Merger will constitute a change in control under the employment arrangements. Pursuant to the Merger Agreement, Safran has agreed to cause the surviving corporation to terminate the employment of Messrs. DePalma, LaPenta and Molina immediately following the closing of the Merger and has agreed that such terminations of employment shall be treated as terminations without cause for purposes of the Employment Agreements. An estimate of the amounts to be received as a result of such terminations upon the closing of the Merger is disclosed in the Company's definitive proxy statement filed with the SEC on January 3, 2011.

Messrs. LaPenta and DePalma:

Termination of Employment. The executive's employment may be terminated at any time:

by a majority vote of the independent members of the Company's Board of Directors with Cause (as defined) or without Cause;

in the event of the death or disability of the executive; or

by the executive's resignation for Good Reason (as defined) or for no reason.

Termination with Cause or Resignation without Good Reason. If the executive's employment is terminated by the Company with Cause or by the executive without Good Reason, the executive will receive the following payments and benefits (any amounts payable under this section will be paid within five business days of the termination date):

payments of base salary, any awarded but unpaid annual incentive award for any prior completed fiscal year, and expense reimbursement that had accrued but had not been paid prior to the date of termination;

payments for any accrued but unused vacation time; and

any benefits due through the date of termination as provided under the Company's compensation or benefit plans.

Generally, Cause means the executive's (i) willful and continued failure to substantially perform his reasonably assigned duties as an officer of the Company or otherwise perform his obligations under his employment agreement (following a 30-day cure period after receipt of notification of nonperformance); (ii) willful and continued breach of the Company's Board-approved material corporate policies (following a 30-day cure period after receipt of notification of the breach); (iii) willful engagement in illegal conduct or gross misconduct which is materially injurious to the Company; (iv) willful violation of any federal or state securities laws or the Company's Insider Trading Policy; or (v) material breach of certain provisions of his employment agreement (following a 30-day cure period after receipt of notification of the breach).

Generally, Good Reason means any of the following events or circumstances that occur without the executive's written consent (following a 30-day cure period after receipt of notification of the event or circumstance):

a material change in the executive's duties, a material diminution in the executive's position, authority, title, or responsibilities or any change in reporting relationship, or a relocation of his principal base of operations to more than 25 miles from Stamford, Connecticut;

a reduction in his base salary or target annual incentive award;

the Company's failure to maintain a material compensation or benefit plan in which he participates (unless a substitute or alternative plan is made available), continue the executive's participation in these plans on a basis that is materially equal to his current participation, obtain comparable compensation and benefits and termination arrangements from a successor to the Company, to pay compensation and benefit amounts within seven days of the date such compensation or benefits are due;

the Company's failure to obtain the agreement from any successor to the Company to continue to provide the compensation and termination benefits provided for in the agreement; or

any other material breach of the employment agreement.

Termination without Cause or Resignation for Good Reason. If the executive's employment is terminated by the Company without Cause or if the executive resigns with Good Reason, the executive will receive the following payments and benefits:

the payments and benefits described in the section concerning termination with Cause or Resignation without Good Reason;

an amount equal to 24 months of the executive's base salary at the rate in effect at the date of termination;

an amount equal to the bonus awarded to the executive for the most recent completed calendar year for which a bonus was determined by the Board of Directors and, if the executive was terminated following the end of a completed calendar year but prior to the determination of the bonus, a bonus in an amount equal to the target level bonus for that calendar year;

accelerated vesting of all outstanding but unvested stock options, which will remain exercisable for a period of 36 months after termination, subject to the maximum original term of such options, and the lapse of all restrictions on stock based awards (such as restricted stock awards); and

for a 12-month period, COBRA payments or an amount equivalent to COBRA payments required to continue his medical, dental and vision benefits, unless earlier provided by a successor employer, and premium payments or an amount equivalent to the then existing premiums on the executive's term life insurance.

One-half of the severance payment reflected in the second and third bullet points above is to be paid within five business days of the termination date, with the remainder to be paid on the next business day after the six month anniversary of the termination date.

Death or Disability. If the executive's employment is terminated as a result of his death or disability, he (or his representatives) will receive all of the payments and benefits described in the section concerning termination without Cause or resignation for Good Reason, with a dollar-for-dollar reduction for any amounts, net of tax, paid under any life insurance, disability insurance or similar benefits provided by the Company.

Non-Renewal. Upon any non-renewal of any employment agreement, the relevant executive would receive all of the payments and benefits described in the section concerning termination without Cause or resignation for Good

Reason.

Change in Control. In the event of a Change in Control of the Company during the term of the employment agreement, where the executive's employment is terminated and the executive can reasonably demonstrate that the termination was at the request of a third party who has taken steps reasonably calculated to effect a change in control or otherwise arose in anticipation of or as a result of a change in control, the executive will receive all of the payments and benefits described in the section concerning termination without Cause and resignation for Good Reason.

Generally, a Change in Control means:

an acquisition of 50% or more of (i) the then-outstanding common stock or (ii) the combined voting power of the then-outstanding securities entitled to vote for directors by any person (but not including a restructuring or recapitalization by the Company or an acquisition by a Company-sponsored employee benefit plan);

28

a time when the continuing directors (that is, the directors who were serving when the employment agreement was executed or their duly recommended or endorsed successors) do not constitute a majority of the Board of Directors;

a business combination (such as a merger, consolidation, reorganization, or sale of all or substantially all of the Company's assets), unless, following the business combination, the beneficial owners of the Company's securities continue to beneficially own a majority of the outstanding securities of the resulting entity and this ownership is substantially in the same proportion as their ownership before the transaction; or

approval by the Company's stockholders of a complete liquidation or dissolution of the Company.

Tax Reimbursement Arrangements. In the event that any payment or benefit received or to be received by the executive with respect to any equity-based award, bonus or other incentive award payout, or any severance or other plan or arrangement or agreement would be subject to the golden parachute excise tax imposed by the federal income tax laws, the Company will pay the executive the additional amount necessary to ensure that the net amount retained by the executive, after deduction of all excise taxes and all taxes on the excise tax payment, as well as any interest, penalties or additions to tax payable by the executive, will be equal to the total present value of the payments intended to be made to the executive at the time these payments are made.

Conditions to Payment. The payments and benefits provided in the event of a termination of employment without Cause or resignation for Good Reason or following a Change in Control of the Company are contingent upon the executive executing a general release in favor of the Company. In addition, the Company's obligation to pay any premiums for medical or dental insurance benefits will cease if the executive becomes eligible to receive similar benefits from another employer.

Executive Covenants. As provided in their employment agreements, Messrs. LaPenta and DePalma are subject to (i) confidentiality provisions that prohibit them from disclosing any confidential information of the Company, except in the course of performing their duties for the Company or as required by law, (ii) certain post-employment restrictions on the development of intellectual property rights, during the six-month period following termination and (iii) non-competition provisions that prohibit them, during their employment and for a one-year period following termination of employment, from operating or participating in a business that competes with the Company and from soliciting any of the Company's employees or customers.

If an executive materially breaches his obligations with respect to the Company's intellectual property rights or the non-competition provision, the Company may, following a 30-day notice and cure period, cease any Severance Payments made to the executive and recover all prior Severance Payments made to the executive. The Company may also pursue any other legal remedies to rectify the breach.

Dr. Atick

Termination of Employment. Dr. Atick's employment may be terminated at any time:
by the Company for Cause (as defined) or without Cause;

in the event of his death or disability; or

upon his resignation for Good Reason (as defined) or for no reason (defined as a Voluntary Termination).

Termination for Cause or Voluntary Termination. Upon termination for Cause or a Voluntary Termination, Dr. Atick will be paid:

all accrued but unpaid base salary to the effective date of termination; and

any benefits due through the date of termination as required by law or to the extent required under the Company's benefit plans and any reimbursement of expenses incurred as of the effective date of termination in accordance with Company policy.

Generally, Cause means Dr. Atick's (i) conviction (by a court of competent jurisdiction, not subject to further appeal) of, or pleading guilty to, a felony or a crime involving fraud or dishonesty against the Company; (ii) willful and continued failure to substantially perform his duties for the Company (following a 30-day cure period after receipt

of notification of the breach); or (iii) breach of his employment agreement (following a 30-day cure period after receipt of notification of the breach).

Termination Other Than For Cause; Resignation for Good Reason or Failure to Renew Employment Agreement. If Dr. Atick's employment is terminated by the Company without Cause or if he resigns following: (i) any change in Dr. Atick's duties, responsibilities or title that is materially adverse to and inconsistent with his position (including any change in his duty to report to the CEO); (ii) a decrease in Dr. Atick's base salary or eligible bonus percentage of base salary or a decrease in the Company's benefits (other than changes made to the Company's benefits plans generally made available

to Company employees or executives); (iii) an involuntary relocation of his principal place of duties to a place other than Jersey City, New Jersey or New York, New York (or within three miles of Jersey City, New Jersey); (iv) the Company's giving notice of termination of Dr. Atick's employment other than as permitted under his employment agreement; (v) the Company's failure to cause any successor to the Company to expressly assume and agree to perform under the employment agreement; (vi) Change in Control (as defined below) followed by a resignation within 18 months after the Change in Control; or (vii) the then current term of Dr. Atick's employment agreement is not automatically renewed, then Dr. Atick will be paid:

all earned but unpaid base salary, all awarded but unpaid bonus and all accrued but unpaid vacation pay to the effective date of termination;

an amount equal to 24 months of Dr. Atick's base salary at the rate in effect at the date of termination;

an amount equal to the bonus awarded to Dr. Atick for the most recent completed calendar year for which a bonus was determined by the Board of Directors and, if Dr. Atick was terminated following the end of a completed calendar year but prior to the determination of the bonus for that calendar year, an amount equal to the target level bonus for that calendar year;

accelerated vesting of all outstanding but unvested stock options, which will remain exercisable for a period of 36 months after the termination, subject to the maximum original term of such options, and the lapse of all restrictions on stock-based awards (such as restricted stock awards); and

for a 12-month period, COBRA payments or an amount equivalent to COBRA payments to continue his medical, dental and vision benefits, subject to a shorter period if provided by a successor employer, and premium payments or an amount equivalent to then-existing premiums on Dr. Atick's term life insurance.

One-half of the severance payment reflected in the second and third bullet points above is to be paid within five business days of the termination date, with the remainder to be paid on the next business day after the six-month anniversary of the termination date.

Change in Control.

Generally, a Change in Control means:

if any person is or becomes the beneficial owner, directly or indirectly, of securities of the Company representing 50% or more of the combined voting power of the Company's then outstanding securities;

the election to a majority of the seats of the Board of Directors of the Company of candidates who were not proposed by a majority of the Board of Directors in office prior to the time of such election; or

the dissolution or liquidation (partial or total) of the Company or a sale of assets involving fifty percent (50%) or more of the assets of the Company and its subsidiaries taken as a whole (other than the disposition of a subsidiary), or a merger, reorganization or other transaction or series of related transactions pursuant to which the holders, as a group, of all of the shares of the Company outstanding after the merger, reorganization or other transaction hold, as a group, less than fifty percent (50%) of the shares of the Company outstanding after the merger, reorganization or other transaction.

Death or Disability. If Dr. Atick's employment is terminated as a result of his death or disability, he (or his heirs or legal representatives in case of death) will receive all of the payments and benefits described in the section concerning Termination Other Than For Cause, with a dollar-for-dollar reduction for any amounts, net of tax, paid under any life insurance, disability insurance or similar benefits provided by the Company.

Mr. Molina

Termination of Employment. Mr. Molina's employment may be terminated at any time:

by the Company for Cause (as defined) or without Cause;

in the event of his death or disability; or

upon his resignation for Good Reason (as defined) or for no reason (defined as a Voluntary Termination).

Termination for Cause and Voluntary Termination. Upon termination for Cause or Voluntary Termination, Mr. Molina will be paid:

all accrued but unpaid base salary, and all accrued but unpaid vacation pay to the effective date of termination; and

any benefits due through the date of termination to the extent required under the Company's benefit plans or any reimbursement of expenses incurred as of the effective date of termination in accordance with Company policy.

Generally, Cause means Mr. Molina's (i) commission of, conviction (by a court of competent jurisdiction, not subject to further appeal) of, or pleading guilty to, a felony or a crime or other material conduct or misconduct involving fraud or moral turpitude; (ii) willful and continued failure to substantially perform his duties for the Company (following a 60-day cure period after receipt of notification of the breach); (iii) if Mr. Molina willfully engages in gross misconduct which is materially and demonstrably injurious to the Company; or (iv) willful breach of his employment agreement in any material respect (following a 30-day cure period after receipt of notification of the breach).

Termination Other Than For Cause: Resignation for Good Reason or Failure to Renew Employment Agreement. If Mr. Molina's employment is terminated by the Company without Cause or if he resigns following: (i) any change in Mr. Molina's authority, duties and responsibilities that is materially adverse to and inconsistent with his position; (ii) any change in the reporting structure of the Company, such that Mr. Molina no longer reports to the CEO; (iii) an adverse change in Mr. Molina's title; (iv) a decrease in Mr. Molina's base salary or eligible bonus percentage of base salary or a decrease in the Company's benefits (other than changes made to the Company's benefits plans generally made available to Company employees or executives); (v) an involuntary relocation to a new location that is more than twenty five miles from Stamford, Connecticut; (vi) the Company's failure to cause any successor to the Company to expressly assume and agree to perform under the employment agreement in the event of Change in Control or; (vii) the then current term of Mr. Molina's employment agreement is not automatically renewed, then Mr. Molina will be paid:

all earned but unpaid base salary, all awarded but unpaid bonus and all accrued but unpaid vacation pay to the effective date of termination;

an amount equal to 24 months of Mr. Molina's base salary in effect at the date of termination;

an amount equal to the bonus awarded to Mr. Molina for the most recent completed calendar year for which a bonus was determined by the Board of Directors and, if Mr. Molina was terminated following the end of a completed calendar year but prior to the determination of the bonus for that calendar year, an amount equal to the target level bonus for that calendar year;

accelerated vesting of all outstanding but unvested stock options, which will remain exercisable for a period of 36 months after the termination, subject to the maximum original term of such options, and the lapse of all restrictions on stock-based awards (such as restricted stock awards); and

for a 12-month period, COBRA payments or an amount equivalent to COBRA payments to continue his medical, dental and vision benefits, subject to a shorter period if provided by a successor employer, and premium payments or an amount equivalent to then-existing premiums on Mr. Molina's term life insurance.

One-half of the severance payment reflected in the second and third bullet points above is to be paid within five business days after the termination date, with the remainder to be paid on the next business day after the six-month anniversary of the termination date.

Change in Control. In the event of any separation of employment with the Company or its successor following a Change in Control, the Company or its successor will pay all costs and expenses arising out of or related to the relocation of Mr. Molina and his family to any location in the mainland United States (or if elected by Mr. Molina, the lump sum cash value thereof). In connection with the Company's pending merger with Safran, Mr. Molina has elected

to receive \$225,000 in lieu of such relocation benefits.

Generally, a Change in Control means:

if any person is or becomes the beneficial owner, directly or indirectly, of securities of the Company representing 50% or more of the combined voting power of the Company's then outstanding securities;

the election to a majority of the seats of the Board of Directors of the Company of candidates who were not proposed by a majority of the Board of Directors in office prior to the time of such election; or

the dissolution or liquidation (partial or total) of the Company or a sale of assets involving fifty percent (50%) or more of the assets of the Company and its subsidiaries taken as a whole (other than the disposition of a subsidiary), or a merger, reorganization or other transaction or series of related transactions pursuant to which the holders, as a group, of all of the shares of the Company outstanding after the merger, reorganization or other transaction hold, as

a group, less than fifty percent (50%) of the shares of the Company outstanding after the merger, reorganization or other transaction.

Death or Disability. Pursuant to Mr. Molina's employment agreement, termination of his employment due to death or disability is equivalent to a Termination Other Than for Cause, and will entitle him to the same benefits listed above under Termination Other Than for Cause.

Mr. D Angelo

Termination of Employment. Mr. D Angelo's employment may be terminated at any time: by the Company for Cause (as defined) or without Cause;

in the event of his death or disability; or

upon his resignation for Good Reason (as defined) or for no reason (defined as a Voluntary Termination).

Termination for Cause and Voluntary Termination. Upon termination for Cause or Voluntary Termination, Mr. D Angelo will be paid:

all accrued but unpaid base salary, and all accrued but unpaid vacation pay to the effective date of termination; and

any benefits due through the date of termination to the extent required under the Company's benefit plans or any reimbursement of expenses incurred as of the effective date of termination in accordance with Company policy.

Generally, Cause means Mr. D Angelo's (i) conviction or entering into a plea of no contest relating to any illegal act that materially and adversely reflects on the business, affairs and reputation of the Company; or (ii) material neglect to discharge his responsibilities as an employee of the Company.

Termination Other Than For Cause: Resignation for Good Reason. If Mr. D Angelo's employment is terminated by the Company, the Company fails to continue his position of Senior Vice President Finance and Chief Accounting Officer, the Company reduces his compensation in bad faith, or the Company changes his job location by more than fifty miles, Mr. D Angelo will be paid:

all earned but unpaid base salary, all awarded but unpaid bonus and all accrued but unpaid vacation pay to the effective date of termination;

an amount equal to 12 months of Mr. D Angelo's base salary in effect at the date of termination;

for a 12-month period, COBRA payments or an amount equivalent to COBRA payments to continue his medical, dental and vision benefits, subject to a shorter period if provided by a successor employer, and premium payments or an amount equivalent to then-existing premiums on Mr. D Angelo's term life insurance. Severance is to be paid through salary continuation under the then current payroll practices.

Change in Control. In the event of any separation of employment with the Company or its successor following a Change in Control, all unvested stock options and restricted stock will accelerate in full.

Generally, a Change in Control shall be deemed to occur:

if any person is or becomes the beneficial owner of securities of the Company representing 50% or more of the combined voting power of the Company's then outstanding securities;

Individuals representing the incumbent board, or individuals approved by a majority of the incumbent board, cease for any reason to constitute at least a majority of the board of directors of the Company;

Approval by the stockholders of a merger or consolidation of the Company (i) other than a merger or consolidation that would result in voting securities outstanding immediately prior thereto continuing to represent more than 50% of the combined voting securities of the Company or such surviving entity immediately prior to such merger or consolidation or (ii) a merger or consolidation effected to implement a

recapitalization of the Company in which no person acquires more than 50% of the company's outstanding voting securities, and

Approval by stockholders of the Company of (i) a complete or substantial liquidation or dissolution of the Company or (ii) the sale or disposition of all or substantially all of the assets of the Company.

The following tables set forth the potential (estimated) payments and benefits to which the Named Executive Officers would be entitled upon termination of employment or following a change in control of the Company, as specified under their employment agreements with the Company.

**Potential Payments and Benefits Upon a Termination of Employment
or a Change in Control of the Company for Mr. LaPenta**

| Executive Payments and Benefits (1) | Termination without Cause or Resignation for Good Reason (2) | Death or Disability | In connection with a Change in Control of the Company (2) |
|--|--|-------------------------------------|--|
| Accelerated vesting: | | | |
| Stock options (3) | \$ 1,117,950 | \$ 1,117,950 | \$ 1,117,950 |
| Restricted stock(3) | \$ 2,715,480 | \$ 2,715,480 | \$ 2,715,480 |
| Severance payment (4) | \$ 1,670,000 | \$ 1,670,000 | \$ 1,670,000 |
| Continued medical and dental coverage | \$ 14,616 | \$ 14,616 | \$ 14,616 |
| Tax liability amount (5) | | | |
| TOTAL: (5) | \$ 5,518,046 | \$ 5,518,046 | \$ 5,518,046 |

- (1) For purposes of this analysis, we have assumed the executive's compensation is as follows: current base salary equal to \$785,000, a targeted annual incentive award opportunity equal to 75% of his base salary, and outstanding stock option awards as reflected in the Outstanding Equity Awards at Fiscal Year-End Table for 2010, on page 24 of this Item 11.
- (2) Assumes the executive's date of termination of employment was December 31, 2010. The market price of the Company's common stock on December 31, 2010 (the last trading date of the fiscal year) was \$11.91 per share. To the extent the market price of the Company's common stock exceeds, or is less than, \$11.91 per share upon an applicable termination of employment, the value of any acceleration of vesting of stock options and restricted stock awards will be correspondingly greater or less, as the case may be. The same benefits and amounts will be payable upon a failure to renew the agreement prior to the expiration of the term of the agreement.
- (3) Represents the excess of \$11.91 over the exercise price of in the money options. For the purposes of this analysis we have assumed the immediate acceleration of all outstanding unvested stock options and the lapse of restrictions on all restricted stock awards upon a change-in-control. All outstanding stock options will remain exercisable for a period of three years from the date of termination of employment, subject to the maximum original term of such options. This extension of the post-termination exercise period has not been separately valued for purposes of this disclosure.
- (4) The amount shown for Severance represents 24 months base salary, plus an amount equal to the bonus paid to Mr. LaPenta for 2009 performance (the last completed fiscal year as of December 31, 2010). However if the Merger is consummated in 2011 the actual payment will be based on the 2010 incentive award of \$206,062 rather than the 2009 incentive award of \$100,000. Fifty percent of this payment is to be made five business days after the termination date, with the remainder to be paid on the next business day following the six month anniversary

of the termination date.

- (5) Assumes a termination of employment without Cause or for Good Reason (each as defined in the employment agreement). Upon an actual termination of employment, tax liability amounts would change to reflect base salary and bonus amounts then applicable, and would reflect the then-applicable value of the accelerated vesting of stock-based awards. The calculation of the potential tax liability amount is based on the value of the accelerated vesting of stock-based awards at a price per share of Company common stock of \$11.91. In addition, for purposes of calculating the potential tax liability we have considered Mr. LaPenta's taxable income for the years 2006 to 2010 as reflected in his W-2, which reflects the impact of the actions taken by the Board at its December 30, 2010 meeting to eliminate the potential tax liability. Had the potential tax liability amount been determined based on Mr. LaPenta's taxable income for the years 2005 to 2009 the hypothetical tax liability amount would have been \$933,813 and the total payments would have been \$6,451,869.

**Potential Payments and Benefits Upon a Termination of Employment
or a Change in Control of the Company for Mr. DePalma**

| Executive Payments and Benefits (1) | Termination without Cause or Resignation for Good Reason (2) | Death or Disability | In connection with a Change in Control of the Company (2) |
|--|---|--------------------------------|--|
| Accelerated vesting: | | | |
| Stock options (3) | \$ 646,725 | \$ 646,725 | \$ 646,725 |
| Restricted stock(3) | \$ 1,592,963 | \$ 1,592,963 | \$ 1,592,963 |
| Severance payment (4) | \$ 845,000 | \$ 845,000 | \$ 845,000 |
| Continued medical and dental coverage | \$ 14,616 | \$ 14,616 | \$ 14,616 |
| Tax liability amount (5) | | | |
| TOTAL:(5) | \$ 3,099,304 | \$ 3,099,304 | \$ 3,099,304 |

- (1) For purposes of this analysis, we have assumed the executive's compensation is as follows: current base salary equal to \$395,000, a targeted annual incentive award opportunity equal to 60% of his base salary, and outstanding stock option awards as reflected in the Outstanding Equity Awards at Fiscal Year-End Table for 2010, on page 24 of this Item 11.
- (2) Assumes the executive's date of termination of employment was December 31, 2010. The market price of the Company's common stock on December 31, 2010 (the last trading date of the fiscal year) was \$11.91 per share. To the extent the market price of the Company's common stock exceeds, or is less than, \$11.91 per share upon an applicable termination of employment, the value of any acceleration of vesting of stock options and restricted stock awards will be correspondingly greater or less, as the case may be. The same benefits and amounts will be payable upon a failure to renew the agreement prior to the expiration of the term of the agreement.
- (3) Represents the excess of \$11.91 over the exercise price of in the money options. For the purposes of this analysis we have assumed the immediate acceleration of all outstanding unvested stock options and the lapse of all restrictions on restricted stock awards upon a change-in-control. All outstanding stock options will remain exercisable for a period of three years from the date of termination of employment, subject to the maximum original term of such options. This extension of the post-termination exercise period has not been separately valued for purposes of this disclosure.
- (4) The amount shown for Severance represents 24 months base salary, plus an amount equal to the bonus paid to Mr. DePalma for 2009 performance (the last completed fiscal year as of December 31, 2010). However if Merger is consummated in 2011 the actual payment will be based on the 2010 incentive award of \$106,500 rather than the 2009 incentive award of \$55,000. Fifty percent of this payment is to be made five business days after the termination date, with the remainder to be paid on the next business day following the six month anniversary of the termination date.
- (5) Assumes a termination of employment without Cause or for Good Reason (each as defined in the employment agreement). Upon an actual termination of employment, tax liability amounts would change to reflect base salary and bonus amounts then applicable, and would reflect the then-applicable value of the accelerated vesting of stock-based awards. The calculation of the potential tax liability amount is based on the value of the accelerated vesting of stock-based awards at a price per share of Company common stock of \$11.91. In addition, for purposes of calculating the potential tax liability amount we have considered Mr. DePalma's taxable income for the years 2006 to 2010 as reflected in his W-2, which reflects the impact of actions taken by the Board at the December 2010 meeting. Had the potential tax liability been determined based on Mr. DePalma's taxable income for the years 2005 to 2009 the hypothetical tax liability amount would have been \$500,966 and the total payments would have been \$3,600,270.

**Potential Payments and Benefits Upon a Termination of Employment

- (1) For purposes of this analysis, we have assumed the executive's compensation is as follows: current base salary equal to \$400,000, a targeted annual incentive award opportunity equal to 60% of his base salary, and outstanding stock option awards as reflected in the Outstanding Equity Awards at Fiscal Year-End Table for 2010 on page 24 of this Item 11.
- (2) Assumes the executive's date of termination of employment was December 31, 2010. The market price of the Company's common stock on December 31, 2010 (the last trading date of the fiscal year) was \$11.91 per share. To the extent the market price of the Company's common stock exceeds, or is less than, \$11.91 per share upon an applicable termination of employment, the value of any acceleration of vesting of stock options and restricted stock awards will be correspondingly greater or less, as the case may be. The same benefits and amounts will be payable upon a failure to renew the agreement prior to the expiration of the term of the agreement.
- (3) Represents the excess of \$11.91 over the exercise price of in the money options. For the purposes of this analysis we have assumed the immediate acceleration of all outstanding unvested stock options and the lapse of all restrictions on restricted stock awards upon a change-in-control. All outstanding stock options will remain exercisable for a period of three years from the date of termination of employment, subject to the maximum original term of such options. This extension of the post-termination exercise period has not been separately valued for purposes of this disclosure.
- (4) The amount shown for Severance represents 24 months base salary, plus an amount equal to the bonus paid to Dr. Atick for 2009 performance (the last completed fiscal year as of December 31, 2010). However if the Merger is consummated in 2011 the actual payment will be based on the 2010 incentive award of \$108,000 rather than the 2009 incentive award of \$50,000. Fifty percent of this payment is to be made five business days after the termination date, with the remainder to be paid on the next business day following the six month anniversary of the termination date.

- (5) Assumes a voluntary termination of employment within 18 months of the Change in Control or a termination without Cause or for Good Reason (each as defined in the employment agreement). Upon an actual termination of employment, tax liability amounts would change to reflect base salary and bonus amounts then applicable, and would reflect the then-applicable value of the accelerated vesting of stock-based awards. The calculation of the potential tax liability amount is based on the value of the accelerated vesting of stock-based awards at a price per share of Company common stock of \$11.91. In addition, for purposes of calculating the potential tax liability we considered Mr. Atick's taxable income for the years 2006 to 2010 as reflected in his W-2. There would have been no change in the potential tax liability amount had Mr. Atick's taxable income been based on the years 2005 to 2009.

| Tax liability amounts (5) | | | |
| TOTAL:(5) | \$ 2,307,266 | \$ 2,307,266 | \$ 2,532,266 |

- (1) For purposes of this analysis, we have assumed the executive's compensation is as follows: current base salary equal to \$345,000, a targeted annual incentive award opportunity equal to 60% of his base salary, and outstanding stock option awards as reflected in the Outstanding Equity Awards at Fiscal Year-End Table for 2010 on page 25 of this Item 11.
- (2) Assumes the executive's date of termination of employment was December 31, 2010. The market price of the Company's common stock on December 31, 2010 (the last trading date of the fiscal year) was \$11.91 per share. To the extent the market price of the Company's common stock exceeds, or is less than, \$11.91 per share upon an applicable termination of employment, the value of any acceleration of vesting of stock options and restricted stock awards will be correspondingly greater or less, as the case may be. The same benefits and amounts will be payable upon a failure to renew the agreement prior to the expiration of the term of the agreement.
- (3) Represents the excess of \$11.91 over the exercise price of in the money options. For the purposes of this analysis we have assumed the immediate acceleration of all outstanding unvested stock options and the lapse of all restrictions on restricted stock awards upon a change-in-control. All outstanding stock options will remain exercisable for a period of three years from the date of termination of employment, subject to the maximum original term of such options. This extension of the post-termination exercise period has not been separately valued for purposes of this disclosure.

- (4) The amount shown for Severance represents 24 months base salary, plus an amount equal to the bonus paid to Mr. Molina for 2009 performance (the last completed fiscal year as of December 31, 2010). However if the Merger is consummated in 2011 the actual payment will be based on the 2010 incentive award of \$93,150 rather than the 2009 incentive award of \$45,000. Fifty percent of this payment is to be made five business days after the termination date, with the remainder to be paid on the next business day following the six month anniversary of the termination date. The severance payments identified above also include a payment of \$225,000 in lieu of certain relocation benefits Mr. Molina would otherwise be entitled to receive upon any separation of employment following the Merger, as further described below.
- (5) Assumes a termination of employment without Cause or for Good Reason (each as defined in the employment agreement). Upon an actual termination of employment, tax liability amounts would change to reflect base salary and bonus amounts then applicable, and would reflect the then-applicable value of the accelerated vesting of stock-based awards. The calculation of the potential tax liability amount is based on the value of accelerated vesting of stock-based awards at a price per share of Company common stock of \$11.91. In addition, for purposes of calculating the potential tax liability we considered taxable income for the years 2006 to 2010 as reported in his W-2, which reflects the impact of the actions taken by the Board at its December 2010 meeting. Had the potential tax liability been calculated based on Mr. Molina's taxable income for the years 2005 to 2009 the hypothetical tax liability would have been \$459,783 and the total payments would have been \$2,992,049.
- (6) In the event of any separation of employment with the Company or its successor following a Change in Control, the Company or its successor will also pay all costs and expenses arising out of or related to the relocation of Mr. Molina and his family to any location in the mainland United States (or if elected by Mr. Molina, the lump sum cash value thereof). Mr. Molina has elected to receive \$225,000 in lieu of relocation benefits in connection with the Merger.

- (2) Assumes the executive's date of termination of employment was December 31, 2010. The market price of the Company's common stock on December 31, 2010 (the last trading date of the fiscal year) was \$11.91 per share. To the extent the market price of the Company's common stock exceeds, or is less than, \$11.91 per share upon an applicable termination of employment, the value of any acceleration of vesting of stock options and restricted stock awards will be correspondingly greater or less, as the case may be.

- (6) Represents long term cash award that accelerates upon change in control. Approximately \$33,333 of such award vested and was paid in February 2011.
- (7) Represents transaction bonus that is contingent on and payable upon consummation of the Merger.

BOARD OF DIRECTORS COMPENSATION

On December 10, 2009 the Board of Directors approved a new annual Board of Directors compensation package effective January 1, 2010. On January 6, 2010 the Board of Directors withdrew and revoked the compensation plan adopted on December 10, 2009 and issued each director 3,000 shares of Company common stock pursuant to the Board's previous annual compensation plan. On February 3, 2010, the Board of Directors, based on the recommendation of the Compensation Committee, adopted a new annual compensation program for all non-employee members of the Board of Directors, effective on that date. Pursuant to the new annual Board of Directors compensation program, the annual base-level total direct compensation (*TDC*) for each non-employee member of the Board of Directors was increased to \$196,000 in 2010, consisting of a \$96,000 annual cash retainer (payable in equal quarterly installments) and \$100,000 in shares of Company common stock. One full board meeting and two committee meetings per quarter (four board and eight committee meetings per annum) are included without additional charge in the cash retainer. The shares of stock included in the TDC are to be granted on the first business day of each calendar year (the exception being February 3, 2010 for 2010) and the per share value of each share of Company common stock is to be based on the closing price per share of the Company common stock on the NYSE on the date of grant.

The following additional compensation for participating in meetings is paid to directors under the Board of Directors annual compensation program: (i) \$2,000 per Board meeting attended beyond the four included in TDC; (ii) \$1,000 per Board committee meeting attended beyond the eight included in TDC; (iii) \$12,500 per annum (payable in equal quarterly installments) for performing as Lead Director; (iv) \$12,500 per annum (payable in equal quarterly installments) for serving as chairman of the Audit Committee; (v) \$7,500 per annum (payable in equal quarterly installments) for serving as chairman of the Compensation Committee; (vi) \$5,000 per annum (payable in equal quarterly installments) for serving as chairman of any other Board committee (currently only Nominating and Corporate Governance Committee and Marketing Committee); (vii) in the event of any dual chairmanship over any Board committee, the relevant fee will be split equally between the dual chairmen. Additionally, no director shall receive compensation for attending telephonic Board meetings of one hour or less, called for the purpose of providing information updates; provided, however, that any such telephonic call requiring the exercise of independent judgment or discussing subjects substantive and material to the management of the Company or requiring a vote will constitute a meeting subject to appropriate notice and Director compensation as described above. Resolution of any issues related to the interpretation or enforcement of the foregoing terms and conditions will be determined by the Nominating and Corporate Governance Committee.

On February 9, 2010, the Board established the Marketing Committee and approved compensation arrangements for attendance of Marketing Committee meetings in the amount of \$1,000 per meeting.

On June 10, 2010, the Board approved compensation arrangements for attendance of Special Committee meetings in the amount of \$2,000 per meeting. The compensation of the Special Committee was not reviewed by the Compensation Committee in light of the charter of the Special Committee as established by the Board.

On July 27, 2010 the Board of Directors approved a litigation reimbursement policy applicable to directors and executive officers in office as of or after the date of the policy, pursuant to which all current and former Board members and former officers of the Company are entitled to receive \$2,500 per diem as compensation for time and services related to appearances or attendance at any third party proceeding (including without limitation, depositions, court appearances and legal proceedings) in any case related to his or her service as Director or officer, as the case may be. Subsequently, the Nominating and Corporate Governance Committee adopted implementing instructions to clarify the policy, including to define "appearance or attendance" as used in the policy to cover interviewing and selection of legal counsel, conferences in person or telephonically in preparation for pending legal activities, attendance or appearances at any formal or informal legal proceeding, and briefing and debriefing by retained legal counsel.

Under the terms of the Merger Agreement, subject to certain exceptions, the Company is restricted from issuing additional shares of stock. In light of these restrictions, in lieu of the restricted stock grant on January 3, 2011, each non-employee director received \$100,000 in cash (not included in the table set forth below).

- (3) Pursuant to the Company's standard non-employee director compensation arrangements in effect for the period January 1, 2010 through February 2, 2010, each non-employee director received an annual stock award of 3,000 shares of the Company's common stock that is payable annually on the first business day of each calendar year. Effective February 3, 2010, the annual base-level TDC for each non-employee member of the Board of Directors includes \$100,000 in shares of Company common stock. The shares of stock included in the TDC is intended to be granted on the first business day of each calendar year and the per share value of each share of Company common stock will be based on the closing price per share of the Company common stock on the NYSE on the date of grant. In recognition that each non-employee member of the Board of Directors received a grant of 3,000 fully vested shares of Company common stock on January 6, 2010, the dollar value of shares granted on January 6, 2010 was deducted from the \$100,000 of shares of Company common stock granted each non-employee director on February 3, 2010, resulting in a grant of 10,417 restricted shares to each non-employee director. The 10,417 restricted shares granted to each non-employee member of the Board will vest over four years at the rate of 25% annually, so that in the ordinary course, such shares become fully vested after four years from the date of the grant. The vesting of all unvested shares of Company common stock granted under this annual compensation program, in the event of a change of control as defined in Mr. LaPenta's employment agreement, as amended and in effect on the grant date, shall be accelerated to the date of the change of control; furthermore, the vesting of shares shall also accelerate on the date a director terminates service with the Company for any reason other than the director's willful engagement in illegal conduct or gross misconduct which is materially injurious to the Company or the director's willful

engagement in a violation of any federal or state securities laws; additionally, on the date a director terminates service with the Company, all previously granted stock options shall continue to be exercisable until the earlier of (A) that date which is five years from the date of departure from the Board, or (B) for any particular stock option, the original expiration date of such stock option grant. The amounts reported in the Stock Awards column represent the aggregate grant date fair value of the fully-vested stock-based award made to the non-employee directors on January 6, 2010 and February 3, 2010 based on the closing sales price per share of the Company's common stock on the NYSE on such date.

- (4) The Company did not grant any stock option awards to non-employee directors in 2010. For a description of our equity award grant practices for directors, see "Long-Term Incentive Awards" in the Compensation Discussion and Analysis on page 17 in Item 11. The aggregate number of shares underlying option awards outstanding as of December 31, 2010 for each of the non-employee directors was as follows:

| Name | Number of Shares | |
|-----------------------|--------------------------------|---------------------------|
| | Underlying Outstanding Options | Number of Shares Unvested |
| B.G. Beck | 13,000 | |
| Milton E. Cooper | 85,140 | |

| Malcolm J. Gudis | 56,760 | |
| John E. Lawler | 49,665 | |

| Harriet Mouchly-Weiss | 32,667 | |
| Peter Nessen | 38,500 | |
| B. Boykin Rose | 25,000 | |

- (5) Per diem compensation for attending, telephonically or in person, briefings or de-briefings by retained counsel pursuant to the Company's director and officer litigation reimbursement policy adopted July 27, 2010 and related implementing instructions.
- (6) During the first quarter of 2011 Directors earned fees for participation in the following meetings: Board of Directors-4 meetings, Audit Committee -2 meetings, Compensation Committee-3 meetings, Nominating and Corporate Governance Committee-1 meeting and Special Committee-8 meetings. In addition, Mr. Nessen participated in two litigation related meetings to which he earned \$5,000 in accordance with the litigation reimbursement policy.

Item 13. Certain Relationships and Related Transactions, and Director Independence
Certain Relationships and Related Transactions

Relationship with L-1 Investment Partners, LLC and Aston Capital Partners, L.P.

Investment in the Company. Aston Capital Partners LP (Aston) is a private investment fund organized as a limited partnership and managed by its general partner, Aston Capital Partners GP LLC and L-1 Investment Partners. On December 16, 2005, we issued and sold to Aston, 7,619,047 shares of our common stock at \$13.125 per share as well as warrants to purchase shares of our common stock, all of which subsequently expired unexercised. Prior to its investment in the Company, the Company had no other relationships with L-1 Investment Partners and its affiliates, except that Messrs. LaPenta and DePalma were individual investors in the Company. Robert LaPenta, James DePalma, Joseph Paresi and Doni Fordyce directly and indirectly hold all the beneficial ownership in the general partner and L-1 Investment Partners. Aston has had the right on two occasions to demand that we file a registration statement covering the resale of the shares of our common stock held by Aston.

Sublease. In connection with the relocation of the corporate headquarters of the Company to the offices of L-1 Investment Partners in Stamford, Connecticut, the Company entered into a sublease with L-1 Investment Partners, pursuant to which the Company will pay the rent and other costs payable by L-1 Investment Partners until the earlier of (i) the expiration or termination of the lease or (ii) unless otherwise agreed to by the Company and L-1 Investment Partners, as promptly as practicable but in no event later than 60 days following the date upon which Mr. LaPenta ceases to be Chief Executive Officer of the Company for any reason. The Company estimates the costs to be approximately \$720,000 per year. The sublease contains standard representations and warranties by both parties. In addition, the Company covenants to maintain the premises in accordance with the lease; maintain the insurance required to be maintained by L-1 Investment Partners under the lease; use the premises only for the purposes expressly permitted under the lease; and be responsible for obtaining and paying the cost for any utilities the offices require, to the extent that such utilities are not provided by the landlord.

Non-competition Agreement. The Company and L-1 Investment Partners are party to a non-compete agreement which among other things, prohibits L-1 Investment Partners and its affiliates from directly advising, performing services for, investing in or entering into any other agreement with any person that competes directly or indirectly with us, which includes without limitation in the world-wide biometric, credentialing and ID management business (other than with respect to investments of L-1 and its affiliates specifically identified in such agreement).

Retention of Stone Key Partners LLC

On February 26 and February 28, 2010, the Company entered into an engagement letter with each of Goldman Sachs & Co. (Goldman) and Stone Key Partners LLC and Hudson Partners Securities LLC (Stone Key), pursuant to which they are acting as financial advisors to the Company in connection with the Company's exploration of strategic alternatives to enhance shareholder value. Both Goldman and Stone Key were selected after a competitive evaluation process involving multiple prospective advisors. In connection with their respective engagements, Goldman and Stone Key are entitled to receive customary fees from the Company. These fees, a substantial portion of which are payable in the event a transaction or transactions are consummated, would be allocated approximately 58% to Goldman and 42% to Stone Key. The aggregate transaction fee payable to the advisors would be 1.2% of the transaction value of which 15% was earned upon the delivery of the fairness opinions and the signing of a definitive transaction agreements, which occurred on September 19, 2010. Accordingly, the Company recorded aggregate liabilities for transaction fees and expenses of \$3.0 million of which \$1.3 million is due to Stone Key. The remainder would be earned upon closing of the Safran and BAE transactions. In addition, Stone Key would be entitled to a reduced fee if the Company receives a break up fee or similar payment in connection with the termination of a signed transaction agreement. Similar features apply to the Goldman engagement fee structure and the Company believes such arrangements are customary. Upon successful completion of the merger transaction with Safran described above, the Company will pay Stone Key and Goldman estimated aggregate transaction fees of \$18.9 million of which \$7.9 million is payable to Stone Key.

Michael J. Urfirer, is a co-owner and co-founder of Stone Key's parent company, is Co-Chairman and Co-CEO of Stone Key, and is also the husband of Doni L. Fordyce, our Executive Vice President of Corporate Communications. Mr. Urfirer has confirmed to the Company that he has no specific interest in any fees paid to Stone

Key attributable to his status as co-owner of Stone Key and its affiliates or otherwise. He will not receive any commission, direct participation or similar payment in connection with Stone Key's receipt of any fees. In his capacity as an employee of Stone Key's parent company, Stone Key Group LLC (SKG), Mr. Urfirer receives a salary from SKG which is not based on fees. In addition, in his capacity as the holder of an interest in SKG, Mr. Urfirer is entitled to a percentage of SKG's profits. The profits interest in SKG held by Mr. Urfirer is not a fixed percentage and will vary based on the revenues and expenses of SKG, the operation of

payment priorities in SKG's LLC Agreement and potential future dilution. Under certain scenarios, Mr. Urfirer's interest in SKG's 2010 profits could be equal to but will in no event exceed 50% and therefore, Mr. Urfirer's share of the fee could approximate \$4.0 million, before considering related operating costs and expenses.

Mr. Urfirer and Stone Key's other Co-Chairman and Co-CEO hold personal investments in Aston Capital Partners, L.P. as minority limited partners. Certain of our executive officers, including Mr. LaPenta, Mr. DePalma, Mr. Paresi and Ms. Fordyce, control Aston Capital Partners, L.P. through their ownership interest in the general partner.

Procedures for Approval of Related Party Transactions

Pursuant to the Company's Nominating and Corporate Governance Committee Charter, the Nominating and Corporate Governance Committee reviews and approves any material transaction between the Company and any director or executive officer of the Company (or any person or entity controlled by or controlling such director or officer, or in which such director or officer has a direct or indirect material financial interest). Prior to approving any such transaction, the Nominating and Corporate Governance Committee considers whether such transaction is in the best interests of the Company. Board Independence Standards for Directors

Pursuant to our Corporate Governance Policy, the Board of Directors is required to affirmatively determine that a majority of our directors are independent under the listing standards of the New York Stock Exchange (*NYSE*), the principal exchange on which our common stock is traded.

During its annual review of director independence, the Board of Directors considers all information it deems relevant, including without limitation, any transactions and relationships between each director or any member of his immediate family and the Company and its subsidiaries and affiliates. The Board of Directors also considers the recommendations of the Nominating and Corporate Governance Committee, which conducts a separate independence assessment of all directors as part of its nomination process for the Board of Directors and its respective committees. The purpose of this review is to determine whether any such relationship or transaction is considered a material relationship that would be inconsistent with a determination that a director is independent. The Board of Directors has not adopted any categorical standards for assessing independence, preferring instead to consider all relevant facts and circumstances in making an independence determination including, without limitation, applicable independence standards promulgated by the NYSE.

As a result of this review, the Board of Directors affirmatively determined that, other than Robert V. LaPenta, all of our directors are independent under the listing standards of the NYSE.
