EXPLANATORY NOTE

This Amendment No. 1 to the Form 8-K filed by Escalade, Incorporated (the "Company") amends the Company's filing on Form 8-K originally filed with the Securities and Exchange Commission on October 22, 2004 (the "Original Filing"). In the Consolidated Condensed Statements of Income included in Exhibit 99.1 and Exhibit 99.2 to the Original Filing, the Company presented "Operating Income" in a manner that excluded the effect of "Goodwill Impairment Loss." The unintentional effect of this presentation resulted in the use of a financial measure that did not conform to generally accepted accounting principles ("GAAP") and that would have been more properly labeled "Adjusted Operating Income." Accordingly, the Company is filing this Amendment No. 1 for the purpose of presenting "Operating Income" in a manner that conforms with GAAP and to reconcile that GAAP financial measure to the non-GAAP financial measure of "Adjusted Operating Income."

Except as described above and in the second and third paragraphs of Item 2.02 below, no other changes have been made to the Original Filing. This Amendment No. 1 continues to speak as of the date of the Original Filing, and the Company has not updated the disclosures contained therein to reflect any events that occurred at a date subsequent to the date of the Original Filing. The filing of this Amendment No. 1 is not a representation that any statements contained in the Company's Form 8-K are true and complete as of any date other than the date of the Original Filing.

SECTION 2 - FINANCIAL INFORMATION

ITEM 2.02 RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

On October 22, 2004, Escalade, Incorporated ("Escalade") issued the press release and quarterly message to shareholders attached hereto as Exhibits 99.1 and 99.2, respectively, which documents contain financial information about Escalade's third completed fiscal quarter of 2004. The information hereunder shall not be deemed to be "filed" for the purposes of Section 18 of the Securities Exchange Act of 1934 (the "Exchange Act") or otherwise subject to the liabilities of that section, nor shall it be incorporated by reference into a filing under the Securities Act of 1933 or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

As included in the Original Filing, Exhibits 99.1 and 99.2 contained statements that, compared to the third fiscal quarter in 2003, the Company's operating income decreased 4% but would have increased by 10% if non-recurring restructuring costs were excluded. However, those statements were based on a comparison of adjusted operating income. If operating income had been presented in accordance with GAAP, then the Company's statement should have been that operating income decreased 20% compared to the third fiscal quarter in 2003. Similarly, the Company's statement should have been that its adjusted operating income, excluding the effects of the restructuring costs and the goodwill impairment loss, increased 12% compared to the third fiscal quarter in 2003.

The Company does not believe that adjusted operating income is a financial measure that typically provides investors with useful information about the Company that would not be readily apparent from a GAAP presentation of operating income. The Company does not anticipate that it will present adjusted operating income in its financial statements on an ongoing basis in the future. Nonetheless, because such non-GAAP financial measure was presented in connection

with the Company's release of its financial results for the third fiscal quarter of 2004, the following table reconciles

operating income, which the Company believes is the most directly comparable GAAP financial measure, to adjusted operating income (in thousands):
