**Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

On February 20, 2008, the Board of Directors, acting on behalf of J. Alexander's Corporation (the Company), approved the J. Alexander's Corporation Deferred Compensation Plan (the Plan) to be effective on or about June 23, 2008 under which certain executive officers and senior managers may (i) defer receipt of their compensation, including up to 25% of their salaries and up to 25% of their bonuses, and (ii) be credited with company contributions under the same matching formula as the Company's 401(k) retirement plan subject to an overall limitation on total matching in this Plan and in the 401(k) plan determined by the matching formula in the 401(k) plan as applied to a participant's contributions into both plans. The Company will match 25% of participant's total elective contributions (taking into account the participant's elective contributions to both the Company's 401(k) and Deferred Compensation plans up to 3% of a participant's compensation for the Plan year). This arrangement allows a participant to make up any portion of the employer matching contribution that cannot be made under the Company's 401(k) plan due to Internal Revenue Code qualified plan limits for highly compensated employees.

Participant elections with respect to deferrals of compensation generally must be made in the year preceding that in which the compensation is earned. Amounts that are deferred into this Plan and any Company matching contributions will be increased by earnings and decreased by losses based on the performance of one or more investment funds, as designated by the Plan administrator elected by the participants. These investment funds are for measurement purposes only, and a participant's election of any such investment fund is hypothetical and is not an actual investment of his or her Plan account in any such investment funds. The Plan is an unfunded plan for state and federal tax purposes, and participants have the rights of unsecured creditors of the Company with regard to their Plan accounts. Participants generally may receive distributions of their accounts upon the Participant's separation from service, disability, death or an unforeseeable emergency, as those terms are defined in the Plan. Subject to the terms of the Plan, Participants may elect to receive distributions of their accounts either in a lump sum or in up to three annual installments with regard to distributions which are made upon a separation of service.
