Chairman's
LETTER TO SHAREHOLDERS

(TIMOTHY
SCHWERTFEGER

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

PHOTO)

Timothy R. Schwertfeger

Chairman of the Board

Dear Shareholder:

Once again, I am pleased to report that over the six-month period covered by this report your Fund continued to provide you with attractive income. For more details about the management strategy and performance of your Fund, please read the Investment Strategy and Management Update, Portfolio Managers' Comments, the Dividend and Share Price Information, and the Performance Overview sections of this report.

I also wanted to take this opportunity to report some important news about Nuveen Investments. We have accepted a buyout offer from a private equity investment firm. While this may affect the corporate structure of Nuveen Investments, it will have no impact on the investment objectives of the Funds, their portfolio management strategies or their dividend policies. We will provide you with additional information about this transaction as more details become available.

With the recent volatility in the stock market, many have begun to wonder which way the market is headed, and whether they need to adjust their holdings of investments. No one knows what the future will bring, which is why we think a well-balanced portfolio that is structured and carefully monitored with the help of an investment professional is an important component in achieving your long-term financial goals. A well-diversified portfolio may actually help to reduce your overall investment risk, and we believe that investments like your Nuveen Investments Fund can be important building blocks in a portfolio crafted to perform well through a variety of market conditions.

We are grateful that you have chosen us as a partner as you pursue your financial goals and we look forward to continuing to earn your trust in the months and years ahead. At Nuveen Investments, our mission continues to be to assist you and your financial advisor by offering investment services and products that can help you to secure your financial objectives.

Sincerely,

(TIMOTHY SCHWERFEGER SIG)

Timothy R. Schwertfeger
Chairman of the Board
August 15, 2007

Portfolio Managers' COMMENTS

NUVEEN INVESTMENTS CLOSED-END FUNDS JPC, JQC

These Funds are advised by Nuveen Asset Management (NAM), which has responsibility for determining and overseeing the Funds' asset allocation. NAM has selected a team of sub-advisers to manage the assets within each asset class. The sub-advisers include specialists from Spectrum Asset Management, Inc., (Spectrum), Symphony Asset Management, LLC (Symphony), and Tradewinds Global Investors, LLC, a new sub-adviser of the Fund as discussed below (Tradewinds). Symphony and Tradewinds are affiliates of Nuveen Investments.

Spectrum, an affiliate of Principal Capital (SM), manages preferred securities positions within the income-oriented debt portion of each Fund's portfolio. Mark Lieb, Bernie Sussman and Phil Jacoby, who have more than 50 years of combined experience in the preferred securities and other debt markets, lead the team at Spectrum.

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

Over the course of this reporting period, Symphony had primary responsibility for the multi-strategy income sleeve invested in convertible, high yield and senior loan securities and for the domestic and international equity sleeves. The team at Symphony managing the multi-strategy income sleeve is led by Gunther Stein and Lenny Mason, who have more than 25 years of combined investment management experience.

The team responsible for managing the domestic equity sleeve is led by Praveen Gottipalli and David Wang. During the reporting period, Symphony also assumed responsibility for managing a portion of Funds' exposure to international equities, a strategy led by Eric Olson. On a combined basis, these three equity portfolio managers have more than 25 years of investment management experience.

NAM also has selected Tradewinds to manage a portion of the Funds' assets invested in global equities and began the process of transferring assets to them late in the reporting period. The Tradewinds team, which is led by Dave Iben, assumed responsibility for this allocation during the period. Mr. Iben has more than 25 years of investment management experience.

Here representatives from the sub-advisers talk about their management strategies and the performance of both Funds for the six-month period ended June 30, 2007.

Discussions of specific investments are for illustration only and are not intended as recommendations of individual investments. The views expressed herein represent those of the portfolio managers as of the date of this report and are subject to change at any time, based on market conditions and other factors. The Funds disclaim any obligation to advise shareholders of such changes.

4

IN LIGHT OF THE CHANGES TO FUNDS' INVESTMENT POLICIES ANNOUNCED EARLIER THIS YEAR, CAN YOU GENERALLY DESCRIBE THE FUNDS' INVESTMENT STRATEGY AND TACTICS OVER THE SIX MONTHS ENDED JUNE 30, 2007?

In 2006, the Funds' Board of Trustees approved a number of investment policy changes designed to provide the Funds with greater flexibility to pursue their investment objectives of high current income and total return. Last fall, the Funds' Board of Trustees approved the following additional changes:

- Eliminating the minimum required investment allocations to preferred and/or convertible securities;
- Expanding the types of the Funds' direct equity investments to include international as well as domestic equities;
- Increasing the percentage of the Funds' managed assets that can be invested directly in domestic and international stocks as part of each Fund's 30% allocation to equity-oriented investments; and
- Adding Tradewinds as a sub-adviser to manage a portion of each Fund's equity-oriented investments.

To better reflect the Funds' more diversified approach in pursuit of their existing investment objectives, the Funds changed their names to the Nuveen Multi-Strategy Income and Growth Fund (JPC) and Nuveen Multi-Strategy Income and Growth Fund 2 (JQC). The Funds continue to be comprised approximately 70% of income-oriented investments and 30% of equity-oriented investments, although during the six-month reporting period, the strategic asset mix within those

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

categories has transitioned to reflect the new investment policy changes.

Most notably during the period, both Funds changed the nature of their convertible securities exposure, moving away from a relatively fixed, standalone allocation in favor of a more dynamic allocation as part of the Funds' more diversified debt and equity strategies. As a result, both Funds ended their relationship with their sub-adviser that specialized in convertible securities investments.

This transition process was still under way at the end of this reporting period and additional information on the progress of both Funds will be provided in our next shareholder report.

5

HOW DID THE FUNDS PERFORM OVER THE SIX-MONTH PERIOD ENDED JUNE 30, 2007?

The performance of each Fund, as well as the performance of comparative benchmark are presented in the accompanying table.

Cumulative Total Returns on Net Asset Value
For the six months ended 6-30-07

JPC	1.97%
JQC	2.46%
Comparative benchmark(1)	2.46%

As indicated in the accompanying table, both Funds posted positive results for the six-month period. JPC underperformed the comparative benchmark, while JQC performed in line with this measure.

Past performance does not guarantee future results. Current performance may be higher or lower than the data shown.
Returns do not reflect the deduction of taxes that a shareholder may have to pay on Fund distributions or upon the sale of Fund shares.
For additional information, please see the Performance Overview page for your Fund in this report.

WHAT STRATEGIES DID THE SUB-ADVISERS EMPLOY DURING THE PERIOD?

In the portion of both portfolios that were invested in preferred securities, Spectrum generally maintained a 60/40 mix between the \$25 par preferred securities generally favored by individual investors and the \$1000 par capital securities market that generally attracts institutional investors. Over the six-month reporting period Spectrum increased both Funds' concentrations in \$25 par securities due to their relative attractiveness. These securities generally outperformed capital securities over this period because they were less sensitive to the increases in U.S. Treasury (UST) yields that occurred in the spring of 2007. For example, the yield spread between higher- and lower-rated \$25 par preferred securities tightened during the period by 7 basis points, while a similar spread in the capital securities sector widened by 24 basis points. This means that the prices of lower-rated \$25 preferred securities generally performed better than the prices of their capital securities counterparts.

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

1 Comparative benchmark performance is a blended return consisting of: 1) 33% of the Merrill Lynch Preferred Stock Hybrid Securities Index, an unmanaged index of investment-grade, exchange traded preferred issues with outstanding market values of at least \$30 million and at least one year to maturity; 2) 27% of the Lehman Tier 1 Capital Securities Index, an unmanaged index that includes securities that can generally be viewed as hybrid fixed-income securities that either receive regulatory capital treatment or a degree of "equity credit" from a rating agency; 3) 30% of the Merrill Lynch All U.S. Convertibles Index, consisting of approximately 575 securities with par value greater than \$50 million that were issued by U.S. companies or non-U.S. based issuers that have a significant business presence in the U.S.; and 4) 10% of the CSFB High Yield Index, which includes approximately \$375 billion of \$U.S.-denominated high yield debt with a minimum of \$75 million in par value and at least one rating below investment-grade. Index returns do not include the effects of any management fees or fund expenses. It is not possible to invest directly in an index.

In addition, there was weakness in the prices of certain lower-rated securities, reportedly because of several large sub-prime mortgage hedge funds that liquidated assets to meet redemptions and margin calls. As the corporate credit markets in the U.S. weakened, Spectrum sold a portion of the Funds' U.S. dollar denominated securities that are listed and traded in Europe because these issues were slower to respond to the generally weakening market. Spectrum reinvested the proceeds from these sales primarily in \$1000 par capital securities that it believed offered improved income potential and better structural terms.

In the multi-strategy income sleeves of both Funds, Symphony continued to employ a value-oriented strategy focused on relatively higher quality, non-investment grade credits with relatively stronger fundamental business models, more diversified revenue streams, stronger asset coverage and relatively low earnings volatility. Symphony avoided positions where it identified escalating credit issues, limited upside potential, or significant downside risk with weak asset protection. In April and May, moderate amounts of new issuance, strong equity markets and investors' demand for yield caused higher yielding issues to perform relatively well and credit spreads to tighten. However, this trend reversed sharply in June as high yield

6

spreads widened in response to increased new issue supply and concerns around the sub-prime lending market. In fact, many high yield issues declined sharply in value (i.e. their yields rose sharply) in mid- to late June as concerns about subprime lenders increased and seemed to reduce investor appetite for risk.

The addition of direct exposure to core domestic equities, managed by Symphony, enhanced total returns during the period. Symphony uses both quantitative and qualitative methods to evaluate securities. The quantitative screening process serves as the starting point for the decision making process. The qualitative process then provides a systematic way of researching companies from a broad prospective, ensuring the stocks selected for the portfolio are attractive in all important respects. Over this period, these equity holdings performed well and provided support for the Funds' managed distribution policy and the distribution rate increase declared in May 2006.

Looking at the reporting period as a whole, several holdings of both JPC and JQC performed well overall. JPC benefited from bond investments in Young Broadcasting Inc., Primedia Inc., and Universal City Development Partners, and strong performers in JQC included Young Broadcasting Inc., American Media, and

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

Primedia Inc.

On the other side, both Funds had several bond positions that constrained performance over this reporting period. In the preferred securities sleeves of the Funds, Spectrum purchased futures on U.S. Treasury notes and bonds in order to manage the Funds' effective duration (price sensitivity to changes in prevailing interest rates). The significant U.S. Treasury sell off in June affected the Funds' performance and more than offset the benefits gained by the futures positions earlier in the period.

Among the Funds' multi-strategy income holdings, Symphony's strategy of investing in relatively higher quality names reduced the overall risk in the portfolios. However, this limited the Funds' exposure to some of the upside in the high-yield market that came from lower rated credits outperforming higher rated credits over much of the period. Underperforming credits in JPC included SunGard Data Systems Inc., Keystone Automotive, and electric utility company Dynegy Holdings Inc. Underperformers in JQC include Dynegy Holdings Inc., Keystone Automotive, and MediaNews Group, Inc.

7

Distribution and Share Price

INFORMATION

We are providing you with information regarding your Fund's distributions. This information is as of June 30, 2007, and likely will vary over time based on the Fund's investment activities and portfolio investment value changes. On March 1, 2007, Nuveen Investments announced that these Funds would be moving from a monthly to a quarterly distribution schedule. The Funds' last monthly distributions were paid on April 2, 2007, and first quarterly distributions were paid on July 2, 2007.

Each of these Funds issues FundPreferred(TM) shares and uses financial leverage in an effort to enhance its distribution-paying capabilities. While this strategy adds volatility to a Fund's net asset value and share price, it generally enhances the amount of income the Fund has to distribute to its common shareholders. The extent of this benefit is tied in part to the short-term rates these Funds pay their FundPreferred shareholders. As short-term rates rose through this reporting period, the Funds paid higher dividends to their FundPreferred shareholders.

Each Fund has a managed distribution policy. The goal of a managed distribution program is to provide shareholders relatively consistent and predictable cash flow by systematically converting its expected long-term return potential into regular distributions. As a result, regular distributions throughout the year will likely include a portion of expected long-term gains (both realized and unrealized), along with net investment income.

Important points to understand about the managed distribution program are:

- Each Fund seeks to establish a relatively stable distribution rate that roughly corresponds to the projected total return from its investment strategy over an extended period of time. However, you should not draw any conclusions about the Fund's past or future investment performance from its current distribution rate.
- Actual returns will differ from projected long-term returns (and therefore the Fund's distribution rate), at least over shorter time periods. Over a specific timeframe, the difference between actual returns and total distributions will be reflected in an increasing (returns exceed distributions) or a decreasing (distributions exceed returns) Fund net asset value.

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

- Each distribution is expected to be paid from some or all of the following sources:
 - net investment income (regular interest and dividends),
 - realized capital gains, and
 - unrealized gains, or, in certain cases, a return of principal (non-taxable distributions)
- A non-taxable distribution is a payment of a portion of a Fund's capital. When a Fund's returns exceed distributions, it may represent portfolio gains generated, but not realized as a taxable capital gain. In periods when a Fund's return falls short of distributions, it will represent a portion of your original principal unless the shortfall is offset during other time

8

periods over the life of your investment (previous or subsequent) when the Fund's total return exceeds distributions.

- Because distribution source estimates are updated during the year, based on a Fund's performance and forecast for its current fiscal year (which is the calendar year for each Fund), these estimates may differ from both the tax information reported to you in your Fund's IRS Form 1099 statement provided at year end, as well as the ultimate economic sources of distributions over the life of your investment.

The following table provides estimated information regarding each Fund's distributions and total return performance for the six months ended June 30, 2007. The distribution information is presented on a tax basis rather than on a generally accepted accounting principles (GAAP) basis. This information is intended to help you better understand whether the Fund's returns for the specified time period was sufficient to meet each Fund's distributions. Information regarding such distributions in the future will likely vary based on the Fund's investment activities and portfolio investment value changes at that time.

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

U.S. Treasury Bond	Long	348	9/07	\$ 37,497,000	\$ (483,8
U.S. 10-Year Treasury Notes	Long	563	9/07	59,510,859	(439,7
					\$ (923,5

- (1) All percentages shown in the Portfolio of Investments are based on net assets ap to Common shares unless otherwise noted.
- (2) Non-income producing.
- (3) Ratings: Using the higher of Standard & Poor's or Moody's rating. Ratings below Standard & Poor's Group or Baa by Moody's Investor Service, Inc. are considered below investment grade.
- (4) Investment is eligible for the Dividends Received Deduction.
- (5) Senior Loans in which the Fund invests generally pay interest at rates which are periodically adjusted by reference to a base short-term, floating lending rate p assigned fixed rate. These floating lending rates are generally (i) the lending referenced by the London Inter-Bank Offered Rate ("LIBOR"), or (ii) the prime ra by one or more major United States banks.
Senior Loans may be considered restricted in that the Fund ordinarily is contrac obligated to receive approval from the Agent Bank and/or Borrower prior to the d of a Senior Loan.
- (6) Senior Loans generally are subject to mandatory and/or optional prepayment. Beca these mandatory prepayment conditions and because there may be significant econo incentives for a Borrower to prepay, prepayments of Senior Loans may occur. As a the actual remaining maturity of Senior Loans held may be substantially less tha stated maturities shown.
- (7) Position represents an unfunded Senior Loan commitment outstanding at June 30, 2
- (8) Negative value represents unrealized depreciation on Senior Loan commitment at J 2007.
- (9) For disclosure purposes, Notional Amount is calculated by multiplying the number Contracts by the Strike Price by 100.
- (10) The Fund may designate up to 100% of its Common Stock investments to cover outst Call Options Written.
- N/R Not rated.
- WI/DD Purchased on a when-issued or delayed delivery basis.
- 144A Investment is exempt from registration under Rule 144A of the Securities Act of amended. These investments may only be resold in transactions exempt from regist which are normally those transactions with qualified institutional buyers.
- ADR American Depositary Receipt.
- CORTS Corporate Backed Trust Securities.
- DD1 Portion purchased on a delayed delivery basis.
- PPLUS PreferredPlus Trust.
- SATURNS Structured Asset Trust Unit Repackaging.
- TBD Senior Loan purchased on a when-issued or delayed-delivery basis. Certain detail associated with this purchase are not known prior to the settlement date of the transaction. In addition, Senior Loans typically trade without accrued interest therefore a weighted average coupon rate is not available prior to settlement. A settlement, if still unknown, the Borrower or counterparty will provide the Fund final weighted average coupon rate and maturity date.

See accompanying notes to financial statements.

					\$ (1,279,536)

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

- (1) All percentages shown in the Portfolio of Investments are based on net assets applied to Common shares unless otherwise noted.
- (2) Non-income producing.
- (3) Ratings: Using the higher of Standard & Poor's or Moody's rating. Ratings below Standard & Poor's Group or Baa by Moody's Investor Service, Inc. are considered below investment grade.
- (4) Investment is eligible for the Dividends Received Deduction.
- (5) Senior Loans in which the Fund invests generally pay interest at rates which are periodically adjusted by reference to a base short-term, floating lending rate plus an assigned fixed rate. These floating lending rates are generally (i) the lending rate as referenced by the London Inter-Bank Offered Rate ('LIBOR'), or (ii) the prime rate plus by one or more major United States banks.
Senior Loans may be considered restricted in that the Fund ordinarily is contractually obligated to receive approval from the Agent Bank and/or Borrower prior to the termination of a Senior Loan.
- (6) Senior Loans generally are subject to mandatory and/or optional prepayment. Because of these mandatory prepayment conditions and because there may be significant economic incentives for a Borrower to prepay, prepayments of Senior Loans may occur. As a result, the actual remaining maturity of Senior Loans held may be substantially less than the stated maturities shown.
- (7) Position represents an unfunded Senior Loan commitment outstanding at June 30, 2007.
- (8) Negative value represents unrealized depreciation on Senior Loan commitment at June 30, 2007.
- (9) For disclosure purposes, Notional Amount is calculated by multiplying the number of Contracts by the Strike Price by 100.
- (10) The Fund may designate up to 100% of its Common Stock investments to cover outstanding Call Options Written.
- N/R Not rated.
- WI/DD Purchased on a when-issued or delayed delivery basis.
- 144A Investment is exempt from registration under Rule 144A of the Securities Act of 1933, as amended. These investments may only be resold in transactions exempt from registration which are normally those transactions with qualified institutional buyers.
- ADR American Depositary Receipt.
- CORTS Corporate Backed Trust Securities.
- DD1 Portion purchased on a delayed delivery basis.
- PPLUS PreferredPlus Trust.
- SATURNS Structured Asset Trust Unit Repackaging.
- TBD Senior Loan purchased on a when-issued or delayed-delivery basis. Certain details associated with this purchase are not known prior to the settlement date of the transaction. In addition, Senior Loans typically trade without accrued interest therefore a weighted average coupon rate is not available prior to settlement. At settlement, if still unknown, the Borrower or counterparty will provide the Fund with the final weighted average coupon rate and maturity date.

See accompanying notes to financial statements.

Notes to
FINANCIAL STATEMENTS (Unaudited)

1. GENERAL INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

The funds (the "Funds") covered in this report and their corresponding Common share New York Stock Exchange symbols are Nuveen Multi-Strategy Income and Growth Fund (JPC) and Nuveen Multi-Strategy Income and Growth Fund 2 (JQC). The Funds are registered under the Investment Company Act of 1940, as amended, as diversified, closed-end management investment companies.

The Funds' Board of Trustees recently approved certain investment policy changes designed to provide each Fund with greater flexibility to pursue their investment objectives of high current income and total return. Each Fund is no longer obligated to invest a minimum of their managed assets in preferred and/or convertible securities. Such investments are now part of a broader strategy in which each of the Funds will allocate their assets to maintain a strategic asset mix of approximately 70% income-oriented debt securities and 30% equities and equity-like securities. The Funds have been authorized to invest in direct equity investments now including both domestic and international equities. In addition each Fund has been authorized to increase the percentage of managed assets that may be invested directly in equity securities. In order to implement certain of these portfolio changes, Nuveen Asset Management (the "Adviser"), a wholly owned subsidiary of Nuveen Investments, Inc. ("Nuveen"), entered into a sub-advisory agreement with Tradewinds Global Investors, LLC ("Tradewinds"). Tradewinds will manage a portion of each Fund's equity-oriented investments.

To better reflect the Funds' more diversified approach in pursuit of their existing investment objectives, the Funds' Board of Trustees recently approved the changing of the Funds' names from Nuveen Preferred and Convertible Income Fund ("JPC") and Nuveen Preferred and Convertible Income Fund 2 ("JQC") to Nuveen Multi-Strategy Income and Growth Fund and Nuveen Multi-Strategy Income and Growth Fund 2, respectively.

Each Fund seeks to provide high income by investing primarily in a portfolio of preferred securities, convertible securities, high yield securities and equity securities.

The following is a summary of significant accounting policies followed by the Funds in the preparation of their financial statements in accordance with U.S. generally accepted accounting principles.

Investment Valuation

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

Exchange-listed securities and instruments, other than futures, are generally valued at the last sales price on the exchange on which such securities or instruments are primarily traded. Securities or instruments traded on an exchange for which there are no transactions on a given day or securities or instruments not listed on an exchange are valued at the mean of the closing bid and asked prices. Securities traded on Nasdaq are valued at the Nasdaq Official Closing Price. Futures contracts are valued using the closing settlement price or, in the absence of such a price, at the mean of the bid and asked prices. Prices of other derivative instruments, fixed-income securities and senior loans are generally provided by an independent pricing service approved by the Funds' Board of Trustees. When price quotes are not readily available, the pricing service or, in the absence of a pricing service for a particular investment, the Board of Trustees of the Funds, or its designee, may establish fair value using a wide variety of market data including yields or prices of investments of comparable quality, type of issue, coupon, maturity and rating, market quotes or indications of value from security dealers, evaluations of anticipated cash flows or collateral, general market conditions and other information and analysis, including the obligor's credit characteristics considered relevant by the pricing service or the Board of Trustees' designee. If the pricing service is unable to supply a price for a derivative investment the Fund may use a market quote provided by a major broker/dealer in such investments. If it is determined that the market price for an investment or derivative instrument is unavailable or inappropriate, the Board of Trustees of the Funds, or its designee, may establish fair value in accordance with procedures established in good faith by the Board of Trustees. Short-term investments are valued at amortized cost, which approximates market value.

The senior loans in which the Funds invest are not listed on an organized exchange and the secondary market for such investments may be less liquid relative to markets for other fixed income securities. Consequently, the value of senior loans, determined as described above, may differ significantly from the value that would have been determined had there been an active market for that senior loan.

Investment Transactions

Investment transactions are recorded on a trade date basis. Trade date for senior loans purchased in the "primary market" is considered the date on which the loan allocations are determined. Trade date for senior loans purchased in the "secondary market" is the date on which the transaction is entered into. Realized gains and losses from investment transactions are determined on the specific identification method. Investments purchased on a when-issued/delayed delivery basis may have extended settlement periods. Any investments so purchased are subject to market fluctuation during this period. The Funds have instructed the custodian to segregate assets with a current value at least equal to the amount of the when-issued/delayed delivery purchase

62

commitments. At June 30, 2007, Multi-Strategy Income and Growth (JPC) and Multi-Strategy Income and Growth 2 (JQC) had outstanding when issued/delayed delivery Purchase Commitments of \$27,662,463 and \$33,981,307, respectively.

Investment Income

Dividend income on securities purchased and dividend expense on securities sold short, if any, are recorded on the ex-dividend date or, for foreign securities, when information is available. Interest income, which includes the amortization of premiums and accretion of discounts for financial reporting purposes, is recorded on an accrual basis. Interest income also includes paydown gains and losses. Fee income, if any, consists primarily of amendment fees. Amendment fees

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

are earned as compensation for evaluating and accepting changes to the original loan agreement and are recognized when received.

Federal Income Taxes

Each Fund is a separate taxpayer for Federal income tax purposes. Each Fund intends to distribute substantially all net investment income and net capital gains to shareholders and to otherwise comply with the requirements of Subchapter M of the Internal Revenue Code applicable to regulated investment companies. Therefore, no federal income tax provision is required.

Dividends and Distributions to Common Shareholders

Distributions to Common shareholders are recorded on the ex-dividend date. The amount and timing of distributions are determined in accordance with federal corporate income tax regulations, which may differ from U.S. generally accepted accounting principles.

The Funds make quarterly cash distributions to Common shareholders of a stated dollar amount per share. Subject to approval and oversight by the Funds' Board of Trustees, each Fund seeks to maintain a stable distribution level designed to deliver the long-term return potential of each Fund's investment strategy through regular quarterly distributions (a "Managed Distribution Policy"). Total distributions during a calendar year generally will be made from each Fund's net investment income, net realized capital gains and net unrealized capital gains in the Fund's portfolio, if any. The portion of distributions paid from net unrealized gains, if any, would be distributed from the Fund's assets and would be treated by shareholders as a non-taxable distribution for tax purposes. If a Fund's total return on net asset value exceeds total distributions during a calendar year, the excess will be reflected as an increase in net asset value per share. In the event that total distributions during a calendar year exceed a Fund's total return on net asset value, the difference will be treated as a return of capital for tax purposes and will reduce net asset value per share. The final determination of the source and character of all distributions for the fiscal year are made after the end of the fiscal year and are reflected in the financial statements contained in the annual report as of December 31 each year.

Real Estate Investment Trust ("REIT") distributions received by the Funds are generally comprised of ordinary income, long-term and short-term capital gains, and a return of REIT capital. The actual character of amounts received during the period are not known until after the fiscal year-end.

For the fiscal year ended December 31, 2006, the character of distributions to the Funds from the REITs was as follows:

	MULTI- STRATEGY INCOME AND GROWTH (JPC)	MULTI- STRATEGY INCOME AND GROWTH 2 (JQC)
Ordinary income	76.30%	78.38%
Long-term and short-term capital gains	23.61	21.50
Return of REIT capital	0.09	0.12

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

Notes to
FINANCIAL STATEMENTS (Unaudited) (continued)

For the fiscal year ended December 31, 2006, the Funds applied the actual character of distributions reported by the REITs in which the Funds invest to their receipts from the REITs. If a REIT held in the portfolio of investments did not report the actual character of its distributions during the period, the Funds treated the distributions as ordinary income.

For the six months ended June 30, 2007, the Funds applied the actual percentages for the fiscal year ended December 31, 2006, described above, to its receipts from the REITs and treated as income in the Statement of Operations only the amount of ordinary income so calculated. The Funds adjust that estimated breakdown of income type (and consequently their net investment income) as necessary early in the following calendar year when the REITs inform their shareholders of the actual breakdown of income type.

The actual character of distributions made by the Funds during the fiscal year ended December 31, 2006, is reflected in the accompanying financial statements.

The distributions made by the Funds during the six months ended June 30, 2007, are provisionally classified as being "From and in excess of net investment income", and those distributions will be classified as being from net investment income, net realized capital gains and/or a return of capital for tax purposes after the fiscal year end, based upon the income type breakdown information conveyed at the time by the REITs whose securities are held in the Funds' portfolios. For purposes of calculating "Undistributed (Over-distribution of) net investment income" as of June 30, 2007, the distribution amounts provisionally classified as "From and in excess of net investment income" were treated as being entirely from net investment income. Consequently, the financial statements at June 30, 2007, reflect an over-distribution of net investment income.

FundPreferred Shares

The Funds have issued and outstanding FundPreferred shares, \$25,000 stated value per share, as a means of effecting financial leverage. Each Fund's FundPreferred shares are issued in more than one Series. The dividend rate paid by the Funds on each Series is determined every seven days, pursuant to a dutch auction process overseen by the auction agent, and is payable at the end of each rate period. The number of FundPreferred shares outstanding, by Series and in total, for each Fund is as follows:

	MULTI-STRATEGY INCOME AND GROWTH (JPC)	MULTI-ST INCO GROWTH 2

Number of shares:		
Series M	4,720	
Series M2	--	
Series T	4,720	
Series T2	--	
Series W	4,720	
Series W2	--	
Series TH	4,720	
Series TH2	--	
Series F	4,720	

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

Series F2	4,720

Total	28,320

Option Transactions

Each Fund is authorized to write (sell) call options. When the Funds write a call option, an amount equal to the net premium received (the premium less commission) is recorded as a liability and is subsequently adjusted to the current value of the written option until the option expires or the Funds enter into a closing purchase transaction. When a call option expires or the Funds enter into a closing purchase transaction, the difference between the net premium received and any amount paid at expiration or on effecting a closing purchase transaction, including commission, is treated as a net realized gain on option contracts written or, if the net premium received is less than the amount paid, as a net realized loss on option contracts written. The Funds, as writers of a call option, bears the risk of an unfavorable change in the market value of the index underlying the written option.

64

Foreign Currency Transactions

The Funds are authorized to engage in foreign currency exchange transactions. The Funds may engage in foreign currency forward, swap, options and futures contracts. To the extent that the Funds invest in contracts that are denominated in a currency other than U.S. dollars, the Funds will be subject to currency risk, which is the risk that an increase in the U.S. dollar relative to the foreign currency will reduce returns or portfolio value. Generally, when the U.S. dollar rises in value against a foreign currency, the Funds' investments denominated in that currency will lose value because its currency is worth fewer U.S. dollars; the opposite effect occurs if the U.S. dollar falls in relative value. Investments and other assets and liabilities denominated in foreign currencies are converted into U.S. dollars on a spot (i.e. cash) basis at the spot rate prevailing in the foreign currency exchange market at the time of valuation. Purchases and sales of investments and dividend income denominated in foreign currencies are translated into U.S. dollars on the respective dates of such transactions. The gains or losses resulting from changes in foreign exchange rates on investments and derivative transactions, if any, are included with Net realized gain (loss) from foreign currencies and Change in net unrealized appreciation (depreciation) of foreign currencies in the Statement of Operations.

Interest Rate Swap Transactions

The Funds are authorized to invest in interest rate swap transactions. The Funds' use of interest rate swap transactions is intended to mitigate the negative impact that an increase in short-term interest rates could have on Common share net earnings as a result of leverage. Interest rate swap transactions involve each Fund's agreement with the counterparty to pay or receive a fixed rate payment in exchange for the counterparty paying or receiving a variable rate payment that is intended to approximate each Fund's variable rate payment obligation on Fund Preferred shares or any variable rate borrowing. The payment obligation is based on the notional amount of the interest rate swap contract. Interest rate swaps do not involve the delivery of securities or other underlying assets or principal. Accordingly, the risk of loss with respect to the swap counterparty on such transactions is limited to the net amount of interest payments that each Fund is to receive. Interest rate swap positions are valued daily. Although there are economic advantages of

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

entering into interest rate swap transactions, there are also additional risks. The Funds help manage the credit risks associated with interest rate swap transactions by entering into agreements only with counterparties the Adviser believes have the financial resources to honor their obligations and by having the Adviser continually monitor the financial stability of the swap counterparties.

Futures Contracts

The Funds are authorized to invest in futures contracts. Upon entering into a futures contract, a Fund is required to deposit with the broker an amount of cash or liquid securities equal to a specified percentage of the contract amount. This is known as the "initial margin." Subsequent payments ("variation margin") are made or received by a Fund each day, depending on the daily fluctuation of the value of the contract.

During the period the futures contract is open, changes in the value of the contract are recognized as an unrealized gain or loss by "marking-to-market" on a daily basis to reflect the changes in market value of the contract. When the contract is closed or expired, a Fund records a realized gain or loss equal to the difference between the value of the contract on the closing date and the value of the contract when originally entered into. Cash held by the broker to cover initial margin requirements on open futures contracts, if any, is recognized in the Statement of Assets and Liabilities. Additionally, the Statement of Assets and Liabilities reflects a receivable or payable for the variation margin when applicable.

Risks of investments in futures contracts include the possible adverse movement of the securities or indices underlying the contracts, the possibility that there may not be a liquid secondary market for the contracts and/or that a change in the value of the contract may not correlate with a change in the value of the underlying securities or indices.

Short Sales

The Funds are authorized to make short sales of securities if the Funds own at least an equal amount of such securities or securities convertible into securities of the same issuer. To secure its obligation to deliver securities sold short, the Funds have instructed the custodian to segregate assets in an equivalent amount of the securities sold short or securities convertible into or exchangeable for such securities. The Fund is obligated to pay to the party to which the securities were sold short, dividends declared on the stock by the issuer and records such amounts as expense in the Statement of Operations. Short sales are valued daily and the corresponding unrealized gains or losses are included in "Change in net unrealized appreciation (depreciation) of investments." At June 30, 2007, there were no outstanding short sales in either Fund.

Repurchase Agreements

In connection with transactions in repurchase agreements, it is the Funds' policy that its custodian take possession of the underlying collateral securities, the fair value of which exceeds the principal amount of the repurchase transaction, including

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

the collateral declines, realization of the collateral may be delayed or limited.

Custodian Fee Credit

Each Fund has an arrangement with the custodian bank whereby certain custodian fees and expenses are reduced by net credits earned on each Fund's cash on deposit with the bank. Such deposit arrangements are an alternative to overnight investments. Credits for cash balances may be offset by charges for any days on which the Fund overdraws its account at the custodian bank.

Indemnifications

Under the Funds' organizational documents, their Officers and Trustees are indemnified against certain liabilities arising out of the performance of their duties to the Funds. In addition, in the normal course of business, the Funds enter into contracts that provide general indemnifications to other parties. The Funds' maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts and expect the risk of loss to be remote.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets applicable to Common shares from operations during the reporting period. Actual results may differ from those estimates.

2. FUND SHARES

On February 3, 2006, the Funds' Board of Trustees approved an open market share repurchase program as part of a broad, ongoing effort designed to support the market prices of the Funds' common shares. Under the terms of the program, each Fund may repurchase up to 10% of its outstanding Common shares.

Transactions in Common shares were as follows:

	MULTI-STRATEGY INCOME AND GROWTH (JPC)	
	SIX MONTHS ENDED 6/30/07	YEAR ENDED 12/31/06
Shares issued to shareholders due to reinvestments of distributions	23,651	--
Shares repurchased	--	(432,200)
Average price per share repurchased	--	\$12.63

3. INVESTMENT TRANSACTIONS

Purchases and sales (including maturities but excluding short-term investments

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

and derivative transactions) during the six months ended June 30, 2007, were as follows:

	MULTI-STRATEGY INCOME AND GROWTH (JPC)	MULTI-ST AND GR
Purchases	879,202,356	1,112,9
Sales and maturities	1,098,343,190	1,526,0

66

Transactions in call options written during the six months ended June 30, 2007, were as follows:

	MULTI-STRATEGY INCOME AND GROWTH (JPC)	
	NUMBER OF CONTRACTS	PREMIUMS RECEIVED
Outstanding, beginning of period	--	\$ --
Call options written	681	1,777,824
Call options terminated in closing purchase transactions	--	--
Call options expired	--	--
Outstanding, end of period	681	\$1,777,824

4. INCOME TAX INFORMATION

The following information is presented on an income tax basis based on the information currently available to the Funds. Differences between amounts for financial statement and federal income tax purposes are primarily due to the treatment of paydown gains and losses, recognition of premium amortization, recognition of income on REIT investments, timing differences in the recognition of income and timing differences in recognizing certain gains and losses on investment transactions. To the extent that differences arise that are permanent in nature, such amounts are reclassified within the capital accounts on the Statement of Assets and Liabilities presented in the annual report, based on their federal tax basis treatment; temporary differences do not require reclassification. Temporary and permanent differences do not impact the net asset values of the Funds.

At June 30, 2007, the cost of investments was as follows:

	MULTI-STRATEGY INCOME AND	MULTI-ST INCO
--	------------------------------	------------------

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

	GROWTH (JPC)	GROWTH 2
Cost of investments	\$2,219,964,739	\$3,016,0

Gross unrealized appreciation and gross unrealized depreciation of investments at June 30, 2007, were as follows:

	MULTI-STRATEGY INCOME AND GROWTH (JPC)	MULTI-ST INCO GR
Gross unrealized:		
Appreciation	\$ 43,879,890	\$ 57,1
Depreciation	(49,262,194)	(69,0
Net unrealized appreciation (depreciation) of investments	\$ (5,382,304)	\$ (11,8

The tax components of undistributed net ordinary income and net long-term capital gains at December 31, 2006, the Funds' last tax year end, were as follows:

	MULTI-STRATEGY INCOME AND GROWTH (JPC)	MULTI-ST INCO GR
Undistributed net ordinary income *	\$ --	
Undistributed net long-term capital gains	--	

* Net ordinary income consists of net taxable income derived from dividends, interest, and net short-term capital gains, if any.

Notes to
FINANCIAL STATEMENTS (Unaudited) (continued)

The tax character of distributions paid during the Funds' last tax year ended December 31, 2006, was designated for purposes of the dividends paid deduction as follows:

MULTI-STRATEGY INCOME AND GROWTH (JPC)	MULTI-ST INCO GR
---	------------------------

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

Distributions from net ordinary income *	\$118,807,924	\$174,6
Distributions from net long-term capital gains	9,007,830	14,6
Tax return of capital	15,334,925	10,5

* Net ordinary income consists of net taxable income derived from dividends, interest, and net short-term capital gains, if any.

Calculation of certain of the amounts presented above (namely, undistributed net ordinary income for tax purposes) involves the application of complex aspects of the Internal Revenue Code to certain securities held by the Funds. In calculating the amount of taxable income derived from these securities, management made assumptions as to the correct tax treatment of certain of those securities and made estimates about the tax characteristics of income received from those securities, based on information currently available to the Funds. The use of these assumptions and estimates will not affect the qualification of the Funds as regulated investment companies under Subchapter M of the Internal Revenue Code, nor is it expected that these assumptions and estimates will be used in computing taxable income for purposes of preparing the federal and state income and excise tax returns.

5. MANAGEMENT FEES AND OTHER TRANSACTIONS WITH AFFILIATES

Each Fund's management fee is separated into two components -- a complex-level component, based on the aggregate amount of all fund assets managed by the Adviser, and a specific fund-level component, based only on the amount of assets within each individual fund. This pricing structure enables Nuveen fund shareholders to benefit from growth in the assets within each individual fund as well as from growth in the amount of complex-wide assets managed by the Adviser.

The annual fund-level fee, payable monthly, for each Fund is based upon the average daily Managed Assets of each Fund as follows:

AVERAGE DAILY MANAGED ASSETS	FUND-LEVEL FEE RATE
For the first \$500 million	.7000%
For the next \$500 million	.6750
For the next \$500 million	.6500
For the next \$500 million	.6250
For Managed Assets over \$2 billion	.6000

The annual complex-level fee, payable monthly, which is additive to the fund-level fee, for all Nuveen sponsored funds in the U.S., is based on the aggregate amount of total fund assets managed as stated in the tables below. As of June 30, 2007, the complex-level fee rate was .1828%.

Effective August 20, 2007, the complex-level fee schedule is as follows:

COMPLEX-LEVEL ASSET BREAKPOINT LEVEL(1)	EFFECTIVE RATE AT BREAKPOINT LEVEL
\$55 billion	.2000%

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

\$56 billion	.1996
\$57 billion	.1989
\$60 billion	.1961
\$63 billion	.1931
\$66 billion	.1900
\$71 billion	.1851
\$76 billion	.1806
\$80 billion	.1773
\$91 billion	.1691
\$125 billion	.1599
\$200 billion	.1505
\$250 billion	.1469
\$300 billion	.1445

68

Prior to August 20, 2007, the complex-level fee schedule was as follows:

COMPLEX-LEVEL ASSET BREAKPOINT LEVEL(1)	EFFECTIVE RATE AT BREAKPOINT LEVEL
\$55 billion	.2000%
\$56 billion	.1996
\$57 billion	.1989
\$60 billion	.1961
\$63 billion	.1931
\$66 billion	.1900
\$71 billion	.1851
\$76 billion	.1806
\$80 billion	.1773
\$91 billion	.1698
\$125 billion	.1617
\$200 billion	.1536
\$250 billion	.1509
\$300 billion	.1490

(1) The complex-level fee component of the management fee for the funds is calculated based upon the aggregate Managed Assets ("Managed Assets" means the average daily net assets of each fund including assets attributable to preferred stock issued by or borrowings by the Nuveen funds) of Nuveen-sponsored funds in the U.S.

The management fee compensates the Adviser for overall investment advisory and administrative services and general office facilities. The Adviser is responsible for the overall strategy and asset allocation decisions. During the period the Adviser either had or entered into Sub-Advisory Agreements with Spectrum Asset Management, Inc. ("Spectrum"), Frolely, Revy Investment Co., Inc. ("Frolely, Revy"), Symphony Asset Management, LLC ("Symphony") and Tradewinds. Spectrum manages the portion of the Funds' investment portfolios allocated to preferred securities. Symphony manages the portion of the Funds' investment portfolios allocated to debt securities and certain equity investments. As of June 30, 2007, Frolely, Revy no longer served as a sub-adviser to the Funds. Frolely, Revy previously managed the portion of the Funds' investment portfolios allocated to convertible securities. Tradewinds manages the portion of the Funds' investment portfolios allocated to global equities. Each sub-adviser is

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

compensated for its services to the Funds from the management fees paid to the Adviser. Spectrum also receives compensation on certain portfolio transactions for providing brokerage services to the Funds.

The Funds pay no compensation directly to those of their Trustees who are affiliated with the Adviser or to its Officers, all of whom receive remuneration for their services to the Funds from the Adviser or its affiliates. The Board of Trustees has adopted a deferred compensation plan for independent Trustees that enables Trustees to elect to defer receipt of all or a portion of the annual compensation they are entitled to receive from certain Nuveen advised funds. Under the plan, deferred amounts are treated as though equal dollar amounts had been invested in shares of select Nuveen advised funds.

For the first eight years of Multi-Strategy Income and Growth's (JPC) operations, the Adviser has agreed to reimburse the Fund, as a percentage of average daily Managed Assets, for fees and expenses in the amounts and for the time periods set forth below:

YEAR ENDING MARCH 31,		YEAR ENDING MARCH 31,
2003 *	.32%	2008
2004	.32	2009
2005	.32	2010
2006	.32	2011
2007	.32	

* From the commencement of operations.

The Adviser has not agreed to reimburse Multi-Strategy Income and Growth (JPC) for any portion of its fees and expenses beyond March 31, 2011.

69

Notes to
FINANCIAL STATEMENTS (Unaudited) (continued)

For the first eight years of Multi-Strategy Income and Growth 2's (JQC) operations, the Adviser has agreed to reimburse the Fund, as a percentage of average daily Managed Assets, for fees and expenses in the amounts and for the time periods set forth below:

YEAR ENDING JUNE 30,		YEAR ENDING JUNE 30,
2003 *	.32%	2008
2004	.32	2009
2005	.32	2010
2006	.32	2011
2007	.32	

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

* From the commencement of operations.

The Adviser has not agreed to reimburse Multi-Strategy Income and Growth 2 (JQC) for any portion of its fees and expenses beyond June 30, 2011.

Agreement and Plan of Merger

On June 20, 2007, Nuveen Investments announced that it had entered into a definitive Agreement and Plan of Merger ("Merger Agreement") with an investor group majority-led by Madison Dearborn Partners, LLC. Madison Dearborn Partners, LLC is a private equity investment firm based in Chicago, Illinois. The investor group includes affiliates of Merrill Lynch, Wachovia, Citigroup, Deutsche Bank and Morgan Stanley. It is anticipated that Merrill Lynch and its affiliates will be indirect "affiliated persons" (as that term is defined in the Investment Company Act of 1940) of the Funds. One important implication of this is that the Funds will not be able to buy or sell securities to or from Merrill Lynch, but the portfolio management teams and Fund management do not expect that this will significantly impact the ability of the Funds to pursue their investment objectives and policies. Under the terms of the merger, each outstanding share of Nuveen Investments' common stock (other than dissenting shares) will be converted into the right to receive a specified amount of cash, without interest. The merger is expected to be completed by the end of the year, subject to customary conditions, including obtaining the approval of Nuveen Investments shareholders, obtaining necessary fund and client consents sufficient to satisfy the terms of the Merger Agreement, and expiration of certain regulatory waiting periods. The obligations of Madison Dearborn Partners, LLC to consummate the merger are not conditioned on its obtaining financing.

The consummation of the merger will be deemed to be an "assignment" (as defined in the 1940 Act) of the investment management agreement between each Fund and the Adviser, and will result in the automatic termination of each Fund's agreement. Prior to the consummation of the merger, it is anticipated that the Board of Trustees of each Fund will consider a new investment management agreement with the Adviser. If approved by the Board, the new agreement would be presented to the Fund's shareholders for approval, and, if so approved by shareholders, would take effect upon consummation of the merger. There can be no assurance that the merger described above will be consummated as contemplated or that necessary shareholder approvals will be obtained.

6. COMMITMENTS

Pursuant to the terms of certain of the variable rate senior loan agreements, the Funds may have unfunded senior loan commitments. Each Fund will maintain with its custodian, cash, liquid securities and/or liquid senior loans having an aggregate value at least equal to the amount of unfunded senior loan commitments. At June 30, 2007, both Multi-Strategy Income and Growth (JPC) and Multi-Strategy Income and Growth 2 (JQC) had unfunded senior loan commitments of \$2,162,146.

7. SENIOR LOAN PARTICIPATION COMMITMENTS

With respect to the senior loans held in each Fund's portfolio, the Funds may: 1) invest in assignments; 2) act as a participant in primary lending syndicates; or 3) invest in participations. If the Fund purchases a participation of a senior loan interest, the Fund would typically enter into a contractual agreement with the lender or other third party selling the participation, rather than directly with the Borrower. As such, the Fund not only assumes the credit risk of the Borrower, but also that of the Selling Participant or other persons interpositioned between the Fund and the Borrower. At June 30, 2007, there were no such outstanding participation commitments in either Fund.

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

8. NEW ACCOUNTING PRONOUNCEMENTS

Financial Accounting Standards Board Interpretation No. 48

Effective June 29, 2007, the Funds adopted Financial Accounting Standards Board Interpretation No. 48, "Accounting for Uncertainty in Income Taxes" (FIN 48). FIN 48 provides guidance regarding how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. FIN 48 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Funds' tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense in the current year. Management of the Funds has concluded that there are no significant uncertain tax positions that require recognition in the Funds' financial statements. Consequently, the adoption of FIN 48 had no impact on the net assets or results of operations of the Funds.

Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157

In September 2006, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 157, "Fair Value Measurements." This standard establishes a single authoritative definition of fair value, sets out a framework for measuring fair value and requires additional disclosures about fair value measurements. SFAS No. 157 applies to fair value measurements already required or permitted by existing standards. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. The changes to current generally accepted accounting principles from the application of this standard relate to the definition of fair value, the methods used to measure fair value, and the expanded disclosures about fair value measurements. As of June 30, 2007, the Funds do not believe the adoption of SFAS No. 157 will impact the financial statement amounts; however, additional disclosures may be required about the inputs used to develop the measurements and the effect of certain of the measurements included within the Statement of Operations for the period.

* Annualized.

** Total Return on Market Value is the combination of changes in the market price per share and the effect of reinvested dividend income and

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

reinvested capital gains distributions, if any, at the average price paid per share at the time of reinvestment. The last dividend declared in the period, which is typically paid on the first business day of the following month, is assumed to be reinvested at the ending market price. The actual reinvestment for the last dividend declared in the period takes place over several days, and in some instances may not be based on the market price, so the actual reinvestment price may be different from the price used in the calculation. Total returns are not annualized.

Total Return on Common Share Net Asset Value is the combination of changes in Common share net asset value, reinvested dividend income at net asset value and reinvested capital gains distributions at net asset value, if any. The last dividend declared in the period, which is typically paid on the first business day of the following month, is assumed to be reinvested at the ending net asset value. The actual reinvest price for the last dividend declared in the period may often be based on the fund's market price (and not its net asset value), and therefore may be different from the price used in the calculation. Total returns are not annualized.

*** After custodian fee credit and expense reimbursement, where applicable.

**** Represents distributions paid "From and in excess of net investment income" for the six months ended June 30, 2007.

+ The amounts shown are based on Common share equivalents.

++ - Ratios do not reflect the effect of dividend payments to FundPreferred shareholders.

- Income ratios reflect income earned on assets attributable to FundPreferred shares.

- Each ratio includes the effect of the dividend expense on securities sold short as follows:

Annual Investment

Management Agreement

APPROVAL PROCESS

The Board Members are responsible for overseeing the performance of the investment adviser to the Funds and determining whether to continue the advisory arrangements. In connection with recent changes to the investment mandates of the Fund, the Board Members, including the Independent Board Members, approved Tradewinds Global Investors, LLC ("Tradewinds") as an additional sub-adviser to the Funds and an amended sub-advisory agreement with Symphony Asset Management LLC ("Symphony") at a meeting held on November 14, 2006. Such agreements were also subject to shareholder approval. At the annual review meeting held on May 21, 2007 (the "May Meeting"), the Board Members of the Funds, including the Independent Board Members, unanimously approved the continuance of the Investment Management Agreement between each Fund (a "Fund") and Nuveen Asset Management ("NAM" or the "Adviser"), and the Sub-Advisory Agreements between NAM and Spectrum Asset Management, Inc. ("Spectrum"), Symphony and Tradewinds, respectively. Spectrum, Symphony and Tradewinds are each a "Sub-Adviser," and NAM and each Sub-Adviser are each a "Fund Adviser." The foregoing Investment Management Agreements with NAM and Sub-Advisory Agreements with the respective Sub-Adviser are hereafter referred to as "Original Investment Management Agreements" and "Original Sub-Advisory Agreements," respectively.

Subsequent to the May Meeting, Nuveen Investments, Inc. ("Nuveen"), the parent company of NAM, entered into a merger agreement providing for the acquisition of Nuveen by Windy City Investments, Inc., a corporation formed by investors led by Madison Dearborn Partners, LLC ("MDP"), a private equity investment firm (the "Transaction"). Each Original Investment Management Agreement and Original Sub-Advisory Agreement, as required by Section 15 of the Investment Company Act of 1940 (the "1940 Act") provides for its automatic termination in the event of its "assignment" (as defined in the 1940 Act). Any change in control of the adviser is deemed to be an assignment. The consummation of the Transaction will result in a change of control of NAM as well as its affiliated sub-advisers and therefore cause the automatic termination of each Original Investment Management Agreement and Original Sub-Advisory Agreement, as required by the 1940 Act. Accordingly, in anticipation of the Transaction, at a meeting held on July 31, 2007 (the "July Meeting"), the Board Members, including the Independent Board Members, unanimously approved new Investment Management Agreements (the "New Investment Management Agreements") with NAM on behalf of each Fund and new Sub-Advisory Agreements (the "New Sub-Advisory Agreements") between NAM and the respective Sub-Adviser on behalf of each Fund to take effect immediately after the Transaction or shareholder approval of the new advisory contracts, whichever is later. The 1940 Act also requires that each New Investment Management Agreement and New Sub-Advisory Agreement be approved by the respective Fund's shareholders in order for it to become effective. Accordingly, to ensure continuity of advisory services, the Board Members, including the Independent Board Members, unanimously approved Interim Investment Management Agreements and Interim Sub-Advisory Agreements to take effect upon the closing of the Transaction if shareholders have not yet approved the New Investment Management Agreements and New Sub-Advisory Agreements.

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

Because the information provided and considerations made at the prior reviews continue to be relevant with respect to the evaluation of the New Investment Management Agreements and New Sub-Advisory Agreements, the Board considered the foregoing as part of its deliberations of the New Investment Management Agreements and New Sub-Advisory Agreements. Accordingly, as indicated, the discussions immediately below outline the materials and information presented to the Board in connection with the Board's prior reviews and the analysis undertaken and the conclusions reached by Board Members when determining to continue the Original Investment Management Agreements and Original Sub-Advisory Agreements. In this regard, although Tradewinds did not begin to serve as a Sub-Adviser to the Funds by the time of the May Meeting, Tradewinds served as sub-adviser to other Nuveen funds. Accordingly, the information and considerations regarding Tradewinds at the annual review continue to be relevant with respect to the evaluation of Tradewinds and supplement the information provided at the prior reviews.

74

I. APPROVAL OF THE ORIGINAL INVESTMENT MANAGEMENT AGREEMENTS AND ORIGINAL SUB-ADVISORY AGREEMENTS

During the course of the year, the Board received a wide variety of materials relating to the services provided by the Fund Advisers and the performance of the Funds (as applicable). At each of its quarterly meetings, the Board reviewed investment performance (as applicable) and various matters relating to the operations of the Funds and other Nuveen funds, including the compliance program, shareholder services, valuation, custody, distribution and other information relating to the nature, extent and quality of services provided by the Fund Adviser. Between the regularly scheduled quarterly meetings, the Board Members received information on particular matters as the need arose.

In preparation for their considerations at the May Meeting, the Independent Board Members received extensive materials, well in advance of the meeting, which outlined or are related to, among other things:

- the nature, extent and quality of services provided by the Fund Adviser;
- the organization and business operations of the Fund Adviser, including the responsibilities of various departments and key personnel;
- each Fund's past performance as well as the Fund's performance compared to funds with similar investment objectives based on data and information provided by an independent third party and to recognized and/or customized benchmarks (as appropriate);
- the profitability of the Fund Adviser and certain industry profitability analyses for unaffiliated advisers;
- the expenses of the Fund Adviser in providing the various services;
- the advisory fees and total expense ratios of each Fund, including comparisons of such fees and expenses with those of comparable, unaffiliated funds based on information and data provided by an independent third party (the "Peer Universe") as well as compared to a subset of funds within the Peer Universe (the "Peer Group") of the respective Fund (as applicable);
- the advisory fees the Fund Adviser assesses to other types of investment products or clients;
- the soft dollar practices of the Fund Adviser, if any; and

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

- from independent legal counsel, a legal memorandum describing among other things, applicable laws, regulations and duties in reviewing and approving advisory contracts.

At the May Meeting, NAM made a presentation to, and responded to questions from, the Board. At the May Meeting, the Independent Board Members met privately with their legal counsel to review the Board's duties in reviewing advisory contracts and considering the renewal of the advisory contracts (which include the sub-advisory contracts). The Independent Board Members, in consultation with independent counsel, reviewed the factors set out in judicial decisions and Securities and Exchange Commission ("SEC") directives relating to the renewal of advisory contracts. As outlined in more detail below, the Board Members considered all factors they believed relevant with respect to each Fund, including, but not limited to, the following: (a) the nature, extent and quality of the services to be provided by the Fund Adviser; (b) the investment performance of the Fund and the Fund Adviser (as applicable); (c) the costs of the services to be provided and profits to be realized by the Fund Adviser and its affiliates; (d) the extent to which economies of scale would be realized; and (e) whether fee levels reflect those economies of scale for the benefit of the Fund's investors. In addition, as noted, the Board Members met regularly throughout the year to oversee the Funds. In evaluating the advisory contracts, the Board Members also relied upon their knowledge of the respective Fund Adviser, its services and the Funds resulting from their meetings and other interactions throughout the year. It is with this background that the Board Members considered each advisory contract.

A. NATURE, EXTENT AND QUALITY OF SERVICES

In considering the renewal of the Original Investment Management Agreements and Original Sub-Advisory Agreements, the Board Members considered the nature, extent and quality of the respective Fund Adviser's services. The Board Members reviewed materials outlining, among other things, the Fund Adviser's organization and

75

Annual Investment
Management Agreement
APPROVAL PROCESS (continued)

business; the types of services that the Fund Adviser or its affiliates provide or are expected to provide to the Funds; the performance record of the Fund (as described in further detail below); and at the annual review, any initiatives Nuveen had taken for the applicable fund product line. As noted, at the annual review, the Board Members were already familiar with the organization, operations and personnel of each respective Fund Adviser due to the Board Members' experience in governing the respective Funds and working with such Fund Advisers on matters relating to the Funds. At the May Meeting, the Board Members also recognized NAM's investment in additional qualified personnel throughout the various groups in the organization and recommended to NAM that it continue to review staffing needs as necessary. The Board Members recognized NAM's investment of resources and efforts to continue to enhance and refine its investment processes.

With respect to the Sub-Advisers, the Board Members also received and reviewed an evaluation of each Sub-Adviser from NAM at the annual review. Such evaluation outlined, among other things, the respective Sub-Adviser's organizational history, client base, product mix, investment team and any changes thereto, investment process and any changes to its investment strategy, and the Funds' investment objectives and performance (as applicable). At the May Meeting, the Board Members noted that NAM recommended the renewal of the applicable Original

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

Sub-Advisory Agreements and considered the basis for such recommendations and any qualifications in connection therewith. In its review of the Sub-Advisers, the Board Members also considered, among other things, the experience of the investment personnel, the quality of the respective Sub-Adviser's investment processes in making portfolio management decisions and any additional refinements and improvements adopted to the portfolio management processes and Fund performance. During the last year, the Board Members noted that they visited several sub-advisers meeting their key investment and business personnel. In this regard, the Board Members visited Tradewinds in February, 2007. The Board Members noted such Sub-Adviser's experienced investment team.

In addition to advisory services, the Independent Board Members considered the quality of administrative and non-advisory services provided by NAM and noted that NAM and its affiliates provide the Funds with a wide variety of services and officers and other personnel as are necessary for the operations of the Funds, including:

- product management;
- fund administration;
- oversight by shareholder services and other fund service providers;
- administration of Board relations;
- regulatory and portfolio compliance; and
- legal support.

As the Funds operate in a highly regulated industry and given the importance of compliance, the Board Members considered, in particular, NAM's compliance activities for the Funds and enhancements thereto. In this regard, the Board Members recognized the quality of NAM's compliance team. The Board Members also considered NAM's ability and procedures to monitor the respective Sub-Adviser's performance, business practices and compliance policies and procedures. The Board Members further noted NAM's negotiations with other service providers and the corresponding reduction in certain service providers' fees at the May Meeting.

In addition to the foregoing services, the Board Members also noted the additional services that NAM or its affiliates provide to Nuveen's closed-end funds, including, in particular, its secondary market support activities. The Board Members recognized Nuveen's continued commitment to supporting the secondary market for the common shares of its closed-end funds through a variety of programs designed to raise investor and analyst awareness and understanding of closed-end funds. These efforts include:

- maintaining shareholder communications;
- providing advertising for the Nuveen closed-end funds;
- maintaining its closed-end fund website;

76

- maintaining continual contact with financial advisers;
- providing educational symposia;
- conducting research with investors and financial analysis regarding closed-end funds; and

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

- evaluating secondary market performance.

With respect to the Nuveen closed-end funds that utilize leverage through the issuance of preferred shares ("Preferred Shares"), the Board Members noted Nuveen's continued support for the holders of Preferred Shares by, among other things:

- maintaining an in-house trading desk;
- maintaining a product manager for the Preferred Shares;
- developing distribution for Preferred Shares with new market participants;
- maintaining an orderly auction process;
- managing leverage and risk management of leverage; and
- maintaining systems necessary to test compliance with rating agency criteria.

With respect to the Sub-Advisers, the Board Members noted that the sub-advisory agreements were essentially agreements for portfolio management services only and the respective Sub-Adviser was not expected to supply other significant administrative services to the Funds.

Based on their review, the Board Members found that, overall, the nature, extent and quality of services provided (and expected to be provided) to the Funds under the respective Original Investment Management Agreement or Original Sub-Advisory Agreement, as applicable, were satisfactory.

B. THE INVESTMENT PERFORMANCE OF THE FUNDS AND FUND ADVISERS

At the May Meeting, the Board considered the investment performance for each Fund, including the Fund's historic performance as well as its performance compared to funds with similar investment objectives (the "Performance Peer Group") based on data provided by an independent third party (as described below). The Board Members also reviewed the respective Fund's historic performance compared to recognized and/or customized benchmarks (as applicable).

In evaluating the performance information during the annual review at the May Meeting, in certain instances, the Board Members noted that the closest Performance Peer Group for a fund may not adequately reflect such fund's investment objectives and strategies, thereby limiting the usefulness of the comparisons of such fund's performance with that of the Performance Peer Group. These Performance Peer Groups include those for the Funds and for: the Nuveen Diversified Dividend and Income Fund; the Nuveen Tax-Advantaged Floating Rate Fund; the Nuveen Real Estate Income Fund; the Nuveen Equity Premium Advantage Fund; the Nuveen Equity Premium Income Fund; the Nuveen Equity Premium Opportunity Fund; and the Nuveen Equity Premium and Growth Fund. In addition, the Board Members noted the recent changes to the investment mandates of the Funds thereby limiting some of the usefulness of reviewing the Funds' past performance.

The Board Members reviewed performance information including, among other things, total return information compared with the respective Fund's Performance Peer Group as well as recognized and/or customized benchmarks (as appropriate) for the one-, three- and five-year periods (as applicable) ending December 31, 2006. This information supplemented the performance information provided to the Board at each of its quarterly meetings. Based on their review at the May Meeting, the Board Members determined that the respective Fund's investment performance over time had been satisfactory.

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

Annual Investment

Management Agreement

APPROVAL PROCESS (continued)

C. FEES, EXPENSES AND PROFITABILITY

1. Fees and Expenses

During the annual review, the Board evaluated the management fees and expenses of each Fund reviewing, among other things, such Fund's advisory fees (net and gross management fees) and total expense ratios (before and after expense reimbursements and/or waivers) in absolute terms as well as comparisons to the gross management fees (before waivers), net management fees (after waivers) and total expense ratios (before and after waivers) of comparable funds in the Peer Universe and the Peer Group. In reviewing the fee schedule for a Fund, the Board Members considered the fund-level and complex-wide breakpoint schedules (described in further detail below) and any fee waivers and reimbursements provided by Nuveen. The Board Members further reviewed data regarding the construction of Peer Groups as well as the methods of measurement for the fee and expense analysis and the performance analysis. In certain cases, due to the small number of peers in the Peer Universe, the Peer Universe and Peer Group had significant overlap or even consisted entirely of the same unaffiliated funds. In reviewing the comparisons of fee and expense information, the Board Members recognized that in certain cases, the size of a fund relative to peers, the small size and odd composition of the Peer Group (including differences in objectives and strategies), expense anomalies, timing of information used or other factors impacting the comparisons thereby limited some of the usefulness of the comparative data. The Board Members also considered the differences in the use of leverage. The Board Members also noted the limited Peer Groups available for the Nuveen funds with multi-sleeves of investments (e.g., the Funds, the Nuveen Diversified Dividend and Income Fund and the Nuveen Tax-Advantaged Total Return Strategy Fund). Based on their review of the fee and expense information provided, the Board Members determined that each Fund's net total expense ratio was within an acceptable range compared to peers.

2. Comparisons with the Fees of Other Clients

At the annual review, the Board Members further reviewed data comparing the advisory fees of NAM with fees NAM charges to other clients. Such clients include NAM's separately managed accounts and funds that are not offered by Nuveen but are sub-advised by one of Nuveen's investment management teams. In general, the advisory fees charged for separate accounts are somewhat lower than the advisory fees assessed to the Funds. The Board Members considered the differences in the product types, including, but not limited to, the services provided, the structure and operations, product distribution and costs thereof, portfolio investment policies, investor profiles, account sizes and regulatory requirements. The Board Members noted, in particular, that the range of services provided to the Funds (as discussed above) is much more extensive than that provided to separately managed accounts. As described in further detail above, such additional services include, but are not limited to: product management, fund administration, oversight of third party service providers, administration of Board relations, and legal support. The Board Members noted that the Funds operate in a highly regulated industry requiring extensive compliance functions compared to other investment products. Given the inherent differences in the products, particularly the extensive services provided to the Funds, the Board Members believe such facts justify the different levels of fees.

With respect to the Sub-Advisers, in considering the fees of a Sub-Adviser,

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

the Board Members also considered the pricing schedule or fees that the Sub-Adviser charges for similar investment management services for other fund sponsors or clients, as applicable. With respect to Symphony, the Board Members also reviewed the generally higher fees for equity and taxable fixed income hedge funds and hedge accounts it manages, which include a performance fee. With respect to sub-advisers unaffiliated with Nuveen, such as Spectrum, the Board Members noted that such fees were the result of arm's-length negotiations.

3. Profitability of Fund Advisers

In conjunction with its review of fees, the Board Members also considered the profitability of Nuveen for its advisory activities (which incorporated Nuveen's wholly-owned affiliated sub-advisers) and its financial condition. At the annual review, the Board Members reviewed the revenues and expenses of Nuveen's advisory activities for the last three years, the allocation methodology used in preparing the profitability data as well as the 2006 Annual

78

Report for Nuveen. The Board Members noted this information supplemented the profitability information requested and received during the year to help keep them apprised of developments affecting profitability (such as changes in fee waivers and expense reimbursement commitments). In this regard, the Board Members noted the enhanced dialogue and information regarding profitability with NAM during the year, including more frequent meetings and updates from Nuveen's corporate finance group. The Board Members considered Nuveen's profitability compared with other fund sponsors prepared by three independent third party service providers as well as comparisons of the revenues, expenses and profit margins of various unaffiliated management firms with similar amounts of assets under management prepared by Nuveen.

In reviewing profitability, the Board Members recognized the subjective nature of determining profitability which may be affected by numerous factors including the allocation of expenses. Further, the Board Members recognized the difficulties in making comparisons as the profitability of other advisers generally is not publicly available and the profitability information that is available for certain advisers or management firms may not be representative of the industry and may be affected by, among other things, the adviser's particular business mix, capital costs, types of funds managed and expense allocations.

Notwithstanding the foregoing, the Board Members reviewed Nuveen's methodology at the annual review and assumptions for allocating expenses across product lines to determine profitability. Last year, the Board Members also designated an Independent Board Member as a point person for the Board to review the methodology determinations during the year and any refinements thereto, which relevant information produced from such process was reported to the full Board. In reviewing profitability, the Board Members recognized Nuveen's increased investment in its fund business. Based on its review, the Board Members concluded that Nuveen's level of profitability for its advisory activities was reasonable in light of the services provided. With respect to sub-advisers unaffiliated with Nuveen, such as Spectrum, the Board Members also considered the Sub-Adviser's revenues from serving as Sub-Adviser to the Funds, expenses (including the basis for allocating expenses) and profitability margins (pre-and post-tax). Based on their review, the Board Members were satisfied that the respective Fund Adviser's level of profitability was reasonable in light of the services provided.

In evaluating the reasonableness of the compensation, the Board Members also

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

considered other amounts paid to a Fund Adviser by the Funds as well as any indirect benefits (such as soft dollar arrangements, if any) the Fund Adviser and its affiliates receive, or are expected to receive, that are directly attributable to the management of the Funds, if any. See Section E below for additional information on indirect benefits a Fund Adviser may receive as a result of its relationship with the Funds. Based on their review of the overall fee arrangement of each Fund, the Board Members determined that the advisory fees and expenses of the Funds were reasonable.

D. ECONOMIES OF SCALE AND WHETHER FEE LEVELS REFLECT THESE ECONOMIES OF SCALE

With respect to economies of scale, the Board Members recognized the potential benefits resulting from the costs of a Fund being spread over a larger asset base. To help ensure the shareholders share in these benefits, the Board Members reviewed and considered the breakpoints in the advisory fee schedules that reduce advisory fees. In addition to advisory fee breakpoints, the Board also approved a complex-wide fee arrangement in 2004. Pursuant to the complex-wide fee arrangement, the fees of the funds in the Nuveen complex, including the Funds, are reduced as the assets in the fund complex reach certain levels. In evaluating the complex-wide fee arrangement, the Board Members noted that the last complex-wide asset level breakpoint for the complex-wide fee schedule was at \$91 billion and that the Board Members anticipated further review and/or negotiations prior to the assets of the Nuveen complex reaching such threshold. Based on their review, the Board Members concluded that the breakpoint schedule and complex-wide fee arrangement were acceptable and desirable in providing benefits from economies of scale to shareholders, subject to further evaluation of the complex-wide fee schedule as assets in the complex increase. See Section II, Paragraph D -- "Approval of the New Investment Management Agreements and New Sub-Advisory Agreements -- Economies of Scale and Whether Fee Levels Reflect These Economies of Scale" for information regarding subsequent modifications to the complex-wide fee.

79

Annual Investment
Management Agreement
APPROVAL PROCESS (continued)

E. INDIRECT BENEFITS

In evaluating fees, the Board Members also considered any indirect benefits or profits the respective Fund Adviser or its affiliates may receive as a result of its relationship with each Fund. In this regard, the Board Members considered the revenues received by affiliates of NAM for serving as agent at Nuveen's preferred trading desk and for serving as a co-manager in the initial public offering of new closed-end exchange traded funds.

In addition to the above, the Board Members considered whether the Fund Adviser received any benefits from soft dollar arrangements whereby a portion of the commissions paid by a Fund for brokerage may be used to acquire research that may be useful to the Fund Adviser in managing the assets of the Funds and other clients. With respect to NAM, the Board Members noted that NAM does not currently have any soft dollar arrangements; however, to the extent certain bona fide agency transactions that occur on markets that traditionally trade on a principal basis and riskless principal transactions are considered as generating "commissions," NAM intends to comply with the applicable safe harbor provisions. With respect to Tradewinds, the Board Members considered that such Sub-Adviser may benefit from its soft dollar arrangements pursuant to which it receives research from brokers that execute a Fund's portfolio transactions. For this Sub-Adviser, the Board Members noted that such Sub-Adviser's profitability may be lower if it were required to pay for this research with hard dollars. With

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

respect to Spectrum, the Board noted that such Sub-Adviser does not pay excess brokerage commissions in order to receive research services but may from time to time receive research generally provided to a broker's clients. With respect to Symphony, the Board also considered that such Sub-Adviser currently does not enter into soft dollar arrangements; however, it has adopted a soft dollar policy in the event it does so in the future.

Based on their review, the Board Members concluded that any indirect benefits received by a Fund Adviser as a result of its relationship with the Funds were reasonable and within acceptable parameters.

F. OTHER CONSIDERATIONS

The Board Members did not identify any single factor discussed previously as all-important or controlling in their considerations to continue an advisory contract. The Board Members, including the Independent Board Members, unanimously concluded that the terms of the Original Investment Management and Original Sub-Advisory Agreements are fair and reasonable, that the respective Fund Adviser's fees are reasonable in light of the services provided to each Fund and that the Original Investment Management Agreements and the Original Sub-Advisory Agreements be renewed.

II. APPROVAL OF THE NEW INVESTMENT MANAGEMENT AGREEMENTS AND NEW SUB-ADVISORY AGREEMENTS

Following the May Meeting, the Board Members were advised of the potential Transaction. As noted above, the completion of the Transaction would terminate each of the Original Investment Management Agreements and Original Sub-Advisory Agreements. Accordingly, at the July Meeting, the Board of each Fund, including the Independent Board Members, unanimously approved the New Investment Management Agreements and New Sub-Advisory Agreements on behalf of the respective Funds. Leading up to the July Meeting, the Board Members had several meetings and deliberations with and without Nuveen management present, and with the advice of legal counsel, regarding the proposed Transaction as outlined below.

On June 8, 2007, the Board Members held a special telephonic meeting to discuss the proposed Transaction. At that meeting, the Board Members established a special ad hoc committee comprised solely of Independent Board Members to focus on the Transaction and to keep the Independent Board Members updated with developments regarding the Transaction. On June 15, 2007, the ad hoc committee discussed with representatives of NAM the Transaction and modifications to the complex-wide fee schedule that would generate additional fee savings at specified levels of complex-wide asset growth. Following the foregoing meetings and several subsequent telephonic conferences among Independent Board Members and independent counsel, and between Independent Board Members and representatives of Nuveen, the Board met on June 18, 2007 to further discuss the proposed Transaction. Immediately prior to and then again during the June 18, 2007 meeting, the Independent Board

Members met privately with their independent legal counsel. At that meeting, the Board met with representatives of MDP, of Goldman Sachs, Nuveen's financial adviser in the Transaction, and of the Nuveen Board to discuss, among other things, the history and structure of MDP, the terms of the proposed Transaction (including the financing terms), and MDP's general plans and intentions with respect to Nuveen (including with respect to management, employees, and future growth prospects). On July 9, 2007, the Board also met to be updated on the Transaction as part of a special telephonic Board meeting. The Board Members were further updated at a special in-person Board meeting held on July 19, 2007

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

(one Independent Board Member participated telephonically). Subsequently, on July 27, 2007, the ad hoc committee held a telephonic conference with representatives of Nuveen and MDP to further discuss, among other things, the Transaction, the financing of the Transaction, retention and incentive plans for key employees, the effect of regulatory restrictions on transactions with affiliates after the Transaction, and current volatile market conditions and their impact on the Transaction.

In connection with their review of the New Investment Management Agreements and New Sub-Advisory Agreements, the Independent Board Members, through their independent legal counsel, also requested in writing and received additional information regarding the proposed Transaction and its impact on the provision of services by NAM and its affiliates.

The Independent Board Members received, well in advance of the July Meeting, materials which outlined, among other things:

- the structure and terms of the Transaction, including MDP's co-investor entities and their expected ownership interests, and the financing arrangements that will exist for Nuveen following the closing of the Transaction;
- the strategic plan for Nuveen following the Transaction;
- the governance structure for Nuveen following the Transaction;
- any anticipated changes in the operations of the Nuveen funds following the Transaction, including changes to NAM's and Nuveen's day-to-day management, infrastructure and ability to provide advisory, distribution or other applicable services to the Funds;
- any changes to senior management or key personnel who work on Fund related matters (including portfolio management, investment oversight, and legal/compliance) and any retention or incentive arrangements for such persons;
- any anticipated effect on each Fund's expense ratio (including advisory fees) following the Transaction;
- any benefits or undue burdens imposed on the Funds as a result of the Transaction;
- any legal issues for the Funds as a result of the Transaction;
- the nature, quality and extent of services expected to be provided to the Funds following the Transaction, changes to any existing services and policies affecting the Funds, and cost-cutting efforts, if any, that may impact such services or policies;
- any conflicts of interest that may arise for Nuveen or MDP with respect to the Funds;
- the costs associated with obtaining necessary shareholder approvals and who would bear those costs; and
- from legal counsel, a memorandum describing the applicable laws, regulations and duties in approving advisory contracts, including, in particular, with respect to a change of control.

Immediately preceding the July Meeting, representatives of MDP met with the Board to further respond to questions regarding the Transaction. After the meeting with MDP, the Independent Board Members met with independent legal

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

counsel in executive session. At the July Meeting, Nuveen also made a presentation and responded to questions. Following the presentations and discussions of the materials presented to the Board, the Independent Board Members met again in executive session with their counsel. As outlined in more detail below, the Independent Board Members considered all factors they believed relevant with respect to each Fund, including the impact that the Transaction could be expected to have on the following: (a) the nature, extent and quality of services to be provided; (b) the investment performance of the Funds; (c) the costs of the services and profits to be realized by Nuveen and its affiliates; (d) the extent to which economies of scale would be realized; and (e) whether fee levels

81

Annual Investment

Management Agreement

APPROVAL PROCESS (continued)

reflect those economies of scale for the benefit of investors. As noted above, during the past year, the Board Members had completed their annual review of the respective Original Investment Management Agreements and Original Sub-Advisory Agreements and many of the factors considered at such reviews were applicable to their evaluation of the New Investment Management Agreements and New Sub-Advisory Agreements. Accordingly, in evaluating such agreements, the Board Members relied upon their knowledge and experience with the Fund Advisers and considered the information received and their evaluations and conclusions drawn at the reviews. While the Board reviewed many Nuveen funds at the July Meeting, the Independent Board Members evaluated all information available to them on a fund-by-fund basis, and their determinations were made separately in respect of each Fund.

A. NATURE, EXTENT AND QUALITY OF SERVICES

In evaluating the nature, quality and extent of the services expected to be provided by the Fund Adviser under the applicable New Investment Management Agreement or New Sub-Advisory Agreement, the Independent Board Members considered, among other things, the expected impact, if any, of the Transaction on the operations, facilities, organization and personnel of NAM and each Sub-Adviser (if applicable); the potential implications of regulatory restrictions on the Funds following the Transaction; the ability of NAM and its affiliates to perform their duties after the Transaction; and any anticipated changes to the current investment and other practices of the Funds.

The Board noted that the terms of each New Investment Management Agreement, including the fees payable thereunder, are substantially identical to those of the Original Investment Management Agreement relating to the same Fund (with both reflecting reductions to fee levels in the complex-wide fee schedule for complex-wide assets in excess of \$80 billion that have an effective date of August 20, 2007). Similarly, the terms of each New Sub-Advisory Agreement, including fees payable thereunder, are substantially identical to those of the respective Original Sub-Advisory Agreement relating to the same Fund. The Board considered that the services to be provided and the standard of care under the New Investment Advisory Agreements and the New Sub-Advisory Agreements are the same as the corresponding original agreements. The Board Members noted the Transaction does not alter the allocation of responsibilities between the Adviser and Sub-Advisers. The respective Sub-Adviser will continue to furnish an investment program in respect of, make investment decisions for and place all orders for the purchase and sale of securities for the portion of each Fund's investment portfolio allocated by the Adviser to the respective Sub-Adviser, all on behalf of the applicable Fund and subject to oversight of the Board and the Adviser. The Board Members further noted that key personnel of the Adviser or

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

Sub-Adviser who have responsibility for the Funds in each area, including portfolio management, investment oversight, fund management, fund operations, product management, legal/compliance and board support functions, are expected to be the same following the Transaction. The Board Members considered and are familiar with the qualifications, skills and experience of such personnel. The Board also considered certain information regarding any anticipated retention or incentive plans designed to retain key personnel. Further, the Board Members noted that no changes to Nuveen's infrastructure (including at the affiliated sub-adviser level) or operations as a result of the Transaction were anticipated other than potential enhancements as a result of an expected increase in the level of investment in such infrastructure and personnel. The Board noted MDP's representations that it does not plan to have a direct role in the management of Nuveen, appointing new management personnel, or directly impacting individual staffing decisions. The Board Members also noted that there were not any planned "cost cutting" measures that could be expected to reduce the nature, extent or quality of services. After consideration of the foregoing, the Board Members concluded that no diminution in the nature, quality and extent of services provided to the Funds and their shareholders by the respective Fund Advisers is expected.

In addition to the above, the Board Members considered potential changes in the operations of each Fund. In this regard, the Board Members considered the potential effect of regulatory restrictions on the Funds' transactions with future affiliated persons. During their deliberations, it was noted that, after the Transaction, a subsidiary of Merrill Lynch is expected to have an ownership interest in Nuveen at a level that will make Merrill Lynch an affiliated person

82

of Nuveen. The Board Members recognized that applicable law would generally prohibit the Funds from engaging in securities transactions with Merrill Lynch as principal, and would also impose restrictions on using Merrill Lynch for agency transactions. They recognized that having MDP and Merrill Lynch as affiliates may restrict the Nuveen funds' ability to invest in securities of issuers controlled by MDP or issued by Merrill Lynch and its affiliates even if not bought directly from MDP or Merrill Lynch as principal. They also recognized that various regulations may require the Nuveen funds to apply investment limitations on a combined basis with affiliates of Merrill Lynch. The Board Members considered information provided by NAM regarding the potential impact on the Nuveen funds' operations as a result of these regulatory restrictions. The Board Members considered, in particular, the Nuveen funds that may be impacted most by the restricted access to Merrill Lynch, including: municipal funds (particularly certain state-specific funds), senior loan funds, taxable fixed income funds, preferred security funds and funds that heavily use derivatives. The Board Members considered such funds' historic use of Merrill Lynch as principal in their transactions and information provided by NAM regarding the expected impact resulting from Merrill Lynch's affiliation with Nuveen and available measures that could be taken to minimize such impact. NAM informed the Board Members that, although difficult to determine with certainty, its management did not believe that MDP's or Merrill Lynch's status as an affiliate of Nuveen would have a material adverse effect on any Nuveen fund's ability to pursue its investment objectives and policies.

In addition to the regulatory restrictions considered by the Board, the Board Members also considered potential conflicts of interest that could arise between the Nuveen funds and various parties to the Transaction and discussed possible ways of addressing such conflicts.

Based on its review along with its considerations regarding services at the annual review, the Board concluded that the Transaction was not expected to adversely affect the nature, quality or extent of services provided by the

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

respective Fund Adviser and that the expected nature, quality and extent of such services supported approval of the New Investment Management Agreements and New Sub-Advisory Agreements.

B. PERFORMANCE OF THE FUNDS

With respect to the performance of the Funds, the Board considered that the portfolio management personnel responsible for the management of the Funds' portfolios were expected to continue to manage the portfolios following the completion of the Transaction.

In addition, the Board Members recently reviewed Fund performance at the May Meeting, as described above, and determined such Funds' performance was satisfactory or better. The Board Members further noted that the investment policies and strategies were not expected to change as a result of the Transaction.

In light of the foregoing factors, along with the prior findings regarding performance at the annual review, the Board concluded that its findings with respect to performance supported approval of the New Investment Management Agreements and New Sub-Advisory Agreements.

C. FEES, EXPENSES AND PROFITABILITY

As described in more detail above, during the annual review, the Board Members considered, among other things, the management fees and expenses of the Funds, the breakpoint schedules, and comparisons of such fees and expenses with peers. At the annual review, the Board Members determined that the respective Fund's advisory fees and expenses were reasonable. In evaluating the profitability of the Fund Adviser under the New Investment Management Agreements and New Sub-Advisory Agreements, the Board Members considered their conclusions at their prior reviews and whether the management fees or other expenses would change as a result of the Transaction. As described above, the investment management fee for NAM is composed of two components -- a fund-level component and complex-wide level component. The fee schedule under the New Investment Management Agreements to be paid to NAM is identical to that under the Original Investment Management Agreements, including the modified complex-wide fee schedule. As noted above, the Board recently approved a modified complex-wide fee schedule that would generate additional fee savings on complex-wide assets above \$80 billion. The modifications have an effective date of August 20, 2007 and are part of the Original Investment

83

Annual Investment
Management Agreement
APPROVAL PROCESS (continued)

Management Agreements. Accordingly, the terms of the complex-wide component under the New Investment Management Agreements are the same as under the Original Investment Management Agreements. The Board Members also noted that Nuveen has committed for a period of two years from the date of closing of the Transaction that it will not increase gross management fees for any Nuveen fund and will not reduce voluntary expense reimbursement levels for any Nuveen fund from their currently scheduled prospective levels. Based on the information provided, the Board Members did not expect that overall Fund expenses would increase as a result of the Transaction.

In addition, the Board Members considered that additional fund launches were anticipated after the Transaction which would result in an increase in total assets under management in the complex and a corresponding decrease in overall

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

management fees under the complex-wide fee schedule. Taking into consideration the Board's prior evaluation of fees and expenses at the annual renewal, and the modification to the complex-wide fee schedule, the Board determined that the management fees and expenses were reasonable.

While it is difficult to predict with any degree of certainty the impact of the Transaction on Nuveen's profitability for its advisory activities (which includes its affiliated sub-advisers), at the recent annual review, the Board Members were satisfied that Nuveen's level of profitability for its advisory activities was reasonable. During the year, the Board Members had noted the enhanced dialogue regarding profitability and the appointment of an Independent Board Member as a point person to review methodology determinations and refinements in calculating profitability. Given their considerations at the annual review and the modifications to the complex-wide fee schedule, the Board Members were satisfied that Nuveen's level of profitability for its advisory activities continues to be reasonable.

With respect to the Sub-Advisers, the fees paid under the New Sub-Advisory Agreements are the same as the Original Sub-Advisory Agreements. With respect to sub-advisers unaffiliated with Nuveen, such as Spectrum, the Board Members considered the Sub-Adviser's revenues from serving as Sub-Adviser to the Funds, expenses (including the basis for allocating expenses) and profitability margins (pre- and post-tax) at the annual review. The Transaction is not anticipated to affect the profitability of such Sub-Adviser. At the annual review, the Board Members were satisfied that the respective Fund Adviser's level of profitability was reasonable in light of the services provided. Taking into account the Board's prior evaluation and the fact that sub-advisory fees will not change, the Board Members were satisfied that the respective Fund Advisers' levels of profitability were reasonable in light of the services provided.

D. ECONOMIES OF SCALE AND WHETHER FEE LEVELS REFLECT THESE ECONOMIES OF SCALE

The Board Members have been cognizant of economies of scale and the potential benefits resulting from the costs of a Fund being spread over a larger asset base. To help ensure that shareholders share in the benefits derived from economies of scale, the Board adopted the complex-wide fee arrangement in 2004. At the May Meeting, the Board Members reviewed the complex-wide fee arrangements and noted that additional negotiations may be necessary or appropriate as the assets in the complex approached the \$91 billion threshold. In light of this assessment coupled with the upcoming Transaction, at the June 15, 2007 meeting, the ad hoc committee met with representatives of Nuveen to further discuss modifications to the complex-wide fee schedule that would generate additional savings for shareholders as the assets of the complex grow. The proposed terms for the complex-wide fee schedule are expressed in terms of targeted cumulative savings at specified levels of complex-wide assets, rather than in terms of targeted marginal complex-wide fee rates. Under the modified schedule, the schedule would generate additional fee savings beginning at complex-wide assets of \$80 billion in order to achieve targeted cumulative annual savings at \$91 billion of \$28 million on a complex-wide level (approximately \$0.6 million higher than those generated under the then current schedule) and generate additional fee savings for asset growth above complex-wide assets of \$91 billion in order to achieve targeted annual savings at \$125 billion of assets of approximately \$50 million on a complex-wide level (approximately \$2.2 million higher annually than that generated under the then current schedule). At the July Meeting, the Board approved the modified complex-wide fee schedule for the Original Investment Management Agreements and these same terms will apply to the New Investment Management Agreements.

Accordingly, the Board Members believe that the breakpoint schedules and revised

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

complex-wide fee schedule are appropriate and desirable in ensuring that shareholders participate in the benefits derived from economies of scale.

E. INDIRECT BENEFITS

During their recent annual review, the Board Members considered any indirect benefits that the Fund Adviser may receive as a result of its relationship with the Funds, as described above. As the policies and operations of the Fund Advisers are not anticipated to change significantly after the Transaction, such indirect benefits should remain after the Transaction. The Board Members further considered any additional indirect benefits to be received by the Fund Adviser or its affiliates after the Transaction. The Board Members noted that other than benefits from its ownership interest in Nuveen and indirect benefits from fee revenues paid by the Funds under the management agreements and other Board-approved relationships, it was currently not expected that MDP or its affiliates would derive any benefit from the Funds as a result of the Transaction or transact any business with or on behalf of the Funds (other than perhaps potential Fund acquisitions, in secondary market transactions, of securities issued by MDP portfolio companies); or that Merrill Lynch or its affiliates would derive any benefits from the Funds as a result of the Transaction (noting that, indeed, Merrill Lynch would stand to experience the discontinuation of principal transaction activity with the Nuveen funds and likely would experience a noticeable reduction in the volume of agency transactions with the Nuveen funds).

F. OTHER CONSIDERATIONS

In addition to the factors above, the Board Members also considered the following with respect to the Funds:

- Nuveen would rely on the provisions of Section 15(f) of the 1940 Act. Section 15(f) provides, in substance, that when a sale of a controlling interest in an investment adviser occurs, the investment adviser or any of its affiliated persons may receive any amount or benefit in connection with the sale so long as (i) during the three-year period following the consummation of a transaction, at least 75% of the investment company's board of directors must not be "interested persons" (as defined in the 1940 Act) of the investment adviser or predecessor adviser and (ii) an "unfair burden" (as defined in the 1940 Act, including any interpretations or no-action letters of the SEC) must not be imposed on the investment company as a result of the transaction relating to the sale of such interest, or any express or implied terms, conditions or understanding applicable thereto. In this regard, to help ensure that an unfair burden is not imposed on the Nuveen funds, Nuveen has committed for a period of two years from the date of the closing of the Transaction (i) not to increase gross management fees for any Nuveen fund; (ii) not to reduce voluntary expense reimbursement levels for any Nuveen fund from their currently scheduled prospective levels during that period; (iii) that no Nuveen fund whose portfolio is managed by a Nuveen affiliate shall use Merrill Lynch as a broker with respect to portfolio transactions done on an agency basis, except as may be approved in the future by the Compliance Committee of the Board; and (iv) that each adviser/portfolio team affiliated with Nuveen shall not cause the Funds (or sleeves thereof) and other Nuveen funds that the team manages, as a whole, to enter into portfolio transactions with or through the other minority owners of Nuveen, on either a principal or an agency basis, to a significantly greater extent than both what one would expect an investment team to use such firm in the normal course of business, and what such team has historically done, without prior Board or Compliance Committee approval (excluding the impact of proportionally increasing the use of such other "minority owners" to fill the void necessitated by not being able to use Merrill Lynch).
- The Funds would not incur any costs in seeking the necessary shareholder

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

approvals for the New Investment Management Agreements or New Sub-Advisory Agreements (except for any costs attributed to seeking shareholder approvals of Fund specific matters unrelated to the Transaction, such as approval of Board Members or changes to investment policies, in which case a portion of such costs will be borne by the applicable Funds).

- The reputation, financial strength and resources of MDP.
- The long-term investment philosophy of MDP and anticipated plans to grow Nuveen's business to the benefit of the Nuveen funds.
- The benefits to the Nuveen funds as a result of the Transaction including: (i) as a private company, Nuveen may have more flexibility in making additional investments in its business; (ii) as a private company, Nuveen may be

85

Annual Investment
Management Agreement

APPROVAL PROCESS (continued)

better able to structure compensation packages to attract and retain talented personnel; (iii) as certain of Nuveen's distribution partners are expected to be equity or debt investors in Nuveen, Nuveen may be able to take advantage of new or enhanced distribution arrangements with such partners; and (iv) MDP's experience, capabilities and resources that may help Nuveen identify and acquire investment teams or firms and finance such acquisitions.

- The historic premium and discount levels at which the shares of the Nuveen funds have traded at specified dates with particular focus on the premiums and discounts after the announcement of the Transaction, taking into consideration recent volatile market conditions and steps or initiatives considered or undertaken by NAM to address discount levels.

G. CONCLUSION

The Board Members did not identify any single factor discussed previously as all-important or controlling. The Board Members, including the Independent Board Members, unanimously concluded that the terms of the New Investment Management Agreements and New Sub-Advisory Agreements are fair and reasonable, that the fees therein are reasonable in light of the services to be provided to each Fund and that the New Investment Management Agreements and New Sub-Advisory Agreements should be approved and recommended to shareholders.

III. APPROVAL OF INTERIM CONTRACTS

As noted above, at the July Meeting, the Board Members, including the Independent Board Members, unanimously approved the Interim Investment Management Agreements and Interim Sub-Advisory Agreements. If necessary to assure continuity of advisory services, the Interim Investment Management Agreements and Interim Sub-Advisory Agreements will take effect upon the closing of the Transaction if shareholders have not yet approved the New Investment Management Agreements and New Sub-Advisory Agreements. The terms of each Interim Investment Management Agreement and Interim Sub-Advisory Agreement are substantially identical to those of the corresponding Original Investment Management Agreement and New Investment Management Agreement and the Original Sub-Advisory Agreement and New Sub-Advisory Agreement, respectively, except for certain term and escrow provisions. In light of the foregoing, the Board Members, including the Independent Board Members, unanimously determined that the scope and quality of services to be provided to the Funds under the respective Interim Investment Management Agreement and Interim Sub-Advisory

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

Agreement are at least equivalent to the scope and quality of services provided under the applicable Original Investment Management Agreement and Original Sub-Advisory Agreement.

86

Reinvest Automatically
EASILY and CONVENIENTLY

Nuveen makes reinvesting easy. A phone call is all it takes to set up your reinvestment account.

NUVEEN CLOSED-END FUNDS DIVIDEND REINVESTMENT PLAN

Your Nuveen Closed-End Fund allows you to conveniently reinvest dividends and/or capital gains distributions in additional Fund shares.

By choosing to reinvest, you'll be able to invest money regularly and automatically, and watch your investment grow through the power of tax-free compounding. Just like dividends or distributions in cash, there may be times when income or capital gains taxes may be payable on dividends or distributions that are reinvested.

It is important to note that an automatic reinvestment plan does not ensure a profit, nor does it protect you against loss in a declining market.

EASY AND CONVENIENT

To make recordkeeping easy and convenient, each month you'll receive a statement showing your total dividends and distributions, the date of investment, the shares acquired and the price per share, and the total number of shares you own.

HOW SHARES ARE PURCHASED

The shares you acquire by reinvesting will either be purchased on the open market or newly issued by the Fund. If the shares are trading at or above net asset value at the time of valuation, the Fund will issue new shares at the greater of the net asset value or 95% of the then-current market price. If the shares are trading at less than net asset value, shares for your account will be purchased on the open market. If the Plan Agent begins purchasing Fund shares on the open market while shares are trading below net asset value, but the Fund's shares subsequently trade at or above their net asset value before the Plan Agent is able to complete its purchases, the Plan Agent may cease open-market purchases and may invest the uninvested portion of the distribution in newly-issued Fund shares at a price equal to the greater of the shares' net asset value or 95% of the shares' market value on the last business day immediately prior to the purchase date. Dividends and distributions received to purchase shares in the open market will normally be invested shortly after the dividend payment date. No interest will be paid on dividends and distributions awaiting reinvestment. Because the market price of the shares may increase before purchases are completed, the average purchase price per share may exceed the market price at the time of valuation, resulting in the acquisition of fewer shares than if the dividend or distribution had been paid in shares issued by the Fund. A pro rata portion of any applicable brokerage commissions on open market purchases will be paid by Plan participants. These commissions usually will be lower than those charged on individual transactions.

87

FLEXIBLE

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

You may change your distribution option or withdraw from the Plan at any time, should your needs or situation change. Should you withdraw, you can receive a certificate for all whole shares credited to your reinvestment account and cash payment for fractional shares, or cash payment for all reinvestment account shares, less brokerage commissions and a \$2.50 service fee.

You can reinvest whether your shares are registered in your name, or in the name of a brokerage firm, bank, or other nominee. Ask your investment advisor if his or her firm will participate on your behalf. Participants whose shares are registered in the name of one firm may not be able to transfer the shares to another firm and continue to participate in the Plan.

The Fund reserves the right to amend or terminate the Plan at any time. Although the Fund reserves the right to amend the Plan to include a service charge payable by the participants, there is no direct service charge to participants in the Plan at this time.

CALL TODAY TO START REINVESTING DIVIDENDS AND/OR DISTRIBUTIONS

For more information on the Nuveen Automatic Reinvestment Plan or to enroll in or withdraw from the Plan, speak with your financial advisor or call us at (800) 257-8787.

88

Glossary of TERMS USED in this REPORT

Average Annual Total Return: This is a commonly used method to express an investment's performance over a particular, usually multi-year time period. It expresses the return that would have been necessary each year to equal the investment's actual cumulative performance (including change in NAV or market price and reinvested dividends and capital gains distributions, if any) over the time period being considered.

Market Yield (also known as Dividend Yield or Current Yield): Market yield is based on the Fund's current annualized monthly distribution divided by the Fund's current market price. The Fund's monthly distributions to its shareholders may be comprised of ordinary income, net realized capital gains and, if at the end of the calendar year the Fund's cumulative net ordinary income and net realized gains are less than the amount of the Fund's distributions, a tax return of capital.

Net Asset Value (NAV): A Fund's common share NAV per share is calculated by subtracting the liabilities of the Fund (including any Preferred shares issued in order to leverage the Fund) from its total assets and then dividing the remainder by the number of shares outstanding. Fund NAVs are calculated at the end of each business day.

89

NOTES

90

OTHER USEFUL INFORMATION

QUARTERLY PORTFOLIO OF INVESTMENTS AND PROXY VOTING INFORMATION

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

Each Fund's (i) quarterly portfolio of investments, (ii) information regarding how the Funds voted proxies relating to portfolio securities held during the most recent 12-month period ended June 30, 2006, and (iii) a description of the policies and procedures that the Funds used to determine how to vote proxies relating to portfolio securities are available without charge, upon request, by calling Nuveen Investments toll-free at (800) 257-8787 or on Nuveen's website at www.nuveen.com.

You may also obtain this and other Fund information directly from the Securities and Exchange Commission ("SEC"). The SEC may charge a copying fee for this information. Visit the SEC on-line at <http://www.sec.gov> or in person at the SEC's Public Reference Room in Washington, D.C. Call the SEC at 1-202-942-8090 for room hours and operation. You may also request Fund information by sending an e-mail request to publicinfo@sec.gov or by writing to the SEC's Public Reference Section at 450 Fifth Street NW, Washington, D.C. 20549.

CEO Certification Disclosure

Each Fund's Chief Executive Officer has submitted to the New York Stock Exchange the annual CEO certification as required by Section 303A.12(a) of the NYSE Listed Company Manual.

Each Fund has filed with the Securities and Exchange Commission the certification of its Chief Executive Officer and Chief Financial Officer required by Section 302 of the Sarbanes-Oxley Act.

Nuveen Investments:

SERVING INVESTORS FOR GENERATIONS

Since 1898, financial advisors and their clients have relied on Nuveen Investments to provide dependable investment solutions. For the past century, Nuveen Investments has adhered to the belief that the best approach to investing is to apply conservative risk-management principles to help minimize volatility.

Building on this tradition, we today offer a range of high quality equity and fixed-income solutions that are integral to a well-diversified core portfolio. Our clients have come to appreciate this diversity, as well as our continued adherence to proven, long-term investing principles.

We offer many different investing solutions for our clients' different needs. Managing \$172 billion in assets, as of June 30, 2007, Nuveen Investments offers access to a number of different asset classes and investing solutions through a variety of products. Nuveen Investments markets its capabilities under six distinct brands: Nuveen, a leader in fixed-income investments; NWQ, a leader in value-style equities; Rittenhouse, a leader in growth-style equities; Symphony, a leading institutional manager of market-neutral alternative investment portfolios; Santa Barbara, a leader in growth equities; and Tradewinds, a leader in global equities.

Find out how we can help you reach your financial goals. To learn more about the products and services Nuveen Investments offers, talk to your financial advisor, or call us at (800) 257-8787. Please read the information provided carefully before you invest.

Be sure to obtain a prospectus, where applicable. Investors should consider the investment objective and policies, risk considerations, charges and expenses of the Fund carefully before investing. The prospectus contains this and other information relevant to an investment in the Fund. For a prospectus, please contact your securities representative or Nuveen Investments, 333 W. Wacker Dr., Chicago, IL 60606. Please read the prospectus carefully before you invest or send money.

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

Not applicable to this filing.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

Not applicable to this filing.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

Not applicable to this filing.

ITEM 6. SCHEDULE OF INVESTMENTS.

See Portfolio of Investments in Item 1.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

Not applicable to this filing.

ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

Not applicable to this filing.

ITEM 9. PURCHASES OF EQUITY SECURITIES BY CLOSED-END MANAGEMENT INVESTMENT COMPANY AND AFFILIATED PURCHASERS.

Not applicable.

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

There have been no material changes to the procedures by which shareholders may recommend nominees to the registrant's Board implemented after the registrant last provided disclosure in response to this Item.

ITEM 11. CONTROLS AND PROCEDURES.

- (a) The registrant's principal executive and principal financial officers, or persons performing similar functions, have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended (the "1940 Act") (17 CFR 270.30a-3(c))) are effective, as of a date within 90 days of the filing date of this report that includes the disclosure required by this paragraph, based on their evaluation of the controls and procedures required by Rule 30a-3(b) under the 1940 Act (17 CFR 270.30a-3(b)) and Rules 13a-15(b) or 15d-15(b) under the Securities Exchange Act of 1934, as amended (the "Exchange Act") (17 CFR 240.13a-15(b) or 240.15d-15(b)).
- (b) There were no changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the 1940 Act (17 CFR 270.30a-3(d))) that occurred during the second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

ITEM 12. EXHIBITS.

File the exhibits listed below as part of this Form.

(a)(1) Any code of ethics, or amendment thereto, that is the subject of the disclosure required by Item 2, to the extent that the registrant intends to

Edgar Filing: Nuveen Multi-Strategy Income & Growth Fund 2 - Form N-CSRS

satisfy the Item 2 requirements through filing of an exhibit: Not applicable to this filing.

(a) (2) A separate certification for each principal executive officer and principal financial officer of the registrant as required by Rule 30a-2(a) under the 1940 Act (17 CFR 270.30a-2(a)) in the exact form set forth below: Ex-99.CERT attached hereto.

(a) (3) Any written solicitation to purchase securities under Rule 23c-1 under the 1940 Act (17 CFR 270.23c-1) sent or given during the period covered by the report by or on behalf of the registrant to 10 or more persons: Not applicable.

(b) If the report is filed under Section 13(a) or 15(d) of the Exchange Act, provide the certifications required by Rule 30a-2(b) under the 1940 Act (17 CFR 270.30a-2(b)); Rule 13a-14(b) or Rule 15d-14(b) under the Exchange Act (17 CFR 240.13a-14(b) or 240.15d-14(b)), and Section 1350 of Chapter 63 of Title 18 of the United States Code (18 U.S.C. 1350) as an exhibit. A certification furnished pursuant to this paragraph will not be deemed "filed" for purposes of Section 18 of the Exchange Act (15 U.S.C. 78r), or otherwise subject to the liability of that section. Such certification will not be deemed to be incorporated by reference into any filing under the Securities Act of 1933 or the Exchange Act, except to the extent that the registrant specifically incorporates it by reference. Ex-99.906 CERT attached hereto.
