On August 16, 2001, Wabash National Corporation announced it had substantially completed a comprehensive review of operations and had received approval from its Board of Directors to implement certain restructuring and cost reduction plans. These plans involve consolidating physical facilities and reducing the Company's workforce by approximately 900 employees, as previously discussed on July 24, 2001. The consolidation of physical facilities includes

the closing of its trailer assembly plants in Ft. Madison, IA, and Scott Co., TN, and a parts distribution facility in Montebello, CA. As a result, the Company expects to take a one-time, pre-tax charge of approximately \$40 million during the third quarter of 2001. In addition, the Company plans to immediately implement actions that will result in a substantial reduction of the Company's used trailer inventories. As a result, the Company expects to incur pre-tax losses of approximately \$28 million on the disposal of these used trailers.
