-

Item 2.02 Results of Operations and Financial Condition

On January 28, 2008, Park National Corporation (Park) issued a news release (the News Release) announcing results for the three months and the twelve months ended December 31, 2007. A copy of the News Release is included as Exhibit 99.1 and incorporated herein by reference.

Park s management uses certain non-GAAP (generally accepted accounting principles) financial measures to evaluate Park s performance. Specifically, management reviews (i) net income before impairment charge, (ii) net income per share-diluted before impairment charge, (iii) return on average assets before impairment charge, and (iv) return on average equity before impairment charge, (collectively, the adjusted performance metrics) and has included in the News Release information relating to the adjusted performance metrics for the three-month and twelve-month periods ended December 31, 2007 and 2006. For purposes of calculating these non-GAAP financial measures, net income (loss) for the three-month and twelve-month periods ended December 31, 2007 is increased by the non-cash goodwill impairment charge to earnings of approximately \$54.0 million, to determine net income before impairment charge. Management believes the adjusted performance metrics present a more reasonable view of Park s operating performance and ensures comparability of operating performance from period to period while eliminating the one-time non-recurring impairment charge. Park has provided a reconciliation of net income (loss) to net income before impairment charge and a reconciliation of net income (loss) per share-diluted to net income per share-diluted before impairment charge solely for the purpose of complying with SEC Regulation G and not as an indication that the adjusted performance metrics are a substitute for net income (loss), net income (loss) per share-diluted, return on average assets or return on average equity determined by GAAP.

Item 9.01 Financial Statements and Exhibits.
