PROXY STATEMENT

Annual Meeting of Stockholders on May 24, 2007

This Proxy Statement is furnished on or about April 24, 2007, to stockholders of Wabash National Corporation (hereinafter, we us and Wabash), 1000 Sagamore Parkway South, Lafayette, Indiana 47905, in connection with the solicitation by our Board of Directors of proxies to be voted at the Annual Meeting of Stockholders to be held at the Holiday Inn Select City Centre located at 515 South Street, Lafayette, Indiana 47901, on Thursday, May 24, 2007, at 10:00 a.m. local time, (the Annual Meeting) and at any adjournments or postponements of the Annual Meeting.

ABOUT THE MEETING

What is the Purpose of the Annual Meeting?

At the Annual Meeting, stockholders will act upon the matters outlined in the accompanying Notice of Annual Meeting of Stockholders. In addition, our management will report on our performance during fiscal 2006 and respond to questions from our stockholders.

Who is Entitled to Vote?

Only stockholders of record at the close of business on April 2, 2007 (the Record Date), are entitled to receive notice of the Annual Meeting and to vote the shares of Common Stock that they held on the Record Date at the Annual Meeting, or any postponement or adjournment of the Annual Meeting. Each share entitles its holder to cast one vote on each matter to be voted upon.

A list of stockholders of record as of the Record Date will be available for inspection during ordinary business hours at our offices located at 1000 Sagamore Parkway South, Lafayette, Indiana 47905, from May 14, 2007 to the date of our Annual Meeting. The list will also be available for inspection at the Annual Meeting.

Who can Attend the Annual Meeting?

All stockholders as of the close of business on the Record Date, or their duly appointed proxies, may attend the Annual Meeting.

Please note that if you hold your shares in street name (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the Record Date and check in at the registration desk at the Annual Meeting. Alternatively, in order to vote, you may contact the person in whose name your shares are registered and obtain a proxy from that person and bring it to the Annual Meeting.

What Constitutes a Quorum?

The presence at the Annual Meeting, in person or by valid proxy, of the holders of a majority of the shares of our Common Stock outstanding on the Record Date will constitute a quorum, permitting us to conduct our business at the Annual Meeting. As of the Record Date, 30,525,766 shares of Common Stock, held by 1,098 stockholders of record, were outstanding and entitled to vote at the Annual Meeting. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the Annual Meeting.

How do I Vote?

You can vote on matters to come before the Annual Meeting in the following two ways:

You can attend the Annual Meeting and cast your vote in person; or

You can vote by completing, dating and signing the enclosed proxy card and returning it in the enclosed postage-paid envelope. If you do so, you will authorize the individuals named on the proxy card, referred to as the proxies, to vote your shares according to your instructions. If you provide no instructions, the proxies will vote your shares according to the recommendation of the Board of Directors or, if no recommendation is given, in their own discretion.

What if I Vote and Then Change my Mind?

You may revoke your proxy at any time before it is exercised by:

Sending written notice of revocation addressed to the Corporate Secretary, Wabash National Corporation, P.O. Box 6129, Lafayette, Indiana 47903;

Sending in another duly executed proxy bearing a later date; or

Attending the Annual Meeting and casting your vote in person.

Your last vote will be the vote that is counted.

What are the Board's Recommendations?

The Board recommends that you vote FOR election of the nominated slate of directors (see page 5), FOR approval of the Wabash National Corporation 2007 Omnibus Incentive Plan (see page 34) and FOR ratification of the appointment of our auditors (see page 42). Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the Board's recommendation. With respect to any other matter that properly comes before the meeting, the proxy holders will vote in their own discretion.

What Vote is Required?

The election of directors requires a plurality of the votes cast for the election of directors; accordingly, the nine directorships to be filled at the Annual Meeting will be filled by the nine nominees receiving the highest number of votes. A properly executed proxy marked **WITHHOLD AUTHORITY** with respect to the election of one or more directors will not be voted with respect to the nominee or nominees indicated, although it will be counted for purposes of determining whether there is a quorum. A broker non-vote, discussed below, will also have no effect on the

outcome because only a plurality of votes actually cast is required to elect a director.

The approval of the Wabash National Corporation 2007 Omnibus Incentive Plan and ratification of the appointment of Ernst & Young LLP (E&Y) as our independent registered public accounting firm for the year ending December 31, 2007, requires the affirmative vote of a majority of the shares of Common Stock present and entitled to vote at the Annual Meeting.

If you hold your shares in street name through a broker or other nominee, your broker or nominee may elect to exercise voting discretion with respect to the election of directors. Under New York Stock Exchange Rules, the proposal to elect directors and to ratify the appointment of our auditors is considered a discretionary item and the approval of the Wabash National Corporation 2007 Omnibus Incentive Plan is not a discretionary item. This means

that brokerage firms may vote in their discretion on the election of directors and the ratification of our auditors on behalf of clients who have not furnished voting instructions at least 15 days before the date of the Annual Meeting and may not exercise their discretion for the approval of the Wabash National Corporation 2007 Omnibus Incentive Plan. If you do not give your broker or nominee specific instructions, your broker or nominee may elect not to exercise its discretion on the election of directors and the ratification of our auditors, and in which case your shares will not be voted on those matters. Shares for which the broker does not exercise its discretion or for which it has no discretion and for which it has received no instructions, so-called broker non-votes, will not be counted in determining the number of shares necessary for approval of such matters; however, those shares will be counted in determining whether there is a quorum.

Who will Bear the Costs of this Proxy Solicitation?

We will bear the cost of solicitation of proxies. This includes the charges and expenses of brokerage firms and others for forwarding solicitation material to beneficial owners of our outstanding Common Stock. We may solicit proxies by mail, personal interview, telephone or via the Internet through our officers, directors and other management employees, who will receive no additional compensation for their services. In addition, we have also retained The Altman Group, Inc. to assist with proxy solicitation. If we use their services, we will pay a fee of \$6,000 plus out-of-pocket expenses.

PROPOSAL 1

Election of Directors

Our Bylaws provide that our Board of Directors, or the Board, shall be comprised of not less than three nor more than nine directors, with the exact number to be fixed by resolution of the Board of Directors. The Board has currently fixed the authorized number of directors at nine.

At the Annual Meeting, nine directors are to be elected, each of whom shall serve for a term of one year or until his or her successor is duly elected and qualified or until his or her earlier death, resignation or removal. Proxies representing shares held on the Record Date that are returned duly executed will be voted, unless otherwise specified, in favor of the nine nominees for the Board of Directors named below. Each of the nominees has consented to be named herein and to serve on the Board if elected. It is not anticipated that any nominee will become unable or unwilling to accept nomination or election, but, if that should occur, the persons named in the proxy intend to vote for the election in his or her stead, such other person as the Nominating and Corporate Governance Committee may recommend to the Board.

Corporate Governance Matters

Our Board of Directors has adopted Corporate Governance Guidelines (the Guidelines) and a Code of Business Conduct and Ethics (the Code of Ethics). The Guidelines set forth a framework within which the Board of Directors oversees and directs the affairs of Wabash. The Guidelines cover, among other things, the composition and functions of the Board of Directors, director independence, stock ownership by our directors, management succession and review, Board committees, the selection of new directors, and director responsibilities and duties.

The Code of Ethics covers, among other things, compliance with laws, rules and regulations (including insider trading), conflicts of interest, corporate opportunities, confidentiality, protection and use of company assets, and the reporting process for any illegal or unethical conduct. The Code of Ethics is applicable to all of our officers, directors and employees, including our Chief Executive Officer and our Chief Financial Officer. The Code of Ethics includes provisions that are specifically applicable to our Chief Financial Officer and senior financial officers (as defined in the

Code of Ethics).

Any waiver of the Code of Ethics for our directors or executive officers, including our Chief Executive Officer, principal financial officer or principal accounting officer, may be made only by our Board of Directors or a Board committee consisting solely of disinterested and independent directors and will be promptly disclosed and posted on our website as required by law or the listing standards of the New York Stock Exchange. We will also promptly post any amendment to our Code of Ethics on our website.

The Guidelines and Code of Ethics are each available on the Company Info/Investors page of our website at www.wabashnational.com and are available in print without charge by writing to: Wabash National Corporation, Attention: Corporate Secretary, P.O. Box 6129, Lafayette, Indiana 47903.

Related Persons Transactions

Related Persons Transactions Policy. Our Board of Directors has adopted a Related Persons Transactions Policy. The Related Persons Transactions Policy sets forth our policy and procedures for review, approval and monitoring of transactions in which we and related persons are participants. Related persons include directors, nominees for director, officers, stockholders owning five percent or greater of our outstanding stock or any immediate family members of the aforementioned. The Related Persons Transactions Policy is administered by a committee designated by the Board of Directors, which is currently the Audit Committee.

The Related Persons Transactions Policy covers any related person transaction that meets the minimum threshold for disclosure in our annual meeting proxy statement under the relevant Securities and Exchange Commission (the SEC) rules, which is currently transactions involving amounts exceeding \$120,000 in which a related person has a direct or indirect material interest. Related person transactions must be approved, ratified or rejected, or referred to the Board, by the Committee. The policy provides that as a general rule all related person transactions should be on terms reasonably comparable to those that could be obtained by us in arm's length dealings with an unrelated third party. However, the policy takes into account that in certain cases it may be impractical or unnecessary to make such a comparison. In such cases, the transaction may be approved in accordance with the provisions of the Delaware General Corporation Law.

The Related Persons Transaction Policy provides that management or the affected director or officer will bring any relevant transaction to the attention of the Committee. If a director is involved in the transaction, he or she will be recused from all discussions and decisions about the transaction, to the extent practicable. The transaction must be approved in advance whenever practicable, and if not practicable, must be ratified as promptly as practicable. All related person transactions will be disclosed to the full Board and in the Company's proxy statement and other appropriate filings as required by the rules and regulations of the SEC and the New York Stock Exchange.

Transaction involving Dr. Jischke. Dr. Martin Jischke, a member of our Board of Directors since January 2002 and a current nominee for reelection, has been the President of Purdue University since August 2000. In 2006, we contributed \$1,000,000 to Purdue University. This contribution was part of an understanding, subject to approval of timing and amount, to periodically contribute to Purdue University, which was originally considered and approved by the Board of Directors in December 1999, prior to Dr. Jischke joining the Board. Dr. Jischke abstains from voting when the Board periodically makes decisions on specific contributions. Dr. Jischke's interest in the contribution is solely a consequence of his status as President of the University. The Board does not consider this contribution to be a related person transaction as defined under the Related Persons Transaction Policy.

Director Independence

Under the rules of the New York Stock Exchange, the Board must affirmatively determine that a director has no material relationship with us in order for the director to be considered independent. As permitted by the New York Stock Exchange rules, to assist the Board in making this determination, our Board of Directors has adopted categorical standards of independence. The Board has determined that, among other considerations, relationships are not material and would not impair a director's independence when the aggregate amount of payments by us to, and to us from, any company of which a director is an executive officer or employee or of which a family member of a director is an executive officer, are less than the greater of \$1 million or 2% of such other company's consolidated gross revenues in

any single fiscal year.

Our Board of Directors undertook its annual review of director independence in February 2007. During this review, the Board considered transactions and relationships between each director and director nominee, and any member of his or her immediate family, and Wabash and its subsidiaries and affiliates. The Board also considered whether there were any transactions or relationships between directors or director nominees or any member of their immediate families (or any entity of which a director or director nominee or an immediate family member is an executive officer, general partner or significant equity holder) and members of our senior management or their affiliates. Finally, the Board considered charitable contributions to organizations with which directors or director

nominees had relationships. The purpose of this review was to determine whether any such relationship or transaction existed that was inconsistent with a determination that the director or director nominee is independent.

As a result of this review, the Board of Directors affirmatively determined that all of the directors nominated for election at the Annual Meeting are independent of Wabash and its management within the meaning of the rules of the New York Stock Exchange and the categorical standard described above, with the exception of Richard J. Giromini and William P. Greubel, who are employees of Wabash National Corporation.

As of January 1, 2007, Mr. Greubel, our Chairman, stepped down as our Chief Executive Officer and the Board appointed Mr. Giromini to serve as our Chief Executive Officer. Mr. Greubel will remain with the Company as Executive Director and currently serves as Chairman of the Board. Pursuant to an Executive Director Agreement, dated January 1, 2007, between Mr. Greubel and the Company, the Company is required to use commercially reasonable efforts to cause Mr. Greubel to be nominated for election to our Board of Directors at the 2007 and 2008 Annual Meetings of Stockholders.

Since our 2006 Annual Meeting, Mr. David C. Burdakin has acted as the Lead Director for our Board of Directors. Our Lead Director has significant responsibilities, including presiding at the executive sessions of our independent directors and facilitating communication between our independent directors and our management. As Lead Director, Mr. Burdakin also chaired each executive session of the independent directors in 2006, who meet at least twice per year in executive session without management. If elected as a director, effective immediately after our 2007 Annual Meeting, Dr. Martin Jischke will assume the position of Chairman of the Board, and we will no longer continue to have a separately designated Lead Director, as our Chairman will be an independent director.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE ELECTION OF EACH OF THE DIRECTOR NOMINEES LISTED ABOVE.

Meetings of the Board of Directors and its Committees

Information concerning the Board of Directors and the four standing committees maintained by the Board of Directors is set forth below. With the exception of the Executive Committee, the Board committees currently consist only of directors who are not employees of the Company and who are independent within the meaning of the listing standards of the New York Stock Exchange.

During 2006, our Board of Directors held six meetings. All of our directors attended at least 75% of all Board meetings and meetings of committees on which they served in 2006, with the exception of Mr. Stewart who attended 73% of all Board meetings and meeting of committees on which he served in 2006. Our Board of Directors strongly encourages all of our directors to attend our annual stockholders meeting. In 2006, all but one of our directors then serving attended our annual meeting of stockholders.

The Board of Directors has four standing committees: the Nominating and Corporate Governance Committee; the Compensation Committee; the Executive Committee; and the Audit Committee. The charters for the Nominating and Corporate Governance, Compensation, and Audit Committees can be accessed electronically from the Company Info/Investors page of our website at www.wabashnational.com or by writing to us at Wabash National Corporation, Attention: Corporate Secretary, P.O. Box 6129, Lafayette, Indiana 47903.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee, which we refer to as the Nominating Committee, met four times during 2006. The Board of Directors has determined that each member of the Nominating Committee is independent within the meaning of the rules of the New York Stock Exchange. The Nominating Committee's responsibilities include:

Assisting the Board by either identifying or reviewing Stockholder nominated individuals qualified to become Board members and by recommending to the Board the Director nominees for the next annual meeting of stockholders;

Developing and recommending to the Board a set of corporate governance principles applicable to us;

Reviewing and recommending to the Board the form and amounts of director compensation;

Leading the Board in its annual review of the Board's performance; and

Recommending to the Board Director nominees for each Board committee.

Compensation Committee

The Compensation Committee met five times during 2006. The Board of Directors has determined that each member of the Compensation Committee is independent within the meaning of the rules of the New York Stock Exchange. The Compensation Committee's responsibilities include:

Overseeing our incentive compensation plans and equity-based plans; and

Annually reviewing and approving the corporate goals and objectives relevant to the Chief Executive Officer's and other executive officers' compensation, evaluating their performance in light of those goals and objectives, and setting their compensation levels based on their evaluations.

The Compensation Committee is responsible for determining our compensation policies for executive officers and for administering our 1992 Stock Option Plan, 2000 Stock Option and Incentive Plan, 2004 Stock

Incentive Plan, 1997 Stock Bonus Plan, and 2001 Stock Appreciation Rights Plan, pursuant to the provisions of the plans.

The Compensation Committee works closely with our Senior Vice President of Human Resources in setting the compensation for our other executive officers. In addition, our Chief Executive Officer typically makes recommendations to the Compensation Committee for the other executive officers on the amount of base salary, target cash awards pursuant to our short-term incentive plan and target equity awards pursuant to our long-term incentive plan. Our Chief Executive Officer also discusses the performance targets for our short-term incentive plan and our long-term incentive plan with the Compensation Committee before they are set and makes his recommendations to the Compensation Committee. For purposes of that plan, the personal performance goals are set by our Chief Executive Officer for the other executive officers, who then reports to the Compensation Committee on, and makes recommendations as to, the achievement of those goals.

The Compensation Committee has also engaged an outside compensation consultant, Towers Perrin HR Services, or Towers Perrin. At the request of the Compensation Committee, Towers Perrin worked with our Senior Vice President of Human Resources and our Chief Executive Officer to review performance information, a competitive market assessment, and functional responsibilities of our executive officers. Towers Perrin then presented the Compensation Committee with the results of this review and recommendations for the compensation of our executive officers and for the overall design of our compensation system for all of our employees. Towers Perrin presents its reports and recommendations directly to the Compensation Committee and works directly with our Senior Vice President of Human Resources. Towers Perrin provides its materials to our Chief Executive Officer and Senior Vice President of Human Resources, who in turn are responsible for distributing copies of any reports as needed.

In 2006, our former Chief Executive Officer who was also a director, in consultation with our Senior Vice President of Human Resources, approved the grant of equity awards to newly hired employees who were not executive officers of the Corporation. None of our executive officers currently has the authority to grant equity awards.

Audit Committee

The Board has established a separately-designated standing Audit Committee in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934. The Audit Committee met twelve times during 2006. The Board of Directors has determined that each member of the Audit Committee is independent within the meaning of the rules of the New York Stock Exchange. The Board of Directors also determined that Ms. Kushner and Mr. Sorensen are audit committee financial experts as defined by the SEC and that they have accounting and related financial management expertise within the listing standards of the New York Stock Exchange.

The Audit Committee's responsibilities include:

- Reviewing the independence of the independent auditors and making decisions regarding engaging and discharging independent auditors;

- Reviewing with the independent auditors the plans and results of auditing engagements;

- Reviewing and approving non-audit services provided by our independent auditors and the range of audit and non-audit fees;

- Reviewing the scope and results of our internal audit procedures and the adequacy of the system of internal controls;

Overseeing special investigations;

Reviewing our financial statements and reports filed with the SEC;

Overseeing our efforts to ensure that our business and operations are conducted in compliance with the highest legal and regulatory standards applicable to us, as well as ethical business practices;

Overseeing our internal reporting system regarding compliance by us with Federal, state and local laws;

Establishing and implementing procedures for confidential communications for whistleblowers and others who have concerns with our accounting, internal accounting controls and audit matters; and

Reviewing our significant accounting policies.

Executive Committee

The Executive Committee met once during 2006. The Executive Committee is responsible for exercising the authority of the Board of Directors, to the extent permitted by law and our Bylaws, in the intervals between meetings of the Board when an emergency issue arises or when scheduling makes it difficult to convene all directors.

Director Nomination Process

The Nominating Committee will consider stockholder recommendations for director nominees sent to the Nominating and Corporate Governance Committee, Attention: Corporate Secretary, Wabash National Corporation, P.O. Box 6129, Lafayette, Indiana 47903. Stockholder recommendations for director nominees should include:

The name and address of the stockholder recommending the person to be nominated;

A representation that the stockholder is a holder of record of our stock, including the number of shares held and the period of holding;

A description of all arrangements or understandings between the stockholder and the recommended nominee;

Such other information regarding the recommended nominee as would be required to be included in a proxy statement filed pursuant to Regulation 14A under the Securities Exchange Act of 1934;

The consent of the recommended nominee to serve as a director if so elected; and

All other information requirements set forth in our Bylaws.

To submit a candidate as a nominee for director for an upcoming annual stockholder meeting, it is necessary that you notify us not less than 90 days nor more than 120 days before the first anniversary of the date of the preceding year's annual stockholders meeting. Thus, in order for any such nomination to be considered by us for the 2008 annual stockholders meeting, it must be received no earlier than January 26, 2008, but no later than February 25, 2008. Upon receipt by the Corporate Secretary of a stockholder notice of a director nomination, the Corporate Secretary will notify the stockholder that the notice has been received and will be presented to the Nominating Committee for review. Stockholders' nominees that comply with these procedures will receive the same consideration as other candidates identified by or to the Nominating Committee.

Director candidates shall have the highest personal and professional integrity;

Director candidates shall have a record of exceptional ability and judgment;

Director candidates must be able and willing to devote the required amount of time to our affairs, including attendance at Board and committee meetings;

The Nominating Committee and our Chief Executive Officer will interview candidates that meet the criteria, and the Nominating Committee will recommend to the Board of Directors nominees that best suit the Board's needs.

Zachman who: (i) filed a Form 3 that inadvertently excluded a stock option award he had received and shares of Common Stock he acquired prior to the time he was required to file reports pursuant to Section 16(a) and (ii) filed a late Form 4 report with respect to shares of Common Stock he acquired through a dividend reinvestment plan within his individual retirement account.

Executive Compensation

Compensation Discussion and Analysis

The following compensation discussion and analysis provides information regarding the objectives and elements of our compensation philosophy and policies for the compensation of our Chief Executive Officer, Chief Financial Officer and our three most highly-compensated executive officers in 2006 other than our Chief Executive Officer and Chief Financial Officer. We refer to these individuals collectively as our named executive officers, or NEOs.

The Compensation Committee is responsible for implementing our executive compensation policies and programs and works closely with our management, in particular our Senior Vice President of Human Resources, and an outside compensation consultant, which for 2006 was Towers Perrin HR Services, or Towers Perrin. The Compensation Committee operates pursuant to a charter approved by the Board of Directors. More information on the Committee's processes and procedures can be found above under the heading Compensation Committee.

Philosophy and Objectives of Wabash National Compensation Programs

Overview

Our overall compensation philosophy is to provide compensation packages to our executives, including our NEOs, that are competitive with those of executives of similar status in the transportation industry while at the same time keeping our compensation program equitable and straightforward in structure.

Equitable treatment of our executives. We strive to provide levels of compensation that are equitable on both internal and external measures, and we want our associates to feel that their compensation is comparable to similarly situated people both within and outside of our Company. All of our full-time, salaried employees are on a grade scale, so that employees with comparable levels of responsibility and contributions to the Company have comparable levels of compensation. We also use competitive market assessments to provide benchmarks for our compensation decisions, as discussed below.

Straightforward structure. In structuring our compensation policies and practices, we seek to minimize the complexity of the program, maximize our associates' understanding of the elements of compensation and provide compensation that is easily comparable to other opportunities in the market. We believe that a compensation program that is easy to understand further enforces an equitable work environment.

While we provide a framework for compensation, we believe that the Compensation Committee must have the flexibility needed to attract and, perhaps more importantly, retain qualified candidates, as well as recognize individual contributions or performance over and above that which is expected.

In implementing this philosophy, we award compensation to meet our three principle objectives: aligning executive compensation with our Company's annual and long-term performance goals, using equity-based awards in an effort to align NEO and stockholder interests and setting compensation at levels that assist us in attracting and retaining qualified executives.

Reflect Annual and Long-Term Performance Goals

As part of our executive compensation program, we reward the achievement, and surpassing, of short-term and long-term corporate goals. Our short-term incentive program is designed to reward participants for the achievement of

annual financial and personal performance goals by providing cash awards that are paid if annual financial goals are met and personal performance meets expectations. Our long-term incentive program is designed to reward participants for the achievement of longer term financial goals over a three-year period by providing equity-based compensation that provides value to our NEOs when our stock price increases or Company-wide financial goals are met. We believe that the use of annual and long-term performance goals provide our associates with an equitable message that when the Company does well, so do they. Similarly, because a significant portion of awards are tied to Company-wide goals, all of the participants in the plan are rewarded for superior Company performance. We also believe that the use of the performance goals we select helps us to have a straightforward structure because our

associates can easily track Company performance and correlate their awards to improved Company performance and operations.

Utilize Equity-Based Awards

Our compensation program uses equity-based awards in order to provide our NEOs with a direct incentive to seek increased stockholder returns. Our stockholders receive value when our stock price increases, and by using equity-based awards our NEOs also receive increased value when our stock price increases. We believe that equity-based awards are an important part of an equitable structure because it is fair to our NEOs and to the Company that the level of rewards for our NEOs increase and decrease based on the return to stockholders. Similarly, equity-based awards represent our philosophy of having a straightforward structure by reminding NEOs that one of the best measures of long-term corporate success is increased stockholder value.

Attract and Retain Qualified Executives

We believe that the supply of qualified executive talent is limited and have designed our compensation programs to help us attract qualified candidates by providing compensation that is competitive within the transportation industry and the broader market for executive talent. Perhaps more importantly, we believe that the design of our compensation programs is important in helping us to keep the qualified executives that we currently have.

Competitive Market Assessments

To assist in identifying the appropriate level of compensation to target for our NEOs, the Compensation Committee has historically engaged a compensation consultant. For 2006 Towers Perrin served as the Compensation Committee's compensation consultant.

In February 2006, Towers Perrin provided the Compensation Committee with a competitive market assessment of the compensation paid to our NEOs and other senior officers, with the exception of Messrs. Ehrlich and Greubel. Because of what we believe is the unique nature of his position and responsibilities and the lack of comparable positions at other companies in the transportation industry, we do not believe that data on directly comparable positions is available for Mr. Ehrlich. Similarly, because of the negotiated nature of the employment contract for Mr. Greubel and the succession planning that was underway, the February 2006 report from Towers Perrin did not cover Mr. Greubel's compensation in 2006. However, the Compensation Committee did receive a market assessment from Towers Perrin in connection with setting the compensation for Mr. Giromini when he became our new Chief Executive Officer on January 1, 2007.

The Compensation Committee reviewed the competitive market assessment provided by Towers Perrin, which provided historical information and analysis on the amount of base salary, total cash compensation, target bonus percentages, annualized expected values of long-term incentives and total direct compensation for executive officers. Towers Perrin's analysis compared the compensation packages for our executive officers to a size-based sample from general industry and a size-adjusted durable goods manufacturing sample. In calculating the 2006 values for the competitive market assessment, Towers Perrin generally used publicly available numbers for 2005 and made what it considered were appropriate inflationary adjustments. The Towers Perrin information was used by the Compensation Committee to reaffirm the elements of our compensation programs.

In addition to the information the Compensation Committee received from Towers Perrin, Mr. Greubel also reviewed the information from Towers Perrin and made recommendations to the Compensation Committee on the amount of base salary and target awards under our short-term and long-term incentive plans for the other NEOs.

While the competitive market assessments provided by Towers Perrin are an important factor in making compensation decisions and the Compensation Committee strives to provide compensation that is around the median of comparable company compensation, the Compensation Committee retains the flexibility to also consider subjective factors. The Compensation Committee realizes that competitive alternatives vary from individual to individual and may extend beyond equivalent positions in our industry or at other publicly traded or similarly-situated companies, and the Committee considers each NEO's contributions to our corporate performance, complexity and importance of role and responsibilities, regional considerations, cost of living adjustments, position tenure and leadership and growth potential.

We believe that our total cash compensation, which includes salary and target short-term incentive awards, historically has been around the median of market competitive values, and our long-term incentives have historically been below the median due to our historical compensation practices. In recent years, we have begun to focus on increasing the level of long-term compensation of our executives so that total compensation is more competitive. In 2006, total cash compensation for each of our NEOs, other than Mr. Greubel and Mr. Ehrlich for whom we did not have data, was below the median provided by Towers Perrin. The Compensation Committee determined that raising total cash compensation to at or above the median would occur gradually as the NEOs gained tenure in their positions. In 2006, total direct compensation, which includes base salary, the short-term incentive plan target amount and long-term incentive plan target amount, for each of our NEOs other than Mr. Greubel and Mr. Ehrlich was also below the median provided by Towers Perrin. However, it was closer to the median than in prior years, and as noted above, we expect that we will continue to gradually increase compensation, and long-term compensation, in particular, as circumstances warrant.

While we consider current and prior compensation awards when considering retirement and severance programs, we do not consider prior compensation awards when setting long-term compensation. We do not consider those prior awards because we do not believe that other companies who may be interested in hiring our NEOs would take into account the holdings that these officers have in our Company, so we do not believe that all of the objectives of our compensation policy would be met were we to consider those holdings.

We plan to obtain a revised competitive market assessment from our compensation consultant every other year and have the Compensation Committee approve changes to the assessment in the intervening years to take into account inflationary increases and other applicable changes in the market for executive talent for which data is available.

Elements of Compensation

Base Salary

We believe that it is a necessity to provide our NEOs with a portion of compensation that is fixed and liquid, and we do this through base salaries. The base salaries for our NEOs are generally set by the Compensation Committee in February of each year, absent other factors, such as new hires or promotions. For example, in January 2006, Mr. Giromini's base salary was increased when he was promoted to the position of President. At that time, the Compensation Committee received a competitive analysis on the level of his compensation from Towers Perrin and received the recommendation of Mr. Greubel. His base salary was not further adjusted in February 2006 at the time the base salaries of the other NEOs were reviewed.

As discussed above, the Compensation Committee reviews the competitive market assessment provided by Towers Perrin when setting base salaries and strives to be near the median of the salaries covered by the assessment. The Compensation Committee also considers internal benchmarking to compare base salaries among all of our executive officers as part of our efforts to provide equitable levels of compensation both internally and externally. For Mr. Greubel and Mr. Ehrlich, a competitive market assessment was not available, and therefore the Compensation Committee relied more heavily on our internal benchmarking and the data that we had for the other executive officers, as well as the subjective factors discussed above.

The Compensation Committee's decisions to set base salary impact the other portions of our compensation program because target awards under our short-term incentive program and our long-term incentive program are both designed as multiples of base salary.

Short-Term Incentive Plan

Our short-term incentive plan is designed to reward participants for meeting or exceeding financial and personal performance over the course of a calendar year, and in addition to our NEOs, it is available to a wide range of key associates and executives. If short-term incentive plan targets are met, participants receive a cash bonus. We use the short-term incentive plan for compensating our NEOs because it permits us to incentivize our NEOs to achieve goals that we believe are consistent with our current overall goals and strategic direction. We believe that achievement of these current overall goals and strategic direction will translate into long-term success for the Company and improved

stockholder return. The plan is reviewed and updated by the Compensation Committee on an annual basis, which generally occurs in February of each year.

In 2006, awards under the plan were only to be paid if we met or exceeded 80% of our financial target, even if an NEO exhibited outstanding individual performance. We selected 80% as the threshold because we believe that level of performance is representative of good corporate performance and because we believe that, based on their understanding of market standards, our employees expected awards if we achieved that level of success. The size of the target bonus under the short-term incentive plan was, as a percentage of each individual's base salary, 100% for Mr. Greubel, 60% for Mr. Giromini, 50% for Mr. Smith, and 45% for our other NEOs. As discussed above, in setting these percentages the Compensation Committee considered the information contained in the competitive analysis received from Towers Perrin.

For our NEOs, in 2006, 50% of the target bonus under the short-term incentive plan was based on achieving pre-tax profit of \$73,000,000, 25% of the target was based on achieving operating working capital of 12.4%, and 25% was based on individual performance. For this purpose, operating working capital is determined by dividing net working capital by annual sales, where net working capital is calculated as the sum of accounts receivable and inventory less accounts payable, and all measures are calculated by averaging the results of each calculation for the prior 13 months. In selecting financial measures, we selected measures we believe all participants in the short-term incentive plan could readily relate to their performance and easily track. Our NEOs were subject to the same metrics as the other participants. We believe that pre-tax profit was an appropriate measure for short-term incentive plan awards because we believe that it is the most direct and appropriate measure to reflect our employees' efforts to achieve profitability and short-term performance. Similarly, we believe that working capital is an appropriate measure for short-term incentive plan awards because it directly reflects the efforts of our employees to achieve improved operational performance. The overall effect of this is the selection of metrics and targets that are easy to understand. The 25% of the short-term incentive plan that is based on individual performances furthers our philosophy of having flexibility to reward an individual's performance.

Payouts to NEOs under the plan can range from 50% of the target bonus to 200% of the target bonus based on corporate performance, with 50% paid at 80% of target, 100% paid at 100% of target and 200% paid at 150% of target. In 2006, we did not achieve 80% of the financial targets that is the minimum threshold for payments under the plan, and no bonus payments were made to our NEOs pursuant to the plan.

For 2007, we are restructuring the short-term incentive plan in order that awards for personal performance may be paid under the short-term incentive plan even when thresholds set for the financial targets have not been met. By tying the payment of the personal performance portion of the short-term incentive plan to the achievement of financial targets, we did not have the flexibility that we believe is important to be able to reward superior performance without regard to factors that may have been outside of the particular executive's control.

Long-Term Incentive Plan

Our long-term incentive plan, or LTI Plan, is designed to reward our NEOs for achieving and exceeding financial targets on a longer-term basis, generally three years. The LTI Plan consists of grants of various types of equity awards: stock options that vest over three years, restricted stock that vests in total at the end of three years, and performance share units that vest over three years based on pre-defined performance measures. As described above, we believe that a substantial portion of NEOs' compensation should be in the form of equity awards in order to align the interests of the NEOs and our stockholders. The plan is reviewed and updated by the Compensation Committee on an annual basis, which generally occurs in February of each year. In 2006, the award components of the LTI Plan were redesigned based on the recommendations of Towers Perrin and Mr. Greubel to provide for options, restricted stock and performance share units, for the reasons discussed below.

Under the LTI Plan, each NEO's long-term incentive award target is established based on a percentage of his or her base salary. To determine the size of the awards to be made, we multiply the respective NEO's salary by a specified percentage. In 2006, it was 160% of salary for Mr. Greubel, 100% of salary for Mr. Giromini and Mr. Smith, and 80% of salary for our other NEOs. As discussed above, in setting these percentages, the Compensation Committee considered the information contained in the competitive analysis received from Towers Perrin.

For 2006, awards under the LTI Plan were divided among stock options that vest equally over the first 3 anniversaries of the awards, shares of restricted stock that vest in full at the end of 3 years and performance share units that vest at the end of 3 years based on pre-defined performance measures. The number of options granted was determined by dividing 40% of the value of the executive's LTI Plan target by a binomial option value on the date of grant. The number of shares of restricted stock was determined by dividing 20% of the value of the executive's LTI Plan target by the closing stock price of our Common Stock on the date of grant. The number of performance share units was determined by dividing 40% of the value of the executive's LTI Plan target by the expected value of a performance share on the date of grant, which is calculated using a binomial valuation method on the date of grant. Binomial valuation calculations take into account the value of an equity instrument over its life, and our calculations were based on formulas provided by Towers Perrin.

The performance share units vest based on the achievement of financial targets over the course of a three-year performance cycle. For awards made in 2006, covering the period from 2006 through 2008, 50% of the award is based on our achievement of a targeted return on invested capital and 50% of the award is based on our achievement of a targeted gross profit margin. For this purpose, return on invested capital is calculated by dividing the trailing twelve months of operating income by net invested capital, where net invested capital is calculated as total assets less the result of cash minus total current liabilities, less any current debt obligations. For this purpose, gross profit margin is calculated by dividing net sales by gross profit, where gross profit is calculated as net sales minus cost of goods sold. The number of shares to be issued decreases or increases based on whether and by how much targets are achieved, with a minimum threshold of 50% of the awards and a maximum threshold of 150%. The Compensation Committee is responsible for determining whether these targets were met. We believe that return on invested capital is an appropriate measure for long-term incentive plan awards because it takes into account our overall financial performance, and that gross profit margin is an appropriate measure for long-term incentive plan awards because it directly reflects improvements in operational efficiency. We believe that with superior performance, the targets that we have set forth for our NEOs can be met, and our NEOs have informed us that they expect that they will meet these targeted returns. To receive the target awards, our corporate performance in 2007 and 2008 would need to substantially improve over our 2006 results.

We believed that the three types of equity awards utilized in the LTI Plan were an appropriate mix of types of awards and provided the proper incentives for NEOs to remain with the Company and execute our strategic growth plans. Because 40% of each award in 2006 was composed of options that require an increase in stock price to have value to the NEO and 40% of each award was comprised of performance share units that require performance objectives to be met, 80% of the LTI Plan award is tied to the Company's growth and returns to stockholders. We believed that this provided appropriate incentive to the NEOs to improve the Company's performance. We believed that in 2006 solely relying on either an increased stock price or achieving specified performance metrics would not be sufficient. While stock price can be a good indicator of corporate success, outside factors can cause the stock price to go up or down regardless of the level of performance. Similarly, while internal performance metrics are important indicators of success, tying a portion of the total award to stock price is still important to better align the interests of the NEOs with our stockholders. Accordingly, we used both options and performance share units for the performance awards. In addition, we believe that the utilization of restricted stock is appropriate given the expectations of our executives based on our historical practices, the marketplace for executive talent, our historical practice of granting restricted stock, their impact on retention and the cyclical nature of our business.

For 2007, we expect that awards under the LTI Plan will consist of stock options and restricted stock grants. We expect to use these forms of awards because we think that stock options and restricted stock grants are sufficient to meet our goals as stated above for long-term initiatives, and because multi-year performance share units granted on an annual basis were not as effective a tool in offering our employees a simple and straight-forward incentive.

Equity Grant Practices

Grants of equity awards are generally made to our NEOs at one time each year pursuant to the LTI Plan. As discussed above, the Compensation Committee typically reviews and approves awards and award levels under the LTI Plan in February of each year in conjunction with regularly scheduled meetings of the Compensation Committee and Board of Directors. Subsequent to the Compensation Committee approval, equity awards for the NEOs are subject to approval by the full Board of Directors. In 2007, awards under the LTI Plan will not be made until after the Annual Meeting where the stockholders are being asked to approve a new Omnibus Incentive Plan. While most of our option

awards are made during that time period, we occasionally make grants of options to NEOs at other times, including in connection with the initial hiring of a new officer or promotion. We make such grants at the time of the hiring or promotion. We do not have any specific program, plan or practice related to time equity award grants to executives in coordination with the release of non-public information.

All options are granted with an exercise price equal to the closing market price on the date of grant. The date of grant for our equity awards is set by the Board of Directors and is a date that is on or after the Board action approving and ratifying the awards. We have not engaged in a practice of back-dating equity awards.

Stock Ownership Guidelines

In February 2005, we adopted stock ownership guidelines for our executive officers, including our NEOs. These guidelines are designed to encourage our executive officers to increase their equity stake in the Company and more closely align their interests with those of other stockholders. The stock ownership guidelines provide that within 5 years of adoption of the guidelines, the executive officer is required to own a number of shares roughly equivalent to what was then three times the executive's salary, or five times in the case of our Chief Executive Officer. In 2006, this translated into 120,000 shares for Mr. Greubel, 45,000 shares for Mr. Giromini and 25,000 shares in the case of the other NEOs. Because the policy is new, none of our executive officers are currently required to meet these guidelines. However, in 2006 Mr. Greubel, Mr. Giromini and Mr. Ehrlich each met these guidelines.

Our insider trading policy prohibits our executive officers, including our NEOs, from engaging in selling short our Common Stock or engaging in hedging or offsetting transactions regarding our Common Stock.

Post-Termination Compensation

Employment and Severance Agreements

In 2006, we did not have employment or severance agreements with any of our NEOs, other than employment agreements with Mr. Greubel and Mr. Giromini. These agreements provided for payments and other benefits if the executive's employment terminates based upon certain qualifying events, such as termination without cause or leaving employment for good reason. These provisions were in these officer's agreements that were negotiated when they were initially hired. The Board of Directors believed that these severance payments and benefit arrangements were necessary to hire these officers and were consistent with industry practice, and the terms are the result of negotiations between us and the officers. Our agreement with Mr. Greubel was superseded in its entirety by a new agreement when he ceased serving as our Chief Executive Officer on January 1, 2007, and he no longer has an agreement that provides for post-termination payments. Our agreement with Mr. Giromini was amended when he became our Chief Executive Officer on January 1, 2007, and his employment agreement continues to have these terms.

We also have instituted a change-in-control policy applicable to a number of our senior executive officers, including Messrs. Giromini, Smith and Ewald. We determined that this policy was appropriate based on the prevalence of similar policies within our industry, as well as the dynamic nature of the business environment in which we operate. We also believe change-in-control policies and agreements are appropriate tools to motivate executive officers to exhibit the right behaviors when considering potential business combinations. By defining compensation and benefits payable under various merger and acquisition scenarios, change-in-control agreements enable the NEOs to set aside personal financial and career objectives and focus on maximizing stockholder value. These agreements help to minimize distractions such as the officer's concern about what may happen to his or her position, and help to keep the officer objective in analyzing opportunities that may arise. Furthermore, they ensure continuity of the leadership team at a time when business continuity is of paramount concern. Under the terms of his employment agreement as amended in January 2007, Mr. Giromini will receive the greater of the benefits pursuant to our change-in-control

policy or his employment agreement, but not both.

Additional information regarding these provisions, including a definition of key terms and a quantification of benefits that would be received assuming a triggering event on December 31, 2006, is found below under the heading "Potential Payments upon Termination or Change-in-Control" and a more general discussion of the terms of the employment agreements is found below in the discussion following the *Summary Compensation Table* and *Grants of Plan Based Awards Table*.

Executive Severance Plan

We have adopted an Executive Severance Plan that provides for severance benefits for our officers, including our NEOs, in the event we terminate their employment without cause. Under the plan, in the absence of an employment agreement providing for superior benefits, our NEOs are eligible for a severance payment equal to the executive's base salary for a period of one month or, if the executive executes a general release, for a period of up to 18 months. In addition to the severance payment, our NEOs are entitled to a lump sum amount to cover post-termination healthcare premiums for the duration of the severance period. We determined that this plan was appropriate based on the prevalence of similar plans within our industry and its importance to attracting and retaining qualified executives based on our belief of their expectations. See below, under the heading "Potential Payments upon Termination or Change-in-Control", for a quantification of the benefits that would be received assuming termination of eligible NEOs on December 31, 2006.

Deferred Compensation Plan

We sponsor a non-qualified, unfunded deferred compensation plan, which allows eligible highly-compensated employees, including the NEOs, and our directors to voluntarily elect to defer certain forms of compensation prior to the compensation being earned and vested. We make this opportunity available to our highly-compensated employees as a financial planning tool and an additional method to save for retirement. Deferrals by executive officers generally result in the deferral of our obligation to make cash payments or issue shares of our Common Stock to those executive officers. Executive officers do not receive preferential earnings on their deferred compensation. As a result, we do not view earnings received on contributions to the deferred compensation plan as providing executives with additional compensation. Participants in the Deferred Compensation Plan are general creditors of the Company. See the *Nonqualified Deferred Compensation Table* below for additional information on the Deferred Compensation Plan.

Executive Life Insurance Program

Pursuant to the terms of their employment agreements, we maintain life insurance policies on Mr. Greubel and Mr. Giromini. We have purchased and maintain these policies on these executives but provide the executives with an interest in the death benefit. The executive officer is responsible for taxes on the income imputed in connection with this agreement under Internal Revenue Service rules. Upon termination of employment, the life insurance policies will be assigned to the executive officer or his beneficiary. This was a negotiated benefit entered into when these officers began their employment with us.

Deductibility Cap on Executive Compensation

Under Section 162(m) of the Internal Revenue Code of 1986, as amended, and applicable Treasury regulations, no tax deduction is allowed for annual compensation in excess of \$1,000,000 to the NEOs listed in the *Summary Compensation Table* below. However, performance-based compensation, as defined in the tax law, is fully deductible if the programs, among other requirements, are approved by stockholders, the compensation is payable only upon attainment of pre-established, objective performance goals and the board committee that establishes such goals consists only of "outside directors" as defined for purposes of Section 162(m). For 2006, all of the members of the Compensation Committee qualified as "outside directors". Our policy is to qualify our incentive compensation programs for full corporate deductibility to the extent feasible and consistent with our overall compensation goals as reflected in the *Summary Compensation Table* below.

Compensation Committee Report

The Compensation Committee reviewed and discussed with management the Compensation Discussion and Analysis set forth in this Proxy Statement. Based on the review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and in the Wabash National Corporation Annual Report on Form 10-K for the fiscal year ended December 31, 2006 (including through incorporation by reference to this Proxy Statement).

For Mr. Greubel and Mr. Giromini, the amounts disclosed in the tables above are in part a result of the terms of their employment agreements. We have no other employment agreements with our NEOs.

Mr. Greubel's Employment Agreement. Effective January 1, 2007, Mr. Greubel has ceased serving as our Chief Executive Officer, and his employment agreement was superseded with a new employment agreement for his service as Executive Director. Below is a description of Mr. Greubel's employment agreement in effect during the last fiscal year and upon which the compensation disclosed in the tables above is based.

In April 2002, we entered into an employment agreement with Mr. Greubel to serve as President and Chief Executive Officer with an initial term starting from April 12, 2002 through March 31, 2005. The term of Mr. Greubel's employment automatically renewed for successive one-year periods until Mr. Greubel stepped down from his position as Chief Executive Officer effective January 1, 2007. Pursuant to this agreement, Mr. Greubel's initial base salary was set at \$600,000 per year, subject to annual adjustment in connection with annual performance reviews and discussions between Mr. Greubel and us. Mr. Greubel's base salary for 2006 was \$705,385. Mr. Greubel was also eligible for an annual bonus.

Mr. Greubel's employment could be terminated for cause by us or by him upon his giving us 30 days written notice. In the event that Mr. Greubel's employment was terminated without cause, or it was terminated by Mr. Greubel for Good Reason (as defined below in the Potential Payments on Termination or Change-in-Control section), we were obligated to make certain payments to him and continue certain benefits. In addition, Mr. Greubel would maintain all of his rights in connection with his vested stock options. Furthermore, if a change of control with respect to us had occurred and Mr. Greubel terminated within 180 days thereafter, we would have been required to make certain severance payments to Mr. Greubel. In his employment agreement, Mr. Greubel had agreed not to compete with us during the term of his agreement and for a period of two years after termination for any reason.

On January 1, 2007, in connection with his stepping down as Chief Executive Officer, we entered into an executive director agreement with Mr. Greubel, which superseded in its entirety his employment agreement described above. Under the Executive Director Agreement, Mr. Greubel shall receive an annual base salary of \$280,000 and is eligible for an annual incentive bonus targeted at 40% of his base salary and which may range from 0% to 80% of base salary. The Executive Director Agreement also entitles Mr. Greubel to continue to participate in our executive benefit programs. We shall continue to pay an additional sum to Mr. Greubel to enable him to continue his current coverage under his executive life insurance program.

For a discussion of potential termination payments to Mr. Greubel pursuant to the Executive Director Agreement, see the heading Potential Payments upon Termination or Change-in-Control below.

Mr. Giromini's Employment Agreement. Effective January 1, 2007, the Board appointed Mr. Giromini, to serve as Chief Executive Officer, succeeding Mr. Greubel. In June 2002, we entered into an employment agreement with Mr. Giromini to serve as Chief Operating Officer of the Corporation effective July 15, 2002 through July 15, 2003. The term of Mr. Giromini's employment automatically renews for successive one-year periods unless and until either party provides written notice, not less than 60 days prior to the end of the then current term, of their intent not to renew the agreement. Pursuant to this agreement, Mr. Giromini's initial base salary was set at \$325,000 per year, subject to annual adjustment in connection with annual performance reviews and discussions between Mr. Giromini and us. Mr. Giromini's salary for 2006 was \$451,000. Mr. Giromini's employment agreement had similar provisions to that of Mr. Greubel, except with respect to his position, base salary, and certain health benefits.

A description of the termination provisions, whether or not following a change-in-control, and a quantification of benefits that would be received by Mr. Giromini can be found under the heading Potential Payments upon

Termination or Change-in-Control below.

On January 1, 2007, in connection with Mr. Giromini becoming our Chief Executive Officer, we entered into an amendment to his employment agreement to provide that Mr. Giromini's title and duties will be that of the President and Chief Executive Officer. The amendment provides that Mr. Giromini will receive an annual base salary of \$620,000 and is eligible for an annual incentive bonus targeted at 80% of his base salary, and which may range from 0% to 160% of base salary. In addition, Mr. Giromini is entitled to payment of an additional sum to enable Mr. Giromini to participate in an executive life insurance program, currently estimated to be \$49,190 annually.

(2) The amounts in this column are also included in the Summary Compensation Table above in the All other Compensation column as the NQP match on regular earnings for 2006.

(3) The following represents the extent to which the amounts reported in the aggregate balance column were previously reported as compensation to our NEOs in our Summary Compensation Table for previous years:

Eligible highly-compensated employees, including the NEOs, and our directors may defer receipt of all or part of their cash compensation under the deferred compensation plan. Amounts deferred under this program are invested among the investment funds listed in the Service Agreement for the program from time to time pursuant to the participant's direction and participants become entitled to the returns on those investments. Participants may elect to receive the funds in a lump sum or in up to 10 annual installments following retirement, but may not make withdrawals during their employment, except in the event of hardship as approved by the Company. The deferred compensation plan is unfunded and subject to forfeiture in the event of bankruptcy.

Potential Payments on Termination or Change-in-Control

The section below describes the payments that may be made to NEOs in connection with a change-in-control or pursuant to certain termination events.

Executive Severance Plan. In the absence of an employment agreement that provides for superior benefits, our Executive Severance Plan provides severance benefits to our officers, including our NEOs, in the event we terminate their employment without cause. Under this plan, our NEOs are eligible for a severance payment, on a bi-weekly basis, equal to the NEO's base salary for a period of one month or, if the executive executes a general release, for a period of up to 18 months. In addition to the severance payment, the executive is entitled to receive a lump sum amount equal to his or her COBRA healthcare premiums for the duration of the severance period.

Change-in-Control. We provide severance pay and benefits in connection with a change-in-control and Qualifying Termination, as defined below, to some of our executives, including all of the NEOs except for Mr. Greubel, in accordance with the terms of a change-in-control policy that we adopted in December 2005. Benefits under the policy are payable in the event of a termination within twelve months after a change-in-control that is either by Wabash without cause or by the executive for good reason (a Qualifying Termination). In the case of Mr. Giromini, he

will not receive payments under our change-in-control policy if he is entitled to greater benefits under the terms of his employment agreement. An executive must execute a release in favor of the Company to receive benefits under the policy.

In the case of Mr. Giromini, the benefits under the policy upon a Qualifying Termination are a severance payment of two times base salary plus two times his target bonus for the year in which the Qualifying Termination occurs. In addition, a payment will be made for a pro-rata portion of his target bonus for the current year, and health benefits will be continued for two years (or until comparable coverage is obtained by him).

In the case of our NEOs, other than Messrs. Greubel and Giromini, the benefits under the policy upon a Qualifying Termination are a severance payment of one and one-half times base salary plus one and one-half times the executive's target bonus for the year in which the Qualifying Termination occurs. In addition, a payment will be made for a pro-rata portion of the executive's target bonus for the current year, and health benefits will be continued for one and one-half years (or until comparable coverage is obtained by the executive).

Mr. Giromini's Agreement. Mr. Giromini's employment agreement, described above, has certain provisions that provide for payments to him in the event of the termination of his employment or in the event of a termination of his employment in connection with a change-in-control. Mr. Greubel had an agreement with identical provisions until his prior employment agreement was superseded on January 1, 2007, when he ceased to serve as our Chief Executive Officer.

Termination for cause or good reason In the event that Mr. Giromini's employment is terminated for cause or without good reason (each as defined below), we will pay the compensation and benefits otherwise payable to him through the termination date of his employment. However, Mr. Giromini shall not be entitled to any bonus payment for the fiscal year in which he is terminated without cause.

Termination by reason of death or disability If Mr. Giromini's employment is terminated by reason of death or disability, we are required to pay to him or his estate, as the case may be, the compensation and benefits otherwise payable to him through his date of termination, and a pro-rated bonus payment for the portion of the year served. In addition, Mr. Giromini, or his estate, will maintain all of his rights in connection with his vested options.

Termination without cause or for good reason In the event that we terminate Mr. Giromini's employment without cause, or he terminates employment for good reason, we are required to pay to him his then current base salary for a period of two years. During such two-year period, or until Mr. Giromini is eligible to receive benefits from another employer, whichever is longer, we will continue his participation in our group health plans and such benefits will be in addition to any other benefits due to him under any other health plan. In addition, Mr. Giromini will maintain his rights in connection with his vested options. Furthermore, if Mr. Giromini's termination occurs at our election without cause, he is entitled to receive a pro-rata portion of his bonus for the year in which he is terminated.

Termination without cause or for good reason in connection with a change-in-control In the event that we terminate Mr. Giromini's employment without cause, or he terminates employment for good reason, within 180 days of a change of control (as defined below) we are required to pay to him a sum equal to three times his then base salary plus his target bonus for that fiscal year. We are also required to pay to him the compensation and benefits otherwise payable to him through the last day of his employment. In addition, any unvested stock options or restricted stock held by Mr. Giromini shall immediately and fully vest upon his termination. Furthermore, at our election, we are required to either continue Mr. Giromini's benefits for a period of three years following his termination or pay him a lump sum payment equal to three years

premiums (at the rate and coverage level applicable at termination) under the our health and dental insurance policy plus three years premiums under our life insurance policy. Any change of control payment that becomes subject to the excise tax imposed by Section 4999 of the Internal Revenue Code or any interest or penalties with respect to such excise tax, including any additional excise tax, interest or penalties imposed on the restorative payment, requires that we make an additional restorative payment to Mr. Giromini that will fund the payment of such taxes, interest and penalties.

The payments and benefits payable to Mr. Giromini described above are contingent upon his execution of a general release of all claims acceptable to Mr. Giromini and us. Mr. Giromini has agreed not to compete with us during the term of his agreement and for a period of two years after termination for any reason.

As provided for under the Company's change-in-control policy and his employment agreement, Mr. Giromini, upon a change-in-control, is entitled to receive benefits under either the change-in-control policy or his employment agreement, but not both.

For purposes of Mr. Giromini's employment agreement, the following definitions apply:

Change of Control means:

- (A) any person becomes the beneficial owner of our securities representing 50% or more of the combined voting power of our then outstanding securities;
- (B) during any 2-year period, individuals who at the beginning of such period constitute the Board of Directors, including any new director whose election resulted from a vacancy on the Board of Directors caused by the mandatory retirement, death, or disability of a director and was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of the period, cease for any reason to constitute a majority of the Board of Directors;
- (C) we consummate a merger or consolidation with or into another corporation, the result of which is that our stockholders at the time of the execution of the agreement to merge or consolidate own less than eighty percent (80%) of the total equity of the corporation surviving or resulting from the merger or consolidation or of a corporation owning 100% of the total equity of such surviving or resulting corporation;
- (D) the sale in one or a series of transactions of all or substantially all of our assets;
- (E) any person has commenced a tender or exchange offer, or entered into an agreement or received an option to acquire beneficial ownership of 50% or more of our voting shares, unless the Board of Directors has made a reasonable determination that such action does not constitute and will not constitute a change of control; or
- (F) there is a change of control of a nature that would be required to be reported in response to item 6(e) of Schedule 14A of Regulation 14A under the Securities Exchange Act of 1934 other than in circumstances specifically covered by clauses (A)-(E) above.

Good Reason means:

- (a) a material diminishment of Mr. Giromini's position, duties, or responsibilities;
- (b) the assignment by us to him of substantial additional duties or responsibilities that are inconsistent with the duties or responsibilities then being carried out by him and which are not duties of an executive nature;
- (c) a material breach of the employment agreement by us, and our failure to cure such breach within 20 business days of written notice specifying the breach;

(d) material fraud on our part; or

(e) discontinuance of the active operation of our business, or our insolvency, or the filing by or against us of a petition in bankruptcy or for reorganization or restructuring pursuant to applicable insolvency or bankruptcy law.

Mr. Greubel's Agreement. Mr. Greubel's employment agreement that was in effect during 2006 contained terms that were nearly identical to Mr. Giromini's agreement. In connection with Mr. Greubel stepping down as our Chief Executive officer and his subsequent entry into an Executive Director Agreement with us, Mr. Greubel no longer has any payments that are specifically tied to a change-in-control.

In the event that Mr. Greubel's employment with us is terminated without cause, or it is terminated by Mr. Greubel as a result of a material breach of the agreement by us, which is not corrected within twenty (20) business days of the receipt of written notice specifying the breach, or the discontinuance of the active operation of our business or our insolvency or bankruptcy, we shall pay compensation and benefits earned through the last day of Mr. Greubel's actual employment. Assuming the attainment of the individual and corporate objectives, Mr. Greubel would be entitled also to receive a pro-rata portion of his bonus for the year in which he is terminated without cause. We have also agreed that we would continue, through January 1, 2009, to pay his base salary, make the payments for his executive life insurance and, at his election, continue coverage under our benefit plans or pay a lump sum equal to the premiums we would have paid to continue such coverage. In addition, all unvested equity awards held by Mr. Greubel on the last day of actual employment would vest when they are otherwise scheduled to vest (without regard to the fact that his employment has terminated). Furthermore, we have agreed that, if any of the preceding payments, benefits, or distributions would be subject to excise taxes under Section 4999 of the Internal Revenue Code, including any related interest and penalties, we would make such additional payments to fund the imposed excise taxes, including those imposed on the original and additional payments.

Payment and Benefit Estimates

The table below was prepared to reflect the estimated payments that would have been made pursuant to the policies and agreements described above. Except as otherwise noted, the estimated payments were calculated as though the applicable triggering event occurred and the NEO's employment was terminated on December 31, 2006, using the share price of \$15.10 of our Common Stock as of December 29, 2006, the last business day of 2006. With respect to Messrs. Greubel and Giromini, the termination date is as of December 31, 2006; however, the estimated payments are based on the terms of the January 1, 2007 Executive Director Agreement for Mr. Greubel and the amended employment agreement for Mr. Giromini, including the 2007 base salary and bonus award terms.

General Assumptions.

The amounts shown do not include distributions of plan balances under the Wabash National Deferred Compensation plan. Those amounts are shown in the Nonqualified Deferred Compensation table.

No payments or benefits are payable or due upon a voluntary termination or termination for cause, other than amounts already earned.

Bonus amounts payable are at the target level.

Equity-based Assumptions.

All performance-based restricted stock and service-based restricted stock are treated as fully earned, and the period of restriction lapses upon the triggering event.

Performance-based restricted stock shares treated as earned at the target level.

For all NEOs (other than Mr. Gruebel) all unexercisable options accelerate and become exercisable upon termination following a change of control event, however, as of December 29, 2006 all such unexercisable shares of the NEOs had no value upon their becoming exercisable on such date.

Mr. Gruebel's stock options only accelerate in the event we terminate him without cause or he terminates for good reason, however, as of December 29, 2006 all of his unexercisable shares had no value upon their becoming exercisable on such date.

PROPOSAL 2

Approval of the Wabash National Corporation 2007 Omnibus Incentive Plan

This section provides a summary of the terms of the 2007 Omnibus Incentive Plan and the proposal to approve the plan.

The Board of Directors approved the 2007 Omnibus Incentive Plan on February 27, 2007, subject to approval from our stockholders at this meeting. We are asking our stockholders to approve our 2007 Omnibus Incentive Plan as we believe that approval of the plan is essential to our continued success. The purpose of the 2007 Omnibus Incentive Plan is to attract and retain highly qualified officers, directors, key employees and other key individuals and to motivate these individuals to serve the Company and to expend maximum effort to improve the business results and earnings of the Company by providing these individuals an opportunity to acquire or increase a direct proprietary interest in the operations and future success of the Company. In the judgment of the Board of Directors, an initial or increased grant under the 2007 Omnibus Incentive Plan will be a valuable incentive and will serve to the ultimate benefit of stockholders by aligning more closely the interests of 2007 Omnibus Incentive Plan participants with those of our stockholders.

On the Record Date, the number of shares of Common Stock reserved for issuance under the 2007 Omnibus Incentive Plan was equal to the sum of two million five hundred thousand (2,500,000) shares of Common Stock plus any shares of Common Stock that are subject to outstanding awards granted under the Company's 2004 Stock Incentive Plan that expire or are forfeited, canceled or settled for cash after the effective date of the 2007 Omnibus Incentive Plan without delivery of shares of Common Stock. On the Record Date, the closing price of our Common Stock was \$15.49 per share.

As of April 2, 2007, we had 1,171,626 shares of Common Stock underlying all outstanding stock options with a weighted average exercise price of \$16.57 and a weighted average remaining term of 6.61 years, 268,902 shares of outstanding unvested restricted Common Stock and 155,520 shares of Common Stock underlying unvested restricted performance shares units. If our stockholders approve the 2007 Omnibus Incentive Plan, the 45,676 shares available as of April 2, 2007 for issuance under our 2004 Stock Incentive Plan and the 70,253 shares available as of that date for issuance under our 2000 Stock Option and Incentive Plan will no longer be available for grant under those plans.

Because participation and the types of awards under the 2007 Omnibus Incentive Plan are subject to the discretion of the Compensation Committee, the benefits or amounts that will be received by any participant or groups

of participants if the 2007 Omnibus Incentive Plan is approved are not currently determinable. There are currently no participants in the 2007 Omnibus Incentive Plan. On the Record Date, there were approximately 7 executive officers, 3,951 employees and 7 non-employee directors of the Company and its subsidiaries who were eligible to participate in the 2007 Omnibus Incentive Plan.

Unless otherwise indicated, properly executed proxies will be voted in favor of Proposal 2 to approve the 2007 Omnibus Incentive Plan.

The Board of Directors recommends that stockholders vote FOR the approval of the 2007 Omnibus Incentive Plan.

Description of the Plan

A description of the provisions of the 2007 Omnibus Incentive Plan is set forth below. This summary is qualified in its entirety by the detailed provisions of the 2007 Omnibus Incentive Plan, a copy of which is attached as Annex A to this proxy statement.

Administration. The 2007 Omnibus Incentive Plan is administered by the Compensation Committee of the Board of Directors. Subject to the terms of the plan, the Compensation Committee may select participants to receive awards, determine the types of awards and terms and conditions of awards, and interpret provisions of the plan. Members of the Compensation Committee serve at the pleasure of the Board of Directors.

Common Stock Reserved for Issuance under the Plan. The Common Stock issued or to be issued under the 2007 Omnibus Incentive Plan consists of authorized but unissued shares and treasury shares. If any shares covered by an award are not purchased or are forfeited, or if an award otherwise terminates without delivery of any Common Stock, then the number of shares of Common Stock counted against the aggregate number of shares available under the plan with respect to the award will, to the extent of any such forfeiture or termination, again be available for making awards under the 2007 Omnibus Incentive Plan.

Eligibility. Awards may be made under the 2007 Omnibus Incentive Plan to directors, officers and employees of, or consultants to, the Company or any of our affiliates and to any other individual whose participation in the plan is determined to be in the best interests of the Company by the Board of Directors.

Amendment or Termination of the Plan. The Board of Directors may terminate or amend the plan at any time and for any reason. The 2007 Omnibus Incentive Plan shall terminate in any event ten years after its effective date. Amendments will be submitted for stockholder approval to the extent required by the Internal Revenue Code or other applicable laws, rules or regulations. In addition, an amendment will be contingent on approval of the Company's stockholders if the amendment would: (i) materially increase the benefits accruing to participants under the plan, (ii) materially increase the aggregate number of shares of Common Stock that may be issued under the plan, or (iii) materially modify the requirements as to eligibility for participation in the plan.

Options. The 2007 Omnibus Incentive Plan permits the granting of options to purchase shares of Common Stock intended to qualify as incentive stock options under the Internal Revenue Code and stock options that do not qualify as incentive stock options.

The exercise price of each stock option may not be less than 100% of the fair market value of our Common Stock on the date of grant. The fair market value is generally determined as the closing price of the Common Stock on the date of grant. In the case of certain 10% stockholders who receive incentive stock options, the exercise price may not be less than 110% of the fair market value of the Common Stock on the date of grant. An exception to these requirements

is made for options that the Company grants in substitution for options held by employees of companies that the Company acquires. In such a case the exercise price is adjusted to preserve the economic value of the employee's stock option from his or her former employer.

The term of each stock option is fixed by the Compensation Committee and may not exceed 10 years from the date of grant. The Compensation Committee determines at what time or times each option may be exercised and the period of time, if any, after retirement, death, disability or termination of employment during which options may be exercised. Options may be made exercisable in installments. The exercisability of options may be accelerated by the Compensation Committee.

In general, an optionee may pay the exercise price of an option by cash, certified check, by tendering shares of Common Stock, or by means of a broker-assisted cashless exercise.

Stock options and stock appreciation rights may not be repriced absent stockholder approval. This provision applies to both direct repricings (lowering the exercise price of an outstanding grant) and indirect repricings (canceling an outstanding grant and granting a replacement grant with a lower exercise price).

Stock options and stock appreciation rights granted under the 2007 Omnibus Incentive Plan may not be sold, transferred, pledged or assigned other than by will or under applicable laws of descent and distribution. However, the Company may permit limited transfers of non-qualified options for the benefit of immediate family members of grantees to help with estate planning concerns.

Other Awards. The Compensation Committee may also award:

shares of unrestricted stock, which are shares of Common Stock at no cost or for a purchase price determined by the Compensation Committee and which are free from any restrictions under the plan. Unrestricted shares of Common Stock may be issued to participants in recognition of past services or other valid consideration, and may be issued in lieu of cash compensation to be paid to participants. No more than 5% of the number of shares of Common Stock available for issuance under the plan may be granted as shares of unrestricted stock;

restricted stock, which are shares of Common Stock subject to restrictions.

stock units, which are Common Stock units subject to restrictions.

dividend equivalent rights, which are rights entitling the recipient to receive credits for dividends that would be paid if the recipient had held a specified number of shares of Common Stock.

stock appreciation rights, which are rights to receive a number of shares or, in the discretion of the Compensation Committee, an amount in cash or a combination of shares and cash, based on the increase in the fair market value of the shares underlying the right during a stated period specified by the Compensation Committee.

performance and annual incentive awards, ultimately payable in Common Stock or cash, as determined by the Compensation Committee. The Compensation Committee may grant multi-year and annual incentive awards subject to achievement of specified goals tied to business criteria (described below). The Compensation Committee may specify the amount of the incentive award as a percentage of these business criteria, a percentage in excess of a threshold amount or as another amount which need not bear a strictly mathematical relationship to these business criteria. The Compensation Committee may modify, amend or adjust the terms of each award and performance goal. Awards to individuals who are covered under Section 162(m) of the Internal Revenue Code, or who the Compensation Committee designates as likely to be covered in the future, will comply with the requirement that payments to such employees qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code to the extent that the Compensation Committee so designates. Such employees include the chief executive officer and the four highest compensated executive officers (other than the chief executive officer) determined at the end of each year (the covered employees).

Restricted stock and stock units that vest solely by the passage of time may not vest in full in less than three (3) years from the date of grant, and restricted stock and stock units for which vesting may be accelerated by achieving performance targets may not vest in full in less than one (1) year from the grant date.

Effect of Certain Corporate Transactions. Certain change of control transactions involving us, such as a sale of the Company, may cause awards granted under the 2007 Omnibus Incentive Plan to vest, unless the awards are continued or substituted for in connection with the change of control transaction.

Adjustments for Stock Dividends and Similar Events. The Compensation Committee will make appropriate adjustments in outstanding awards and the number of shares available for issuance under the 2007 Omnibus Incentive Plan, including the individual limitations on awards, to reflect stock splits and other similar events.

Section 162(m) of the Internal Revenue Code. Section 162(m) of the Internal Revenue Code limits publicly-held companies such as the Company to an annual deduction for federal income tax purposes of \$1 million for compensation paid to their covered employees. However, performance-based compensation is excluded from this limitation. The 2007 Omnibus Incentive Plan is designed to permit the Compensation Committee to grant awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m).

To qualify as performance-based:

- (i) the compensation must be paid solely on account of the attainment of one or more pre-established, objective performance goals;
- (ii) the performance goal under which compensation is paid must be established by a compensation committee comprised solely of two or more directors who qualify as outside directors for purposes of the exception;
- (iii) the material terms under which the compensation is to be paid must be disclosed to and subsequently approved by stockholders of the corporation before payment is made in a separate vote; and
- (iv) the compensation committee must certify in writing before payment of the compensation that the performance goals and any other material terms were in fact satisfied.

In the case of compensation attributable to stock options, the performance goal requirement (summarized in (i) above) is deemed satisfied, and the certification requirement (summarized in (iv) above) is inapplicable, if the grant or award is made by the compensation committee; the plan under which the option is granted states the maximum number of shares with respect to which options may be granted during a specified period to an employee; and under the terms of the option, the amount of compensation is based solely on an increase in the value of the Common Stock after the date of grant.

Under the 2007 Omnibus Incentive Plan, one or more of the following business criteria, on a consolidated basis, and/or with respect to specified subsidiaries or business units (except with respect to the total stockholder return and earnings per share criteria), are used exclusively by the Compensation Committee in establishing performance goals:

total stockholder return;

such total stockholder return as compared to total return (on a comparable basis) of a publicly available index such as, but not limited to, the Standard & Poor's 500 Stock Index;

net income;

pretax earnings;

earnings before interest expense, taxes, depreciation and amortization;

pretax operating earnings after interest expense and before bonuses, service fees and extraordinary or special items;

operating margin;

earnings per share;

return on equity;

return on capital;

return on investment;

operating earnings;

working capital;

ratio of debt to stockholders' equity; and

revenue.

Business criteria may be measured on a GAAP or non-GAAP basis.

Under the Internal Revenue Code, a director is an outside director of the Company if he or she is not a current employee of the Company; is not a former employee who receives compensation for prior services (other than under a qualified retirement plan); has not been an officer of the Company; and does not receive, directly or indirectly (including amounts paid to an entity that employs the director or in which the director has at least a five percent ownership interest), remuneration from the Company in any capacity other than as a director.

The maximum number of shares of Common Stock subject to options or stock appreciation rights that can be awarded under the 2007 Omnibus Incentive Plan to any person is 625,000 per year. The maximum number of shares of Common Stock that can be awarded under the 2007 Omnibus Incentive Plan to any person, other than pursuant to an option or stock appreciation right, is 375,000 per year. The maximum amount that may be earned as an annual incentive award or other cash award in any fiscal year by any one person is \$1,500,000 and the maximum amount that may be earned as a performance award or other cash award in respect of a performance period by any one person is \$2,000,000.

Federal Income Tax Consequences

Incentive Stock Options. The grant of an option will not be a taxable event for the grantee or for the Company. A grantee will not recognize taxable income upon exercise of an incentive stock option (except that the alternative minimum tax may apply), and any gain realized upon a disposition of our Common Stock received pursuant to the exercise of an incentive stock option will be taxed as long-term capital gain if the grantee holds the shares of Common Stock for at least two years after the date of grant and for one year after the date of exercise (the holding period requirement). We will not be entitled to any business expense deduction with respect to the exercise of an incentive stock option, except as discussed below.

For the exercise of an option to qualify for the foregoing tax treatment, the grantee generally must be our employee or an employee of our subsidiary from the date the option is granted through a date within three months before the date of exercise of the option.

If all of the foregoing requirements are met except the holding period requirement mentioned above, the grantee will recognize ordinary income upon the disposition of the Common Stock in an amount generally equal to the excess of the fair market value of the Common Stock at the time the option was exercised over the option exercise price (but not in excess of the gain realized on the sale). The balance of the realized gain, if any, will be capital gain. We will be allowed a business expense deduction to the extent the grantee recognizes ordinary income, subject to our compliance with Section 162(m) of the Internal Revenue Code and to certain reporting requirements.

Non-Qualified Options. The grant of an option will not be a taxable event for the grantee or the Company. Upon exercising a non-qualified option, a grantee will recognize ordinary income in an amount equal to the difference between the exercise price and the fair market value of the Common Stock on the date of exercise. Upon a subsequent sale or exchange of shares acquired pursuant to the exercise of a non-qualified option, the grantee will have taxable capital gain or loss, measured by the difference between the amount realized on the disposition and the tax basis of the shares of Common Stock (generally, the amount paid for the shares plus the amount treated as ordinary income at the time the option was exercised).

If we comply with applicable reporting requirements and with the restrictions of Section 162(m) of the Internal Revenue Code, we will be entitled to a business expense deduction in the same amount and generally at the same time as the grantee recognizes ordinary income.

A grantee who has transferred a non-qualified stock option to a family member by gift will realize taxable income at the time the non-qualified stock option is exercised by the family member. The grantee will be subject to withholding of income and employment taxes at that time. The family member's tax basis in the shares of Common Stock will be the fair market value of the shares of Common Stock on the date the option is exercised. The transfer of vested non-qualified stock options will be treated as a completed gift for gift and estate tax purposes. Once the gift is completed, neither the transferred options nor the shares acquired on exercise of the transferred options will be includable in the grantee's estate for estate tax purposes.

In the event a grantee transfers a non-qualified stock option to his or her ex-spouse incident to the grantee's divorce, neither the grantee nor the ex-spouse will recognize any taxable income at the time of the transfer. In general, a

transfer is made incident to divorce if the transfer occurs within one year after the marriage ends or if it is related to the end of the marriage (for example, if the transfer is made pursuant to a divorce order or settlement agreement). Upon the subsequent exercise of such option by the ex-spouse, the ex-spouse will recognize taxable income in an amount equal to the difference between the exercise price and the fair market value of the shares of Common Stock at the time of exercise. Any distribution to the ex-spouse as a result of the exercise of the option will be subject to employment and income tax withholding at this time.

Restricted Stock. A grantee who is awarded restricted stock will not recognize any taxable income for federal income tax purposes in the year of the award, provided that the shares of Common Stock are subject to restrictions (that is, the restricted stock is nontransferable and subject to a substantial risk of forfeiture). However, the grantee may elect under Section 83(b) of the Internal Revenue Code to recognize compensation income in the year of the award in an amount equal to the fair market value of the Common Stock on the date of the award (less the purchase price, if any), determined without regard to the restrictions. If the grantee does not make such a Section 83(b) election, the fair market value of the Common Stock on the date the restrictions lapse (less the purchase price, if any) will be treated as compensation income to the grantee and will be taxable in the year the restrictions lapse and dividends paid while the Common Stock is subject to restrictions will be subject to withholding taxes. If we comply with applicable reporting requirements and with the restrictions of Section 162(m) of the Internal Revenue Code, we will be entitled to a business expense deduction in the same amount and generally at the same time as the grantee recognizes ordinary income.

Stock Units. There are no immediate tax consequences of receiving an award of stock units under the 2007 Omnibus Incentive Plan. A grantee who is awarded stock units will be required to recognize ordinary income in an amount equal to the fair market value of shares issued to such grantee at the end of the restriction period or, if later, the payment date. If we comply with applicable reporting requirements and with the restrictions of Section 162(m) of the Internal Revenue Code, we will be entitled to a business expense deduction in the same amount and generally at the same time as the grantee recognizes ordinary income.

Dividend Equivalent Rights. Participants who receive dividend equivalent rights will be required to recognize ordinary income in an amount distributed to the grantee pursuant to the award. If we comply with applicable reporting requirements and with the restrictions of Section 162(m) of the Internal Revenue Code, we will be entitled to a business expense deduction in the same amount and generally at the same time as the grantee recognizes ordinary income.

Stock Appreciation Rights. There are no immediate tax consequences of receiving an award of stock appreciation rights under the 2007 Omnibus Incentive Plan. Upon exercising a stock appreciation right, a grantee will recognize ordinary income in an amount equal to the difference between the exercise price and the fair market value of the Common Stock on the date of exercise. If we comply with applicable reporting requirements and with the restrictions of Section 162(m) of the Internal Revenue Code, we will be entitled to a business expense deduction in the same amount and generally at the same time as the grantee recognizes ordinary income.

Performance and Annual Incentive Awards. The award of a performance or annual incentive award will have no federal income tax consequences for us or for the grantee. The payment of the award is taxable to a grantee as ordinary income. If we comply with applicable reporting requirements and with the restrictions of Section 162(m) of the Internal Revenue Code, we will be entitled to a business expense deduction in the same amount and generally at the same time as the grantee recognizes ordinary income.

Unrestricted Common Stock. Participants who are awarded unrestricted Common Stock will be required to recognize ordinary income in an amount equal to the fair market value of the shares of Common Stock on the date of the award, reduced by the amount, if any, paid for such shares. If we comply with applicable reporting requirements and with the

restrictions of Section 162(m) of the Internal Revenue Code, we will be entitled to a business expense deduction in the same amount and generally at the same time as the grantee recognizes ordinary income.

Section 280(G). To the extent payments which are contingent on a change-in-control are determined to exceed certain Code limitations, they may be subject to a 20% nondeductible excise tax and the Company's deduction with respect to the associated compensation expense may be disallowed in whole or in part.

Section 409A. The Company intends for awards granted under the plan to comply with Section 409A of the Code. To the extent a grantee would be subject to the additional 20% excise tax imposed on certain nonqualified

deferred compensation plans as a result of a provision of an award under the plan, the provision will be deemed amended to the minimum extent necessary to avoid application of the 20% excise tax.

Restricted Stock and Stock Unit Grants

We have issued an aggregate of 486,010 shares of restricted stock and stock units pursuant to the Wabash National Corporation 2004 Stock Incentive Plan, of which 43,380 were forfeited or otherwise cancelled, and 11,250 vested, on or before December 31, 2006, with 431,380 remaining subject to forfeiture as of that date. We have issued an aggregate of 51,855 shares of restricted stock pursuant to the Wabash National Corporation 2000 Stock Option and Incentive Plan, of which 13,233 were forfeited or otherwise cancelled, and 22,867 vested, on or before December 31, 2006, with 15,755 remaining subject to forfeiture as of that date. We have issued an aggregate of 58,054 shares of restricted stock in the form of inducement grants, none of which were subject to forfeiture as of December 31, 2006.

2000 Stock Option and Incentive Plan

Our Board of Directors adopted the Wabash National Corporation 2000 Stock Option and Incentive Plan effective November 2000. This plan provides for the grant of non-qualified stock options and restricted stock in order to attract, retain and compensate directors, highly qualified officers, key employees and other persons. There were 2,000,000 shares of stock originally authorized for issuance under the plan. The exercise price for each option granted is set by the Compensation Committee, but is required to be at least the fair market value of a share of our Common Stock on the date of grant. The Compensation Committee sets the vesting schedule for each option granted and sets the restricted period for each grant of restricted stock. Upon a change-in-control of Wabash, all outstanding shares subject to options vest and all restrictions and conditions applicable to shares subject to restricted stock lapse. The term of the plan is 10 years, unless earlier terminated by the Board of Directors. As a result of the approval of the 2004 Stock Incentive Plan at our 2004 annual meeting of stockholders, the number of shares available for grant under the 2000 Stock Option and Incentive Plan was reduced to 100,000 shares, of which 69,750 remain available.

Employee Stock Purchase Plan

Our Board of Directors adopted the Wabash National Corporation Employee Stock Purchase Plan effective June 1993. This plan provides for the purchase of our Common Stock by certain employees in order to increase the employees interest in our growth and success and to retain the employees services. An employee purchases the stock by electing to have deducted from his or her payroll a whole percentage amount of at least two percent and no more than 15 percent of the employee s daily compensation. There were 300,000 shares of Common Stock originally authorized for issuance under the Employee Stock Purchase Plan, which amount reflects our 3 for 2 stock-split in July 1994. The purchase price for each share of Common Stock is the fair market value of the Common Stock on the last day of the applicable period. The Board of Directors may terminate this plan at any time. As of December 31, 2006, 241,736 shares of Common Stock remained available for grant under this plan.

Stock Bonus Plan

Our Board of Directors adopted the Wabash National Corporation Stock Bonus Plan effective January 1, 1997. This plan provides that stock may be awarded as supplementary compensation as an incentive and reward to eligible long service employees who, through industry, ability and exceptional service, contribute materially to our success. There were 500,000 shares of stock originally authorized for issuance under the Stock Bonus Plan, which amount reflects our 3 for 2 stock-split in July 1994. The Board of Directors has the authority to determine, in its sole discretion, the amount of individual stock bonus awards. This plan may be amended, suspended or terminated by the Board of Directors at any time. As of December 31, 2006, 453,490 shares of Common Stock remained available for grant under this plan.

Inducement Grants

We have issued non-qualified stock options outside of any plan in connection with inducing certain individuals to accept employment by us. In the aggregate, we have issued options to purchase 385,000 shares of Common Stock to three individuals. The exercise price for each option granted was set by the Compensation Committee at the fair market value of the shares subject to that option. The Compensation Committee set vesting schedules that vest over three years. Upon a change-in-control of Wabash, all outstanding shares subject to options vest. The term of each option is 10 years.

PROPOSAL THREE

Ratification of Appointment of Independent Registered Public Accounting Firm

Independent Registered Public Accounting Firm

The Audit Committee of the Board of Directors has appointed the accounting firm of Ernst & Young LLP the independent registered public accounting firm for the Company for the year ending December 31, 2007. Ernst & Young acted as our independent auditors for the year ended December 31, 2006. Representatives of Ernst & Young are expected to be present at the Annual Meeting and will have an opportunity to make a statement if they desire and are expected to be available to respond to appropriate questions. The Audit Committee is responsible for hiring, compensating and overseeing the independent registered public accounting firm, and reserves the right to exercise that responsibility at any time. If the appointment of Ernst & Young is not ratified by the stockholders, the Audit Committee is not obligated to appoint other registered public accounting firm, but the Audit Committee will give consideration to such unfavorable vote. **THE BOARD OF DIRECTORS RECOMMEND THAT YOU VOTE FOR RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.**

Principal Accounting Fees and Services

The fees billed by Ernst & Young for professional services provided to us for the years ended December 31, 2006 and December 31, 2005 were as follows:

FEE CATEGORY	2006 (dollars in thousands)		2005	
Audit Fees	\$	1,958	\$	1,250
Audit-Related Fees		79		15
Tax Fees		40		107
All Other Fees		150		177
Total Fees	\$	2,227	\$	1,549

Audit Fees. Consist of fees billed for professional services rendered for the audit of our consolidated financial statements, review of the interim consolidated financial statements included in quarterly reports and services provided by Ernst & Young in connection with our securities offerings and registration statements.

Audit-Related Fees. Consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our consolidated financial statements and are not reported under Audit Fees. In 2005 and 2006, these services included audits of benefit plans, audits, accounting consultation, consulting on internal controls and other audit-related services.

Tax Fees. Consist of fees billed for professional services for tax compliance, tax advice and tax planning. In 2005 and 2006, these services include assistance related to state tax filing and incentives reviews of corporation tax filings, consulting on net operating loss treatments, and review of tax audits.

All Other Fees. In 2005, these services include the performance of financial due diligence and other related services provided in connection with our acquisition of the outstanding stock of Transcraft Corporation, which transaction closed in March 2006, and other potential transactions.

In 2006, all Ernst & Young LLP fees were pre-approved by the Audit Committee pursuant to the policy described below. After consideration, the Audit Committee has concluded that the provision of non-audit services by Ernst & Young LLP to Wabash is compatible with maintaining the independence of Ernst & Young LLP.

Pre-Approval Policy for Audit and Non-Audit Fees

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services performed by our independent public accountants. These services may include audit services, audit-related services, tax services and other services. For audit services, the independent auditor provides an engagement letter in advance of the meeting of the Audit Committee that occurs in connection with our annual meeting of stockholders, outlining the scope of the

audit and related audit fees. If agreed to by the Audit Committee, this engagement letter is formally accepted by the Audit Committee at the meeting of the Audit Committee.

For all services, our senior management submits to the Audit Committee a request that the Audit Committee approve specific services recommended by management and engage our independent auditor to provide such services. In addition, the Audit Committee pre-approves all non-audit services that the independent auditor is permitted to provide from time-to-time during the year. Prior to approval by the Audit Committee, all fee proposals for non-audit services must be approved in advance in writing by the requesting department head and by the Corporate Controller; any fee proposal greater than \$25,000 must also be approved in advance in writing by the Chief Financial Officer; and any fee proposal greater than \$100,000 must also be approved in advance in writing by the Chairman of the Audit Committee. The Audit Committee will be informed routinely as to the non-audit services actually provided by the independent auditor pursuant to this pre-approval process.

Audit Committee Report

THE FOLLOWING REPORT OF THE AUDIT COMMITTEE DOES NOT CONSTITUTE SOLICITING MATERIAL AND SHOULD NOT BE DEEMED FILED OR INCORPORATED BY REFERENCE INTO ANY OTHER FILING BY US UNDER THE SECURITIES ACT OF 1933 OR THE SECURITIES EXCHANGE ACT OF 1934, EXCEPT TO THE EXTENT WE SPECIFICALLY INCORPORATE THIS REPORT.

The Audit Committee of the Board of Directors in fiscal 2006 consisted of Ms. Kushner and Messrs. Magee and Sorensen. Mr. Hackett was also a member of the Audit Committee in fiscal 2006 until his retirement from the Board of Directors at the 2006 Annual Meeting of Stockholders. to take all actions and to make all determinations required or provided for under the Plan, any Award or any Award Agreement, and shall have full power and authority to take all such other actions and make all such other determinations not inconsistent with the specific terms and provisions of the Plan that the Board deems to be necessary or appropriate to the administration of the Plan, any Award or any Award Agreement. All such actions and determinations shall be by the affirmative vote of a majority of the members of the Board present at a meeting or by unanimous consent of the Board executed in writing in accordance with the Company's certificate of incorporation and by-laws and applicable law. The interpretation and construction by the Board of any provision of the Plan, any Award or any Award Agreement shall be final, binding and conclusive.

A-3

3.2. Committee.

The Board from time to time may delegate to the Committee such powers and authorities related to the administration and implementation of the Plan, as set forth in **Section 3.1** above and other applicable provisions, as the Board shall determine, consistent with the certificate of incorporation and by-laws of the Company and applicable law.

(i) Except as provided in Subsection (ii) and except as the Board may otherwise determine, the Committee, if any, appointed by the Board to administer the Plan shall consist of two or more Outside Directors of the Company who: (a) qualify as outside directors within the meaning of Section 162(m) of the Code and who (b) meet such other requirements as may be established from time to time by the Securities and Exchange Commission for plans intended to qualify for exemption under Rule 16b-3 (or its successor) under the Exchange Act and who (c) comply with the independence requirements of the stock exchange on which the Common Stock is listed.

In the event that the Plan, any Award or any Award Agreement entered into hereunder provides for any action to be taken by or determination to be made by the Board, such action may be taken or such determination may be made by the Committee if the power and authority to do so has been delegated to the Committee by the Board as provided for in this Section. Unless otherwise expressly determined by the Board, any such action or determination by the Committee shall be final, binding and conclusive. To the extent permitted by law, the Committee may delegate its authority under the Plan to a member of the Board.

3.3. Terms of Awards.

Subject to the other terms and conditions of the Plan, the Board shall have full and final authority to:

- (i) designate Grantees,
- (ii) determine the type or types of Awards to be made to a Grantee,
- (iii) determine the number of shares of Stock to be subject to an Award,
- (iv) establish the terms and conditions of each Award (including, but not limited to, the exercise price of any Option, the nature and duration of any restriction or condition (or provision for lapse thereof) relating to the vesting, exercise, transfer, or forfeiture of an Award or the shares of Stock subject thereto, and any terms or conditions that may be necessary to qualify Options as Incentive Stock Options),
- (v) prescribe the form of each Award Agreement evidencing an Award, and
- (vi) amend, modify, or supplement the terms of any outstanding Award. Such authority specifically includes the authority, in order to effectuate the purposes of the Plan but without amending the Plan, to modify Awards to eligible individuals who are foreign nationals or are individuals who are employed outside the United States to recognize differences in local law, tax policy, or custom. Notwithstanding the foregoing, no amendment, modification or supplement of any Award shall, without the consent of the Grantee, impair the Grantee's rights under such Award.

The Company may retain the right in an Award Agreement to cause a forfeiture of the gain realized by a Grantee on account of actions taken by the Grantee in violation or breach of or in conflict with any employment agreement, non-competition agreement, any agreement prohibiting solicitation of employees or clients of the Company or any Affiliate thereof or any confidentiality obligation with respect to the Company or any Affiliate thereof or otherwise in competition with the Company or any Affiliate thereof, to the extent specified in such Award Agreement applicable to the Grantee. Notwithstanding the preceding sentence and also subject to adjustment as provided in **Section 17** hereof, the aggregate number of shares of Stock which cumulatively may be available for issuance pursuant to Awards other than Awards of Options or SARs shall not exceed one million two hundred fifty thousand (1,250,000). Stock issued or to be issued under the Plan shall be authorized but unissued shares; or, to the extent permitted by applicable law, issued shares that have been reacquired by the Company. If any shares covered by an Award are not purchased or are forfeited, or if an Award otherwise terminates without delivery of any Stock subject thereto, then the number of shares of Stock counted against the aggregate number of shares available under the Plan with respect to such Award shall, to the extent of any such forfeiture or termination, again be available for making Awards under the Plan. The number of shares available for issuance under the Plan shall be reduced by the number of shares subject to SARs.

The Board shall have the right to substitute or assume Awards in connection with mergers, reorganizations, separations, or other transactions to which Section 424(a) of the Code applies. A-5

5.3. Amendment and Termination of the Plan

The Board may, at any time and from time to time, amend, suspend, or terminate the Plan as to any shares of Stock as to which Awards have not been made. An amendment shall be contingent on approval of the Company's stockholders to the extent stated by the Board, required by applicable law or required by applicable stock exchange listing requirements. In addition, an amendment will be contingent on approval of the Company's stockholders if the amendment would: (i) materially increase the benefits accruing to participants under the Plan, (ii) materially increase the aggregate number of shares of Stock that may be issued under the Plan, or (iii) materially modify the requirements as to eligibility for participation in the Plan. No Awards shall be made after termination of the Plan. The preceding limitations in this **Section 6.3** are subject to adjustment as provided in **Section 17** hereof.

7. AWARD AGREEMENT

Each Award granted pursuant to the Plan shall be evidenced by an Award Agreement, in such form or forms as the Board shall from time to time determine. Award Agreements granted from time to time or at the same time need not contain similar provisions but shall be consistent with the terms of the Plan. Each Option granted under the Plan shall terminate, and all rights to purchase shares of Stock thereunder shall cease, upon the expiration of ten years from the date such Option is granted, or under such circumstances and on such date prior thereto as is set forth in the Plan or as may be fixed by the Board and stated in the Award Agreement relating to such Option (the Termination Date); provided, however, that in the event that the Grantee is a Ten Percent Stockholder, an Option granted to such Grantee that is intended to be an Incentive Stock Option shall not be exercisable after the expiration of five years from its Grant Date.

8.4. Termination of Service.

Each Award Agreement shall set forth the extent to which the Grantee shall have the right to exercise the Option following termination of the Grantee's Service. Such provisions shall be determined in the sole discretion of the Board, need not be uniform among all Options issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination of Service.

8.5. Limitations on Exercise of Option.

Notwithstanding any other provision of the Plan, in no event may any Option be exercised, in whole or in part, prior to the date the Plan is approved by the stockholders of the Company as provided herein or after the occurrence of an event referred to in **Section 17** hereof which results in termination of the Option.

8.6. Method of Exercise.

Such notice shall specify the number of shares of Stock with respect to which the Option is being exercised and shall be accompanied by payment in full of the Option Price of the shares for which the Option is being exercised plus the amount (if any) of federal and/or other taxes which the Company may, in its judgment, be required to withhold with respect to an Award. An Option shall constitute an Incentive Stock Option only (i) if the Grantee of such Option is an employee of the Company or any Subsidiary of the Company; (ii) to the extent specifically provided in the related Award Agreement; and (iii) to the extent that the aggregate Fair Market Value (determined at the time the Option is granted) of the shares of Stock with respect to which all Incentive Stock Options held by such Grantee become exercisable for the first time during any calendar year (under the Plan and all other plans of the Grantee's employer and its Affiliates) does not exceed \$100,000. This limitation shall be applied by taking Options into account in the order in which they were granted.

To the extent the Award Agreement so provides, payment of the Option Price for shares purchased pursuant to the exercise of an Option or the Purchase Price for Restricted Stock may be made all or in part through the tender to the Company of shares of Stock, which shall be valued, for purposes of determining the extent to which the Option Price or Purchase Price has been paid thereby, at their Fair Market Value on the date of exercise or surrender.

12.3. Cashless Exercise.

With respect to an Option only (and not with respect to Restricted Stock), to the extent permitted by law and to the extent the Award Agreement so provides, payment of the Option Price for shares purchased pursuant to the exercise of an Option may be made all or in part by delivery (on a form acceptable to the Board) of an irrevocable direction to a licensed securities broker acceptable to the Company to sell shares of Stock and to deliver all or part of the sales proceeds to the Company in payment of the Option Price and any withholding taxes described in **Section 18.3**.

12.4. Other Forms of Payment.

To the extent the Award Agreement so provides, payment of the Option Price for shares purchased pursuant to exercise of an Option or the Purchase Price for Restricted Stock may be made in any other form that is consistent with applicable laws, regulations and rules.

13. TERMS AND CONDITIONS OF DIVIDEND EQUIVALENT RIGHTS

13.1. Dividend Equivalent Rights.

A Dividend Equivalent Right is an Award entitling the recipient to receive credits based on cash distributions that would have been paid on the shares of Stock specified in the Dividend Equivalent Right (or other award to which it relates) if such shares had been issued to and held by the recipient. A Dividend Equivalent Right may be granted hereunder to any Grantee. The terms and conditions of Dividend Equivalent Rights shall be specified in the grant.

Dividend equivalents credited to the holder of a Dividend Equivalent Right may be paid currently or may be deemed to be reinvested in additional shares of Stock, which may thereafter accrue additional equivalents. Any such reinvestment shall be at Fair Market Value on the date of reinvestment. Dividend Equivalent Rights may be settled in cash or Stock or a combination thereof, in a single installment or installments, all determined in the sole discretion of the Board. A Dividend Equivalent Right granted as a component of another Award may provide that such Dividend Equivalent Right shall be settled upon exercise, settlement, or payment of, or lapse of restrictions on, such other award, and that such Dividend Equivalent Right shall expire or be forfeited or annulled under the same conditions as such other award. A Dividend Equivalent Right granted as a component of another Award may also contain terms and conditions different from such other award.

A-11

13.2. Termination of Service.

Except as may otherwise be provided by the Board either in the Award Agreement or in writing after the Award Agreement is issued, a Grantee's rights in all Dividend Equivalent Rights or interest equivalents shall automatically terminate upon the Grantee's termination of Service for any reason.

14. TERMS AND CONDITIONS OF PERFORMANCE AND ANNUAL INCENTIVE AWARDS

14.1. Performance Conditions

The right of a Grantee to exercise or receive a grant or settlement of any Award, and the timing thereof, may be subject to such performance conditions as may be specified by the Board. The Board may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance conditions, and may exercise its discretion to reduce the amounts payable under any Award subject to performance conditions, except as limited under **Sections 14.2** hereof in the case of a Performance Award or Annual Incentive Award intended to qualify under Code Section 162(m). If and to the extent required under Code Section 162(m), any power or authority relating to a Performance Award or Annual Incentive Award intended to qualify under Code Section 162(m), shall be exercised by the Committee and not the Board.

14.2. Performance or Annual Incentive Awards Granted to Designated Covered Employees

If and to the extent that the Committee determines that a Performance or Annual Incentive Award to be granted to a Grantee who is designated by the Committee as likely to be a Covered Employee should qualify as performance-based compensation for purposes of Code Section 162(m), the grant, exercise and/or settlement of such Performance or Annual Incentive Award shall be contingent upon achievement of pre-established performance goals and other terms set forth in this **Section 14.2**.

14.2.1. Performance Goals Generally.

The performance goals for such Performance or Annual Incentive Awards shall consist of one or more business criteria and a targeted level or levels of performance with respect to each of such criteria, as specified by the Committee consistent with this **Section 14.2**. Performance goals shall be objective and shall otherwise meet the requirements of Code Section 162(m) and regulations thereunder including the requirement that the level or levels of performance targeted by the Committee result in the achievement of performance goals being substantially uncertain. The Committee may determine that such Performance or Annual Incentive Awards shall be granted, exercised and/or settled upon achievement of any one performance goal or that two or more of the performance goals must be achieved as a condition to grant, exercise and/or settlement of such Performance or Annual Incentive Awards. Performance goals may differ for Performance or Annual Incentive Awards granted to any one Grantee or to different Grantees.

14.2.2. Business Criteria.

One or more of the following business criteria for the Company, on a consolidated basis, and/or specified subsidiaries or business units of the Company (except with respect to the total stockholder return and earnings per share criteria), shall be used exclusively by the Committee in establishing performance goals for such Performance or Annual Incentive Awards: (1) total stockholder return; (2) such total stockholder return as compared to total return (on a comparable basis) of a publicly available index such as, but not limited to, the Standard & Poor's 500 Stock Index; (3) net income; (4) pretax earnings; (5) earnings before interest expense, taxes, depreciation and amortization; (6) pretax operating earnings after interest expense and before bonuses, service fees, and extraordinary or special

items; (7) operating margin; (8) earnings per share; (9) return on equity; (10) return on capital; (11) return on investment; (12) operating earnings; (13) working capital; (14) ratio of debt to stockholders' equity and (15) revenue. Business criteria may be measured on an absolute basis or on a relative basis (i.e., performance relative to peer companies) and on a GAAP or non-GAAP basis. The Committee may provide, in a manner that meets the requirements of Code Section 162(m) that any evaluation of performance may include or exclude any of the following events that occur during the applicable performance period: (a) asset write-downs; (b) litigation or claim judgments or settlements; (c) the effect of changes in tax laws, accounting principles or other laws or provisions affecting reported results;

(d) any reorganization or restructuring programs; (e) extraordinary nonrecurring items; (f) acquisitions or divestitures; and (g) foreign exchange gains and losses.

14.2.3. Timing For Establishing Performance Goals.

Performance goals shall be established not later than 90 days after the beginning of any performance period applicable to such Performance or Annual Incentive Awards, or at such other date as may be required or permitted for performance-based compensation under Code Section 162(m).

14.2.4. Settlement of Performance or Annual Incentive Awards; Other Terms.

Settlement of such Performance or Annual Incentive Awards shall be in cash, Stock, other Awards or other property, in the discretion of the Committee. The Committee may, in its discretion, reduce the amount of a settlement otherwise to be made in connection with such Performance or Annual Incentive Awards. The Committee shall specify the circumstances in which such Performance or Annual Incentive Awards shall be paid or forfeited in the event of termination of Service by the Grantee prior to the end of a performance period or settlement of Performance Awards.

14.3. Written Determinations.

All determinations by the Committee as to the establishment of performance goals, the amount of any potential Performance Awards and as to the achievement of performance goals relating to Performance Awards, and the amount of any potential individual Annual Incentive Awards and the amount of final Annual Incentive Awards, shall be made in writing in the case of any Award intended to qualify under Code Section 162(m). To the extent permitted by Section 162(m), the Committee may delegate any responsibility relating to such Performance Awards or Annual Incentive Awards.

14.4. Status of Section 14.2 Awards Under Code Section 162(m)

It is the intent of the Company that Performance Awards and Annual Incentive Awards under **Section 14.2** hereof granted to persons who are designated by the Committee as likely to be Covered Employees within the meaning of Code Section 162(m) and regulations thereunder shall, if so designated by the Committee, constitute qualified performance-based compensation within the meaning of Code Section 162(m) and regulations thereunder. Accordingly, the terms of **Section 14.2**, including the definitions of Covered Employee and other terms used therein, shall be interpreted in a manner consistent with Code Section 162(m) and regulations thereunder. The foregoing notwithstanding, because the Committee cannot determine with certainty whether a given Grantee will be a Covered Employee with respect to a fiscal year that has not yet been completed, the term Covered Employee as used herein shall mean only a person designated by the Committee, at the time of grant of Performance Awards or an Annual Incentive Award, as likely to be a Covered Employee with respect to that fiscal year. If any provision of the Plan or any agreement relating to such Performance Awards or Annual Incentive Awards does not comply or is inconsistent with the requirements of Code Section 162(m) or regulations thereunder, such provision shall be construed or deemed amended to the extent necessary to conform to such requirements.

15. PARACHUTE LIMITATIONS

Notwithstanding any other provision of this Plan or of any other agreement, contract, or understanding heretofore or hereafter entered into by a Grantee with the Company or any Affiliate, except an agreement, contract, or understanding that expressly addresses Section 280G of the Code (an Other Agreement), and notwithstanding any formal or informal plan or other arrangement for the direct or indirect provision of compensation to the Grantee (including groups or classes of Grantees or beneficiaries of which the Grantee is a member), whether or not such

compensation is deferred, is in cash, or is in the form of a benefit to or for the Grantee (a Benefit Arrangement), if the Grantee is a disqualified individual, as defined in Section 280G(c) of the Code, any Option, Restricted Stock or Stock Unit held by that Grantee and any right to receive any payment or other benefit under this Plan shall not become exercisable or vested (i) to the extent that such right to exercise, vesting, payment, or benefit, taking into account all other rights, payments, or benefits to or for the Grantee under this Plan, all Other Agreements, and all Benefit Arrangements, would cause any payment or benefit to the Grantee under this Plan to be considered a parachute payment within the meaning of Section 280G(b)(2) of the Code as then in effect (a Parachute Payment) and (ii) if,

A-13

as a result of receiving a Parachute Payment, the aggregate after-tax amounts received by the Grantee from the Company under this Plan, all Other Agreements, and all Benefit Arrangements would be less than the maximum after-tax amount that could be received by the Grantee without causing any such payment or benefit to be considered a Parachute Payment. In the event that the receipt of any such right to exercise, vesting, payment, or benefit under this Plan, in conjunction with all other rights, payments, or benefits to or for the Grantee under any Other Agreement or any Benefit Arrangement would cause the Grantee to be considered to have received a Parachute Payment under this Plan that would have the effect of decreasing the after-tax amount received by the Grantee as described in clause (ii) of the preceding sentence, then the Grantee shall have the right, in the Grantee's sole discretion, to designate those rights, payments, or benefits under this Plan, any Other Agreements, and any Benefit Arrangements that should be reduced or eliminated so as to avoid having the payment or benefit to the Grantee under this Plan be deemed to be a Parachute Payment.

16. REQUIREMENTS OF LAW

16.1. General.

The Company shall not be required to sell or issue any shares of Stock under any Award if the sale or issuance of such shares would constitute a violation by the Grantee, any other individual exercising an Option, or the Company of any provision of any law or regulation of any governmental authority, including without limitation any federal or state securities laws or regulations. If at any time the Company shall determine, in its discretion, that the listing, registration or qualification of any shares subject to an Award upon any securities exchange or under any governmental regulatory body is necessary or desirable as a condition of, or in connection with, the issuance or purchase of shares hereunder, no shares of Stock may be issued or sold to the Grantee or any other individual exercising an Option pursuant to such Award unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Company, and any delay caused thereby shall in no way affect the date of termination of the Award. Without limiting the generality of the foregoing, in connection with the Securities Act, upon the exercise of any Option or the delivery of any shares of Stock underlying an Award, unless a registration statement under such Act is in effect with respect to the shares of Stock covered by such Award, the Company shall not be required to sell or issue such shares unless the Board has received evidence satisfactory to it that the Grantee or any other individual exercising an Option may acquire such shares pursuant to an exemption from registration under the Securities Act. Any determination in this connection by the Board shall be final, binding, and conclusive. The Company may, but shall in no event be obligated to, register any securities covered hereby pursuant to the Securities Act. The Company shall not be obligated to take any affirmative action in order to cause the exercise of an Option or the issuance of shares of Stock pursuant to the Plan to comply with any law or regulation of any governmental authority. As to any jurisdiction that expressly imposes the requirement that an Option shall not be exercisable until the shares of Stock covered by such Option are registered or are exempt from registration, the exercise of such Option (under circumstances in which the laws of such jurisdiction apply) shall be deemed conditioned upon the effectiveness of such registration or the availability of such an exemption.

16.2. Rule 16b-3.

During any time when the Company has a class of equity security registered under Section 12 of the Exchange Act, it is the intent of the Company that Awards pursuant to the Plan and the exercise of Options granted hereunder will qualify for the exemption provided by Rule 16b-3 under the Exchange Act. To the extent that any provision of the Plan or action by the Board does not comply with the requirements of Rule 16b-3, it shall be deemed inoperative to the extent permitted by law and deemed advisable by the Board, and shall not affect the validity of the Plan. In the event that Rule 16b-3 is revised or replaced, the Board may exercise its discretion to modify this Plan in any respect necessary to satisfy the requirements of, or to take advantage of any features of, the revised exemption or its replacement.

17. EFFECT OF CHANGES IN CAPITALIZATION

17.1. Changes in Stock.

If the number of outstanding shares of Stock is increased or decreased or the shares of Stock are changed into or exchanged for a different number or kind of shares or other securities of the Company on account of any

A-14

recapitalization, reclassification, stock split, reverse split, combination of shares, exchange of shares, stock dividend or other distribution payable in capital stock, or other increase or decrease in such shares effected without receipt of consideration by the Company occurring after the Effective Date, the number and kinds of shares for which grants of Options and other Awards may be made under the Plan shall be adjusted proportionately and accordingly by the Company. In addition, the number and kind of shares for which Awards are outstanding shall be adjusted proportionately and accordingly so that the proportionate interest of the Grantee immediately following such event shall, to the extent practicable, be the same as immediately before such event. Any such adjustment in outstanding Options or SARs shall not change the aggregate Option Price or SAR Exercise Price payable with respect to shares that are subject to the unexercised portion of an outstanding Option or SAR, as applicable, but shall include a corresponding proportionate adjustment in the Option Price or SAR Exercise Price per share. The conversion of any convertible securities of the Company shall not be treated as an increase in shares effected without receipt of consideration. Notwithstanding the foregoing, in the event of any distribution to the Company's stockholders of securities of any other entity or other assets (including an extraordinary dividend but excluding a non-extraordinary dividend of the Company) without receipt of consideration by the Company, the Company shall, in such manner as the Company deems appropriate, adjust (i) the number and kind of shares subject to outstanding Awards and/or (ii) the exercise price of outstanding Options and Stock Appreciation Rights to reflect such distribution.

17.2. Reorganization in Which the Company Is the Surviving Entity Which does not Constitute a Corporate Transaction.

Subject to **Section 17.3** hereof, if the Company shall be the surviving entity in any reorganization, merger, or consolidation of the Company with one or more other entities which does not constitute a Corporate Transaction, any Option or SAR theretofore granted pursuant to the Plan shall pertain to and apply to the securities to which a holder of the number of shares of Stock subject to such Option or SAR would have been entitled immediately following such reorganization, merger, or consolidation, with a corresponding proportionate adjustment of the Option Price or SAR Exercise Price per share so that the aggregate Option Price or SAR Exercise Price thereafter shall be the same as the aggregate Option Price or SAR Exercise Price of the shares remaining subject to the Option or SAR immediately prior to such reorganization, merger, or consolidation. Subject to any contrary language in an Award Agreement evidencing an Award, any restrictions applicable to such Award shall apply as well to any replacement shares received by the Grantee as a result of the reorganization, merger or consolidation. In the event of a transaction described in this Section 17.2, Stock Units shall be adjusted so as to apply to the securities that a holder of the number of shares of Stock subject to the Stock Units would have been entitled to receive immediately following such transaction.

17.3. Corporate Transaction.

Subject to the exceptions set forth in the last sentence of this **Section 17.3** and the last sentence of **Section 17.4**, upon the occurrence of a Corporate Transaction:

(i) all outstanding shares of Restricted Stock shall be deemed to have vested, and all Stock Units shall be deemed to have vested and the shares of Stock subject thereto shall be delivered, immediately prior to the occurrence of such Corporate Transaction, and

(ii) either of the following two actions shall be taken:

(A) fifteen days prior to the scheduled consummation of a Corporate Transaction, all Options and SARs outstanding hereunder shall become immediately exercisable and shall remain exercisable for a period of fifteen days, or

(B) the Board may elect, in its sole discretion, to cancel any outstanding Awards of Options, Restricted Stock, Stock Units, and/or SARs and pay or deliver, or cause to be paid or delivered, to the holder thereof an amount in cash or

securities having a value (as determined by the Board acting in good faith), in the case of Restricted Stock or Stock Units, equal to the formula or fixed price per share paid to holders of shares of Stock and, in the case of Options or SARs, equal to the product of the number of shares of Stock subject to the Option or SAR (the Award Shares) multiplied by the amount, if any, by which (I) the formula or fixed price per share paid to holders of shares of Stock pursuant to such transaction exceeds (II) the Option Price or SAR Exercise Price applicable to such Award Shares. Award Shares for which the Option Price or SAR Exercise Price

A-15

exceeds the amount which are paid to holders of shares of Stock pursuant to such transaction will be canceled without receipt of any consideration.

With respect to the Company's establishment of an exercise window, (i) any exercise of an Option or SAR during such fifteen-day period shall be conditioned upon the consummation of the event and shall be effective only immediately before the consummation of the event, and (ii) upon consummation of any Corporate Transaction the Plan, and all outstanding but unexercised Options and SARs shall terminate. The Board shall send written notice of an event that will result in such a termination to all individuals who hold Options and SARs not later than the time at which the Company gives notice thereof to its stockholders. This **Section 17.3** shall not apply to any Corporate Transaction to the extent that provision is made in writing in connection with such Corporate Transaction for the assumption or continuation of the Options, SARs, Stock Units and Restricted Stock theretofore granted, or for the substitution for such Options, SARs, Stock Units and Restricted Stock for new common stock options and stock appreciation rights and new common stock units and restricted stock relating to the stock of a successor entity, or a parent or subsidiary thereof, with appropriate adjustments as to the number of shares (disregarding any consideration that is not common stock) and option and stock appreciation right exercise prices, in which event the Plan, Options, SARs, Stock Units and Restricted Stock theretofore granted shall continue in the manner and under the terms so provided.

17.4. Adjustments.

Adjustments under this **Section 17** related to shares of Stock or securities of the Company shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. No fractional shares or other securities shall be issued pursuant to any such adjustment, and any fractions resulting from any such adjustment shall be eliminated in each case by rounding downward to the nearest whole share. The Board shall determine the effect of a Corporate Transaction upon Awards other than Options, SARs, Stock Units and Restricted Stock, and such effect shall be set forth in the appropriate Award Agreement. The Board may provide in the Award Agreements at the time of grant, or any time thereafter with the consent of the Grantee, for different provisions to apply to an Award in place of those described in **Sections 17.1, 17.2 and 17.3**.

17.5. No Limitations on Company.

The making of Awards pursuant to the Plan shall not affect or limit in any way the right or power of the Company to make adjustments, reclassifications, reorganizations, or changes of its capital or business structure or to merge, consolidate, dissolve, or liquidate, or to sell or transfer all or any part of its business or assets.

18. GENERAL PROVISIONS

18.1. Disclaimer of Rights

No provision in the Plan or in any Award or Award Agreement shall be construed to confer upon any individual the right to remain in the employ or service of the Company or any Affiliate, or to interfere in any way with any contractual or other right or authority of the Company either to increase or decrease the compensation or other payments to any individual at any time, or to terminate any employment or other relationship between any individual and the Company. In addition, notwithstanding anything contained in the Plan to the contrary, unless otherwise stated in the applicable Award Agreement, no Award granted under the Plan shall be affected by any change of duties or position of the Grantee, so long as such Grantee continues to be a director, officer, consultant or employee of the Company or an Affiliate. The obligation of the Company to pay any benefits pursuant to this Plan shall be interpreted as a contractual obligation to pay only those amounts described herein, in the manner and under the conditions prescribed herein. The Plan shall in no way be interpreted to require the Company to transfer any amounts to a third party trustee or otherwise hold any amounts in trust or escrow for payment to any Grantee or beneficiary under the

terms of the Plan.

18.2. Nonexclusivity of the Plan

Neither the adoption of the Plan nor the submission of the Plan to the stockholders of the Company for approval shall be construed as creating any limitations upon the right and authority of the Board to adopt such other incentive compensation arrangements (which arrangements may be applicable either generally to a class or classes of

A-16

individuals or specifically to a particular individual or particular individuals) as the Board in its discretion determines desirable, including, without limitation, the granting of stock options otherwise than under the Plan.

18.3. Withholding Taxes

The Company or an Affiliate, as the case may be, shall have the right to deduct from payments of any kind otherwise due to a Grantee any federal, state, or local taxes of any kind required by law to be withheld with respect to the vesting of or other lapse of restrictions applicable to an Award or upon the issuance of any shares of Stock upon the exercise of an Option or pursuant to an Award. At the time of such vesting, lapse, or exercise, the Grantee shall pay to the Company or the Affiliate, as the case may be, any amount that the Company or the Affiliate may reasonably determine to be necessary to satisfy such withholding obligation. Subject to the prior approval of the Company or the Affiliate, which may be withheld by the Company or the Affiliate, as the case may be, in its sole discretion, the Grantee may elect to satisfy such obligations, in whole or in part, (i) by causing the Company or the Affiliate to withhold shares of Stock otherwise issuable to the Grantee or (ii) by delivering to the Company or the Affiliate shares of Stock already owned by the Grantee. The shares of Stock so delivered or withheld shall have an aggregate Fair Market Value equal to such withholding obligations. The Fair Market Value of the shares of Stock used to satisfy such withholding obligation shall be determined by the Company or the Affiliate as of the date that the amount of tax to be withheld is to be determined. A Grantee who has made an election pursuant to this **Section 18.3** may satisfy his or her withholding obligation only with shares of Stock that are not subject to any repurchase, forfeiture, unfulfilled vesting, or other similar requirements. The maximum number of shares of Stock that may be withheld from any Award to satisfy any federal, state or local tax withholding requirements upon the exercise, vesting, lapse of restrictions applicable to such Award or payment of shares pursuant to such Award, as applicable, cannot exceed such number of shares having a Fair Market Value equal to the minimum statutory amount required by the Company to be withheld and paid to any such federal, state or local taxing authority with respect to such exercise, vesting, lapse of restrictions or payment of shares.

18.4. Captions

The use of captions in this Plan or any Award Agreement is for the convenience of reference only and shall not affect the meaning of any provision of the Plan or such Award Agreement.

18.5. Other Provisions

Each Award granted under the Plan may contain such other terms and conditions not inconsistent with the Plan as may be determined by the Board, in its sole discretion.

18.6. Number and Gender

With respect to words used in this Plan, the singular form shall include the plural form, the masculine gender shall include the feminine gender, etc., as the context requires.

18.7. Severability

If any provision of the Plan or any Award Agreement shall be determined to be illegal or unenforceable by any court of law in any jurisdiction, the remaining provisions hereof and thereof shall be severable and enforceable in accordance with their terms, and all provisions shall remain enforceable in any other jurisdiction.

18.8. Governing Law

The validity and construction of this Plan and the instruments evidencing the Awards hereunder shall be governed by the laws of the State of Delaware, other than any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of this Plan and the instruments evidencing the Awards granted hereunder to the substantive laws of any other jurisdiction.

A-17

18.9. Section 409A of the Code

The Board intends to comply with Section 409A of the Code (Section 409A), or an exemption to Section 409A, with regard to Awards hereunder that constitute nonqualified deferred compensation within the meaning of Section 409A. To the extent that the Board determines that a Grantee would be subject to the additional 20% tax imposed on certain nonqualified deferred compensation plans pursuant to Section 409A as a result of any provision of any Award granted under this Plan, such provision shall be deemed amended to the minimum extent necessary to avoid application of such additional tax. The nature of any such amendment shall be determined by the Board.
