REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Participants and Administrator

Meridian Bioscience, Inc. Savings and Investment Plan

We have audited the accompanying statements of net assets available for plan benefits of Meridian Bioscience, Inc. Savings and Investment Plan (the Plan) as of December 31, 2007 and 2006 and for the year ended December 31, 2007, and the supplemental schedule as of and for the year ended December 31, 2007, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007 and 2006, and the changes in net assets available for plan benefits for the year ended December 31, 2007, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at the end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

 Net assets available for plan benefits:	
Beginning of year	21,611,230
 End of year	 \$ 24,392,675

The accompanying notes are an integral part of these statements.

NOTE A DESCRIPTION OF PLAN

The following description of the Meridian Bioscience, Inc. Savings and Investment Plan, (the Plan), is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan s provisions.

1. General

The Plan is a defined contribution plan covering all employees of Meridian Bioscience, Inc. and its domestic subsidiaries (the Company) who have met certain service requirements as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

2. Participation

Employees become eligible for participation in the Plan on their hire date.

3. Trustee

Merrill Lynch Trust Company, FSB (Trustee) is designated as the trustee of the Plan and invests and holds all contributions made to the Plan.

4. Contributions

Effective April 1, 2007, eligible employees may elect a combination of pre-tax and Roth contributions of up to 100% of their annual earnings through salary deductions (Deferred Contribution), subject to the annual contribution limit of \$15,500, as defined by the Internal Revenue Code. Participants over the age of 50 may contribute up to an additional \$5,000. Participants may also contribute amounts representing distributions from other qualified plans. Prior to April 1, 2007, eligible employees could elect only pre-tax contributions subject to the limits described above. Also effective April 1, 2007, employees are automatically enrolled in the plan upon becoming eligible, with contributions set at 3%. The Company makes matching contributions equal to 100% of the first 3% of each participant s Deferred Contribution for employees who have met the eligibility requirements for such matching contributions. In addition, the Company makes, at its discretion, an employer profit sharing contribution. The Company elected to make profit sharing contributions of \$534,500 and \$504,690 for the 2007 and 2006 plan years, respectively.

5. Participant Accounts

Each participant s account is credited with the participant s contributions and an allocation of the Company s contributions and the plan earnings thereon. Allocations of the Company s profit sharing contributions are based on participants wages and Plan earnings are allocated based on account balances, as defined.

NOTE A DESCRIPTION OF PLAN (continued)

6. Vesting

Participants are immediately vested in their voluntary contributions and actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

7. Participant Loans

Participants may borrow from their fund accounts up to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years, or longer for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Interest rates on new loans ranged from 8.50% to 9.25% during the 2007 Plan year. Principal and interest are paid ratably through monthly payroll deductions.

8. Payment of Benefits

Upon termination of employment due to death, disability or retirement, a participant may elect to receive (a) an annuity; (b) installments payable in cash or in kind (rollover to another eligible fund), or part cash and part in kind over a period not to exceed participant's life expectancy; or (c) a single lump sum payment in cash or in kind, or part in cash and part in kind. For termination of employment due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Terminated participants with vested account balances greater than \$5,000 may elect to leave their accounts in the Plan for an indefinite period of time.

9. Expenses of the Plan

The Company pays certain expenses of the Plan and provides certain administrative services at no cost to the Plan. If not paid by the Company, administrative expenses become a liability of the Plan.

10. Forfeitures

In the event that a participant terminates employment prior to 100% vesting, the portion of employer contributions which is not vested is forfeited at that time. The forfeited amounts are used to reduce future employer contributions. At December 31, 2007 and 2006 there were \$16,620 and \$3,724, respectively, of forfeited nonvested accounts. During 2007, \$2,288 was used to reduce employer contributions.

NOTE A DESCRIPTION OF PLAN (continued)

11. Investment Options

The Plan allows participants to elect how their contributions and the Company's contributions will be directed among investment fund options based upon the individual investment objectives of the participants. Participants automatically enrolled in the Plan upon eligibility are directed to the Merrill Lynch Retirement Preservation Trust Fund. Participants can make changes to this designation at their discretion based upon available investment funds within the Plan.

The common stock held by the plan is an investment directly in the Company's common stock.

NOTE B SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits as of the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

3. Investment Valuation and Income Reporting

The Plan's investments are stated at fair value. Quoted market prices in an active market are used to value investments other than participant loans and the collective trusts. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value. The Plan's interest in the collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end. Meridian Bioscience, Inc. common stock is traded on a national securities exchange and is valued at the last reported sales price on the last business day of the Plan year. Purchases and sales of investments are recorded on the trade date. Gains and losses on the sale of investments are calculated using the specific identification method. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the statement of changes in net assets available for plan benefits the net appreciation or depreciation in the fair value of its investments, which consists of realized gains and losses and unrealized gains and losses on those investments.

4. Payment of Benefits

Benefits are recorded when paid.

NOTE B SIGNIFICANT ACCOUNTING POLICIES (continued)**5. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits.

6. Fully-Benefit Responsive Investment Contracts held in Common/Collective Trusts

The Company accounts for investment contracts held by the Plan according to Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-1-1, *Reporting of Fully-Benefit Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP). As described in the FSP, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through the Merrill Lynch Retirement Preservation Trust. The Statements of Net Assets Available for Plan Benefits, as of December 31, 2007 and December 31, 2006, present the fair value of the investment in the common/collective trust as well as the adjustment of the investment in the common/collective trust from fair value to contract value relating to investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTE C INVESTMENTS

The following investments represent 5% or more of the Plan's net assets:

	2007	2006
American Funds Washington Mutual Investors Fund	\$4,094,995	\$4,091,657
Blackrock Value Opportunities Fund	2,963,466	2,983,507
Blackrock Basic Value Fund	2,709,228	2,767,712
American Funds Euro Pacific Growth Fund	2,751,288	2,325,527
ML Retirement Preservation Trust**	2,052,040	1,176,697
American Funds Bond Fund of America	1,621,362	1,414,285
Blackrock Fundamental Growth Fund	1,517,985	1,183,689
Blackrock Small/Mid Cap Growth Fund	1,472,550	1,225,988

** The fair values of the fund were \$2,033,572 and \$1,154,765 at December 31, 2007 and 2006, respectively.

NOTE C INVESTMENTS (continued)

During 2007, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

Common stock	\$ 60,634
Registered mutual funds	(695,058)
	\$ (634,424)

NOTE D TAX STATUS

The Internal Revenue Service has determined and informed the Company, which uses the Prototype Plan (FFN: 50339810002-004), by a letter dated June 4, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE E PRIORITIES UPON TERMINATION OF THE PLAN

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100% vested in their accounts.

NOTE F PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments held during the years ended December 31, 2007 and 2006 include shares of the Company's common stock and shares of mutual funds managed by the Trustee and therefore, these transactions qualify as party-in-interest transactions. No fees were paid by the Plan in 2007 for investment management services.

NOTE G RECONCILIATION TO FORM 5500

As of December 31, 2007, the Plan invests in a common/collective trust that is included in net assets available for plan benefits at contract value, but is stated at fair value in the Plan's Form 5500.

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 as of December 31, 2007:

Net assets available for plan benefits per the financial statements	\$ 24,392,675
Less: Adjustment from contract value to fair value for fully benefit-responsive investment contracts	(18,468)
Net assets available for plan benefits per the Form 5500	\$ 24,374,207

NOTE G RECONCILIATION TO FORM 5500 (continued)

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 as of December 31, 2006:

Net assets available for plan benefits per the financial statements	\$ 21,611,230
Less: Accrued benefit payments	(6,030)
Less: Adjustment from contract value to fair value for fully benefit-responsive investment contracts	(21,932)
Net assets available for plan benefits per the Form 5500	\$ 21,583,268

The following is a reconciliation of total additions per the statement of changes in net assets available for plan benefits to total income on the Form 5500 for the year ended December 31, 2007:

Total additions per the financial statements	\$ 5,254,484
Add: Classification of corrective distributions	50,378
Add: Net adjustment from contract value to fair value for fully-benefit responsive investment contracts	3,464
Less: Classification of depreciation of fair value of investments	(634,424)
Total income per the Form 5500	\$ 4,673,902

The following is a reconciliation of total deductions per the statement of changes in net assets available for plan benefits to total expenses on the Form 5500 for the year ended December 31, 2007:

Total deductions per the financial statements	\$ 2,473,039
Add: Classification of corrective distributions	50,378
Less: Classification of depreciation of fair value of investments	(634,424)
Less: Benefit payments accrued in 2006 on the Form 5500	(6,030)
Total deductions per the Form 5500	\$ 1,882,963
