PROXY STATEMENT

Edgar Filing: HCC INSURANCE HOLDINGS INC/DE/ - Form DEF 14A

ANNUAL MEETING OF SHAREHOLDERS
MAY 15, 2003

INFORMATION CONCERNING SOLICITATION AND VOTING

This Proxy Statement is first being mailed on or about April 25, 2003 to Shareholders of HCC Insurance Holdings, Inc. ("HCC" or the "Company"), in connection with the solicitation by the Board of Directors of the Company of proxies to be voted at the Annual Meeting of Shareholders to be held on Thursday, May 15, 2003, at 8:30 a.m. Houston time, at The InterContinental Houston, 2222 West Loop South, Houston, Texas 77027, or any postponement or adjournment thereof (the "Meeting"). A Shareholder giving a proxy has the power to revoke the proxy at any time before it is exercised. Such right of revocation is not limited by or subject to compliance with any formal procedure.

The cost of soliciting proxies will be borne by the Company. Copies of solicitation material may be furnished to brokers, custodians, nominees and other fiduciaries for forwarding to beneficial owners of shares of the Company's Common Stock, and normal handling charges may be paid for such forwarding service. Solicitation of proxies may be made by mail, personal interview, telephone and facsimile by officers and other management employees of the Company, who will receive no additional compensation for their services. It is contemplated that additional solicitation of proxies will be made in the same manner under the engagement and direction of Georgeson Shareholder Communications, Inc., 111 Commerce Road, Carlstadt, New Jersey 07072-2586 at an anticipated cost of \$7,000 plus reimbursement of out-of-pocket expenses.

Only Shareholders of record on April 3, 2003 (the "Record Date") will be entitled to vote at the Meeting, and each share will have one vote. At the close of business on the Record Date, there were 62,692,899 shares of the Company's Common Stock outstanding and entitled to vote at the Meeting.

A majority of the outstanding shares of the Company's Common Stock, represented in person or by proxy will constitute a quorum at the Meeting. The election of Directors will be determined by a plurality of the votes cast if a quorum is present. The Board of Directors does not anticipate calling for a vote on any matter other than those described herein.

Abstentions and broker non-votes are each included in the determination of the number of shares present and voting for purposes of determining the presence of a quorum. Each is tabulated separately. A proxy submitted by a Shareholder may indicate that all or a portion of the shares represented by such proxy are not being voted by such Shareholder with respect to a particular matter. This may occur, for example, when a broker is not permitted to vote stock held in street name on certain matters in the absence of instructions from the beneficial owner of the stock. The shares subject to any such proxy which are not being voted with respect to a particular matter (the "Non-Voted Shares") will be treated as shares not present and entitled to vote on such matter, although such shares may be considered present and entitled to vote for other purposes and will count for purposes of determining the presence of a quorum. Shares voted to abstain as to a particular matter will not be considered Non-Voted Shares. The election of Directors requires a plurality of the shares. Thus, abstentions and Non-Voted Shares will not affect the outcome of the election of Directors.

The Nominating and Corporate Governance Committee met one time in 2002.

COMPENSATION OF DIRECTORS

A Director who is an employee of the Company is not compensated for services rendered as a member of the Board of Directors or any committee of the Board of Directors. Prior to August, 2002, the Nonemployee Directors received cash compensation consisting of a fee of \$3,500 for each meeting of the Board of Directors attended and \$1,000 for each teleconference meeting of the Board of Directors in which they participated. An additional fee of \$1,000 was paid to each Nonemployee Director committee member and \$2,000 was paid to the committee chairman for each Audit, Compensation or Investment and Finance Committee meeting attended. Nonemployee Directors receive cash compensation of \$500 for committee members and \$1,000 for the committee chairman for each teleconference committee meeting in which they participate. In August, 2002, the Board of Directors adjusted the meeting fees paid to its Nonemployee Director members for Board of Director and committee meetings in accordance with the following table:

The Company also reimburses its Directors for travel, lodging and related expenses incurred in attending Board or committee meetings. During January 2002, each Nonemployee Director serving at that time received an option to purchase 12,500 shares of the Company's Common Stock at an exercise price of \$25.20 per share under the Company's 2001 Flexible Incentive Plan. In November, 2002, Michael A. F. Roberts received an option to purchase 35,000 shares of the

Edgar Filing: HCC INSURANCE HOLDINGS INC/DE/ - Form DEF 14A

Company's Common Stock under that plan at an exercise price of \$24.92 per share in connection with his appointment to Board of Directors.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During 1997, the Company committed to make a \$5.0 million investment as a limited partner in Century Capital Partners II, Ltd. (the "Partnership"), an investment partnership which specializes in investing in small and start-up financial services companies. Mr. Fulkerson, a Director of the Company, is a managing member of CCP Capital II, LLC, the Partnership's general partner and a director, shareholder and President of Century Capital Management, Inc., the investment advisor to the Partnership. As of

8

December 31, 2002, \$4.8 million had been invested under this commitment. In addition, in January 2002, the Company invested \$5.0 million as a preferred shareholder in CenCo Investment LLC, an entity in which the Partnership holds the common shares and for which Mr. Fulkerson serves as a Director.

The Company holds a 20% interest in FRI Holdings, Inc. ("FRI"), an entity in which Mr. Frank, a Director of the Company who is not standing for reelection, is the controlling shareholder. FRI holds a 17% interest in FileControl, Inc., an entity in which Mr. Frank owns a 17% interest and of which he is a co-founder and Chairman. The Company previously made an additional aggregate \$1,035,000 investment in FileControl, Inc. During 2002, the Company wrote off the entire amount of its interest in FRI and such investment in FileControl, Inc.

In June, 1994, the Company entered into an arrangement with an entity owned by the Chairman, Mr. Way, pursuant to which the Company leases equipment for providing transportation services to employees, Directors and clients of the Company. The Company, however, provides its own employees to operate the equipment and pays all related operating expenses. During 2002, the Company paid \$1.2 million in lease payments to this entity.

In the opinion of management, the terms of the above arrangements are fair and reasonable and as favorable to the Company as could have been obtained from an unrelated party.

The Company has entered into employment agreements with each of Messrs. Way, Kelbel, Schell, Ellis and Martin. A summary of the principal terms of such employment agreements is included under the caption "Employment Agreements" below.

There are no family relationships among the Executive Officers and Directors, and there are no arrangements or understandings between any Nonemployee Director or any other person pursuant to which that Nonemployee Director was selected as a Director. The Company has agreed under the employment agreement with Mr. Way to use its best efforts to ensure that Mr. Way is named as a Director and Executive Chairman of the Board of Directors.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's Directors and Executive Officers and persons who own more than 10% of a registered class of the Company's equity securities to file initial reports of ownership and changes in ownership with the SEC. Such officers, Directors and Shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based upon a review of the copies of such forms furnished to the Company and written representations from the Company's

Edgar Filing: HCC INSURANCE HOLDINGS INC/DE/ - Form DEF 14A

Directors and Executive Officers, all persons subject to the reporting requirements of Section 16(a) filed all required reports on a timely basis, with the exception of Mr. Dickerson, a Director, who did not report the sale of shares related to an option exercise within the prescribed time period. Such transaction has since been reported.

STOCK OPTIONS

The following table provides details regarding stock options granted to the Named Executive Officers during 2002. In addition, in accordance with SEC rules, there are shown the hypothetical gains or "option spreads" that would exist for the respective options. The gains are based on assumed rates of annual compounded growth in stock price of 5% and 10% from the date the options were granted over the full option term. The actual value, if any, an executive may realize will depend on the spread between the market price and the exercise price on the date the option is exercised. The 5% and 10% assumed rates of growth are for illustrative purposes only. They are not intended to predict future stock prices, which will depend on market conditions and other factors such as the Company's performance.

(1) Potential gains are net of the exercise price, but before taxes associated with the exercise. These amounts represent certain assumed rates of appreciation only, based on SEC rules. Actual gains, if any, on stock option exercises are dependent on the future performance of the Common Stock, overall market conditions and the option holders' continued employment through the vesting period. The amount reflected in this table may not necessarily be achieved. Amounts shown under the "Potential Realizable Value" columns have been calculated by multiplying the exercise price by the annual appreciation rate shown (compounded for the term of the options), subtracting the exercise price per share and multiplying the gain per share by the number of shares covered by the options.

STOCK OPTION EXERCISES AND HOLDINGS

The following table shows stock options exercised by the Named Executive Officers during 2002, including the aggregate value of gains on the date of exercise. In addition, this table includes the number of shares covered by both exercisable and non-exercisable stock options as of the end of 2002. Also

reported are the values for "in-the-money" options which represent the positive spread between the exercise price of any such existing stock option and the year-end price of the Company's Common Stock.

The agreement further provides that, upon its termination, Mr. Kelbel will serve the Company as a consultant for a period of time equal to the number of years Mr. Kelbel was employed by the Company after 2002 and receive \$50,000 per year as a consulting fee. The Company's obligation to pay Mr. Kelbel's consulting fee will not terminate upon his death or disability. Mr. Kelbel's rights upon termination are similar to those provided to Mr. Way. REPORT OF THE COMPENSATION COMMITTEE

Until November 2002, the Compensation Committee (the "Committee") consisted of Marvin P. Bush, James R. Crane and Walter J. Lack (Chairman). In November 2002, Michael A. F. Roberts was appointed to fill Mr. Bush's seat on the Compensation Committee.

All decisions by the Committee relating to the compensation of the Company's Executive Officers are reviewed by the full Board of Directors. The philosophy of the Company's compensation program is to employ, retain and reward executives capable of leading the Company in achieving its business objectives. These objectives include creating and then preserving strong financial

Edgar Filing: HCC INSURANCE HOLDINGS INC/DE/ - Form DEF 14A

performance, increasing the assets of the Company, positioning the Company's assets and business operations in geographic markets and industry segments offering long-term growth opportunities, enhancing shareholder value and ensuring the survival of the Company. The accomplishment of these objectives is measured against conditions prevalent in the industry within which the Company operates.

The Committee's executive compensation policies are intended to provide competitive levels of compensation in order to attract and retain qualified executives. The forms of executive compensation utilized during 2002 by the Committee include base salary, cash bonus awards and stock options. Performance of the Company is a key consideration for the Committee in considering executive compensation matters. The Company's compensation policy recognizes, however, that stock price performance is only one measure of performance and, given industry business conditions and the long-term strategic direction and goals of the Company, it may not necessarily be the best current measure of executive performance. Therefore, the Company's compensation policy also gives consideration to the Company's achievement of business objectives when determining executive compensation.

The Committee has, with the approval of the full Board of Directors, determined that the interests of the Company and its shareholders are best served by the Company's entering into multi-year employment agreements with certain executive officers, including the Chief Executive Officer and the Named Executive Officers. A summary of the principal terms of such employment agreements is included under the caption "Employment Agreements" above. The Committee believes that such multi-year employment arrangements benefit the Company and its Shareholders by permitting the Company to attract and retain Executive Officers with demonstrated leadership abilities and to secure the services of such Executive Officers at agreed upon terms over an extended period of time. The compensation payable to the subject Executive Officers pursuant to the employment agreements is consistent with the compensation policies of the Company as established by the Committee.

Compensation paid to Executive Officers is based upon a company-wide salary structure consistent for each position relative to its authority and responsibility compared to industry peers. Stock option awards have historically been used to reward Executive Officers and to retain them through the potential of capital gains and equity buildup in the Company. In 2002, the number of stock options granted, whether in conjunction with a written employment agreement or otherwise, was determined by the subjective evaluation by the Committee of the executive's ability to influence the Company's long term growth and profitability. The Board of Directors believes the award of equity-based incentives such as stock options represents an effective incentive to create value for the Shareholders.

In 2002, the Committee reviewed base salary and annual bonus recommendations made by the Chief Executive Officer based upon his assessment of the performance of individual executive officers and his assessment of each executive officer's past performance and expectation as to future contributions. The Chief Executive Officer and other Executive Officers also made recommendations to the Committee concerning the grant of stock options to other officers.

Section 162(m) of the Internal Revenue Code of 1986 (the "Code"), generally disallows a tax deduction to public companies for compensation over \$1.0 million paid to the corporation's Chief Executive Officer and the four other most highly compensated executive officers.

Section 162(m) further provides that qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. The Company currently intends to structure grants

under future stock option plans in a manner that complies with this statute. The Company does not currently intend to structure the discretionary annual bonus for Executive Officers to comply with Section 162(m). Such bonuses do not meet Section 162(m)'s requirement that they be "payable solely on account of the attainment of one or more performance goals." Therefore, the Committee believes the annual discretionary bonuses, as currently structured, better serve the interests of the Company's Shareholders by allowing broader discretion in recognizing an Executive Officer's contribution and performance.

In connection with the compensation of the Company's Executive Officers, the Committee is aware of Section 162(m) of the Code as it relates to deductibility of qualifying compensation paid to Executive Officers. The Committee is aware that the compensation paid in 2002 exceeded the deductibility limitations on non-excluded compensation to certain of the Company's Executive Officers.

CHIEF EXECUTIVE OFFICER COMPENSATION

As referenced above, the Company has entered into an employment agreement with Mr. Way upon terms approved by the Committee, pursuant to which Mr. Way would serve as Executive Chairman of the Board of Directors and Chief Executive Officer of the Company. A summary of the principal terms of Mr. Way's employment agreement is included under the caption "Employment Agreements" above. The Committee determined that Mr. Way would be paid a bonus of \$1,250,000 for 2002. The Committee believes the Chief Executive Officer's cash compensation for 2002, and as contemplated by the employment agreement, is warranted by the Company's continuing performance and the substantial growth and diversification of the Company's operations experienced by the Company under his leadership. The Committee notes that 2002 represented a record year for the Company in terms of both its total revenues and net earnings. The Company's underwriting experience continues to be exceptional and during the period 1998 through 2001, the Company had an average statutory combined ratio of 103.2% versus the less favorable 109.8% (source: A.M. Best Company, Inc.) recorded by the U.S. property and casualty insurance industry overall. During the period 1998 through 2002, the Company's gross written premium increased from \$498.3 million to \$1.2 billion, an increase of 133%, while net written premium increased 348% from \$121.9 million to \$545.9 million. During this period, Company revenues increased from \$310.4 million to \$669.4 million, an increase of 116%. Additionally, during the same period, the Company's Shareholders' equity increased from \$440.4 million to \$882.9 million, a 100% increase, and the Company's assets increased from \$1.7 billion to \$3.7 billion, a 117% increase. In addition, during 2002, the Company completed the acquisition of two underwriting agency operations and a European insurance company, which were intended to provide a further diversification of the Company's business and to present opportunities for future growth.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is composed of three independent directors and acts under a written charter adopted by the Board of Directors, which was attached to

Edgar Filing: HCC INSURANCE HOLDINGS INC/DE/ - Form DEF 14A

the Company's Proxy Statement for the May 24, 2001 Annual Meeting of Shareholders. During 2002, the Audit Committee consisted of Patrick B. Collins, J. Robert Dickerson (Chairman) and James C. Flagg. The Audit Committee is responsible for overseeing the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee meets periodically with management, the internal auditors and the independent auditors regarding accounting policies and procedures, audit results and internal accounting controls. The internal auditors and the independent auditors have free access to the Audit Committee without management's presence, to discuss the scope and results of their audit work. The Company's management is primarily responsible for the Company's financial statements and the quality and integrity of the reporting process, including the systems of internal controls. The independent auditors, PricewaterhouseCoopers LLP, are responsible for auditing the Company's financial statements and for expressing its opinion on the conformity of the financial statements with accounting principles generally accepted in the United States.

In fulfilling its oversight responsibilities, the Audit Committee has reviewed and discussed the audited financial statements for the year ended December 31, 2002, with the Company's management and representatives of the independent auditors. The Audit Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended. In addition, the Audit Committee discussed with the independent auditors their independence from the Company and its management, including the matters in the written disclosures required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has received from PricewaterhouseCoopers the written disclosure required by Standard No. 1. The Audit Committee has considered the compatibility of the non-audit services rendered by PricewaterhouseCoopers, primarily actuarial, tax consulting and auditing of the statutory financial statements of the Company's insurance company subsidiaries, with the auditors' independence.

PricewaterhouseCoopers audited the accounts of the Company and its subsidiaries for the fiscal year ended December 31, 2002. It has served as the Company's auditors since 1987. Representatives of PricewaterhouseCoopers are expected to be present at the Annual Meeting and will have opportunity to make a statement and respond to questions.

AUDIT FEES

During the year ended December 31, 2002, the aggregate fees billed by PricewaterhouseCoopers for the audit of the Company's financial statements for such year and for its review of the Company's interim financial statements was \$497,418.

ALL OTHER FEES

During the year ended December 31, 2002, the aggregate fees billed by PricewaterhouseCoopers for professional services other than audit work was \$1,070,857. Such aggregate amount represented fees of \$570,100 for required regulatory, statutory audits and loss-reserve certifications and employee-benefit work, \$329,408 for tax consulting and \$ 171,349 for professional services rendered in connection with the Company's registration statements and other matters.

The Audit Committee has determined that the rendering of the above-mentioned non-audit services by PricewaterhouseCoopers was compatible with maintaining the auditor's independence.

Edgar Filing: HCC INSURANCE HOLDINGS INC/DE/ - Form DEF 14A

In reliance upon its review of the audited financial statements and the discussion referred to above, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002, for filing with the SEC.

PERFORMANCE GRAPH

The following graph shows a comparison of cumulative total returns for an investment of \$100 made on December 31, 1997 in the Common Stock of the Company, the Standard & Poor's 400 Midcap Index and the Standard & Poor's Super Composite Insurance Index. During 2002, the Company utilized the Standard & Poor's 400 Midcap Insurance Index in the preparation of its Performance Graph and such index is included below for reference. The Company has determined to replace the Standard & Poor's Midcap Insurance Index with the Standard & Poor's Super Composite Index, as it is the Company's view that such index represents a more complete overview of the relative performance of all insurance industry participants, irrespective as to their size. The graph assumes that all dividends were reinvested.
