Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

In response to recent comments from the Staff of the Securities and Exchange Commission in connection with a customary review of our 2004 Form 10-K, we reevaluated our presentation of certain floorplan notes payable information. As a result of this reevaluation, on January 30, 2006, our management and the Audit Committee of our Board of Directors concluded to amend and restate our 2004 Form 10-K and our September 30, 2005 Form 10-Q to appropriately reflect certain floorplan notes payable information in conformity with Statement of Financial Accounting Standards No. 95 Statement of Cash Flows (SFAS No. 95). This change in presentation has no effect on previously reported consolidated net income, earnings per share, total assets or liabilities, stockholders' equity, total cash flows, or our conclusion that our disclosure controls and procedures were effective as reflected in any of the Company's previously issued financial statements. These amendments were filed today.

We finance substantially all of our new and a portion of our used vehicle inventories under revolving credit arrangements with a syndicated lending group (which includes both lenders affiliated with manufacturers of new vehicles and non-affiliated lenders) and, for certain new vehicle models, with lenders affiliated with the manufacturers of those vehicles. Consistent with industry practice, we previously reported all amounts outstanding under the caption Floorplan notes payable in our consolidated balance sheets and substantially all cash flows arising in connection with changes in floorplan notes payable as an item of cash flows from operating activities in our consolidated statements of cash flows.

The amendments filed today revise our consolidated balance sheets to reflect floorplan notes payable to the syndicated lending group separately from floorplan notes payable to lenders affiliated with manufacturers. We have also revised our consolidated statements of cash flows to reflect borrowings and repayments from the syndicated lending group as an item of cash flows from financing activities with gross borrowings reflected separately from gross repayments. In light of the foregoing, the financial statements included in our 2004 Form 10-K and related reports of our independent registered public accounting firm, and the financial statements included in our September 30, 2005 Form 10-Q, should no longer be relied upon. A summary of the significant effects of the restatement of the Company's financial statements for the fiscal years ended December 31, 2004, 2003 and 2002 are as follows:

A reconciliation of previously reported amounts to the restated amounts with respect to the quarterly numbers for the periods ended September 30, 2005, are included in the Company's restated Form 10-Q for such period filed today.
