NOTE 5. - INVENTORY AND IMPAIRED ASSET LOSSES

During June 2000, management determined that the remaining inventory of C-6's product line (Tool Topper, Laddertop, and Workstation), should be written down by \$266,255. Additionally, the tooling for the product had suffered an impairment loss of \$472,727. Both losses are recorded in the accompanying Consolidated Statement of Operations for the nine months ended September 30, 2000.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

RESULTS OF OPERATIONS

THE FOLLOWING COMPARES THE RESULTS OF OPERATIONS FOR THE FIRST NINE MONTHS ENDED SEPTEMBER 30, 2001 TO THE FIRST NINE MONTHS ENDED SEPTEMBER 30, 2000:

During the nine months ended September 30, 2001, sales and cost of goods sold increased \$110,410 and \$142,071, respectively, from the comparable amounts recorded during the nine months ended September 30, 2000. Gross profit for the nine months ended September 30, 2001, decreased \$31,661 compared to the nine months ended September 30, 2000.

During the nine months ended September 30, 2001, selling, general and administrative expenses increased \$41,530 over the comparable nine months ended September 30, 2000. The operating loss for the nine months ended September 30,

Edgar Filing: CONSULIER ENGINEERING INC - Form 10QSB

2001 and 2000 was \$446,746 and \$1,112,537 respectively. Other income and expense increased \$2,406,948 in the first nine months of 2001 primarily due to an insurance recovery of \$1,750,000 related to damage caused by Hurricane Irene in 1999.

THE FOLLOWING COMPARES THE RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED SEPTEMBER 30, 2001 TO THE THREE MONTHS ENDED SEPTEMBER 30, 2000:

During the quarter ended September 30, 2001, sales and cost of goods sold increased \$28,925 and \$43,990, respectively, from the comparable amounts recorded during the quarter ended September 30, 2000. Gross profit for the three months ended September 30, 2001 decreased \$15,065, compared to the three months ended September 30, 2000. Net income for the third quarter of 2001 was \$330,533, or \$0.07 per share, compared to \$48,866, or \$0.01 per share, in the third quarter of 2000. The increase in net income is related primarily to an increase of \$323,849 in investment income from related parties.

9

CONSULIER ENGINEERING, INC. AND SUBSIDIARIES

LIQUIDITY AND CAPITAL RESOURCES

At September 30, 2001, Consulier's cash totaled \$133,712 as compared to \$418,634 at December 31, 2000. During the nine months, Consulier's cash decreased \$284,922. Net cash provided by operations increased to \$1,309,094 in the first nine months of 2001 compared to cash used in operations of \$659,761 in the first nine months of 2000. The change from cash used in operations to cash provided by operations is due primarily to receipt of a recovery from insurance claim of \$1,750,000 and collections on accounts receivable. Net cash provided by investing activities decreased from \$807,863 in the first nine months of 2000 to cash used of \$46,335 in the first three quarters of 2001, resulting primarily from an increase of \$856,140 in due from principal stockholder.

The ability of Consulier to continue to generate cash flow in excess of its normal operating requirements depends almost entirely on the performance of its limited partnership investment in AVM. Consulier cannot, with any degree of assurance, predict whether there will be a continuation of the net return experienced in the period that the AVM limited partnership interest has been owned. However, Consulier does not expect that the rate of return will decline to the point where Consulier has negative cash flow. Furthermore, although AVM has given Consulier no indication of any intention on its part to redeem the partnership interest, there can be no assurance that AVM will not do so in the future.

10

CONSULIER ENGINEERING, INC. AND SUBSIDIARIES

FUTURE OUTLOOK

Based on AVM's current operations and operating results over the past five years, management expects continued positive annualized returns in 2001 on its limited partnership investment. However, there is no guarantee that the returns of the past can be maintained.

Edgar Filing: CONSULIER ENGINEERING INC - Form 10QSB

Consulier's automotive parts wholesale distribution business experienced a slight increase in sales in the nine months ended September 30, 2001. Due to the reorganization of the sales departments and training of salespeople, strengthening of existing product lines, and increased marketing and promotion, Southeast expects increased sales of its auto parts, Southeast tools, and plastic component parts for the remainder of 2001.

Consulier received its initial shipment of the newly packaged Captain CRA-Z Hand and All Purpose Soap in October 2000. This consisted of 50 tons of soap made with the new formula developed by Consulier. The soap was tested with success in November and December before becoming available for sale on a larger scale in January 2001. Consulier's supplier is currently processing a new order of Captain CRA-Z Soap with a cost of approximately \$150,000. This inventory is needed to facilitate the anticipated sales volume increase from our strategic alliances with Veridien Corp. ("Veridien") of St. Petersburg, Florida and Norpak Manufacturing Inc. ("Norpak") of Toronto, Canada.

Veridien and Norpak are working with Consulier to launch the Captain CRA-Z Soap product to National and Regional retailers and major distributors.

On October 31, 1997, Consulier purchased a 40% equity interest in BioSafe Systems, LLC, a Connecticut limited liability company ("BioSafe"). BioSafe develops and markets environmentally safe products, alternatives to traditionally toxic pesticides.

BioSafe has developed a well-established national distribution network, serving the greenhouse and nursery marketplace. In addition, BioSafe has established distribution in Central and South America. Product registrations have been secured in Costa Rica, Colombia and Ecuador.

BioSafe is expected to continue to grow at a slow and steady pace. In the first nine months of 2001, BioSafe had a net income of \$293,122 of which Consulier recorded \$117,249 as undistributed income of equity investee.
