Edgar Filing: LANNETT CO INC - Form 10QSB/A

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(UNAUDITED)

NOTE 1. CONSOLIDATED FINANCIAL STATEMENTS

In the opinion of management, the accompanying unaudited consolidated financial statements contain all adjustments (consisting of only normal recurring adjustments) necessary to present fairly the financial position and the results of operations and cash flows.

The results of operations for the three months ended September 30, 2001 and 2000 are not necessarily indicative of results for the full year.

While the Company believes that the disclosures presented are adequate to make the information not misleading, it is suggested that these consolidated financial statements be read in conjunction with the consolidated financial statements and the notes included in the Company's Annual Report on Form 10-KSB for the year ended June 30, 2001.

NOTE 2. NEW ACCOUNTING STANDARDS

In July 2000, the Company adopted Statement of Financial Accounting Standards (SFAS) No. 133, Accounting for Derivative Instruments and Hedging Activities. This statement establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts (collectively referred to as derivatives), and for hedging activities. It requires that an entity recognize all derivatives as either assets or liabilities in the statement of financial position and measure those instruments at fair value. This statement, as amended by SFAS No. 137, Accounting for Derivative Instruments and Hedging Activities--Deferral of the Effective Date of FASB Statement No. 133, was effective for all fiscal quarters of fiscal years beginning after June 15, 2000. There has been no accounting, or financial effect on the Company for the quarter ended September 30, 2001 with respect to this Statement. The Company will continue to analyze the impact, if any, of adopting SFAS No. 133 will have on its consolidated financial position and results of operations.

On July 20, 2001, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) 141, Business Combinations, and SFAS 142, Goodwill and Intangible Assets. SFAS 141 is effective for all business combinations completed after June 30, 2001. SFAS 142 is effective for fiscal years beginning after December 15, 2001; however, certain provisions of this Statement apply to goodwill and other intangible assets acquired between July 1, 2001 and the effective date of SFAS 142. Major provisions of these Statements and their effective dates for the Company are as follows:

- all business combinations initiated after June 30, 2001 must use the purchase method of accounting. The pooling of interest method of accounting is prohibited except for transactions initiated before July 1, 2001.
- intangible assets acquired in a business combination must be recorded separately from goodwill if they arise from contractual or other legal rights or are separable from the acquired entity and can be sold, transferred, licensed, rented or exchanged, either individually or as part of a related contract, asset or liability
- goodwill, as well as intangible assets with indefinite lives, acquired after June 30, 2001, will not be amortized. Effective July 1, 2002, all previously recognized goodwill and intangible assets with indefinite lives will no longer be subject to amortization.

- effective July 1, 2002, goodwill and intangible assets with indefinite lives will be tested for impairment annually and whenever there is an impairment indicator
- all acquired goodwill must be assigned to reporting units for purposes of impairment testing and segment reporting.

Although it is still reviewing the provisions of these Statements, management's preliminary assessment is that these Statements will not have a material impact on the Company's financial position or results of operations.

NOTE 3. INVENTORIES

Inventories consist of the following:

	September 30, 2001	June 30, 2001
	-----	-----
	(unaudited)	
Raw materials	\$1,351,785	\$1,516,030
Work-in-process	758,624	686,359
Finished goods	800,667	712,992
Packaging supplies	229,356	240,728
	-----	-----
	\$3,140,432	\$3,156,109
	=====	=====

NOTE 4. INCOME TAXES

The provision for federal and state income taxes for the three months ended September 30, 2001 and 2000 was \$491,710 and \$256,885, respectively.

NOTE 5. RELATED PARTY TRANSACTIONS

The Company had sales of approximately \$37,000 and \$16,000 during the three months ended September 30, 2001 and 2000, respectively, to a distributor (the "related party") in which the owner is a relative of the Chairman of the Board of Directors and principal shareholder of the Company. The Company also incurred sales commissions payable to the related party of approximately \$65,000 and \$144,000 during the three months ended September 30, 2001 and 2000, respectively. Accounts receivable includes amounts due from the related party of approximately \$38,000 and \$34,000 at September 30, 2001 and June 30, 2001, respectively. Accrued expenses includes amounts due to the related party of approximately \$13,000 and \$29,000 at September 30, 2001 and June 30, 2001, respectively.

NOTE 6. SETTLEMENT OF LAWSUIT

Edgar Filing: LANNETT CO INC - Form 10QSB/A

Included in other income is \$1,478,277 in income from the settlement of a lawsuit, net of fees, for First Quarter Fiscal 2001. The lawsuit was initiated after a chemical supplier failed to supply the Company with raw material for its manufacturing process, despite the existence of a signed five-year supply contract. Lannett alleged that the breach of contract delayed the introduction of one of its products into the marketplace. Consequently, the Company and the defending party settled the suit out of court. The Company received the proceeds in First Quarter Fiscal 2001. The Company incurred approximately \$300,000 in legal fees relating to the lawsuit. These fees were expensed to operations in Fiscal 2000.

7

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

RESULTS OF OPERATIONS.

In addition to historical information, this Form 10-QSB contains forward-looking information. The forward-looking information contained herein is subject to certain risks and uncertainties that could cause actual results to differ materially from those projected in the forward-looking statements. Important factors that might cause such a difference include, but are not limited to, those discussed in the following section entitled "Management's Discussion and Analysis of Financial Condition and Results of Operations." Readers are cautioned not to place undue reliance on these forward-looking statements, which reflect management's analysis only as of the date of this Form 10-QSB. The Company undertakes no obligation to publicly revise or update these forward-looking statements to reflect events or circumstances which arise later. Readers should carefully review the risk factors described in other documents the Corporation files from time to time with the Securities and Exchange Commission, including the Annual report on Form 10-KSB filed by the Corporation in Fiscal 2001, and any Current Reports on Form 8-K filed by the corporation.

RESULTS OF OPERATIONS -THREE MONTHS ENDED SEPTEMBER 30, 2001 COMPARED WITH THREE MONTHS ENDED SEPTEMBER 30, 2000.

Net sales for the three months ended September 30, 2001 ("First Quarter Fiscal 2002") increased by 130.9% to \$4,072,832 from net sales of \$1,763,965 for the three months ended September 30, 2000 ("First Quarter Fiscal 2001"). Sales increased during First Quarter Fiscal 2002 as a result of higher sales of the Company's prescription (Rx) line of products, including Primidone 50 mg tablets, which was first marketed in May of 2001, offset by a slight decrease in over-the-counter (OTC) product sales. This increase is due to improvements in the Company's promotional activities for its niche line of products, which are sold to distributors, wholesalers and retail chains throughout the nation. Rx sales increased by approximately \$2,575,000 from First Quarter Fiscal 2001 to First Quarter Fiscal 2002. OTC product sales decreased by approximately \$266,000 from First Quarter Fiscal 2001 to First Quarter Fiscal 2002. This decrease in OTC sales is a result of increased competition.

Edgar Filing: LANNETT CO INC - Form 10QSB/A

Cost of sales increased by 33.2%, to \$1,546,444 in First Quarter Fiscal 2002 from \$1,160,879 in First Quarter Fiscal 2001. The cost of sales increase is due to an increase in direct variable costs, including raw materials and labor, related to the increase in sales from the First Quarter Fiscal 2001 to the First Quarter Fiscal 2002. Gross profit margins for First Quarter Fiscal 2002 and First Quarter Fiscal 2001 were 62.0% and 34.2%, respectively. The increase in the gross profit percentage is due to the product sales mix, and a higher absorption of fixed overhead and production costs.

Selling, general and administrative expenses increased by 61.2% to \$665,304 in First Quarter Fiscal 2002 from \$412,628 in First Quarter Fiscal 2001. This increase is a result of an increase in commissions to sales representatives for incremental sales programs.

As a result of the foregoing, the Company reported an operating profit of \$1,514,280 for First Quarter Fiscal 2002, as compared to an operating loss of \$155,022 for First Quarter Fiscal 2001.

8

Included in other income is \$1,478,277 in income from the settlement of a lawsuit, net of fees, for First Quarter Fiscal 2001. The lawsuit was initiated after a chemical supplier failed to supply the Company with raw material for its manufacturing process, despite the existence of a signed five-year supply contract. Lannett alleged that the breach of contract delayed the introduction of one of its products into the marketplace. Consequently, the Company and the defending party settled the suit out of court. The Company received the proceeds in First Quarter Fiscal 2001. The Company incurred approximately \$300,000 in legal fees relating to the lawsuit. These fees were expensed to operations in Fiscal 2000.

The Company's interest expense decrease from \$208,536 in First Quarter Fiscal 2001 to \$121,298 in First Quarter Fiscal 2002 as a result of principal repayments, and reduced interest rates.

The Company's income tax expense increased from \$256,885 in First Quarter Fiscal 2001 to \$491,710 in First Quarter Fiscal 2002 as a result of the increase in taxable income.

The Company reported net income of \$913,175 for First Quarter Fiscal 2002, \$0.07 basic income per share, \$0.07 on a diluted basis, compared to net income of \$887,356 for First Quarter Fiscal 2001, \$0.07 basic income per share, \$0.07 on a diluted basis.

LIQUIDITY AND CAPITAL RESOURCES -

Net cash provided from operating activities of \$2,801,086 during First Quarter Fiscal 2002 was attributable to net income of \$913,175 as adjusted for the effects of non-cash items of \$688,184 and changes in operating assets and liabilities totaling \$1,199,727. Significant changes in operating assets and liabilities are comprised of: i) a decrease in accounts receivable of \$1,716,221 due to the timing of cash payments for sales which occurred at the end of the prior quarter, and ii) a decrease in accounts payable of \$416,151 due to

Edgar Filing: LANNETT CO INC - Form 10QSB/A

payments for increased operational expenses, such as raw materials, incurred as a result of increased sales levels.

The net cash used in investing activities consisted of \$539,835 expended during First Quarter Fiscal 2002 for equipment, and building additions. The Company has budgeted for \$1,300,000 in capital expenditures in Fiscal 2002. The anticipated additional capital expenditure requirements will support the Company's growth related to new product introductions. As of September 30, 2001, approximately \$927,000 from the proceeds of the bonds issued during Fiscal 1999 was available in financing restricted for certain future capital expenditures.

The Company has a \$4,250,000 revolving line of credit from a shareholder who is also the Chairman of the Board ("Shareholder Line of Credit"). At September 30, 2001, the Company has \$2,975,000 outstanding and \$1,275,000 available under this line of credit. The maturity date on the Shareholder Line of Credit was extended to December 1, 2001. Accrued interest at September 30, 2001, and June 30, 2001 was \$0.

In April 1999, the Company entered into a loan agreement (the "Agreement") with a governmental authority (the "Authority") to finance future construction and growth projects of the Company. The Authority has issued \$3,700,000 in tax-exempt variable rate demand and fixed rate revenue bonds to provide the funds to finance such growth projects pursuant to a trust indenture (the "Trust Indenture"). A portion of the Company's proceeds from the bonds was used to pay for bond issuance costs of approximately \$170,000. The remainder of the proceeds were deposited into a money market account, which is restricted for future plant and equipment needs of the Company as specified in the Agreement. The Agreement requires the Company to repay the

9

Authority loan through installment payments beginning in May 2003 and continuing through May 2014, the year the bonds mature. At September 30, 2001, the Company had approximately \$3,700,000 outstanding on the Authority loan, of which \$3,697,685 is classified as a long-term liability. In April 1999, an irrevocable letter of credit of \$3,770,000 was issued by a bank to secure payment of the Authority Loan and a portion of the related accrued interest. At September 30, 2001, no portion of the letter of credit has been utilized.

In April 1999, the Company authorized and directed the issuance of \$2,300,000 in taxable variable rate demand and fixed rate revenue bonds pursuant to a trust indenture between the Company and a bank as trustee (the "Trust Indenture"). From the proceeds of the bonds, \$750,000 was utilized to pay deferred interest owed to the principal shareholder of the Company and approximately \$1,440,000 was paid to a bank to refinance a mortgage term loan and equipment term loans. The remainder of the proceeds was used to pay bond issuance costs of approximately \$109,000. The Trust Indenture requires the Company to repay the bonds through installment payments beginning in May 2000 and continuing through May 2003, the year the bonds mature. At September 30, 2001, the Company had \$726,015 outstanding on the bonds, which is classified as currently due. In April 1999, an irrevocable letter of credit of approximately \$2,349,000 was issued by a bank to secure payment of the bonds and a portion of the related accrued interest. At September 30, 2001 no portion of the letter of credit has been utilized.

The Company has a \$2,000,000 line of credit from a bank. The line of credit is due November 30, 2001, at which time the Company expects to renew and extend the due date. The line of credit is limited to 80% of qualified accounts

Edgar Filing: LANNETT CO INC - Form 10QSB/A

receivable and 50% of qualified inventory. At September 30, 2001, the Company had \$812,132 outstanding and \$1,187,868 available under the line of credit.

The Company believes that cash generated from its operations and the balances available under the Company's existing loans and lines of credit as of September 30, 2001, are sufficient to finance its level operations and currently anticipated capital expenditures.

Except as set forth in this report, the Company is not aware of any trends, events or uncertainties that have or are reasonably likely to have a material adverse impact on the Company's short-term or long-term liquidity or financial condition.

PROSPECTS FOR THE FUTURE

As of September 30, 2001, twenty additional products are currently under development. Two of these products are being developed and manufactured for another company; and the other eighteen products are being developed as part of the Lannett product line. Four of the Lannett products have been redeveloped and submitted to the Food and Drug Administration ("FDA") for supplemental approval. Seven additional products represent previously approved Abbreviated New Drug Applications ("ANDA's") which the Company is planning to reintroduce. The other seven Lannett products represent new products that the Company is planning to introduce. Since the Company has no control over the FDA review process, management is unable to anticipate whether or when it will be able to begin producing and shipping additional products

10

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Regulatory Proceedings. The Company is engaged in an industry which is subject to considerable government regulation relating to the development, manufacturing and marketing of pharmaceutical products. Accordingly, incidental to its business, the Company periodically responds to inquiries or engages in administrative and judicial proceedings involving regulatory authorities, particularly the FDA and the Drug Enforcement Agency.

Employee Claims. A claim of retaliatory discrimination has been filed by a former employee with the Pennsylvania Human Relations Commission ("PHRC"), and the Equal Employment Opportunity Commission ("EEOC"). The Company has denied liability in this matter. The PHRC has made a determination that the complaint against the Company should be dismissed because the facts do not establish probable cause of the allegations of discrimination. The matter is still pending before the EEOC. At this time, management is unable to estimate a range of loss, if any, related to this action. However, management believes that the outcome will not have a material adverse impact on the financial position of the Company.

Edgar Filing: LANNETT CO INC - Form 10QSB/A

Additionally, two separate claims of discrimination have been filed against the Company with the PHRC and the EEOC. The Company was notified of the Complaints in June 2001 and July 2001, respectively. The Company has filed answers with the PHRC and EEOC denying the allegations. The PHRC and the EEOC are investigating the claims pursuant to their normal procedures. At this time, management is unable to estimate a range of loss, if any, related to these actions. However, management believes that the outcomes will not have a material adverse impact on the financial position of the Company.

DES Cases. The Company is currently engaged in several civil actions as a co-defendant with many other manufacturers of Diethylstilbestrol ("DES"), a synthetic hormone. Prior litigation established that the Company's pro rata share of any liability is less than one-tenth of one percent. The Company was represented in many of these actions by the insurance company with which the Company maintained coverage during the time period that damages were alleged to have occurred. The insurance company denied coverage of actions filed after January 1, 1992. With respect to these actions, the Company paid nominal damages or stipulated to its pro rata share of any liability. The Company has either settled or is currently defending over 500 such claims. At this time, management is unable to estimate a range of loss, if any, related to these actions. However, management believes that the outcomes will not have a material adverse impact on the financial position of the Company.
