When and Where Is the Annual Meeting?

Date: Thursday, April 24, 2008

What Is the Purpose of the Annual Meeting?

At our Annual Meeting, shareholders will act upon matters outlined in the accompanying Notice of Annual Meeting. In addition, our management will report on the performance of the Company during calendar year 2007.

Who Is Entitled to Vote?

Only shareholders of record at the close of business on the record date, March 7, 2008, are entitled to receive the Notice of Annual Meeting and to vote the shares of common stock that they held on that date at the

Meeting or at any postponement or adjournment of the Meeting. Each outstanding share entitles its holder to cast one vote on each matter to be voted on.

Who Can Attend the Meeting?

All shareholders as of the record date, or their duly appointed proxies, may attend the Meeting, and each may be accompanied by one guest. Seating is limited and will be on a first-come, first-served basis. Registration will begin at 5:30 p.m., and seating will be available at approximately 6:00 p.m.

No cameras, electronic devices, large bags, briefcases or packages will be permitted at the Meeting.

Please note that if you hold your shares in street name (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date and check in at the registration desk at the Meeting.

What Constitutes a Quorum?

The presence at the Meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum, permitting the Company to conduct its business. As of the record date, 18,334,378 shares of common stock of the Company were outstanding. Proxies received, but marked as abstentions and broker non-votes, will be included in the calculation of the number of shares considered to be present at the Meeting.

Can a Shareholder Nominate a Director?

The Nominating and Corporate Governance Committee of the Board of Directors will consider a candidate properly and timely recommended for directorship by a shareholder or group of shareholders of the Company. The recommendation must be submitted by one or more shareholders that have beneficially owned, individually or as a group, 2% or more of the outstanding common stock for at least one year as of the date the recommendation is submitted. Shareholder recommendations must be submitted to the Secretary of the Company in writing via certified U.S. mail not less than 120 days prior to the first anniversary of the date of the Proxy Statement relating to the Company's previous Annual Meeting. Home BancShares, Inc.
Attn: Corporate Secretary
P.O. Box 966
Conway, Arkansas 72033

DIRECTOR CANDIDATE RECOMMENDATION

Generally, candidates for a director position should possess:

relevant business and financial expertise and experience, including an understanding of fundamental financial statements;

the highest character and integrity and a reputation for working constructively with others;

sufficient time to devote to meetings and consultation on Board matters; and

freedom from conflicts of interest that would interfere with their performance as a director.

The full text of our Policy Regarding Director Recommendations by Stockholders and Nominating and Corporate Governance Committee Directorship Guidelines and Selection Policy are published on our website at www.homebancshares.com and can be found under the caption Investor Relations / Corporate Profile / Governance Documents.

How Can I Communicate Directly with the Board?

Shareholder communications to the Board of Directors, any committee of the Board of Directors, or any individual director must be sent in writing via certified U.S. mail to the Corporate Secretary at the following address:

Home BancShares, Inc.
Attn: Corporate Secretary
P.O. Box 966
Conway, Arkansas 72033

Our Stockholder Communications Policy is published on the Company's website at www.homebancshares.com and can be found under the caption Investor Relations / Corporate Profile / Governance Documents.

How Do I Vote?

The enclosed proxy card indicates the number of shares you own. There are four ways to vote:

By Internet at www.investorvote.com ; we encourage you to vote this way.

By toll-free telephone at the number shown on your proxy card.

By completing and mailing your proxy card.

By written ballot at the Meeting.

If you vote by Internet or telephone, your vote must be received by 1:00 a.m. on April 24, 2008. Your shares will be voted as you indicate. *If you do not indicate your voting preferences, C. Randall Sims and Randy Mayor will vote your shares FOR Proposals 1 and 2.*

If you Vote by Telephone or on the Internet, You Do NOT Need to Return Your Proxy Card.

If you complete and properly sign the accompanying proxy card and return it to the Company, or tender your vote via telephone or the Internet, it will be voted as you direct. If you attend the Meeting, you may deliver your completed proxy card in person. A proxy duly executed and returned by a shareholder, and not revoked prior to or at the Meeting, will be voted in accordance with the shareholder's instructions on such proxy.

If your shares are held in street name, you will need to contact your broker or other nominee to determine whether you will be able to vote by telephone or Internet.

What Are the Board's Recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth together with each proposal in this Proxy Statement. In summary, the Board recommends a vote:

For the election of the nominated slate of directors (see pages 7-32).

For the ratification of the appointment of BKD, LLP as the Company's independent registered public accounting firm (see pages 33-34).

As of the date of this Proxy Statement, the Board knows of no other business that may properly be, or is likely to be, brought before the Annual Meeting. With respect to any other matter that properly comes before the Meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, at their own discretion.

What Vote Is Required to Approve Each Proposal?

Election of Directors. The affirmative vote of a plurality of the votes cast in person or by proxy at the Meeting is required for the election of directors. A properly executed proxy marked **WITHHOLD AUTHORITY** with respect to the election of one or more of the directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Other Proposals. For each other proposal, the affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting, assuming a quorum is present, will be required for approval. A properly executed proxy marked **ABSTAIN** with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have no effect on the outcome of the vote.

If you hold shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum.

The authorized common stock of the Company consists of 50,000,000 shares at \$0.01 par value. As of the close of business on March 7, 2008, there were 18,334,378 shares eligible to vote.

Can I Change My Vote After I Return the Proxy Card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with the Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the Meeting in person and so request, although attendance at the Meeting will not by itself revoke a previously granted proxy.

How Many Directors Are There?

Our Restated Articles of Incorporation provide that the number of directors shall not be less than two nor more than fifteen, with the exact number to be fixed by the shareholders or the Board. Currently, we have twelve directors.

How Long Do Directors Serve?

Our Bylaws provide that the directors shall serve a term of one year and until their successors are duly elected and qualified. The shareholders of the Company elect successors for directors whose terms have expired at the Annual Meeting. The Board elects members to fill new membership positions and vacancies in unexpired terms on the Board.

Do the Shareholders Elect the Executive Officers?

No. Executive officers are elected by the Board and hold office until their successors are elected and qualified or until the earlier of their death, retirement, resignation or removal.

You Should Carefully Read this Proxy Statement in its Entirety.

PROPOSAL ONE ELECTION OF DIRECTORS

Our Restated Articles of Incorporation provide that the number of directors shall not be less than two nor more than fifteen, with the exact number to be fixed by the shareholders or the Board. The Board of Directors proposes that the nominees for directors described below be re-elected for a new term of one year and until their successors are duly elected and qualified. All nominees are currently serving as directors.

Each of the nominees has consented to serve the term for which he is nominated. If any nominee becomes unavailable for election, which is not anticipated, the directors proxies will vote for the election of such other person as the Board may nominate, unless the Board resolves to reduce the number of directors to serve on the Board and thereby reduce the number of directors to be elected at the meeting.

CORPORATE GOVERNANCE

Duties of the Board

The Board of Directors has the responsibility to serve as the trustee for the shareholders. It also has the responsibility for establishing broad corporate policies and for the overall performance of the Company. The Board, however, is not involved in day-to-day operating details. Members of the Board are kept informed of the Company's business through discussion with the Chief Executive Officer and other officers, by reviewing analyses and reports sent to them quarterly, and by participating in Board and Committee meetings.

Corporate Governance Guidelines and Policies

We believe that good corporate governance helps ensure that the Company is managed for the long-term benefit of its shareholders. We continue to review our corporate governance policies and practices, corporate governance rules and regulations of the Securities and Exchange Commission (the SEC), and the listing standards of the Nasdaq Stock Market on which our common stock is traded. The Board has adopted various corporate governance guidelines and policies to assist the Board in the exercise of its responsibilities to the Company and its shareholders. The guidelines and policies address, among other items, director independence and director qualifications. You can access and print our corporate governance guidelines and policies, including the charters of our Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee, our Corporate Code of Ethics for Directors, Executive Officers and Employees and other Company policies and procedures required by applicable law or regulation, on our website at www.homebancshares.com under the caption Investor Relations / Corporate Profile / Governance Documents.

Director Independence

Nasdaq rules require that a majority of the directors of Nasdaq-listed companies be independent. An independent director generally means a person other than an officer or employee of the listed company or its subsidiaries, or any other individual having a relationship which, in the opinion of the listed company's board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Certain categories of persons are deemed not to be independent under the Nasdaq rules, such as persons employed by the listed company within the last three years, and persons who have received (or whose immediate family members have received) payments exceeding a specified amount from the listed company within the last three years, excluding payments that are not of a disqualifying nature (such as compensation for board service, payments arising

solely from investments in the listed company's securities, and benefits under a tax-qualified retirement plan). Nasdaq rules impose somewhat more stringent independence requirements on persons who serve as members of the audit committee of a listed company.

Of the twelve persons who currently serve on our Board of Directors, we believe that nine are independent for purposes of Nasdaq rules. Messrs. Allison, Strother, and Sims are not considered independent because they are officers of Home BancShares. The Board has also determined that no member of the Audit Committee, Compensation Committee or Nominating and Corporate Governance Committee has any material relationship with the Company (either directly or indirectly as a partner, shareholder or officer of an organization that has a relationship with the Company) and that all members of these committees meet the criteria for independence under the Nasdaq listing standards.

Code of Ethics

We have adopted a Code of Ethics that applies to all of our directors, officers, and employees. We believe our Code of Ethics is reasonably designed to deter wrongdoing and to promote honest and ethical conduct, including the ethical handling of conflicts of interest, full, fair and accurate disclosure in filings and other public communications made by us, compliance with applicable laws, prompt internal reporting of ethics violations, and accountability for adherence to the Code of Ethics. This Code of Ethics is published in its entirety on our website at www.homebancshares.com under the caption Investor Relations / Corporate Profile / Governance Documents. We will post on our website any amendment to this code and any waivers of any provision of this code made for the benefit of any of our senior executive officers or directors.

BOARD MEETINGS AND COMMITTEES OF THE BOARD

The business of the Company is managed under the direction of the Board of Directors, who meet on a regularly scheduled basis during the calendar year to review significant developments affecting the Company and to act on matters that require Board approval. Special meetings are also held when Board action is required on matters arising between regularly scheduled meetings. Written consents to action without a meeting may be held if the Company deems it more appropriate.

All members of the Board are strongly encouraged to attend each meeting of the Board and meetings of the Board Committees on which they serve, as well as the Annual Meeting. The Board of Directors held four regularly scheduled meetings and four special meetings during calendar year 2007. During this period all current members of the Board participated in at least 87.5% of the meetings, except for Mr. Lieblong who was only able to attend 62.5% of the meetings. Our Director Attendance Policy is published on our website at www.homebancshares.com under the caption Investor Relations / Corporate Profile / Governance Documents.

Our Board of Directors has five standing committees: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee, the Asset/Liability Committee and the Asset Quality Committee. Committee members are elected annually by the Board and serve until their successors are elected and qualified or until their earlier resignation or removal.

The following table discloses the Board members who serve on each of the Board's committees and the number of meetings held by each committee during calendar year 2007.

The Board of Directors has adopted a written charter for the Audit Committee that meets the applicable standards of the SEC and Nasdaq. The Audit Committee is comprised of Jack E. Engelkes, Chairman, Robert H. Adcock, Jr., Alex R. Lieblong and William G. Thompson. Compensation Committee

The Compensation Committee aids the Board in discharging its responsibility with respect to the compensation of our executive officers and directors. The Compensation Committee Charter is published on our website at www.homebancshares.com under the caption Investor Relations / Corporate Profile / Governance Documents.

The Compensation Committee is comprised of Dale A. Bruns, Chairman, Richard H. Ashley, Richard A. Buckheim and Jack E. Engelkes. The Board has determined that each member of the Committee satisfies independence requirements of the Nasdaq listing standards and Section 162(m) of the Internal Revenue Code of 1986, as amended.

The Compensation Committee charter authorizes the Committee to delegate to subcommittees of the Committee any responsibility the Committee deems necessary or appropriate. The Committee shall not, however, delegate to a subcommittee any power or authority required by any law, regulation or listing standard to be exercised by the Committee as a whole. The Committee did not utilize the services of a subcommittee in 2007.

The CEO provides recommendations to the Committee regarding the form and amount of compensation paid to executive officers who report directly to him. Additionally, the CEO and COO regularly attend Committee meetings, other than executive sessions. Traditionally, management has provided to the Committee historical and prospective breakdowns of primary compensation components for each executive officer, including internal pay equity analyses.

Historically, the Committee meets subsequent to year end to finalize discussion regarding the Company's performance goals for the previous and current year with respect to performance-based compensation to be paid to executive officers and to approve its report for the annual proxy statement. These goals are approved within 90 days of the beginning of the year. Each year in December and/or January, the Committee generally discusses any new compensation issues, the compensation, bonus and incentive plan award analyses and the engagement of a compensation consultant for annual executive and director compensation. The Committee also meets in December and/or January to:

1. review and discuss the recommendations made by the CEO;
2. review the performance of the Company and the individual officers;
3. review the level to which the Company's performance goals were attained and approve short-term cash bonus and long-term incentive awards; and
4. determine the executive officers' base salaries for the following year.

Management also advises the full Board, including the Committee members, throughout the year of new issues and developments regarding executive compensation.

Compensation Committee Interlocks And Insider Participation

During 2007, Messrs. Bruns, Ashley, Buckheim and Engelkes served as members of the Compensation Committee. During 2007, none of our executive officers served as a director or member of the compensation committee (or group performing equivalent functions) of any other entity for which any of our independent directors served as an executive officer. See CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS for information concerning transactions during 2007 involving Mr. Ashley.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee develops and maintains the corporate governance policies of the Company. The Committee's responsibilities include, among other things:

developing and maintaining the Company's corporate governance policies;

identifying, screening and recruiting qualified individuals to become Board members;

The Board of Directors has adopted a written charter for the Nominating and Corporate Governance Committee that meets the applicable standards of the SEC and Nasdaq. The Nominating and Corporate Governance Committee Charter is published on our website at www.homebancshares.com under the caption Investor Relations / Corporate Profile / Governance Documents.

The Nominating and Corporate Governance Committee is comprised of Alex R. Lieblong, Chairman, Robert H. Adcock, Jr., Dale A. Bruns and William G. Thompson. The Board has determined that all members of the Committee satisfy independence requirements of the Nasdaq listing standards. The Nominating and Corporate Governance Committee met in February 2008 to select director nominees to be voted on at the Annual Meeting.

Director Candidate Qualifications

The Nominating and Corporate Governance Committee Directorship Guidelines and Selection Policy outlines the qualifications the Committee looks for in a director nominee. Generally, the candidate should possess:

relevant business and financial expertise and experience, including an understanding of fundamental financial statements;

the highest character and integrity and a reputation for working constructively with others;

sufficient time to devote to meetings and consultation on Board matters; and

freedom from conflicts of interest that would interfere with performance as a director.

More specifically, the Nominating Committee seeks candidates who possess various qualifications or skills, including leadership experience in business or other relevant fields, knowledge of the Company and the financial services industry, experience in serving as a director of another financial institution or public company generally, wisdom, integrity, analytical ability, familiarity with and participation in the communities served by the Company and its subsidiaries, commitment to and availability for services as a director, and any other factors the Committee deems relevant.

Director Nominations Process

After assessing and considering prevailing business conditions of the Company, legal and listing standard requirements for Board composition, the size and composition of the current Board, and the skills and experience of current Board members, any of the Chairman, the Nominating Committee or any Board member may identify the need to add a Board member or to fill a vacancy on the Board. The Committee identifies qualified director nominees from among persons known to the members of the Committee, by reputation or otherwise, and through referrals from trusted sources, including senior management, existing Board members, shareholders and independent consultants hired for such purpose. The Committee may request that senior officers of the Company assist the Committee in identifying and assessing prospective candidates who meet the criteria established by the Board.

The Nominating Committee evaluates candidates based upon the candidate's qualifications, recommendations, or other relevant information, including a personal interview. The Committee meets to consider and approve the candidates to be presented to the Board. The Committee then presents its proposed nominees to the full Board. The Board considers the recommendations of the Committee and approves candidates for nomination.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

In accordance with its written charter, which was re-approved in its current form by the Board of Directors on January 18, 2008, the Audit Committee assists the Board in, among other things, oversight of our accounting and financial reporting processes, our compliance with legal regulatory requirements, the qualifications and independence of the independent auditors and the performance of the internal and independent auditors. A copy of the Audit Committee charter is published on the Company's website at www.homebancshares.com under the caption Investor Relation / Corporate Profile / Governance Documents.

Our Board of Directors has determined that all four members of the Committee are independent based upon the independence requirements of the SEC and Nasdaq, and that our Chairman, Mr. Engelkes, satisfies the criteria of an audit committee financial expert as defined by the regulations of the SEC.

Management is responsible for the preparation, presentation, and integrity of our financial statements, for the appropriateness of our accounting principles and reporting policies and for implementing and maintaining internal control over financial reporting. Our independent auditors are responsible for auditing the financial statements and internal controls over financial reporting and for reviewing our unaudited interim financial statements. The Audit Committee's responsibility is to monitor and review these processes and procedures. Except for our Chairman, Mr. Engelkes, the members of the Audit Committee are not engaged in the practice of accounting or auditing and are not professionals in those fields. The Audit Committee relies, without independent verification, on the information provided to us and on the representations made by management that the financial statements have been prepared with integrity and objectivity and on the representations of management and the opinion of the independent auditors that such financial statements have been prepared in conformity with accounting principles generally accepted in the United States.

During 2007, the Audit Committee had four regularly scheduled meetings and one telephonic meeting. The Audit Committee's regular meetings were conducted in order to encourage communication among the members of the Audit Committee, management, the internal auditors, and our independent auditors, BKD, LLP. Among other things, the Audit Committee discussed with our internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee separately met with each of the internal and independent auditors, with and without management, to discuss the results of their examinations and their observations and recommendations regarding our internal controls. The Audit Committee also discussed with our independent auditors all matters required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, Communication with Audit Committees.

The Audit Committee reviewed and discussed our audited consolidated financial statements as of and for the year ended December 31, 2007, with management, the internal auditors, and our independent auditors. Management's discussions with the Audit Committee included a review of critical accounting policies.

The Audit Committee obtained from the independent auditors a formal written statement describing all relationships between us and our auditors that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. The Audit Committee discussed with the auditors any relationships that may have an impact on their objectivity and independence and satisfied itself as to the auditors' independence. The Audit Committee has reviewed and approved the amount of fees paid to BKD, LLP for audit and non-audit services. The Audit Committee concluded that the provision of services by BKD, LLP is compatible with the maintenance of BKD's independence.

Based on the above-mentioned review and discussions with management, the internal auditors, and the independent auditors, and subject to the limitations on our role and responsibilities described above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the calendar year ended December 31, 2007, for filing with the SEC.

The Committee met three times in 2007 to discuss, among other items, the salaries, bonuses and other compensation of the senior executive officers and other key employees of the Company, including the Chief Executive Officer. In determining the compensation of the executive officers for 2008, the Committee, among other things, evaluated the performance of the Chief Executive Officer and the other executive officers in light of corporate goals and objectives and reviewed the Chief Executive officer's compensation recommendations. The Committee also set the annual cash bonuses of the executive officers for 2007.

The Compensation Committee reviewed and discussed with management the information provided in the following Compensation Discussion and Analysis section of this Proxy Statement. COMPENSATION DISCUSSION AND ANALYSIS

Overview of Compensation Philosophy and Program

The Compensation Committee, composed entirely of independent directors, administers the Company's executive compensation program. The role of the Committee is to oversee Home BancShares' compensation and benefit plans and policies, administer its stock plans, and review and approve annually all compensation decisions related to the named executive officers, the board members, and the CEO and Chief Financial Officer (CFO). The Committee submits its decision with regard to the CEO and CFO to the independent directors for their ratification.

The Committee recognizes the importance of compensation and performance and seeks to reward performance with cost-effective compensation that aligns employee efforts with the business strategy of the Company and with the interest of the shareholders. The Committee also recognizes that the compensation should assist the Company in attracting and retaining key executives critical to its long-term success.

The following principles guide the Committee:

Compensation levels should be sufficiently competitive to attract and retain key management for the banks and holding company. The Company hires experienced bank executives that have a track record in the market. Competition is strong for these talented and experienced people. The compensation package must be strong and competitive in that market.

Compensation should relate directly to performance and responsibility. Compensation should vary with the performance and responsibility of the individual. It should always be proportional to the contribution to the Company's success.

Short-term incentive compensation should motivate high performance. The Company uses the cash bonus plan to motivate individuals with roles and responsibility that give them the ability to directly impact performance and strategic direction.

The Company's Non-Qualified Stock Option Plan should align management with shareholders interests. Awards of stock options or other forms of long-term compensation should encourage management to focus on the long-term growth and success of the Company. It should provide management with a meaningful stake in the Company and the prospects of a long-term career.

Examples of actions of the Committee in 2007 to implement this philosophy are:

Approved a Chairman's Retirement Plan for John W. Allison, our Chairman and Chief Executive Officer.

Granted stock options to directors and senior executives with 2 to 5 year vesting.

The Committee compares total compensation levels for the executive officers to the compensation paid to executives of a peer group comprised of similar financial holding companies of comparable size. For 2007, the peer group consisted of: Alabama National BancCorporation, BancorpSouth, Bank of the Ozarks, BankAtlantic Bancorp, Cadence Financial Corp., CapitalSouth Bancorp., First Security Group, Franklin Bank Corp., Hancock Holding Co., IBERIABANK Corp., Pinnacle Financial Partners, Prosperity Bancshares, Renasant Corp., Republic Bancorp, Seacoast Banking Corp. of Florida, Simmons First National Corp., South Financial Group, Southwest Bancorp, Sterling Bancshares, Superior Bancorp, Trustmark Corp, United Community Banks and Whitney Holding Corp.

The Company did not use the services of an independent compensation consultant to advise on compensation issues in 2007. The Committee will review this decision on an annual basis and employ such a consultant when the Committee determines that it would be helpful.

Components of Compensation

The key elements of the Company's executive compensation program are:

Base salary

Short-term incentives (bonuses)

Long-term incentives compensation (options)

Retirement and insurance benefit plans

Certain defined perquisites

The Company tries to determine the proper mix of base, short-term and long-term incentive compensation. In our markets there are a number of national, regional and community banks. The competition for experienced executives in banking is strong. The Committee understands that being a public company that can offer equity incentives, a community banking philosophy, and an above average base pay puts the Company in a competitive position for strong management. The public market for the stock and its easily accessible value is a positive factor in aligning the management's interest with that of the shareholders and making them meaningful stakeholders.

Base Salary

Base salaries are targeted at the upper levels for the peer group of companies and are adjusted to recognize varying levels of responsibility, individual performance, individual banks performance if appropriate and internal equity issues. The Committee reviews the base salaries of the executive officers annually. This base salary provides the foundation for a total compensation package that is required to attract, retain and motivate the officers. Mr. Allison, CEO, has declined to receive a salary or bonus but may or may not continue to do so in the future. He believes that not receiving compensation for his duties as Chairman and CEO, but instead depending on dividends and appreciation in the value of the stock he holds, his interests are best aligned with those of our shareholders. Consistent with this belief, Mr. Allison did not receive a salary in 2007. Generally, base salaries are not directly related to specific measures of performance, but are determined by experience, the scope and complexity of the position, current job responsibilities, and salaries of competing banks. The Company does not use benchmarking.

Short-term Incentives

An annual cash bonus plan is intended to reward individual performance for that year. The Compensation Committee reviews the individual performance of the officer, and if they are in charge of a subsidiary bank, the performance of that bank. In evaluating a bank president, the Committee reviews the goals for that subsidiary bank, including return on assets, growth in assets, asset quality, return on equity, gross margin, net income, operating income, net cash flow and regulatory examination results. In evaluating an executive officer of the parent, the Committee reviews the goals of the parent company including shareholder return, earnings per share, and the other criteria noted above. The final consideration is the overall profitability of the Company. The Committee then determines the amount of the awards.

Long-term Incentives

Consistent with the Company's philosophy that favors compensation based upon performance, long-term incentives comprise a significant component of total compensation. In March 2006, the Board of Directors adopted and, at the 2006 annual meeting, the shareholders approved the 2006 Stock Option and Performance Incentive Plan (the Plan). The purpose of the Plan is to attract and retain highly qualified officers, directors, and key employees, and to encourage those employees to improve our business results. The Plan is administered by our Compensation Committee. Subject to the terms of the Plan, the Committee may select participants to receive awards; determine the types, terms, and conditions of awards; and interpret provisions of the Plan.

It is the policy of the Committee to award grants with an exercise price set at the fair market value on the date of the grant. The Company does not have a practice of timing option grants to coordinate with the release of material non-public information. The Committee evaluates opportunities under the Plan along with the annual setting of salaries and awarding bonuses. The Committee will also consider awards under the Plan if appropriate in recruiting a new employee.

The Committee uses one or more of the following business criteria, on a consolidated basis and/or with respect to specified subsidiaries (except with respect to the total shareholder return and earnings per share criteria), in establishing performance goals for awards intended to comply with Section 162(m) of the Internal Revenue Code granted to covered employees:

shareholder return;

return on assets;

growth in assets;

return on equity;

earnings per share;

net income;

operating income; and

free cash flow.

Section 162(m) of the Internal Revenue Code places a limit of \$1,000,000 on the amount of compensation that Home BancShares may deduct in any one year with respect to each of its five most highly paid executive officers. There is an exception to the \$1,000,000 limitation for performance-based compensation meeting certain requirements. Annual cash incentive compensation and stock option awards are generally performance-based meeting those requirements and, as such, are deductible. We do not currently have any executive officer with compensation of \$1,000,000 and the Compensation Committee has not adopted a policy with regard to this issue.

The Company has both regular and performance based nonqualified stock options. The Committee has set a cliff-vesting date of January 1, 2010, for the issued performance based options, and has tied the eligibility for those options to annual or cumulative performance goals for the Company and for individual banks. If the annual goals are met, then a percentage of the options are eligible for exercise at the end of the cliff-vesting period. If annual goals are not met, but the Company meets its five-year cumulative goals, participants in the Plan may still become eligible for 100% of the options originally awarded to them. The Committee does not have a policy of adjusting awards if performance goals are not met.

The Committee believes that these performance based options that are based in part on the results of the subsidiary bank under the direction of the officer and the cliff vesting of all the options provide annual incentives. The stock awards granted in 2006 and 2007 are achieving their objective, but the Committee will continue to evaluate the need for additional awards.

Retirement and Insurance Benefits

Post-Termination Benefits. We do not have any employment, salary continuation, or severance agreements currently in effect for any of our executive officers.

Chairman's Retirement Plan. At its April 20, 2007, meeting, our Board of Directors, based on a recommendation by the Compensation Committee, approved a Chairman's Retirement Plan for our Chairman and Chief Executive Officer, John W. Allison. The Chairman's Retirement Plan provides a supplemental retirement benefit to Mr. Allison of \$250,000 per year for 10 consecutive years or until Mr. Allison's death, whichever occurs later. The benefits under the plan vest based on Mr. Allison's age according to the following schedule: age 61 7.5%, age 62 35.0%, age 63 60.0%, age 64 82.0% and age 65 100.0%. These benefits will become 100% vested if any of the following events occur before Mr. Allison reaches the age of 65: his death, disability or involuntary termination from the Company without cause, or a change in control of the Company. The vested benefits are payable over 10 years or Mr. Allison's life, whichever is greater, and commence on the earlier of Mr. Allison reaching age 65 or termination of his employment with the Company for any reason other than death. If Mr. Allison dies before the benefits commence, his beneficiary is entitled to receive the benefits for 10 years. If he dies during the 10 year guaranteed benefit period, his beneficiary will receive the remaining payments due during the guaranteed period. If he dies after the guaranteed benefit period, no further benefits will be paid. The annual benefit will be paid in monthly installments.

Supplemental Executive Retirement Plan. Prior to our acquisition of Community Bank, the bank purchased life insurance policies on its President and Chief Executive Officer, Tracy M. French. The policies offset benefit expenses associated with a supplemental annual retirement benefit that grows on a tax-deferred basis. A portion of the benefit is determined by an indexed formula. The balance of the benefit is determined by crediting interest on the accrued balances. The calculation for the benefit expense accrual is: insurance policy income minus opportunity cost plus interest. The opportunity cost is determined by the bank and is equal to the one year Treasury Bill rate. Community Bank retains the opportunity cost. Prior to Mr. French's retirement, any earnings in excess of the opportunity costs are accrued to a liability reserve account for his benefit. In addition, that liability account is credited with interest at a rate of 8.0%. At retirement, this liability reserve account is amortized with interest and paid out over a period of 15 years. Subsequent to the liability account being paid out in full, Mr. French will begin receiving an index retirement benefit payable for life. If Mr. French dies while there is a balance in his account, this balance will be paid in a lump sum to Mr. French's beneficiaries.

The life insurance benefit for Mr. French is being provided by an endorsement split dollar life plan. Should the executive die while employed by the bank, this death benefit is equal to 70% of the net at risk life insurance portion (total benefit less cash value) of the policies insuring the life of Mr. French. Community Bank has all ownership rights in the death benefits and surrender values of the insurance policy on Mr. French. Its obligations under the retirement benefit portion of this policy are unfunded; however, the bank has purchased life insurance policies on Mr. French that are actuarially designed to offset the annual expenses associated with the benefit portion of the policy and will, given reasonable actuarial assumptions, offset all of the cost during Mr. French's lifetime and provide a complete recovery of costs at death.

401(k) Plan. All our full- and part-time employees over the age of 21 are eligible to participate in our 401(k) Plan immediately. We contribute a matching contribution equal to 50% of the participants' first 6% of deferred compensation contribution. In addition, we may make a discretionary contribution of up to 3% of total compensation. No discretionary contributions were made during 2007.

Health and Insurance Benefits. Our full-time officers and employees are provided hospitalization and major medical insurance. We pay a substantial part of the premiums for these coverages. All insurance coverage under these plans is provided under group plans on generally the same basis to all of our full-time employees. Also, we provide other basic insurance coverage including dental, life, and long-term disability insurance.

In 2004, First State Bank adopted an endorsement split dollar life insurance plan which provides for the purchase of life insurance policies insuring the life of Mr. Allison. Both the bank and Mr. Allison have an interest in each of the policies, and therefore, this is classified as an endorsement split-dollar plan. Mr. Allison's beneficiaries will be entitled to an amount equal to 50% of the net-at-risk insurance portion of the total proceeds. The net-at-risk

portion is the total proceeds less the cash value of the policy. Mr. Allison recognizes the economic value of this death benefit each year on his individual income tax return. The beneficiaries of the policies are named by Mr. Allison and the bank will receive the remainder of the death benefit. The bank has all ownership rights in the death benefits and surrender values of the policies. The premium paid on June 4, 2004, for the policies was \$4.8 million. Effective December 22, 2006, the death benefits payable under these policies split between the bank and Mr. Allison's beneficiaries. If the death benefit were paid in 2008, approximately \$7.9 million would be paid to the bank and approximately \$2.3 million would be paid to Mr. Allison's beneficiaries.

Pension Plans. In connection with the acquisition of Bank of Mountain View and Community Bank, we assumed two defined benefit pension plans. The Community Bank plan was frozen in 2000, and the Bank of Mountain View plan was frozen at the time of the acquisition. As a result, there have been no new participants in the plans and additional benefits earned. None of our executive officers or directors are participants in these frozen plans. The two plans were terminated in 2007. We made \$326,000 in employer contributions to the plans in 2007.

Perquisites

Home Bancshares provided certain perquisites to executive management in 2007. These perquisites included:

Country club dues

Gasoline for personal car

401(k) contributions

Use of company owned car

The Company does not own its own airplane, but does use an airplane owned by Mr. Allison's company, Capital Buyers. An employee of the Company is a pilot and flies the airplane. Mr. Allison also uses the pilot for personal travel which may or may not occur during working hours. When the Company uses the plane, Capital Buyers charges the Company for out of pocket expenses only.

Compensation of the Chairman and Chief Executive Officer

As of December 31, 2007, Mr. Allison received no salary or bonus from the Company. He has stated publicly to investors and to the Compensation Committee that he does not take a salary so that his interests are the same as the investors. His compensation has come from an increase in stock value. He may or may not continue to decline a salary or bonus in the future.

On March 13, 2006, Mr. Allison received 62,400 performance based stock options at the then fair market value of \$13.18 per share. He surrendered SARS of approximately the same value. The stock options vest on January 1, 2010, if the Company meets stated performance goals. Twenty percent of the options become eligible for exercise every year if the Company meets the annual performance goals. If the annual performance goals are not met, that 20% of the options would only become eligible if before January 1, 2010, the Company had met the cumulative goals. The Company met its annual goals in 2007. Therefore, 12,480 options became eligible and can be exercised by Mr. Allison on January 1, 2010, if he is still holding office with the Company at that time. A total of 24,960 options are now eligible for exercise by Mr. Allison on January 1, 2010, if he is still holding office with the Company at that time. The Committee believes that Mr. Allison's compensation arrangement is very beneficial to shareholders.

On January 19, 2007, Mr. Allison was awarded 20,000 stock options. These stock options will vest in two equal annual installments beginning on January 19, 2008. The exercise price of these options is \$24.15, the fair market value on the date of grant.

On January 10, 2008, Mr. Allison received 2,000 stock options in connection with the grant of stock options to all non-employee directors of the Company. These stock options will vest in five equal annual

installments beginning on January 10, 2009. The exercise price of these options is \$20.44, the fair market value on date of grant.

On January 18, 2008, the Compensation Committee awarded Mr. Allison an additional 15,000 stock options. These stock options will vest in five equal annual installments beginning on January 18, 2009. The exercise price of these options is \$20.28, the fair market value on date of grant. The Committee based the award on its conclusion that, through Mr. Allison's leadership, the Company had completed another very successful year, which included record earnings for the Company and the acquisition of an additional bank subsidiary in the Central Arkansas market area.

At its April 20, 2007, meeting, our Board of Directors, based on a recommendation by the Compensation Committee, approved a Chairman's Retirement Plan for Mr. Allison, which provides him a supplemental retirement benefit of \$250,000 per year for 10 consecutive years or until Mr. Allison's death, whichever occurs later. The benefits under the plan vest based on Mr. Allison's age beginning at age 61 and fully vest when Mr. Allison reaches age 65. The benefits will also become 100% vested if, before Mr. Allison reaches the age of 65, he dies, becomes disabled, is involuntarily terminated from the Company without cause, or there is a change in control of the Company. The vested benefits will be paid in monthly installments. The benefit payments will begin on the earlier of Mr. Allison reaching age 65 or the termination of his employment with the Company for any reason other than death. If Mr. Allison dies before the benefits commence or during the 10 year guaranteed benefit period, his beneficiary will receive any remaining payments due. If he dies after the guaranteed benefit period, no further benefits will be paid. *See*

Mr. Allison serves on the board of directors of each of the Company's subsidiary banks. As a member of the board of directors of each subsidiary bank, he receives a fee for his attendance at each meeting of that subsidiary bank board. The fees for his attendance at the meetings are set by the respective boards of directors of each subsidiary bank.

(2) Frank D. Hickingbotham and Herren C. Hickingbotham resigned from the Board of Directors on

October 8,

other business
commitments.

During 2007, our non-employee directors received \$1,000 (\$2,000 for the chairman) for each meeting of the board attended. Directors serving on the Audit or Compensation Committees received \$400 (\$800 for the chairman) for each meeting attended of those committees, and directors serving on other board committees received \$250 (\$500 for the chairman) for each meeting attended of those other committees. In 2008, our non-employee directors will receive \$1,500 (\$3,000 for the chairman) for each meeting of the board attended. The fees for 2008 for attendance at committee meetings will be the same as for 2007.

On January 10, 2008, each of our non-employee directors listed in the table above received 1,000 stock options with an exercise price of \$20.44 per share, the fair market value of our common stock on the date of grant. These stock options will vest in five equal annual installments beginning on January 10, 2009.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Banking Transactions. Most of our directors and officers, as well as the firms and businesses with which they or members of their immediate families are associated, are customers of our bank subsidiaries. Our bank subsidiaries have engaged in a variety of loan transactions in the ordinary course of business with these individuals and their families and businesses, and it is anticipated that such transactions will occur in the future. In the case of all such related party transactions, each transaction was approved by either the Audit Committee, the Nominating and Corporate Governance Committee, the Board of Directors or the bank subsidiary's board of directors. In addition, these loans were made on the same terms, including interest rates and collateral requirements, as those prevailing at the time for comparable transactions of others. In the opinion of our management, those loan transactions do not involve more than a normal risk of collectability or present other unfavorable features.

As of December 31, 2007, the loans made by our bank subsidiaries to their respective directors and officers and to directors and officers of the Company, either directly or as guarantors, amounted to \$81.9 million. We believe that all such extensions of credit were made in conformity with the requirements of Federal Reserve Board Regulation O.

Real Estate Transactions. We lease certain of our properties from persons who are affiliated with us. The property used by our Marketing and Sales Department, in Conway, Arkansas, is leased from First Real Estate LTD Partnership LLLP, which includes one of our directors, Robert H. Adcock, Jr. We lease the property located on Hogan Lane in Conway, Arkansas, from Allison, Adcock & Rankin, LLC, a limited liability company owned in part by John W. Allison and Robert H. Adcock, Jr. Mr. Allison is our Chairman and Chief Executive Officer. We lease the land for Twin City Bank's principal office in Lakewood Village Shopping Center from Conservative Development Company, a corporation controlled, through common ownership, by Richard H. Ashley, who is one of our directors. During 2007, the aggregate payments we made, directly or indirectly, to the named persons for the various leases described above were less than \$120,000.

We believe the terms of each of the agreements described above are no less favorable to us than we could have obtained from an unaffiliated third party. We expect we will continue to engage in similar banking and business transactions in the ordinary course of business with our directors, executive officers, principal shareholders and their associates. All proposed related party transactions are presented to the Nominating and Corporate Governance Committee of our Board of Directors for consideration and approval. The Committee does not currently have any formal policies or procedures with respect to its review, approval, or ratification of related party transactions, but considers each related party transaction or proposed related party transaction on a case-by-case basis. According to its charter, the Committee follows the definition of related party transaction provided in the SEC's regulations under the Securities Act of 1933.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16 of the Securities and Exchange Act of 1934, as amended, requires each director, officer, and any individual beneficially owning more than 10 percent of the Company's common stock to file reports on Forms 3, 4, and 5 disclosing beneficial ownership and changes in beneficial ownership of the common stock of the Company with the SEC within specified time frames. These specified time frames require the Form 3's to be filed on or before the effective date of the issuer's registration statement. Changes in ownership must be filed on Form 4 within two business days of the transaction. Based solely on information provided to the Company by individual directors and officers, we believe that all our Section 16 filers complied with the filing requirements during the fiscal year, except as indicated below. Jack E. Engelkes inadvertently failed to timely file a Form 4 disclosing the exercise of stock options. Alex R. Lieblong and Richard H. Ashley each inadvertently failed to timely file a Form 4 disclosing the acquisition of shares of the Company's common stock.

PRINCIPAL SHAREHOLDERS OF THE COMPANY

The authorized common stock of the Company consists of 50,000,000 shares at \$0.01 par value. As of the close of business on February 5, 2008, there were 18,334,378 shares outstanding held by approximately 3,731 registered and beneficial shareholders.

The following table sets forth certain information as of January 31, 2008, concerning the number and percentage of shares of our common stock beneficially owned by our directors, our named executive officers, and all of our directors and executive officers as a group, and by each person known to us who beneficially owned more than 5% of the outstanding shares of our common stock.

Information in this table is based upon beneficial ownership concepts described in the rules issued under the Securities Exchange Act of 1934. Under these rules, a person is deemed to be a beneficial owner of any shares of our common stock if that person has or shares voting power, which includes the power to vote or direct the voting of the shares, or investment power, which includes the right to dispose or direct the disposition of the shares. Thus, under the rules, more than one person may be deemed to be a beneficial owner of the same shares. A person is also deemed to be a beneficial owner of any shares as to which that person has the right to acquire beneficial ownership within 60 days from January 31, 2008.

Except as otherwise indicated, all shares are owned directly, and the named person possesses sole voting and investment power with respect to his shares. The address for each of our directors and named executive officers is c/o Home BancShares, Inc., 719 Harkrider, Suite 100, Conway, Arkansas 72032.

**PROPOSAL TWO RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our consolidated financial statements as of and for the fiscal year ended December 31, 2007, were audited by BKD, LLP, an independent registered public accounting firm. In 2007, the Audit Committee of the Board of Directors and our shareholders approved the engagement of BKD, LLP to be our independent registered accounting firm for fiscal year 2007. The Audit Committee intends to approve the re-engagement of BKD, LLP to be our independent registered public accounting firm for the fiscal year ending December 31, 2008, subject to the ratification of the appointment by our shareholders at the Annual Meeting and our formal acceptance of an engagement letter from BKD, LLP after the Annual Meeting.

Shareholders' ratification of the selection of BKD, LLP to be our independent registered public accounting firm for fiscal year 2008 is not required by our Bylaws or otherwise. However, the Board is submitting the selection of the independent registered public accounting firm to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection of BKD, LLP, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee may, at its discretion, direct the appointment of a different independent registered accounting firm at any time during the year if it determines that such change is in the best interests of the Company and our shareholders.

Representatives of BKD, LLP are expected to attend the Annual Meeting, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

AUDIT AND NON-AUDIT FEES

The following table represents aggregate fees billed for professional audit services rendered by BKD, LLP to provide the audit of our annual financial statements for the years ended December 31, 2007, and December 31, 2006, respectively.

	2007	2006
Audit fees ⁽¹⁾	\$642,662	\$472,386

Tax fees ⁽³⁾	50,243	41,339
All other fees ⁽⁴⁾	34,585	25,568

(1) Audit fees consisted of audit work performed in the preparation of financial statements, as well as work generally only the independent auditor can reasonably be expected to

provide, such as statutory audits.

- (2) Audit related fees included SAS70 review of the Company's data processing subsidiary and research and conferences regarding various matters.
- (3) Tax fees for 2007 primarily related to preparation of the Company's income tax returns.
- (4) Other fees related to fees paid by the Company on behalf of the Company's retirement plan for third-party administration of the Company's defined contribution plan.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditor

The Audit Committee has the responsibility of appointing, setting compensation for and overseeing the work of the independent auditor, and has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Prior to engagement of the independent auditor for next year's audit, management will submit an aggregate of services expected to be rendered during that year for each of four categories of services to the Audit Committee for approval.

- (1) **Audit** services include audit work performed in the preparation of financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and attest services, and consultation regarding financial accounting and/or reporting standards.
- (2) **Audit-related** services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.
- (3) **Tax** services include all services performed by the independent auditor's tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning and tax advice.
- (4) **Other fees** are those associated with services not captured in the other categories. We generally do not request such services from the independent auditor.

Prior to the engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent auditor and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

The Audit Committee may delegate pre-approval authority to one or more of its members. The members to whom such authority is delegated must report, for informational purposes only, the pre-approval decisions to the Audit Committee at its next scheduled meeting.
